CROP Plans in County Begin

A miniature Christian Rural Overseas Program (CROP) train symbolizing the farm products to be sent to overseas hungry from Charlevoix County has been assembled in Charlevoix.

"A boxcar from this miniature train will be sent to the state CROP office, Lansing when the county completes each railroad carload," said John Rosquist, County CROP Chairman went on to explain that there the tiny boxcar, carrying the County's name will be joined with other miniature boxcars from counties all over the state, making one great state CROP Friendship Food Train, representing Michigan's goal of many carloads.

"Later," John added, "the symbolic trains from states all over America will be joined into one spectacularly long National CROP Friendship Food Train. Then the National Train will be re-assembled into shorter trains. These will be sent to church agencies of Catholic Rural Life, Church World Service and Lutheran World Relief which will distribute Charlevoix County's food according to our donor's church designation.

The Charlevoix County's farm commodities will be distributed to the hungry, aged, orphaned and refugees in Europe, Asia and Middle East. It is distributed only with church supervision and without regard to race, creed or nationality.

All township committees have not been completed.

Four Detroit Nimrods Hunt in Local Area

Four Detroit sportsmen who flew to Charlevoix Saturday for two days of the doe season returned late Sunday without having filled their licenses but all four reported a fine two days of hunting.

The Beech Bonanza was piloted by Carl Haskins and Gregory Pillon with Dr. David Burnham and Andrew Fulton as passengers. While here the visited the latter's brother-in-law, Louis O'Neil and Mrs. O'Neil.

New Color for Canvas

With special canvas paints that are now on the market it is possible to renew faded awnings and garden umbrellas. Such a coating keeps them from mildewing and is water repellent.

Non-Partisan News Letter

Lansing Observer for
Michigan Press Association

Tuition fees and other charges paid by students at the University of Michigan and Michigan State College have doubled in recent years. Whereas students paid 20 percent of the U of Mln many years is the state park operating cost in 1929 students today pay louble that amount—40 percent, said Dr. Alexander G. Ruthven, president of the University of Michigan, in a conference with Governor G. Mennen Williams at Lansing. Dr. John A. Hannah, head of MSC, pointed out that Michigan colleges are now competing with other agencies for state aid in a way which did not exist a few years ago. The result is that state legislatures have been increasingly reluctant to appropriate funds for colleges in amounts needed to finance higher education adequately. If college fees are increased further, only privileged groups will have advantages of higher education, the college presidents warned.

One ofthe best things to hit the Michigan conservation movement many years is the state park work program performed by inmates from Michigan prisons. A ski run and winter sports improvements are being completed at the Porcupine Mountain State Park near Ontonagon. Construction work is being pushed also at the Tahquamenon State Park in the Upper Peninsula. Two state recreation areas are being benefited by work programs: Pontiac Lake area and Waterloo recreational area, both in southern Michigan.

Kim Sigler, still carefree and an aviation enthusiast, is not a possible candidate for republican nomination of governor in 1950. Interviewed recently by reporters, Sigler replied: "Why should I run fnr public office? I'm 55, having a good time and free to take any law case I want or fly my plane where I want, when I want." Sigler recommended that republicans make an issue of the C. I. O. "contrnl" of the state democratic party.

Michigan farmers have completed in recent weeks the largest harvest of cnrn, oats and barley-all feed grains- on record in the state. The farm crop was 26 per cent above 1948 and 21 percent higher than the previous record crop in 1042. October harvesting weather was nearly perfect.

It will cost you 12½ percent more to travel on eastern railroads as result of a rate increase granted at Washington. This increase has been necessary because of higher wages and other operating costs, it is explained.

The 1949 Michigan apple crop is 72 percent above average with an estimated production of 11,735,000 bushels. All fruit production was 46 percent above an 10 year average.

Louis M. Nims, ommissioner of the State Department of Revenue, announces that state revenue collection for October 1949, brought an increase of $1,982,015.07 nver October, 1948 The retail sales tax increase was over $300,000. The utilities tax brought an increase of $1,500,000. The total tax collected by the department for the current fiscal year shows an increase of $302,230.19 over the same period in 1048.

"Forced saving plan" - such is the verdict of . E. Wilson, President of General Motors Corporation, with reference to company paid pensions won by C. I. O. from Ford Motor Company, U. S. Steel Corporation, and other big business concerns. Wilson calls for an end to "shotgun bargaining methods" and favored "adequate federal pensions operated on a sound basis."

State department heads have requested legislative appropriations in 1950 of nearly $100,000,000 above amounts appropriated for the current fiscal year ending June 30, 1050. Comment by Governor Williams: "We will unquestionably need new revenues to operate at present levels." Robert F. Steadman, State Controller, has been asked to wield a sharp axe on budget requests for more money.

More self-reliance by farm people to solve their own health problems on a local community basis was recommended by panel speakers at the Third Michigan Rural Health Conference sponsored by the Michigan State Medical Society. Authorities agreed that "there is too much reliance placed on the federal government" to remedy rural health conditions.

Reflecting the jittery thinking of many citizens about atomic warfare was a recent news report that salt mines beneath Detroit offered an ideal refuge for munitions plants; a recent article in Colliers that Detroit was the number one target for atomic bomb attack if and when war developed with Russia. What next?

"Pioneer"

The 98-year-old wood burning locomotive "Pioneer," highly treasured for its early speed records and participation in the Civil war, was built in 1851 by Seth Wilmerth of Boston for the Cumberland Valley railroad, now part of the Pennsylvania railroad. The locomotive frequently attained a speed of 60 miles an hour.

Do you remember back a few years, to the days when you were a small boy or girl just beginning a new school year? Do you remember the fun you had, getting acquainted all over again with your classmates? Can you recall the excitement of hurrying home for lunch—with two or three other "kids" who lived near you. Do you remember the way you used to dash out of school at night—to hurry to the park or playground for a game of ball?

Think back a few seconds . . . . do you recall STOPPING to look and listen before you crossed the street? Did you do it every time? If you answer honestly, that reply will be "No".

And that's why it's time for every grown-up to take stock of your present safety habits, especially when you're driving an automobile. Because you remember how easy it was—back in your school days—to forget the safety lessons taught by teachers and parents, it's up to you to be doubly careful *now*—to make up for the careless, heedlessness of the youngsters.

Drive carefully *every second* you're behind the wheel! Be especially careful near schools . . . at school crossings . . . near the parks and playgrounds where the youngsters spend their time. Don't let the school year begin with TRAGEDY—keep Michigan's school children safe from the horrible accidents that mean DEATH and INJURY. Drive safely and protect our children!

Gov. Williams Aids Christmas Seal Sale

Whirring wings carry Christmas Seal greetings from Governor Williams and his children. Hundreds of homing pigeons from throughout the state are released at Lansing to bear Christmas tidings to Michigan people. The Governor's children, Nancy, Wendy and Gery, laugh in delight as the first "Christmas Seal Messenger" flies into the air.

Red Rayders Tangle With Harbor Springs, Boyne City

Notching its second victory of the cage season when it defeated Pellston, the local team faces a busy schedule in the next week, playing host to Harbor Springs tomorrow night and then tackling Boyne City next Tuesday.

Harbor Springs got off to a poor start, losing both of its games. Boyne City, Charlevoix's county rival, showed much better form against Grayling last week after falling victim to East Jordan in the season's opener.

Boyne City has possibly the tallest team in the conference. Frank Shaler, Ted Mason and Dan Peck are rapidly working into a formidable unit for Boyne City which may mean trouble for the Rayders.

The Charlevoix team looked much improved in its win over Pellston, Coach Ray Kipke reported. But he is quick to admit that the team will have to play heads up ball if it is going to win most of its games.

C'mon Rayders let's really get down to business and play the brand of ball so characteristic of Charlevoix teams.

Recover Truck After Plunging into River

Walter Moore is again driving his 1932 Ford panel truck after it was recovered from Pine River Sunday morning. The vehicle, which Mr. Moore took to work each day at the Argo Milling Co., was recovered from Pine River on River St. when something caused it to roll into the river west of the bridge about 4 p. m. Saturday. He had placed tools in the car and returned five minutes later to find the car gone.

A rope was secured to the car late Saturday by the Coast Guard and it was tied to the bridge until Sunday when it was recovered by the Auto Electric power winch.

Water had done some damage to the cushions but otherwise the car was in good order and few hours later it was running.

City Joins Forces On Safety Drive

The City of Charlevoix has joined forces with the Michigan State Safety Commission in conducting a state-wide traffic accident prevention program during the month of December according to Chief Heise. "It is called 'Holiday Hazards' and will concentrate on the greatest single holiday hazard, that of driving after drinking", he said.

The official slogan of the program will be "Drunk Drivers Lose Their Licenses". This is appropriate because over 50,000 have lost their licenses under the mandatory provisions of the State law, this is at the rate of over 5,000 per year.

Chief Heise stated that the month of December is the most fatal month in the year—195 people were killed last December. He emphasized the fact that drunk drivers are involved in far too many accidents. A study made by the Michigan State Police showed that during the critical hours between midnight and 3:00 a. m., 1 out of 7 drivers involved in fatal accidents were reported as "under the influence"; 4 out of 10 were reported as "had been drinking" and, 1 out of 2 of these accidents involved one or more "had been drinking" drivers.

It showed that last year in Michigan, 20% of the drivers involved in fatal accidents were reported as "had been drinking". Another study showed that the drivers, who are definitely "under the influence" of alcohol, those with as little as .15% or more blood-alcohol-concentration, are 55 times more likely to become involved in injury accidents than non-drinking drivers.

Sorority Seeking Clothes for Needy

The Beta Sigma Phi sorority is asking for clothing for boys and girls from the ages of one year through 14 years to be distributed to the needy children in the community. Roy G. Gregory, welfare director, has told the group that at least 18 children are badly in need of clothing. The sorority has offered to help in the project by collecting the clothing, repairing it and distributing it.

If anyone has any articles at all they would be appreciated. The clothing may be left with Herb Schofield at Brown Motors or call Edith Olach at 599 and arrangements will be made to pick up any donations.

If people have any toys the sorority members would also appreciate those to be distributed at Christmas time.

Charlevoix Really Supports Its Team

When people in northern Michigan point to Charlevoix as being the most sports-minded in the region, they are certainly stating the truth.

The game at Pellston was another shining example of how residents here support their basketball as well as other teams. It was reported that many Pellston fans could not get into their gymnasium because there were so many Charlevoix people in the stands.

From many sides, we hear that there were nearly as many Charlevoix fans attending the game as there were from Pellston. This was not the only evidence of support, however. We recall at Gaylord where Charlevoix grid fans outnumbered the Gaylord students and fans.

Many schools are envious of the traditions of Charlevoix in recent years when this town has gone all-out to support their teams. Other schools report small attendance for many of their athletic games.

Charlevoix has been a good drawing card at home as well as away from the town. That support of the teams and Coach Ray Kipke and his aides is worth a great deal. The boys enter their games with the idea that their community and its residents are solidly behind them

Perhaps the long string of victories has been a contributing factor in making residents more aware of their athletic teams. But we like to think that Charlevoix would support a losing team equally as well.

Hats off to Charlevoix—the best sports town in northern Michigan.

Worldwide Reading of Bible Is Gaining

Worldwide simultaneous Bible reading, such as observed between December 1, and Christmas each year, grew out of a letter written in 1944 by a Marine on Guadalcanal to his mother in Philadelphia asking the family to read at home the same passages of scripture he would be reading in the Pacific, thus bringing about a spiritual union.

The plan was adopted that year as a nation-wide program in which all Christians could participate. The next year it became a world-wide program spontaneously.

Each year the program has grown in popularity and many millions have annually been added to the numbers of Christian people of all faiths in the program.

According to Gallup polls, 64 per cent of the people in this country read the Bible more or less regularly. Those who have not participated in the world-wide program in years past are being urged to do so this year.

Following are the passages that will be read. Clip them out and place them in your Bible as your book mark.

Thursday	John 3:1-17
Friday	I Thessalonians 5:12-28
Saturday	Mark 4:1-20

Grandma's Remedies Winning Support

Grandma, brewing homespun remedies over the old kitchen coal range, has been regarded as a comical figure by her twentieth century offspring. But the boys in the laboratories tell us that it's time to stop laughing.

Present day scientists are coming around to the belief that the old gal was, after all, a pretty smart doctor. Her mullein tea was brimming with vitamins; the woolen sock she put around a sore throat helped keep the inflamed area warm and thus hastened recovery; her fiery mustard plaster was even hotter than today's sun lamps; it would be difficult to find anything to surpass her boneset tea in its diaphoretic (perspiration inducing) qualities.

The doctor never questioned quinine as a preventative and cure for the "shakes" (malaria) but they were pretty skeptical about her use of it as a standard remedy for other ailments — particularly colds and muscle cramps.

Recently, however, Drs. H. K. Moss and L. G. Herrman reported in the American Heart Journal that quinine in small dosages stimulates circulation by increasing power of the heartbeat and raising the blood pressure. This speedily removes waste products which cause the cramps.

And now there's a lot of talk couched in ninety-cent words about "basal metabolism" and "antibodies" which boils down to a growing suspicion that, while quinine does not kill the cold virus, it does somehow condition the body to throw off infections more quickly.

Five League Players Win Football Honors

Five players in the Northern Michigan Class C conference were given honorable mention on the Detroit Free Press All-State football team announced this week by Hal Schram, sprtswriter for the publication.

They are Charles Fairbanks, a Charlevoix junior, in the end position; Leo Shawanessee, Harbor Springs senior, center; Al Chanda, East Jordan senior, tackle; Don Cutler, East Jordan senior and Bill Worden, Grayling junior, backs.

The men selected from among players throughout the whole state and in all classes.

Postoffice Appeals For Early Mailings

Christmas card senders are reminded that all unsealed Christmas cards now require two-cents stamps. They can no longer be mailed with one and a half cent stamps. They ure also reminded that envelopes with such postage cannot be forwarded.

The local postoffice asks that all packages going out of town be mailed no later than December 15 and if they are going any distance they should be mailed at once.

All packages should be mailed before noon in order to leave the local postoffice the day they are mailed. With the new train schedule northbound first class mail must be in by 12:30 p. m. and southbound mail by 2:15 p. m.

Although the postoffice will not be open the afternoon of December 24, all mail will be delivered before the carriers are through for the day.

ees in Charlevoix County Are Being Voted on Until December 23

Ballots containing the names of candidates for the elective positions of community PMA committeemen to serve during 1950 are now in the hands of all eligible farmer-voters in Charlevoix County, according to LeRoy Hardy, chairman of the Charlevoix County PMA committee.

The ballots which were mailed to all eligible voters following a series of township meetings, also contain the names of candidates for the positions of delegate and alternate delegate to the county PMA convention to be held on December 30 at which time the county PMA committee will be elected for 1950. This year for the first time, the wife of an eligible voter may also vote, therefore two ballots are enclosed for each farm on the eligibility list.

Mr. Hardy said that farmers may return their ballots either by mail or in person to the county PMA office any time between Nov. 25 and Dec. 23. The ballots will be counted by an impartial election board on December 23.

The candidates for each position are listed by townships:

Efficient Breading In The Dairy Herd.

If you are having trouble getting cows in your dairy herd with calf, make sure the herd sire is fertile if you are breeding. If yu are breeding artifically and other members of the ABA are geeting good results, the inseminating material and technique must be al right. The trouble comes down to the cows and your herd management. In that case, use this check list provided by George Parsons, Michigan State College extension dairyman:

Keep some simple records of freshening dates, calving dates, heat dates, and service dates. If anythiny irrefular happens write it down. Then in case veterinary service is needed you will have some helpful information.

Turn the cows out twice daily and watch for heat symptoms. Watch especially for heat symptoms when you go into the barn in the morning. The idea is to provide service at the gest time for conception, which is late in the heat period. If you notice a cow in heat in the morning at milsing time, she shoud he pred late in the afternoon. If noticed in the evening, greed her the forenoon of the next day.

Do not breed ews until they have been fresh at least 60 days. If a cow does not conceive in theli first three services, skip one or two heat periods. A sexnal rest will often aid conception.

Be sure that heifers are well-grown, healthy, and strong before breeding, and rememger that they are usuallp more difficult to settle than a mature cow.

Rely on your veterinarian's hel in times of difficnlty and call on him right aay in the event Bangs disease, vaginitis, cervicitis or any other disease strikes your herd.

Clipping:

Clipping dairy cows now that they are spending more time in the barn is a good management practice Flanks, udder, belly and tail are often sources of bacteria that get mto milk and lwer quality. Clipping aids in keeping the herd clean and free from dirt, chaff, and foreign matter.

Sharp blades with the proper tension are needed for the job, the dairymen say. Coreful strokes will result in a clean job that yill he a big improvement to the herd and the qualit of mils produced.

Customers' Corner

The anti-trust lawyers, who want to put A&P out of business, don't like our low price policy. They say we use it to drive competitors out of business.

Actually, as every customer knows, our low price policy is designed to do just one thing: Give you more good food for your money.

Here are the facts about our low price policy:

1. We keep our profits at a minimum. They averaged less than 1½ cents on each dollar of sales during the past five years.
2. We have for years had a strict policy against below-cost selling.
3. We do not have any "Weekend Specials", but feature low prices the whole week long.
4. We charge the lowest practical prices everywhere we operate.

That is why we say, "Regardless of where you live, you will save money week in and week out by doing all your shopping at A&P".

Independents, Alumni Win Cage Games

A whirlwind finish enabled the alumni to defeat the Charlevoix Red Rayders here Tuesday night, 39-31, in the first half of a cage doubleheader.

In the other game, the Independents tripped the St. Ignace team 58-56 in thrilling fashion. A small crowd witnessed the games. Half of the net proceeds went to the new hospital fund.

G. Hardy who played a whale of a game for the alumni was high point man with nine field goals, five of which came in the last period. In all fairness, the game was a good one to watch and the high school team made a game of it all the way despite the stars of former years.

The alumni were off to an early lead on baskets by L. Brown, G. Hardy and Chick Gallaghar and led at the first quarter 8 to 6. At the half, it was 16-14 in favor of the high school team. Bill Wallace led his team with eight points.

The Rayders tied it up 25 all at the end of the third period and it looked like they were going to stage one of their last minute rallies but this time it was the opposition that rallied. Five baskets by G. Harry, one by Gallagher and Bill Carey completed the scoring for the winners.

After trailing for three periods, the Independents really rolled in the last stanza, hooping in 19 points while holding the rivals to 12. Dan Devine of East Jordan and Ace Zographos of Petoskey teamed up in this rally to score 10 points between them.

The score by quarters was 14-16, 22-23, 39-44 and 58-56. Devine led his team with 12 points, Bill Carey had nine, Don Carey, eight, Zographos, eight, Gallagher and Edson, six each, Swanson, four, L. Brown, three and Lusk two.

Ray Swartz of St. Ignace was the big gun for the losers, scoring 23 points.

In the alumni-high school game the scoring was as follows, Wallace, nine, D. Smith, five, R. Cunningham, five, D. Hardy, four, C. Fairbanks, three, Bowman, three and Donaldson, two.

For the alumni, the scoring was: G. Hardy, 18, C. Gallagher, seven, B. Carey, seven, D. Carey, four, John Swanson, one. Pat Martin, Warren Shadko and Big Bergmann also played for the alumni.

Patterson - Dutcher Rites Solemnized

In a quiet ceremony solemnized at two o'clock Christmas Day, Helen M. Patterson of Detroit became the bride of John D. Dutcher, son of Mr. and Mrs. Dell Dutcher, of this city. The Rev. Gaylord D. Howell read the double ring service before a background of white pompoms at the home of the brides parents.

The bride selected a champagne winter white afternoon dress trimmed with gold sequins, brown accessories and a corsage of pink orchids for her wedding.

Mrs. Charles Morris Burke, of Detroit, as her only attendant, wore a burgundy gown, brown accessories and a corsage of white camellias.

Mr. Burke assisted the bridegroom as best man.

Mrs. Dutcher chose a light blue satin gown, black accessories and a corsage of pink roses for her son's wedding.

Immediately after the service a wedding dinner was held at the Argonne with places for fourteen laid at a table centered with a three tiered wedding cake, and decorated with pink roses and white tapers in crystal candelabra.

The couple will make its home at 5224 Maryland, Detroit, after a brief wedding trip at the Park Place Hotel in Traverse City. For traveling the bride wore an ice blue jersey suit and navy accessories.

Those from away who attended the weding were Miss Daisy Dutcher and Miss Clara Weideman, both of Detroit.

Hospital Group Hears Talk by Bellaire Medic

Dr. John Rogers of Bellaire, member of the state committee on hospital construction and surveys, discussed various phases of the proposed new hospital here at a meeting of the hospital group last Thursday.

He reaffirmed the previous announcement that the federal funds under the Hill-Burton act would provide about 55 percent of the total expensas involved in building a new hospital.

This means, he said, that as soon as the other 45 percent of the total is raised that plans will be rushed to completion. He pointed out that in other hospitals projects in the lower part of the states, building costs have been running about $10,000 per bed.

He added that there is nothing to prevent the using of the equipment in the present hospital if the local group so desires. This would reduce the cost considerably.

Dr. Rogers said that the state committee will do every thing in its power to assist the community in its planing. A state hospital official will visit here early next month to look over present drawings and plans for the new hospital.

He also reported that Charlevoix is getting on one of the higher percentages in federal assistance. Most areas are getting 45 percent although there are a few in the upper peninsula getting 69 percent.

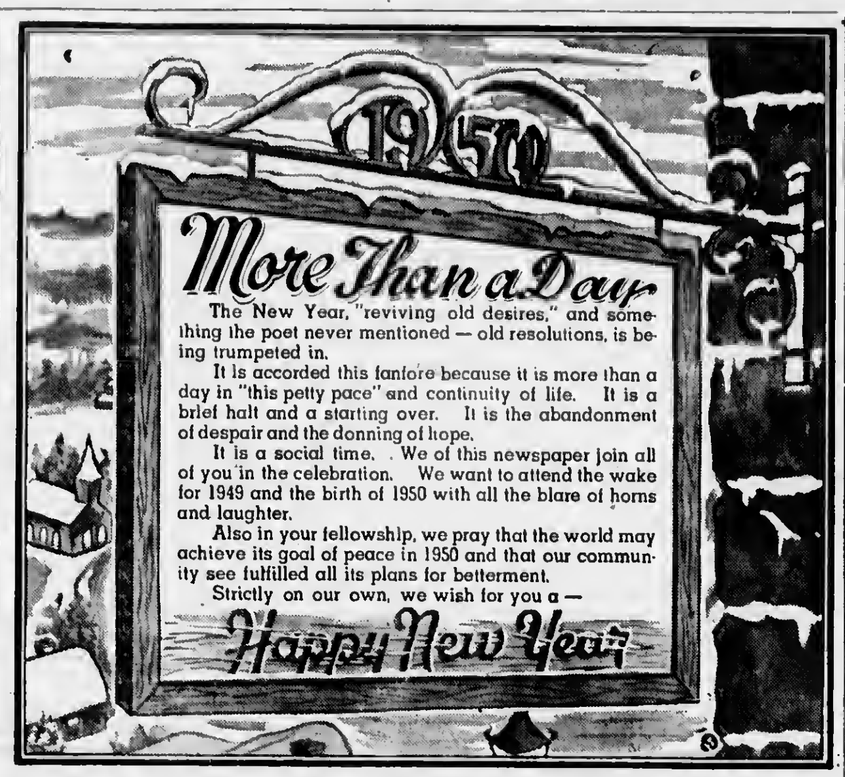
Dr. Rogers said that the amount of federal funds is changing from year to year as conditions change. He urged the hospital fund group to do thrir utmost within the next year in their drive. He estimated that the Hill-Burton funds will be available for the next four years.

E. B. Bowman Is Head Of Rod and Gun Club

E. B. Bowman was elected president of the Charlevoix Rod and Gun club at the regular election of officers last week. He succeeds Bonnie Nickerson.

Other new officers are: vice-president, Don Swinton; secretary, H. E. Fisher; treasurer, Elmer Barber; directors, Glenn Rose for two year term and Guy Scott, for a three year term.

On a unanimous motion, Bonnie Nickerson was made a life member of the club in recognition and appreciation of his services to the club.



Two Injured in Train Collision

Two teen-agers escaped with minor injuries last Friday afternoon when a southbound C. and O. passenger train struck their truck on the Vernon Mathews farm, south of Charlevoix.

Injured were Thelma Mathews, 15, and William Falting, 17. Both were treated at Charlevoix hospital. The boy was released Saturday and the girl a few hours after the accident. Both suffered varied head and face cuts in addition to shock and numerous bruises.

The slow moving train struck the rear of the truck in which they had loaded straw from a field across the tracks to a barn where their horses were kept. Sheriff Floyd Ikens said the truck was dragged about 40 to 50 feet. The truck was badly damaged.

The railroad tracks cut through the Mathews farm between the house and the barn. The fact that the train was barely getting underway prevented a more serious accident, authorities said. Police chief Clarence Heise also answered the call.

The engineer of the train was Robert Muschott and the conductor, Harry Lense, both of Grand Rapids.

Garden Club Awards Top Decoration Prizes

The Charlevoix Garden Club awarded prizes to Dr. and Mrs. G. B. Saltonstall and Mr. and Mrs. Ralph Hamilton for their Christmas decorations in the annual contest sponsored by the club. The judges toured the city Saturday evening and anounced the winners.

Others in the first division which included all residences north of Clinton st. were Karl Kohler, Mrs. Robert McClure, Robert S. McClintock, Joe Arvilla, Ted Foster, Claude Davy and C. F. Wood, who were all given honorable mention. In the second division south of Clinton st. H. I. Ochs, C. H. Sternberg, W. H. Wallace, Glenn See, F. R. Bulow, Mrs. Lehman and Lee Allard were also mentioned.

Rites Held Monday For Minnie Cooper

Funeral services for Miss Minnie Cooper, 78, who died Monday at her Clinton st. home, were held at See Funeral home Wednesday with the Rev. Gaylord D. Howell officiating. Burial was in the Brookside cemetery. She had been in failing health for several years.

Born near Lowell, Mich., July 15, 1871, Miss Cooper came to this community with her family about 1880. The family first resided on a farm in Charlevoix township before moving to the present family home on Clinton st. At one time she had been a milliner and a dressmaker but had remained at home to care for members of her family. She had been a member of the Rebekah and Maccabee lodges.

Surviving are one sister, Mrs. Mary Fessenden, of Charlevoix and several nieces and nephews.

McPhillips Given Air Mail Contract

The McPhillips Flying Service, operated by Mr. and Mrs. Joe McPhillips, has been awarded the Beaver Island airmail contract, it was announced last week by Postmaster J. M. Foster. The contract will start January 1, 1950 and run for a period of two years. This is the first two year contract awarded.

The mail and passenger will be carried via air starting about Jan. 1 and until April 1 or until such time as the North Shore of the Beaver Island Transit Co. can resume its regular runs. The plan will make a minimum of three trips weekly with mail. They will also carry passengers and other freight and express.

The Service has three planes which can be used on the run.

Mr. Bingham Better

Charlevoix hospital attendants reported late Wednesday that the condition of Harry Bingham was slightly unproved. However, he is not allowed visitors. Mr. Bingham was taken ill Dec. 15.

Petoskey Is Sixth Victim For Rayder '5'

A strong second half surge carried Charlevoix eagers to their sixth victory of the season last Tuesday over Petoskey. The final score was 38-24.

Exhibiting the same tactics as in most of the other games this year, the Red Rayders trailed at the half, 14-12. Chuck Fairbanks was high point man with 16 and Bill Wallace had 12. Don Hardy who has been showing steady improvement scored nine. The play of Dwight Smith was again outstanding. Bill Barber, Donaldson and Ron Cunningham also saw action.

In the second team game the Charlevoix reserves kept their perfect record by defeating the Northmen seconds 28-26 in a close-fought contest.

In this game, the Petoskey seconds held the advantage in the third quarter and maintained it until the final three minutes. Freezing tactics failed to work for the Northmen as the Rayders broke up the passing and obtained free throws besides. While holding the losers, the locals dropped in two goals and a free throw to keep their record intact. Chuck Krahnke and Norm Ketchman each had seven. D. Davenport had six and D. Boss five and Barber three.

Trail at Half

In the first team game, Charlevoix had a narrow lead at the quarter, 5-4 but trailed at halftime, 14-12. Showing a reversal of form, the Rayders stormed the Northmen breaking up their passing offensive time and time again. The locals led 24-20 at the three-quarter mark and pulled away in the final stanza.

Congregators Keep Busy Helping Santa

Congregators were busy last week helping Santa Claus in meetings Tuesday and Wednesday night at the Congregational church and assisting him with deliveries on the day before Christmas.

Next meeting is Wednesday night, January 4, when Mr. and Mrs. Charles Bleha and Mr. and Mrs. Uno Suomela will be hosts. Construction of a ping-pong table is next on the program for the evening.

Volleyball Play to Be Resumed Here Jan. 4

Play in the city volleyball league will be resumed Wednesday Jan. 4, with the same schedule set up for the opening week.

Living Cost Decrease, Smaller Farm Income Predicted by Babson

By Roger W. Babson

The total volume of business for 1950 will be less than that of 1949, due primarily to the unfortunate labor conflicts. Considering that the innocent consumer will be the chief sufferer and will be obliged to pay the bills, it seems too bad that labor troubles should upset the applecart.

Labor Outlook

Even with all the threats, there will be few wage increases during 1950. On the other hand, all labor negotiations take the minds of both the employes and the management off their regular business. However these negotiations come out, they result in a loss from the standpoint of the country as a whole.

There will be fewer strikes in 1950 than in 1949, but there will not be fewer negotiations which are very expensive in themselves.

The Taft-Hartley Law will continue to stand through 1950, although many schemes for detouring this law will be devised.

The great drive against the big companies will be for pensions and/or for sick and other benefits. These will probably be helpful to the wageworkers and may aid in ironing out the business cycle, but they will be paid for by consumers.

It is hoped that all parties will begin to realize during 1950 that the real road to national progress is through increasing production and greater efficiency. This is the bright light we see in the labor situation.

Commodity Prices

Movements in commodity prices during 1950 will vary with different groups of industries and of products, but altogether there will be a general lowering during 1950.

We, therefore, advise going easy on inventories. 1950 is a time to get out of debt and stay out of debt. Speculation in commodities should be discouraged in 1950.

We believe that the cost of living idex has turned down for the present The average for 1950 will be less than for 1949.

Practically all retail prices will average less in 1950 than in 1949, notwithstanding the excess of money mentioned under 27-28 and 29 below.

Farm Outlook

The total farm income for 1950 should be less than that of 1949, which means lower prices on the average for wheat, corn, pork, poultry eggs and certain dairy products. Farmers should diversify more in 1950, get out of debt and put their surplus money into savings, in preparation for the next crop failure.

The supply of certain canned vegetables and fruits (except citrus) should be greater during 1950 than at the same time during 1949. The prices of these products should fall off, baring some weather, insect or blight catastrophe.

Poultry and dairy products will especially increase in volume during 1950 with prices averaging less than in 1949.

Farmers will continue to work to hold present subsidies. It is popular to criticise the vast amount of crops which the Government owns or is making loans on, but this surplus in storage may be a great blessing when the next crop failure or war comes.

Taxes

The Federal Budget will be increased during 1950 over that for 1949.

Over-all Federal taxes will not be increased during 1950 and there may even be some readjustments to encourage venture capital. Moreover, some of the nuisance taxes may be eliminated or reduced.

The long-term capital gains tax of 25% will remain unchanged.

There will be many increases in local and state taxes, and more reaching for relief by "sales" taxes or other forms of raising needed funds.

Goods on counters will be of better grade in 1950 than they were in 1949.

Retail Trade

Markdown sales will continue during 1950 as consumer spending slackens due to a decline in employment and other factors.

The dollar value of all retail sales in 1950 will be moderately down [illegible], and the unit volume of all sales will also be less than in 1949.

Less will be spent on new building and equipment by stores and factories during 1950.

Foreign Trade

Our exports will be down during 1950 and our imports will be up during 1950,—comparing both with 1949. This will partly be accounted for by the devaluation of the English pound and other foreign currencies.

These credits will continue to be granted during 1950, but some of these will be direct by American business firms and investors. If our Government will get foreign governments to agree that such investments will be exempt from any new tax or other legislation by the foreign country in which the investments are made, considerable progress would be noticeable along foreign trade channels.

American interests will have more competition from foreign producers of raw materials and of manufactured goods during 1950 than they had during 1949. This will benefit some American concerns, but be harmful to others.

Fear of war with Russia will continue during 1950. World War III will come sometime; but it will not start during 1950. Those in large vulnerable cities should use these years of peace to get some small farm or country home to which they can go in case of war. Such places will be almost unobtainable when war actually comes.

Deficit Financing

The supply of money will be increased during 1950, but the price of Government bonds will not change much one way or the other during 1950.

In addition to the anticipated Federal deficit the $3,000,000,000 being distributed as insurance refunds to veterans will be mostly spent.

Congress will not change the price of gold during 1950.

Stock Market

Most stocks will work up and down in about the same range during 1950 as during 1949.

Stocks of companies with assets mostly in natural resources known as inflation stocks, should have the greatest demand.

There will be more investment buying for income during 1950 and utilities and companies making labor saving machinery may be more popular than other industrials or railroads.

The wisest investors will keep a fair amount of their funds liquid throughout 1950 pending the great break in stock prices which will come someday.

Farm, Business Levels to Fall Somewhat

As the year 1949 draws to a close, one hears more and more of the prospects of business next year.

There is considerable division of opinion as to what the business prospects will be for the next 12 months. Some financial leaders point to the theory that the next year will be a good business year, as good and perhaps a little better than 1949.

There are many, however, who take the opposite view. These prophets say that there will be a general weakening of markets in general with business settling at a lower mark than was the case last year.

Little has been said about the possibility of the farmers prospects. According to Michigan State College agricultural experts, business has bounced back from a downward slide, but that the current upturn is only temporary.

They say consumer spending will be less, causing a further moderate weakening of demand for farm products. Agriculture exports are declining, but the ECA program will protect farmers against the full effect of a lesser foreign demand against the recent devaluation.

Nearly all the measures of economic activity have declined from their postwar peaks in 1948, and probably will decline somewhat in 1950. MSC authorities say farmer prices will fall faster than the prices of things that farmers buy.

On the other hand, it is generally recognized that the 90 percent of parity, continued by Congress in its last session, will keep prices from falling too far. In many instances farm prices have remained above parity and have needed no price supports. This has not been true with potatoes, eggs and some other items. But so far as livestock prices are concerned, if these go to parity, the movement will be down instead of upward.

But even with lower prices to farmers, it does not mean much reduction in final food costs to the consumer in the city. For the costs of transportation from the farm to the processor or to the retail market are fixed. There will be no corresponding cut in labor costs which are necessary to convert farm produce into food.

A good example of that is bread. Raw wheat has been declining for quite some time. And yet bread and other flour products have dropped very little. Bakers and processors say that the cost of wheat has little to do with the final cost of their product, chiefly because of labor, transportation, taxes and other factors.

It seems safe to predict that there will not be much of a cut in taxes for next year which greatly influence final pricing of merchandise. Some predict the opposite, an increase in taxes.

One thing is certain above all predictions—to return to normalcy taxes will have to be reduced to give farmers and businessmen, industries needed relief.

Letter to the Editor

It is a rare circumstance indeed to experience the love of a happy mother to her son expressed so thoughtfully as the mother of East Jordan's Rev. Howard Moore has extended to him.

When Rev. Moore's father died a few months ago, his widow felt that Rev. Moore should receive the benefit of his father's beautiful ring. But the very practical mother has realized for many years how difficult and exacting the demands upon a minister's time and energy are. She knew that without a good automobile, even though it is small, it is almost impossible for her son to get to the three churches which he serves in the East Jordan area, on time and physically fit.

So the loyal mother insisted that her late husband's ring be used by Rev. Moore as part payment for the new car so much needed. Rev. Moore has done us his mother wished and his new automobile relieves him of worry and embarassment in is considerable necessary travel.

The many ardent friends of Rev. and Mrs. Moore are rejoicing with them because now the many kind words and deeds which the greatly loved couple have so often expressed, can be multiplied and enriched in renewed helpful service.

Kiwanis Gives Funds To Santa Claus Group

The Kiwanis club voted to contribute to the Santa Claus anonymous at its meeting Dec. 19.

Ralph Hamilton, club secretary, who attended a meeting of accountants in Grand Rapids recently, pointed out that merchants must file an annual sales tax report, beginning Jan. 1.

Other highlights of his talk included the fact that social security taxes advance to 1½ percent for employee and employer starting Jan. 1 and that the sales tax department has been told it has six years in which to audit a merchant's books before having the account outlawed by the courts.

Sam Hamilton played several selections on the accordian. The club paid tribute to its retiring president, Clarence B. Meggison. He thanked the club members for their co-operation in the last 12 months.

Wins F. I. Letter

Don Brown of Charlevoix was among the 32 members of the Ferris Institute football team of this fall to be awarded a major football letter. He came to Ferris last fall and made good his first season with the Bulldogs.

A freshman in the College of Commerce, Brown won a backfield position and according to coach Robert Sherman, will be a regular starter next season, doing some fine work on both defense and offense.

A Tonic For The Missus

The missus came marching in with a new hat yesterday. She was as happy as a circus poster.

I've learned one thing about the hats she buys. A hat is a tonic to her. If she's feeling blue, nothing gives her a lift like a new hat. Now, I could trade in my old grey fedora without raising my blood pressure a notch. But I'll admit that more than once I've bought a new briar pipe I didn't need—just because life was getting a little bit monotonous.

With Buck Rowell it's something else again. When Buck is feeling low, he gets over it by blowing on a broken-down clarinet he hasn't mastered in twenty years.

From where I sit, different people are *always* going to respond to different things in different ways. So let's keep a friendly understanding of what other folks get out of a new hat, an old clarinet, a chocolate soda or a temperate glass of sparkling beer or ale now and then.

Ford TRACTOR

Ford Tractors IN THIS COMMUNITY!!!

There must be reasons and here they are

POWER

Talk about power . . . ask for a demonstration on your own farm—see how the Ford Tractor handles a 12" or 14" two-bottom plow. This power is available through a four-speed forward transmission.

ECONOMY

Weight and traction are added to the Ford Tractor through the implements it carries. No need for excess built-in weight in the tractor itself. This saves you money on both light and heavy jobs!

LONG LIFE

Treat the Ford Tractor right and it will "stay with you" a long while. Part tolerances are very close . . . and the Ford Motor Company knows how to keep them that way!

EASY HANDLING

Ford Tractor Hydraulic Touch Control takes the hard work out of manipulating implements. Automotive type steering and duo-servo brakes make the Ford Tractor an easy Tractor to handle.

CONVENIENT SERVICING

The Ford Tractor is a convenient tractor to service and overhaul. Parts are reasonable. What's more, our mechanics are specially trained to work on Ford Tractors.

Darlene Holecheck Weds Donald Burke

Darlene Holecheck, daughter of Mr. and Mrs. Glenn Holecheck, became the bride of private first class Donald K. Burke, U. S. Army Air Forces, son of Mrs. Jewell Redman of Ferndale and Edmund Burke of Detroit at a quiet ceremony solemnized at 2:30 p. m. Dec. 19 at the parsonage of the East Jordan Methodist church. The Rev. Howard Moore read the service before a background of winter flowers in the presence of relatives and a few friends.

The bride selected a gray silk afternoon dress, black accessories and a corsage of white roses for her wedding.

Mrs. Kenneth Empey, her only attendant wore a forest green dress, black accessories and a corsage of yellow roses.

Don Holecheck, brother of the bride was best man.

Immediately after the service a wedding dinner was served at the home of the bride's parents. A tiered wedding cake and lighted tapers decorated the dinner table.

The couple left on a brief wedding trip through northern Michigan and will return here for a few days before going to East St. Louis, Ill., where they will make their home.

The bride is a graduate of the Ellsworth high school. The bridegroom, a graduate of the Charlevoix high school, has completed basic training at Lackland Air Force Base, San Antonio, Tex., and has been transferred to Scott Field, Ill.

New Pastor Honored At Barnard Event

More than 100 members of the Barnard Reformed church and their guests gathered recently at the church dining room for a reception honoring their new pastor, Rev. Joseph Bekkering, his wife and two children.

Followng the dinner served by the ladies of the church, a program was presented and included an address of welcome by John L. Boss, a response by Rev. Bekkering and several vocal selections, and readings, a skit and group singing.

Ellsworth Couple Married 53 Years

Last Saturday marked the fifty-third wedding anniversary of Mr. and Mrs. Martin Elzinga at their farm home, four miles west of Ellsworth in Mapleville vicinity.

They were married Dec. 24, 1896, have lived in this community on their present farm since 1904. Both are members of Atwood Reformed church and enjoy the distinction of being the only couple in the church to have been married more than 50 years.

Mr. Elzinga is 75 years old and was born May 3, 1874 in the Netherlands, son of James and Rose Elzinga. He came to Ottawa county at the age of 9 and to Antrim county three years later. Mrs. Elzinga, 72, is the former Alice Telgenhof, daughter of George and Fannie Telgenhof, and was also born in the Netherlands, coming to Antrim county in 1884.

They have four children, Julius and Mrs. Bert Green of Detroit, George of Mitchell and Mrs. Fannie Curtis of Central Lake, and six grandchildren. Mr. and Mrs. George Elzinga and daughter, Ellen, who are spending the winter in Arizona, will not be here for the occasion.

Boyne Ski Lodge Opened Friday

The Boyne Mountain Ski lodge officially opened for the 1949-50 season last Friday.

The lodge, which is opening for its second season, has been greatly enlarged during the summer season with the addition of a lodge to house 44 guests. Two rope tows in addition to the chair lift have been added and the capacity of the chair lift has been increased 40%.

The skiing area has been about doubled. Two new slopes have been completed with the Valley slope extending 3200 feet and the Berry Patch slope 4200 feet to become the longest ski slope in the state. McClouth trail and others have geen widened at least 50 feet.

The lodge will also have its own "bush pilot" in John Brennan who will ferry passengers to and from southern Michigan and other points and make emergency flights for the club.

The club house which opened last January will continue to house the dining room, lounge, bar, ski shop and waxing room, the office and the kitchen.

Officials of Boyne Mountain Lodge Inc. are Everett Kircher president; James Christianson, secretary-manager.

The names of the skiing instructors will be named at a later date.

Snow conditions at the lodge are ideal for skiing with approximately 14 inches of snow eovering the entire area.

150 Attend County Road Group Party

Members of the Charlevoix county road club entertained their families at the annual Christmas party at the WaySide recently. About 150 persons enjoyed the turkey dinner served at tables decorated in a holiday motif.

Later in the evening the children had a visit from Santa Claus who distributed gifts of candy and fruit. Movies were also shown dancing and a social hour were enjoyed by the adults.

Oil and Gas Boost

Lansing, Oil and gas leasing activity on stateowned land in 1049 swelled the state's general fund by a record $1,200,000 in bonuses, rentals, and royalties, or about $180,000 more than in 1948.

The Barnard 4-H Club plans a county-wide party Dec. 30 at the Charlevoix high school gymnasium. The club will be host to teen-age 4-H workers from the Petoskey area as well, K. C. Festerling, district leader announced.

The program will start at 8:30 p. m. with round and square dancing. Mr. Festerling will eall the dances. Some 200 4-H members are expected, according to Dawson Way, Barnard club president. Parents are also invited.

Pastor, Family Feted At Methodist Supper

Mr. and Mrs. Gaylord Howell and family were honored at a venison supper recently at the Methodist manse.

Food, fruit canned goods, meat and candy and nuts were presented by the guests to the pastor and his family. The venison was furnished by Frank Bird.

A highlight of the supper program was the burning of the bank note for church improvement by Mr. Bird and Fred Bancroft. The program consisted of the girls quartet, Velma May, Beverly Trimble, Joyee McGhan and Donna Everts with Betty Burns at the piano. Roger Sweet sang, a mixed quartet, Betty Burns, Lawrence Foley, Don Bogart and Elizabeth Bogart with Roger Sweet at the piano also sang. Freda Stewart gave a reading "At the Railroad Station."

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Last week's letter

There was no guess work about the wind storm that hit the Island the Sunday before Christmas. It was the worse one in many a day. It is repored the strong gusts coming out of the sou'west were traveling at 69 miles per hour. There were many on the Island who kept a vigil in case of danger and some who could not shut an eye for fear. A tree fell in young James Gallagher's yard and onto his truck, damaging the hood and cab. Another tree fell in Bub Burke's yard, pulling down all the electric wires. Willie John' Gallagher's old net shed was pushed a good bit farther down in the harbor.

Ice formed in the harbor soon after the wind storm. By Thursday it was strong enough for skating. With the temperature down to eight above, it looked as though the Island was in for a long steady cold winter.

The Island was without mail for five days due to rough weather. When the North Shore arrived Wednseday, it was a welcome sight.

Elston Pischner and Jack O'-Donnell need a cow bell. Both were lost in the woods last week. Jack's experience caused the greatest alarm. While out rabbit hunting with two other lads, he strayed away from the others and his disappearance resulted in a three hour hunt. Jack made his way out of the woods, was picked up by a passing truck and delivered home. Those in the woods searching were unaware of his safety, hence the three hours out looking.

The infant son of Mr. and Mrs. Elston Pischner was brought home by plane Thursday. The baby has been hospitalized since birth, but his condition is very good now.

Mary Malloy, a student at the Mercy Central School of Nursing, Grand Rapids, is home for the Christmas holidays.

Mrs. Spalding, directed the Christmas program She worked with the children, designing costumes and attending to the may deails that go with the production of a play

The bountiful supply of evergreens on the island afforded beautiful decoratios for island homes Deft hands fashioned wreaths, table centerpieces, silvering pine cones and the results are professional

Mrs Lawrence Korth was elected president of the Mary Burns circle of the Congregational church at their regular meeting recently. Mrs. James Bellinger was named vice-president and Mrs. C. S. Webster Jr., secretary-treasurer.

The group which met at the home of Mrs. Howard North made Christmas decorations for the church, and made plans for the Christmas party Dec. 28.

Fur Trapping Ends

Lansing. The season's fur trapping comes to an end Dec. 31, with two exceptions. According to the conservation department, trappers still can take skunk and badger in any part of the state, and muskrat and mink in the Lake Erie marshes, through January 31.

Beaver Island Visit

A. C. Pischner of Two Rivers, Wis., spent a week-end with his parents, Mr. and Mrs. H. R. Pischner on Beaver Island. He visited Spain and Portugal earlier this fall. He returned home by plane after visiting his brother-in-law and sister, Mr. and Mrs. Dale Prokep at St. Ignace.

Yule Party

A lighted Christmas tree decorated the Mehigan Bell Co. lounge for the annual Christmas party which was attended by 19 members of the staff. A turkey dinner with places laid at tables decorated with red tapers and evergreens opened the party. Later, games were enjoyed and gifts exchanged by the group. Donna Rose and Donna Henry arranged the party.

bonds bearing low coupon rates should continue at about the same prices during 1950, but of course, they will sell for much lower prices when money rates increase.

1950 will see a further fading off in certain tax-exempt bonds due to the new Housing Authority Obligations to be issued during 1950.

The Federal Reserve will continue during 1950 the same general policy which it followed in 1949.

The importance of diversification will be given more attention in 1050 and wise investors will watch their bond maturities to see that they are either short or systematically staggered.

Real Estate

The city real estate outlook is uncertain. It should continue to hold firm throughout 1950 due to less available rental space caused by pulling down old structures to save taxes and to provide parking spaces. Owing to high costs and the fear of World War III, there will be little inclination to build new city property. On the other hand, the continual movement of our large cities—in the interest of decentralization may cause prices to soften.

There will continue to be a fair demand during 1950 for suburban real estate with a shading of prices for large places; but the residential construction boom should continue well into 1950.

The demand for large commercial farm acreage will be less during 1950, but small sustenance farms, especially those located close to estblished communities, will hold up and, perhaps, increase in price.

There will be some decrease during 1950 in industrial and private building. The cost of such building will decline a little and the quality of workmanship will improve. There should be an increase during 1950 in publicly financed building.

There will not be much change in business rentals during 1950, but residential rents will average higher in 1950. Only as property owners are granted higher rentals will there be more houses built for rental purposes.

Mortgage interest rates during 1950 will continue about the same as during 1949.

The growth in industrial pensions should help real estate sales in Florida, California, New Mexico and Arizona.

General Business

Many business concerns find their operations sliding down towards the break-even point. There will not be as much margin between costs and selling prices during 1950 as during 1949. Increase due to the installation of labor saving machinery and other employment will gradually increase.

Jobless Pay Office to Be Opened Here

Persons eligible for unemployment insurance in and near Charlevoix may obtain their checks Jan 9 at 8:30 a. m. on the second floor of the courthouse.

Harvard E. Smart, manager of the Michigan Unemployment Compensation commission in Petoskey, told the Courier that an office will be kept open each Monday morning to issue checks to persons out of work.

Until now residents from the Charlevoix area have had to go to Petoskey, Boyne City or East Jordan for their weekly registration and checks. An office was maintained here until last spring when it was ordered closed because the relief rolls dropped sharply.

Mr. Smart said the office will be open from 9:30 a. m. until noon each Monday until further notice. He estimated that some 100 persons from the Charlevoix area are receiving checks.

The local Business Men's group as well as several individual marchants have urged the re-opening of the otfice in Charlevoix to save persons obtaining assistance edded expense involved in driving to ona of the othar cities.

Several residents have complained that it was working a hardship to have to go to one of the other cities

Mr. Smart said the next three months will be the heaviest time of the year for unemployment claims. Last week there were 58 from Charlevoix registered for unemployment insurance. There were no figures available on the registration at Boyne City and East Jordan.

The unemployment insurance rolls are running about the same as last year, Mr. Smart said, although it is expected that January and February claims will be higher than in the same months of 1949, because of the lessening of construction activity

Former Area Man Dies in California

Funeral services for J. S. Bushey 65, former resident and brother of Mrs. Florence King of this city, were held at Los Angeles, Calif., Friday. Mr. Bushey, who had operated a car business in Hollywood for many years, died Dec. 27 at his home following three years of failing health.

Born at Bay City he lived at Elk Rapids as a child and came to the Phelps community during the early lumber days. He was married to Minnie Smith at Pittsburgh, Pa., in 1909 and a year later they went to Los Angeles to make their home.

Besides his wife, Minnie, he is survived by a son, Ralph, of Hollywood, a brother, Francis Bushey, of Hawthorne, Calif., and a sister, Mrs. Florence King, of this city.

City to Take Steps to Keep County Offices

Three county offices, temporarily housed in the city hall, were assured by the city council that steps will be taken to obtain permanent quarters here.

The offices were moved from the former school building on Petoskey avenue a few weeks ago when the heating plant broke down.

Alderman John Knight reported on a conversation he had with Bonnie Nickerson, president of the school board to the effect thet the building on Petoskey avenue may be used by the schools hencelorth. The city hes had use of the building for 17 years.

A council committee will meet with the board of education next Monday night to obtain a final answer as to whether the city can lease the building to house the district health office, welfare and social aid headquarters.

Former Mayor Arthur Bergeen chided the council for not making a greater effort to keep the three county offices in Charlevoix He said they represent a payroll of $18,000 and that other cities would be glad to have them move to their towns.

He called upon the council to see to it that some arrangements be worked out whereby the three offices can be permanently kept here. Councilmen ware agreed that he ollices will remain in the city hall until other satisfactory arrangements can be made.

A request from the Miller Boat Co for reduced power rates was tabled. Harold Miller was invited to present his rase at the next meeting of Council Councilmen were agreed that he should be given encouragement to increase his business if it's humanly possible.

R. E. Wright of 401 Grant street appeared before the council and asked for assistance in preventing children using the hill at Grant and Newman streets from damaging his property.

Parents are urged to inform their children they should not slide over his property or else steps will be taken to sand the hill, the council said.

Bills totaling $5,092.43 were ordered paid.

County Crews Keep 400 Miles of Roads Open

With the advent of winter the Charlevoix county Road Commission is busy keeping nearly 400 miles of roads in the county open for traffic in all kinds of weather.

Equipped with three wing plows, 22 one-way plows and 12 V-plows, together with nine scrapers and several others the problem is well taken care of by 54 county employes, consisting of many who have been with the commission for ten years or more. These capable men operating new equipment purchased by the commission in recent years adds up to a better and more efficient operation.

Highways kept open by the Charlevoix county crews include 208 miles of township roads, 122 miles of county roads and 67.3 miles of state highways including portions of US 31, US 131, M 75, M 66, and M 32.

Last year the cost of the operation for snow fence, snow removal and ice control cost $22,694.68 for township roads, $18,544.24 for county roads and $27,895.34 for state highways. The commission was reimbursed by the state for the latter amount.

Last year the county paid 50 percent of the cost of the upkeep of the township roads during the winter season. This winter, however, with the lack of funds, the commission has requested the townships to pa for their entire mileage to be plowed and the township boards have designated the roads to be plowed. This became necessary when the Township Road Fund or McNitt Fund of the commission was overspent to the extent of $30,391.75 in 1948.

During the 1948 construction season many of the townships co-operated with the plan of the commission and improved roads and highways in their respective townships. This plan allocated $1,000.00 per township from the McNitt Fund toward construction with the township advancing the needed balance. This construction eliminated many so-called snow-traps. With improved grading and wider shoulders snow removal costs this winter are expected to be decreased.

Two Families Cheered By Overseas Calls

Two Charlevoix families received overseas telephone calls from sons who were spending the holiday away from home.

At six o'clock Christmas morning Mrs. Anna Eccleston and family were valled out by a call from their son and brother, Sgt. James Eccleston, who is stationed at Hickam Field Hawaii.

On Monday Pfc. Chares Elzinga called his parents, Mr. and Mrs. Harry Elzinga from Heidelberg, Germany, where he is stationed with the army. Since they had received no word from him for several weeks except for a cahlegram received last week, the family enjoyed their trans-Atlantic visit with him. He said he had been hospitalized with asthma and pneumonia since returning from a furlough to Holland and Denmark late in November.

Although both calls were limited to six minutes they brought great happiness to the parents of the boys.

Ellsworth Boasts Good Fire Record

With the passing of 1949 this village has again chalked up another year without a fire loss. It begins its fourth year without fires as the last fire in the village, a small roof fire, occurred May 26, 1946.

Peter Wieland chief of the 15 man volunteer fire department, says "We sure are lucky" He reports that the department was called out seven times during the year, twice on chimney fires in the village from which no loss resulted and the balance of the runs were made to rural areas and other villages.

Grayling Out To Beat Locals

Grayling, boasting a split in four conference games will be out to shatter Charlevoix's victory streak when the Rayders travel to Grayling Friday night

While the opening of school was delayed a week because of illness of several teachers and students at Charlevoix, the Grayling game will be played as scheduled.

The Rayders are unbeaten in five conference games and one non-conference (Petoskey) game Their only defeat was at the hands of the Alumni earlier in the vacation A star studded Alumni outfit managed to defeat the Rayders whose last-minute rally failed to click.

To date the play of Dwight Smith, Don Hardy and Ron Cunningham in support of Bill Wallace and Chuck Fairbanks has been good. The team has developed the uneasy habit of trailing its rivals at most of the game and then whirling in the final quarter to take control of the game.

200 Attend Barnard 4-H Party at Gym

Over 200 young people gathered at the Charlevoix high school gym for Square and Round dancing Friday evening.

Music was furnished by the Warner orchestra and the calling was by K C. Festerling, district 4-H leader.

Seven cakes, baked by the 4-H girls were sold by a cake walk Punch was served for refreshments.

The party was sponsored by the Barnard 4-H Club. Club members and their guests from Emmett and Charevoix counties enjoyed the party

Independents Are Forced to Disband

The Independent basketball team has been forced to disband for lack of support here, John Knight announced.

He pointed out that only $16 was taken in at the first doubleheader and the Independent's share of the high school-alumni and St. Ignace doubleheader was very little.

Less than half of the goal of 100 season tickets was sold and the money is now being refunded. Knight said that few people realize that with the gym rent of $15 per night, plus advertising tickets and guarantees to visiting teams. It costs considerable to field an Independent team, The support has not been evident, he said.

An outstanding schedule had been lined up, and it is too bad that the program had to be discontinued. An effort will be made next year to put this sport on a sound basis next year. Any suggestions will be appreciated, Knight said.

He expressed his appreciation to those who did their utmost to support the team Persons who have not had their money refunded for tickets are urged to get in touch with Knight.

To Re-Open Unemployment Insurance Office

The decision of the district unemployment insurance office to re-establish an itinerant office in the courthouse is hailed by many residents here.

An itinerant office was maintained here until about a year ago when it was removed. Officials said that there was not too much need for an office in Charlevoix However, at the same time itinerant service was available in Boyne City and East Jordan.

More than 100 persons who obtain weekly checks for being out of work have been traveling to Petoskey or to one of the other cities in the county. This has been working a hardship on many who have to go to the added expense to collect their checks.

A number of merchants have also objected, claiming that much of the money was spent in Petoskey instead of in Charlevoix. The newly-organized Business Men's group started an effort to have the itinerant service re-established here.

Whether the Business Men's group was responsible for the change is not known. The change is being made. That is important. At least the business group did its part in calling attention to the fact that many people have been making an unnecessary trip in order to collect their weekly checks.

The unemployment insurance load during the next three months is expected to be heavier and it will help to be able to obtain the checks without travel expense.

Marie Thomas Wed To Detroit Student

The marriage of Marie Thomas and Ellis C. Van Deventer was solemnized Dec 17 at the East Jordan Methodist church. The bride is the daughter of Mr and Mrs Harold L Thomas of Eveline township and Mr Van Deventer is the son of Mr. and Mrs. L. C. Van Deventer of Detroit.

Rev. Howard Moore officiated. Mrs. Moore sang "The Lord's Prayer". The bride wore a gown of white slipper satin which had a net yoke, long tapered sleeves and double rows of bias at the hemline. Her fingertip bridal illusion veil was held by a satin halo headdress.

Marjorie Thomas was the maid of honor. Marilyn Van Deventer and Iris Petrie were the bridesmaids. Bob Van Deventer was the best man. Bob Thomas, Mark Ely and Sherman Thomas were ushers.

A reception was held in the church parlors. Mrs. Walter Kemp and Mrs. Roy Whitlow were in charge of refreshments The bride's cousins Miss Adele Nasson and Miss Armita Lischum served the guests.

The couple left for a wedding trip to a northern ski lodge. The bride chose a tailored suit of black gabardine with grey accessories for her going-away ensemble.

Mrs. Van Deventer will return to her teaching position at Horton Bay and Mr. Van Deventer to his studies at Central Michigan College.

Maple Grove Party

The Maple Grove Grange held a Christmas party at the Grange hall last week. More than sixty members and their families enjoyed a potluck supper, an exchange of gifts and a program presented by the children. The youngsters also received a gift of candy from the Grange.

Beaver Island

By Mrs. J. C. Hantay

Beaver Island may look quiet and lonely as you view it from a map, but it is far from a dead spot especially during the holiday season. Family gatherings, parties, rounds of visiting, the coming and going of those who returned for the holidays make up a happy holiday on the Beavers.

Mr. and Mrs. Bill McDonough had their family together for the first time in several years. Bertha and Charlotte came up from Detroit and Mary Ellen from Bay City to complete the family circle.

Bill O'Donnell drove up from Chicago. Dorothy Lee McMann and Patricia O' Donnell were his passengers.

Anthony and Rose Green spent Christmas week-end with their parents, Mr. and Mrs. Anthony Green.

Mr. and Mrs. John Martin have a house full of company. Mr. and Mrs. Harry Eckler and their two children from Mancelona and Mr. and Mrs. Oren Reynolds, Chicago, are their guests. Mrs. Eckler is the former Bernice Martin and Mrs. Reynolds is the former Mary Helen Martin.

Rodney Nackerman drove up from Pontiac to spend Christmas week-end with his parents, Mr. and Mrs. Frank Nackerman.

Mr. and Mrs. Emil Pischner and family came to the island to spend the holidays with their parents, Mr and Mrs. Kett Gillespie and Mr. and Mrs. Herman Pischner.

Joseph and Annette Ricksgers Cleveland, were the guests of Joseph's parents, Mr. and Mrs. Willie Ricksgers.

Margaret Ricksgers spent Christmas week with her parents, Mr. and Mrs. George Ricksgers. Margaret is employed in Pontiac.

Ed Joseph flew to the island from Chicago to be with his family for the holiday week.

Patricia Ramsey spent the Christmas holidays with her parents, Mr and Mrs. Truman Ramsey. Patricia attends Central Michigan College in Mt. Pleasant.

Arthur Ryan, Chicago, came up from Chicago to spend Christmas and a few extra days with his wife and children who are with Mr. and Mrs. Lawrence Malloy for the winter.

Mrs. Louise Barkley's son-in-law and daughter, Mr. and Mrs. James Ingels, Detroit, were her Christmas guests.

Jeannie Martin, of Petoskey visited relatives during the holidays.

Dr. and Mrs. Russell Palmer, Archie LaFremere and your B. I. reporter were recipients of Christmas greeting cards from Gov. G. Mennen Williams and his family.

Mr. and Mrs. Fred Spalding spent Christmas away from the island for the first time since they came here to make their home. They went to Pontiac to spend the Christmas holidays with their son and daughter-in-law Mr. and Mrs. Bill Spalding and to Chicago to spend New Years with their daughter and son-in-law, Mr. and Mrs. Lawrence Malloy Jr. Mrs. Spalding's mother, Mrs. Port, acompanied them.

Mrs. Nora Gallagher didn't want to leave her island home for the winter months, but she thought it best to do so. She will visit among relatives and friends in Michigan and Wisconsin for the next three months.

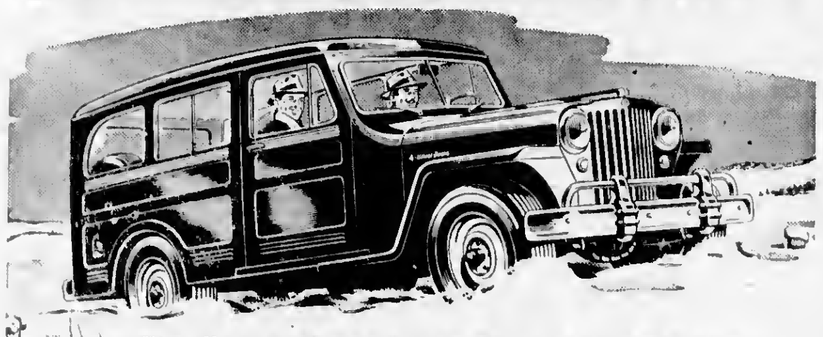
Friday evening, Mrs. Louise Barkley opened her home to a number of island children for several reels of movies, the reels and the projector being a Christmas gift. After the movies, games were enjoyed and refreshments served. Gretchen and Dick Barkley assisted their mother with the entertainment.

Joan Pischner, a visitor from Charlevoix was the honored guest at a holiday party given by Mrs. Ray Cull.

New Year's day dawned balmy and mild. The snow that fell a few days before the 22nd to give us a white Christmas has just about disappeared. The small amount of ice that encrusted the shore line has turned to "mush". Navigation looks good for the coming week.

Come to the Hospital Benefit movie Jan. 17-18 at the Palace theater. Adults 50 cents. Children 25 cents. See "Come to the Stable" starring Loretta Young and Celeste Holm.

DON'T BE SNOWBOUND!



The New 4-Wheel-Drive Willys Station Wagon Takes You Through When No Other Car Can!

Don't be isolated by heavy snow and ice-glazed roads. Get the car that gets you through when nothing else can—the new 4-Wheel-Drive Willys Station Wagon.

When you shift to 4-wheel drive, you get traction that takes you up slippery grades, cuts down tendency to skid, makes driving safer.

The 4-Wheel-Drive Willys Station Wagon is a car you'll drive the year 'round. It rides six adults in roomy comfort and handles easily in 2 or 4-wheel drive. Rear seats are quickly removable to provide 98 cubic feet of space for hauling.

If you live where roads are often blocked or have duties that must not be delayed, the 4-Wheel-Drive Willys Station Wagon is your best assurance of getting through. Let us demonstrate this remarkable new model for you now.

Ford for power

Feel the "go" of the '50 Ford's 100-horsepower engine. It's the same type engine now used in America's costliest cars and it actually *whispers* while it works.

Ford for style

Ford's "Fashion Car" styling is now more beautiful than ever. New sparkling upholstery fabrics are long lived, too. Even front seat life has been lengthened by non-sag springs under foam rubber cushions.

Ford for price

It rides like costliest cars—yet Ford is America's lowest priced car with a 101 h.p. V-8 engine . . . hundreds less in price than most "sixes." Quality features galore make the '50 Ford the one *fine* car in its field.

Parade of Progress

Introduction of canned fruits and vegetables was a milestone in the progress of food retailing. Since that time many other changes have been made until today we have in America the world's most efficient system of food distribution. And for more than half a century Kroger has been a leader in bringing greater variety in high quality food products to homemakers at close-to-cost prices.

Rayders Return from Vacation To Oppose Grayling

Smarting from the effects of the trouncing at the hands of the Charlevoix alumni, the Red Rayders return to high school competition with a game Friday night at Grayling.

The locals have reeled off six in a row and give promise of developing into another strong team. That is provided that they work together as a team and not as individuals.

That is one of the guiding principles of Coach Ray Kipke—work together as a team. It goes without saying that every team in the conference has its eyes on upsetting Charlevoix. So it will be that much tougher for the Rayders.

Mancelona, a team which has had little luck against anyone else in the conference, almost put the skids on the Rayders a few weeks ago. Some other team, when Charlevoix least expects it, may snap the string of victories. The Rayders must guard against overconfidence something which can prove fatal to the best of teams.

Soil District Plans Meeting for Jan. 19

Boyne City—Plans have been announced for the first annual meeting of the Charlevoix soil conservation district by Ed. Rebman, secretary on Thursday evening, January 19 in Boyne City at 8:30 p. m. The program will start by showing of the film entitled "By Land We Live".

The terms of Clayton Healey and Norval Korthast expire at the end of this year, the election of two directors will be held. George Klooster, chairman of the board and the other directors appointed the following cooperators to a nominating committee. Harry Smith, John Rosquist, Bob Reidel, Delbert Ingalls and Lyle Peters, Ed Longnecker and D. L. Clanahan from Michigan State College will be the speakers.

Ed Watkins, farm planner, announced that the farm plan for three cooperators are completed. These cooperators are Clayton Healy, Peter Winnick and Perry Looze.

Buck Zeitler Wins Sergeant's Stripes

Bernard F. (Buck) Zeitler, son of Mr. and Mrs. John Zeitler, Sr., Charlevoix, recently made his sergeancy with the Air Corps., in the Aleutian Islands, where he has been stationed since last May.

Sergeant Zeitler has taken an active part in the sports program at this base and has made quite a name for himself in baskeball. This will no doubt recall his football and basketball tourneys at Charlevoix High School to many of his former schoolmates.

Social activities being limited, Buck is planning on doing some intensive skiing this winter. He says one of the biggest skiing hazards, trees, is no problem here as there are no trees, only plenty of mountains.

Although he is pleased with his administrative duties, he is nevertheless anxiously waiting for his return to the states, and a possible assignment in the midwest.

Family Helps Resident Mark 84th Birthday

Christ Drost had his daughter and five sons to help him observe his eighty-fourth birthday Christmas day at the home of a son, Ben, where they gathered for the occasion.

The chief attraction was a three tier birthday cake with the inscription "Dear Old Dad" on it. Large red Christmas candles flanked the cake. Carols were sung by the thee granddaughters Nancy, Loretta, and Sonja Drost. Family pictures were taken. Four generations were represented.

Want An Owl?

Lansing—The conservation department's game division has a supply of live great horned owls which can go to work as decoys for crow shooting parties.

Game workers live-trapped these native Michigan owls to protect Mason state game farm pheasants from their skirmishing activities.

Local merchants deserve your support.

What Can The People Believe?

When the anti-trust lawyers in Washington filed their suit to put the A&P out of business, they immediately handed out for all the newspapers of the United States a story giving in detail their "allegations" against this company.

When we published advertisements giving our side of the case, they protested, even though they had made, and have continued to make, in newspapers, in speeches and over the radio these charges that would seriously damage our business, if they were believed by the public.

Every week millions of American housewives patronize A&P stores. Many of them would not want to deal with the kind of people that the anti-trust lawyers represent us to be.

We think we have a right to protect this 90-year old business which has made it possible for millions of American families to get more and better food for their money, which is providing high-wage employment for 110,000 Americans and which is helping millions of farmers to improve the methods of distributing their produce.

No answer by us would be necessary if the anti-trust lawyers were always right.

But they, like all other human beings, can be wrong.

In this case we know they are wrong.

They have been wrong before.

In case after case they made charges against A&P which were proved in court to be utterly without foundation.

We will prove that statement right up to the hilt.

The anti-trust lawyers tell the public that they won a previous anti-trust suit against us at Danville, Illinois. They did.

What they do not tell you is that they brought case after case against the A&P in federal courts all over the United States. Before they won this case they suffered three defeats.

The anti-trust lawyers have told everybody about the time that the courts said they were right. We think you are entitled to know about the three times the courts said they were wrong.

Now we are going to tell you about the first one. In future advertisements we will tell you about all of them.

The Washington Bread Case

In April, 1941, the anti-trust lawyers brought a criminal suit in Washington, D. C.

They charged that the A&P, two grocery chain competitors, two labor unions and other good American citizens had conspired to fix the price of bread.

Can anyone imagine any charge calculated to be more damaging to a retail grocery business? They asked millions of people to believe that we were the kind of grocers who would take bread out of the mouths of poor people and make it harder for a wife and mother to feed her family.

These charges were false.

In that case it developed that the A&P and the two competitors who were charged with conspiring with us to maintain high bread prices actually sold bread cheaper than most of the other stores in Washington.

The anti-trust lawyers presented and argued their case. When they were through, Federal District Judge Allen T. Goldsborough ruled that A&P and the other defendants did not even have to put in a defense. He ordered the jury to bring in a verdict of "not guilty."

Judge Goldsborough said to the anti-trust lawyers:

"If you were to show this record to any experienced trial lawyer in the world, he would tell you that there was not any evidence at all.

"Honestly, I have never in my over forty years' experience seen tried a case that was as absolutely devoid of evidence as this. That is the honest truth. I have never seen one like it."

So here was a case in which the anti-trust lawyers made seriously damaging charges against the A&P, in support of which, in the words of the court, they did not have "any evidence at all."

This was not the only time the anti-trust lawyers made charges against the A&P which the courts said were not true. In future ads we are going to tell you about these other suits. We are not going to duck, either. We are going to tell you about the criminal suit that the anti-trust lawyers won at Danville, Illinois.

The anti-trust lawyers say that they are not attacking "bigness" or efficiency. They have to say that because the courts have decided that "bigness" and efficiency and selling at low prices is not a crime.

But the fact is crystal clear that they only brought their bread suit against the big companies and against companies that sold good bread at the lowest prices; just as in this current suit they are attacking a big company that sells good food cheap.

We are going to show the American people that the suit to destroy A&P is really a suit against efficiency and against real competition.

The real question involved in this suit is whether businessmen are going to be encouraged to do a better and more efficient job; or whether we are going to let the anti-trust lawyers in Washington blow the whistle on anybody who gets big by giving the people more for their money.

No one can make us believe that it is a crime to try to sell the best quality food at the lowest possible price.

State Official Outlines Aid For Hospital

The proposed new hospital here should be large enough to care for the peak load.

So said Hugh J. McGoldrick, chairman of the state board for new hospital construction and surveys who spoke to the hospital committee last Thursday.

His visit here followed by two weeks that of Dr. John Rogers of Bellaire, a member of the atate board. Both pledged themselves to do everything possible to facilitate the building of the new hospital in Charlevoix.

At present, plans call for a 35-bed hospital but the plans can be altered in state officials are convinced that a 40-bed hospital is necessary. Mr. McGoldrick visited the present hospital and talked with Miss Anne Baumgartner, hospital superintendent, and other officials.

He assured the hospital committee that the federal government under the Hill-Burton act will provide 55 percent of the funds for the hospital. Of course, he said, this is contingent on the community raising their 45 percent.

He made several suggestions which will be followed in filing an application in the next few weeks for federal funds. He said that the group here should set its eyes on July, 1951 as the date or having the bulk of the funds raised.

The present hospital has been running as high as 33 or 34 patients, he was told. Dr. Gilbert Saltonstall said that the hospital lull, so evident around the holidays in former years, did not materialize this year.

The hospital at present is running at near capacity, indicating that the institution may not be able to care for a larger patient load under existing circumstances.

The hospital committee indicated that two plans will be carried out for the present, one is for a 35-bed and the other for a 40-bed hospital. If it's possible to construct a 40-bed hospital, that plan will be followed. Otherwise, present plans will be followed.

Mathews Take Lead At Half-way Mark

The first half of the bowling season ended with Mathews bowlers taking the lead after Moore's and Argonne grabbed the lead earlier in the season. The leaders have 43 points.

Moore's walked off with high single game of 959 and high-three game total of 2592. Toby Grace rolled the best three game total for individuals with 602 and his 241 for top mark for single games in the Charlevoix league.

62 Jobless Sign for Unemloyment Aid

Sixty-two persons from the Charlevoix area registered Monday morning for unemployment compensation at the courthouse here, Harvard Smart, area MUCC manager, reported.

This marked the re-opening of the itinerant office here, after many months of closing. It was re-opened to save eligible persons needless traveling to Petoskey or one of the other cities in the district.

Mr. Smart urged persons applying for unemployment compensation to be at the office on the second floor of the courthouse before 11:30 a. m. on Mondays. The office is open from 9:30 a. m. until noon on Mondays.

The re-opening of the office followed efforts of the local businessmen's association to have an MUCC itinerant office located here.

Plans Started For Showing of Films at School

A meeting for parents and others interested in obtaining greater recreational facilities for community children including Saturday night movies at the Charlevoix school will be held at 8 p. m. Jan. 18 at the high school cafeteria.

Plans for the meeting have been underway since the annual open house when the possibility of obtaining movies for grade school and teen-age children was discussed.

Several weeks ago, a form letter was sent to parents here, asking them if they would be interested in helping to organize a group of this nature. Much interest was shown and this meeting was scheduled.

Mr. and Mrs. Harold Taylor who have been leaders in this movement to obtain movies for children, said they were assured by the board of education and Roy G. Bennett, school superintendent, that movies may be shown Saturday nights.

Officers will be elected at this meeting and committees appointed to clear the way of any obstacles barring the showing of suitable movies for children. Mrs. Taylor said the group has the support of Mrs. Walter Bergeon, county superintendent of schools.

For the showing of movies, it will be necessary to raise $40 a week among the interested parents in Charlevoix and surrounding area. It is expected that about 150 families will pledge at least 25 cents per week.

Mrs. Taylor said that as soon as a weekly program of movies is arranged, plans will be made to improvise a roller skating rink for the teen-agers of the community.

All parents are urged to attend this meeting, Mrs. Taylor said. The bigger the turnout, the cheaper the cost of the program will be, she added.

Ironton Ferry Closes Until Spring Season

The Ironton ferry has been closed for the season the Charlevoix County Road Commission has announced. Even though the channel is not completely closed by ice mechanical repairs on the ferry forced the discontinuance of the service until spring.

A report will be forthcoming on a toll basis in 1949 for tho first time.

Bud Gill, chief operator of the ferry reports an estimated 41,000 tickets were sold during the season. This is slightly less than one third of the number of cars carried in 1948. This figuro was 63,000.

Bulletin

All adult members of tbe Girl Scout organization in Charlevoix are urged to attend an emergency meeting at Room 100 of the high school at 8 p. m. Thursday, January 12.

Committee chairmen are asked to bring their annual papers for 1949.

Professor Holden Enjoys Every Minute of It

Devotes 40 Years to Produce Better Corn

By Fran Martin

Agronomist, teacher, writer and humanitarian—that's Prof Perry G. Holden, noted educator in the field of agriculture for more than 40 years prior to his retirement from the International Harvester Co., who has made his home in Charlevoix since August, 1948.

Known as the 'corn man' throughout the middle west, he still has a keen interest in agriculture and recently wrote "Corn Breeding at tha University of Illinois 1896-1900," considered by egronomists as a valuable contribution to the history of hybrid corn breeding.

He has also compiled what he calls his "Memo", a family history complete with pictures and stories of people he's known and places he has been as well as story of his family. "A little something for the grandchildren", is the way he described it.

Active at 84

This remarkable person, who finds as much joy in living at 84 as he did at 44, was born in Dodge county, Minn., and lived briefly in New York state before coming to Leelanau county as a child. He received his edueation in the school in northern Michigan and taught for a short time before enrolling in 1885 at Michigan Agricultural College, at East Lansing, which was then the only school of its kind in the U. S. Following graduation in 1889, he became assistant in farm crops and started his first experiments in corn breeding.

He left the college in 1893, served as Benzie county school commissioner and accepted the chair of science in Benzonia college. In 1898 he joined his former teacher, Eugene Davenport, at the University of Illinois where the agriculture department boast-

ed 16 students. He again returned to his research work and it was here that he continued his experiments described in his latest publication.

Teacher in Iowa

After two years with private companies he went to Ames, Ia., to organize an agronomy department at Iowa State College. Things looked bad for the corn growers in the greatest of corn states at that time. This tireless little man decided to do something about it. In cooperation with the railroads the 'Corn Gospel Trains' were organized and traveled the length and breadth of the state with Professor Holden ahowing the farmers how to improve their crops by selecting better seeds.

Even the youngsters were selecting the best ears of corn, planting so many kernels from each in germination boxes and thus improving their yield by planting only the corn that would grow. It was in this manner that the first extension department and community short courses were started, the forerunner of the extension service and the agriculture agents as we know them today.

Among his many friends in Iowa were the Wallaces, particularly "Uncle Henry" Wallace, who persueded Professor Holdan to run for governor of Iowa in the 1912 primary. He did run for the office but his heart really wasn't in the race and after losing the election he returned to his educational work.

It was at this time he joined the International Harvester Co. to organize an agricultural extension program, a position he held until he retired in 1933.

The whole middle west became his classroom and he traveled throughout the area, selling the idea of diversified farming in the southern states, improving of crops in other areas, extension

Drive for Funds to Combat Polio Is Underway in County

The annual March of Dimes drive to raise funds to combat dread polio is getting underway in Charlevoix county, Dallas Henry, county vice chairman, announced Tuesday.

Residents are urged to give generously to this drive as the county chapter and the National Foundation are in desperate need for funds following the worst epidemic in the nation's history.

The county chapter was forced to ask the National Foundation for financial assistance last year when 14 persons in the county came down with polio. Twelve of that number received complete financial aid for treatment.

The Foundation sent the county chapter checks totaling $9,740 last year and stands ready at all times to aid polio victims when local funds are exhausted.

While the county chapter's bills are paid up through December, at least three persons are receiving assistance for hospital and special treatment. In addition, the other county victims are given periodic checkups at Munson hospital.

Cannisters have been placed in the stores, garages and other business places for donations. Other gifts can be sent to Dallas Henry or other county polio officials.

Half of the money collected remains in the county and the remainder is used by the Foundation to ontinue research against polio.

Funeral services for Daniel Srigley, 73, retired Hayes township farmer were held at the See Funeral home Saturday with the Rev. W. D. Wood officiating. Burial was in Brookside Cemetery. He died Thursday at the Charlevoix hospital where he had been a patient for three weeks. He had been in failing health for several years.

Born in Canada March 15, 1876, he came to this community at the age of one year. He later settled on a farm in Hayes township where he resided until retiring three years ago. Since then he has lived on Division ave.

Surviving are his wife, the former Louise Sommers of Chicago; two brothers, William of Charlevoix and Hiram of Petoskey and one sister, Mrs. Charles Smith of Mayville.

2 Year Accord Offered City For Building

The school property on Petoskey avenue, until recently used by three county offices, was offered to the city for its continued use for two years by the board of education Monday night.

Action on the offer will be taken at next week's council meeting. Appearing before the board of education were Aldermen Drew Young, John Knight, Hap Davy, and William Heering.

The city officials wanted the building for a longer period but the board of education said that the city could use the building if the latter paid for the maintenance. It was estimated that it would take $1,200 to repair the boiler and other parts of the building.

The city has had the use of the building for 17 years. A few weeks ago, the county welfare, bureau of social aid and the district health department were forced out of the building because of the boiler plant failure. At present the offices are housed in the city hall.

Entries Mounting For Golden Gloves Tourney at Boyne

Boyne City—Tournament officials of the Northern Michigan Golden Gloves tournament have already received twenty-five entries for the classic which this year will be held here January 16, 17 and 19.

Official entry blanks may be be obtained from Jack McDermott manager of the Charlevoix team, by anyone who wishes to enter, or by writing to Harry Jennings, general chairman at Boyne City.

All amateur fighters north of the Ludington-Alpena line who intend to compete in the state finals in February at Grand Rapids must fight through the Boyne City tournament in order to be eligible for the state finals. This rnling was made at the annual meeting of the state Amateur Athletic Union this year.

Don Sheets, in charge of fighter procurement, said that the following communities have already announced the number of fighters who will compete: Onaway, 4; Mackinaw City, 1; Petoskey, 10; Bellaire, 6; Boyne City, 4. Cheboygan, Alpena, Gaylord, Vanderbilt, Hillman, Traverse City, Cadillac, East Jordan, Rogers City, and Grayling are planning team entries, but the size of their teams have not yet been determined.

Sheets stated that he expects the total number of entries to run over the 50 mark this year.

In communities which do not have sponsoring teams, fighters may enter the tournament as unattached entries. They need only write to Mr. Jennings or contact the nearest local manager. Those winning in the Boyne City tournament will be sent to the state semi-finals at Grand Rapids with all expenses paid by American Legion, who are sponsoring the annual fistic classic. "Chuck" Woods, a Detroit star light weight of former years, and John Solesky, Grayling, will share duties as referees.

Grayling Gives Charlevoix Its First Setback

Tumbled from the ranks of the unbeaten and from a tie for first place in the Northern Michigan Class C conference, the Red Rayders will attempt to take some of their spite out on East Jordan here Friday night.

East Jordan comes hare as undisputed leader of the loop with six straight victories and naturally is favored to win on the basis of records. But the Charlevoix players and fans are agreed that they ere far from being willing to count the game in East Jordan's victory column.

The Rayders, losers to Grayling last Friday, realize that they must click off their best performance if they are to stop the vaunted East Jordan team. They are not minimizing the power and accuracy of their county rivals. Coach Ray Kipke has been working on his charges all week in an effort to iron out some of the weaknesses that were apparent against Grayling.

The game Friday night is expected to attract the largest crowd of the season.

The odds caught up with the locals at Grayling as they went down to a bitter defeat 38-29 to a team which has been hot and cold so far this season. Several weeks ago, Mancelona almost turned the tables on Charlevoix.

The Grayling defeat was the first since last January when Boyne City humbled the locals.

The Rayders came close to snagging the lead in the fourth quarter when the score was 28-25 in favor of Grayling. But the rally slowed down at that point and Grayling crept away in the final minutes.

The winners grabbed the lead in the early minutes of the game and held it throughout the contest. Jack Trudeau and Ernie Miller played sterling games for the winners, rolling up 23 of their team's total.

The Rayders were behind from the start and trailed 11-5 at the end of the first quarter. They chalked up only three points in the second period as Grayling ran its total to 22. The third period score was 26-20 as Charlevoix hopes for a victory rose in this stanza only to fall in the final period when Grayling pulled away.

Bill Wallace led his team with 11 points and Chuck Fairbanks had eight.

The Charlevoix reserves kept their streak intact—seven games in a row—by walloping the Grayling second team by a score of 51 to 18.

Community Co-operation Is the Need.

The necessity of having an additional small factory in Charlevoix is underlined in talks with every merchant. Of course, if one of the present plants were to enlarge the scope of operations and add more people to the payrolls, it would be most welcome.

There has been much talk of interesting this or that plant to move here. But to-date the efforts have not been successful. Of course there is another side to it. Small plant owners who might be interested in moving a plant immediately bring up the matter of the great distance from their markets.

That means additional costs to the plant operations because of increased freight. And they point out that it is no small matter.

The one thing which would tend to stabilize business is the addition of a plant here. It is fast becoming apparent that two or three months of resort business will not be able to pay the entire load for the year.

But the critical phase of the matter is that there is little concentrated effort on the part of the merchants and others in the community to co-ordinate their efforts.

It seems fairly certain that if the community is to obtain a plant, it will not fall into its lap.

It will take some united effort. Then perhaps there is no promise that we can induce a plant to move its operations to Charlevoix.

But we can band together in solving community problems. Nothing was ever gained by disjointed action by a small group. Much can be gained if we work together.

Let's make it one of our aims for 1950—keep it in mind during the whole year—combine our efforts to interest a small factory owner to move his plant here.

Candidacy of Kelly Is Well Recieved

The candidacy of former Gov. Harry F. Kelly as announced recently was welcome news to many people in Charlevoix County.

Republican officials in the county and others who remember Mr. Kelly during his term of office point out that he was one of the most fair-minded governors in many years and did an outstanding job for Michigan residents.

In some quarters, it is felt that Kelly will use the governor's post as a stepping stone to the job of U. S. Senator Arthur Vandenberg in two years. That remains to be seen.

In any event, most Republicans take cheer in the fact that Kelly announced he will run for governor. Several others already have revealed intentions to campaign also for the position.

It's no secret that Kelly is the strongest Republican candidate in the field to date. With the exception of fringes of the Republican party, he is widely respected.

He is the strongest Republican in the minds of labor leaders and their followers. He proved to be a friend of theirs. He has a strong following in Wayne county, something which is essential, particularly so when Governor Williams also hails from Detroit.

Veterans organizations are good supporters of Kelly who is credited with paving the way for strong veterans legislation in the nation. The veterans program initiated in Michigan under Kelly was adopted in many respects by the Veterans Administration and a large number of other states.

Unless much bitterness results from a primary, the Republican party has the best chance to win the governor's job from the Democrats.

Voice of Our Readers . . .

Dear Editor:

District Health Department No. 3 wishes to commend the Local Chapter, in cooperation with the National Foundation for Infantile Paralysis, for its untiring work during the recent polio season.

We were astounded to learn that $9.740.00 was received by the Local Chapter from the National Foundation to assume responsibility for the treatment and care of twelve of the fourteen cases which occurred in Charlevoix County. Up until this past year we have been very fortunate in that we have had very few cases of polio in our County. As a result we have never materially needed the help of the National Foundation, and it almost beyond our comprehension to think that such a large sum could have been provided without the help of the Foundation. Prior to this time the National Foundation was something to which we gave our dimes. When the need arose the National Foundation came across with dollars—thousands of them. Because of this organization and the work of the local Chapter the families stricken were spared much mental as well as physical suffering.

We pray that such a situation as last year will never again occur in our County. but if an epidemic does strike we will feel more secure knowing that such an organization as the National Foundation for Infantile Paralysis will be willing and ready to aid us.

Sincerely yours,
A. F. Litzenburger, M. D. Director

Dear Editor:

I am taking this opportunity to express my thanks to the National Foundation, its supporters and our own local representative, Mr. Dallas Henry, for the wonderful work they are doing in the fight against polio.

My own home was one of the many unfortunate ones that was stricken this past season. Lorraine, my 5-year-old daughter, was taken sick September 29th. The minute her diagnosis showed polio, our physician, Dr. Lawrence Grate and Mr Henry made arrangements for her admittance to the polio ward of the Child's clinic at Munson Hospital in Traverse City. Mr. Henry, who has had polio in his own family, was suspicious of Loraine's condition and had the situation well in hand when her final diagosis was announced.

During the latter part of her 5-weeks stay at Munson hospital I was allowed to visit her, and so had first hand opportunity to observe the wonderful work that is being done there. I wish everyone could visit a polio ward and see with what determination and faith these doctors and nurses attempt to rebuild and straighten the twisted bodies of polio victims. Any loss in the faith of mankind would rapidly be restored. Of all the patients I have seen or visited, I have yet to see an unhappy or discouraged one.

Polio even its mildest form can be very cruel and treacherous, and although Lorraine's left arm and shoulder are somewhat affected, I feel that she is one of the lucky ones. In a recent check-up at Munson hospital she showed signs of definite improvement.

I take my hat off to the National Foundation and its supporters for a wonderful job for the benefit of all polio victims and their families.

Let's make this year's March of Dimes an all-time record.

Yours very truly
Elward Heise

Mary Roberts Feted On 18th Birthday

Mary Roberts observed her eighteenth birthday Dec. 28 at a party given by her mother, Mrs. Martha Roberts.

Guests enjoyed sandwiches and a birthday cake. She received many gifts. Guests were Joyce Paul, Sue Miles, Lorna Lewis, Beverly Trimble, Phyllis Mason, Marian Warner, Kay Cunningham, Beverly Cunningham, Marilyn Ikens, Annamae Maxwell, Marilyn Blissett and Betty Orvis.

In many cases, our answer is "Yes, we'll be glad to." But in some instances the instructions on the bottle specifically state otherwise. However even in those cases where we are free to re-fill your prescription, you are well advised to consult your physician first. He knows whether the proportion of ingredients is suited to your present condition, or whether that proportion should be changed. This is the safest procedure to follow—especially when having medicine re-filled that was prescribed for a previous illness.

Train Service Is Reduced for Winter Through Charlevoix

A drop in passenger and freight patronage in northern Michigan has resulted in the curtailment of train service this winter, Chesapeake and Ohio railroad officials annnunced yesterday.

Starting Monday, the C and O northbound train will leave Grand Rapids at 6 a. m. and arrive here about 2:30 p. m. The southbound mixed train will leave Charlevoix at 6 p. m. and arrives in Traverse City at 9 p. m. No rail connections for southward passengers will be available until the next morning, they said.

Regular summer train schedules will be resumed June 1, the officials declared

Two Organizations Aid Local Hospital

Two local organizations have made cntributtons to the present Charlevoix hospital, Miss Anne Baumgartner, superintendent has announced.

The Margaret Parker circle of the Congregational church donated home canned goods tn the hospital at Christmas time.

The Inwood Ladies Aid have done a large amount of mending and sewing for the hospital.

Miss Baumgartner would like to acknowledge these generous acts by the groups.

Card of Thanks

The kindnesses and sympathy of neighbors, friends, the hospital staff, Dr. Grate, Rev. Wood and the Odd Fellows in my recent sorrow will always remain a precious memory. My sincere thanks and gratitude for all those comforting acts. Mrs. Dan Srigley.

Card of Thanks

We wish to thank our friends and neighbors, Goldman Fund and Red Cross who so generously helped us at the time our home burned.

Area Sportsmen Hear Deer Specialist at Ellsworth Meet

A district meeting of the Michigan United Conservation clubs was held at Ellsworth Thursday evening. Seventy members of the district which is composed of counties attended the chicken dinner given by the American Legion Auxiliary and the business session which followed.

I. H. Bartlett, deer specialist of the Michigan Conservation Department, was the principal speaker. In discussing the deer herd in Michigan, estimated to be a million, he said that deer hunting has become "Big business" in the state. He related that 30 percent of his department's revenue was derived from the sale of deer hunting licenses. He also said that figures based on the issuance of 400,000 licenses in the state last year and figuring that each hunter spent an average of $20, eight million dollars was spent in the state by hunters.

In giving figures on the archery and special license kill last fall he said that during the 1948 season archers reported a kill of 583 and in 1949 approximately 700.

In area A which is composed Charlevoix, Antrim and part of Grand Traverse counties, 4,090 permits were issued for the special season early in December. Of this figure 40 percent of the receivers did not use their licenses and 24 percent of the remaining number or 584 hunters filled their licenses. This would make less than one doe, spikehorn or fawn per square miles in the area. He added that the small percentage shnuld cause nn noticeable difference in the deer herd next season.In area B (Grand Traverse, Lake Leelanau and Benzie counties) the kill was 28 percent and in area C (Allegan Cnunty) 29 percenl. Bartlett believes that not enough deer have been removed from areas B and C to decrease farm crop damage.

Other conservation officials who were introduced by district Chairman William Underhill of Boyne City were Dr. A. E. Edgerton of Kalkaska who is seeking appointment to the Conservation Commission; Otto Failing of Gaylord; Julius O'Brien of East Jordan; L. G. Schenenauer of the game division.

A motion, made by Bonnie Nickerson, that this district should support the Conservation department in obtaining legislation to give the department discretionary power over the state's deer herd carried unanimously.

A member of the Alba Sportsmen's Club announced that an area in his district know as Deadman's Hill was offered to the state as a state park, and prison camp where prisnners would be brought for the summer months. The prison labor could be used for stream improvement and for other purposes to better the park. The club went on record as supporting the Alba group.

Other district nfficers are Del Clough of Ellsworth, vice chairman, and Glenn Ingalls of Charlevoix, district field representative and secretary of the organization.

Bank's Recordak Clears Up Missing Checks in Hurry

A mail pouch, containing many checks which had been cashed and deposited at the Charlevoix County State Bank, was recently lost.

Notice of the loss nf the checks was received at the local bank which immediately notified the Recordak company in Detroit.

Inasmuch as all of the items lost had been photographed at

the hank, facsimilies were made at once and sent through the mail again in the course of business. The banks on which the checks were drawn paid them and the entire loss of many checks was cleared away without notice to the depositors.

The photographing of all checks has become usual procedure in banks today and the Charlevoix County State Bank was one of the first to adopt this modern method.

Persons interested in watching the Recordak in operation are invited to come into the bank. Prior to its installation, in the event of a loss of checks, it would have been necessary to obtain duplicates of all lost checks from the parties issuing them, a great inconvenience to the bank and its customers.

Bride-elect Honored At Bay Shore Shower

A wedding shower was held Friday night at the home of Mrs. Jake Deschermeier of Bay Shore in honor of Miss Reda Russell, whose marriage to David Zukowski, will be an event of the near future in Milwaukee.

Hostesses were Mrs. Deschermeier and her daughter, Marilyn. A huge wedding cake centered by a miniature bride and groom was served. The honored guest received many gifts.

Guests were Mrs. Milton Russell, Mrs. Carl Russell, and daughter Elaine, Mrs. Albert Russell, Mrs. Miles Russell and daughters, Juanita and Maxine, Mrs. Victor Douglas, Mrs Nellie Meech, Mrs. Earl Holborn, Mrs. Reda Scott, Mrs. George Sarasin, Mrs. Elmer Crain, Miss Hilda Douglas, Miss Bonnie Pease, Miss Peggy Wells of Charlevoix, Mrs. Chancey Moore and Mrs. Dorothy Hull of Elk Rapids, Mrs. Fred Deschermeier, Mrs. Joseph Deschermeier and Mrs. Albert Spiegel of Bay Shore.

From where I sit ... *by* Joe Marsh

Why Scoop No Longer Works Here

Scoop Blake paid us a friendly call at the *Clarion's* office last week and we were talking about when he was a reporter here.

"Remember how mad I got when I found out you were writing that election story right from your desk?" I asked him. "And how I made you get out and learn what a sheriff's job was all about?"

"I sure do, Joe," said Scoop. "I want to thank you for teaching me the 'het-trick'—putting on my hat and finding out the facts, that is." Then we both had a good laugh because he found out so much thet darn if he didn't run and get elected sheriff *himself!*

From where I sit, we should find out the facts before we try to talk about anything. When we do, we're inclined to be more tolerant . . . we're apt to understand a little more about the other fellow's preference for, say, his political candidate or for a temperate glass of beer now and then. I say, if you don't want to get tripped up, don't leap to conclusions!

Crops and Soils Meetings:

Three crops and soils meetings have been scheduled in Charlevoix county for next week, Thursday and Friday. Ed Longnecker will talk on a fertilizer program taking into consideration the outlook of various crops. Mr. Clannahan will discuss new crop varieties and insect and disease control problems. Any questions relating to crops and soils will also be answered at this time.

The three meetings are as follows: On Thursday afternoon, January 19 in the East Jordan High school Lunch room at 2:00 p. m. On Thursday evening, January 19, in the study hall of the Boyne City high school at 8:30 p. m. and on Friday afternoon, January 20, at the Charlevoix Court house at 2:00 p. m. These meetings will start promptly on time with the showing of the film entitled "By Land We Live".

Farmers Week

All farmers and their families should plan to attend this years farmers week at Michigan State College from January 30 through February 3. Program for this event is available at any county extension office at Boyne City and may be obtained by dropping a card to the above office. Make a resolution now to take a vacation and attend this years farmers week.

Account Books Offer Advantages To Farmers.

Modern Michigan farmers, like sucessful business men, are keeping a pretty close tab on their business these days. The biggest help in this job is the Michigan farm account book, issued by Michigan State College, which was kept by more than 18,000 farmers last year.

The account books are now ready and can be obtained at cost of printing from county agricultural agent's office. Farmers can start immediately by taking a farm inventory.

Here are some of the features of the 1950 book:

1. It is easy to keep. Income tax returns can be filed directly from column totals. A farm map and crop records are included.
2. It provides for a summary to analyze the farm business.
3. Tenant-landlord expense and income tax items may be listed separately.
4. A continuous inventory section avoids the need for recopying the inventory data each year.

A good record book is the farmer's handiest "tool" at income tax time. It eliminates hunting for old sales slips and saves money by providing a complete record of expenses which reduce the payable tax.

In analyzing the financial condition of your farm, the record book shows total returns and total expenses, and an inventory of how much you have invested. It can show strong and weak points, how your year's business compares with other in your area, and it will help in making future plans.

Ellsworth Chamber to Hold Annual Meeting

The Ellsworth Community Chamber of Commerce will hold its annual meeting at 8 p. m. Monday at Community hall.

The directors have accomplished considerable the past year, results of which will be announced at the meeting, according to Fred Schoenfelder, secretary and treasurer. Membership fees for 1950 will also be reduced, he states.

Everyone is urged to attend and join the organization. Mr. George Billings of the Michigan Department of Economics development, Lansing, will be the guest speaker. Refreshments will be served.

Topinabee Man Takes Ellsworth School Job

Ellsworth—Jonathan Reynolds of Topinabee has accepted the appointment as teacher of shop and agriculture at Banks Township unit school.

He, with his wife and small son, expect to come to Ellsworth next week. He succeeds V. M. Gallup, who resigned last week to take a similar position at St. Ignace. Mr. Reynolds holds a Bachelor of Science degree and recently had been studying at WMC, Kalamazoo to attain his Master's degree. He has taught 2 and one half years in the Burt township school.

D. LaFreniere Opens Island General Store

Vernon H. LaFreniere, who recently sold his interest in the Shamrock tavern, has opened a general store in the building formerly occupied by his brother, Patrick LaFreniere.

The store will be known as "Dick's Store", is a member of the IGA and will handle a complete line of groceries, fresh fruits and vegetables, cold meats. In the spring, Mr. LaFreniere will put in a stock of hardware, General Electric appliances, and a line of clothing.

Patrick LaFreniere's store has been moved into the building which the Shilleigh restaurant occupied the past two years.

Beaver Island New Years

New Year's Eve was a gay and happy occasion on Beaver Island. In congenial groups at the Shamrock and Beachcomber taverns, the majority of the islanders gathered to say farewell to the old year and welcome in the New Year. A few minutes before mid-night, colorful paper hats, confetti and noise makers were distributed among the patrons. At the stroke of twelve the fun began. Hand shaking and good wishes for the coming year were in order among the hilarity.

After the New Year's celebration at the Beachcomber, Owner James McCann turned the key in the door until the summer season. Martha Miller assisted James in the tavern during the past season.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

When the North Shore pulled out of the harbor last Tuesday afternoon, it blew a farewell salute until next spring.

Joe McPhillips brought over the first load of mail by plane Tuesday morning. Mail service was good all week and will be all winter with Joe handling the contract, say the folks on the Beavers.

Navigation was wide open the first of the week until Wednesday night. The cold hand of nature stilled the waters and placed a scum of ice over the harbor. Joe Gallagher with his tug "the Bonnie" kept the ice sliced up and the wind did the rest to assist the fishermen who have been setting nets in the harbor. By Sunday, the harbor was frozen solid again, but beyond the point, Lake Michigan was being pushed around by a strong sou'west.

Mrs. Agnes O'Donnell left on the last boat to spend the winter with her daughter, Marcella Bestman in Detroit.

Tuesday evening, Dr. and Mrs. Russell Palmer entertained three of Mrs. Palmer's former music pupils, Mrs. Arthur Ryan, Mrs. Walter Wojan and Mrs. Teddy Wojan. There was dancing before a lighted Christmas tree and the girls played and sang carols.

Margaret Ricksgers returned to Pontiac the first of the week.

Buddy Left went to the mainland to drive Margaret to her destination.

Mr. and Mrs. Elton Pischner's latest addition to the family has been christened Donald Gene. Donald Cole and Margie Martin are the god-parents.

A blessed event occurred in the home of Mr. and Mrs. Clarence Palmer New Year's morning. The baby girl arrived and was named Roberta.

Mrs. Dick Driggers left Friday to enter the Charlevoix hospital on account of a throat infection. Mrs. Driggers is the former Anna Mae Left and has been visiting her grandparents, Mr. and Mrs. "Kett" Gillespie.

From reports, the island has its share of the Arctic owls that have invaded these parts. Last week, Glenn McDonough dropped five, Willard Pischner three, and Buddy McDonough one to his credit.

Charles McCauley flew to the mainland Saturday. He plans to stop over for a few days in Grand Rapids and then on to Pontiac.

Roger and Harold Ricksgers flew to the mainland Saturday.

Sister Gilbert has been called to her home due to the serious illness of her mother.

Members of the Altar Society of Holy Cross church met Sunday afternoon in the Parish hall for the election of officers. Mrs. James W. Gallagher was elected president, Mrs. Frank Nackerman, vice-president, Mrs. Margaret Hanley, secretary and Mrs. Lloyd McDonough, treasurer.

Congratulations were in order for Mr. and Mrs. James H. Gallagher Sunday. It was their forty-second anniversary. To celebrate the occasion, Mr. and Mrs. Gallagher invited a number of friends to their home Sunday evening. Games and music were enjoyed. Refreshments were served at individual tables after which Mr. and Mrs. Gallagher opened the many lovely gifts received. Mrs. Rolland McCann and Mrs. Vernon LaFreniere assisted the hostess.

Unbeaten East Jordan Rated Favorite in Game Of the Season Against Charlevoix Rayders

Humbled by an in and out team, the Rayders face the task of being at their best tomorrow when they tangle with the league-leading East Jordan outfit coached by Dan Devine.

The East Jordan team has appeared to be getting stronger each week. While Charlevoix was tasting defeat for the first time in school cage competition since last January, the East Jordan team administered a sound spanking to Pellston.

A defeat had to come sooner or later to Charlevoix. Perhaps it was fortunate to come as it did—at the hands of a team which was up for the game after playing only so-so ball against other members of class C conference.

In any event, the defeat is history and much more can be accomplished if they concentrate on East Jordan, truly a formidable foe on the gridiron or basketball court. It goes without saying that the visitors will be in for the game of their lives if Charlevoix regains that winning form.

Many will be turned away at the gym here as crowds flock to watch these two fine teams in action. Barring some unforseen change in form, this should prove to be one of the best games of the year.

C'mon Rayders—Let's knock off East Jordan and get back on the victory trail.

70 Attend Rock Elm Grangers Celebration

Some 70 Rock Elm Grange members and friends attended a New Year's party at the Grange hall.

The traditional oyster dinner was served in addition to a huge turkey furnished by Mr. and Mrs. Albert Carlson. During the dinner, a long distance phone call from Mrs. Ben Smith in Pasadena, Calif., wished the group a Happy New Year.

Albert Slate opened the program with a poem. Mr. and Mrs. Jack Bowman of East Jordan also attended. Mr. Bowman showed some conservation films. The young people enjoyed dancing.

The Grange expressed its thanks to the Home Economics club, Mrs. Joe Clark, Mrs. Laurine Jensen and Mrs. Ted Kirkpatrick and Worthy Lecturer Joe Clark and others for assisting in the program and arrangements.

Temperatures Vary Little at Ellsworth

The weather in this vicinity does not vary much from year to year as examination of records show. December, 1049 had 5 clear days with an average temperature at noon of 29 degrees.

For the year, we had 201 clear days with an average temperature of 53. This compares with 202 clear days and an average temperature of 52 for 1948 and 176 clear days and average temperature of 50 for 1947.

Ironton News
Mrs. Ross Alexander

The Ladies Aid will meet Thursday afternoon with Mrs. Mark Saunders.

The local Chamber of Commerce and their wives—nineteen in all—met last Wednesday night with a potluck supper at the Ross Alexander home. More pine seed packets were filled, to be distributed in the spring, also plans were made for an oyster supper to be held at the church the last of this month.

There will be Sunday school throughout the winter at the usual hour. This last Sunday, Mrs. Serma gave us an interesting talk on Customs and conditions in her homeland—Hungary. She told how her family suffered and were forced into many hardships, also the death of her mother in '46 in a concentration camp. After the loss of their country, they also lost their freedom of church Worship and their various customs of keeping the Sabbath. Each Sunday there will be something of interest on the program. Everyone is invited.

BABY TALK

Today his students are every place and barely a day passes without a letter from some of them or from others who have learned his teachings elsewhere —many paying tribute or asking advice. He has been honored by Washington, Michigan State and many others but he still goes on his way—still learning and teaching.

Since his retirement in 1932, he has lived in central Michigan and later at Belleville but wherever he is he always manages to find a cornfield for, say what you will, corn is still his one love.

He has truly lived what he has always taught "do something, be somebody."

CHARLEVOIX COURIER

"Read by More Than 10,000 People" "In the Heart of the Resort Country"

VOLUME 55, NUMBER 3 CHARLEVOIX, MICHIGAN, THURSDAY, JANUARY 19, 1950 7c per copy In County $2.50 per year

Consider City as Site for National Guard Outfit

Charlevoix is being given serious consideration as the possible site for a Headquarters company of the Michigan National Guard.

Lt. Col. Leo Whitaker of Lansing met with a group of local residents including members of the council last week and expressed interest in the Foster Boat plant on the north side of town He said it is the only building in town which could meet specifications.

Two requirements are necessary, he said, for locating a unit here. These requirements are a suitable building for an armory and enough officers and enlisted personnel to man the company.

A Headquarters company needs 14 officers. Several surveys are being made to determine if there are 14 men with expeience in World War II in anti-aircraft or field artillery units.

Colonel Whitaker will return to Charlevoix sometime next week for another meeting with representatives of the veterans organizations, councilmen and others. He said that location of the Headquarters company would mean an anual payroll of $45,000 and the transfer of $400,000 in army equipment.

Persons having had experience in army anti-aircraft or artillery units are asked to contact the American Legion or Veterans of Foreign Wars posts here. If a firing battery were located here, its personnel would consist of 126 enlisted men and four officers headed by a captain. The Headquarters company would be headed by a lieutenant colonel.

It is expected the principal stumbling block toward location of a Headquarters unit here would be the officer requirements . However, it is possible that enough candidates might be obtain from the area surrounding Charlevoix.

This possibility is being exlored. The Legion and VFW are checking the discharges of men in this area in co-operation with County Clerk Pete Bulow to determine if there men with such qualifications.

The Legion, VFW and council were well represented at the meeting last week.

Local Boy Scouts Plan Honor Court

The committee of Troop 2, Charlevoix, Boy Scouts has announced a Court of Honor will be held on Feb. 6.

At this time advancements in rank, merit badges and star scout awards will be made to a large number of Cub Scouts, Scouts and explorers who have qualified for these honors.

The advancement program has been stimulated by intensive scheduling in recent weeks by Scoutmaster Gaylord Howell explorer Advisor Bob Hamilton and Cub Master Uno Suomela.

Merit Badge Counselors who have registered for 1950 are: Captain Hubert Paddock, Citizenship and Civics. A. G. Leitch,—Public Safety and Firemanship, Uuo Suomela, Woodworking and Craftmanship, Dr. Fred Young, First Aid and Personal Health, C. A. Commander Shanahan Retires

Happy to Concentrate on Being at Home - In Charlevoix

by Fran Martin

Commander Edward K. Shanahan has retired from the U. S. Navy after 22½ years of commissioned service and has returned to Charlevoix to make his home. The retirement was effective January 1, 1950. And that, according to Cmdr. Shanahan, is just about all there is to it.

Talking to this man, who in spite of more than a score of years in the service looks altogether too young to retire, one finds him most modest. He no doubt has had his share of thrills and experiences since his admittance to the U. S. Naval Academy in 1923 to the time of his retirement, including the years during World War II, but when asked to relate his most memorable experience he replied "The day I was married".

It's difficult to get a story from a person like that—not that he refuses to talk but his experiences have become very ordinary happenings to him and he feels that there's nothing unusual about them. But his fine record speaks for itself.

Reared in Charlevoix he entered the Naval Academy at Annapolis, Md., after graduation from the Charlevoix high school. He was commissioned an ensign in 1927 and was assigned to the battleship, U. S. S. Idaho, until entering naval aviation in 1929 when that field was in its infancy. After training at the newly established U. S. Naval Air Station at Pensacola, Fla., he was attached to a scouting squadron aboard the now historic aircraft carrier, Lexington from June 1930 until 1932, when he was assigned to shore duty at the Naval Air Station, Naval Operating Base, Norfolk, Va., while there he served as inspector-instructor of the Naval Aviation

Review Division for one of his two years of duty at that base.

In 1934 he was transferred to the west coast where he served with an observation squadron aboard the U. S. S. New York and on the carriers, Langley, the Navy's first, and the Saratoga. In 1937 he was assigned to the destroyer, U. S. S. Worden, where he served as gunnery officer for 2½ years and as executive officer for one year.

The United States entrance into World War II found him at the University of Minnesota where he was assistant professor of Naval Science and Tactics with the Naval R. O. T. C. from Aug.

Dan Cupid Takes It Easy During 1949, Only 101 Are Wed

Dan Cupid failed to shoot many arrows in Charlevoix county during 1949.

According to County Clerk Fenton R. Bulow only 101 couples were married in this county during 1949, a drop of 32 from 1948's figures. This was comparatively a sharp drop.

While the number of marriages fell, the number of divorces obtained in Charlevoix County dropped very little. Twenty-one couples agreed to separate in 1949 as compared with 22 in the previous years.

This represents about one divorce to every four and one half marriages. The ratio in 1948 was one divorce to about five marriages.

Three fewer births were recorded in the county last year than in 1948 when 253 infants were born. One hundred and thirty-four deaths, or seven fewer than in 1948, were also recorded.

Other vital statistics revealed that only 16 criminal cases were started in 1949, less than half recorded in 1948 when 34 criminals were arrainged.

George Willis, 84 Claimed by Death

George Willis, 84, pioneer resident of Charlevoix county, died late Friday at the Charlevoix hospital where he had been a patient for two weeks. Funeral services were held at the See Funeral home Monday with Rev. W. D. Wood officiating. Burial was in Brookside cemetery.

Born in England Jan. 4, 1866, he came to northern Michigan at the age of seven years. He married Rena Brown at Antrim City in 1884. She died in 1912 in New Mexico where she had gone a short time before for her health. Except for the time spent in the west Mr. Willis resided in this community. As a young man he was a lumberman and a trapper.

He is survived by one son, James, who resided with his father; a sister, Mrs. Jennie Ager, of this city, and a brother of Keystone Fla., several grandchildren and great-grandchildren.

County State Bank Officers Re-elected

At the annual stockholders meeting of the Charlevoix County State Bank, Robert Bridge was re-named president; E. J. Hiller, vice president and E. D. Hawley, cashier.

Friday the 13th

Unusual things happen on Friday the 13th. Martin Elzinga reached into an oil pit to recover a screwdriver he had dropped and pulled out an 18 inch snake.

Vic Spaniolo Heads Red Cross Drive

Victor G. Spaniolo has been named Funds chairman for the annual American Red Cross Funds Drive which will open March 1. An organization meeting of division chairmen and other workers has been tentatively set for Feb. 15 in Charlevoix.

Miss Dorothy Septrion, Area Field Representative, was in the Charlevoix county area several days last week assisting with the plans for the drive.

Need for Polio Funds in Area Is Great Now

Renewing its appeal for funds with which to combat polio, the Charlevoix county chapter of Infantile Paralysis urged all residents to contribute to the March of Dimes.

Faced with the reality of an empty treasury despite the obligation of continued aid for several polio victims in Charlevoix, East Jordan and other points in the county the, chapter has called upon generous residents to help at this time with dimes and dollars.

More than $9,000 has been received from the National Foundation in the last few months which has been used to pay hospital and medical bills for 12 county polio sufferers. Now the National headquarters finds itself in dire need for funds on the heels of the worst polio epidemic in history.

Unless the county and National Foundation are able to build up their treasuries, it will mean that when polio strikes again, there will not be funds available to help out the stricken family.

Plans are being made for the annual March of Dimes ball Jan. 28 at the Argonne as a funds-raising event. Dallas Henry, vice chairman in the county, called upon all adults to contribute what they can to this worthy cause.

Funeral services for Randy Fales, 12 week-old son of Mr. and Mrs. Howard H. Fales, who died an accidental death by suffocation Saturday were held Wednesday at one o'clock with the Rev. W. D. Wood officiating Burial was in Brookside cemetery.

The child suffocated in its bassinet in the station wagon of his parents while the family was enroute to Greenville late Saturday. The parents reported the child was all right in Cadillac but the Mecosta county coroner at Big Rapids said the child had apparently rolled over with his face down in a woolen blanket. In the bassinet which was in a rear seat of the station wagon. The child was rushed to Community hospital at Big Rapids, but the coroner said the infant had apparently died between Cadillac and Big Rapids.

The parents, another son, Scotty, 19 months old and William Blissett were enroute to Greenville to visit relatives and apply for jobs.

Besides the parents and a brother are the grand parents. Mr. and Mrs. Hershel Fales, of Charlevoix and Mr. and Mrs. Switzer of Greenville.

New Mail Schedule Announced Here

With the change in the C & O train schedule the hours that mail must be in the postoffice has been changed. A tenative schedule has been set up and is as follows: first class mail and special delivery mail must be in the postoffice by 12:15 to go on the Star Route which leaves the postoffice at 1 o'clock. This mail is then dispatched from Kalkaska to Grand Rapids and other points in southern Michigan.

Other southbound mail will leave via train late in the afternoon and must be in the postoffice by 4:30 p.m. First class and special delivery mail will then be transferred to a Star route at Williamsburg and will continue south.

Northbound mail must be in the postoffice by 1:30 p. m. This mail will go by Star Route to Indian River where it will be carried south on the Michigan Central.

Senders of parcel post, particularly packages containing perishable items, are reminded, all packages unless sent first class mail or special delivery must lay over in Traverse City before going on to their destinations via rail the next day. To avoid this the packages may be sent special delivery and thus will leave the postoffice here and go by the most rapid and direct route to their destinations.

Mr. and Mrs. William Heering and daughter Nancy left Tuesday for a vacation in Holly Hills, Florida.

City to Borrow $19,900 to Meet Current Expence

The Charlevoix City Council was informed Monday night that approval had been granted by the Michigan Municipal Finance Commission to borrow $19,900.00 in anticipation of collection of operating taxes of the next succeeding fiscal year beginning March 1, 1950. The money to be borrowed will be used for the general fund expenses. Bids for the loan will be received by the City Council at its next meeting Jan. 30.

Harold Miller, local manufacturer, appeared before the council to present plans for the expansion of his present factory site and said that increased business necessitated the construction of a larger building. The plans met with the approval of the council.

The council went on record as approving the granting of an S. D. D. license to Russell Grocery as requested by Otto Russell. The request will be forwarded to the Michigan Liquor Control Commission for final approval.

A payroll of $13,616.47 was accepted and approved.

Rayders Still Seeking Lost Scoring Punch

A determined band of Red Rayders, losers of their last two starts, travel to Gaylord Friday night in an effort to erase the defeat blues.

One of the largest crowds to attend a eage game here in recent years saw Charlevoix fall victim to a fast-stepping East Jordan team, 40-33. The visitors knew they were in a close game but finished strong to keep their league record spotless for the season.

The local school had some consolation as the second team continued its victory streak by defeating East Jordan reserves in a thriller, 39-37. The contest was tied most of the way with neither team gaining more than two or three point lead.

Boss Soores 22

Dean Boss was the big gun for the local seconds, hitting the hoop for 22 points including 11 in the last period. He had lots of help from his mates too. Deano Davenport and Norm Ketchman, each had six, Chuck Krahnke, three and Jerry Left and B Barber, one each.

The Charlevoix first team could not come with the game it needed to defeat East Jordan, although the boys tried hard. Bill Wallace, Chuck Fairbanks and Don Hardy could not break away to run wild as they did in previous games.

Jim Meredith paced the winners with 17 points on seven goals and three free throws.

East Jordan hopped off to an early lead and led at the first quarter 12-8 at the half, 21-17, at the three-quarter mark, 32-25.

The Charlevoix team was in the game all the way and at times appeared on the verge of going ahead. But the boys of Dan Devine could not be stopped and that was the ball game. The locals managed to tie up the game on six different occasions but the winners always had a basket when they needed one.

The box score:

Married 65 Years

Mr. and Mrs. Simon M. Rose Are Honor Guests at OES Supper

Mr. and Mrs. Simon M. Rose, who will observe their sixty-fifth wedding anniversary Sunday, were honored guests at a pot-luck supper Wednesday evening at the Masonic temple. The party was given by the Eastern Star lodge of which both have been members for many years.

A large wedding cake was a feature of the refreshment table. Mrs. Rose was presented with a corsage and Mr. Rose a boutieniere. The party was a surprise for Mrs. Rose, a charter and life member of the chapter. Mr. Rose, a Mason and Knight Templar, is also a life member of the OES.

Mr. and Mrs. Rose were married at Elk Rapids Jan 22, 1885, and came to Charlevoix to make their home in 1894. Mr. Rose has his master's papers for sailing on the Great Lakes and is a former deep sea diver. He also served as mayor of Charlevoix and was the first alderman in the second ward.

Mr. Rose, who is 87 years old, still gets out a great deal when weather permits and is interested in the activities of the town. In fact, he attended the Charlevoix-East Jordan basketball game last Friday night and enjoyed it as much as the other fans.

Mrs. Rose, the former Lizzie Campbell, is 83. She does her own housework but stays close to home during the winter.

The couple have three grandsons, Mason Jr., Jack and Hal, children of their only son, the late Mason Rose Sr. The boys all live in California and are a great source of comfort to the couple. There are also several great grandchildren.

Let's Not Fail To Aid The Girl Scouts

Two of the ranking character-building organization in the world today are the Girl Scouts and the Boy Scouts.

Charlevoix is fortunate in having units of both of the organizations. For the discipline and the spirit of fair play learned while Girl or Boy Scouts enables the children to be much better citizens in later life.

These organizations are the best answer to juvenile delinquency. They provide children for a period of important years with a purpose and time-consuming tasks. Every lesson learned pays big dividends in later life when they are called upon to meet complex adult problems.

The greatest percentage of leaders in state and national life today have been Girl or Boy Scouts in their youth. They are quick to admit that their scout work was an important phase in their young life and prepared them for the years to come.

Yet, despite the importance of Girl Scout work and the advantages it offers, there is a good chance of abandoning this important work in Charlevoix. One group claims that few women want to assume leadership in that movement. Others say that there is no logical meeting place. All appear to be excuses.

No matter what happens, the Girl Scout movement here should become stronger instead of weaker. Never should the parents in this community or other well-meaning towns ever permit this activity to languish.

The ability to hold Girl Scout meetings and advance youth up the pedestal of good, clean living is our proud heritage. Girl Scouts and the Boy Scouts prosper only in democratic countries—never in fascist or communistic nations.

Despite all this, the Girl Scout activity here at times in recent weeks has been given up for lost. However, there are some women who intend to oppose the abandonment to their last breath—God Bless them. And we need a whole lot more of them.

In a nation and a community where we have everything at our fingertips, it is regrettable that some people are willing to discard an outstanding character-building organization for various reasons.

Most of the parents in this community have not been given all the facts on this situation or they would have done something to guarantee the continuance of the Girl Scouts. We are confident that the biggest share of the parents are solidly behind this wonderful organization.

Let's tell the Girl Scouts and their leaders that we will do everything in our power to provide leadership and counsel for these growing girls who are the backbone of tomorrow's Charlevoix. And then let's pitch in and help the organization by providing leadership.

The High Costs Of Maintaining Bad Roads

Residents of Charlevoix county, particularly those living near US-31, south of Charlevoix, should join together in urging the Michigan Highway department to give much consideration to improving US-31.

The present road is not worthy to be called a national highway. Few important highways contain the number of bad curves, bumpy pavement and all-around deteriation as that strip from Charlevoix extending southward for 30 miles or so.

It's not difficult to understand why many avoid US-31, at least this stretch of it, when traveling north or south in this area. Certainly, there are many roads in the state which need repair and revamping but in our opinion US-31 is one of the key north and south highways in this state. It needs immediate attention.

We don't profess to know how long it has been since the road was laid out but we do know that the present highway is unable to expedite the flow of traffic. Not only that but the curves are dangerous enough during summer months, let alone during the winter months when they are treacherous.

We learned a great deal about this highway recently when it became necessary to drive to a Traverse City hospital several times in recent weeks and attempt to navigate the curves and steep hills on icy pavements.

This highway in its present condition outlived its usefulness long ago. Highways like suits of clothes, wear out. Replacement and reconstruction are necessary.

This is one aspect of the high cost of bad roads. It costs more and more to maintain a highway such as US-31 which is nearing the end of its life.

But road improvement will not come from wishful thinking. Chambers of Commerce, newspapers, merchants, farmers and others who have a stake in good roads should make a clamor which can be heard in Lansing.

It is a project worth working toward and one which will not be achieved overnight. It's going to take a lot of working together to influence state highway officials that US-31 is in dire need of repair.

Voice of Our Readers . . .

January 14, 1950

Dear Editor:

We would like to take this opportunity to not only express our thanks for the help we received during our daughter's case of Polio but also to show the importance of all of us giving all we can to the National Foundation for Infantile Paralysis during the drive now in progress.

The local chapter of the National Foundation receives 50% of the funds contributed and the other 50% is sent to the National Foundation. That 50% going to the National Foundation is actually like putting money in the bank. That was proven with the epidemic we suffered in Charlevoix county this past year. The National Foundation came to our local chapter's rescue financially to the extent of about $10,000 after our local fund gave out. It is indeed a wonderful feeling to know that such an organization exists for every man, woman and child in the entire U. S. A. to be used where needed.

When our Sally and Jean were stricken last fall, our little family of modest means could not financially stand the sudden demands for attention they needed to be given a chance to overcome their sickness. It was then that the National Foundation, through the Charlevoix County chapter came to our financial rescue. Although, fortunately our insurance took care of a large part of the cost, the National Foundation paid the balance.

This present drive being put on is that everyone in Charlevoix County and everywhere in the United States will be given a chance to contribute to the cause organization.

Knowing that all the aid that may be necessary will come from the National Foundation none of us can afford not to give our all than ever before to this united effort to fight polio.

We are very, very thankful for the complete recovery of both our girls and surely hope that it does not strike another family anywhere. However, when Polio is wiped out it will be through united effort that someday this scourge will be conquered.

With the horrible thought in mind that you might someday be in our position and need the aid of the Foundation, let us say, do your duties and dollars now.

Mr. and Mrs. Jack Hartzell

A & P Presents Its Case by Advertising

The second in a series of cases in which unsubstantiated charges were made by anti-trust division lawyers against The Great Atlantic and Pacific Tea Company is cited in an advertisement being published in 2,500 newspapers this week.

Following a pattern set in previous ads, the company quotes a federal judge who exonerated an A&P subsidiary of charges it had conspired to fix potato prices in three Southern states.

Federal Judge Wyche, in discussing the case, said:

"I might say that I never tried a case in my life where a greater effort, more work, more investigation had been done, combing almost with a fine-tooth comb to gather evidence, as was done in this case. But as was sail a long time ago, you can't make brick without straw, and you can't make a case without facts.

Insulation of old houses, done correctly and at reasonable costs, will pay off over a number of years, say agricultural engineers at MSC.

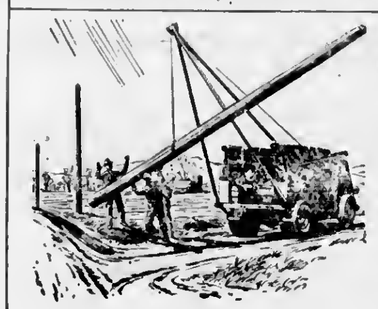
Rural Tele-news



BEARING FRUIT

Michigan Bell's rural construction program continues to produce more telephone service for Michigan farmers and their families. There are now 73,000 more telephones in the rural areas we serve than before the war. This required setting 76,000 poles and stringing 37,000 miles of wire. Since V-J Day we've spent $15,000,000 on rural telephone construction.

LET'S TAKE IN A FREE MOVIE

Michigan Bell maintains a library of interesting and entertaining films, which are provided without cost to clubs, Granges, Farm Bureau groups, schools, church gatherings, and meetings of all kinds. These films show many phases of the telephone business. To obtain a free catalog listing many interesting telephone movies, or to arrange for the films, simply call your Telephone Business Office.

THE FARMER AND THE TELEPHONE

If you made a list of the equipment that helps the Michigan farmer work his farm efficiently, more profitably, you'd undoubtedly include the telephone. For the telephone is one of the world's greatest time-savers . . . and time is money on the farm. The telephone is important for ordering supplies from town, getting the latest market prices, selling, or simply talking over mutual problems with friends and neighbors. It's easy to see how a telephone on the farm is worth a lot more than it costs.

Corn Silage and Hay Crop Equal in Value

The subject of feeding value of hay-crop silage compared to corn silage frequently arises. Here's the answer from Jim Hays extension dairyman for Michigan State College

A corn crop running 50 to 60 bushel per acre will produce silage that runs the equivelent of 16 pounds of dried corn grain per 100 pounds of silage. Fed at the rate of a bushel per day this runs four to five pounds of corn. Now hay crop silage delivers three times the amount of digestable protein So, if you are feeding the usual amounts of grain, the two types of silage-hay crop and corn work out to be just about equal in feeding value.

Norwood Couple Will Observe 56 Wedding

Observing their fifty sixth wedding anniversary Friday will be Mr. and Mrs. Edwin R. Jones, of Norwood, residents of northern Michigan for fifty years. The observance will be a quiet one, for Mrs. Jones has been in ill health recently

The couple was married at the home of Mrs. Jones' parents, Mr. and Mrs. Abel Newland at Barr Center Jan. 29, 1894. They resided at Moline for five years before coming to Norwood in 1900.

Mr. Jones who will be 81 on May 15, was born at Barr Center. Since coming to northern Michigan he has operated a farm at Norwood and still does his own chores, tends his own garden and berry patch.

Mrs. Jones, the former Jennie Newland, was born in the Netherlands on Aug. 11, 1873, and came to Michigan in 1882. She is still able to do her housework and is an ardent church worker.

They are members of the Norwood Methodist church.

The couple have four sons, Vernon, of East Jordan, Bert and John of Port Huron and Abel of Detroit; one daughter, Mrs. Clarence Heise of Charlevoix; sixteen grandchildren and five great grandchildren.

Rev. Howell Speaker At W. C. T. U. Meet

The W. C. T. U. met Friday at the home of Mrs. Floyd Ikens with 19 members present. The Rev. Gaylord D. Howell presented an enlightening talk on "Light on the Nation's Path".

The Y. T. C. leaders reported increased interest by the Y. T. C. members. The Christmas committee reported the letters and words of thanks from the patients in the convalescent homes for the gifts sent by the organization during the holidays. Answers from Congressmen were read.

Plans for the Frances Willard Tea Feb. 10 at the home of Mrs. R. T. Davis were also made.

When you buy yourself and friends a treat buy one for the March of Dimes container too.

Pioneer Resident Dies at Detroit

Mrs Elizabeth Howe, 85, pioneer resident of Charlevoix county died Monday after a brief illness at the home of her daughter, Mrs. George Kappen, in Detroit last month. Two days after the death of her husband the late Rev. Philip Howe. Tentative funeral arrangements have been made for 2 p. m. Thursday at the See Funeral home with the Rev. W. D. Wood officiating. Burial will be in the Brookside cemetery.

Born in Canada in August, 1864, the former Elizabeth Lewis came to the Port Huron area as a small child and a short time later came to Hayes township. She was married to the Rev. Mr. Howe in Hayes township in 1884 and they continued to reside on a farm until moving to Charlevoix about 25 years ago. Rev. Howe preceded her in death Jan. 16, 1941. She was a member of the Church of God.

Surviving are five daughters, Mrs. Kappen and Mrs. Thomas Scroggie, of Detroit; Mrs. Don Ball of Ypsilanti; Mrs. Myron Compton of Traverse City; and Mrs. A. B. Williams of Richmond, Calif., two sons, Archie of East Jordan and Ernest of Charlevoix; sixteen grandchildren and ten great-grandchildren.

Local Group to Aid Veteran Facilities

The American Legion Auxiliary met Monday evening at the home of Mrs. John Zeuler Sr. Mrs. Henry Power was co-hostess at the meeting.

At the business session the group decided to give financial aid to the Veterans Facilities at Grand Rapids in place of sending a candidate to the annual Girls State in June. The local auxiliary has sent a girl for the last three years in a district where only five girls from sixteen candidates are accepted. They felt that another auxiliary should be given an opportunity to sponsor a girl.

Cadillac

Will Raise the World's Standard Again!

IN 1950, the reasons for moving up to Cadillac will become so great, that if you contemplate the purchase of any car outside the lowest-price field—*you should see the new Cadillacs first!*

Here are some of the things you may look forward to seeing when America's most renowned motor car builder unveils its offerings for the ensuing year.

You will see four wholly new series of cars—*all with entirely new bodies*—gorgeously restyled.

You will see cars whose performance is so outstanding that to drive one of them for a single hour is to want it forever.

You will see scores of advancements and improvements which add to quality, endurance, economy and dependability.

And, finally, you will see all this in a car whose lowest-priced model will actually cost *less* than certain models of numerous other makes!

By all means, see the new Cadillacs before you act in 1950. They will give you the new yardstick for motor car *quality*—and *value*.

It won't be long! So please stand by for the presentation date for this community.

Allen Estate Crowds Four Million Mark

An inventory of the estate of the late Robert W. Allen, former head of the Allen-A Mills of Kenosha, Wis. and resident here a portion of the year, pertaining his death at Lansing was filed in Charlevoix Probate Court Friday.

The inventory which includes property in Michigan and New York totals $3,843,010.43, the major part of which is in stocks and bonds. A total of $3,004,500.00 in stocks and bonds was listed with $738,057.74 in cash and real and personal property. The remainder of the estate is listed under miscellaneous items.

His widow, Augustine F. Allen who was willed the entire estate, is administratrix and John M. Perry and the Central Hanover Bank and Trust Co. are the New York executors of the estate.

The Allen property in Michigan includes their home, Elm Point, on Lake Charlevoix near East Jordan and the Birchwood Ranch north of Charlevoix in Charlevoix and Hayes townships.

Antrim Winds Up 1949 CROP Program

Ellsworth—The Christian Rural overseas program (CROP) for 1949 has been completed. The treasurer reports $1132.84 as the total collected. Three townships, Banks with $434.35, Central Lake with $320.80 and Milton with $119.75, top the list of contributions.

Some townships seemed unable to get someone who would assume its chairmanship. If anyone still wishes to contribute to this most worthy cause they may do so by sending it to the county treasurer of the drive, Rev. Wayne Lemmen, RFD 1, Ellsworth, Michigan.

Your county CROP committee wishes hereby to express their appreciation to those who worked as charmen of the various townships, so that it could be properly organized. Also to those who acted as canvassers and to you, the people of the county, who by your own gifts have made the program possible. Proceeds of the drive will be used to help purchase honey.

Ellsworth Planning Night School Class

Ellsworth—A program is underway to give evening classes in different subjects for adults at the Banks township unit school, according to Earl M. Jones, superintendent. The faculty is preparing a questionaire which will be sent out to determine interest of patrons in the project. A copy may also be obtained from the school office.

Assembly of God Plans Revivnl Meet

Special meetings will be conducted this week at the Assembly of God by the Rev. William Hines. Services will be held every night through Sunday with the exception of Monday and Saturday nights.

Rev. Hines, a member of the ministry for the last 25 years, is from Toronto, Ont. He is a veteran of World War I and has been associated with Paul Rader in Chicago. He now devotes his time to missionary work.

Ironton Farm Bureau Would Name Roads

Ironton Farm Bureau met Jan. 11 at the home of Mr. and Mrs. Albert Carlson. The concensus of opinion was that the individual farmer has very little to say about the prices he receives for his produce.

The subject of naming the area was also discussed. It was agreed that it would be an asset to the community to have all roads marked and named with appropriate markers. Working out of details were put over to the next meeting.

Rock Elm News

By Mrs. A. B. Lewton

During one of the windy days last week Joe Pientas wind mill was blown down. Didn't learn how much it may have been damaged. Lawrence Jensens fish shanty also blew over in one of the gales.

Jesse Lawton had to spend several days recently repairing his car.

This community is saddened by the death of Joseph R. Clark, rural carrier for many years.

Farm Topics

By ED REBMAN

Here's some notes on grammar for poultrymen They concern the way to tell the difference between a good bird and a cull bird. Good birds lay eggs. Cull birds lie. Going into the field of economics he puts it this way; Good birds eat and produce. Cull birds just eat. At present egg and feed prices, a 60 percent production from the flock will return at a profit. However, two cull birds can eat up the profit of one good producer. The point of all this, which you could hardly miss, is to cull the flock, cull it again, and keep culling to stay on the profit side of the ledger.

Believe Record Set by Michigan Potatoes

Paul Van Damme's yield of 1,038 bushels of potatoes from his Marquette county farm is 1949 may have set a new world production record for unirrigated potato crops D. L. Clanahan, farm crops specialist at Michigan State College, has searched American records of high yields and can find no previous claim of such heavy production

Soils and Crops Program

Don't forget to attend one of the soils and crops meetings that have been arranged for Thursday and Friday. Ed Longnecker, extension specialist in soils, who many of you remember in our soil testing clinics of the last two years will be one of the speakers and will talk on fertilizer recommendations for 1950. D. L. Clanahan, extension specialist in crops, while new to this area, has had many years experience in crops work in the upper peninsula. He will discuss crops, various uses of certified seed and other important facts about a good crop meeting on Thursday afternoon, January 19, is in the East Jordan High School lunch room at 2 p. m. and the meeting that evening is in the Boyne City High School study hall at 8:30 p. m. The meeting on Friday, January 20, is in the Charlevoix Court House at 2 p. m.

Here are notes on income tax for farmers from Ev Elwood of the MSC department of agriculture economics:

First of all, you'll find valuable assistance in figuring your 1949 tax in a bulletin entitled "Farmers' Income Tax." This bulletin is free of charge and is available at all county agriculture agents offices or from the Bulletin Office, Department of Public Relations, Michigan State College, East Lansing.

There has been no change in the tax rate this year or in the forms on which you prepare the report. There has been one new provision that makes it a little easier for you as a farmer. A recent law permits a farmer who is on the calendar year basis to file his 1949 income tax return and pay the total tax which he owes by January 31, 1950, instead of estimating his tax and paying it by January 15, 1950. If he prefers, he may make a declaration of estimated tax and pay that amount by January 15 and then file his final return by March 15.

Some of you may be wondering just who qualifies as a farmer. Elwood says the law states that in order to be classified as a farmer so far as income tax is concerned, at least two thirds of a person's gross income must be from farming

Remember, you can get a free copy of the bulletin. "Farmer's 1949 Income Tax." from your county agricultural agent

Name LeRoy Hardy Head of Farmers Union in County

The ebove heading erroneously appeered over the County PMA story in the Jan. 12 issue of the CoCurier.

Officers of the Charlevoix County Farmers Union were elected last week at the South Arm local hall.

They are: LeRoy Hardy, president; Elmer G. Lyon, vice-president; Hilbert Hardy, secretary-treasurer; Archie Murphy, legislative secretary; Joseph Stutzman, co-op secretary; Charles Wells, organizer; Elvina Mason, program director and Delia A. Lypa, chaplain.

Mr. Murphy, secretary-treasurer of the Ace Buyer club of the Farmers Union, displayed a few articles bought through the club. A potluck dinner was served to about 50 members and guests.

The next meeting will be Jan. 24 at the Hayes town hall. The meeting will start at 11 a. m. with a potluck dinner at noon.

H. Stephens Opens Implement Firm Here

Announcement was made this week of the opening of the Stephens Implement Co. at the Packard garage here by Howard L. Stephens, owner.

Mr. Stephens will handle and service J. I. Case machinery. A farmer on Charlevoix Route two for four years where he operates a 120-acre farm, Mr. Stephens owned a business in Grand Rapids for 17 years.

He is beginning to receive Case machinery and within a short time will have a complete line of parts and accessories for his product. He has pledged himself to provide area farmers with quick service on repairs.

When water freezes hard in farm equipment it often means destruction or expensive repairs. MSC agricultural engineers advise special care for exposed pipes and other places that might freeze with a sudden temperature drop these winter nights.

AMERICAN BANKING IN ACTION

YOUR HOUSEHOLD EQUIPMENT

It is estimated that by 1960, the replacement market for refrigerators alone will be 2.7 million. You can add another million for new homes and apartments. To supply the growing demand for refrigerators, washing machines, vacuum cleaners, food freezers, air conditioning units, radios and television sets, banks supply American industry with credit for materials, tools, payrolls and other essential needs. In addition, consumer credit at low cost helps you buy the equipment you need. For loans to finance modern household appliances, come see us.

Building Better Communities

A pile of loose bricks becomes a building of lasting benefits to mankind when bound together with mortar. Likewise, a group of farmers becomes an institution of lasting benefit to the community when bound together through the cooperative.

Some of these benefits are:

- Better farming
- Better farm income to buy the products and services of industry.
- Better community health.
- Better schools and churches.
- Better farm products for consumers.

Luckless Red Rayders Faced with Job of Finding Victory Trail Against Improved Gaylord Team

Unable to hit the victory column so far in 1950, the Charlevoix Red Rayders move over to Gaylord to meet an up and coming team which in recent games has shown greatly improved form.

The luckless Rayders, defeated by Grayling and East Jordan in the last two weeks, will attempt to shake off their losses against Gaylord. Meantime, East Jordan, with a spotless record so far this season takes on Boyne City which has looked outstanding in the last two weeks.

The Rayders appeared off stride against East Jordan last week and could have possibly won the game with a few breaks. However, it must be said that East Jordan played a great game and deserved to win. Displaying a sharp breaking brand of ball, the boys of Dan Devine pressed every advantage they had.

The locals did not seem to be able to cope with Jim Meredith who paced East Jordan with 17 points. Meanwhile the offensive power of the Rayders did not really come to life as it had so many times during the late stage of the games earlier this season.

The season is far from over and we have a feeling that much is going to be heard from the Charlevoix team. The local fans know that the team is going to surprise Boyne City and East Jordn before the season ends.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Island youngsters were out on the ice on make the most of the week before the harbor formed as hard as glass, which made for excellent skating. Another condition in favor of the youngsters was the absence of strong winds.

Skating by firelight is a must with the young folks just as soon as the ice make slick and thick enough. Monday night, a stack of Christmas trees were collected for a big bon fire.

One lone shanty was pushed out on the ice during the week. It was Owen Chapman setting up for his winter work—supplying customers with perch. A few fishermen were out fishing without shelter on the days the winds diminished.

Monday Mike Cull's tug "LaFond" went to Charlevoix for supplies. The boat returned Wednesday with a winters supply of merchandise for Pat LaFreniere's store and addtional supplies for Dick's store. Jack and Gene Burke and Pat LaFreniere went across with the LaFond which was piloted by Rey Cull.

Mr. and Mrs. Charles Welke, of Pontiac have an heir. The baby made his appearance soon after Christmas. Mrs. Willie Schmidt, Mrs. Welke's mother, is in Pontiac to be with her daughter and to view with pride her first grandchild.

Tuesday evening, members of the Third Order of St. Francis met at the home of Mrs. Margaret Hanley. Janet Gallagher, a member of the Third Order, assisted at the meeting.

A mixture of snow, rain and freezing temperature iced up the Island Sunday. Slippery roads kept a lot of folks in, but the young set were at Bundy's Hill having the time of their lives coasting. Strong winds have taken away the majority of the ice in the harbor and again navigation is open to the dock.

Patrick Early

Patrick Early, 77, Beaver Island resident, died Wednesday morning at his home after a long illness. He is survived by his wife. Burial was Friday morning at Holy Cross Church. Father Giles officiating.

Many articles were made to send boxes of clothing to the needy overseas. Father Giles gave a short instruction on "The Process of Canonization."

Mrs. Irwin Belfy of Charlevoix, spent several days on the island as the guest of her daughter and son-in-law, Mr. and Mrs. Vernon LaFreniere. She also visited with her sisters, Mrs. Gus Mielke, Mrs. James H. Gallagher and Mrs. Herman Pischner.

James H. Gallagher was in Charlevoix during the week to attend the County Board of Education meeting.

Seventeen little friends of Donna Jean Ricksgers were invited to her home Thursday afternoon to help celebrate her fifth birthday. Donna Jean's mother, Mrs. Francis Ricksgers, was assisted by Layola Malloy with the entertainment of the guests. Refreshments were served on a gaily decorated table which was centered with a birthday cake.

Mrs. Irene LaFreniere's toes are bound to be warm this winter while she assists Dick in the store. An extra stove has been set up just for her benefit.

Dick Lyons, captain of the North Shore, was a visitor to the island during the week.

Mr. and Mrs. Fred Spalding and Mrs. Cora Portt returned Wednesday from their Christmas vacation on the mainland.

It's a boy at the home of Mr. and Mrs. Jewell Gillespie. The young man put in his appearance Saturday morning and tipped the scales over nine pounds. He has been given the name, Robert Jewell.

Sunday afternoon, the Cordelliers met at the home of Mrs. Margaret Hanley. Janet Gallagher, a member of the Third Order, assisted at the meeting.

A mixture of snow, rain and freezing temperature iced up the Island Sunday. Slippery roads kept a lot of folks in, but the young set were at Bundy's Hill having the time of their lives coasting. Strong winds have taken away the majority of the ice in the harbor and again navigation is open to the dock.

Patrick Early, 77, Beaver Island resident, died Wednesday morning at his home after a long illness. He is survived by his wife. Burial was Friday morning at Holy rnss Church. Father Giles offielating.

Antrim Organized For March of Dimes

Ellsworth—Miss Laura Morhmann of Bellaire, Antrim county chairman of the 1950 March of Dimes drive, has appointed the following community chairmen: Alba, Mrs. Eva Kline; Alden, Warren Lapham; Central Lake, Mrs. George Stevens; Eastport, Mrs. Salie Arnold; Elk Rapids, Ernest Crisp; Ellsworth, Marvin Elzinga and Robert Smalley; Bellaire, Fred Palling; Kewadin, Leon Barnes; Mancelona, Harold Miller.

Gilson Clarke Given Good Conduct Medal

M-Sgt. Gilson E. Clarke, brother of Mr. W. C. Bergeon, Charlevoix has been awarded the Good Conduct Medal "for exemplary behavior, efficiency and fidelity for a period of three years."

At the present Clarke is assigned as the first sergeant of the Ordinance school division at Jima Honshu, Japan. He served in the European theater of operations 1944-45. He has been previously awarded the Bronze Star Medal with cluster for valor and the combat infantry badge.

Sgt. Clarke is a graduate of the Howe Military School, Howe, Indiana.

Summer Resident Dies in Tennessee

News was received here this week of the death of George A. Shevalb, Sr., 75, summer resident of Charlevoix for many years who died in Nashville, Tenn., after a brief illness.

He was a director of the American National bank and N. C. & St. L. Railway. A member of the Belvidere club, he was widely known as a sportsman and was particularly fond of golf, hunting and fly fishing.

It's hard for a cow to keep up top production when standing around in a cold rain or snow. The cow that has to break a skim of ice before she can get a drink won't be very interested in producing milk, say MSC dairymen.

ARE YOU INTERESTED IN JOINING THE NATIONAL GUARD?

A committee of local citizens has just one week to determine how many men between the ages of 17 and 35 are interested in joining the National Guard. Previous military service is not necessary.

The results of this survey may determine whether or not Charlevoix will have a National Guard unit.

You would be roquired to attend drill once a week for two hours and to attend a two-weeks August training camp. Enlistments are for three years. Psy for a drill period starts at $2.50 and is scaled upwards through the various ranks. Guardsmen also are paid for attending camp.

If you are interested in joining, you are asked to fill out this coupon and return it to the Charlevoix Courier immediately.

This will in no way obligate you to join

Details of the proposed National Guard unit are on page 1 of today's Courier.

The Roto-Baler rolls the windrow into a bale with leaves wrapped inside, protected from the rain.

To feed it simply unroll the bale . . . and you have the hay just as it was in the field — soft, leafy, with the color and protein still there.

Rolled bales shed rain like a thatched roof. They store compactly, will not buckle, may be unrolled, or fed whole in the open feed rack.

The ONE-MAN ROTO-BALER is priced for home ownership. Stop in and talk to us about a Roto-Baler for your farm.

Here Is Another Time The Anti-Trust Lawyers Were Wrong!

Ever since the anti-trust lawyers filed their suit to put A&P out of business, they have been making, in the newspapers and over the radio, various "allegations" about how they think this company does business.

Please remember that "allegations" are charges that have not been proved.

In this case they will be disproved.

There have been times in the past when the anti-trust lawyers made very damaging "allegations" about this company that the courts eventually decided were utterly without foundation.

In our last advertisement we told you about the time the anti-trust lawyers charged that A&P, two other food chains and two labor unions conspired to fix the price of bread in Washington, D. C.

And yet, when this case came to trial, it was revealed that the defendants were actually selling bread cheaper than most other stores in Washington, and there was absolutely no evidence that they had ever engaged in any such "alleged" conspiracy.

That was the time Federal Judge T. Alan Goldsborough instructed the jury to bring in a verdict of "not guilty."

It was the time he said to the anti-trust lawyers:

"If you were to show this record to any experienced trial lawyer in the world, he would tell you that there was not any evidence at all.

"Honestly, I have never in my over forty years' experience seen tried a case that was as absolutely devoid of evidence as this. That is the honest truth. I have never seen one like it."

But this was not the only time that the anti-trust lawyers made such serious "allegations" against A&P which were false.

Again, and still again, they brought cases against A&P and suffered defeat.

As we have said, we think you are entitled to know about these other cases. And now, we are going to tell you about the *second time* the anti-trust lawyers were wrong.

The North Carolina Potato Case

In December, 1941, the anti-trust lawyers brought a criminal suit in Wilson, North Carolina.

They charged that A&P's fresh fruit and vegetable buying subsidiary, and other good American citizens, had conspired to fix and depress prices paid farmers for potatoes in North Carolina, Virginia and Maryland.

Can anyone imagine any charge calculated to be more damaging to a retail grocery business that must rely on farmers, day after day, for the food we distribute to our customers?

In this case the anti-trust lawyers gave a story to the newspapers, telling millions of farmers that we were the kind of people who would force their prices down, deprive them of a decent income, and lower their families' living standard.

These charges were false.

They made these charges despite the fact that it has always been A&P's policy to pay our farm suppliers fair market prices for all produce; to aid agriculture through better distribution of its products; to narrow the spread between farm and retail prices; and to help farmers build better markets for their products.

That is why many thousands of farmers all over the country are now coming to our support.

When the case finally came to trial, the anti-trust lawyers put on as their first witness a potato expert of the U. S. Department of Agriculture.

This expert, who was the anti-trust lawyers' own witness, testified that contrary to the anti-trust lawyers' "allegations," the defendants made every effort to help the Department of Agriculture in its efforts to aid the potato farmer in better marketing of his products and in getting a better price for his products.

When the anti-trust lawyers had put in their evidence and had argued their case Federal Judge C. C. Wyche directed the jury to bring in a verdict of "not guilty."

Judge Wyche said to the anti-trust lawyers:

"I have studied this case from the very outset. In my opinion there is no testimony produced from which it can reasonably be inferred that the defendants entered into a combination to depress or lower the price of potatoes.

"I might say that I never tried a case in my life where a greater effort, more work, more investigation had been done, combing almost with a fine-tooth comb to gather evidence, as was done in this case.

"But, as was said a long time ago, you can't make brick without straw, and you can't make a case without facts."

So, here was a case in which the anti-trust lawyers made seriously damaging charges against A&P in which the Judge decided that there were no facts to support those charges.

That is why we say the anti-trust lawyers can be wrong and have been wrong.

That is why we say that they are wrong again, just as they were wrong in the Washington bread case and the North Carolina potato case.

We are going to show the American people that the suit to destroy A&P is really a suit against efficiency and against real competition.

The real question involved in this suit is whether businessmen are going to be encouraged to do a better and more efficient job; or whether we are going to let the anti-trust lawyers in Washington blow the whistle on anybody who gets big by giving the people more for their money.

No one can make us believe that it is a crime to try to sell the best quality food at the lowest possible price.

Greg Bryan Wins First Glove Match

Greg Bryan, Charlevoix's only entry in the Golden Gloves Boxing tournament at Boyne City this week, won his first fight in the tournament by a decision over Jack Choskey of Petoskey in the Middleweight class. On Thursday he will meet Jess King of Petoskey in the third bout on the card. The winner of that bout will meet Sellers of Petoskey for the district championship.

This is Bryan's second year as a Golden Gloves entry. Last year he fought in the welter division and won his first two and dropped his third fight. This season he is fighting in the middleweight division and weighs 153 pounds.

The Thursday night card will feature the following bouts:
No. 1—D. Jarvis of Onaway and D. Adams of Cheboygan, welter; No. 2—O. McCleary of Onaway and R. Fredericks of Rogers City, welter; No. 3—Greg Bryan of Charlevoix and J. King of Petoskey, middle; No. 4—G. Eldred of Petoskey and C. Sexton of Bellaire, feather; No. 5—L. Eaton of Petoskey and P. Welks of Bellaire, heavy; No. 6— G. Gyer of Rogers City and J. Mikus of Boyne City, open division middle.

No. 7 winners of bouts 1 and 2 matched; No. 8 winners of No. 3 bout and Sellars of Petoskey; No 9 Tony Kegani of Frederick and an entry to be named.

The winners will have an opportunity to enter the Golden Gloves meet at Grand Rapids next month.

Because of inclement weather and lack of entries the Tuesday night fights were cancelled. The finals will be held in the Boyne City gym at 8 p. m. Thursday.

Past Noble Grand Installs New Leader

City Investigates Radio Noise Detector

The city is considering the purchase of noise detector and locator, City Supt. Angue Leitch has announced. At present they have contacted the company and will ask for a trial before the purchase is made.

Endless hours of searching for radio interference has brought about the decision to try the detector and if it proves satisfactory it may be purchased by the Utilities Department.

Cmdr. Shanahan Retires to Charlevoix

(Continued from page one)

1941 to June 1042. For the next two months he served as gunnery officer aboard the U. S. S. Nevada but in September reported to the U. S. Naval Air Station at Pensacola, Fla., for a refresher course.

In January 1943 he became operations officer of Fleet Wing 9 with headquarters at Argentia, Newfoundland. He remained there until the following August when he was assigned to the new aircraft carrier, the Wasp. The duty included pre-commission assignment and the shake-down cruise before the big ship headed for the Pacific theater of operations. He served on the carrier until June 1945, first as assistant air officer and later as air officer. It was while aboard the Wasp that he rode out a typhoon off the Philippines when the Navy lost three destroyers in December 1944. He was also aboard when the craft suffered a direct hit from a Jap bomb which pierced the flight deck and exploded between the third and fourth decks.

In June 1945 he was returned to California for special training at Commanding officer's school at San Diego and San Francisco before being assigned to the light seaplane tender, U. S. S. Casco, as commanding officer, a post he held until he placed the ship in the 'mothball fleet' at Orange, Tex., in April, 1947.

Since then he has served with the Bureau of Aeronautics at Washington, D. C.

His wife, the former Phila Armstrong, and their two sons, Bob and Bruce have resided in Charlevoix most of the time since Sept. 1942. Before that they lived at various stations to which Cmdr. Shanahan was assigned. While he was aboard the destroyer, Worden, the family lived in Hawaii

And now he has come here to join them. "What am I going to do? I honestly don't know. For the time being I'm going to concentrate on being home", he concluded.

Rayders End 3-Game Losing Streak Against Pellston

3-Prong Drive Set in Battle On Dread Eels

A three-pronged offensive against the lamprey eel will be launched here this spring when the United States Fish and Wildlife service goes into action against the eel which has all but destroyed trout in the Great Lakes.

Fish experts, headed by Dr. James Moffatt, who will direct a task force with headquarters in Charlevoix, intend to try out a scheme of electrifying spawning waters in the hope of killing off the lampreys.

The eels attach themselves to the trout and whitefish as parasites.

The job of the task force will not be easy, U. S. fish officials point out, but at least an effort will be made to try to control the pest which in the last decade has ruined the trout supply in Lake Michigan and Lake Huron, and now menaces the supply in Lake Superior.

Commercial fishermen in Charlevoix and other parts of the state are convinced that if the solution is not found within a year or two the trout and whitefish will belong to past history.

The task force will also set up an electrical fence in one spot to see if sea lampreys can be imprisoned behind invisible bars. It will also try poisons, in the hope of finding one safe for fish and fatal for eels.

The group will search for a disease which might kill off the eels and set up elaborate systems of underwater traps baited with electric lights. In short, the group will launch all types of offensives against the eel because little is known about them.

However, the major effort will be devoted to wire traps such as the fish service used on Oqueoc river near Rogers City. This effort captured 25,000 lampreys last spring and summer but the method is slow and expensive. It is not adaptable to all streams.

The eel in 10 years has almost wiped out a $12,000,000 annual fishing business. From an 1879-1935 average of 1,832,000 pounds a year, the trout catch in Lake Huron in 1947 dropped to 38,000 pounds, to 4,100 pounds in 1948 and 180 pounds for he first five months of 1949.

Congress made nearly $300,000 available this year for the all-out scientific fight against the eel and has informally promised $216,000 a year hereafter for continuing the joh.

Bryan Wins Right to Fight in G.R. Tourney

Greg Bryan, Charlevoix's only entry in the Golden Gloves tournament at Boyne City, won by a knock-out in the third round over Jess King of Petoskey in the middleweight division in the finals Friday night. King had met Charles Sellers, also of Petoskey, in the third bout of the evening and had won by a decision before meeting Bryan.

Bob Coleman Accepts Oakland County Post

Robert Coleman, district health sanitarian, has accepted a position with the Oakland county health department. He will work out of the Royal Oak office.

Mr Coleman, a member of the Kiwanis club, has been credited with doing an outstanding job in the four counties. His family will move to Royal Oak in the near future.

Harness Making Gave Him His Start

Ben Brown Looks Back on 51-Year Business Career

Charlevoix's oldest business man — a man who has operated a concern here for more then half a century and who has followed the trend in transportation in his business from the horse and buggy days to the present day of stream-lined cars—that's Benjamin Brown.

Most of Charlevoix's population knows Mr. Brown as an auto dealer for he has been in that business for about 36 years but few know that he startad out as a harness maker long before the mechanized means of transportation was known.

In Nov. 1899 he came here

from Petoskey after concluding four years apprenticeship in the trade of harness making and with $100 he had managed to save opened his first shop. It was a little one-story building 15 by 24 feet located on the corner of Bridge and Mason streets where the Parkside restuarant now stands. There he made the harnesses by hand and sold them to his customers. After four years there he moved to the Ward and Ward store at 115 Antrim St. where he remained until 1908 when he returned to Bridge St. after purchasing his own building where the northern part of his present building now is.

In 1912 the shop was enlarged to the south and he took over the agency for the Harley Davidson Co. and had a fleet of their motorcycles.

In 1914 he acquired the Overland agency and in 1915 16-17 operated tha Ford Agency as a sub-dealer. After the Ford Co. opened their own stores he became the dealer for the Dodge Company and since 1924 has been with them exclusively. He is one of their oldest dealers.

As the business grew the buildings were enlarged until today they occopy a large part of the business block where Mr. Brown once owned only a small shop. In 1938 Brown Motors Inc. was organized by Mr. and Mrs. Brown, their two sons, Floyd and Lewis and two daughters, Mrs. Laura Courier and Mrs. Edna McCartney.

The other members of his family now look after the business end of the ever-growing organization and Mr. Brown offers his advice from a wealth of knowledge gained over half a century in the business world.

But things weren't always so easy. Mr. Brown is quick to tell you. One of the most remarkable things about him is his memory. He remembers very well his trip to northern Michigan with his parents when he was only eight years old from Sunderland near Toronto to a homestead in Hayes township. That was when northern Michigan was still Indian country and when the family came to the homestead near Maple Grove they found several wigwams which until a short time before had been occopied by the Indians.

Learns Trada

As he grew up he decided to learn a trade and went to Petoskey where he became an apprentice in the harness making trade under the tutelage of the late James Oldham. The first year he worked for $20 a year plus board and room. The second year

Prizes Offered for Best Cherry Pies

"Can you bake a cherry pie, Billy boy"?

Well if you think you can, this is your chance to prove it.

The annual cherry pie baking contest was announced by K. C. Festerling, district 4-H chairman.

The East Jordan Canning company has donated $30 in prizes, $15 for first, $10 for second and $5 for third. The winner also gets a chance to compete in the state contest at Grand Rapids.

Requirements are: you must be 15 but under 22 and a resident of Charlevoix or Antrim county. You must furnish your own ingredients. Pies should be about 8½ inches in diameter and about 1½ inches in depth.

In Charlevoix, contestants must submit their pies from 1 p. m. to 2 p. m. Jan. 30 at the Charlevoix hot school lunch room. Other information may be obtained from the county agent's office at Boyne City. Those in East Jordan submit their pies Jan. 31 at the East Jordan home economics room.

10-Month Oliver Baby Found Dead in Bed

Claudette Isabel Oliver, 10 month-old daughter of Mr. and Mrs. Leonard Oliver, was found dead in bed about 9 a. m. Wednesday at the family home on the old Norwood road. Exact cause of death was not known immediately but the child was known to have had a severe cold.

Funeral services will be held at the Methodist church at 10 a. m Friday. Rev. Gaylord B. Howell will officiate. Burial will be in the Greensky Mission cemetery.

Besides the parents, she is survived by a brother, Lawrence, a sister, Marian, and a paternal grandmother, Mrs. Isabel Oliver, and her maternal grandparents in France.

Ironton Oyster Fete Planned for Friday

The annual oyster supper of the Ironton Chamber of Commerce will be held at 6 p. m. Friday at the Ironton church.

E. B. Bowman, president of the Charlevoix Rod and Gun Club, will be the master of ceremonies. The Boyne City quartet will sing. The committee in charge of arrangements is composed of Ross Alexander, Ed Beene and Pete Bennett.

Adult Classes Set To Start at School

Adult Education classes will be offered at the Charlevoix high school again this winter, Supt. Roy G. Bennett has announced this week. The classes offered will depend on what prospective students want.

Classes probably will be available in typing, sewing and woodworking. A few have indicated an interest in drawing, bookkeeping and speech so if enough students register the courses may be offered.

There has also been quite a demand for a course in social dancing. An instructor, Max Ansbaugh, of Station WMBN, Petoskey, is available for the course so the results will depend on the registration.

Any person interested in the courses to be offered should call at the general office in the elementary school building or phone 51-J on Thursday, Friday or Monday, Jan. 26-27-30.

Fall Proves Fatal to Mrs. Flora Lewis

Mrs. Flora M. Lewis, former Charlevoix resident and sister of Mrs. Frank Kenyon, died at her home in Pasadena, Calif., Jan. 17. She had been seriously ill since suffering a fractured hip in a fall Jan 7. Funeral services and burial were held in Pasadena.

Mrs. Lewis the former Flora M. Ainslie, was born in Charlevoix, the daughter of Mr. and Mrs. Nelson Ainslie, early settlers here. She resided here until going west to make her home in Nov. 1935. She was a member of Christ Episcopal church. Her husband, Fremont E. Lewis, who was associated with the Charlevoix Lumber Co., preceded her in death.

She is survived by a daughter, Mrs. Blanche L. Greenman, and a grandson, Lewis Greenman, of Pasadena and one sister, Mrs. Kenyon, of this city.

Long Illness Fatal To Mrs. Glenn Brown

Mrs. Glenn Brown, sister of Mrs. Ralph Shetterly of this city, Midland following a long illness, died Sunday at her home in Funeral services were held in the southern Michigan city Tuesday.

She is survived by her husband, a daughter; her father and one sister, Mrs. Shetterly.

Mr. and Mrs. Shetterly had gone to Midland Friday and will remain for several days.

Mayor Adds Plea To Polio Drive Here

Mayor Ray Hamilton added his plea this week to residents in Charlevoix and the surrounding area to do their utmost to help the March of Dimes drive, annual fund raising campaign to combat dread polio.

He called attention to the importance of contributing so that when the dread disease strikes again in this community, medical and hospital care for the sufferers can be immediately given.

It is most important that every citizen get behind this drive, to build up this fund that is doing such an important job, locally and nationally. It is our DIMES that will give some child or adult, stricken with polio, hope again, to become a happy, useful citizen. This dreaded disease is no respecter of persons, striking rich and poor, young and old, alike, regardless of the locality in which they live.

Last year, voluntary contributions to the March of Dimes, in Charlevoix County, totalled $832.68, one half of which remained in the county and representing only 6½¢ per capita. Later, an emergency drive netted $1440.00, all of which was turned into the National Emergency Fund, to carry on the great work of re-habilitating those afflicted. Last year, Charlevoix County reported 14 cases of polio, 7 of which were in the City of Charlevoix. The National Fund spent $9740.00 last year for hospital care and the re-habilitation of those stricken in this county. 80% of the 4,300 cases of polio in the United States last year were cared for entirely by the March of Dimes.

These are important figures! 6½¢ per capita in our city and county is too little to contribute, when our benefits in healthy, happy children and useful, productive citizens, are so great.

Therefore, as mayor of the City of Charlevoix, a community which has always responded so generously to ALL needs, I strongly urge everyone to dig down DEEP for those DIMES and give them cheerfully, to help a GREAT humanitarian cause.

Kiwanis Club Hears Plea for Polio Drive

Dallas Henry, county vice chairman of the polio drive, spoke on the pressing need for contributing to the annual March of Dimes drive at the weekly Kiwanis club meeting Monday night

Charles Levinson and Andy Essenberg were admitted as new members. Commander Ed Shanahan will be welcomed into the club next week.

Mr. Henry urged the public to attend the March of Dimes dancing party at the Argonne Saturday night.

Mrs. Anna Loeb, 75, part-time resident of Charlevoix area for many years, died Monday night at her home on the Loeb farm, after an extended illness.

The body was removed to Chicago Tuesday for funeral and burial services. She was the widow of Albert H. Loeb. She leaves three sons, Ernest, Allan and Thomas, all of Chicago.

Don't Wait Too Long to Buy New Auto License Plate

Do you like to stand in line?

Well, you are going to wait a long time if you are one of the thousands of motorists in Charlevoix county who has not bought his 1950 auto license plate.

The sale of new plates has lagged so badly in this county and other counties of the state that long lines will wait for plate if they are bought in the last minute rush before the deadline—March 1.

County Clerk F. R. Bulow said the sale of plates is way behind that of previous years. He urged residents to buy their plates early and avoid the last minute rush.

Motorists must have their titles and prepared applications from the secretary of state's office. Commercial vehicles need not be weighed if the owners have the regular weigh slip.

Motorists who have not received applications from Lansing may obtain them at the county clerk's office.

Motorists have only about 30 days to obtain their plates.

Mrs. Zella Geer, 80 Expires in Boston

Funeral services for Mrs. Zella E. Geer, 80, former Charlevoix resident who died Wednesday in Boston, Mass., were held at the See Funeral Home with the Rev. Carl Hoch of Petoskey officiating. Burial was in the Brookside cemetery. She had been ill since mid-December.

Born in Detroit in June, 1869, the former Zella E. Goodyear came to northern Michigan at the age of 12 years with her family who settled on a homestead in Marion township on Oct. 1,1894. she was married to Reuben Geer who preceded her in death in 1932. Since then until six years ago she spent the summers in Charlevoix and the winters in southern Michigan. For the last six years she has resided in the east with her daughter, Mrs. Norman Rogers.

She had been a member of the Baptist church for many years.

Surviving are two daughter, Mrs. Rogers, of Boston, Mass., and Mrs. Leroy Allers, of Charlevoix and four grandchildren.

Charlevoix Native Dies Near Muskegon

Mrs. Ada Estella Hickel, 66, a Muskegon resident since 1929 and a native of Charlevoix, died last week at the home of Brother, John Reed of Holton.

Born March 17, 1883 in Charlevoix, she was the former Ada Reed. She married Mr. Hickel April 18, 1918. He died in New Mexico July 9, 1929.

Se leaves two sons, Harvey of Coldwater, Robert E. of Muskegon, three daughters, Mrs. Larence Six and Mrs. Kenneth Fenner, both of Muskegon, and Mrs. Lorraine Murphey of Muskegon Heights, two brothers, John of Holton and Edward of Wichita, Kan., a sister, Mrs. Cora Doyle of Muskegon and nine grandchildren.

Potter Infant Dies In Local Hospital

Funeral services for little Eldon Potter, four-day old son of Mr. and Mrs. Eldon Potter, were held at the See Funeral Home Monday with the Rev. Joseph Bekkering officiating. Burial was made in the Atwood cemetery. The child died Saturday at the Charlevoix Hospital.

Besides the parents, survivors are the grandparents, Mr. and Mrs. Richard Potter, and Mrs. Inez Harriman.

Locals Move Closer To League Leaders As East Jordan Drops Tilt

A resourceful Charlevoix team strengthened its bid for the Class C cage title Tuesday night in defeating Pellston, 57-29, while East Jordan was being dumped by Mancelona Tuesday night.

Charlevoix takes on Harbor Springs Friday night in the latter's gym.

The Red Rayders flashed a good style of ball against the outgunned Pellston team which could not cope with the lads coached by Ray Kipke. Losers of three in a row, the Rayders crashed through for their first win of the new year.

The whole band of Red Rayders played improved ball. Chuck Fairbanks tied Emerson of Pellston with 14 points for high-point honors. Bill Wallace had 13 and Don Hardy eight.

Off to a fast start, the winners maintainad control of the game at all times except in the early part of the first quarter. Tha score by quarters was 17-8, 24-16, 40-19 and 57-29.

The play of Bill Barber and Dwight Smith in support of Wallace, Fairbanks and Hardy was very good. They showed a surprising reversal of form from the Gaylord game last week when they were defeated 44-41 by Gaylord in an overtime period. In this game Tucker Hamlin sunk a free throw to tie it up at the end of regulation time but Gaylord snatched the game in overtime.

Charlevoix was handicapped in overtime by loss of Hardy and Wallace on fouls who left the game in waging minute of regulation play.

Meantime, the Charlevoix seconds kept their victory streak intact with victories over Gaylord and Pellston. They defeated Pellston 26-22 with Chuck Krahnke getting 12 points for high point honors. Eighteen players were used in this contest.

In the first team game, Pellston could not bottle the whole team. Hardy, Fairbanks or someone else was continually breaking loose to score.

Politicians Still Play With Straits Bridge Idea

The politicians are still playing with the Mackinac straits bridge broposal.

This much was evident at the meeting of the Michigan Press association when this writer asked Governor Williams at a press conference last weekend what he intended doing about recoustituting the bridge authority so that the feasibility of such a plan could be investigated.

His coy answer was that he did not want to give out any advance information about what his message to the legislature would be when the state house and senate convene in the very near future.

The consensus of opinion among many of the editors, publishers and others at the press meeting was that the construction of a straits bridge would be the biggest boon to northern Michigan and the upper peninsula.

Thousands of others think so too. And not all of them live in this section of the state or above the straits. Two prominent residents of Detroit, both of whom are well aware of economie problems of the state, plan to use their best influence toward urging the governor and the highway department to appoint a group of engineers and others whn know about such matters to resume a study of the problems of a project of this nature.

Naturally, the project must be given lots of study. But only then should an answer be given as to whether the bridge uniting the two peninsulas should be built.

We realize that the bridge idea appears to gain more attention this year—possibly because this is an electiun year and the politicians don't want to overlook auy bets.

Charles Zeigler, state highway commissioner, was also asked about the possibility of the bridge being constructed. He answered that he would give the project a lot of consideration and pointed out that he has always been in favor of a bridge across the straits.

That is fine. We hope that he implements his support with some action. Republican or Democrate, that bridge can help stabilize the economy of the northern section of the lower peninsula and the upper peninsula.

It behooves all the parties concerned to launch a move which will lead to unearthing all the facts on the matter. But something more than talking should be done.

Voice of Our Readers . . .

Approximately 130 girls in Charlevoix are enjoying Girl Scout work. Why? Because a small group of interested women, some with no children of their own are participating in Scouting and can see what a wonderful program it is for them. These women compose namely the council leaders and assistant leader positions.

The council acts according to the charter of the Girl Scouts of America and our own local constitution. What is the charter? The charter is briefly the constitution, laws and by-laws as set up by the National Girl Scout Council of America. Without the charter there is no girl scouting.

There are not enough willing workers to fill all the offices within the council and not enough leaders and assistant leaders to take care of the troop. If a solution cannot be found quickly the program will be cut down. Either by eliminating all of the Brownie troops or by giving up the summer camping and day camping program. Is this fair to the children? The proof is that each year new troops are organized which only can mean that it is a program the children ask for.

Is it fair to let the children down becaue of the lack of adult help and interest?

Anyone wishing to volunteer their help may call Mrs. Lester Smith, 197 or Mrs. C. M. Bice, 131.

Teaching Assignment

Big Rapids—Carl Beattie of Charlevoix, senior in the College of Commerce at Ferris Institute, has been assigned to Big Rapids high school for his practice teaching for the winter term. He plans to graduate next spring with a degree in commerce and a Michigan state teachers certificate. He will teach Arithmetic.

McGeagh Farm Bureau

The McGeagh Creek Farm Bureau met Friday night with Mr. and Mrs. George Block. The discussion of the evening was "Who sets Farm Prices". They decided that the best way was supply and monoply in the long run are bad. There were nine families and one visiting family present. The next meeting will be Feb. 20 with Mr. and Mrs. Colin McKenzie.

Beaver Island

By Mrs. J. C. Henley

Beaver Islanders remained close to the home fires this past week. Besides the mercury tobogganing to zero and below, the sheet of ice under the snow made walking and driving dangerous.

Weather conditions did not hinder attendance at school. The youngsters braved the elements without any mishaps. Did you ever notice, though, how youngsters can go lickety split on icy pavements and seldom take a tumble—but just let a cautious grown-up step outside the door and cur-plunk—down he goes. Fred Spaulding hit the pavement with an armload of groceries, including milk. Your B. I. reporter saw stars and planets when the skull and ice made contact on a trip to the store—no milk except the milky way among the constellations.

Shanty Town is building up on the harbor. The count is seven at this writing. It is reported the ice fishmen are doing right well bringing in perch.

Sister Mary Walter received word Tuesday of the sudden death of her brother, Anthony Jude. He was accidently electrocuted in the Norge plont at Muskegon. Sister, who prepared to leave the island immediately for her parents' home in Irons, was detained by the weather until Thursday afternoon.

It was o happy birthday for Bid Sandenburg last Wednesday. As usual, Bid was on the job at McDonough's store and the customers wished her well as they came and went. Bid is the good angel who attends Doctor Palmer with the majority of births on the island. She has earned her degree by experience through the years and counts "her babies" not by the dozen, but by dozen lots.

Eugene Mooney ond his mother, Mrs. Francis Mooney, returned to the island Tuesday. Eugene was a patient in the Charlevoix Hospital for an appendix operation.

Edward Burke and daughter, Florence, were in Charlevoix last week for dental appointments.

Dick LaFreniere needs one front tooth. The vacancy among his ivories happened last week when "Doctor" Lyons—tooth the tooth paste king—was on the island. With the aid of Tom Gatliff's pliers, "Doc' did a clean job.

Buddy McDonough and Gene Connaghan left Thursday for Grand Rapids. Buddy has accepted a position in Grand Rapids.

Thursday evening, a group of young matrons met at the home of Doctor and Mrs. Russell Palmer to honor Mrs. Anna Mae Driggers in a "Bon Voyage" party. Those present were: Mrs. Arthur Ryan, Mrs. Buster Elms, Mrs. Willard Pischner, Mrs. Walter Wojan and Mrs. Ray Cull.

Dominic Gallagher was on the sick list last week. He's up and about but not feeling as spry as he usually does.

If you ever want to know the the details of closing up a house ond leaving the island in the middle of the winter, ask Bernadine Joseph. She performed the task last week when a call from huhby, Ed, said, "Come as soon as possible—apartment waiting." Bernadine and her children, Barry, Charlie and Kitchie flew to Chicago Friday.

Via the grapevine from Charlevoix:

Emil Pischner done it and won it and swollered the whole thing, hook, line and sinker. The story goes: Emil wos called to the phone. The party calling was supposed to be from a radio quiz program. Said the quiz master "Sir, con you tell me the name of the Lone Ranger's horse? If you do, you have a grond prize waiting for you." After the ole gray matter failed to click, Emil summoned aid from his family ond finally gave the correct answer. Feeling quite the victor and thrilled over hearing the quiz master announce, "You have won the grand prize! You are a lucky man!", Emil suddenly went limp, then pale. He was so excited! Then he heard, "Your prize is one bucket of "barn floor scrapings", the biggest ond best bucket full we could get." How Emil "went" after that is not for publication. This bit of tomfoolery was cooked up and perpetrated by none other than Edwin McCann, a past master in the art of practical jokes.

Local Adult Leaders Are Still Needed For Charlevoix 4-H Club Projects

Mrs. Earl Johnson of Belvedere avenue, invited parents interested in promoting club work in their section of the city. The response was good. Mrs. Josephine Bergman of 204 Nichols and Mrs. Frieda Stewart of 210 Lewis, indicated they were interested in leading a knitting club and that they already had seven members. Mrs. Arvilla Sutton of 314 West Garfield would like to begin a knitting club.

Mrs. Martha Taylor of 312 West Garfield is willing to lead a club in sewing. These people as yet do not have members. Any boys or girls who have reached their 10th birthday and who live in that area should contact Mrs. Sutton for knitting and Mrs. Taylor for sewing. It takes five members to make a club.

Guy Scott of 317 Antrim was present and although we had hoped he would start an electrical club, he indicated he would be willing to lead a handicraft club. Mr. Scott is a carpenter. Boys interested in woodworking should contact him.

Miss Clara Miles is assisting Mrs. Earl Johnson and their clubs have already become organized. Miss Miles is taking care of food preparation and Mrs. Johnson is conducting work in crafts. K. C. Festerling, district 4-H club agent, was present to outline projects and club work and to supply materials.

Since 4-H Achievement Day, which concludes the projects next spring, is to be held in Charlevoix April 26, their is considerable interest in club work in the Charlevoix area There are hundreds of boys and girls who wish to do club work but who can not find leaders. Any adult who would like to help should contact the club agent at Boyne City.

Boys and girls interested in a club should contact one of the above persons or try to find a leader in their own block.

Congregators Enjoy Square Dancing Art

Program for the Congregators meeting last Wednesday was devoted to dancing instruction, led by Max Ansbaugh, of Petoskey. Round and square dancing were enjoyed by the large group of members present.

In the business meeting, President Charles Bleha appointed a program and project committee composed of Mr. and Mrs. E. D. Hawley, Mr. and Mrs. Dick Hernick and Mr. and Mrs. Bill Supernaw.

The next meeting is scheduled for Wednesday, February 1, with Mr. and Mrs. Robert Hamilton and Mr. and Mrs. Robert Richards as hosts. The program will be a demonstration on the techniques of modern surgery.

Card of Thanks

The many indications of cordial and interested friendship such as the student radio, cards, inquiries, flowers and plants which came to me and my family during and after my four weeks at the Charlevoix Hospital were deeply appreciated.

The thought came to us many times that we were indeed fortunate to be living in Charlevoix with its splendidly staffed hospital and the innumerable opportunities for friendship and genuine interest which are evident in the schools, churches, and the community in general.

See What You're Doing

● You know the only way to cultivate close and clean, without hurting the crop, is to watch what you're doing *while* you do it. That's the way you do with this Case "VAC." The gangs, close to the front wheels, go where you steer, *when* you steer, with Case "quick-dodge" steering. You get good regulation of depth, too, because the gangs are on either side of the tractor *between* the front and rear wheels.

With a whole array of mounted implements . . . a few shown below . . . you can use the "VAC" all around the farm, all around the year. With its hydraulic implement control, safety seat and standing room it makes your work easy, comfortable. With more engine than any other four-cylinder, four-speed tractor in its class it gives you power for fast work, well done.

Rock Elm News

By Mrs. A. B. Lawton

Lawrence Jensen moved his fish shanty down on the lake last week where there is now quite a colony of fish shanties.

Mrs. Ben Smatts reports a very wonderful trip to the Pacific coast. Said the weather was very cold. She saw the Rose Bowl game and the tournament of Roses. She also visited the Carlsbad caverns and saw the Grand Canyon and many other places of interest in the great west. Why do people cross the seas on sightseeing tours when there are so many beautiful and wonderful places to visit in our own land?

A birthday card and letter to their mother from the Frank Lawtons who are in Grand Rapids for the winter, says both are well and busy, but she is tired of so much fog and rain and would like a little real winter. She would not have had much different weather up here.

Clark Community

Mrs. William Parsons

Several young people from the Barnard 4-H Club spent the weekend at the Recreation Camp at Twin Lakes. Those who attended were Joan and Neta Brunn, Dick and Jim Jolliffe, Jim Fiedler, Betty Warner and Dawson Way.

Mr. and Mrs. Gerald Derenzy and family of East Jordan were Sunday dinner guests of Mr. and Mrs. Erwin Lord. Mr. and Mrs. Glen Lord and children were afternoon callers.

Sunday dinner guests at the William Parsons home were the Archie Murphys of East Jordan and the Gale Brinnalls of Williamsburg.

Mr. and Mrs. Alan Potter were Sunday dinner guests of the Frank Browns. Mr. and Mrs. Brown are sailing around in a new Packard Sedan.

William Parsons accompanied Karl Festerling, District 4-H leader, to Gaylord last Wednesday where he represented Charlevoix County at a leaders' meeting.

Don't miss the "March of Dimes" benefit party at Barnard Grange Hall this Saturday evening, January 28.

There will be a free will offering for the Polio Fund at the card party given by Grangers at Barnard Grange Hall at 8:30 P. M. Saturday, Jan. 28. A pot-luck lunch will be served. The committee in charge is planning for a large crowd, so let's don't disappoint them.

Barnard News

By Mrs. Clyde Smith

More like winter every day.

Our new District Superintendent, Russell King, will be with us on Feb. 12. Don't miss hearing him.

Thirteen members attended the Farm Bureau meeting on Thursday evening. They meet next month with Mr. and Mrs. Ager for which time something special is planned.

Mr. and Mrs. Albert Cunningham and daughters were supper guests at the Jasper Warner home on Saturday evening.

Mrs. Shapton returned home Saturday from the hospital after a few weeks' stay. Her daughter, Mrs. Conse, from Chicago, is helping to care for her.

Mr. and Mrs. George Clark were Friday afternoon callers of his mother, Mrs. W. S. Morse, of Charlevoix.

Gordan Giar of Barnard visited Sunday at the home of his brother, Mr. and Mrs. Hazen Giar.

The Loeb Community Farm Bureau met at the home of Mr. and Mrs. Addison Chew Tuesday evening, Jan 17. Fourteen members were present. Among the topics of discussion was "Should farm prices be determined by the cost of production", and "What percent should the middlemen get on farm produce they handle.' It was agreed by all present that Charlevoix needs a grain elevator. After the business session, the hostess served a lunch. Mrs. George Block was a visitor for the evening.

Sunday evening callers of Mr. and Mrs. George Clark were Mr. and Mrs. Marvin Postmus and family of Ellsworth and Mrs. W. S. Morse and daughter, Adeline, of Charlevoix.

Charles Reuhart of Grand Rapids spent a few days visiting at the home of his daughter and son-in-law, Mr. and Mrs. Russel Curtis.

Mes Lawrence Supernaw returned home Sunday evening after spending a couple of weeks with relatives in Flint.

Ben Clark was a caller at the home of his brother-in-law A. C Mott and family Monday on his way to Lansing.

NORWOOD

By Mrs. Milton Richardson

Mr. and Mrs. Charles Oberly of Grand Rapids spent the weekend with her parents, Mr. and Mrs. Percy Empey, and son.

Mr. and Mrs. Stanley Lord called on his parents, Mr. and Mrs. Erwin Lord, in Atwood Sunday afternoon.

Mrs. Erwin Robinson and two children returned to Marion Wednesday, after spending ten days with her sister and family, Mrs. Glenn Holocheck. Mr. Robinson came for her on Tuesday and stayed overnight.

W. S. C. S. met with Mrs. Wm. Atwood Wednesday. Our Program Chairman, Mrs. Harold Porter also gave a very interesting report on "Women of Scripture".

Mr. and Mrs. John DeYoung and family of Atwood were Sunday supper guests at the Milton Richardson home.

Mrs. Kenneth Empey and daughter Lorraine, and Mrs. Fred Hull called on Mrs. Hattie Holocheck in Charlevoix Friday.

Mrs. Doyle Richardson and daughter, accompanied by Mrs. Cecil Richardson and Mrs. Merrill Richardson, were Petoskey shoppers Wednesday.

Jim Fiedler attended 4-H Club Camp at Twin Lakes this weekend.

Mr. and Mrs. Keith Ager and family are now living with the former's parents, Mr. and Mrs. William Ager.

Mr. and Mrs. Medrick Waffle were callers at the home of Mr. and Mrs. Charles Wells last Tuesday evening.

Mr. and Mrs. Clarence Murry took Mrs. Wesley Troupe back to Grand Rapids Saturday, returning home the same day.

Mr. and Mrs. Sam Campbell were callers Saturday evening at the home of Mr. and Mrs. Al Smith.

Ironton News

Mrs. Ross Alexander

The Ladies' Aid met last Thursday afternoon with Mrs. Ole Neilson. Eight members were present. They will meet this Thursday with Mrs. Ross Alexander. Everyone is invited.

Don't forget the oyster supper Friday, Jan 27, at the church—sponsored by the local Chamber of Commerce.

Mrs. Serna and two small sons are spending a few weeks in Petoskey, where Tommy is under the doctor's care.

Sincere sympathy is extended to Mrs. Joe Clark and family in East Jordan from our community in their recent bereavement of the sudden passing away of Mr. Clark last week. Mrs. Clark is a daughter of Grant Hammond, who has been spending the winter in their home.

KEEPING THE FARMER'S DOLLAR AT HOME

When farmers band together in a co-operative to market their products or to purchase their supplies, it keeps their dollars at home to be spent with local merchants on Main Street.

Farmers' cooperatives are simply an extension of the farmers' operations. They are the farmers' hired men.

Savings returned to patrons of the Charlevoix Cooperative Co. help to build a better community because they are right here at home.

Give Us Back Our Sidewalks, Slim!

I wrote that over an article in the *Clarion* last week, but I didn't like doing it. After all, the man it was about — Slim Henderson — is a good friend of mine.

Slim came into quite a windfall last month, and bought the old Clarke place. The deed gave him title to *all* the land—right down to the street. Then Slim started to take up the sidewalk to make his lawn look better.

I felt it wasn't fair to the town and said so in my article. Next morning Slim comes around and wants to know what I mean—getting folks riled against him. I felt ornery myself, and we had quite a set-to over the whole business.

From where I sit, that was foolish. Once we'd vooled off (over lunch and a bottle of beer at Andy's Tavern), Slim decided the sidewalks should stay—for the common good and I promised next time I'd take a good look at the other fellow's point of view before writing any articles about him!

HERE'S AN *Idea* WORTH TALKING OVER

... can farming be made more profitable?

We're not promising the moon, but we'd like to see if we can help you make more money, or save work. We do know that on a good many farms we've been able to make recommendations that worked out profitably.

At least, it's an idea worth talking over. We are making farm visits all the time and hope to reach you soon. However, we invite you not to wait but drop in anytime. You'll find that we are really interested in discussing your problems and helping all we can.

We do know that the future of the farmer depends greatly on the *efficiency* of all farm operations. We know something about this subject. That's why we think it will pay you, as well as us, to "get better acquainted."

We are headquarters for Ford Tractors, Dearborn Farm Equipment and genuine Ford Tractor and Dearborn Implement parts. Call on us any time for prompt, efficient tractor and implement service.

Dearborn FARM EQUIPMENT

LET US OVERHAUL YOUR TRACTOR

Between now and spring have us put your Ford Tractor in first class condition, while we have more time and can give it special attention.

You can depend on our Ford Tractor trained mechanics and genuine Ford Tractor parts. Avoid delays for repairs in your rush season. Phone . . . we'll pick up your tractor.

Charlevoix Red Rayders Must Stage Comeback To Stay With Northern Class C League Leaders

Don't count Charlevoix out of that tight race for the Northern Michigan Class C title.

Despite it's losses, the Red Rayders can still make up for the lost ground in recent weeks because the standings have been given a good shaking.

When Boyne City triumphed over previously un beaten East Jordan last week,it made it possible for any one of four teams—Charlevoix, Gaylord, Boyne City or East Jordan to cop the 1949-50 title. It goes without saying that East Jordan is the favorite but Boyne City or Charlevoix has plenty of opportunity to raise havoc with the Jordanites. Charlevoix plays East Jordan again as well as Boyne City.

Charlevoix stands a chance of catching fire again like it did earlier in the season. But of course it will have to beat East Jordan and Boyne City on their home courts to rush back into the league lead.

We have a hunch that the Rayders are going to fool a lot of cage fans in the next few weeks. Five games still remain and it's possible that the winner won't be determined until the final game.

In any event, there is a lot of good basketball waiting for local cage fans in the coming weeks.

Local Odd Fellows Are Hosts to Area Quarterly Meeting

Members of the I. O. O. F. Round Lake lodge of Charlevoix were hosts to the other of the Charlevoix county Big Four I. O. O. F. at a pot-luck supper and quarterly business meeting here Wednesday night. The Big Four is composed of the Charlevoix lodge, the Pine Lake lodge of Hortons Bay, Boyne River lodge of Boyne City and the Jordan River lodge of East Jordan. Fifty-one guests including visitors from Royal Oak and Dearborn and Archie Round, grand senior warden of the Grand Encampment, were present.

Officers elected were: president, Daniel Bennett of East Jordan who was named to succeed Lee Sneathen of Charlevoix; vice president, Manuel Bartholomew of East Jordan and Warren Davis of Boyne

During the business discussion the group decided they should have some county project to which they could devote their efforts. Several projects were suggested before a committee of Clarence Rabach, Elmer Reed, Glenn Rose and Glenn Pemberton of Charlevoix. Frank Case Jr. of Horton's Bay lodge, Archie Rounds of East Jordan and George Shiolelis of Boyne City volunteered to meet with the Charlevoix Hospital building committee to see what the organization could do toward furnishing a room or aiding in some other way in the construction or furnishing of the proposed new hospital.

They also adopted a project to aid in the financing of the Grand Encampment to be held at Petoskey late in May.

Entertainment for the even included selections by the Remnants of Charlevoix.

Rock Elm Grange Cites Lecturer

The Rock Elm Grange recently adopted a resolution of respect in tribute to Joseph R. Clark, past master, of the Grange and at the time of his death, lecturer.

The resolution in part said: Be it resolved that we extend our heartfelt sympathy to his widow and family and in his memory drape our charter for 30 days. A copy of the resolution was sent to the family, the Michigan Patron and spread on the Grange records.

Ben Brown Looks Back on Long Career

(Continued from page one)

things were a little better and he was given $40 a year. The following year he decided to live by by himself so he was paid $4.50 a week and had to pay for his own board and room. The fourth year he was paid $8.00 a week in a time when $9.00 a week was top wages in any trade. He recalls that out of his first year's wages he had $9.15 at the end of the year and that during the second year had $15.50 coming as the year ended.

He relates many things about his first days in Charlevoix. He recalls that the first concrete laid in town was in front of his first store. The Maccabee lodge had had a celebration in town and there was some money left over so they decided to build a new water trough for the horses. It was constructed in front of the Brown harness shop and, because it created a mud-hole, the cement was laid to fill up the hole.

His uncle was the late Dr. Levi Lewis, one of the town's first physicians and businessmen. Mr. Brown stayed with his uncle at various times and he likes to tell of looking out the second floor window of the house located at 202 East Dixon and seeing sailing vessels tied up, six deep along the shores of Round Lake.

Mr. Brown has seen Charlevoix grow from a logging town to its present status as a resort center. Each era has had its good points, and he has liked them all but, he concludes, he wouldn't trade Charlevoix today for the so-called "good old days" that some people are always talking about.

Mr. and Mrs. Brown are now planning a trip to Florida, a vacation trip they have taken for the last three years. They like to leave here about February first and remain in the south until early May.

Card of Thanks

I wish to thank my friends who called on me during my stay in Charlevoix Hospital and who sent cards and candy, especially the Norwood Farmers Union for the lovely basket of flowers. Fern Waffle

Rayders Face Tough Game at Boyne Friday

Fresh from their close victory over Harbor Springs, the Red Rayders travel to Boyne City tomorrow night in what promises to be one of the best games of the season.

Always a grudge battle, the game brings together two of the teams who are fighting it out with East Jordan for Northern Michigan Class C league title. The game is rated a toss-up because Boyne City and Charlevoix have looked improved in recent games.

The Rayders may be the slight underdog because the game is being played on Boyne's court and have a little more height than the Charlevoix team. The Rayders beat Boyne City in a thriller here a few weeks ago and Boyne is said to be waiting to even the score.

Charlevoix had the scare of its life last Friday at Harbor Springs when it barely won 33-31 in the final minute of play, after the game had seesawed up and back all the way. Bill Wallace with 16 points led both teams in scoring.

The score was knotted 10 all at the end of the first quarter and 15-15 at the half. The Rayders crept ahead 25-23 at the end of the third stanza but Harbor which was easily beaten in a game here earlier in the season tied the score at 25 and then went ahead early in the final period.

Free throws by Bill Barber and Don Hardy enabled Charlevoix to tie it up at 27 all but Johnston put Harbor ahead yith a dog shot, but not for long.

Hardy sank another free toss and Wallafre chipped in with a short push shot to make it 30-29. Then Hardy ended the scoring with a field goal to make it 33-31 after Haven had sunk a goal for Harbor.

The game was rough with several players going to the floor at various times as both sides pressed for victory. A technical foul was called on Harbor when its coach stepped out on the playing floor to protest a decision.

The Charlevoix seconds kept their winning streak intact by defeating the Harbor reserves 31-21. Dean Boss was high with 15 points.

Rheta Boss Wins Cherry Pie Baking Contest at School

Rheta Boss, daughter of Mrs. John Boss, Sr., will compete against an East Jordan girl for the right to represent this county in the state cherry pie baking contest in Grand Rapids later this month.

Rheta was crowned queen of the pie bakers at the Kiwanis club meeting by Alex Sinclair, of the East Jordan Canning company, who distributed cash prizes to Rheta ($15 for first place) Betty Warner, ($10 for second prize), daughter of Mr. and Mrs. Clyde Warner, and Luanna Bambach, ($5 for third place), daughter of Mrs. Winifred Bambach. Mr. Sinclair's company provided the cash prizes.

Before the presentation, K. C. Festerling, district 4-H agent, Miss Emma Fero, home demonstration agent, and Ed. Rebman, county agent, spoke briefly.

Ed. Shanahan, Charles Levinson and Andy Esseuberg were inducted as new members by H. E. Paddock. Club president Roy G. Bennett presided and welcomed the large turnout of guests Kiwanians enjoyed the prize-winning pies.

Council Given Look at New City Budget

Everything was in readiness for opening the bids of interested parties to lend the city $19,900 at the city council meeting Monday night.

But nothing happened. The reason: there were no bids. So the city council, on the advice of City Attorney Norman Ance, was obliged to advertise the notes for sale in the Courier this week. If there are no bidders at 8 p. m., Feb. 13, when the council meets again, the bonds will be offered in a private sale. The bonds are considered gilt-edged but have not been advertised outside the city. Both banks said Tuesday they ase willing to bid on the notes and will do so Feb. 13. They consides the notes excellent security.

The council was given a preview of next year's budget for city operations, made possible because it was necessary to submit an estimated budget to the state Municipal Finance authorities.

Presented by Acting Clerk Don Swinton, it provided no cut for any department but contain-

Mrs. Paddock Named Girl Scouts Head

Mrs. H. E. Paddock has accepted the presidency of the Charlevoix Girl Scout Council to succeed Mrs. Charles Bleha who will continue as second vice president. Mrs. Paddock assumed her office at a special meeting of council and leaders at the high school building Monday night.

Other officers and chairmen who were named at the time were: First vice president, Mrs. Howard North, secretary, Mrs. John Knight; treasurer, Mrs. Ray L. Kipke; publicity, Mrs. Gordon L. Freedman.

Program chairman, Mrs. Leon Joseph; finance chairman, Mrs. Joseph Smith; troop organization Mrs. Bleha; training committee chairman, Mrs. North, nominating membership, Mrs. Lester Smith; camping, Mrs. Robert Richards, assisted by Mrs. Herbert Campbell as day camp chairman and Mrs. Ralph Hamilton as troop camp chairman; registrar, Mrs. George Roff.

Mrs. Joseph named To Concert Committee

Mrs. Leon Joseph has been appointed to the artist selection committee of the Norhern Michigan Community Concert association by the board of directors of the organization.

She is the only member from Charlevoix and succeeds C. A. Odmark who had served for two years.

Lincoln Dinner To Draw State GOP to County

Charlevoix county officials and other Republican leaders in the Eleventh district will formulate plans for the coming election February 10 at Boyne City.

Heading the list of state officials and Republican luminaries will be Owen J. "Pat" Cleary, state GOP chairman, Ex-Gov. Harry Kelly who has announced his candidacy for governor, Highway Commissioner Charles Ziegler, Auditor General Murl K. Aten, Treasurer D. Hale Brake and Congressman Charles Potter.

Some 250 persons are expected to attend the dinner at the Dilworth hotel in observance of Lincoln Day. The speaking program will be broadcast over the Paul Bunyan network.

Cleary is expected to outline the GOP's bid to unseat Governor Williams and other Democrats in the election later this year. It is expected that most of the Republicans will get behind Kelly who is said to be the strongest bet among the GOP gubernatorial candidates.

This will be Kelly's first appearance in northern Michigan since he announced his candidacy for governor. Arthur K. Rouse, county GOP chairman, said that reservations are coming in heavy from all of the 18 counties in the district. St. Ignace is planning to send a 10-man delegation.

Others on the guest list include Senators James T. Milliken of Traverse City, Frank Andrews of Hillman, Mrs. Ray Hooker, national committeewoman, Billy Rogell, Detroit councilman and former Detroit Tiger.

Guy Conkle will be toastmaster and Cleary, the keynoter.

Women will attend the dinner. Persons interested in attending are urged to contact County Clerk F. R. Bulow.

Plans Progress On Scout Night

The Kiwanis club, sponsors of the Cub Scouts, Boy Scouts, and Senior Scout units of Charlevoix, has announced a Scouting evening to be held at the Charlevoix high school gym Monday evening, Feb. 6.

This will be the big event here in celebration of National Boy Scout week and the fortieth anniversary of the Boy Scout movement.

The Kiwanis club is inviting all Cubs, Scouts and their parents together with the adult Scouters to a basket supper that will begin at 6:30 p. m. This will be followed by an interesting and entertaining program which will culminate with an impressive Court of Honor at which advancements in rank, merit badges and other honors will be awarded to a large group of Cubs and Scouts who have worked hard during the past year to qualify.

The Scouting evening program is being arranged by the Boy and Girls work committee of Kiwanis working jointly with the Scout committees. Members of the committee are Victor Spaniolo, Bob Coleman, Gaylord Howell, Frank Oleksy, Bob Hamilton, Herb Campbell, Uno Suomela, Art Ranger, Charles Bleha, and Leon Joseph.

It is expected that H. D. (Pop) Warner Chief Executive of the Scenic Trails Council, of which the Charlevoix units are members, will attend and participate in the ceremonies of the Court.

Members of the Court of Honor will be Mayor Ray Hamilton Robert Bridge, Roy Bennett, Hubert Paddock, Uno Suomela, H. D. Warner, Frank Oleksy and Dr. Fred Young.

No Band Rehearsal

The Charlevoix City Band rehearsal will not be held Monday, February 6, because of the Boy Scout Court of Honor. Rehearsal will be resumed Monday, February 13.

Need 120 Men For Location Of Guard Unit

There remains a "fairly good" chance that Charlevoix may be the site of the National Guard armory in this section of Northern Michigan.

Efforts will be made by the American Legion, Veterans of Foreign Wars and city officials within the next three weeks to obtain adequate personnel for the unit. Some 120 men are needed.

If the men are obtained, they will have to come from nearby towns as only a small handful have indicated any interest here in the proposed unit. Only two young men showed enough interest to fill out blanks for the unit.

Lt. Col. Leo Whitaker, National Guard officer who conferred with officials including Mayor Ray Hamilton, Aldeman John Knight, Irish Coleman and veterans representatives said that the Foster Boat north side plant is adequate for an armory.

Petoskey finds itself with probably enough men but no site for an armory. Boyne City, East Jordan, Ellsworth, Bellaire and Central Lake residents will be asked in the next few weeks if they have any prospects for the unit. Enlisted men get $2.50 for a couple of hours of drilling once a week.

There is a strong possibility that a National Guard firing range will be located near Charlevoix, Colonel Whitaker said, adding that he likes the looks of the Foster Boat site here.

Colonel Whitaker will be in Charlevoix again in the near future to check if there has been anything done to raise needed personnel.

Patricia Hamlin Given Nurses Cap Sunday

Patricia A Hamlin, student nurse at St. Lawrence Hospital, Lansing, received her cap at a special capping ceremony Sunday afternoon at St. Lawrence auditorium. Miss Hamlin entered training at the school of nursing in September.

Her parents, Mr. and Mrs. Charles Hamlin, her brother, Tom, and Gerald Gibbons, spent the week-end in Lansing and attended the ceremony. Tom and Gerry also visited the Michigan State campus and saw the MSC basketball game Saturday night.

Bowling Results

Henry Supernaw, Jr., paced the Charlevoix bowlers last week with a high singles of 217 and Three-game total of 573. Mathews rolled high team score for three games—2551 and Argonne had high singles—897.

Really Antique --- But It Does the Job

Photo by Phil Martin

While it may be considered antique machinery, the shingle mill pictured here is still operating in an efficient manner after 92 years of service. The mill was bought recently by Kit Carson, extreme right, and is being used daily. Also in the picture are Clarence Goldstick, center, and Ernel Nowland who is about to start opeations.

Shingle Mill, Nearly 100 Years Old Is Utilized by Lumberman Carson

Modern design doesn't always make the difference.

Contrary to that popular slogan in advertising, a piece of machinery, nearing its hundredth birthday, is being utilized by Kit Carson to make a special type shingle for the new C. W. Sucher home being constructed by Earl A. Young on west Park avenue, overlooking Lake Michigan.

This shingle mill was purchased recently by Mr. Carson from the Ladd Land Co., at Clam Lake.

This machinery making this special type shingle is believed to be one of the oldest in operation in the middle west. It makes the shake or shingle in special size, in this instance, a 24-inch with a large butt, needed for the roof of the Sucher home.

The shingles are made from cedar logs cut near East Jordan and hauled here. They are then cut in two-foot lengths and made into the special shingles.

The shingle mill has been in operation most of the time since it was constructed in 1858.

While it doesn't have modern design, Mr. Carson said it works efficiently and smoothly. And it does serve its purpose.

Was-wa-gun Under New Management

Purchase of the Was-wa-gun at Eastport has been announced by the new owners, Russ Collender and Art Green. They took possession from Arthur Reese, who has moved to Maple City, last Saturday.

Saturday night entertainment will include the popular square and round dancing. It will be open every night and parties can be arranged by reservation.

Mr. Collender, former insurance man from Bay City, is a former professional baseball player in the Kitty and Sally leagues. He was active in Thumb district sports. His partner is a former designer of boat propellers. He designed the prop used on "Such Crust" which competed in the Harmsworth race.

Pythian Sisters Install New Officers

Newly-elected officers of the Charlevoix Temple No. 149, Pythian Sisters, were installed at a special installation ceremony at the K. of P. hall recently.

The officers are: Most Excellent Chield, Mrs. Albert Edwards; Excellent Senior, Mrs. George Cook; Excellent junior, Mrs. Harold Dutcher; manager, Mrs. Albert Smith; Secretary, Mrs. Herbert Schofield; treasurer, Mrs. Raymond Seymour; Protector, Mrs. John Stebe; Guard, Mrs. Emma Bogart.

Installing officers were Mrs. George Roff, Mrs. Eugene Lewis and Mrs. Robert Livingston.

At the social hour which followed the installation Mrs. Roff and Mrs. Grace Genett served refreshments.

On Thursday evening the Pythian Sisters entertained their husbands, the Knights of Pythias and their wives at a chop suey supper. Pink carnations and white snapdragons decorated the tables at which the forty-five guests were seated. Card games followed the supper. Mrs. Albert Edwards, Mrs. Alvin Cunningham and Mrs. George Roff were the hostesses.

Breaks Leg

Danny Farmer, 13, son of Mr. and Mrs. Richard J. Farmer, is in Charlevoix hospital with a fractured right leg suffered in a mishap while skiing on Belvedere last Saturday. His condition is satisfactory although he will be confined to bed for many weeks.

To Present Varied Program at School Winter Music Concert Here Thursday

The program for the Winter Concert to be pesented at 8 p.m. Thursday evening by the music department of the Charlevoix schools has been announced by C. A. Odmark, music director. The concert will be given in the high school auditorium.

The Kindergarten department, under the direction of their teacher, Mrs. Dorothy McRae, will present two numbers. "The Three Bears" will be given by the morning kindergarten group and "Winter Wonderland" by the afternoon kindergarten group.

The high school robed choir composed of 53 voices will make its first appearance in a program featuring music in a religous theme. Under the direction of Mr. Odmark they will sing "Ave Verum, Corpus", Mozart, sung in Latin; "Lo, How a Rose E'er Blooming", Praetorius; "Break Forth, O Beautiful Heav'nly Light", Bach; "Adoramus Te", Palestrina, sung in Latin; "Bless the Lord", Ippolitoff-Ivanoff; "A Legend", Tschaikowsky; "Lord, Our God, Have Mercy", ("Hospodi Pomilui"), Lvovsky, sung in Russian.

The third portion of the program will feature the Charlevoix high school band of 48 pieces which is making its first concert appearance this year. Included on the program will be the "Overture Argentina", by Buchtel, a required number in the state music festival in which the band will participate later in the year.

The selections to be played by the band under the direction of Mr. Odmark are: "Storm King", march, Finlayson; "Das Pensionat", overture, Von Suppe; "Marcho Polo", concert march Moore; "Overture Argentina", Buchtel; "The Old Refrain", Kreisler, "Star Dust", Carmichael; "Etude in Boogie", Walters; "The Skywriter", march, Bergeim; "Star Spangled Banner".

Record Vote Expected for Primary Here

Registration of eligible voters in Charlevoix is at an all-time high.

Not only that but city officials reported yesterday that the largest number of registrations ever taken in a single day was recorded Tuesday—final day for registration for the primary election Feb. 20. Eighty persons registered Tuesday.

A total of 207 new registrations have been reported. Added to the 1485 recorded at the last presidential election in November, 1948, it means that between 1650 and 1675 persons are eligible to vote.

Interest in recent days has been steadily mounting here as Mayor Ray Hamilton and Alderman John Knight and their supporters intensify their campaign for the mayor's post.

More than 100 applications for absentee ballots have been received and ballots will be mailed out in the next few days. Several residents delayed their trips to southern states last week, waiting until they could obtain ballots to express their votes.

It appears certain that the election will see one of the largest turnouts of voters in the city's history, possibly surpassing that of the presidential year, normally the year when the heaviest vote is cast.

While there has been some interest in the council seat races, attention is being focused on the mayor's race.

New York Doctor Opens Practice

Dr. Isaac Terr, who had been practicing medicine in suburban New York, has arrived to open a practice in Charlevoix. His office will be located at 106 Clinton st. in the building recently vacated by Dr. Robert McClintock who has gone to Petoskey.

Dr. Terr will have a general practice but hopes to devote much of his work to internal medicine and pediatrics.

A native of Washington, D. C., Dr. Terr graduated from the University of Maryland School of Medicine in 1936. After serving an internship at the Hospital for Joint Diseases in New York and at Bonnie Barn Sanitarium in Scotch Plains N. J., he practiced medicine in suburban New York In 1941 he joined the army and for most of the next five years was a flight surgeon with the Army Air Forces in the Caribbean area. He returned to his New York practice in 1946 and left it only to come to Michigan.

Dr. Terr is married and has three children Celia Laurie, who will soon be five, Lewis "Butch" who is three and Jimmy who is two. His wife and children will join him here as soon as he finds living quarters.

How Far Should Welfare Go?

How far should welfare go?

There is a wide difference of opinion on this vital subject in Charlevoix county as well as the rest of the state.

While the welfare problems of the county here are made difficult because of the nature of the resort economy, there are some who say that persons on the welfare should be given only the barest of necessities while being urged to try to get employment--which is not an easy task many months of the year in northern Michigan

The welfare budget was the largest considered by the board of supervisors last fall at its annual budget sessions. A number of supervisors were hostile toward the growing expenditures but they admitted not too much can be done about it. They rightly feel that no one should go hungry.

Elsewhere in the state there is also increased concern about welfare problems. One fact seems to be emerging from the discussions on welfare--that the local communitties should have more to say as to how they will distribute the aid. Those favoring this concept point out that factors vary in each county and demand a different approach in many cases.

On the other hand there are social workers, as represented by Mrs. Esther Schour who spoke at a recent Michigan Social Welfare conference recently and said:

Welfare workers should not be detectives, humiliating clients by trying to find out whether they are in real need or just plain chiselers, Clothing given welfare clients should not be just enough to cover nakedness. It must be quality and style which will make the client socially acceptable.

She continued by saying that food given should not be just enough to maintain good health. Tea and cake and other luxuries are also necessary because of psychological implications. Clients must be given money for recreation and also some money so they can save to be able to feel economically secure.

Are these wild dreams of a fanatic? No. Mrs. Schour is recognized as an able social worker. Her talk was applauded by several hundreds of persons at a Detroit meeting.

When the "welfare state" comes to this country, it will be smart for all of us to get on the welfare where we can eat well, dress in style, have money for recreation and put a little in the bank, too.

Work. Why that is ridiculous. That's for suckers.

Voice of Our Readers . . .

Dear Editor:

We want to express our appreciation and thanks to the National Foundation for its wonderful work it has done for our polio victims.

Our home was sadly stricken when our little son, Irving Jr., was stricken with polio last summer. We were living in Lansing at the time and took him to several doctors there. One diagnosed it as polio but did not hospitalize him so we decided to bring him to Charlevoix to our own doctor--Dr Grate--and he said it was polio. We thank him for what he did. We took him to Munson hospital on his advice.

When we took him there, they praised Dr. Grate for handling the case so well and said Charlevoix was fortunate to have such a good doctor to which we certainly agree. Our boy is five, just ready to go to school but still have hopes he can go next year. He was at Munson until just before Christmas when we took him home.

He was paralyzed from the waist down and also his spine. Today he has the use of one leg which is nearly normal but he has little use of the other leg but we hope, that with exercises, it will improve. He can get around with his crutches. We want to thank God and the polio foundation and all of those who have helped him. We also are indebted to Dallas Henry who represented the Foundation which helped us in our great hour of need and the nurses and staff of Munson hospital. They are wonderful.

It makes your heart ache to see him sometimes but then again what would have happened if we did not have all those fine people with us. All we can say is thank you and urge you to give to the March of Dimes.

Wherever you see the little girl's picture looking at you from the collection boxes in the stores, we ask you to give your dimes so that others may walk.

Mr. and Mrs. Irving Drost

When you buy yourself and friends a treat buy one for the March of Dimes container too.

Scout Leaders Attend Meeting at Otsego

Capt. H. E. Paddock, Uno Suomela, George Wolfe, Mrs. Kit Carson, Mrs. Ralph Hamilton and Mrs. Glenn See were among the 47 scout leaders and officials of the northern district who met last Thursday night at the Otsego Ski Club for the Boy Scout training course. It was also a planning meeting for the National Jamboree to be held at Valley Forge next June.

Mrs. Hamilton was in charge of the club training group and Capt. Paddock, was in charge of the senior scouting section.

The Editor's Face Is Still Burning

Mrs. Rose Pearl writes the Courier from Greenwood, Miss., where she is spending several weeks.

She wants to know why the Courier does not change the year in the weather report for three weeks the 1949 year has been continued.

So this week's issue will finally get around to the 1950 listings for the weather column.

Shakespeare Club Sponsor Games Party

Members of the Shakespeare Club have been giving games parties for the last week for the benefit of the Charlevoix Hospital building fund. Each member of the organization has been asked to entertain two tables at a card game with the proceeds to go to the fund.

Among those who have already entertained at bridge luncheons have been Mrs. T. D. Foster and Mrs. Gordon Freedman who entertained at the Foster home; Mrs. E. J. Edwards; Mrs. Robert Wexstaff and Mrs. Richard Edwards who entertained at the Wexstaff home.

On Monday the Shakespeare Club met with Mrs. Leo Carey for their annual recipe day when each member brings her favorite recipe dish and the recipe by which it is made.

Why Should a Dollar's Worth of Travel Continue to Cost You $1.15?

"IS THIS TRIP NECESSARY?" you were asked in 1941, when every inch of space was needed for troops and war supplies.

To discourage travel then, a tax was added on your travel dollar, a tax that grew to 15% during the war. The Federal Government collected it through the railroads. The Government still collects it, though your travel need not be rationed now.

Today, the original purpose of this tax is as obsolete as an Air Warden's helmet. But, four years after the war's end, YOU are still paying the Government at the rate of $250,000,000 a year in travel tax.

And, of the billion and three quarters collected since 1941, *over half* came out of your pocket *after* the green light on travel went on again.

You don't have food rationing today . . . you don't have gasoline rationing today.

Yet, a very real brake is still being put on travel. On a coach trip from New York to Chicago, for example, YOU are still paying $4.61 in Federal tax.

And the same with the goods that are shipped to your home community. On every dollar you pay for freight, you pay the Government an extra 3 cents (4¢ a ton on coal). That means YOU are still paying over $300,000,000 a year *—freight tax alone.*

* * *

This tax should be repealed NOW. There is no longer any reason you should pay $1.15 for every dollar's worth of travel . . . $1.03 for every dollar of railroad freight.

Mrs. Fred Bergman and Mrs. Keith Wagner won the bridge prizes. Mrs. C. H. Sternberg and Mrs. Harry Glossenger won the canasta prizes and Mrs. Robert King and Mrs. Arthur Geer the pedro prizes.

Late in the evening Mrs. Geer was presented with many lovely gifts.

On Friday evening Mrs. Norton entertained the members of the V. F. W. Auxiliary at the home of her mother, Mrs. Ikens. The 15 members present enjoyed games with Mrs. Clarence Coblentz and Mrs. Jack Warner winning the prizes. The group presented Mrs. Geer with a baby buggy. A social hour and refreshments followed.

Extension Courses Offered at Petoskey

Central Michigan college is again offering extension courses in northern Michigan with each course giving three hours residence credit.

The courses being new this year are political science with Austin Knapp as instructor and Recreation 306 with R. Finch as teacher. Due to a conflict in teaching assignments the school was unable to offer the Art course previously announced.

Classes will meet Wednesday at 5 p.m. at the Petoskey high school. Classes will continue until June.

Let's Talk About A 1950 Farm Fire Insurance Policy

This is 1950 and far different from 1930, 1940, or far that matter, even different than 1949 and the coverage provided by your farm fire insurance policy also must be 1950 style . . . It should cover smoke and explosion damage to your buildings and personal property; loss or damage to livestock killed or injured by vehicles on the highway . . . these and many other '1950 Model' features are contained in the Pioneer Policy, issued only by Pioneer Mutual Fire Insurance Co. of Lansing, Michigan.

A Michigan Fire Insurance Company Owned and Operated by Michigan Farmers for the Protection of Michigan Farms.

Beaver Island

By Mrs. J. C. Hanley

Beaver Island's icy airport, the frozen harbor made solid and safe for the plane to land last week. From now on until the spring thaw, those in the village will have the thrill of seeing the mail plane approach and coast onto the ice.

Shanty Town boomed to seventeen shacks this past week. The weight of the village on ice is on the southwest side of the harbor at the present. Fishermen who are lowering nets beneath the ice are making good hauls. Abe Cornstalk and son, Franklin, brought in 120 pounds Saturday afternoon.

Teddy Wojan returned to Charlevoix last Monday after spending a few day's with his family.

Rolland McCann took his fish tug, Venus II, to Charlevoix for the winter months.

Tuesday evening, officers and directors of the Beaver Island Association of Commerce met at the home of Fred Spalding to formulate plans for the coming months. To raise funds for the Association, a party will be given in the Parish Hall February 9.

The bad weather Tuesday evening did not hinder the members of the Altar Society from turning out in full force to attend the party and potluck luncheon planned as a surprise for four Dominican nuns. The affair was in appreciation for the many services rendered the parish by the nuns. The members, also, filled a large basket to over-flowing with articles for the pantry shelf.

Mrs. Art Larsen left on Tuesday's plane for Traverse City to visit her mother who is very ill.

Mrs. Willie Schmidt and son, Tommy, have returned from Pontiac.

George Miller is in Detroit for the winter months. Martha and children are holding down the fort here on the island in Georges absence.

Mr. and Mrs. Peter Gallagher were called to the Island due to the illness of Mr. Gallagher's brother, Frank.

Pat LaFreniere got his feet wet so he's been whispering all week, a decided handicap for the president of "Nothing but the Truth Society of Beaver Island".

A replica of Raphael's Madonna of the Chair done in oils is a lovely addition to the living room of Doctor and Mrs. Russell Palmer's home. The painting is a gift of Mr. and Mrs. O. C. Wright to the Palmers.

Mrs. Elizabeth Gallagher left on Friday's plane for Charlevoix to visit her daughter and son-in-law, Mr. and Mrs. McDonald.

"Doc" Lyons came to the island on a business trip this week.

Dick LaFreniere does his good turn daily. He keeps a sack of feed in the back of his truck and every day takes a run out to the field opposite the dairy to throw food to the phesants.

Mary Catherine Hanley invited seven of her girl friends to her home Friday evening to celebrate the occassion of her thirteenth birthday. Cards, games and contests entertained the guests. Refreshments were served at individual tables with a small lighted candle on each plate. Those invited were: Carolyn Miller, Audry Gatliff, Rosalie Bennett, Eleanor Gallagher Margaret Ann LaFreniere, Rosemary McDonough and Caroline Left.

Mr. and Mrs. Roger Carlisle arrived during the week to spend a week or two in their island home.

Saturday afternoon, the directors of the Beaver Island Transit Co. held a meeting. Plans are being made for a banquet to be held in the Parish Hall February 6 for the stockholders of the company.

Usually this time of year, the folks who live in the country have stored away their cars due to the depth of snow in the road beyond Four Corners. Sunday, the Anthony Greenes, Pat Bonners and McCauleys drove to church without any difficulty. The roads are being kept open by the lumbermen who are going back and forth from the village to camp.

For the benefit of the Infantile Paralysis Fund, a Scavanger Hunt will be held Friday evening with the contestants meeting at the Shamrock Tavern. After the hunt, a lunch will be served at the Tavern.

Beaver Island Club

Beaver Island--Mrs. Walter Wojan was elected president of the Music, Dramatics and Kindness club which was formed at the home of Dr. and Mrs. Palmer. Refreshments consisting of Florida punch and home-made candy were served.

BABY TALK

Ice Storm Means Crystal Jubilee To Susan Aghosa

To most people the sleet storm last week was an inconvenience but Mrs. Susan Aghosa has come up with a novel idea on the subject.

She feels that Charlevoix and northern Michigan was observing its crystal jubilee with Mother Nature dressing the trees, bushes and even blades of grass in sparkling crystals for the occasion.

People leave the north for a warmer climate but those who stayed behind witnessed one of nature's phenomena, the jewels in the trees as the sun shone on the ice.

This idea is all the more remarkable when one realizes that it comes from a woman who has been blind for a number of years and envisions it from the descriptions given by those who see. She added that recently with the aid of recordings she 'read' a story of Queen Victoria and the beautiful palace decorated in crystal which was built in her honor at the cost of thousands of dollars. But in Charlevoix, she went on, everyone had the same thing for the price of looking out of one's window.

Coach Kipke Presents Awards to Grid Squad

Coach Ray L. Kipke presented football letters to 21 members of his 1949 squad at a pep meeting in the gym last week. Included in the group were nine seniors, eleven juniors and one sophomore.

Receiving letter awards were Fritz Allard, Bill Barber, Jim Bowman, Howard Campbell, Ron Cunningham, Tom Donaldson, Charles Fairbanks, Brad Foster, Gerald Gibbons, George Haggard.

Tom Hamlin, Don Hardy, Jim Jolliffe, Ed Klein, Niley Louiselle, Larry Peterson, Bruce Shanahan, Dale Suomela, Bill Wallace, Bill Ward and Charles Krahnke.

Birthday Party

Mrs. Robert Zeitler entertained at a party at her home Wednesday honoring the birthday anniversaries of her son, James who was six and her daughter, Bobby Jean, who was seven years old.

Twelve little friends enjoyed games and refreshments which included a lighted birthday cake.

Holstein cow produces 83 pounds of butterfat:

A Holstein cow owned by R. S. Wilson on the farm managed by Ernie Brown of Ironton, was the high cow in the Charlevoix-Antrim Dairy Herd Improvement Association for the month of December by producing 82.9 pounds of butterfat for the month. This Holstein cow was a mature cow. The next highest cow was a Durham owned by Peter Winnick of Charlevoix. She was also a mature and prouced 79.9 pounds of butterfat for the month of December.

Peter Winnick also owned the mixed herd of cows that was highest in the association for the month by averaging 34.1 pounds of butterfat for the month for all the cows including the dry ones. Art Nicloy and Sons of East Jordan, owned the Holstein herd that was second by averaging 32.4 pounds of butterfat for the month.

A total of 30 herds was tested by Don Graham, supervisor, with a total of 338 cows including 73 dry cows. The average test was 4.04 percent with an average production of 531 pounds of milk and 21.5 pounds of butterfat for the month of December for all cows. The average returns per dollar feed cost was $1.46. The average feed cost per pound of butterfat was 60c and per hundred weight of milk was $2.44.

Rayders Must Dispose of Boyne City Friday Night To Remain in Northern Class C Title Race

All county roads will lead to Boyne City tomorrow night as an over-capacity crowd is expected to see the Charlevoix Red Rayders meet the Boyne City cagers in a game which will go a long ways toward settling the Northern Michigan Class C league title.

Boyne City has won seven and lost two (not including this week's schedule) while Charlevoix has won seven but dropped three contests. If Charlevoix is to stay in the race for the title, the county seat lads will have to dispose of Boyne City.

Boyne City may rate a slight favorite as they have added height and have shown improved form in recent games. Charlevoix has looked better in the last two games, winning a close one at Harbor Springs last week after breaking its losing streak of three games against Pellston. Both teams trail East Jordan which dropped two games recently. Charlevoix gets another crack at East Jordan later this month.

A defeat for either Boyne or the Rayders will make it tough for them to overhaul the Jordanites who apparently have lost the fine edge they enjoyed earlier this season. Boyne is rated a powerful outfit and the Rayders will have to be hot all the way to win this one.

Coach Kipke points out that Boyne will be out to avenge that loss at the hands of Charlevoix a few weeks ago. He also added that his team is showing some improvement in recent games.

The Boyne-Charlevoix game should be a thriller.

Let's Look at the Record

Facts--Not Wild Rumors

It's not unusual for the City to borrow money this time of year

During 1948, the city borrowed $22,000 During 1949 the city borrowed $35,000

THESE LOANS WERE PAID in 1948 and 1949

Now in 1950 the city is borrowing $19,900 in anticipation of taxes. This amount is far less than what was borrowed in the last two years.

This loan will be paid from taxes collected after July 1, 1950. The city's fiscal year ends March 1 but taxes will not be collected until July 1, 1950.

There was a valid reason why the city borrowed money in 1948, 1949 and 1950

This is why the city borrowed money . . .

The approach to the new bridge cost the city $9,732 which was paid to the State Highway Department.

The back payment on the contract of 1941 for acquisition of property adjacent to the bridge was an additional $9,000. (These payments were deferred because the bridge could not be built during the war.)

Sewer construction necessitated by the new bridge cost the city $1,069.10.

Construction of the auto parking area near the bridge and cleanup of the area cost the city $3,369.33.

Purchase of an electric cable for the railroad bridge crossing cost $6,419.50.

The new Diesel engine at the power plant cost $148,183.04.

The city was bonded for this purpose for $107,000.

The balance was paid by the city from current funds, amounting to $41,183.04.

The 1949 water main extensions cost $9,133.39.

The city street department garage on May street cost $2,556.83. This was for materials only as the city labor constructed the building.

These Improvements total $82,463.19

Expenses were extraordinary in the last three years because it was impossible to replace worn-out machinery during the war. During 1947-48 and 49, new trucks and other city equipment were purchased at the cost of $4,154.

The city has emerged from these difficult years and the above improvments have been paid for.

None of these items is likely to recur again.

Despite rumors to the contrary, the city's finances are in sound condition. The State Municipal Finance commission attests to the soundness of the City's finances.

Lewis Allards to Celebrate Their Fifty-Ninth Wedding Anniversary

Lewis Allard, retired lighthouse keeper and Mrs. Allard will observe their fifty-ninth wedding anniversary Sunday. The couple plan a quiet observance of the occasion.

Married at St. Francis church in Petoskey, the only Catholic church with a permanent pastor at the time, the couple made the journey to Petoskey by horse and cutter. After their wedding they returned here to make their home, and except for the time spent at various lighthouses along Lake Michigan they have resided here. The couple has lived at Beaver Island, Squaw Island Frankfort and Point Au Sable where Mr. Allard has served as light keeper. Mr. Allard retired in 1933. For many years he spent his spare time fishing but in recent years he has had to give that up. Both are homebodies and, as Mrs. Allard puts it, "We are glad to stay home for we have done our share of traveling about through the years."

Mr. Allard, who is now 80, was born on Fox Island and came to the mainland about 1887. He worked on tugs and sailing vessels and later other power-driven crafts before entering the lighthouse service.

Mrs. Allard is the former Pauline Cheney. She was born at Bracebridge, Ont., April 15, 1873 and came to Charlevoix when she was sixteen. She likes to remember those days, she says. The harbor here was filled with sailing vessels which came to port to haul the lumber and logs away. She also likes to remember the passenger boats which operated between Charlevoix and East Jordan, and Boyne City in Lake Charlevoix and the one which went to Petoskey in Lake Michigan.

The couple has one son, Lee; a grand-daughter, Mrs. Robert Berington and three great-grandchildren.

Council Given Look At New Budget

(Continued from page one)

ed the admonition that each department be required to live within its income. The proposed budget totaled $87,500 but will not be adopted until April.

Swinton said that the council will not have much margin for heeding requests for extra services. One councilman remarked that the council will be required to say no to some legitimate requests in the next 12 months.

If the city departments practice economy, Swinton said the city will be able to show a slight profit above operations expenses.

Alderman W. E. Goss urged the council to set up a reserve to be used by the city in the event of a bad storm when much money might be needed for poles and wires. No action was taken.

In answer to a question from Probate Judge Floyd Supp regarding a possible sewage charge on water this summer for sprinkling purposes, the council said there would be unless special meters were installed for that purpose.

Physical Exam

Councilmen agreed that new city employees should be given a physical examination before going to work. At present city employes are given one sick day for each month of the year up to an accumulation of 90 days.

The council deferred until next meeting action of repairing the school board's building on Petoskey avenue, which until a few weeks ago was being used by three county offices. New false ceilings for the building are under consideration but the fire marshal went on record as opposing it as a fire hazard.

Bills totaling $4,806.38 were ordered paid.

Scouts Feted By Kiwanians At Honor Event

The Boy Scout court of honor and testimonial program, sponsored by the Kiwanis club, Monday night was termed one of the best youth programs in recent years.

"Pop" Warner of Traverse City, chief executive of the Scenic Trails council, was gratified with the large turnout at the school gym and said that scouting has come a long way in Charlevoix in the last few years.

High point of the program was the presentation of the Star scout award to Tom Bleha, son of Mr. and Mrs. Charles Bleha, who is believed to be the first local boy to become a star scout.

Mr. Warner commended the Kiwanis club for its sponsorship of the scout troop and expressed the hope that the movement here will become greater each year. Leon Joseph, general chairman of arrangements, and his committee were credited with planning one of the best programs for Kiwanians and their guests.

Bill Mosier, Stewart Walker and Larry Burns were advanced to first class. Larry Burns and Tom Bleha were also presented merit badges. The names of the other award winners will be announced in next week's issue of the Courier.

Several humorous skits were presented by the Cub Scouts and Boy Scouts, depicting various phases of scout activity.

Rev. Gaylord Unwell, scoutmaster, said grace. Roy G. Bennett, club president, presided. Rev. W. D. Wood led group singing. Other who took part in the program were Uno Snometa, Robert Hamilton, Frank Oleksy, Hubert T. Paddock, Leonard Burns and Leon Joseph.

Mrs. Clara Todd, 82 Claimed by Death

Mrs Clara Todd, 82, a Charlevoix resident for 50 years, died Tuesday afternoon at the Ettig Convalescent Home She had been failing in health for several weeks.

Born Clara Burdick at Berrien Springs, Mich., Mar 20, 1867, her family moved to Cheboygan about 1882 She was maried to Frank J Todd at Cheboygan on June 4 1889 and they came to Charlevoix to make their home about 1900. Mr. Todd died Nov. 24, 1924

Mrs. Todd was a member of the Episcopal church. She held a life membership in the Order of the Eastern Star, was Past Matron of this chapter, and was a member of he Maccabees.

Surviving are four daughters, Mrs. Frances Olmstead of Charlevoix, with whom Mrs. Todd made her home, Mrs. S. B. Clark of Dallas, Tex., Mrs. Charles Emrey of Glendale, Calif., Mrs. George Kalbfleisch of Petoskey; a son, Gordon, of Dallas; 13 grandchildren and 8 great-grandchildren.

Funeral services will be held at 2 p. m. Saturday at See Funeral Home, with Rev. Carl A. Hoch of Petoskey officiating. Burial will be in Brookside cemetery.

Will of Mrs Loeb Filed in Probate

The will of the late Mrs. Anna H. Loeb, who died at her home Jan. 23, was presented for probate by Robert Bridge, executor named in the will, in Charlevoix county probate court Tuesday. A hearing has been set for Monday, Feb. 27, at the probate office.

The petition lists estimated real estate of $75,000 and estimated personal estate over $150,000.

Mrs. Loeb who died last month has been a summer resident here more then 30 years and for the last two years had remained at the Loeb Farms during the winter. There are three sons, Allan, Ernst G. and Thomas H., all of Chicago.

Opens Practice

Dr. Isaac Terr

Dr. Isaac Terr, former physician in suburban New York, is a newcomer to Charlevoix where he has assumed the practice of Dr. R. S. McClintock. Dr. Terr's office is in the former McClintock site on Clinton street. He will conduct a general practice but hopes to spend much of his time on internal medicine and pediatrics.

Girl Scouts to Be Host to Area Leaders Here

The Charlevoix Girl Scout Council will be host to Girl Scout officials who will be in Charlevoix Feb. 21 and 22 to offer a Basic Leadership Course to Girl Scout workers from 13 northern Michigan cities.

Miss Rita Farnum, national field representative, and Miss Irene Straub, Girl Scout executive of Traverse City, will conduct the sixteen-hour course at the Congregational church during the two day school.

The course, which is open to anyone who cares to register, is designed primarily for persons interested in Girl Scouts who are now working with the Girl Scout organization or who may at some future date want to join in Girl Scout work.

The course should be especially interesting to the mothers of Brownie Scouts who perhaps feel that they are not schooled in scout work enough to help out in troops but who would like either now or as their children grow older to join in Girl Scout activities.

"We feel that the women of Charlevoix are being offered a rare opportunity to lear more about Girl Scouts by having the course offered in our town", Mrs. H. E. Paddock, president of the focal Girl Scouts said. "It is for this reason that we are urging everyone who is interested in Girl Scouts to register for the course."

Persons taking the course need not feel that they must participate in Girl Scout activities immediately but we feel that when you know more about the

Need Patience, Support to Get New Industry

Charlevoix and other cities in northern Michigan can obtain needed industry if they will work together on a long range program, Don Weeks, chairman of the Michigan Department of Economic Development committee said, in an address Saturday at Traverse City.

At the request and invitation of State Sen. James T. Milliken, Irish Coleman, Robert Bridge, Gordon L. Freedman and Conrad Klooster of Atwood attended this meeting which attracted some 90 leaders from Northern Michigan communities, all seeking the same thing, industry. The meeting was called to help communities obtain new industries.

Mr. Weeks said that it is necessary to marshall all the facts such as the number of employables, type of industry most suited to the community, rail and truck transportation and have the information documented before talking to a prospective plant owner.

"Don't be impatient," Mr. Weeks advised Board of Commerce and other community leaders. It takes a lot of time and effort before success can be achieved. And there will be plenty of discouragement along the way. He added there is not a town in Northern Michigan which can't in the next five or six years obtain a small industrial plant. "But it can't be done by one man overnight."

He assailed some communities in this section of the state for not servicing their "No-1 industry, the resort and tourist trade." We must do our utmost to make these visitors want to come back again, he said.

"Northern Michigan is in danger of losing out on a lot of summer business because many of the residents do not cater to the resorters."

Another bit of advice for northern communities from Mr. Weeks was the need for servicing present industry. Often times, he said, present plants can be made larger if there is enough co-operation and interest on the part of the residents.

Former Resident Dies In Boyne City Home

Funeral services for Archibald Newton, former Charlevoix resident, were held at the Stackus Funeral Home in Boyne City Wednesday with burial in the Brookside cemetery, Charlevoix.

He died Sunday morning at the home of his daughter, Mrs. George T. Zipp, in Boyne City where he had been living for some time.

Mr. Newton lived in Charlevoix many years and operated a draying business, leaving here about 1920 to live in Detroit. He remained in southern Michigan until recently.

He is survived by two sons, Archie Jr. and Eugene, of Detroit; four daughters, Mrs. Lucinda Putkey, Mrs. Lucille Hamilton and Mrs. Tom Rodgers, all of Detroit and Mrs. Zipp.

If You Can't Recall This Band - - - You're Not An Oldtimer

Eight members of the Charlevoix Ladies Cornet Band which was organized in 1883. Pictured are: Back row, Ella Keltner, the youngest member of the band who was 13 years of age, Lottie Mason Markham and Blanche Bartholomew. Middle row, Agnes Miller Jarvis, Florence Cole Johnston, Flora Ainslie Lewis and Lillian Bice, daughter of Prof. Bice who organized the group. Seated, on floor is Jessie Carpenter Emery. Six other members of the band were not present when the picture was taken.

Ladies Band Was Talk of Our Town In 1883

Charlevoix, it seems, has always been a 'band town' and the latest musical organization to be brought to light is the Charlevoix Ladies Band which was organized here about 1883 by the late Professor Bice. Fourteen young women ranging in age from 13 through 20 years played in the band.

Mrs. Florence Johnston, one of the members of the band who now lives at 305 Mason st., recalls that the group was very popular and that many young women of the town wanted to belong but Prof. Bice kept the number at 14. Their uniforms were navy blue trimmed with rows of brass buttons under which they were numerous petticoat "In those days," she goes on, "no one would think of wearing any articles of boy's clothing. We had to have some sort of hat however, so we used boy's caps with a large black plum across the front to give it a feminine touch."

The band had many engagements and played on excursion boats which ran to Traverse City and Petoskey and also at various activities in the two cities. They also participated in many local programs and parades. The organization played together about a year and a half when it disbanded because many members were being married and leaving the group.

Among the others who played with the band but are not pictured were Ella Sarah Aldrich and a Mrs. Rhinehart of East Jordan who played the bass drum. A Fred Smith, a snare drummer also played with the group, "because," as Mrs. Johnston says, "a woman just didn't play a snare drum." She is unable to remember the other members of the band at that time.

Brown Motors Gives New Dodge to Aid Hospital Campaign

A 1950 Dodge sedan has been given to the new hospital fund committee by Brown Motors in Charlevoix to be given away next Labor Day as part of the fund-raising project.

Plans are being made for the annual hospital carnival, Herb Schofield, activities chairman, announced. The carnival will be held July 28-29 and will not conflict with Venetian Night.

In announcing the gift of the car, Benjamin Brown said that he was glad to be able to assist in such a worthy project and wished that the car would result in raising several thousand dollars for the new hospital.

Members of the carnival committee are Schofield, Ed Edwards, and Dean Davenport.

Meanwhile, efforts have been made by the hospital committee to inform nearby communities of the drive to raise funds for a new hospital here to serve neighboring areas.

Representatives have appeared before groups at East Jordan, Ellsworth and Central Lake. Within the next few weeks, efforts will be made by the committee to assist the local committee in planning a fund drive in nearby areas.

Masons Add to Lead In Cribbage Tourney

The Masons increased their lead to 1232 points over the Odd Fellows in the sixth night of the cribbage tournament. The Masonic margin Monday night was 374 points.

Barnie Engelhart was high Masonic player with 961 and Robert Bergman with 940 was high among the Odd Fellows.

Hospital Reports Busiest Month In Its History

Business is still on the increase at the Charlevoix hospital.

The monthly report for January showed 110 patients spending a total of 719 patient days, believed to be the greatest case load the hospital has ever had.

On three different occasions, there were 33 patients being attended in the hospital. Several other patients whose doctors knew that the hospital was crowded, took them to other hospitals.

The case load in recent months has been increasing greatly. In former years, December and January were two of the lightest months of the year. More patients were cared for in recent months than were admitted last summer when the summer population normally increases the hospital case load.

Sacred Music

A program of sacred music will be presented at the Church of God Sunday, Feb. 12, at 8 p.m. **The Evangelical Male Quartet of Traverse City will sing. There** will be solos, duets, quartet singing with soprano obligato.

District Boxers to Take Part in Fight Show Here Feb. 25

A 12 bout boxing card of amateur fights from northern Michigan cities will be held Saturday, Feb. 25 at the school gymnasium.

Herb Schofield, activities chairman for the hospital drive, announced plans for the benefit boxing card late yesterday. Part of the proceeds will be given to the polio drive.

The fights are being arranged under the sponsorship of the Knights of Pythias here. Boxers from Cheboygan, Boyne City, Alpena, Rogers City, East Jordan and from other towns will participate in the charity fights. Some of the battlers are Golden Gloves who took part in the recent eliminations at Boyne City.

Bleacher, reserved and ringside seats will be available, Schofield said.

Ironton Ferry Business Drops Sharply in First Year of Tolls

A report on the cost of the operation and maintenance of the Ironton Ferry which during 1949 was operated as a toll basis for the first in more then 60 years was made this week by the Charlevoix county Road Commission which assumed operation of the ferry Jan. 1, 1949.

Previous to this date the ferry had been operated by the Charlevoix county Board of Supervisors on a free basis with the expense taken from the tax revenue of the county. With the increased cost of labor and equipment it was decided by the Board of Supervisors late in 1948 that it would be necessary to toll the ferry in an effort to make it at least partially self-supporting.

It was also decided that the County Road Commission, being the only county unit havin personnel that could with the minimum of expense administer the operation, should take over this operation for a period of one year. It was agreed that the county board of supervisors would underwrite all expense not covered by the revenue received from the tolling of the ferry.

When the Charlevoix county Road commission assumed its responsibilities several changes were instituted. Among them was the advance in salaries for the personnel to conform with wages paid the road maintenance crews.

When the Road Commission inaugurated a retirement plan effective Oct. 1, 1949, the employees on the ferry received this benefit as well as hospitalization and compensation benefits that have been in force in the Road Commission for years.

Also included in the expenditures for the first time in 1949 was a depreciation reseve since the commission feels that it is good business practice to maintain a reserve for contingencies. The replacement value of the ferry and installation at a minimum would be $90,000.00. Based on a 50-year life and already 22 years old the depreciation is fig-

Band Members from 10 Schools Practice Here Saturday for Traverse City Festival

The Select Band composed of players from ten schools of District No. 2 of the Northern Band and Orchestra Association will meet in Charlevoix Saturday for a rehearsal in preparation for the concert to be given during the Qualifying Festival at Traverse City Feb. 25. Seventy-five young musicians C. A. Odmark, Charlevoix band director has announced and their respective directors will meet at the high school auditorium at 10 a.m. for the rehearsal period.

Charlevoix band members who are playing with the select band are: Dwight Smith and Sue Miles, clarinet; Barbara Bice, flute; Becky Badger, oboe; Roger Sweet, bass clarinet; Marilyn Blissett, tenor saxophone; Marilyn Blissett, baritone saxophone; Lorna Lewis, french horn, Bruce Shanahan, bass; Marilyn Ikens, drums. Other members come from Petoskey, Alanson, Harbor Springs, Boyne City, East Jordan, Boyne Falls, Gaylord, Elk Rapids and Traverse City.

The Select Band will appear in a public concert at Traverse City Saturday evening following the individual appearances of all ten bands before adjudicators to qualify for participation in the State Band Festival next Spring. Solo and ensemble groups will play Saturday morning and the bands and orchestras Saturday afternoon. Adjudicators will be Leonard Falcone, band director at Michigan State College, and Keith Stein, member of the music faculty at Michigan State College.

The Select band concert is being given at the Qualifying festival to raise funds to defray the expenses of the festival.

Benefit Party

Congregators will meet Wednesday evening Feb. 15, for a benefit games party. Hostesses for the meeting are Mrs. Dorothea Badger and Janet Livingston.

At the Feb. 1 meeting, the group singing was led by C. A. Odmark, and films were shown. Hosts were Mr. and Mrs. Robert Hamilton and Mr and Mrs. R. Richards.

Rayders Lose Ground in Loop Title Battle

A terrific scoring outburst in the final quarter enabled Boyne City to outdistance Charlevoix last Friday night in a crucial game to stay tied with league leader East Jordan which defeated Mancelona. The teams are tied with nine wins and two losses.

The score of the Boyne City-Charlevoix game was 59-41. It evened the series this year between the two teams as the Rayders took the measure of Boyne earlier in the season. The game was fairly close except in the last period when Mason, Shaler, Erickson and Peck teamed up for 23 points.

The best Charlevoix could do was 12 points in the final quarter. Charlevoix led at the half 23-22 but the winners came back with 37 points in the last half. The score by quarters was 13-9, Boyne, first quarter; 22-23 at the half, Charlevoix; 36-29 at the third quarter, Boyne and 59-41 at the close of the game.

Mancelona, a team which nearly upset Charlevoix a few weeks ago, comes here for a game tomorrow night.

Shaler was high point man with 18, followed by teammate Peck with 14. Chuck Fairbanks had 13 and Bill Wallace 11 for Charlevoix. Shaler was a tough man for Charlevoix to watch in the last half, hoping in seven buckets to give his team a healthy margin.

The Rayders played hard and showed a good brand of ball, but were unable to stop the Boyne lads who had their "shooting eyes" and missed a few good shots. Their superior height paid dividends in controlling the ball under the basket.

The Red Rayders caught the Boyne team when they were at an offensive peak, Charlevoix which had been a good second half team did not have the scor-

Former Resident Expires in Detroit

Funeral services for Mrs. Edith Carr, 76, widow of George T. Carr, who died unexpectedly Wednesday in Detroit, were held at the See Funeral Home Friday with burial in the Brookside cemetery. Mrs. Carr, a resident of East Jordan, had gone to Detroit to spend the winter with her sister, Mrs. Charles Burnham.

Born in Simcoe, Ont., the former Mary Tisdale came to northern Michigan as a young girl. She was married to Mr. Carr in Charlevoix and they made their home here until going to East Jordan about 1910 to open a store which was operated by Mrs. Carr until 1945. Mr. Carr preceded her in death in 1935.

She is survived by a son, Edward of Rimrock, Ariz., a sister, Mrs. Burnham and a brother, George P. Tisdale, of Vancouver, B. C., and two grandchildren.

Combined Effort May Land Guard Unit for Charlevoix

There still remains at least a fair chance that Charlevoix will get a National Guard unit.

While there is a lot of groundwork which needs to be done, community support (not just lip service) will go a long way in proving to National Guard authorities that a guard outfit here is wanted.

While this community cannot hope to obtain enough men by itself to man the unit, there is nothing to prevent leaders here to seek men and officers from nearby towns and villages. In fact, steps are being taken toward enlisting men in Boyne City, East Jordan, Central Lake, Bellaire and other towns.

Some 120 men plus officers are required to man the outfit. Boyne City has indicated it has needed officer strength and 15 or 20 men have indicated their desire to join a guard unit in Charlevoix. At least this is a start.

The leaders here have several weeks before Lt. Col. Leo Whitaker, National Guard officer, who will decide whether there are enough recruits and officers here are interested in forming a unit, returns to make a final decison.

The challenge is a great one and much work is necessary. The unit, if formed here, is expected to have a $40,000 annual payroll. That would certainly help business in Charlevoix.

Veterans organizations should make every possible effort to explain the setup to their members as they have the needed manpower in their groups to make the unit here a reality.

The north side building of Foster Boat Co., has been approved as an armory site. But men are needed if the unit is to be installed here.

We think the necessary complement of men can be obtained if effort is made to enlist them.

Nearby Communities Join to Aid Hospital Fund

Several communities in recent weeks in Charlevoix county have indicated they will attempt to raise funds for the proposed hospital here.

Leaders in these communities realize that they have a stake in the area hospital here to which they may send patients. A glance at the present hospital records disclose that more and more patients are coming here from Ellsworth, East Jordan, Central Lake, Bellaire and Antrim.

Representatives of the hospital fund drive have appeared before various groups in surrounding communities and have been well-received. Many residents outside Charlevoix realize that a new hospital here will be an asset to the entire district.

Brunch committees are being formed in most parts of the county and will integrate their fund-raising efforts with the local drive.

The communities are to be commended for their interest in obtaining the best hospital possible to serve the area, particularly today when persons are stricken with sudden illnesses and accidents. They have a right to the best type of hospital money can buy.

Their work is encouraging to the hospital committee which has pledged itself to be ready to build in two years.

Rabies Increasing, State Medics Say

Rabies in animals is increasing in Michigan, the Michigan Department of Health warned today in urging that all dogs be vaccinated.

Early spring is the time when rabies is most rapidly spread among animals.

Now is the time to have your dog vaccinated—to protect his life, your life and the lives of your family, the Department warned. Many veterinarians are offering special rates on dog vaccinations at this time.

Some counties require that dogs be vaccinated for rabies before they can be licensed. Under a 1949 law, any county board of supervisors can require dogs to be vaccinated before they are given licenses, whether or not there is a case of rabies in the county and whether or not the county is quarantined.

Compulsory vaccination of dogs, the impounding of all stray dogs, and the quarantine of dogs in infected areas are the only protection against rabies for either man or animal.

Rabies in animals is hydrophobia in humans. Man gets the disease from a bite or the saliva of an infected animal. Since rabies is increasing, any person bitten by an animal should go to his physician at once. Not only dogs, but cats, cows, horses, squirrels, skunks, foxes and other warm-blooded animals contact rabies and can give it to humans.

Soil District Re-Elects Two

The Charlevoix Soil Conservation District held its second annual meeting in the Boyne City High Jan. 19. Sixty-nine farmers and their wives attended. The meeting started with the showing of a soil conservation movie entitled "By Land We Live".

George Klooster, East Jordan, chairman of the board, was in charge of the business meeting. All directors, which included George Klooster, Clayton Healey, Norval Korthase, Peter Winnick and Carlton Smith and Ed Rebman, county agricultural agent and secretary of the board and Ed. Watkins, farm planner, gave reports. A total of 109 farmers owning 16,156 acres asked for assistance about 1025 acres now have written plans completed. A total of 1051 soil samples need 2 tons of lime, per acre, 210 samples needed 1 ton of lime per acre and 818 samples needed no lime. The majority of the phosphorous and potash showed low. This means that farmers should be careful about adding lime but they should use a fertilizer high in phosphorous and potash.

The business part of the program included the election of two directors as the terms of Clayton Healey and Norval Korhtase expired. There were four nominees and they included Clayton Healey, Curtis Nicloy, Norval Korthase and William Blekkenk, Healey and Korthase were re-elected for three year terms. Ed. Rebman introduced D. L. Clanahan, crops specialist and Ed. Longnecker, soils specialist, both from Michigan State College.

Cooperators of the district are turning in their orders to the secretary for pine trees for spring planting. These orders include a total of 18,400 pine trees. More orders are expected in the next few days. The next board meeting of the distfict will be held in the county agents office at Boyne City, Tuesday afternoon, February 14 starting at 2:00 P. M.

Buy Cottage Court In Jacksonville Beach

Mr. and Mrs. William Flynn have purchased a cottage court at Jacksonville Beach, Fla. The court, to be known as the Flynn Cottage Court, is located at 419 2nd St. South, and is located one and a half blocks from the beach.

Quite a Charlevoix colony has grown up at Jacksonville Beach. Franklin Left, former Charlevoix resident, has opened a new restaurant known as the "Chatterbox". Mr. and Mrs. Harry Turner have also opened a new business there.

The Third Time The Anti-Trust Lawyers Were Wrong!

Is it a crime to give people more good food for their money?

For 90 years A&P has devoted all its energies to this end.

For many months now the anti-trust lawyers from Washington have been giving stories to the newspapers, making speeches and talking over the radio about this company.

They have been making serious and damaging allegations about the methods that enable A&P to give its customers better food values.

We have already told you about other times the anti-trust lawyers made charges against us that were proved utterly false in court.

In the left-hand column on this page you can read what the federal judges had to say about those two cases.

Now we are going to tell you about the third time a federal judge decided against the anti-trust lawyers.

What Has Gone Before

Today's ad is the third in a series telling about times the anti-trust lawyers made serious and damaging charges against A&P that the courts decided were not true.

In the first ad in this series we told you about the time the anti-trust lawyers charged that A&P, and other good American citizens, conspired to fix the price of bread in Washington.

These charges were false.

That was the time Federal Judge T. Alan Goldsborough instructed the jury to bring in a verdict of "not guilty".

It was the time he said to the anti-trust lawyers:

"If you were to show this record to any experienced trial lawyer in the world, he would tell you that there was not any evidence at all.

"Honestly, I have never in my over forty years' experience seen tried a case that was as absolutely devoid of evidence as this. That is the honest truth. I have never seen one like it."

But that was not the only time the anti-trust lawyers made such serious "allegations" against A&P which were false.

In our second ad we told you about the time in Wilson, North Carolina, they charged A&P's fresh fruit and vegetable buying subsidiary, and other good American citizens, with conspiring to fix and depress prices paid farmers for potatoes in North Carolina, Virginia and Maryland.

Here again, as in the Washington bread case, the charges were false.

This was the time Federal Judge C. C. Wyche directed the jury to bring in a verdict of "not guilty".

It was the time he said to the anti-trust lawyers:

"I have studied this case from the very outset. In my opinion there is no testimony produced from which it can reasonably be inferred that the defendants entered into a combination to depress or lower the price of potatoes.

"I might say that I never tried a case in my life where a greater effort, more work, more investigation had been done, combing almost with a fine-tooth comb to gather evidence, as was done in this case.

"But, as was said a long time ago, you can't make brick without straw, and you can't make a case without facts."

So here were two cases in which the anti-trust lawyers made seriously damaging charges against A&P, in which the judge decided that there were no facts to support those charges.

Today, we want to tell you about the third time—this time in Dallas, Texas—the court decided against the anti-trust lawyers.

The Dallas Anti-Trust Suit

In 1942 the anti-trust lawyers went out to Dallas, Texas, 1,400 miles from the homes of most of the defendants, and instigated criminal charges against A&P.

About this case one thing was sure.

Their previous experience did not deter the anti-trust lawyers from making more inflammatory and damaging allegations, just as they had done before.

They made practically the same allegations they are making today.

Federal Judge W. H. Atwell ruled that the case should not even be tried. He said that the indictment contained inflammatory statements that he would not permit to be presented to a jury.

Judge Atwell said to the anti-trust lawyers:

"If I thought I was presiding over a court and that I might have to sentence some person because he was a great big fellow, or because he was a Lilliputian, I would feel like resigning. God knows we don't want it ever to occur in America that the size is going to determine whether a man is guilty or innocent."

Judge Atwell also said to the anti-trust lawyers:

"If the indictment is not good then it is better to find out before an expensive trial than it is after an expensive trial. I do not think it is good, and thinking that, it is my duty to sustain the demurrers and motion to quash."

In short, Federal Judge Atwell threw the anti-trust lawyers and their case right out of his court.

So that makes three times that the anti-trust lawyers made damaging allegations against A&P. In two of these cases federal judges said they were all wrong. In the third case a federal judge said that the indictment was inflammatory and he would not even permit the case to be tried.

The anti-trust lawyers were not satisfied with the Dallas decision.

Neither were they satisfied with the two other decisions in which federal courts administered stinging rebukes to them.

They were still determined to destroy A&P.

In our next ad we will tell you how they continued their campaign in this case in the Circuit Court of Appeals and subsequent proceedings.

We will show you how, once again, they disagreed with the courts.

●

Everything that has happened since this suit was filed proves that the American people don't want A&P destroyed.

A deluge of letters from people in all walks of life and thousands of editorials in newspapers and magazines convince us that the public has faith in A&P.

The housewives of this nation, whose patronage has made this company big, are buying from us in increasing numbers and increasing volume.

Our suppliers, whom the anti-trust lawyers allege we have exploited, are rushing to our support.

Labor leaders, mindful of the fact that A&P employees enjoy the best wages, hours and working conditions, are taking a stand against the suit.

Even many of our good competitors, who the anti-trust lawyers allege are hurt by our competition, have taken ads to tell the public that they don't like this attack on A&P.

All this indicates that the American people realize that the suit to destroy A&P is really a suit against efficiency, against low prices and against real competition.

Apparently most Americans do not want to let the anti-trust lawyers in Washington blow the whistle on any businessman who does a better and more efficient job and grows big in the process.

No one can make them believe it is a crime to try to sell the best quality food at the lowest possible price.

This Is A Fact --- Not Wild Rumor

Until now I have not wanted to become involved in any public controversy. Because the Knight faction has attempted to influence voters by claiming my support, I feel justified in clarifying my position regarding this election.

Several reports have reached me that I am backing John Knight for Mayor. THIS IS NOT TRUE.

I have heard that absentee voters received letters urging them to vote for Knight and that Ernest Loeb and myself are supporting him. Mr. Loeb has asked me to point out that his support of Knight is pure fiction.

If Knight's campaign claims have no more basis of fact, his issues are pure fiction.
How could my few contacts with him to organize a volleyball league be interpreted as support?
In my opinion his claims of what he will do are just as ridiculous.

The main issue of the Knight campaign is apparently the ousting of Mr. Leitch.

It appears to be Knight vs. Leitch not Knight vs. Hamilton.

The belief that Knight must be elected to fire Leitch is downright silly.

This claim is as foolish as the report that I am supportin Knight.

Leitch is a city employee. He can be removed at any time by simple procedure of petitioning the council. The council has the power to remove any appointive city employee.

Rumors are circulated that Knight is the only person in town interested in getting industry.

Again let's look at FACTS --- NOT RUMORS

1. **Mayor Hamilton has supported every attempt to induce new industry to move to town. Official city records prove that.**
2. **Irish Coleman representing the Board of Commerce, the proper agency to obtain industry, has carried out a detailed thorough program with prospective factories for the past eight years. Every fair minded resident knows that Mr. Coleman has done everything possible through a sensible well thought-out approach for new industry. His interest in Freedman Artcraft was the biggest single factor in our locating here.**

Any well thoughtout industrial program must take into consideration several factors:

- **Number of available employees broken down as to skill and ability**
- **Electric power available**
- **Rate of water delivery available**
- **Waste disposal**
- **Passenger and freight transportation**
- **Frequency of mail service**
- **Adequate hospitalization and school facilities**
- **Housing for key employees**

The above views of industry are similar to those of Mayor Hamilton

Ray Hamilton has cooperated in every possible way in the establishment of our plant and improvements necessary to increase employment in Charlevoix. He is capable, consclentious, reliable and is forthright and aggressive in his effort to improve all phases of our community.

From where I sit ... by Joe Marsh

"Left-Handed Compliment"

See where a bank in Denver is putting in left-handed checkbooks. They figure their southpaw depositors deserve just as much consideration as the right handers.

Time was when it was believed that left-handed people had no right to exist at all. If a youngster showed signs of using his left hand, his parents were supposed to break him of the habit—to *force* him to use his right.

But today most doctors will tell you that changing a child's natural left-handed tendency usually causes more harm than good. Stammering and other nervous disorders often get their start that way with children.

From where I sit, if a man wants to use his left hand—that's *his* business. It's not such a good idea to make anyone do things our way, just because *we* think it's right. Personally, I think a mellow glass of beer is the finest beverage on earth. If you happen to prefer a Coke—why, go to it! Only leave me the same freedom of choice, won't you?

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

There were no complaints about the weather on Beaver Island last week. The days were pleasant, but the nights were out of this world. The Island, bathed in the most glorious moonlight, was so bright and beautiful.

The Island is white with snow, but the folk who live in the country are still coming to town in their cars. The Petersons, who are spending the winter in their cabin at the head, and incidentally their first winter on the Island, are coming to town regularly in their truck. Ed and Dan Greene drove into town. "And," said Lizzie Mooney, "We haven't been able to drive to the village this time of year for eight years. Sleigh bells jingled through the village for the first time this year when Peter Gallagher drove past in the family's "jumper."

Mid-winter social activities are in full swing. Last week the calendar was full of interesting parties.

Tuesday evening Mr. and Mrs. Vernon LaFreniere, in patched jeans and torn shirts, received the biggest bunch of hoboes ever to assemble on Beaver Island. It was a Polka party and the guests were asked to dress accordingly. Cards, dancing and novel game entertained the guests. Mr. and Mrs. Fred Spalding won prizes for being the best dressed hoboes. Refreshments were served in tin plates and cups. A birthday cake was presented to Lloyd McDonough, as at the stroke of mid-night, he turned another mile-stone.

Carl Keubler has gone to Rochester, Minn., for a checkup at the Mayo clinic.

Erwin Belfy, Charlevoix, came to the Island Wednesday to visit his daughter and son-in-law, Mr. and Mrs. Vernon LaFreniere.

Patricia Ramsey visited her parents, Mr. and Mrs. Truman Ramsey, during the mid-term holidays.

Ed Youngs, who spent a week with friends on the Island, left on Wednesday's plane.

Thursday Mrs. Grace Cole, her niece, Mrs. Richard Druggers and Mrs. Drugger's little daughter, flew to the mainland. Mr. Druggers and daughter drove to Detroit with her brother. Buddy Left, and from Detroit they flew to their home in Plant City, Fla.

The staff at the Coast Guard station has been increased to 14 men. In recent years the station has been served in five or six men.

Father Gale's Christmas tree was such a pretty she decided to keep it for a few weeks after the usual time of taking them out. The tree, placed in a bucket, was kept watered and to Father's surprise began to shoot out new sprouts. The tree became not only an object of beauty but an interesting experiment. Now, with at least four inches added to it's height and the pale green sprouts out as many inches, Father is wondering how he's going to get it out of the house.

The high school students took advantage of the beautiful weather Friday to have a sleigh ride out to Mrs. Mary "Vesti" McDonough's home. Teams and sleighs belonged to Frank Gallagher and George Ricksgers were used to haul the happy crowd to their destination. The young folk warmed up, played a round or two of cards and during the afternoon, were served sandwiches and hot chocolate. Mr. and Mrs. Bob McDonough assisted in serving the lunch. Sister Rose and Sister Leonora chaperoned the party.

There was a big turnout for the scavenger hunt Friday evening for the benefit of the polio fund. Those participating in the hunt had a barrel of fun searching for the 20 articles on the list. James W. Gallager and Donald McDonough were the first to return with all required. They got for first prize. James won in the school age group. Patrick LaFreniere, Jr. won first prize. Rosemary Nackerman, Bernadette Malloy and Verle McCann tied for second prize. Fred Spalding, Rogers Carlisle and Mr. and Mrs. Vernon LaFreniere acted as judges.

Imagine how chickens felt when scavenger hunters entered Frank Nackerman's coop and began plucking out their feathers! A call was dashed to the Coast Guard station for C. G. Chief Clifton Johnny Andy Gallagher says he is now having to use safety pins. Lawrence Malloy was armed with paper scavengers looking for Indian head pennies. He collects them. Ella Summerville nearly had writers cramps signing her signature. These were a few among the list of articles. Karen Pischner's seventh birthday was celebrated Saturday afternoon with a party.

Margie Gatliff arrived Saturday morning to visit her parents. Audry Gatliff invited six girl friends to her home Sunday afternoon to celebrate her birthday. Audry met with an accident a week ago while coasting on back beach. One of her fingers was badly injured. She was out of school the past week, but on her birthday, she felt in the "pink" for her party.

Receives License

Emerald Gallagher, former Beaver Island resident now living in Baltimore, Md., has received his unlimited master's license for ocean sailing. He received papers in mid-January.

Ex-Beaver Island Resident Expires

Funeral sevices for Jack Gallagher, 38, former Beaver Island resident who died in Green Bay, Wis., Friday, were held at Holy Cross church, St. James, Tuesday with burial in the Holy Cross cemetery. Mr. Gallagher died Friday in a Green Bay Hospital after a brief illness.

Born in Milwaukee, Wis., he came to Beaver Island as a child and left the island about 20 years to live in Green Bay. He was an officer on Great Lakes ships until his recent illness.

He is survived by his mother, Mrs. Mamie Gallagher and a sister, Mrs. Charles Pischner, and two nephews John and Clyde Pischner, all of Green Bay.

Seventeen persons from the mainland crossed to the island in the tug Jackie, accompanied by a Coast Guard patrol boat, for the funeral services.

1950 Census to Start In District in April

The 17th Decennial Census for the lower 11th congressional district will be taken during the month of April. This work will require approximately 150 enumerators from 3 to 5 weeks.

The office is now open in Boyne City and anyone living in this district who is interested in this work should apply in person, or write direct to Mr. Donald P. Watkins, District Supervisor Bureau of the Census, Boyne City, Mich. All applicants will receive a set of instructions explaining qualifications, etc. All so, all approved enumerators will be required to pass a test pertaining to the work.

Building Is Up

With a sharp gain of 80 per cent over the previous year in homes built in 1049 in 31 surveyed cities, Michigan builders have gone far to meet the housing needs in many cities. Where fullest use of both F. H. A. and Veterans adminstration guaranteed (G.I.) mortgages has been made, building volume was highest as reported by Hirtus E. Alles, executive secretary of the Michigan Association of Home Builders.

WE ARE BOTH INTERESTED IN THE SAME THING

More Profitable Farming!

Our real business isn't just selling tractors and implements. What we actually have for sale is more profitable farming . . . "Less Work, More Income Per Acre."

The only way we can make money is by helping you and other farmers make more. So, when we get together, we're both interested in the same thing.

The better we know you and the better we know your farm, the more likely it is that we can be of some real service to you. So, if we haven't been around to see you lately, we'll try to make it soon. It ought to pay us both to get better acquainted.

And, when you come to town, stop in. We'll be glad to see you.

Ford TRACTOR

We are headquarters for Ford Tractors, Dearborn Farm Equipment and genuine Ford Tractor and Dearborn Implement parts. Call on us any time for prompt, efficient tractor and implement service.

FARM EQUIPMENT

Just what you need NOW! DEARBORN CORDWOOD SAW

Attaches quickly to a Ford Tractor, lifts by Hydraulic Touch Control, and wheels into the woodlot. Lowered, the belt lines up and tightens automatically, and you're in business! In an hour this saw will make more firewood or fence posts than you can "shake a stick at."

A great saw, priced low. Get one!

Vegetable Meeting

A meeting for all folk who are interested in the production of vegetables such as carrots, red beets, string beans, cucumbers, sweet corn and so forth has been scheduled for this Thursday evening, Feb. 9, in the band room of the East Jordan high school, starting promptly at 8:30. Art Isbit, extension specialist from Michigan State College will be present at this meeting to discuss various problems in the growing of vegetable crops.

Problem in Barn Ventilation

Proper ventilation of the dairy barn to prevent moisture condensation in winter sometimes is tricky business. Take the case of one fellow who installed a new electric system in his barn and found out the corner where the calf pens were located still had a wet ceiling. He wrote to Art Bell, extension agricultural engineer for Michigan State College, and here is Art's answer:

It's natural to think that another exhaust fan in the wet corner would be the answer. However, the answer is just the opposite. Install an intake fan in the wet corner. Here's why: If you put in an exhaust fan, warm air from the other part of the barn would be drawn to this corner, which is colder because the calves do not give off as much heat. The warm air hitting the colder corner would condense moisture. If you put an intake fan in this corner, the cold air from outside would be pulled in. As it warmed up it would pick up the moisture and the exhaust fans in other parts of the barn would draw it to still warmer areas where it would hold the water instead of condensing.

Two County Boys Hurt in Accident

Three East Jordan high school boys, out for a ride to Ellsworth during noon hour, came to grief Thursday when their car skidded aeross the road on an icy corner 1½ miles esat of here.

The driver of the car, Edward Drapeau, was not hurt. His companions, Dale Bennett and David Vallance, each suffered a broken arm and were released after treatment at Charlevoix hospital.

The car, which had been driven less than 2,000 miles, was badly damaged, after breaking off six guard rail posts and hitting four posts headnn. First aid was given by Grant A. Hastings, Dr. Jerrian VanDellen took the boys to the hospital.

Mrs. Leo Waffle Feted At Birthday Party

Mrs. Leo Waffle was pleasantly surprised after returning home with her husband after a "call" to find 36 relatives and friends who had come to wish her a happy birthday anniversary. The evening was spent in playing games, followed by refreshments. Mrs. Jas. R. Strange assisted Mrs. Arthur Carpenter, as co-hostess. The party was held Jan. 31 at the Waffle home on Six Mile Lake.

Growers' Meets Set For Friday in Antrim

Arthur Isbet, Extension Specialist in Horticulture, Michigan State College, will speak on the growing of the various crops, tilage practices, fertilizer applications and side dressing with high nitrogen fertilizer. It is expected that Dr. Ray Janes, of the Entomology Department, also of Michigan State College, will be present to talk on Insects and Diseases.

The first meeting will be held at the Central Lake Hotel, beginning at 10:00 a.m. Friday. The second meeting will be held at Ellsworth community hall at 1:30 p.m. Friday Feb. 10.

C.H.S. Band to Give Ellsworth Concert

The Charlevoix high school band and then director, C. A. Odmark, will appear in a concert at the Ellsworth Community hall at 8 p.m. Thursday, Feb. 9 for the benefit of a newly-organized music department in the Ellsworth high school. The program is being planned by Dean Fiedler who will be in charge of organizing the new band. He assumed his new duties with the start of the new semester.

Proceeds from the program will be used to purchased new instruments, music and other needs of the department. During the concert Mr. Odmark will explain the different instruments and demonstrate their place in a band.

This Is My Platform

The city superintendant is actually not an issue in the mayoralty campaign. The employment of a city superentindant is entirely in the hands of the council. If the people are dissatisfied with the present city superintendant they may at any time before or after election go to the council and demand his removal. The Mayor does not have the authority to hire or dismiss the city superintendant.

I Stand For:

1. *Efficient Administration and Sound Finances*

Under my administration the city has made progress in reducing deficits in spite of two years of unusual but necessary capital improvements. The period of these unusual demands upon the city is over and I believe in reducing taxes as rapidly as possible consistent with a sound financial program.

2. *Industry*

I am for industry! Any kind that we can obtain! I have never had any arguments with anyone on this point.

(a) Under my administration the Chamber of Commerce and the city have worked together on a definite program to obtain new industry and to encourage those industries we already have.

(b) One year ago, immediately upon his taking office as Alderman, I appointed Mr Knight in charge of the industrial committee of the council and have given him and his committee a free hand and every co-operation and assistance.

3. *Resort*

I am for the continued support and promotion of the resort business as well as industry. We need both the resort business and industry and there is no reason why we cannot have both.

4. *Harmony*

We need the united effort of all the people in the city to do the job of promoting resort and industry. One person or group cannot accomplish this alone. We can accomplish nothing with the town divided into factions. I stand for promoting harmony among the citizens of this community and giving full co-operation to and utilizing the efforts of everybody in a ***united effort*** to encourage and promote industry, resort business, and a sound city government.

Your support for this program and my re-election as mayor will be sincerely appreciated.

Boyne City Chills Title Hopes of Red Rayders Who Fall Victim to Final Period Onslaught

The Red Rayders look to Mancelona to improve their standing in the northern Michigan Class C race, after coming up against Boyne City when the Boyne lads were hotter than fire crackers on the Chinese Fourth of July.

It was not that the Rayders were off form, although they have been better, but rather that Boyne City was at top form. The Boyne coach admitted that his charges were keyed up for the game and never let down for a single minute, particularly in the last half.

Shaler, Peck and Mason could not be stopped in the final two periods and that was the ball game. The game was a good one to watch except for the last quarter when Boyne dropped them in from all angles and positions.

A win for Charlevoix would have given them a tie with Boyne which now remains tied with East Jordan as the latter rolled up a victory over Mancelona. Both have won nine games against two defeats.

The Charlevoix seconds had a close call in winning their twelfth straight win of the season. A rush of Boyne points in the last quarter fell just short of a tie.

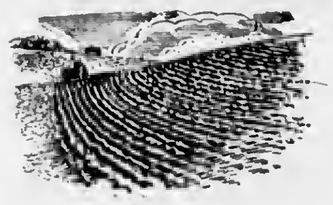
AMERICAN BANKING IN ACTION



FOOD FOR 145 MILLION AMERICANS

It takes about 2 acres of farm crops to supply the 1,375 pounds of food which the average American eats a year. To grow and get this food to your table requires money all along the line and bank credit provides a major share of the funds. Perhaps you haven't thought of it just this way, but the money you deposit helps build a credit pool, which directly or indirectly supplies loans to farmers, farm machinery manufacturers, seed and fertilizer dealers, distributors and food markets.

Throng Treated to Outstanding Concert

A capacity crowd gathered at the high school auditorium Thursday night to hear the Winter concert presented by the Charlevoix high school band and the choir.

The a cappella choir presented a varied program of religious selections which were well received by the audienee.

The high school band, directed by C. A. Odmark, were at their best in a versatile program which included gay ninety seleetions, modern numbers such as "Star Dust", boogie woogie with piano by June Guild and the regular band overtures and marches. Dwight Smith on the clairnet, accompanied at the piano by his mother, Mrs. Joe Smith, played "Air Varie" by Dagneilies. The "Overture Argentina", required number for all Class C bands, was also included on the program since the band will be playing it at the district qualifying festival at Traverse City Feb. 25. The band shows marked improvement over last year. Even though they are a young band they show a great deal of stage presence as well as depth and shading in the playing.

The two kindergarten classes practically stole the show with their presentation of "Winter Wonderland" and "The Three Bears". Mrs. Kay Smith played the piano accompaniment for both shows while their teacher, Mrs. Dorothy McRae served as narrator.

Ironton Ferry Shows Decrease in Business

ured at 1-28th of the $90,000.00 or $3,214.28.

During the past year the commission also completed numerous repair jobs on both the dock facilities and ferry with their own mechanics. Reflector signs on both sides of the ferry and other safety features were installed following a survey by the State highway safety division made at the request of the commission.

Also in the expenditures will be found the sum of $835.03 which he derived from a charge made as overhead on ferry operations for administation, bookkeeping, handling charges for tolls, etc.. This is credited the Charlevoix County Road commission.

The remainder of the receipts and expenditures from Jan. 1, 1949 to Dec. 31, 1050 follow:

The total receipts from the toll and other charges was $6,086.55, the total of expenditures including the depreciation reserve was $9,448.21.

A breakdown of receipts:

Coupon book sales (passenger) 804 books	$1.608.00
Coupon book sales (com'l) 72 books	144.00
Ferry tolls (passenger) 26,083 fares	3,912.45
Ferry tolls (commerical) 1,088 fares	272.00
Rental receipts (house)	150.00
	$6,086.45
Overage	.10
Total receipts	$6,086.55

Total receipts	$ 6,086.55
Total expenditures	9,448.21
Loss on operation of Ferry	$ 3,361.66
Depreciation on reserve	3,214.28
Loss including reserve	$ 6,575.94

As was anticipated the number of vehicles carried during 1949 after the toll charge was added decreased during the year. In 1948 when the ferry was free 66,475 vehicles were transported as compared to 45,971 in 1949 when a toll was charged, a decrease of approximately one-third.

After a full year of operation by the County Road commission the experience suggests several minor changes which will be taken into consideration with the Board of Supervisors at the April session of the board.

Expenses in previous years are listed below:

1943	$ 5,241.37
1944	4,685.40
1945	4,446.46
1946	5,661.97
1947	7,081.65

Cadillac presents

FOUR NEW SERIES OF CARS...

The Series Sixty Special Sedan

..All Dramatically Restyled...and Powered by Cadillac's Sensational New Engine !

TODAY, we are presenting, for your consideration, the finest, most beautiful motor cars we have ever been privileged to announce.

They are the new Cadillacs for 1950—and we want you to come and see them.

We not only *want* you to see them—but we think you *should* see them. For to see and inspect these wonderful creations will make you a sharper judge of *all* cars—and increase your motor-car wisdom in every respect.

There are four entirely new series of cars—all with wholly new bodies, and all completely restyled. We think you'll agree that nothing so sleek and dynamic and beautiful has ever been seen on the world's streets and highways. They are arrestingly and breath-takingly gorgeous—and all are *distinctively* Cadillac.

And not only are they advanced in beauty—but their *performance* is finer in every way.

Cadillac's great new high-compression engine is even smoother; it is actually quicker in acceleration; and it runs so quietly that only the indicators reveal when it is in action. It is simply wonderful to drive.

And—difficult as this will be for owners of 1949 Cadillacs to believe—the 1950 cars are *even more economical to operate.* Gasoline mileage really approaches that of the smaller, lowest-priced cars. It is no less than amazing that cars so big and luxurious should run so far on a gallon of gasoline.

Comfort and handling ease are also remarkably advanced. There is far finer road balance and over-all steadiness at all driving speeds. Steering is softer and more positive. Brakes are more efficient and longer-lived. The over-all satisfaction of driving—from every standpoint—is simply "out of this world."

Truly, here are cars so fine and beautiful that they deserve your personal consideration.

Make your plans now to come in and see them. You will be cordially welcome at any time.

Advantages of Home Rule City Are Explained

The position of a city superintendent in a fourth class city such as Charlevoix is not supported by legal fact.

In saying that the position here is on shaky ground, John Iglauer, assistant director of the Michigan Municipal league, urged the Kiwanis club and other groups to pave the way of changing the present council-mayor form of government to a manager-commission regime.

He cited advantages of the manager commission form of municipal government as being more efficient and more adaptable to the city's needs. He related that only a small number of the cities in the state still cling to the fourth class identification.

The speaker added that any city so wish that so desired could abandon the superintendent's [illegible]. He was not advocating [illegible] but explained it to the Kiwanis club and its guests should be [illegible] Charlevoix a [illegible]

More and more cities are changing to the manager-council form of government because they have found that it enables officials to run city business on a more efficient basis. A manager would have enough technical training to handle engineering problems. Too, he said centralized purchasing would save the city a great deal.

He mentioned that few cities elect their aldermen by wards, simply because it is hoped to have those men who are elected represent the city at large. Hence the aldermen are voted upon by [illegible] instead of merely one ward.

The speaker declared that the courts should not hold a town needlessly [illegible] that its strongest argument in favor of electing the aldermen at large is that they can represent the entire city instead of only a few.

Mr. Iglauer was introduced by Angus Leitch. Roy G. Bennett, club president presided. Dean Davenport led group singing. Herb Schofield was inducted as a member.

Annual Father-Son Fete at Methodist Church Is Tonight

The Rev. Russell R. King, Grand Traverse district superintendent of the Methodist church, will speak on the subject, "If I Were a Boy Again", at the annual Father-Son banquet at the Methodist church dinning room at 6:30 Thursday evening. Frank Bird, is chairman of the program committee.

The Rev. W. D. Wood will be toastmaster at the program which will include an invocation by Rev. Gaylord D. Howell; address of welcome and introduction of toastmaster by Kenneth Sweet, president of the Men's Club of the Methodist church; Toast to the Sons, Cmdr. Edward Shanahan and a toast to the fathers by his son, Bruce; music by members of the Charlevoix high school music department and community singing.

Mr. Bird was assisted by Arthur Edwards and Howard Stephens on the program committee. Other committee chairmen are: Mrs. Bird, general chairman; Mrs. Joseph Arvilla, tickets; Mrs. F. F. McMillan, menu, Mrs. Jake White Sr., kitchen Mrs Clayton Trimble, dining room.

James Bleha Rites Held in Detroit

Funeral services for James Bleha, 55, retired Detroit police officer and veteran of World War I, were held at the Van Valtenberg Funeral Home, Detroit, Saturday with burial in the Acacia cemetery. He died Tuesday at his Detroit home after a long illness.

Born in Detroit May 18, 1895, he enlisted in the U. S. Army about 1912 and served for eight years. During World War I he served in Europe and was awarded the Silver Star for bravery in saving his commanding officer, who was Prof. Roy Swinton of Charlevoix. Following his return to civilian life he joined the Detroit police force and retired as a sergeant in 1947 after 25 years service. He was a member of the Masonic lodge and the Shriners. After returning from the army he spent some time in Charlevoix with his family who had moved here from Detroit.

He is survived by his wife, Lucille, whom he married in Detroit in 1928, a son, James R., one brother, Charles of Charlevoix, and two sisters, Mrs. Jess Mahoney of Grand Rapids and Mrs. Paul Johnecheck of this city.

Elizabeth Mason, Pioneer Resident Dies Here Sunday

Mrs. Elizabeth Mason, 89, widow of John Mason, and the last member of one of Charlevoix's early families, the John Nicholls family, died Sunday at the Charlevoix Hospital where she had been a patient for several days. She had been in failing health for several months.

Eastern Star rites were held at the See Funeral Home Tuesday. The Rev. Jackson Turner also officiated. Burial was in the Brookside cemetery.

Born in Trempleau, Wis., June 28, 1861, the former Elizabeth Nicholls came to Charlevoix with her parents as a young girl. Her family were among the early settlers and her father aided in the establishment of the Charlevoix Lumber Co. She attended the Charlevoix schools and later taught in the rural schools near Charlevoix. She was married to John Mason, a member of another pioneer family here, and in 1900 they moved to the west where they lived in Oregon, California and Nevada before settling in Mercedes, Tex. He preceded her in death a number of years ago. She returned to Charlevoix in 1944.

She was a member of the Order of the Eastern Star and the Daughters of the American Revolution and attended the Congregational church.

She is survived by a son, Harry D. Mason of Capitola, Calif., a grandson and several nephews.

County GOP Rally Cheers State Leaders

If the Republicans in other parts of Michigan generate the enthusiasm and interest as the Eleventh district GOP members did at the Lincoln Day dinner at Boyne City last Friday, the Democrats will have plenty to be concerned about next fall.

Some 225 Republicans and guests packed the Hotel Dilworth dining room for one of the best rallies in recent years. State officials included Charles Ziegler, highway commissioner. State Treasurer D. Hale Brake, former Gov. Harry Kelly, Owen D. Cleary, state GOP chairman, Sen. Colin D. Smith, Sen. Frank Andrews, Rep. Louis Anderson and Congressman Charles Potter.

The tenor of the talks was on excessive governmental spending and mismanagement of governmental affairs on the part of the state and national administrations. Former Governor Kelly and Mr. Cleary called upon Republicans to throw off the yoke of socialistic programs at the fall elections.

Some 30 persons from Charlevoix including most county officials attended the meeting and took part in the planning necessary to get out the vote next fall. Mr. Brake rapped Governor Williams, terming him a "misdeal incumbent." He called upon Williams to stop running for office every day and perform his normal governmental funtions.

The speakers continued to assail too much spending in governmental operation and called for a cut in taxes as soon as possible if the nation is to regain its normalcy.

"We must do away with this premium which is being placed on idleness throughout the nation", Kelly said, adding that the nation is at a crossroads. The wrong path will lead to socialism

County Bank Buys City Notes

The Charlevoix County State bank had its bid to purchase the $19,900 worth of tax anticipation notes approved by the city council at its meeting Tuesday night. The bonds will bear three percent interest. Robert Bridge, president of the bank, appeared before the council and explained that it had been an oversight that his bank had not submitted a bid on the notes several weeks ago.

Only other major piece of business was the appointment of 10 election workers and a gatekeeper to assist Miss Marjorie Webster, chairman, next Monday in the election routine. The election board is composed of City Attorney Norman Ance, Nelle Hammond and City Clerk Hugh Mayne.

Election workers will be Gladys Krulik, Etta Gill, Cornelia Barber, Anna Scott, William Supernaw, Sr., Fred Tyler, Vivian Trumble, Inga Smith, Bruce Henley and Lottie Nowland. Jones Durance will be gatekeeper.

Bills totaling $7,626.51 were ordered approved for payment.

Both Sides Predict Victory in Spirited Mayoralty Contest

A record-shattering registration points to an all-time high in voting next Monday when Charlevoix voters go to the polls to select a mayor and three councilmen.

The campaigns of Mayor Ray Hamilton and Alderman John Knight which has seen election interest mounting to an unprecedented high, will be climaxed in the primary.

Voting will be in the city clerks office because the community rooms are being used to house county offices. Balloting will begin at 7 a.m. and close at 8 p.m. All persons in line at 8 p.m. will be permitted to vote, according to state statute.

Both mayoralty candidates expressed confidence in the election. The primary election which has been the talk of the town for several weeks is reaching a fever pitch with supporters on both sides active in the attractive [illegible].

[illegible] Ralph [illegible] the third ward.

The greatest number of absentee ballots in the history of Charlevoix elections has been mailed by the clerk's office—175. Many people delayed trips to the southern parts of the country to obtain ballots before they left home.

The [illegible] in a city primary here was recorded in 1945 when Robert Bridge defeated Vocal Ferguson for mayor. At that time 1238 persons voted. During some unforseen incidents, some 1500 persons are expected to make their preference for mayor.

1746 Are Regestered

Election officials point out that the 1746 registrations represent about 92 per cent of the persons eligible to vote. They predict that between 80 and 90 per cent of the total will cast ballots.

Last year when there was little interest in the mayor's race, only 180 voters cast ballots. The average vote here has been between 125 and 300, city officials reported.

Interest has been so great in this year's primary that it has been the chief topic in stores, homes and on the street. Sports, normally a favorite topic here, have been shelved.

It's Your Solemn Duty to Vote Monday

Every eligible voter in Charlevoix should vote Monday.

The furious bid for votes by campaign workers for Mayor Ray Hamilton and John Knight is resulting in a great deal of spirited interest. That there will be a good turnout is a foregone conclusion.

But that is not enough. In too many city and county elections, a small group of interested persons has cast ballots and determined who should be named to office.

While the Courier has studiously refrained from advising any voter how to cast his ballot, we are calling upon every eligible voter to express his views by indicating which candidate he or she favors.

It's surprising how many voters stay at home or otherwise fail to vote at every election. In other countries people fight for the right to vote. In recent elections in Italy, France, Sweden and other European countries, more than 90 per cent of the eligible voters cast ballots.

In the United States, a handfull of voters determine who shall be elected. And yet all of us have to live by the minority rule. That is not the American way. But that condition prevails.

In city elections here in recent years, we have had as low as 175 persons casting ballots. What a shame that only that many people are interested enough to go to the polls.

We feel confident that there will be a good-sized turnout and perhaps a record vote. There should be.

There has been a great deal of loose talk by supporters of both mayoralty candidates. Regardless of how you feel about the election, you should make it a point to vote.

If there is a record-breaking turnout of voters next Monday, at least it will be an indication that people have been shaken out of their lethargy for one election.

The most important thing to do Monday is to cast your ballot.

District GOP Rally Cheers State Leaders

State Republicans are determined to break the Democratic hold on State offices in the next election.

Enthusiasm and interest shown at the Lincoln Day observance in the county last week gives promise of an alert and intelligent approach to party problems.

State leaders from Owen D. Cleary, party chairman in Michigan, to precinct workers are confidently talking about the change in attitude on the part of many voters. State Treasurer D. Hale Brake offered the prediction that the state GOP will win unless a party fight divides the leaders.

An avowed supporter of former Gov. Harry Kelly, Mr. Brake blasted at the political work of Governor Williams, whom he says spends most of every day getting votes instead of doing his job in Lansing.

Brake pointed out that Williams will be hard to defeat, even though he has been paying little attention to his official duties. Both Kelly and Cleacy called for the greatest exertion to get people acquainted with the issues.

While Republicans have little to worry about in northern Michigan which almost without exception has adhered to the GOP banner, enough interest must be created so that every eligible voter will go to the polls.

The Republicans are on the march in Michigan.

Big Rapids—Girls are proving good voters this year at Ferris Insitiute and just about every class in school has named at least one girl student in their list of officers.

Miss Phyllis Trimble of Charlevoix, second year student in the Ferris College of Pharmacy (third from the left) is one of the most popular girls in college and has been chosen as secretary of the sophomore class.

Tourist, Resort Group Plan Promotions

Paul Woll, treasurer of the West Michigan Tourist and Resort association, has returned from the quarterly meeting of the executive committee. He said the group plans to spend $86,000 a record amount to meet out of state competition in the tourist and resort business.

A total of $36,500 will be spent for advertising and publicity. Some 55,000 copies of "Carefree Days" will be mailed to travel bureaus and others in the tourist business.

Mr. Woll said that surveys predict that 1950 will be as good, if not better, than last year in northern Michigan resort business. He added that his Blue Heaven resort on Torch lake has complete bookings for 11 cottages for the summer season.

Ellsworth Caucus to Be Held on Monday

Ellsworth—The annual caucus to nominate candidates for village officers will be held at 8 p.m. Monday night at community hall.

The terms of George Koster, James H Elzinga, president, and Anthony M Shooks, as trustees, have expired and they will be eligible for re-election. Voters will also nominate candidates for president, clerk, treasurer and assessor.

Local Band Plays for Ellsworth Benefit

Ellsworth—The band concert given by the Charlevoix High School Band Thursday as a benefit for the newly-organized Banks township High School Band netted $211.60

Charlevoix's band under the direction of C. V. Obrecht gave a fine recital to 472 people.

Banks township wishes to take this opportunity to thank Mr. Obrecht, Mr. Bennett and the parents of the band for the fine work they have done with the new band.

Area Band Festival Planned Here May 9

May 9 and 10 have been set as the dates and Charlevoix and East Jordan as the sites for the annual band festivals in District 2 of the Michigan Band and Orchestra association, C. A. Odmark president of the organization, has announced. The dates were selected at a luncheon meeting of the directors in the district here Saturday.

Charlevoix will be host to approximately ten bands on May 9 with East Jordan entertaining an equal number May 10.

As in other years each band attending the festival will play before a guest critic-director during the morning, participate in a band parade during the afternoon and play in a massed band concert during the evening.

Because no school in the area is equipped to care for the nearly 20 bands in the area, it has become the custom in recent years for the festival to be held two days in two towns in the district.

On Saturday 75 young musicians met at the high school auditorium to rehearse for the Select Band concert to be presented at Traverse City Feb. 25 during the qualifying festival.

Bowling Results

H. Cunningham rolled the best game of the week in the Charlevoix bowling league with a 211 score and B. Gill had high total for three games, 554. The leading team, Mathews, had high single and three-game total with 843 and 2461.

Mud Puppy Delights Kindergarten Class

On display in the Kindergarten room this week is a mud puppy a water salamander, which was caught by Mrs. Kay Smith, assistant kindergarten teacher while fishing near Ironton over the week-end.

The puppy has furnished entertainment not only for the beginners but for the other school children and their teachers, as well and is being displayed in the classrooms in the elementary school.

Fishermen say the mud puppy makes its home on the bottom of lakes and streams and lives on water insects and other types of water life found there. Few however are caught by fishermen although they are known to be quite plentiful and many local fishermen have caught them at various times.

The mud puppy, in spite of its name, is very colorful and this one boasts bright red gills which resemble ears. The children are now selecting a name for the little visitor.

AMERICAN BANKING IN ACTION

PREPARATION FOR LIVING

The United States has more students in secondary schools than all the rest of the world put together. Today, more and more parents are saving regularly in order to give their children the benefits of higher education. Many others borrow to pay tuition costs. The American banking system through its deposit facilities, its loans for educational purposes and its cooperation with schools and colleges, is helping our country to raise its educational standards to a still higher level.

Third Ward Voters

I have been approached by several citizens to run for alderman in the third ward due to their belief that my past experience in civic life in Detroit would be an asset in the management of Charlevoix.

I have no personal axe to grind and have had no opportunity to build up any personal prejudices. If I can be of service to this community as a public servant, which I believe I can, I hereby offer my time and experience for the position of third ward alderman.

I was employed by the city of Detroit building and safety engineering department for 32 years. I started as a building inspector to see that all construction conformed with the city regulations. I was later promoted to the office of structural engineering. In this capacity, I was constantly exposed to future city planning and zoning.

Now with respect to Charlevoix, it is easy to criticize its inefficiencies which you and I see frequently. But how to correct them is another story. I realize you cannot install large city management methods in a city of this size. I feel that with just representation, time and effort, the benefits to this city could be increased as a whole.

As a candidate for alderman in the third ward, I solicit your vote and, if elected, will do everything in my power to be a worthy alderman. I ask your support Monday, Feb. 20.

Michigan Mirror

Non-Partisan News Letter

By Gene Allsmen
Lansing Observer for Michigan Press Association

Drums are being beaten again to ease the bottleneck at the Straits of Mackinac by building a bridge. Who would pay for it? Everbody and nobody.

Linking the lower and upper peninsulas of Michigan in this fashion has been a dream of Northern Michigan resort interests, engineers and politicians for many years. During the highway regime of Murray D. Van Wagoner, a bridge authority was created by the legislature when a causeway to the bridge was half-completed in 1941 on the St. Ignace side at a cost of around $1,000,000.

World War II intervened and the project was sidetracked.

Now, under the inspired leadership of Stewart Woodfill, president of the Mack. Island Grand Hotel, it has been revived. Governor Williams has been asked to include it in his call for the 1950 special session of the state legislature starting March 15.

"The Mackinac Bridge Citizens Committee", of which Mr. Woodfill is chairman, estimates the Straits bridge could be built for approximately $50,000,000.

One-half of this amount—$25,000,000 would come from the U. S. treasury at Washington. Would this sum come out of the states allocation of federal aid for state highway construction? Or would the amount be appropriated outright by Congress as a grant for a local improvement?

The committee's literature states that "the highway from Detroit to Sault Ste. Marie, via the Straits of Mackinas is one of the few highways in the United States that has been designated by the Congress as part of the Interstate highway system of the United States." Furthermore the federal government may grant 50 percent of the cost of improvement of these interstate highways, it is explained.

Thus the assumption is clearly given that the $25,000,000 federal grant for building the Straits bridge could come out of Michigan's federal aid for highways. The bridge would be constructed in lieu of new highways elsewhere.

The committee also throws out the possibility that Congress might authorize outright grants of money or local improvements, such as a Straits bridge.

The remainder of the bridge cost also $25000,000—would be financed by toll paid by motor vehicle users—automobiles trucks and motor busses.

The Citizens' Committee estimates that a minimum of 1,000,000 motor vehicles would use the bridge during its first year—say 1955. The $25,000,000 share of the bridge cost, when financed by self-liquidating bonds bearing 4 percent interest, would impose an interest load of $1,900,000. Maintenance and operation would cost $300,000. So around $000,000 would be available the first year to retire bonds.

To review the plan, the financing would be accomplished by $25,000,000 from the U. S. Treasury—either in federal aid for highways and hence as a substitute of new roads elsewhere or as an outright gift — plus $25,000,000 in bonds to be paid off by bridge tolls.

At a time when billion dollar treasury deficits have reoccurred with clock-like regularity at Washington for 16 out of 18 consecutive years, $25,000,000 does not seem to be much money.

This thing called "federal aid" has the magic of being everybody's money. Like state aid, it lacks local responsibility; it possesses the lure of being a gift. Both federal aid and state aid infers that everybody pays the freight. If you don't get your share someone else will. It we don't take money for a local postoffice, then this money will be spent elsewhere.

You are familiar with the ring-around-the-rosey story of tax money from Washington and Lansing.

As to the engineering feasibility of the bridge, the revived bridge authority would provide the technical answer.

So there you have the story in a nutshell.

As for every project that calls for more government spending, the taxpayer —rich and poor— must ultimately foot the bill. That goes for a Straits bridge.

Residents Wonder at Speeding Jet Trails

Charlevoix residents who noticed long narrow white streaks in the sky **Tuesday, Feb. 7,** were puzzled as to what they were. Many called the Courier office.

Gordon Freedman who was passing the Courier office, said the streaks were the vapor trails of two speeding jet planes, flying about 650 miles an hour. The planes flew in this area for more than an hour. The planes themselves were not seen as they were flying at about 30,000 feet.

Stamps Out Grass Fires

Grass fires are extinguished by a recently patented machine outfitted with flexible flaps attached at intervals on a roller. As the roller is pushed forward, the flaps stamp out the flames.

Your Support Is Appreciated

I am taking this opportunity to express to the citizens and voters of the First Ward my sincere appreciation of the privilege of representing you on the Council for the past two years.

On February twentieth my name will be on the ballot. Primary election is very important because it will be the elimination of candidates. Please get out and register your vote on that day.

I will consider it a pleasure to serve another term and work for the best interests of Charlevoix. I will welcome your help and suggestions for the good of Charlevoix.

I have tried to contact most of you personally, but I feel that I have not gotten in touch with all of you. So I am talking to you through the Courier.

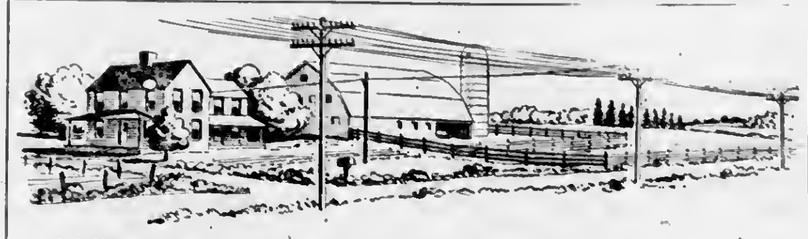
Rural Tele-news


DID YOU KNOW? — About 50% of the farms of America now have telephones — a higher proportion than in any other country in the world. In Michigan Bell territory about 7 out of 10 rural establishments have telephones. That's pretty close to Michigan Bell's city telephone development.
SO MUCH FOR SO LITTLE Someone described telephone service as a big package filled with the good things of life. Convenience — the telephone saves time and steps. Security — the telephone stands guard 24 hours a day. Comfort — the telephone keeps you in touch with friends and relatives. When you consider all that the telephone does, its small cost makes it one of the best buys on today's market.

BLOWING BUBBLES — To help keep telephone service reliable, thousands of miles of Long Distance cables are filled with harmless nitrogen gas. If a cable is damaged, the gas pressure drops and sets off an alarm indicating the approximate location of the damage. To find the actual break in the cable sheath, if it's so small it can't be seen, the repairman may paint the cable with soapsuds — the exact point of damage being indicated by bubbles blown by the escaping gas.

Mary Lou Black Becomes Bride of Richard A. Johnson

Mary Lou Black, daughter of Mr. and Mrs. Floyd Black, of Charlevoix, became the bride of Richard H. Johnson, son of Mr. and Mrs. Gilbert Johnson, of Edwardsburg, at a service read by the Rev. J. Shaw at the Adamsville church at Edwardsburg Saturday, Feb. 4.

The bride selected a light rose afternoon dress, navy accessories and a corsage of white camellias for her wedding.

Anne Cellner, her only attendant, wore a light gray two-piece dress with taupe accessories and a corsage of yellow roses.

Herbert Abrams of Schoolcraft assisted the bridegroom as best man and ushers were James Willete of Flint, Harry Cooper of Philadelphia, Pa., Charles Springer of Benton Harbor and Douglas McDonald of Kalamazoo

A reception was held for 135 guests in the church parlor after the ceremony.

Following a wedding trip to Chicago the couple will reside at 320 W. South st., Kalamazoo.

The bride is a graduate of the Charlevoix high school, attended Western Union School at Crawfordsville, Ind., and is now employed by the Shakespeare Products Co., Kalamazoo. The bridegroom, a graduate of Edwardsburg high school, is now a senior student at Western Michigan College where he is a member of Sigma Tau Chi national business fraternity.

Mr. and Mrs. Floyd Black and daughter, Maxine, of Charlevoix and Shirley Black of Bay City attended the wedding and spent the week-end in southern Michigan.

Feb. 24 Is Deadline For Potato Allotment

The Charlevoix county PMA committee announced this week that Feb. 24 is the final date for potato producers to apply for a new farm potato acreage allotment for 1950.

This means that farmers who plan to grow potatoes this year for the first time or regular potato producers who are farming land on which there has not been an established potato acreage allotment in the past, may have the opportunity to apply for a "new farm" potato allotment on or before the deadline date of February 24.

In order to be eligible for government price support protection on the 1950 potato crop, growers must plant within their assigned acreage allotment and must fulfill certain other eligibility requirements.

County Farmers Use Good Guernsey Bull

Farmers in this area are using the best bulls that can be obtained on their dairy cows according to Ed Rebman, county agricultural agent. The Boyne City Artificial Breeders association through Charles King, inseminator, is servicing the area north of Charlevoix and the Antrim-Charlevoix association through Bud Best and Dick Wieland, inseminators, are servicing the area south of Charlevoix.

Luxerin Watchful is a Gernsey bull that many farmers in this area now have calves from. This bull has a USDA proof of 356 pounds of fat for a dam and 398 pounds of fat on his daughters. Watchful is also a very desirable type of guernsey sire.

The Boyne City association, in order to give more service to its members, have purchased a set of livestock clippers. These clippers may be obtained by calling at the county agents office at Boyne City. A small deposit must be made to get these clippers and a small daily charge is collected to pay for repairs and sharpening blades. Clipping dairy cows is a must for farmers who wish to obtain good quality production.

PROTECTION THAT'S PRICELESS

It's Time for a Change

Bridge and his Rover Boys' sudden concern about industry is very touching. Not so long ago when Bridge was Mayor, he turned down Parts Manufacturing Co., a division of F. L. Jacobs Manufacturing Co. They then located in Traverse City and played an important part in the growth of that community from 7,500 to 20,000. **Industrial development never affected their flourishing Resort Business.**

Mr. Hamilton did appoint me Chairman of the Committee on Public Buildings. He tacked on manufacturing. There had never been an Industrial Committee before, and when I asked for the files on what had been done to attract Industry, **there was no file.**

I disagree with Mr. Hamilton, **Leitch IS an ISSUE.** When I went on the Council Mr. Hamilton was strong for Leitch and informed us he could only be fired by a vote of the Council and the Mayor. We have never taken advantage of Mr. Hamilton or other Leitch supporters absence. Now that Bridge, who hired him originally, has decided he is a **political liability** they are willing to throw him overboard.

Contrary to anything that has been said, I will promote the resort business to the fullest extent, welcome **all** summer visitors and try to see that they enjoy themselves.

I have written all my own letters and will pay $100.00 to anyone producing a letter stating Freedman or Ernie Loeb were supporting me. Naturally their support would have been welcome. **My support** has come **unsolicited and without intimidation or threats of reprisal.** I might add—Don't let Bridge and his bunch scare you. This is still a Democracy and nobody knows **How You Vote** unless **You** tell them.

And now for the $64.00 QUESTION. Why are Bridge and his crowd spending so much money to retain a $50. per year job?

Mr. and Mrs. William F. Smith [illegible] will observe their fiftieth wedding [illegible] anniversary Monday, Feb. [illegible] with [illegible] gathering at their home [illegible] Croskey ave. Sunday.

Mr. and Mrs. Smith were married at St. Frances church in Petoskey on Feb. 20, 1900 and have always made their home in Charlevoix. They resided on South Lake st. in the early days of their marriage and later on the Ware Hoods farm in Hayes township before moving to their present home in 1930.

Mr. Smith was born in two Rivers Wis. April 1, 1874, and as a child sailed as a cabin boy on a lake steamer. He came to Charlevoix when he was quite young and continued to sail the Great Lakes for several years. At one time he operated a draying business in town. He is still very active and the day is never too hot in summer or too stormy in winter to keep him in. He likes to fish and when the big ones are biting he can always be seen making his way to the docks with his line and bait.

My Musings

By Fran Martin

Charlevoix and Beaver Island have been getting plenty of publicity in the Lakeland Yachting lately what with a story on our genial harbormaster, Capt. Joe Howard making an appearance in the December issue and a story on Beaver America's Emerald Isle coming out last week.

Along with the story on Joey are pictures of the Christmas card sent out last holiday season to the station brethren and one of Capt. Alfie Moore and Capt. Howard accompanied by a story on the captain and what he means to the yachting men.

Bill Whalen has written an interesting and 'different' story on the land of the Mormons and its popularity as a port of call with the Chicago to Mackinac Island racing crew on their return trip up the Lake. Beaver Island's Gaelic "Cead Mille Failthe" is gaining in popularity.

A card to Gene Porter recently from the news that he is now stationed at Fort Eustis Va., with the Transportation Harbor Craft Co. and sailing A. B. aboard a Lat. tug. "We had a lot of fun recently trying to pull the Michty Mo off the rocks—but as you have read—no soap" Can't you imagine Gene calling that fish.

Another letter from a former Charlevoix resident now living in Lowell, Mass., Winfield Emrey. He wrote to say he enjoyed the Courier's story on Cmdr. Ed Shanahan Thanks.

A card from the George Meggisons telling us they arrived safely in Florida and are now enjoying the beautiful 'summer weather' at Tampa. Another from the Perry Smith Sr. saying the temperature is 80 degrees at Holly Hill, Florida, where they plan to spend the remainder of the winter.

A note from Mrs. Frank Courter and Mrs. Harvey Campbell who left last week mentions daffodils, green grass and spring showers enroute to Florida.

And did you ever know anyone who took a train trip just because he likes trains? We do and he's Arthur Edwards who returned recently from a 6,000 mile trip to the west coast via the northern route, a tour along the Pacific seaboard with a stopover in Los Angeles where he spent nine days.

Among the places visited was a radio station where he saw broadcasts of the Lum and Abner and the Amos and Andy broadcasts. He even shook hands with Andy of the show. And don't forget the Ed Wynn television broadcast.

He returned home via the southern route through the southwestern states to New Orleans and then north to Chicago.

He rode as far as Traverse City in the cab of the Diesel engine when he left and returned home on the 'mixed train' from Traverse on his return trip.

In between he rode steam, diesel and electric trains—from the best to the worst, as he puts it. He's back at work now dreaming up another trip—and all because he likes trains.

And congratulations to the Frank Pops who celebrated their golden wedding anniversary last week and to the William Smiths who will observe theirs next week-end. And birthday greetings to Chevy—who has brought so much happiness to so many people.

Did you think you were seeing things last week-end when you saw a little Valentine walking down the street? Well, you weren't—it was just little Marilyn Hayes of Owosso, dressed in red from head to toe who was visiting her grandparents, Mr. and Mrs. William Gibson.

And if you have any ideas or news for the column—let us know.

A record registration of 1740 voters has been set for Charlevoix—now let's make it a record vote by appearing at the polls Monday.

• Mrs. Harry Widdifield is expected home later this week after spending part of the winter at Banning, Calif.

Alec Templeton Concludes Concert Series at Petoskey

Petoskey Alec Templeton, British born pianist composer and improviser extraordinary, will be heard in recital at the Petoskey high school auditorium Wednesday, February 22, at 8:30 p. m.

The Templeton recital is the last program to be presented in the 1949-50 season of the Northern Michigan Community Concert association.

In 1935 Mr. Templeton first came to the attention of American audiences when he arrived in England to make radio appearances with Jack Hylton's orchestra. The next year he began a series of concerts with debut [illegible]

Another Proof Why Courier Ads Pay Off

Wanted: Six saws, benches and motors.

These were wanted by persons who called 33 last Thursday and Friday when John Schroeder placed a for sale ad in the Courier, advertising a Delta saw, three other saws and a small motor for sale.

He reported that the articles were sold by 10 a.m. Thursday, two hours after the newspapers went on sale. Not only that but he said he received six other calls inquiring if he had sold them.

This is proof of the pulling power of Courier Want-Ads. Nearly everyone reads the Courier Want-Ads. If you have something s/n your basement or attic you no longer need, the best way to sell it is through the Courier want Ads. They cost little and they do your sales job

Crank Department!

When B. H. Kroger opened his first Kroger store in Cincinnati, Ohio, in 1882, his demand for quality merchandise soon had salesmen crying, "crank". Today, though the company has grown, Kroger merchandise gets an even more thorough examination by Kroger Food Foundation laboratories. Kroger is proud of its reputation for being a "crank" about food quality.

Energy in Milk

One glass of whole milk yields about the same amount of energy as one and one-half potatoes, three slices of bread, or a quarter of a pound of lean meat. If you want the nutritive elements with fewer calories, skimmed milk will give you just half the energy values, advise food specialists at Michigan State College.

No Flour Needed

When you roll pastry between two sheets of waxed paper or plastic, you don't need any flour. To keep the waxed paper or plastic in place while rolling the pastry, sprinkle water on the table and place the paper or plastic over it.

IT HAPPENED ON . . . .

BEAVER ISLAND

By Mrs. J. C. Hanley

With St Patrick's day only a month away, Beaver Islanders have begun making preparations to make it a big day. Mrs. Fred Stebbins has selected a number of entertaining kits for theatrical production and rehearsals are under way.

Those who came to the Island to attend the funeral of Jack Gallagher returned to the mainland soon after the services on Tuesday. They were his mother, Mrs. Maude Gallagher, his sister and brother-in-law, Mr. and Mrs. Charles Pischner, Miss Grace Gallagher, all of Green Bay, Elizabeth Gallagher, Margie Ho, Mr. and Mrs. Cloyd Gallagher, Mr. and Mrs. Buck Dithefson and Jack Bradley, Cleveland, Lester Gallagher, Charlevoix.

Joe M Phillips hauled his log cabin Construction three Tuesday for the first time this winter.

Tuesday evening stockholders of the Beaver Island Transit Company held a banquet and meeting in Peter Hall's at Sand Bay and elected

Kathy Gallagher flew to Lansing and Mr. and Mrs. Peter Petrie motored to Lansing via air.

Last week Pat Martin [illegible] to Big Island to [illegible] made the trip with his team and sleigh. Hog Island with its thick growth of evergreens, offers ample protection during the winter. Ground Hemlock grows in abundance and is excellent feeding for the cattle.

Beaver Island youngsters are having a lot of fun coasting on their sleds, but a few accidents have occurred necessitating trips to Dr. Palmer. Michael Cull had to have a couple of stitches after he ran out on his head, Marcus Mortimore hit a wire cut and had to be stitched and Audry Gathiff had several stitches when she injured her finger.

Sunday morning, Mrs. Edna May McCann, Miss Mary Johnson and Erwin Beltz flew to the island for a brief visit with Mr. and Mrs. William Beltz and Verle McCann.

Margie Gathiff left on the plane Sunday to return to Saginaw to join Dr. and Mrs. John Montgomery and family who will leave the last week in February for their future home in Portland, Oregon. Margie will go with the Montgomery and continue her duties as an X Ray technician. The party plans on taking the month of March for the trip west, stopping at interesting spots along the way.

Carolyn Miller entertained a group of her classmates Sunday afternoon with a Valentine party.

Farm Topics

By ED REBMAN

Farmers seek long life in Alfalfa:

Most Michigan farmers want their alfalfa to last for several years so crops research scientists at the Michigan Agricultural Experiment Station have found several recommendations for them.

S. T. Dexter, Michigan State College farm crops scientist, says that winterhardy variegated varieties such as Grimm, Hardigan, and Canadian Variegated have long been recommended to get through our severe winters without injury. Northern grown common are an acceptable second choice.

About 20 years ago the Ladak variety was brought out to combat the newly spreading disease, bacterial wilt of alfalfa. While it was fairly as winterhardy as Grimm, yielded as well and was somewhat resistant to the new disease, it had some disadvantages. It was slow to recover from cutting with a resultant small second crop. Then somewhat later [illegible] not found to be [illegible] Grimm. Then [illegible] plus strains of seed limited its use.

Two new varieties which were highly resistant to bacterial wilt were brought out about 10 years ago. Though still high priced, the seed is gradually becoming available. The new Buffalo was too tender for our winters but the other variety, Ranger, was found to be almost as winterhardy as Grimm and yielded well. It should be managed carefully, if used, in order to avoid winter injury and thus get the benefit of the wilt resistance.

Dexter says that for farmers who wish to plow up their alfalfa after two or three years of harvest, Michigan grown seed from variety seed varieties is still best. On farms where wilt resistance is not [illegible] Grimm and yielded [illegible] Canadian Variegated [illegible] Buffalo [illegible] Ranger [illegible] Grimm

John Knight Wins Mayor's Race in Primary

Defeats Hamilton by 152 Votes in City's Largest Election Turnout; Two Council Races Are Close

Ray Hamilton
Loses Mayor's Race

John Knight
Given Good Mejority

Charlevoix was returned to normalcy today after one of the most controversial elections in its history during which John Knight, 42-year-old alderman, was nominated for mayor in the primary Monday.

In the largest turnout of city voters on record here, Knight who is serving his first term as alderman, defeated Mayor Ray Hamilton by 152 votes. Knight carried the second and third wards by large margins but Hamilton carried the first ward by 51 votes. A total of 1289 ballots was cast although more than 50 were thrown out as faulty ballots.

The vote by wards was: first, Hamilton,154; Knight, 103; second, Hamilton, 209, Knight, 328; and third, Hamilton, 177 and Knight, 261.

In the aldermanic races, overshadowed by the intansa interest in the mayoralty race, two incumbents, William Heering, in the first ward and Cerl Kohler, in tha second, were returned to office in close votes. Relph Hamilton captured tha third ward council seat by defeating John Wolt 323 to 101.

A margin of four votes separated Kohler from his opponent, Harry Zettler, who received 263 votes. There was talk of a recount in this ward but Zettler said he was undecided as yet.

In the first ward where Ivan Phillips opposed Heering, there was a margin of only 24 votes. Heering received 140 and his opponent, 114.

No opposition was voiced in the clerk's and treasurer positions which resulted in the re-election of Hugh Mayne and Nelle Hammond. George Haggard, Arthur Bergeon and Clarence B. Meggison were also re-elected as supervisors.

Election interest mounted to almost a fever pitch election day with soma 50 more persons casting ballots than were cast in 1938, the previous peak. By noon Monday more than 500 persons had voted about three times as many as voted during the whole day last year. Hilda Cooper was the first voter and Dorothea Bedger, the last to vote.

When the returns started to be reported Monday night, a score of persons gathered at the city hall to get first hand news of the election results.

The first ward ballots were the first to be counted with election workers going through the mayor's contest before turning to the aldermanic races. Knight supporters were enthusiastic about their chances when it became known that Hamilton carried it by slightly more than 50 votes.

The voters in the second ward gave Knight a good-sized majority, 119 votes and the third gave him 84 more votes than Hamilton received.

The spring election will be held April 3.

Knight who has lived here the year-round since 1945 was a summer resident here for 20 years. He attended the University of Michigan three years and graduated from the University of Southern California. He has operated the Michigan Cleaners since July, 1946.

The Charlevoix high school band, directed by C. A. Odmark, will play in the district 2 Michigan Band and Orchestra association qualifying festival at Traverse City Saturday. A first division rating will be necessary for the band to enter the state festival in April.

Adjudicators will be Leonard Falcone, director of bands at Michigan State College and Keith Stein, woodwind instructor at the same college.

Entering the solo and ensemble festival Saturday morning will be Dwight Smith, accompanied by his mother, Mrs. Joseph Smith, who will play a clarinet solo, "Air Varie" by Dagnelies and a clarinet quartet composed of Dwight Smith and Sue Miles, B Flat clarinets, Leola Scott, alto clarinet and Roger Sweet, bass clarinet, who will play Dvorak's "Humoresque".

The band will play during the afternoon with Charlevoix as a Class C group playing "Invergargill", by Lithgow as a warm-up march, "Overture Argentina", by Buchtel, a required selection for Class C band and "The Traveler Overture" by Buchtel as a selection number.

Ten members of the Charlevoix band will play in the 75 piece Select Band concert at 7:30 Saturday evening.

Ex-Salvation Army Leader, Roy Marshall Claimed by Death

Funeral services for Brig. Roy Marshall, 64, retired Salvation Army officer and a former local resident, were held at Salvation Army Corps quarters in Chicago Monday with burial in a Chicago cemetery. Brig. Marshall died unexpectedly Feb. 13 at St. Petersburg, Fla., where he and his wife were spending the winter.

Born in Canada, Mr. Marshall came to Charlevoix as a child. He served as adjutant in the Grand Rapids citadel from 1920 to 1923 and was instrumental in the purchase of the present site of the citadel there. He also commanded several large corps including the Flint citadel and a Kalamazoo corps which he returned two years ago. Since then he has resided near Grand Rapids.

He is survived by his wife, Hazel; four children, all officers in the Salvation Army, Capt. Mrs. Alfred Muter of Chicago, Capt. Kenneth Marshall of Bloomington, Ill., Capt. Doyle Marshall of Detroit and Capt. Roy Marshall of Hilo, T. H.; a sister, Mrs. Morris Ackert of Charlevoix and two brothers, Will of Paris, Tenn., and Harry of this city.

Rites Saturday for Mrs. L. P. Adams, 77

Funeral services for Mrs. L. P. Adams, 77, resident of Charlevoix for more then 50 years, were held at St. Mary's church Saturday with the Rev. Fr. Malinoski officiating. Burial was in St. Mary's cemetery. She died at her home late Thursday after a long illness.

Born in Toronto, Ont., Jan. 16, 1873, the former Mary Frances Works came to West Branch, Michigan, as a young girl. She was married to the late L. P. Adams prior to coming to Charlevoix more then 50 years ago. Mr. Adams, prominent Charlevoix businessman and former mayor, died March 2, 1947.

She is survived by one son, Prescott of Uvalde, Tex., two daughters, Nell and Mary, of Charlevoix, four grandchildren and one great-grandchild.

Ticket Sales Are Good for Boxing Card

District boxing fans are assured of at least 12 bouts and possibly 14 at 8 p.m. Saturday, Feb. 25, at the Charlevoix school gymnasium, Herb Schofield, new hospital fund activities chairman, reported.

Fans will see some of the best screppers in Northern Michigen including savaral lads who have been handy with their mits in this county. Alpane and Chaboygan and Patoskay are some of the cities which ere sending fighters hera for tha show.

Tickets were reported going at a fairly fast pace Wednesday, but fans who expect ringside seats are urged to get them before Saturday as there is a limited number. General admission, ringside and other seats are available. Student tickets can be bought at the school. Tickets can be obtained from Fay Davis, Bob Hamilton, Frank Novotny, Edwards Food Mart and Henry's barber shop.

Nte proceeds will be divided between the hospital fund and the polio fund which only recently closed its drive far short of what was needed to tide the county over its financial emergency. The Knights of Pythias lodge is sponsoring the fights.

At least three local boys will fight on the program, Jack McDermott, local fight chairman, announced. Boys have been working out nightly and are anxiously awaiting the fight program.

Many of the boxers taking part in this program have won laurels in Golden Glove district finals last year and this year, McDermott said, adding that the program should provide a number of close scraps as the boys are evenly matched.

Emma Tilley, 75 Dies at Traverse

Mrs. Emma R. Tilley, 75, a former Beaver Island resident, died Wednesday at Munson Hospital, Traverse City, follnwing a long illness. Funeral services were held Saturday at the Martinson-Sampson Funeral Home Traverse City with interment in the Oakwood Mausoleum until spring when burial will be in the family lot at Beaver Island.

Born in Northport May 19, 1874, she was married to Charles E. Tilley at Northport where they lived until 1898 when they came to Beaver Island to meke their home. For 28 years she had resided in the Leelanau and Grand Traverse region and for ten years with her son, Charles, in Traverse City. She was a member of the Eastern Star and the White Shrine.

Dr. L. D. Ance Opens Dentistry Practice

Dr. Lysle Ance, native of Charlevoix, a practicing dentist for seven years, will open his practice in the Pemberton building March 1.

A graduate of Marquette university dental school in 1941, he entered the Navy in July, 1942, serving 54 months in Naval Dental corps, two years at Grosse Ile and 2½ years at sea aboard the USS Delta.

He entered the Navy as a lieutenent, junior grade, and was a lieutenant commander when he left service. After service, he practiced with Dr Young's father in Detroit where he remained two years.

Born Oct. 18, 1916 in Charlevoix, he graduated from the high school in 1934. He entered college in 1935, taking extension work with the University of Michigan and later attended Western Michigan.

He and Mrs. Ance have a daughter Alice, six months old. They live at 305 Clinton street.

Girl Scout Leaders Presented Awards

Seven new Girl Scout leaders received their pins at a brief investiture service at the regular monthly training meeting of the Charlevoix group recently. They were Mrs. Herbert Campbell, Mrs. Gladys Peterson, Mrs. George LaBlance Jr., Mrs. Orhn Cunningham, Mrs. Leon Joseph, Mary Ann Murphy and Marion Pletcher.

The seven candidates were presented to the Girl Scout Council by Mrs. Charles Bleha, as troop organization chairman. They were pinned by Mrs. H. E. Paddock after which Mrs. Joseph gave a brief speech of acceptance. They were later welcomed by Mrs. Howard North, training chairman and Mrs. William Lisk, representing the leaders.

At the business session which followed the annual cookie sale was discussed and plans made for Girl Scout week which starts March 12. Tentative plans for camping were made and prospects for trip camping for the older troops discussed.

As an international project, the girls will cut, sew and fill school bags for shipment overseas in April.

An open meeting of the council will be held in April.

Rites Held Here For Fred Schrader

Burial rites were held in the Brookside cemetery last Thursday for Fred Schrader, 71, who died Feb. 12 in Detroit. Funeral services were held earlier in Detroit.

Besides his widow, Frances M., he leaves a son, Bernard Frederick and a grandson, Bernard F., all of Charlevoix. Mr. Schrader came to Michigan from New York 30 years ago. A graduate of Mt. Pleasant Military academy, he attended West Point.

A national amateur heavyweight champion in 1899, he was a sparring partner of several famous fighters including Jim Jeffries, Bob Fritzsimmons and Tom Sharkey. He became physical instructor for the New York city police and fire department before coming to Michigan. He was police chief for the Oakland Motor Car Co., and the Yellow Coach Co. in Pontiac and more recently was employed in the research engineering department of the Fisher Body division of General Motors.

Odd Fellows Beat Masons at Cribbage

The Odd Fellows turned the tables on the Masons Monday night in the cribbage tournament. The Masons still lead by 1261 points with two more nights of play.

Howard Griffin with 945 was high among the Odd Fellows and Ray Ashdon with 927 was high among the Masons. The games were marked by the highly unusual fact that the high Mason and Odd Fellow players were partners.

East Jordan Man Heads Soil Group

Iloyne City—George Klooster of East Jordan was re-elected chairman of the Charlevoix Soil conservation District at the first board meeting at Iloyne City. Norval Korthase of Boyne City was elected vice-chairman, Peter Wunnick of Charlevoix was re-elected treasurer and Ed Rebman, county agricultural agent, was re-elected secretary for 1950.

The directors at this first board meeting have agreed to cooperate in the second soil essay contest sponsored by the National Grange and American Plant Food Council. The theme for this year's contest is "Soil Fertility and the Nations Future". The contest is open to all young men or women whether Grangers or not, who are under 21 years of age.

This contest will run from Feb. 1 to April 15, 1950. Persons who are interested in entering this contest may secure information from any of the local Grange, members of the boards of directors of soil districts, E. B. Watkins farm planner, or county agricultural agent Ed. Rebman.

Farmers Day Set March 14

A farmer's day program "Farming Today in Charlevoix County" is being planned for county Veterans' Institute, in cooperation with the Charlevoix public schools, the Veterans Administration and State Department of Vocational Training.

Several outstanding farm authorities including D. L. Murray, dairy extension specialist of Michigan State College, and B. R. Churchhill, research specialist of Michigan State College, as well as the teaching staff of the Veterans' Institute and other agricultural authorities will be included on the program. Mr. Churchhill, a nationally known research specialist, will speak on the subject "Cultural and Chemical Weed Control." Mr. Murray has selected as his topic "Feeding the Dairy Cow".

All farmers in the county are being invited to attend the one-day program at the Charlevoix high school gym on March 14. The sessions will open at 10 a.m. and ajourn at 3.30 p.m.

The program for the meeting will be published next week.

Fire Loss in Barn May Total $10,000

The barn on the Clare McGhan farm five miles south of town in Marion township burned Monday afternoon with a heavy loss of livestock which was housed in the building by L. E. McGhan.

The loss, which is only partly covered by insurance, was estimated from $8,000 to $10,000.

The loss included four young beef cattle, a brood sow and two litters of pigs totaling 18 which were all killed in the fire and several hogs that were being prepared for market which had to be slaughtered because of burns and smoke.

Farm machinery which included a new corn planter, a drill and rubber-tired wagon were also lost in the blaze which is believed to have started from heating equipment used to keep the litters of pigs warm. Hay, straw, oats and wheat were also lost.

Mr. McGhan had visited the barn a short time before and everything was in order. A short time later Gerald Nixon who rents the house on the farm saw smoke coming from the barn and investigated only to find the inside ablaze. The Charlevoix fire department under Chief Charles Marshall devoted their efforts to saving the house and other farm buildings which received minor damage from flying debris.

Election Underlines Need for New Ward

Attention has been focused in this week's election between the glaring difference in the number of eligible voters in the second and third ward on one hand and the first ward, smallest of the three.

The first ward has 330 eligible voters while the second ward has 762 and the third, 654. A number of residents have voiced the opinion that steps should be taken to form a fourth ward, thus dividing the two largest wards.

The suggestion seems to be well taken as there is a large discrepancy between the small first ward and either of the two other wards. This would mean enlarging the council. It should result in another seat on the board of supervisors for this city, thus matching the four from Boyne City.

Considerable feeling here points to the fact that Charlevoix should have as many seats on the board of supervisors as Boyne City. On a population basis, it appears that Boyne City is several hundred larger. The new census may alter that picture as city officials here point out that Charlevoix's population is about 2750 at present.

From a tax basis, it would appear that Charlevoix which pays 36 per cent of the county's total taxes is on firm ground in asking for another seat.

Speaker Says Present City Gov't Is Outmoded

The statement that the position of city superintendent under the present regulations of a fourth class city such as Charlevoix came as quite a surprise.

The speaker was John Iglauer, assistant director of the Michigan Municipal league, who told the Kiwanis club and its guests that a city council could abolish the position with ease, despite the wishes of the people, under the present setup.

It came as a surprise to hear the speaker say that only a small number of cities still remain as fourth class cities. The greatest share of the cities have become home-rule cities through charter revision.

He cited the many advantages of the home-rule cities, all of which lead, other cities report, to a more efficient operation. Under a home-rule setup, a city manager, hired by the council, has complete charge of city purchasing as well as municipal personnel.

In other words he is held responsible for efficient operation of the city, making reports to the council or commission on his management.

It would be worth while to have the council appoint a committee to study the various features of home-rule to determine if the city be better off to alter its status from a fourth class to a home-rule city.

The fourth class city here was formed in 1905, about 10 years after the state legislature enacted a law. It was pointed out that the greatest bulk of Michigan cities have outgrown the fourth class provisions and have shifted to what they think is a more efficient type of operation.

This writer has observed at close hand the workings of a city-commission form of government. Most of them have been in larger cities. In those, the manager form of operation works on the same basis of a private firm.

Each city office and its employes are held responsible to the manager. He in turn is held responsible to the council or commission.

ODDS 'N ENDS

By Fran Martin

Winter really hit Charlevoix over the week-end with more wind and snow then we've had at one time since November. It was great for the skii resorts tho.....But far from the winter winds are the Angus Fochtmans and Bill who had dinner with Minnie Payton and her sister-in-law, Mrs. Vernon Payton at the Payton mountain home near San Diego, Calif., last week.

Also present were the Art Wexstaffs who left several weeks ago for the west. Ben Gill who is stationed at San Diego with the Navy and his wife and children also had a visit from the Fochtmans. It must have been ole home week for all.

Did you know thet tha Charlevoix school is ona of the few in the conference which puts on e show at the basketball games? Since the home season has ended we'd like to say thank you to the bend, the majorettes and the cheerleaders who hava helped make tha games more enjoyable.....And while we're speaking of the band, mey we wish them loads of luck at Traverse City Saturday.

They'll need a first division ratlng to go to the state festival in April but we're sure they'll meka it.

Many local residents will remember Norman Panama who spent many summers here with his parents at their Boulder Park home. He's now a producer in Hollywood and in the February issue of Screen Guide may be seen in a pix with June Allyson, Dick Powell and Melvin Frank.

If you haven't seen E. B. 'Bo' Bowman around town for several days it's because he's a patient at Cheboygan Community Hospital where he was taken for an emergency operation last week. He's making a satisfactory recovery and hopes to be home later this week. Mrs. Bowman returned Saturday after spending several days with him.

Hard luck has been hounding the basketball team. During the Mancelona game Feb. 10 Chuck McFarland took a nasty spill and fractured his collar bone. He's now back in school but all done up like a mummy. During practice last week Jack Cross fell and in nothing flat was on his way to the Charlevoix Hospital with a fractured collar bone. He's still hospitalized so drop in to see him or send him a card.

If you wonder what people are going to talk about now that election is over don't forget the basketball tournaments are coming up soon. The District tournament at Petoskey March 2-3-4 and the Regional there the following week-end.....Janet Bulow who recently completed a business course in Detroit has taken a job in the Ag. Dept at Michigan State. Her parents, the F. R. Bulows and daughter, Pat, took her to East Lansing last week after a visit here.

They tell us that the dancing class at the high school Thursday night is really something. Max 'Chubby Boy' Anspeugh of Petoskey is the instructor and is a riot. The teen-agers are learning to waltz and the adult class to rhumba. My! My! And if you're looking for something to do this Saturday take in the boxing bouts at the gym. Twelve or fourteen bouts are on the card with the proceeds going to the polio and hospital building funds. It's great fun, too.

The Plumms, Maxina and Georga are heving e grend time introducing their newly-edopted deughtar, Jayna Ann, to their friends. She arrived et the Plumm home Thursday end is really e doll. On Saturday night Mrs. Colin McKanzie invited a group of friends in for a baby shower and tha little one received many lovely gifts. Monday evening Mrs. Claire Martin invited the younger crowd in to meet the baby and to sew 'little things' for the new arrivel. She received many nice gifts too.

The regular basketball season will end this Friday with a game at East Jordan.....lots of luck, Rayders, we hope you'll finish in the chips.....And did you ever see anything with more "heart appeal" then the youngsters, Lorraine Heise, and Sally and Jean Hartzell, all polio victims whom Dal Henry introduced at the Petoskey game. The fans took Dal at his word when he asked for more contributions then were given at the Pellston game and 'blanket pitch' he got it—$56.60—just nine cents more.

Voice of Our Readers . . .

I have ordered the New Orleans Times Picayune sent to the Courier during the festival Mardi Gras, Feb. 16-21. I do not know whether you have seen it or not. I would like my friends in and near Charlevoix to see pictures and the news stories of that Mardi Gras.

Room rent here is terrible until after Feb. 22 when it will be normal again. Now rooms rent for $70 to $125 per week plus three state taxes. I am enclosing a clipping of the doings and parades for the carnival season. I have seen two parades and they have been beautiful.

It has been Florida weather here this winter (unusual), hot not warm all through February. It has been 82 and the ground hog had to go back in the ground to cool off. Hoping you, your family and all my Charlevoix friends are real well

Your Friend
Joel Johnston.

"The New Step-Down Ride!"

Available only in Hudson because Hudson is built differently

SENSATIONAL LOWER PRICES ON EVERY SUPER AND CUSTOM COMMODORE MODEL!

Available with Hudson's exclusive SUPER-MATIC DRIVE†

Only Hudson, the car with "THE NEW STEP-DOWN RIDE," brings you these additional features . . .

Chrome-alloy motor blocks which minimize wear and reduce upkeep costs • Triple-Safe Brakes—finest hydraulic system with reserve mechanical system on same pedal, plus finger-tip-release parking brake • Floid-Cushioned Clutch • Wide-arc vision with Curved Full-View windshield and rear window • Weather-Control†—Hudson's heater-conditioned-air system • Super-Cushion tires • Safety-Type wide rims • Center-Point Steering and more than 20 other high-performance, long-life features that help make "step-down" designed Hudsons leaders in resale value, coast to coast, as is shown by Official Used Car Guide Books! †Optional at extra cost.

ONLY CARS WITH "STEP-DOWN" DESIGN

IT'S EASY for you to discover that Hudson—at sensational lower prices—offers you the *most* room . . . *best* ride . . . *greatest* safety of any car . . . and more value at *less* cost!

Your first glance inside shows you that Hudson's exclusive "step-down" design, with its recessed floor, puts at your service new space that is *wasted* in other cars.

That means seat cushions that are *up to 12 inches wider* than in cars of far greater outside dimensions . . . more head room than in any other stock car built today . . . a spaciousness further increased by the placing of interior hardware and door controls in recessed panels to give extra elbow room!

But Hudson's fabulous roominess is only part of the story!

Hudson's free-flowing, low-built design quickly tells you that the New Hudson has the *lowest center of gravity* in any American automobile; yet there's full road clearance!

As a result, you know instinctively that this thrilling motor car handles more surely, hugs the road more tenaciously, and is therefore America's best-riding and safest car! And for added safety, Hudson's Monobilt body-and-frame* rides you completely encircled by box-section steel girders.

Yes, Hudson brings you *more* value at *less* cost—as a few minutes behind the wheel will disclose. We invite you to visit us soon—check Hudson's sensational lower prices—and discover quickly and completely that "The New Step-Down Ride" is America's best and safest ride!

*Trade-mark and patents pending.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

For the first time this winter, schools closed due to the weather. Tuesday, along with the high east wind, at least a foot of snow fell. The drifting snow made it impossible for Elston Pischner, pilot of the snow plow, to keep the roads clear for Mrs. Left to drive out to Sunnyside or the Sisters to get to town. Diminishing winds Wednesday enabled schools to resume regular schedule.

The elements challenged James Gallagher and his crew who started out Monday to prepare the ice for cutting and storing. Monday, the ice was plowed. Tuesday, with a foot of snow as a handicap, work was discontinued. Wednesday, with the aid of the snow plow, the area was cleared and plowed again . By Friday evening, six tiers of ice were in storage for next summer's use.

The hardest working man on the island last week was Elston. He gave the snow plow the workout of the season. He was up early and out late keeping the roads cleared.

Horse drawn sleighs and jumpers are common sights through the village since the heavy snowfall. The youngsters are having fun hopping rides.

Sunday, February 12, Mary Malloy received her "crown of glory," as she describes it. Mary was among the students at Mercy Central School of Nursing, Grand Rapids, to receive her cap.

Mrs. Elsie O'Donnell went to Chicago to attend the wedding of her son, Bernard, Saturday, February 18. Bernard and his bride plan to spend their honeymoon on the island.

A Courier Classified Will Sell It!

The committee of the Beaver Island Club, Chicago, announces plans for their fourth annual party March 18 at the Lithuanian Auditorium. The proceeds from these parties go towards some worthwhile project for the island. We have the Chicago Club to thank for the fine playground equipment we have in the village.

Chief Carl Sikorski flew to the mainland Wednesday for a mid-winter vacation from his post.

Mrs. Walter Wojan flew to Charlevoix Thursday and returned the same day.

Florence Burke was a passenger on the mail plane Thursday on the return trip to the mainland.

Eleanor Gallagher entertained a group of her schoolmates with a valentine party. Cards and games were played and prizes awarded. Refreshments were served during the evening.

Glenn Ikens of Standard Oil, Charlevoix, and Bob Perry, Standard Oil repair man, came to the Island Thursday.

Mr. and Mrs. Rogers Carlisle, who came to the island to attend the meeting and banquet of the Beaver Island Transit Co and to spend a mid-winter vacation in their lovely island home, returned to Indianapolis Thursday.

Grace Cole returned to the island Friday after a couple of weeks visiting on the mainland.

Mrs. Russell Palmer's wrist has strengthened enough to give music lessons once more. She plans on producing two musical playlets," Noah's Ark" and "Peter Rabbit".

Some of our Beaver Island lads are fine dog trainers. Jimmie Lee Martin and his cousins, Marcus and Billy Martin and Douglas Burke have speedy dog sleds. They go flying up the road standing on their sleds with the greatest of ease.

Friday evening, the Cordeliers met at the home of Mrs. Margaret Hanley. A large box of cancelled stamps have been collected for the missions. The story of St. Elizabeth of Hungary was read by Margaret Ann LaFreniere. After the meeting, a social hour was enjoyed.

Bub Burke, the rural delivery mail man, has a comfortable arrangement for making the rounds. On his sleigh, he has a small cabin with a stove inside and he's as warm as a bug in a rug as he drives along the country trails. Saturday, Mr. and Mrs. Bob McDonough and family boarded the mail sleigh to move to the village for the next month or two. They will occupy an apartment in Jewell Gillespie's home.

Mr. and Mrs. Arelne LaFreniere flew to the mainland Sunday for a few days.

Lenten services were announced Sunday by Father Giles Wednesday and Friday evenings, services will start at 7:o'clock; Sunday afternoon, at 2:o'clock.

The Time The Anti-Trust Lawyers Killed Their Own Case!

For ten years the anti-trust lawyers have been attacking the business methods that make it possible to give the public the best quality food at the lowest prices.

In our last ad we told you how Federal Judge W. H. Atwell, at Dallas, threw the anti-trust lawyers and all their inflammatory charges against A&P right out of his court.

But the anti-trust lawyers were not satisfied with decisions against them by three federal judges.

They still wanted to destroy A&P.

They Appealed to New Orleans

So they appealed Judge Atwell's decision to the three-judge Circuit Court at New Orleans.

One of the three, Judge Curtis L. Waller, agreed with Judge Atwell that the case should be dismissed.

The other two members of the Circuit Court, Judge Joseph C. Hutcheson, Jr., and Judge Allen Cox, although saying the case should be tried, agreed that the indictment was vague and contained many allegations which were inflammatory.

They decided that Judge Atwell at Dallas should protect A&P from these inflammatory allegations and could order the anti-trust lawyers to supply the defendants with a bill of particulars.

So the case was back in Dallas again.

Judge Atwell, carrying out the decision of the Circuit Court, struck out the inflammatory matter.

He said that without this inflammatory and prejudicial matter the Grand Jury might never have returned the indictment.

Judge Atwell said to the anti-trust lawyers:

"There are many statements in the indictment which are not at all in violation, and are highly prejudicial and inflammatory."

The anti-trust lawyers objected. They advanced an amazing argument. They said that the removal of their inflammatory allegations (which all four judges had agreed did not belong in the indictment) destroyed their case.

Judge Atwell instructed the anti-trust lawyers to furnish the court with a bill of particulars. In short, he wanted specific charges instead of vague generalities. He set the deadline for furnishing this material at January 15th, 1944.

When the anti-trust lawyers twice asked for more time, pleading sickness among their staff, Judge Atwell extended the time to February 25th because he believed that they were honestly trying, in good faith, to prepare the material he had requested.

Actually, it developed, they were using the time to get ready to drop the case in Dallas and start it in another court.

They Quit in Dallas

On February 26th, while the judge was still waiting for his answer, and without any previous notice to him, the anti-trust lawyers gave a story to the newspapers in Washington, announcing that they were dropping the case in Dallas.

They said that it was their intention "to file a substantially similar suit in an appropriate jurisdiction *at an early date.*"

The "early date" turned out to be the same day.

As soon as one anti-trust lawyer killed the case in Dallas, another anti-trust lawyer filed a new case in Danville, Illinois. This new case made most of the same allegations that had been made and dropped in Dallas; and that are being made against us today.

So now, according to the anti-trust lawyers, all four judges who had ruled on the Dallas case were wrong.

Despite defeats in three federal courts in widely separated parts of the country, they continued their campaign to destroy A&P.

When Judge Atwell heard of their action he ordered the anti-trust lawyers to prepare an order for his signature dismissing the Dallas case.

In signing this order he said to the anti-trust lawyers:

"This nolle prosequi does not have the sanction or approval of this court. That is not necessary, nor that the government ask for the court's approval.

"It is, however, a matter that may be presented to the other court and may be of interest to the people at large."

So after their efforts to destroy A&P had failed in Washington, D. C., Wilson, North Carolina, and Dallas, Texas, the anti-trust lawyers moved on to Danville, Illinois.

They were still determined to destroy this company which had brought more and better food at lower cost to millions of American families.

They Were Wrong Three Times Before!

Three times the anti-trust lawyers went into federal courts and made serious and damaging charges against A&P.

Three times federal judges said the anti-trust lawyers were wrong and rendered decisions against them.

In previous ads in this series we told you about these other anti-trust "cases" involving us, which the judges said were not cases at all.

We think you should know about these previous cases, because once again the anti-trust lawyers are making damaging "allegations" that could seriously affect our business if they were believed by the public.

There was the time in Washington, D. C., when they said we and other good American citizens conspired to fix the price of bread in that city.

This was the time Federal Judge T. Alan Goldsborough ruled that A&P and the other defendants did not even need to put in a defense. He instructed the jury to bring in a verdict of "not guilty".

It was the time Judge Goldsborough said to the anti-trust lawyers:

"If you were to show this record to any experienced trial lawyer in the world, he would tell you that there was not any evidence at all.

"Honestly, I have never in my over forty years' experience seen tried a case that was as absolutely devoid of evidence as this. That is the honest truth. I have never seen one like it."

There was the time in Wilson, North Carolina, they said we and other good American citizens conspired to fix prices paid farmers for their potatoes.

This was the time Federal Judge C. C. Wyche directed the jury to bring in a verdict of "not guilty".

It was the time Judge Wyche said to the anti-trust lawyers:

"In my opinion there is no testimony produced from which it can reasonably be inferred that the defendants entered into a combination to depress or lower the price of potatoes.

"I might say that I never tried a case in my life where a greater effort, more work, more investigation had been done, combing almost with a fine-tooth comb to gather evidence.

"But, as was said a long time ago, you can't make brick without straw, and you can't make a case without facts."

There was the time in Dallas, Texas, when they made practically the same **"allegations"** they are making today.

This was the time Federal Judge W. H. Atwell ruled that the case should not even be tried. He said that the indictment contained inflammatory statements that he would not permit to be presented to a jury.

It was the time Judge Atwell said to the anti-trust lawyers:

"I know of no American rule, and I wish I had the power to underscore the word 'American,' which permits us to try a man because of his size.

"If I thought I was presiding over a court and that I might have to sentence some person because he was a great big fellow, or because he was a Lilliputian, I would feel like resigning. God knows we don't want it ever to occur in America that the size is going to determine whether a man is guilty or innocent."

Red Rayders Determined to Upset League-Leading East Jordan Cage Team in Final Game of Regular Season

Charlevoix will be shooting the works in its final basketball game of the regular season at East Jordan tomorrow night when the two teams meet for the second time of the season. While the Rayders cannot win or even tie for the Northern Class C league title, they can knock East Jordan into a tie with Boyne City provided Boyne gets by Pellston.

The Rayders will have an uphill battle to defeat the Jordanites who have been playing a good brand of ball all season, barring one or two games. The locals will be trying hard for a victory to even the season's series with Jordan as the latter raced to a win in the Charlevoix gym last month.

Charlevoix fan express confidence that the Rayders will upset East Jordan, chiefly because the locals have looked very good in their last two games. A big improvement has been Bill Wallace's work under the basket as shown in the recent Petoskey game when he scored 20 points. The team is playing better as a unit in recent games.

The Rayders boast a win over every team in the league except East Jordan and they will be out there to win this last game of the season before hitting the tournament trail.

C'mon Red Rayders, let's even the score with East Jordan.

Rayders Close Out Season at East Jordan

Paced by Chuck Fairbanks, the Charlevoix Red Rayders avenged a defeat earlier this season Friday night when they defeated Grayling 52-41 in the local gymnasium. It was the final home game for the Rayders who close their regular season tomorrow night against East Jordan, league leaders.

Flashing a consistent brand of play except for the third period when the local attack bogged down, the Rayders grabbed the lead early in the first period and held it throughout the contest. However, there were several times when Grayling looked as though it was going to tie the score.

Fairbanks and Jim Feldhouser, Grayling center, each scored 24 points. Bill Wallace was next with 12, three more than Don Hardy, with the local trio scoring 45 points between them.

Charlevoix second team won its game 41-23 in an easy fashion although the Grayling seconds managed to make a nice comeback in the second half, scoring 19 points but the gap was too large. Dean Boss had 18 points and D. Davenport had 10 for the locals.

While the Rayders did not appear to be quite as sharp as they were against Petoskey earlier in the week, they seem to be playing much better ball as a team than they did a few weeks ago. Two baskets and two free throws by Fairbanks, one by Wallace, Barber and Smith and two free throws by Hardy gave Charlevoix a 14-7 lead at the end of the first quarter. The locals led 31-19 at the half and 35-26 at the three-quarter mark.

The game developed into quite a scoring tussle between Fairbanks and Feldhouser. Fairbanks had better support than Feldhouser. Coacb Ray Kipke use his starters for all but the closing minutes of the game when be substituted.

The play lagged in the third period, scoring only four points but Grayling managed to get only seven. Charlevoix stepped up the tempo in the last quarter with Fairbanks getting 10 points Wallace chipping in with three, Hardy one, Donaldson two and Ron Cunningham, one for a period's total of 17 points.

Locals Draw Onaway Five as Tourney Opens

The Charlevoix Rayders will meet Onaway in the opening Class C game of the district tournament at Petoskey next week. The Rayders will play Onaway at 8:50 Thursday night following a Class D game.

In the only other Class C game Pellston will meet Harbor Springs at 8:50 Friday night. The finals between the winners of the above games will be played at 8:50 Saturday night.

In the Clas C matching at Gaylord, Hillman will play Gaylord at 8:50 Wedneday and on Thursday Grayling will meet the winner of the Wednesday bout.

Atlanta and Alpena St. Anne's who drew byes in the first round will play each other Friday and will meet the winner of the Thursday game in the finals Saturday night.

Steps Taken to Ration Dwindling Coal Supplies

Workers Set To Open Drive For Red Cross

A house-to-house solicitation for contributions to the annual Red Cross drive will get underway Monday in Charlevoix and other parts of the county.

Workers received their working kits and informational data Tuesday night at a meeting of leaders in the school. The county goal is $3,500. Charlevoix will endeavor to raise about one-third of the county goal.

The Red Cross, mercy organization, comes to the aid of disaster victims and their families, helps service men with their personal problems with their families. Repeatedly in this county, the Red Cross has come to the assistance of fire victims who lost all their belongings in a blaze.

The most recent example of this was at Boyne City two weeks ago when a young boy lost his life and several others in the family were hurt. The Red Cross county workers, headed by Mrs. Hilda Hartlep, saw to it that the family received financial aid and other help during the emergency.

Workers assisting Mrs. Archie Livingston, city chairman for Charlevoix, are: Mrs. Herbert Campbell, north side; Mrs. Charles Bleha, Mrs. Leon Joseph, Mrs. Robert McClure, Mrs. James Krulik, Mrs. Franklin Curtis, Mrs. Charles Bolling-er and Mrs. Rex Davis.

Valley workers are Mrs. George LaBlance, Mrs. Ernest Wissel, Mrs. Herbert Fox, Mrs. Earl W. Miller, Mrs. Lawrence Korth, Mrs. Alfred Browe and Mrs. Robert Ashdon; south side, Mrs. Etta Nickerson, Mrs. Dan Gennett, Mrs. Fay Davis, Mrs. Bud Russell, Mrs. Leo Allard, Mrs. Carl Korth, Mrs. Bernie Ward, Mrs. E. W. Goss, and Miss Ann Higman.

Rev. W. D. Wood will handle business solicitation and Mrs. Leo Carey, lodges and clubs. Township workers are Mrs. George Smith, Hayes; Mr. and Mrs. Carlton Smith and Mrs. Ed. Liston in Marion, Mr and Mrs. William Parsons, Norwood and Lloyd McDonough, St. James Island.

Court Term Will Open Here Monday

Jurors subject to call if needed for the March term of court which opens Monday, March 6, are as follows:

Carl Prohaska, Bay township; Miller Kline, Boyne Valley; Chris Nicewander, Chandler; Carl Bogart, Charlevoix township; Aline Fineout, Evangeline; Jacob Brock Eveline; Peter Winnick, Hayes; Purl Leazier, Hudson; Clyde Cunningham, Marion; Edward Bensinger, Melrose.

Carl McBride, Norwood; Francis Mooney, Peaine township; Mike Saton, South Arm; Shirley Behling, Wilson; Mrs. Lillie Campbell, Harry Barkley, Percy Anderson, Arthur Ikens, all of Boyne City.

DeWitt Peters, Arthur Wexstaff, Marion Carey, Charlevoix. Ronald Scott, Ted Kotowich and Clifford Brown, all of East Jordan.

The only criminal case on the docket is that of Lawrence Nevils on a delayed motion for a new trial. He is now serving a term in Southern Michigan prison. Two divorce actions, five chancery cases and five issues of facts and law are listed.

Plays for Tourney

The Charlevoix high school band has been invited to play at the district tournament at Petoskey Thursday, their director C. A. Odmark announced Wednesday. The Charlevoix Rayders will play Onaway in the Class C games. The band will make the trip to Petoskey via bus.

Chuck Fairbanks Wins League Title

Fairbanks Grabs Top Scoring Honors in League

Top scoring honors in the northern Michigan Class C conference for 1949-50 have gone to a Charlevoix player, Charles Fairbanks with two others, Bill Wallace and Don Hardy listed among the top 15 in the league.

Fairbanks, center for the Rayder five, has scored a total of 209 points in 16 games for an average of 13 1/16 points per game. The points were made on 76 field goals and 57 free throws.

The record is 31 less then the total scored last year by another Charlevoix player, Ross Case, who scored 231 for an average of 14.7 points per game.

Wallace was fifth in the league with 175 points in 15 games scored on 76 field goals and 23 free throws. Hardy his running mate in the forward position tallied 121 to gain twelfth place on 42 field goals and 38 free throws.

All three are juniors who will be returning for another season.

Two Boyne City players, Frank Shaler, a forward and Ted Mason, center, were on the heels of Fairbanks with 207 and 205 points respectively.

Fairbanks is one of the three players in the conference to tie for a total of 24 points for an individual scoring record in one game. The others are Jim Feldhauser of Grayling and Dick Melching of Harbor Springs.

Boyne City leads the team scoring with 821 points for 16 games to break a record of 796 for the same number of games set last year by Charlevoix. The Rayders were second in points scored this season with 672.

Mackinaw Visits Here To Aid Fishermen

The Coast Guard icebreaker Mackinaw was off Charlevnix Friday to cut a channel through a field of drift iee so that two Charlevoix fish tugs could leave the harbor to pick up their fishnets.

The boats were the Jackie C. and the Dornbos, both owned by John Cross fisheries. The boats will tie up at some southerly lake port until ice conditions allow them to return here.

Since Friday winds have brought drift ice to the east side of Lake Michigan and no open water is visible from shore.

Rites Held Thursday For Mrs. Henderson

Funeral services for Mrs. C. C. Henderson, 80, lifelong resident of Charlevoix county, were held at See Funeral Home Thursday with the Rev. Jackson E. Turner officiating. Burial was in the Brookside cemetery. She died late Tuesday at her home following a long illness.

Born in South Arm township Charlevoix county, on July 13, 1869, the former Rose Thompson was married to William C. Taylor in 1888. For many years they operated a small summer stand near the Pere Marquette railroad station. Mr. Taylor preceded her in death on May 5, 1937. She was a member of the Rebekah lodge, the Congregational church and was active in the Pilgram circle of the church.

Surviving are her husband, C. C. Henderson, whom she married in September, 1940; a son, Leon Taylor of Manitowoc, Wis., and three grandchildren.

The Charlevoix township board of review will meet March 7 and 13 at the township hall from 9 a.m. until 4 p.m. adv. 9x

Small Crowd Witnesses Benefit Boxing Card Marked By 4 KO's

A disappointing crowd turned out for the benefit boxing card at the gymnasium here Saturday night, but those present were treated to a thrilling fight program.

Three technical knock-outs and a first round KO highlighted the 15-bout card. Stanley Kendzorski of the Cheboygan Boys club, was awarded a TKO in the 60 pound class as was Stanley Whitaker of Cheboygan over Joe Etienne of Charlevoix in the 95 pound class.

Normen Netevoir of Cheboygan was too handy with his mits for Tom Heyworth of Petoskey who was knocked out in the first round of the 110 pound match. George Portmen of Cheboygen was awarded a TKO over Ken Pennell of Petoskey in the 126 pound division.

Greg Bryant, 160-pound Northern Michigan champion from Charlevoix had an off-night and lost a decision to Charles Sellers of Petoskey. Greg easily defeated this boy in the Boyne City fights last month.

Pet Mertin Loses

Pat Martin, fighting in the 175 pound class, lost a close decision to Alfred Peterson of Alpena. This was a good fight with Martin having the advantage until he tired. Ted Browe lost a decision to Randel Thayer of Petoskey in the 126 pound class.

Skip Smith of Charlevoix lost a decision to Ray Sanford, also of Charlevoix in the 90-pound division. Jim Lovely of Cheboygan was too much for Joe Armstrong of Charlevoix in the 80 pound class.

Any proceeds from the benefit will go to the new hospital fund and the polio fund. The program was sponsored by the Knights of Pythias with Herb Schofield, hospital fund activities chairman, as general chairman.

Mr. Schofield expressed his appreciation to the Petoskey, Alpena and Cheboygan Boys clubs which sent fighters and handlers here to make the fight program possible. Jack McDermott assisted Schofield.

Charlevoix Band Qualifies for State Festival

The Charlevoix high school band and their director, C. A. Odmark are now practicing in preparation for the annual State band festival in Lansing next month after receiving a first division rating at the qualifying festival at Traverse City Saturday. Dwight Smith, who entered the solo and ensemble festival, also received a first division rating for his clarinet solo. The clarinet quartette did not enter the festival.

The adjudicators' comment sheets are very technical in their criticisms and follow each number measure by measure and every instrument in the band.

The general tenor of the comments however, are "The overture ("Traveler Overture") was well played and well interpreted"; "Overture Argentina", a required number for Class C bands, "On the whole the band played quite well. The ensemble is usually quite clean and the phrasing musical. You should smooth over bad spots that the stated above. Also be sure to improve the March ("Invercargill"). It sounded hollow". These comments were made by Leonard Falcone, director of bands at Michigan State College, who gave the group a I rating.

St. Patrick's Dinner Planned Here Mar. 12

The annual St. Patrick's Day dinner will be given Sunday, March 12 at St. Mary's school hall by the St. Mary's Rosary Society, Mrs. Herbert Campbell, president of the organization and general chairman of the event announced.

Committee chairman in charge of the dinner include Mrs. Hugh Mayne, tickets and purchasing, Mrs. Charles Hamlin, kitchen and Mrs. Leo Allard, dining room.

Enjoy Party

Nine little friends gathered at the Allen Pease home Saturday afternoon to help Bruce Pease celebrate his eighth birthday anniversary. The guests enjoyed games and refreshments which included a lighted birthday cake.

75 Attend Girl Scout Leaders Training Course

Seventy-five Girl Scout leaders from Boyne City, Rogers City, Alpena, Yuba, Harbor Springs, Traverse City, Wolverine, Petoskey, Mackinaw City, Cadillac and Charlevoix were registered for the Girl Scout Basic Training course last week at the Congregational church.

Kathryn Rita Farnum, national Girl Scout executive, complemented the local council on the program and stated it was the most successful course she had conducted in Michigan.

During her lectures she stressed the need for Girl Scouts to do community service on suitable occasions with proper adult supervision. She warned, however, that the Scout uniform should not be explorted

Fifty-eight visitors attended the dinner Tuesday evening given by the Pythian Sisters at the K. P. Hall. The leaders returned to the church for the evening meeting where songs, games and various ceremonies were taught.

Irene Straub of Traverse City assisted with the course.

Local women who registered for the course were Mrs. Leonard Burns, Mrs. Charles Bleha, Mrs. Randall Crump, Mrs. Ralph Hamilton, Mrs. Fay Davis, Kay Fitch, Mrs. Leon Joseph, Mrs. Herbert Campbell, Mrs. George LaBlance Jr., Janet Livingston, Mrs. Jack Mailhot.

Also Mrs. Lowell Merica, Mrs. Robert McClure, Mrs. Max Novak Mrs. Howard North, Mrs. Gladys Paterson, Mrs. H. E. Paddock, president of the local council which sponsored the course, Mrs. George Roff, Mrs. Abe VerWys, Mrs. Robert Kelley, Mrs. Claire Martin, Mrs. Robert Richards.

Plans Progress For Farmers Day March 14

All phases of "Farming Today in Charlevoix County" will be included on the program designed for all farmers of the county by the Charlevoix Veterans' Institute.

The program will be presented at the Charlevoix high school auditorium from 10 a.m. to 3:30 p.m. Wednesday, March 14, and will bring together outstanding farm authorities as well as representatives of the veterans' administration.

Headlining the program will be B. R. Churchhill, nationally-recognized research specialist on cultural and chemical control of weeds and D. L. Murray, extension dairyman, whose subject will be the feeding of the dairy animal. Both are from Michigan State College.

Others appearing on the program will be Ed Rebman, county agricultural agent, who will discuss the agricultural extension service; Edgar Brown, co-ordinator of Veterans' Administrator affairs, whose topic will be the Veterans Farm Training program.

Ellsworth Besemer and Floyd Ayres, instructors in the Veterans' Institute will tell what is being done in the program in this county. C. Max Novak will discuss the cooperating agencies in the veterans' program; Farm financing will be discussed by J. C. Young of Boyne City, representative of the Federal Farm Loan association.

The movie, "Man-made Miracles", as applied to the farm, will be shown during the meeting.

Supt. Roy G. Bennett will welcome the visitors and introduce Stanley R. Anderson who will serve as chairman of the program. Special musical selections will be directed by C. A. Odmark.

The program, Mr. Anderson explained, is being planned not only for all farmers in the county but everyone interested in farming including businessmen in the various communities, implement dealers, grain elevator operators and other dealing directly with the farmer.

The Charlevoix Veterans' Institute and the cooperating organizations extend an invitation to all to attend the all-day meeting.

Masons Add to Lead In Cribbage Tourney

The Masons added to their lead Monday night when they defeated the Odd Fellows again in cribbage. The Masons lead by 1643 points, picking up 382 to their total.

High among the Masons was Orville Hilton with 957 and high Odd Fellow was Guy Stutzman. Next week will be the final evening of the 10-week tourney.

Mayor Names Swinton As Coal Administrator

Mayor Ray Hamilton, in the face of a fast-dwindling supply of coal in Charlevoix, took immediate steps to ration the remaining stocks by appointment of a coal administrator.

Deputy City Clerk Don Swinton will be responsible for the program which will result in coal dealers channeling coal orders through the city office. This is being done to assure equitable distribution of the 50 tons of coal that remain in the hands of the local coal dealers.

The program in other cities works this way: A homeowner or tenant needs coal, so he calls the administrator or visits the office. Before the coal is delivered, a check is made by police or other agency to prevent stockpiling of fuel.

In most cities, coal is delivered to residents only who have no more than a five-day supply. Several instances of residents ordering more coal than they need have been reported in Charlevoix. The only purpose of the rationing program is to provide an equal plan of distribution of coal, the Mayor said.

State fuel authorities recommended to city officials that immediate steps be taken to prevent coal hoarding. The governor has authority to seize private or public stockpiles of coal during an emergency but to date no action of this type has been taken.

Meanwhile, the city hall, school, hospital and the courthouse have reported enough coal for several weeks.

It has been estimated by state fuel authorities that Charlevoix has less than a two-weeks supply of coal on hand at present. The homes hit hardest by the coal shortage are those which normally buy a ton or two at a time.

Coal dealers here said they could be completely out of coal in a day or so if they did not try to satisfy as many buyers as possible.

A large number of homes will be without coal in Charlevoix in two weeks, dealers predicted, unless unforseen supplies are delivered. The dealers reported hearing of several residents who have ordered more coal in the last few days than they should have in the face of the dwindling stocks.

Many residents are on the look out for supplies of wood.

Rayders Bow to East Jordan In Final Tilt

Beaten in their last start by the Northern Michigan Class C champions, the Red Rayders take to the tournament trail in quest of district honors at Petoskey tonight against Onaway.

The winners of tonight's game will play the winner of the Herbor Springs-Pellston game in the district final Saturday night.

The Rayders played a furious game against the Jordanites in the final game of the season last Friday with East Jordan defeating Charlevoix for the second time this season and winning sole possession of the league title.

The loop title is the first in basketball to be won by East Jordan since 1944-45. That was the year when Charlevoix eliminated Jordan in the tournament.

The Jordan lads accomplished their victory by playing a rushing game which kept the Rayders off balance most of the time.

Dr. L. D. Ance, native of Charlevoix, has opened his dentistry practice here in the Pemberton building. A graduate of the Marquette university dental school, he was 54 months in service. He practiced in Detroit for two years and prior to that was associated with Dr. Fred Young here for about a year.

School Bus Driver Course Set For March 8-9 in Charlevoix

Charlevoix county school bus drivers will meet at the Charlevoix school bus garage on East Garfield ave. March 8 and 9 for the first school bus drivers' training course being offered in the county, Mrs. Walter Bergeon, county school superintendent has announced.

The course is being given with the cooperation of the state department of public instruction, Central Michigan College, the Charlevoix county board of education and the schools in the county. All school bus drivers with the exception of the Boyne City group will attend.

Stanley Irish, of Central Michigan College, is the instructor-co-ordinator for the course. Registrations will be made with him at 10 a.m. Wednesday, the opening day of the course. Mrs. Bergeon will greet the group and give an explanation of the purpose of the course. She will be followed on the program by Supt. Roy G. Bennett who will speak briefly on the relationship of the bus driver to the school and community.

The morning session will close with a panel discussion on safe and economical transportation with mechanics and drivers from the various schools participating.

Trooper Francis Simoneau of the Cheboygan State Police post will discuss traffic laws and regulations and a member of the Charlevoix county road commission will speak on maintenance of bus routes during the afternoon session from 1 to 3 p.m.

The Thursday meeting will de devoted to the discussion of mechanical maintenance and the checking of the school bus by Mr. Irish followed by individual testing during the afternoon session.

Mr. Irish will spend four days in the Charlevoix county, two for the scheduled classes and two days during which he will visit the schools in the county making trips on the bus on regular routes and checking on health and safety conditions.

This bus drivers training program is believed to be one of the most extensive in the nation. At the present time it is being conducted on an experimental basis by Central Michigan College and Northern Michigan College at Marquette but later will be extended to other colleges in the state.

How Often Must We Kneel Before John L. Lewis?

These wonderful United States are being forced to their knees in subjection to one person . . . John L. Lewis . . . whose authority as a labor leader tells us in Charlevoix as well as New York city that we must shiver unless he and his miners get what they want.

In the wake of some of the coldest weather of the winter, fuel conservation measures must be taken in this emergency. Why? Because the President of the United States refuses to do all in his power to end this threat.

Nearly every year for the past several years, the people of the United States have had to knuckle down to John L. Lewis and his miners because they would not work without a contract. It matters little if on the record, he asks the miners to return to the pits when his miners know he does not mean what he is saying.

Hospitals, school and private homes have to take emergency measures to make their trickle of coal supplies last longer. Homes where children live are being kept at temperatures which endanger their health. It matters little if you have money for a ton of coal. You cannot buy it because John L. Lewis said his miners don't work without a contract.

Normally, the President defines the emergency and every step is taken to alleviate the situation. Our President who should have acted weeks and weeks ago in this emergency refused to see the threat of a cold and bleak winter in homes which depend on coal.

Leaders of both political parties implored with Mr. Truman to head off this threat of a coal strike. He said there was no emergency when nearly every city in the nation was telling him how low the coal supplies had fallen. From all sides except the miners, he was begged to take action.

It has grown so bad that even the AFL leaders have asked him to define the emergency and assume whatever powers are necessary to prevent this nation from coming to a complete halt. Thousands and thousands of persons are being thrown out of work daily because coal is needed in almost every phase of industrial life.

The wheels of industrial America are grinding to a halt. In a matter of weeks, most industries including 95 percent of the automobile plants in Michigan, will be forced to shut down, bringing industrial chaos and a depression that much closer.

But as serious as the industrial threat is, the threat to human welfare is even greater. For example Charlevoix has a mere pittance of 50 tons of coal left in the warehouses of coal dealers. Residents are making it worse by ordering coal from several dealers, driving the dealers frantic. Countless homes in and near Charlevoix will be completely out of coal in a matter of days. What then? Other parts of the nation faces the same situation. There can not be enough coal above the ground to satisfy the fuel consumption specially in this severe cold.

And we are not likely to have any more coal until we kneel in complete subjection to John L. and give in to his demands.

This nation has certainly fallen in respect when the country has to go through needless cold and privation because one person has the authority to say whether you can have coal for your stove or furnace.

From the best legal opinions, it can be seen that President Truman has the power to see to it that the miners start digging coal. If he does not have, then Congress in a day or so can give him the authority to end the suffering.

Red Cross workers in some of the large cities are attempting to aid those who have no coal by providing several forms of assistance including the caring for children in central places which are heated.

As soon as John L. is convinced that the coal operators will give in to his demands, coal will be mined hut not until then. Why? Because the President is passing the buck in one of his famous gestures.

Let's kneel a little longer and praise John L., the man who says we can't have coal, no matter how cold it gets in Charlevoix or Boise, Montana.

ODDS 'N ENDS

By Fran Martin

Here's something for Believe it or Not . . . Found in Torch Lake one load of logs lost through the ice more then 50 years ago. It's hard to believe but youngsters skating on the lake near Clam River spotted the logs through the clear ice and reported it to their elders.

'Tis said that the logs, in about 35 feat of water, are still held together by huge logging chains and parts of the sleigh which held them and pieces of metal and leather from the harness worn by the horses drawing the sleigh are still visible.

We asked W. H. Supernaw, who was reared near Norwood and is now 80 about it. He remembers the incident and said that the load of logs was lost through the ice in the early spring but the driver escaped. When spring came they dragged for the logs but they were never found.

Did you hear the score on the Boyne Falls-Wolverine game Friday night? Joe Arvilla's B.F. Loggers dropped 115 points for an average of slightly over three and a half points a minute. Wow! poor Wolverine tallied only 7.

Many people like to do things with a bang but they usually don't take the word literally. Mrs. Carlton Smith, however, celebrated her 30th birthday anniversary in just that manner.

Lighting the oven of the gas stova in preparation for making a birthday cake, it exploded knocking her across the room and toppling plants from the window sill and dishes from the cupboard. After recovering from that she ran a splinter under har finger-natl and latar cut her hand on a ratrigerator tray. She is hoping the day wasn't prophetic of what her thirtias will hold for her.

It's good to hear that Harry Bingham is back at school even if it's only for an hour each day. He's been sorely missed . . . Charlie Blcha will be missed at the A & P store too. He's been with the company for 19 years most of which was spent here. But he likes Charlevoix so much he's staying on in spite of lucrative offers to transfer elsewhere.

A pat on the back to Leslie Everts and his men who manage the ice rink. The youngsters in town have the highest praise for the whole crew and whether it's a broken strap or shoe-string, a turned ankle or a bad spill the men are there to help. It's good to know we have such grand people tn look out for the children.

Little Guy Colin McKenzie, son of Mr. and Mrs. Don McKenzie was baptised at St. Francis church in Hayward, Calif. last Sunday. On hand for the event were Jack Foster who teaches nearby and Betty Withers who is at Palm Springs. Jack and Roma Abergast of Hayward were the godparents.

Belated congratulations to Mr. and Mrs. O. A. Solomon who celebrated their fifty-ninth wedding anniversary March 1. And did you know that Henry Partridge is back at Veterans Hospital, Dearborn, for further treatment? How's about sending a card to tell him you're thinking of him.

Congrats too to the band and Mr. Odmark for their fine shnwing at Traverse Saturday. And loads of luck to Coach Kipke and his Rayders in the district tournament.

We lose the peace of years when we hunt after the rapture of moments.

St. Patrick's dinner Sunday March 12. Serving starts at 1 p.m. St. Mary's School hall.

How to Get That Homework Done

Miss Gilbert, our grammar school principal, spoke the other night at the regular Parent-Teachers' meeting, on getting children to do their homework when they want to listen to the radio.

"We musn't give them a flat 'no'," Miss Gilbert said. "If we adults *really* believe in tolerance and moderation, we should instill these qualities in our children. Listening to the radio is fine—in *moderation*—as long as homework gets done, too."

From where I sit, the lady was dead-right. This radio vs. homework problem is a wonderful way to see to it that our youngsters acquire the sensible moderate habits they'll need later on.

I've never believed in hard and fast rules—except where absolutely necessary. Let the other fellow do as he likes, as long as he's temperate and tolerant. Guess that's why I've never felt we should quarrel with the fellow who is partial to a glass of beer—the "Beverage of Moderation."

Sold Out Again

Addison Chew could have sold three additional quarters of beef if he had them, after selling the two quarters he advertised in last week's Courier.

He reported that both quarters had been sold within five hours, after the Courier was distributed. By Thursday night he had three additional sales but no more beef to sell.

It cost Mr. Chew 50 cents to sell that half of beef. Courier Want-Ads do the job nine times out of 10. That is a high batting average in any league If you have something you want to sell or buy, use a Want-Ad, call Charlevoix 2, and the job is done. Everyone stops to read the Courier Want-Ads, the market place for Charlevoix county families.

Charlevoix Gets Chance to Redeem Itself in District Tournament as Rayders Face Onaway at Petoskey

The Red Rayder basketball team hits the tournament trail this weekend and is favored to win on the basis of the past season's play and to eop the district title at Petoskey.

First of all, Charlevoix received a break in its pairings, meeting Onaway tonight. Onaway, coached by Clayton Simons, who is in his first year, has enjoyed a below average season, winning four games while dropping 12.

Unless all indieations fail and the Charlevoix team falls completely apart, it should win over Onaway and advanee to the distriet finals against the winner of the Harbor Springs-Pellston game. The Rayders have beaten both teams twiee in regulation play earlier in the season. The Rayders may be beaten tonight but they should win, barring an upset.

Of course there is always a threat that one of these teams which is usually pushed around a lot during the regular season, may come to life and play inspired ball in tournament play. It has happened often in the past and may occur again.

But the odds favor Charlevoix, at least in the distriet tourney. Meantime, East Jordan and Boyne City, Charlevoix's county rivals, are likely to bump head-on in the Class C tourney at Boyne City. One of these teams, both of which placed above Charlevoix in the league this year, will be eliminated. Boyne appears to be favored to win, although anything can happen.

There are many eage fans in the county that insist that Charlevoix is the team to watch in the tournament. They point out that the Rayders have what it takes if they elick together.

Rayders Lose Out In Final Contest

(Continued from page 1)

Coach Dan Devine had his boys set up a controlled offensive which paid off with a win to clinch the title.

The contest started off with the Rayders snagging the lead and at the end of the first quarter they led Jordan 9-6.

Jordan came back in the second quarter when Boring and Carr scored two buckets each and Whiteford hit the hoop to lead 16-12 at the half. From that point on, the winners played a crafty game to increase its lead to 22-17 at the three-quarter mark.

The gusrding by East Jordan was particulsrly close as time snd time again they intercepted close passes and turned them into scores.

Chuck Fairbanks was held to six points, Bill Wallace, eight and Don Hardy, seven points. The famous last half rally, so characteristic of this year's Rayders, failed to materialize as they were held to 13 points in the last two periods.

Don Karr of East Jordan led the teams with 12 points.

The Charlevoix Seconds closed their season with their fifteenth victory in 16 starts by defeating East Jordan reserves 41-29. Gerry Left was high point man with 15 points. One of the high spots of the reserve game was the scoring of six points on three goals in 20 seconds by Charlevoix.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

As a last fling before the season of lent, the juniors of St. James high sponsored a party the evening of Shrove Tuesday in the parish hall. Marguerite Connaghan, Sally Cull and Elleen Gatliff were in charge.

During the lenten season, Father Giles will give a series of discourses on the six precepts of the church. The discourses will be delivered on Wednesday evening and at both Masses on Sunday.

Weather on the island remains crispy cold. The snow squeeks underfoot and it's good packing for the children to build snow forts and battle it out with snow balls.

Bernard O'Donnell, his bride, the former Kleofa Danisevich, and Bernard's mother arrived Tuesday. Bernard and Kleofa were married Feb. 18 at the Church of the Nativity in Chicago. After the wedding ceremony, a reception was held. On Thursday evening, a reception and luncheon was held in the Shamrock Tavern honoring the couple. Mr. and Mrs. O'Donnell left on Friday's plane for Chicago where they will make their home.

While in Chicago, Mrs. Elsie O'Donnell visited her daughter and son-in-law, Mr. and Mrs. Jack Boyle.

Roy Gregory, county welfare agent, spent Wednesday on the island.

James McCann left Wednesday to visit relatives in Bay City.

Mrs. Sybil Larsen returned Wednesday afternoon from Traverse City. Mrs. Larsen was called to Traverse City several weeks ago on account of her mother's illness.

Robert Ricksgers was a passenger Wednesday on one of the return trips to the mainland. Robert's destination is Pontiac.

Bertha Spalding is hustling and bustling about the village making plans and rehearsing her "All-Star cast" for the St. Patrick's Day program.

Governor Williams was sent a special invitation to attend the St. Patrick's Program. He sent his regrets.

Mrs. Burt McDonough is in Chicago visiting her daughter and son-in-law, Mr. and Mrs. Bernard McCafferty. Mrs. McDonough left the island last Friday.

Dick LaFreniere's truck refused to budge, so repairman Otto Kane flew over from Charlevoix Friday to diagnose the case. Kane found and repaired the trouble and flew back to Charlevoix the same day.

Mrs. Evelyn Vaden, who has making her home with Mrs. Gus Mielke for several months, left Friday to visit her sister in Farmington. She will remain in Farmington until the summer months when she will return to the island.

Mrs. Mielke says she hasn't as much as put her nose out the door all winter. Time does not hang heavy on her hands for she keeps them busy. Crocheting is one of her favorite hobbies and her work is beautiful. Lately, she has acquired another hobby, collecting ' miniture furniture. She has quite a collection arranged on the glass shelves in the bay window where she sits to work with her needle.

Carl Keubler returned Friday from Rochester, Minn. where he was a patient in the Mayo Clinic.

Mr. and Mrs. Joe Jodian came to the island on a business trip over the week-end.

4-H Sleigh Ride

The Barnard 4-H club will have a sleigh ride Friday, March 3, at 8 p.m. The starting point is the Grange hall. Hot chili will be served after the ride. Games and square dancing will be the program for the evening. Lloyd and Sara Cummings are furnishing the sleigh.

Greater Benefits . . . For More People

In 1949 alone the value of services rendered to subscribers of Michigan Blue Cross and Blue Shield amounted to over $32,000,000—an increase of 52% over 1948. Since 1940, the total value of services exceeds $128,000,000.

Hundreds of thousands of new members joined Michigan Blue Cross - Blue Shield last year, just as they have every year since it was founded. That's because more and more people are realizing that these plans—commonly known as Blue Cross—offer them the most health-care protection at the lowest cost.

Blue Cross - Blue Shield can afford to offer such complete protection because they are *voluntary, wholly non-profit* organizations, sponsored and run by Michigan's hospitals and doctors themselves. For instance, last year Blue Shield Surgical and Medical-Surgical Plans returned more than 94% of income to subscribers in the form of benefits. Blue Cross returned 89% of income to subscribers in services rendered. No wonder membership grows and grows—and that Blue Cross and Blue Shield are far and away Michigan's most widely used health-care plans.

How about You and Your Family?

Are you protected against unexpected hospital and medical bills—bills that could spell financial disaster? Chances are 1 in 4 that you or one of your dependents will have to go to a hospital this year!

Here's how Blue Cross - Blue Shield protects you in case of accident or illness:

Blue Cross Hospital Plan covers a broad range of hospital services (up to 120 days of care) in any of the 176 participating hospitals in Michigan. NO CASH LIMIT on the benefits covered.

Blue Shield Surgical Plan pays liberal amounts for stated surgical procedures, includes special benefits for emergency (first aid) treatment in doctor's office or hospital.

Blue Shield Medical-Surgical Plan includes all the benefits of the Surgical Plan, plus payments for your doctor's hospital visits in non-surgical cases. And the cost is only a few cents more than the cost of the Surgical Plan alone.

Just knowing payments will be made toward your doctor's bill is worth many times the low cost of the Surgical and Medical-Surgical Plans!

Here's How You Can Join BLUE CROSS - BLUE SHIELD

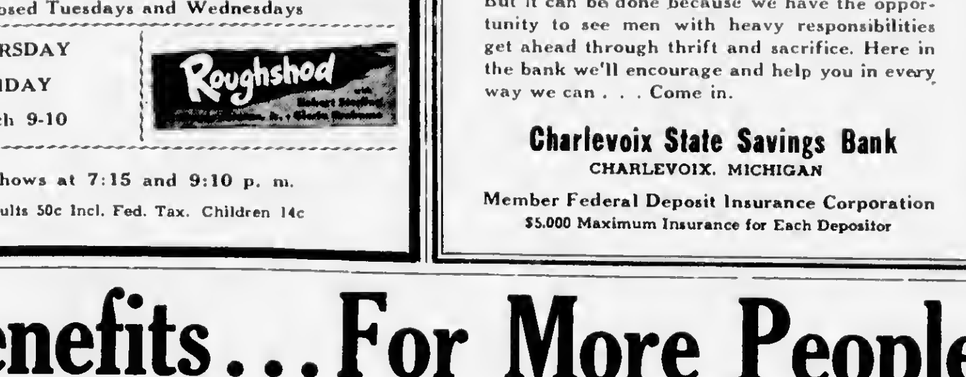
Blue Cross - Blue Shield is available to employed people *without* physical examination or health statement. Talk over with your employer how your company can make these plans available to you. Ask him to get all the facts on the Group Enrollment Plans.

Blue Cross - Blue Shield is also available to members of Farm Bureau Groups, Farm Grange Groups and other similar organizations.

PROTECTION THAT'S PRICELESS

MICHIGAN MEDICAL SERVICE

(Blue Shield Surgical and Medical-Surgical Plans)



Membership in Blue Shield Surgical and Medical-Surgical plans rose 190,000 in 1949. Payments on members' bills increased by over 3 million dollars! In excess of 94% of all income was returned to subscribers in the form of benefits.

MICHIGAN HOSPITAL SERVICE

(Blue Cross Hospital Plan)

Blue Cross Hospital Plan membership showed a steady rise last year, and payments for members' bills increased by $8,000,000! 89% of all income was spent on members' hospital benefits. The balance went for administrative costs (5.6%), and into reserves (5.4%) for contingencies.

Farmers Day To Draw Throng Here Tuesday

Rayders Keep Rolling To Wallop Northport, Tough Gaylord Is Next

Fresh from victory over Northport in the opening round of the regional Class C tourney Tuesday night at Petoskey, the Charlevoix Red Rayders face a tough opponent tonight when they play Gaylord. The game starts at 7:30 p.m.

The game against Northport, a thriller for the most part, saw the Red Rayders lose their high-point man, Chuck Fairbanks, minutes after the second half started. Undaunted the locals played the game of their lives with everybody on the team having a hand in the trimmph.

The final score was 49-29. But it was a closer game than the score indicates. True to form, a torrid last half barrage of points settled the issue. Bill Wallace was high point man with 15, four more than Ron Cunningham who had 11.

Coach Ray Kipka surprised his opponents and local fans by starting a somewhat different lineup from the regular season. Cunningham and Tucker Hamlin were starting guards. The locals jumped off to an early lead with Wallace scoring three baskets and a free toss to get his team off to a fast start. Fairbanks chipped in with five points and Cunningham had a goal and Don Hardy a free throw to make it 15-7 at the end of the first period.

But the situation was reversed in the second period when Northport stormed back to roll up nine points against Charlevoix's three. The [illegible] of the half.

But then the second half started. It always seems that the Rayders play like a different team in the last half.

Cunningham made his weight felt in the third stanza, hitting the hoop for two goals and a free

Coal Crisis Easing Here

The coal crisis in Charlevoix which threatened to close down school classes is definitely easing, Coal Administrator Don Swinton reported.

The arrival of a carload of coal from the Howe Leather Co., at Boyne City made possible the reversal of the school closing announcement last Friday. Part of the coal was earmarked for the school and the remainder for the hospital.

The diversion of the coal was announced by Paul Woll, representative of several coal mine operators. John Kajowski and Claude Knight of the tannery were instrumental in getting the coal for local use.

The Tannery will receive its carload of coal as soon as the Charlevoix Coal and Ice Co., obtains its expected shipment of coal.

The announcement that the coal industry and John L. Lewis and the United Mine Workers had reached an agreement on reopening of the mines brought sighs of relief here and elsewhere in the nation as the supply of coal fell to very critical levels.

"Coal dealers here emphasized that the re-opening of the mines means that it will be several weeks before rail shipments of coal will be anywhere near normal. Months will be required to build up the nation's coal supply.

Andrew Winnick, 77 Dies Unexpectedly

Funeral services for Andrew Winnick, 77, former resident who died unexpectedly in Flint Saturday, were held at Flint, Monday with burial in a Flint cemetery.

Mr. Winnick was born in Poland and came to this country as a child. He came here from Chicago 1900 and settled in Hayes township. He left here to reside in Flint where he has been employed at the Chevrolet plant for 26 years.

He was one of the early musicians here and for many years was band director.

He is survived by his wife, Julia, whom he married in 1932 four sons, Peter and Robert of Charlevoix, and Frank and Thomas of Flint; two daughters, Margaret of Flint and Mrs. Otto Kane of this city; a sister in Chicago, eight grandchildren and one great-grandchild.

BULLETIN

Load restrictions on all county roads were placed in force at midnight today, the Charlevoix County Road commission told the Courier. This does not include state trunklines. The restrictions will be in force until further notice.

Highway crews battled Tuesday night to save a stretch of M-66 near the Loeb farm, which was in danger of washing away. T. B. Reynolds reported that some 1,000 yards of fill will be necessary to put the stretch in shape again. Many of the guard rails at that point were hanging, he said.

Mrs. Rose Lamphear Is Taken by Death

Funeral services for Mrs. Rose Lamphear, 71, resident of this community for more then 65 years, were held at the See Funeral Home Wednesday with the Rev. Carl A. Hoch of Petoskey officiating. Burial was in the Brookside cemetery. She died Monday at the Grandview Hospital, near East Jordan where she had been a patient for several months.

Born in Chesterfield, Eng., July 4, 1878, the former Rose Staw came to this country at the age of two years. After two years in Detroit her family moved to Charlevoix. She was married to George Lamphear who preceded her in death in July, 1911.

Surviving are one sister, Mrs. Nelson Tillotson of Charlevoix; two brothers, Will and Sam of Marion township; four nieces and five nephews.

Seeing Pope Pius Was Principal Highlight of Flying Trip to Rome

David Hamilton returned home last week from a flying Holy Year visit to Rome plus a visit to the Shrine of our Lady of Lourdes and Paris. He left the States via plane Feb. 15 and returned to New York Feb. 28.

"It's still like a dream", Dave says, for so much happened in that two weeks.

Highlight of the trip, of course, was visiting the Vatican and seeing Pope Pius XII. In fact, it was through a young Italian lad whom he met at St. Peter's Basilica after attending Mass Sunday morning that he got to see the Pope. The youngster gave him a green slip of paper and showed him on his watch that he should return at 1 p.m.

Enters Basilica

After a hurried lunch at his hotel he returned, met his new friend and after showing the paper which he later found to be a kind of pass was placed in a line and eventually made his way into St. Peter's Basilica.

Imagine Dave's surprise when he found that the Holy Father, who had been ill for three weeks, was to appear at the Beatification of a Spanish nun, Blessed Vincenta Maria Lopez Vicuna, Foundress of the Institute of the Daughter of Mary Immaculate. After four hours he was finally shown to a place not far behind the visiting Spanish dignitaries and the Spanish pilgrims who had come to Rome for the occasion.

Impressive Ceremony

The impressive ceremony opened at five o'clock with a blow of trumpets heralding the arrival at the Basilica of the Holy Father. Immediately afterwards thousands of electric candles were lighted, first over the High altar and then throughout the church. A second blare of trumpets marked the entrance of the Pope into the Basilica.

Dressed in white moire vestments, he was carried on the shoulders of attendants in the sedia gestatoria which is made of red velvet and encrusted in gold. About him were the colorful orange and black striped uniforms and shiny black hats, the same uniforms worn by their ancestors when they were first appointed centuries ago as the Pope's personal guards.

In the Basilica for the Benediction at which the Pope of-

Farmers' Day Edition

With this issue the Charlevoix Courier in cooperation with the Veterans' Institute presents a special Farmers' Day edition, dedicated to the improvement of general farm practices in Charlevoix County.

This Farmers' Day edition was made possible by the support of the advertisers who are serving the farmers in Charlevoix County and the adjacent agricultural areas.

Junior Class Play Is Set for March 31

The Junior class of the Charlevoix high school has selected its annual play and has started rehearsal for the presentation of the production March 31.

After much discussion the popular play "Date with Judy" by Arlern Leslie was selected and the cast chosen after try-out during mid-week. The play will be directed by Holley Johnson and presented through special arrangements with the Dramatic Publishing Co.

The role of Judy Foster, a teenager about whom the action revolves has been awarded to Joyce McGhan with Alvin Ranger playing Randolph, her young and bothersome brother. George Verwys has been selected to play Oogie Pringle, her boy-friend and Nita Brumm the part of Mitzi Hoffman, her bosom friend.

Other in the cast and their roles will be Mrs. Foster, mother of Judy, Joan Lewis; Mr. Foster, James Bowman; Barbara Winsocket, Sara Coleman; Hannah, Joan Mathews; Mr. Martindale, Dale Suomela; Mrs. Hotchkiss, Donna Everts; Eloise Hotchkiss, Donna Armstrong; Mrs. Shultzhammer, Joan McGuire; Susie, Betty Warner. The role of Rex will be assigned later.

A Cappella Choir Will Sing at Petoskey

The Charlevoix high school a cappella choir will sing at the northern Michigan vocal festival at Petoskey March. 18, their director, C. A. Odmark, has announced.

The 53-voice choir was organized last fall and have made one public appearance at the winter concert in early February. This is the first time Charlevoix has had an entry in the vocal festival. Winners will have an opportunity to attend the state festival later this spring.

Annual Red Cross Drive Is Underway

Charlevoix residents began late last week to answer the annual call for funds for the Red Cross.

Housa-to-house canvassers and business and profasional solicitors are attampting to raisa about $1,500 which is Charlavoix's share of tha $3,500 county budget.

Mrs. Archie Livingston, city chairman, said that all of her leaders and workers will attempt to complete their soliecitation by March 15. It is understood that the drive will continue through the remainder of March if the goal is not reached.

Ralph Hamilton, county chairman, expresed confidence that the goal will be met, although it will take the determined assistance of all the workers to make every call. He praised the generosity of county residents in coming to the aid of the Red Cross during the fund drive.

Rev. W. D. Wood, chairman of the business and professional campaign, said that the response is gratifying, adding that several increased the siza of thair gifts this year.

Workers were urged to make call-backs on residents who were not at home when the door-to-door canvass was made. Everyone should be given opportunity to give to the Red Cross, Mr. Hamilton said.

Meanwhile, the drive was getting underway in Boyne City, East Jordan and the areas surrounding these towns.

Council Takes up Routine Business

Routine business occupied the city council Monday night.

The council decided to retain Weeber and Hamilton, Grand Rapids consulting engineers, for further study on the diesel generating unit at the light plant.

Other actions included instruction of the city clerk to recommend the transfer of the SDM license from the A & P store which recently closed to Charles Bleha, store manager, who will open his own grocery business there. The clerk was also instructed to write a letter asking the liquor commission why Jerry Whitley has not received his SDM license.

The council tabled the request of the Moonlight Gardens for a liquor license. Mayor Ray Hamilton suggested that the entire council should be present when the license is discussed.

Bills totaling $7,792.01 were ordered paid.

Rayders Snap Back in Final Half To Advance to Regional Tourney

After a lethargic first half during which it scored only 19 points, the Charlevoix Red Rayders swamped a determined Harbor Springs outfit under a deluge of 35 last half points to win the district cage title at Petoskey Saturday night. The score was 54-39.

It marked the fifth straight year that the boys of Ray Kipke have advanced to regional play. Throughout the first half of the contest; Harbor outplayed the league's third place team and sent shivers of tourney upset surging through the crowd.

Wallace Scores 23

Apparently the words of Coach Kipke at the intermission must have fired the lads with new zeal as they started their famous last half tactics. Bill Wallace who scored 23 points against Onaway in the first tourney game was high point man again with 17 points, one more than Chuck Fairbanks.

In the third period trailing 27-18 the Rayders led by Wallace who chipped in with three goals and a foul shot. Don Hardy with three goals. Barber and Dwight Smith with one apiece, hit the hoop for 19 points to take the lead.

Close guarding by Barber, Smith and their mates kept Harbor from scoring more than four points in the third stanza and eight more in the last period. The last half play of the Rayders was a sharp reversal of the first half when their shots missed fire.

Help in Scoring

Other Rayders scoring was Hardy, seven Barber, three, Smith three, Chuck Krahnke, four, Jim Bowman, two and Ron Cunningham, two.

The Onaway game was a one-sided affair except for the opening minutes when Charlevoix encountered difficulty finding the range of the baskets on the Petoskey floor. When they did, it was curtains for the Onaway lads who could not cope with the Rayder offensive. The score was 66-22.

Kipke used everyone on his squad but the score mounted just the same as the Rayders scored 19 field goals and 38 free throws. Wallace and Fairbanks each had 11 free throws.

Veterans Institute Lauded for Farmers Day Program

Promotion and stimulation of the Farmers Day program under the auspices of the Veterans Institute at Charlevoix, should receive the hearty endorsement of all merchants and others interested in improving this city as a trading center.

The belief that the Farmers Day program sould be an annual affair underlines the true value of holding such a day. The program next Tuesday at the local high school should attract several hundred farmers who are interested in becoming better farmers.

The Charlevoix Courier has thrown its support and resources behind this project because it believes that staging of such a program on which appear nationally-recognized farming authorities, is one sure way of attracting farmers here.

Much effort has been expended by the Institute program planners to obtain two of the best speakers possible to give the farmers in this region the latest informational data on improved farming practices.

The talk of D. L. Murray on feeding of the dairy animals is particularly significant to Charlevoix county farmers because dairying is the biggest phase of farming in the area. In B. R. Churchill, the attending farmers will hear one of the nation's experts on cultural and chemical control of weeds.

Other parts of the program will emphasize that the farming practiced by the 75 veterans enrolled in the Institute is big business. If you doubt that statement, consider that the capital investment of the combined worth of those 75 is above the $850,000 mark. That is not peanuts!

All of that capital investment is on property and farm equipment in Charlevoix county. Not only that, but the amount is growing yearly as the farmer veterans obtain the needed know-how in operating an efficient farm.

From among that group of 75 farmer veterans are likely to come some of the most progressive farmers in the county. Their methods of operation, adopted after months of study and experimentation, will be copied by others. They should become the very active nucleus of more progressive farming in this district.

When the farmers prosper, the whole community prospers. So it is very important that the farmers of Charlevoix county prosper.

That is why Charlevoix merchants and others here should go all-out to make the farmers feel welcome and at the same time lend support to the Veterans Institute which has taken necessary steps to make this an annual affair.

Charlevoix Gripped by Basketball Tournament Fever

If it's difficult to get things done this week and last, it's not because Charlevoix residents are not aggressive and energetic.

It's because the city has tournament fever . . . which annually appears to hit Charlevoix even stronger than it does other cities in the northern part of the state. While the fever is not confined to this section of Michigan, we can say without fear of contradiction, temperatures mount higher here than in other sections.

Charlevoix virtually turns out en masse for the tournament games at Petoskey, even greater than the community does during the regular season. Last week-end, local residents outnumbered other communities having teams in the Petoskey tournament.

This week the fever continues to soar as the Red Rayders advance to the Regionals on the heels of two wins in the district tourney. The games have been hard-fought and the Charlevoix gang never gives up until the final whistle blows.

It's certainly true that everybody in Charlevoix is backing the Rayders of Ray Kipke.

ODDS 'N ENDS

By Fran Martin

If you're interested in an umpire's angle of baseball you should talk to Robert 'Jiggs' Laurent who arrived here from Florida last week to join his wife and daughter at the home of her parents, Mr. and Mrs. Edward Olach. He's been attending National League Umpire George Barr's school for umpires at Sanford, Fla. It's quite a school and is located near the N. Y. Giants' training camp.

And speaking of Sanford, do you know who the city manager of the up and coming winter resort is? None other than Clifford McKibbin who served in the same capacity here prior to his enlistment in the Navy. A recent special edition of the Sanford Herald had quite a story on him along with a pix of his staff.

Kay Fitch and Mrs. George Haggard left Sunday for Willow Run to take a plane for New York where they'll spend two weeks on a shopping trip for the store. Imagine visiting all the shops, designers, and seeing nothing but clothes. It's hard work but lots of fun too. They're hoping they might get to see South Pacific (they can dream can't they?) or some of the other shows.

People are coming and going daily to and from the south. Mr. and Mrs. Ben Brown, accompanied by their daughter, Mrs. Edna McCartney and two daughters of Petoskey, left last week for Daytona Beach for a stay of several weeks . . . A card to the John Struthers tells them that Leo Bergs were in Savannah, Ga., last week where "the crops were green, the flowers beautiful and the weather ideal". They're enroute to Florida . . . And we noticed Mr. and Mrs. Perry Smith Sr. are back from Holly Hill, Fla., Mr. Smith will soon be returning to his work on a Great Lakes boat out of Sturgeon Bay, Wis.

A note from Mrs. Trina Nelson at Barryton mentions that her daughter, Joan, who teaches there and another former Charlevoix resident, Russ Duffy, principal of the Barryton schools, and who are both taking advanced classes at Ferris Institute, were attending classes at the school when the recent fire broke out. Along with the others they fled the building and felt mighty lucky to be out with no injuries.

Remember the Stan Dashews who left last summer aboard the schooner Constellation for the 'dream cruise' which is to end in San Francisco. Noticed, the other day, where they had arrived at Ciudad Trujillo, Dominican Republic.

Everyone's heard of flying squirrels but have you ever heard of flying rabbits? Neither did we until we heard that the Conservation Dept. was sending a supply of cotton-tails to Beaver Island and that Joe McPhillips was taking them over via plane. We understand there are plenty of snowshoe rabbits there but no cotton-tails so that's how-come the flying rabbits.

It was quite a surprise to catch a familiar name and voice on station WGN Saturday afternoon when Dr. Louis L. Mann was heard at the formal dedication of the New Sinai Temple at South Shore and 54th st. Dr. Mann is a regular summer visitor here and appears each summer at the Congregational church.

Mr. and Mrs. Earl A. Young returned home last week-end from a five weeks vacation trip to Hawaii and are simply bubbling over with enthusiasm of the beauty of the place. Their headquarters was Honolulu but they toured the island and were most impressed by the tropical vegetation, the colorful flowers, the climate, the sugar and pineapple plantations, the beach at Wikiki just to name a few things. They made the trip by plane stopping in Denver, Colo., on the return trip. From there they drove home with their daughter, Mrs. George Currie and son, Donald, who will spend a week here. They were joined Monday by Mr. Currie, who is on leave from his navy duties at Auroro, Colo. Mrs. A. J. Stelter who made the trip to Hawaii with the Youngs remained in the west for a visit.

And to Coach Ray Kipke and his Rayders our continued good wishes . . . We swear the whole town's crossing their fingers saying their prayers and hopin' for the best.

that grand lady, Mrs. Rosa Nettel-
that grand lady, rs. Rosa Nettleton and to Mrs. Ada Golden and Jeanette Novak, who really have birthdays only once in four years.

In a Sunday Detroit paper was a picture story on Milan and what a basketball town it is. Who ever wrote it just doesn't know about Charlevoix. Did you ever see a town like it? All talk revolves around the tournament schedule this week and all roads lead to Petoskey. They're going . . . grandmothers and kindergartners and all those in between via bus, car, jeep, jalopy or just on their thumbs but they're following the Rayders. We think it's a pretty fine spirit . . . But just remember one thing, will you? . . . That all-important "sportsmanship" . . . it's a mighty big item in tournament time.

If someone yells "Hold it" and you find yourself being snapped these days don't be surprised. It will probably be one of the more than 20 members of the newly-organized Camera Club. They're learning about photography from scratch and having lots of fun doing it.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

The island continues in the grip of real winter weather. March entered like a lion, roared in no uncertain terms. The nor'-west wind howled over the island piling snow in high drifts, which meant more work for Elston Pischner and the snow plow.

The only signs of spring on the island are the spring and summer catalogues. With Easter in the offing, the women folks are in huddle formation around the kitchen table with the mail order books calling the signals.

Martha Miller has a group of teen-age girls in her sewing class this winter. They are making skirts and blouses which they hope to have ready for the Easter parade.

Tuesday evening, the Beaver Island Game Club held a meeting at the Dairy Bar. Through the efforts of the game club, the island has fifty-seven cotten-tail rabbits hoppin' around. They were flown here recently from Lansing.

Doctor Palmer stitched up another forehead during the past week. This time the patient was Leo Chapman.

The space where young James cut out the ice for storing, froze over smooth and made a good size skating rink for the children.

Mr. and Mrs. Edward Burke flew to Charlevoix Monday.

Alex Washegesis left Monday for Lake Erie to fish.

Willie Belfy and Bruts Boyle teamed up this winter to fish through the ice with nets. The team of Belfy and Boyle glide over the ice in a one horse sleigh with Belfy usually standing guiding the horse and Boyle reclining on the back end of the sleigh, probably weighed down with the heavy growth of white stubble over his face.

Catches have been light for the ice fishermen in recent weeks.

Word was received Wednesday evening that Mary and Burt McDonough were Grandma and Grandpa for the first time. A little daughter was born to Madonna and Bernard McCafferty. Madonna is the daughter of Mary and Burt. Instead of the usual passing out of cigars on such an occasion, Burt went to the hen house, robbed the nests and passed out eggs.

Ed Youngs arrived on the island Friday.

There are three lumber camps in operation this winter. Walter Wojan is getting out timber, James Gallagher has a crew cutting and Ramsey is getting out logs for the McDonough brothers.

Jack Burke went to Charlevoix Friday. Jack went to join his parents and to attend the wedding of his sister, Florence, who was married in Charlevoix Saturday. Mr. and Mrs. Burke and Jack returned Sunday.

Rehearsal for the St. Patrick's day program are in full swing. Afternoons and evenings, groups are meeting to practice their parts. The finished product promises to be measured up to past performances of Spaldings productions.

Glenn Roses Observe 25th Anniversary

Mr. and Mrs. Glenn Rose celebrated their silver wedding anniversary with an 'open-house' at their new State st. home Wednesday evening. Friends called to congratulate the couple and to enjoy refreshments which included a large wedding cake. The refreshment table was decorated with flowers and lighted tapers.

The couple was married in Charlevoix Mar. 1, 1925 and have lived here most of the time since then.

They recalled that Mrs. Rose, the former Ida Curtis, was teaching at the Wildwood Harbor school north of Boyne City at the time. After the wedding the couple started to Boyne City via horse and sleigh and after getting well into Hayes township near Horton's Bay, had to turn back because of the snow .The couple has three children, Donna, Patsy and Charles.

Dr. Litzenburger to Lead Panel Discussion

A panel discussion led by Dr. A. F. Litzenburger, director of district Health Unit No. 3, will be held at the next Congregators meeting Thursday, Mar. 16, at the Congregational church.

With Dr Litzenburger on the program will be dentists Dr. F. W Young, Dr. Gerald Gibbons, Dr. Lysle D. Ance, and Dr. C. O. Whitten. Use of fluorine in drinking water to prevent tooth decay will be one of the topic of discussion. An educational film will be shown.

At the meeting held Mar 1, a film on the subject of cancer control was shown, followed by an informal talk by Dr. L. E. Grate. A discussion of Communism in China was led by Larry Thomela, and a film strip on Japan was shown.

Two MSC Authorities On Veterans Program

(Continued from page one)

Emmet and Antrim counties. Many of the talks should be of interest to business men and others having dealings with farmers and the Veterans Institute.

It is expected that the program will grow into a two-day meeting in future years with farmers being given the opportunity to hear several other farm experts as part of a program designed to give Northern Michigan farmers the latest informational aids in improved farming practices.

Seeing Pope Pius Was Biggest Thrill

(Continued from page one)

ficiated were an estimated 300,000 pilgrims and as the Holy Father was carried through the crowd they cheered until they were hoarse.

"Truly a great and impressive moment", Dave added, "And I know now my trip wouldn't have been complete without it". Following the Benediction and the beatification ceremony the Pope left the Basilica and as he passed through the crowd he blessed the people and holy articles they had brought with them.

"As he came past me he stopped to bless the rosaries and medals I had brought and as he did he touched my hand. It is an experence I'll always cherish", Dave related.

Following the ceremony the Pope appeared in the window of his study in the Vatican and blessed the crowd estimated to be 750,000 gathered in the Piazzo de San Pietro.

"As f left the square it took me an hour to work my way across an area which I had crossed in three minutes earlier in the day", Dave said.

Supper at the American USO and home to bed completed the day of days. Prior to the Sunday activities a tour had been made of the Vatican museum, and library, to the ancient Roman Forum, and to the hills outside Rome where one could look down on the city and see its seven hills and the Tibre river

Monday the group left for Nice and then on to Lourdes in southern France after an over-night stop in Marseilles.

He spent Ash Wednesday at Lourdes where he attended Mass and received ashes at the Monastary of Poor Clares Thursday he visited the Grotto of Our Lady of Lourdes, attended Mass there and filled a bottle of Holy Water from the shrine.

The countless crutches, braces, wheelchairs and other aids used by those who had been granted miracles at the Shrine was the most impressive thing about the Shrine, Dave related. Everywhere was evidence of miracles experienced by the halt and the lame.

A side trip to Gravanier in the foothills of the Pyrenees and a visit to the tomb of St. Savin's concluded the visit to southern France and the party left by train for Paris.

There guided tours were made to the Louvre Museum, Cathedral of Notre Dame, the Palace of Justice, the Holy Chapel and many other historical points with names which told one it was a Cook's tour of the city

It was here that he visited a sidewalk cafe on Champs Elysees where a piece of cake and a cup of ersatz coffee cost a $1.50 in American money. Dave found as he paid the check He also visited the shopping district and purchased several lovely silk scarves, gloves, berets, pipes, cigarette holders and other gifts.

Wendell Cotas Mark Anniversary,Birthday

The Wendell Cotas were hosts at their annual February party at their Birch Hills home recently. The occasion was in honor of Mr. Cotas' birthday anniversary, the couples seventeenth wedding anniversary and the Jack Stokans' thirteenth wedding anniversary.

The couples played card games and closed the evening with refreshments which included birthday and wedding cakes. Guests were Mr. and Mrs. George LaBlance Jr., Mr. and Mrs. Glenn Ingalls, Mr. and Mrs. Homer Brady, and Mrs. Gladys Paterson.

Ironton Couple Mark 51st Anniversary

Ironton—Mr. and Mrs. Lewis Brown, Ironton residents since 1909, observed their fifty-first anniversary Mar. 1. They lived in and near Atwood until the moved to Ironton.

Mr. Brown will be 77 on Sept. 30. Mrs. Brown, the former Winnie Greenman, will be 71 on May 17. They have four sons, Forest of Flint, Wilbur of Petoskeb, Ernest of Ironton and Percy of Pontiac, and three daughters, Eva Peterson of East Jordan, Agnes St. Charles of Detroit, and Margery Solomon of Traverse City, 22 grandchildren and 9 great grandchildren.

throw and Wallace came through with three points, Chuck Kralnke hit for three more and Norm Ketchman sank one of his specials from out on the floor to make it 31-25 at the end of the third period.

The last quarter saw the Rayders score 18 points as Northport faded, grabbing only four. Krahnke became the second Rayder to go out on fouls. Wallace hit the hoop for five points, Hardy for four, Cunningham, three, Dwight Smith, two, Donaldson, two, and Jim Bowman, two.

Chances for a Charlevoix victory dimmed considerahly when Fairbanks went out but the team was equal to the occasion and played a bang-up game for one of the very best performances of the year

Road Group Honors 2 Women at Shower

Employes of the Charlevoix division of the county road commission and their wives gathered at the home of Mr. ad Mrs. Kenneth Balch Saturday evening for a pink and blue shower honoring Mrs. John Martin and Mrs. William Sharrow. Guests enjoyed games and refreshments after which the honored guests opened the many lovely gifts.

Those present were Mr. and Mrs. John Fratrick, Mrs. Archie Balch, Mr. and Mrs. Harold Taylor, Mr. and Mrs. Cecil Drost, Mrs. Jeff Novotny, Mrs. Simeon Perrin, Mr. Martin and Mr. Sharrow.

Barnard Farm Bureau Discusses Prices

Barnard Farm Bureau met Feb. 23 at the home of Mr. and Mrs. William Ager. The 14 members discussed insurance, marketing and school needs.

Several members are interested in the group plan of obtaining Blue Cross Insurence to cover hospitalization, surgical and medical costs. Those who desire this type of insurance must sign up before March 20.

A letter from school Supt. Roy G. Bennett was asked that a delegate be sent from the group to a meeting in Charlevoix at which building needs will be discussed. Emerald Bulhuis was chosen to attend this meeting. The high school in Charlevoix is overcrowded.

The question as to whether farmers could set up monopolies to control prices was discussed.

Stork Shower Honors Mrs. James Willis, Jr.

Mrs George Willis entertained at a stork shower Thursday afternoon honoring her daughter-in-law, Mrs. James Willis Jr. Twenty-six guests enjoyed games with Mrs. John Fratrick, Mrs. Dee Dennis and Mrs. Herbert Colburn winning the prizes. A variety of lovely gifts was presented to the honoree. Refreshments were served by the hostess late in the afternoon.

Auxiliary Meets

The American Legion Auxiliary met last week with Mrs. Charles Cellner for their regular monthly meeting. At the business session an order was placed for the poppies to be used in the annual Poppy Day in May. A social hour was followed by refreshments which included a lighted birthday cake in honor of Mrs. James McCann's birthday anniversary.

Beg Your Pardon

The Courier last week incorrectly reported that Joe Armstrong lost his fight with Jim Lovely of Cheboygan Joe won his fight as did Stan Whitley. Both local boys put up good fights and the Courier regrets the error.

Card of Thanks

We wish to thank our friends and neighbors for their many acts of kindness and expressions of sympathy shown in our recent bereavement. C. C. Henderson, Leon Taylor and family.

Intangible Tax Man Here Friday, March 24

On Friday, Mar. 24, Jay C. Harhanh, representing the Michigan department of revenue, will be at Charlevoix County State Bank between the hours of 10 a.m. and 3 p.m. for the purpose of assisting taxpayers in the preparation of their intangible tax returns due not later than Mar. 31.

Intangible personal property subject to the tax includes all mortgages, land contracts, bank accounts, cash, postal savings accounts, accounts and notes receivable, corporate stocks, corporate bonds and other similar types of property. However, all United States bonds, including War bonds, are exempt from the tax, and the tax on deposits in Michigan banks and building and loan associations, as well as stocks in Michigan banks, will be paid to the Department of Revenue directly by the banks or building and loan associations.

Under the present law as amended by the Legislature in 1945, all Corporate Stocks are 100% taxable including Michigan Corporations.

Collect $403

New Wood Burning Heater Is Developed

A new wood burning heater, three times as efficient as the conventional type, has appeared on the market, according to Thomas F. Schweigert, of Walloon Lake. The new unit delivers upwards of 6,000 B. T. U.'s out of the potential 7,000 in a pound of any kind of wood, while the conventional direct flue type stove delivers only about 2,000.

The new heater burns all its own smoke and operates an entire day on a single filling of wood. It is thermostatically controlled at a wide range of temperatures. Wood is converted into gas and charcoal within the fuel hopper, and the gas is burned in a gas combustion chamber. The charcoal itself is converted into gas and burned.

General efficiency is attested by the fact that ash removal is necessary only on a weekly basis.

In olden days girls used to attend gym classes and use dumbbells to get color in their cheeks. Now they use color on their cheeks to get dumb-bells.

Nip and Tuck Contest Predicted Tonight As Improved Rayders Go on Prowl for Gaylord in Regional Tourney

There will be a wing-ding of a battle tonight when Charlevoix takes on Gaylord in the Class C regional tourney.

It should be nip and tuck all the way as both teams will be fighting their hearts out to stay in the running. The game rates a toss-up, no matter how you look at it. Charlevoix had broken even with Gaylord for the season, winning the first and losing the second game in overtime. Both games were thrillers until the final gun.

Charlevoix has looked good in three of its tourney games and looked best against Northport Tuesday night when the team, without Chuck Fairbanks, its scoring leader, swamped the Northport five with 31 points in the last half

How the boys played as a team! The passing and floor work were much improved. They seemed to catch fire and nearly every player scored at least a point. Ron Cunningham, Bill Wallace, Tucker Hamlin, Jim Bowman, Chuck Krahnke, Fairbanks, Don Hardy, Norm Ketchman, Dean Boss, Dwight Smith, Tom Donaldson and Bill Barber saw action and played good ball.

The winner of this game will play the winner of the Boyne City-Manton game, the second tilt on tonight's program, in the regional final Saturday night.

Charlevoix is still the team to watch. The town will be out en masse to back the team. C'mon gang. Let's take Gaylord tonight.

This candid picture of some of the Charlevoix Red Rayders was taken Saturday night after they defeated Harbor Springs in the district finals. Bill Barber gloefully fingers the trophy as teammates rush around him. Right to Left are: Jim Bowman, Dwight Smith, Barber, Dean Boss, head barely showing, Ron Cunningham, Tucker Hamlin, Don Hardy and Bill Wallace. Missing from the picture of the starting five is Chuck Fairbanks.

Missionary Relates Family Misses Snowfall in Central America

The Rev. and Mrs. Charles Struthers and sons, John and Fred, have written one of their interesting letters from their home at 37 Hope Road, Half-Way-Tree, Jamaica, British West Indies where Rev. Struthers and Mrs. Struthers, the former Florence Palmer, are missionaries for the Church of God.

The letter in part follows:

We have just passed our fourth Christmas in Jamaica. From one viewpoint it looks impossible and from the other it seems much longer. Our boys have had more green Christmas seasons than white ones yet because we love the snow so much they felt that they would prefer a white Christmas.

One of you sent them little cards with a third dimension snow scene and they have them on their dressers, each declaring that the other is not quite as pretty as his.

The boys' Uncle Ben bought them a beautiful donkey and they have named her strawberry. She still has her baby fur but in the meantime they are riding bareback.

Their grandparents sent them a portable phonograph with some nursery records, Christmas carols and what not. It is the first time they have seen a phonograph and you can believe how impossible it is for me to tell them where the music comes from. With books, nuts, trucks, etc. that have come from good old U.S.A. they have decided that after all heaven must be somewhere on earth and sometimes we almost believe it ourselves.

The Jamaica Bible Institute students have all been out in the country preaching and singing the story of Jesus during the holidays. They are a joy to our hearts for we believe that they are the hope of our work here. Of course they are not perfect individuals but neither are you or we. They are struggling hard to prepare themselves from every possible angle to help their people know God and practical Christianity. Many of our churches are without proper leadership.

We are praying that God will give special strength and equipment from some angle plus the ability to absorb constantly while they are in school so that they can take a pure religion to these people that we all love so much.

A few days before Christmas Jamaica had its second election under the new constitution. This takes place every five years. Politics take a very serious form here. Many churches here are completely smashed because they bring in politics. Fewer people were killed during this campaign than ever before. In fact, on election day I believe there were no mob casualties.

May God bless you for 1950 and cause your spiritual gain to be great.

The Rev. Mr. Struthers is the son of Mr. and Mrs. John Struthers and Mrs. Struthers is the daughter of Mrs. John Funk. As missionaries the couple are sponsored by the Charlevoix Church of God.

Campbell & Supernaw Store Is Remodeled

Major remodeling and re-decoration have been completed by the Campbell-Supernaw supermarket.

An attractive tile floor was laid, the walls and ceiling painted white and relocation of several floor units were made. The improvements were made to speed the flow of customers through the store. The eashier unit was placed in the center near the door and islands were installed which are within reach of the shortest person.

Self-serve baskets were provided to cut down on the waiting of patrons.

Residents are urged to go in and inspect the store since it was remodeled.

Practice safety around the house as well as around the farm. Instead of using the nearest chair, get the kitchen step ladder the next time you want to reach that top shelf.

Rites Held Saturday For Mrs. Lillian Hall

Funeral services for Mrs. Lillian Hall, 78, a resident of Petoskey and mother of Mrs. Joe Martincheek of Charlevoix were held at Bay Shore Presbyterian church Saturday with burial in the Greenwood cemetery, Petoskey. She died Thursday at the home of her son, Charles Hall of Petoskey.

She was a member of the Bay Shore church and Ladies Aid.

Farmers' Day Program May Develop into Annual Affair

Select Seeds Carefully For Greatest Returns, Farm Experts Advise

By S. R. Anderson

Nothing will pay greater dividends to farmers than the use of high quality seeds. This, like any other item, you normally get what you pay for. In the normal crop year, where weather conditions are favorable, one can expect good yield provided diseases, droughts, windstorms, insect infestations, etc, are at a minimum. In this case, the care taken in the production of seed and the variety, largely determine the cost of the seed.

Good Sources of Seed

Your reputable seed houses handle good seed. However, there are many grades and brands of good seed. The only quarantee of quality can be had by close supervision by competant authorities like our State Seed enforcement agencies. How can we be assured of getting good seed?

Be TAG Conscious

The tag, which must appear on all packaged seed sold in trade channels, represents the quality of the seed. One should look for purity and germinations. Seed cannot be sold in Michigan that contains a high percent of noxious weeds. However it can contain some. We have enough Quackgrass, Thistle, and Mustard now in Charlevoix County and the rest of Michigan for that matter! Why buy Weeds? The tag also must indicate a recent germination test. Low germination gives poor stands. Poor stands mean large losses.

What is Good Seed?

Good quality seed should be high in purity, high in germination, plump, mature, bright in color, high in test weight, free of noxious or objectionable weeds, and pure as to variety. Seed that will germinate 90% of above and have a purity of 99% or better is good seed. Plump, bright, mature seed usually germinates better. Seed that is free of noxious or objectionable weeds and other crop seeds, usually have a high purity.

Our Best Sources

The best source of high quality seed that is free from noxious weeds, that will germinate 90% of better, and with a purity of 99% of better, is CERTIFIED SEED. Certified seed has often been referred to as "blue-tag" seed. However, don't be fooled by the "blue-tag". Certified growers do not have exclusive rights to the blue color. Certified seed production is closely supervised by the various Seed Improvements Associations of the State Agriculture Colleges by specially trained personel. Be sure that the tag also bears the name of the Certifying agency. Certified seeds are always your best buy.

If you cannot obtain Certified seed, the next best bet would be to buy good quality seed produced from Certified Seed. This seed should be no more than one year removed from Certified. Know your seedman and know the seed you are buying. Don't make a habit of buying the lowest price seed on the market; it may ruin your farm business.

Are all Certified Seeds Equally As Good?

In many cases, yes, but in some cases, no. Remember, that adaptability of certain crops is important. In the case of Alfalfa for instance, we should plant Northern grown seed. Preferably, northern grown Grimm and Hardigan alfalfa. Ladak and Ranger are also recommended but seed is not as plentiful and also higher priced. The best source of north-

Tap Trees Early for Best Maple Syrup

By E. I. Besemer

It is maple syrup time again and the farmers who has a sugar bush and the equipment can well afford to capture the sweetish sap.

The quantity of sap from a tree is in direct relation to the size of its crown. In order to secure a heavy sap production, a complete crown cover, a rich deposit of humus on the forest floor and the keeping out of all livestock are essential to the management of a sugar bush.

The best rush of sap occur during sudden and rapid thawing days with temperatures above 40 F., followed by freezing nights. The early runs of sap produce the highest quality syrup. The operator who catches the first good runs will naturally receive a larger return for his efforts than the operator who taps later.

Sap forecasts are given over radio station WKAR Michigan State College with the weather report on the Farm Service Hour at 12 noon E.S.T.

Certified Seed

Certified seed can be produced in Charlevoix County. If you are interested and have a weed free farm, write to S. C. Hildebrand, Secretary, Michigan Crop Improvement Association, Michigan State College, East Lansing, Michigan.

Your flowers need fertilizer as well as the farm crops. Use a little complete fertilizer well mixed with the soil when preparing the flower bed. Use 1½ to 2 lbs. per 100 sq. ft.

Have you joined the Soil Conservation District? We have a lot of soil that needs better treatment.

MSC "Flying Classroom" Goes to Europe

Michigan State College will launch its first annual European "Flying Classroom" March 18, under direction of Prof. Carl M. Horn, head of continuing education at MSC. Horn, left, discusses plans with M. A. Waldo of Waldo Travel Agency in Lansing, technical consultant for the tour, and Dr. Paul H. Kinsel, right, director of travel service for the National Education Association. Sixty top-flight educators from every state in the nation will take part in the six-week flying field study of economic, political, social and educational conditions in 12 European countries, including if possible, Czechoslovakia. Several thousand organizations will join hands to provide scholarships for one representative from each state, as selected by state educational committees. Horn is the nation's leading exponent of "education with wings" and has directed five regional and national "Flying Classroom" studies in the past five years.

Farmers Urged to Study Soil Before Applying Lime

Most of the soils in Charlevoix County has a high pH. This means that the soils are on the high-lime side. It is not so many years ago that the farmer used to receive checks for liming his farm. Under this type of Agriculture the farmer was not encouraged to have his soil tested to see if lime was necessary. He was granted a payment for the simple procedure of liming his fields. In many areas of the State this procedure not only paid the farmer well from the payments he received but did directly improve the productivity of his soil. Under these conditions the program was highly profitable for him but also for the agriculture industry as a whole.

Most of the Soils in Charlevoix County are naturally alkaline, since they are formed from limestone rock formations. Due to this known fact they seldom require additional lime.

Soil tests have been made on many farms in this County and a few farms have soil that are on the acid side and the owner could profitably use some lime. On many farms, however, the lime content is high enough so that additional lime would result in a serious loss in crop production. On several farms the lime content is high enough now so that full production of crops are believed to be hampered.

The optimum pH range for generally the best production of crops should be 5.5 to 7.5. Most crops produce their highest yields when the pH ranges from 6.0 to 6.5. 6.5 has often been considered the optimum pH for the best productivity. Different crops vary as to their lime requirements. Alfalfa, for example, thrives best on soils that have a soil that alkaline in nature or as we say, a higher than average pH. Alfalfa has as its optimum a pH of 6.2-7.8. On other hand some of our troublesome weeds like milkweed quackgrass, wild carrot, and foxtail seem to thrive on soils that have a pH range from 4.5-6.0. Crops that have a rather wide adaptabilty like oats, corn and wheat have a wide range of optimum pH Their pH range varies from 5.0-7.5. Barley on the other hand has a narrow range of optimum pH. which is from 6.5-7.8.

Before one decides to add lime to his soils he should have a test for alkalinity or acidity of the various fields. He then should decide whether or not lime is required to give him added productivity. If so consult a competant authority as to his possible requirements.

Questions have often been voiced, if there was anyway to correct for an over alkaline or high pH condition. Often in soils of high pH, there is a tie-up of minor elements such as boron or manganese. Not only that, but often there has been a correspondingly decreased amount of potassium and phosphorus found in tissue tests of plants grown on high lime soils. Experimental results have shown that the addition of manganese sulfate has relieved this situation in many cases. Commercial fertilizers can be purchased with a 5-15% mixture of manganese in them. It is suggested that a good high analysis fertilizer with 10% manganese could be tried. A word of caution . . . don't go overboard on this one. It is suggested that you try this on a small acreage this season where you have soils with a pH in excess of 7.5 and see for yourself if it will help your soil. If it does then take steps toward relieving this situation.

As Dr. J. Q Lind of Michigan State College says, quote "The moral of the story is to test your soil and add just the right amount of lime. This procedure may save you money and result in in better yields at the same time".

Charlevoix Co. Lacks Adequate Pasture, Say Study Group

By S. R. Anderson

The most startling problem in Charlevoix County is the lack of sufficient pasture for our livestock. The dairy animal requires more than an "excercise-lot" in order to produce milk and butterfat. Cows will give their highest production when on good pasture. Good green pasture is highly nutritious and palatable. The dairy animal will consume large quantities of pasture if it is available for her. Good green pastures are high in protein and total digestable nutrients.

Pastures have another distinct advantage. The animal not only can get good nutritious food but she harvests the crop herself. This cuts down considerably on the expensive equipment and labor involved in harvesting the crop. The animal is also much more efficient in her harvesting methods in that she will harvest the part of the crop that is generally more palatable and nutritious. She then consumes large quantities of good food capable of producing good rich milk and butter-fat.

Now the problem is to obtain or maintain a pasture that is capable of supplying the cow or other animals all of the good quality feed that she requires to maintain good production. Most of the pastures in this county are little more than exercise lots. We call all of our wild land pastures, and put a fence around it and let our cows try to make a living. She not only fails to produce milk but also loses in body weight. Our wild pastures consist mainly of quack-grass, Kentucky bluegrass, red top, timothy, and weeds. In many cases we have poisonous plants that the animal will eat if the grass diminishes. These pastures are quite productive during May and June. After that we blame the dry weather for our failure to produce pasture. That is true to a degree but most of the grasses in the typical wild excercise lot (pasture) have actually matured or become ripe by late June and remain dormant the rest of the pasture season.

Pastures under these conditions brings drastic reductions in milk production. Farmers have been quick to realize this and have arranged to have their cows dry during this period of the year. This is their biggest mistake. If an animal can have pasture during the entire pasture season she will make the dairyman over half if not all his profits and she will harvest all of her own food.

What can be done about this problem. First we must try to make our wild pastures more productive by proper fertilization. This has been especially true if there is any White Dutch Clover in the mixture of grass and weeds. 200-400 pounds of Superphosphate will really pay off. For production of grasses and other plants a good application of 0-20-20 will be the best. However the sooner we can establish tame or rotational pastures the sooner the profits will roll in. It has often been said by farmers that they can't afford to pasture a field of

"Nothing But the Best" Is Vet Motto

Nothing but the best! That is the motto of the veteran of the Charlevoix Veterans Institute. They are quick to realize that good seed will pay bigger dividends at harvest time. Thirty-five of the farmers taking courses in the Institutional On-the-farm Training Program have ordered and are receiving orders of good Certified seed this year. They are going to plant good acreages of Eaton and Kent Oats as well as about an equal acreage of Bay Barley. A large order of excellent Michigan grown Grimm alfalfa is being purchased for this year's planting. Other seeds such as Red Clover, Sweet Clover, Brome Grass, Sweet Sudan Grass, Ladino Clover and seed corn are included in this order.

Demonstration plots of Barley and Oat varieties will be planted on the Harrison Warner farm and the Danly farm under the supervision of Howard Crouterfield, who along with Warner, are veterans in this program. Also a demonstrational plot of hybrid corns will be planted on the Warner farm. These plots will be planted under the supervision of the instructors of Veterans Institute.

Veterans' Institute in Charlevoix Is Lauded By State Officials

The Charlevoix Veterans Institute, now in its third year, expects that the Farmers Day program will become an annual event. Next year it is planned to have a larger program.

The Institute, directed by Max Novak, has been termed one of the best in the state by state department of education officials.

This year's program, bringing to Charlevoix county two ranking authorities on the feeding of dairy animals and the cultural and chemical weed control, will be held March 14 at the Charlevoix high school gymnasium.

Started in May, 1948 by Shool Supt. Roy G. Bennett and Mr. Novak, the Institute has grown each year in the scope of the program, services and enrollment. A total of 75 veterans are enrolled. They come from all parts of Charlevoix county.

The Institute offers the veterans an educational program under the GI Bill of Rights and permits him to earn money while he is learning. Despite common misinformation, the veterans do not receive a grant but actually get on the job training, similar in scope to industrial training programs.

The Institute in this county has witnessed a steady growth in capital investment on the part of the veteran farmers. Their capital investment in this county alone (holdings of property and farm equipment) amount to more than $852,000.

In practical terms, the veteran farmer is given a detiled course in agriculture while working daily on farms.

Under the direction of Mr. Novak, Stanley Anderson, Floyd Ayres and Ellsworth I. Besemer, the veteran farmers are given opportunity to apply to their daily farm chores, the approved methods of farming, designed to improve general farm practice, thereby enabling the farmer to increase his yields and his return from his investment.

Urge Farmers To Make Use of Green Manure

By S. R. Anderson

What is green manure? Most farmers are familier with this source of plant food but many yet do not know the real value of this important soil builder. Green manure is not only a fertilizer but more than that, it is our greatest source of organic matter.

The rich, dark topsoils of our virgin soils contains a high percent of oganic matter. This is the home of most of our available plant food and soil micro-organisms. Without organic matter, the soil becomes lifeless and consequently unproductive.

In the past few decades we have been mining our soils of this organic matter at a terrific pace. Today our soils are "run down" so to speak. No more do we have rich black soils. The Soils Conservation Service is doing much to help the farmer regain organic matter in the soil by educational services. The Agricultural Extension Service of the Michigan State College has sent Extension men out to meet with the farmer about this problem. Much has been said and written on this major problem. Yet the farmer still thinks he can farm year after year without supplying adequate organic matter.

Three-Fold Purpose

Organic matter has a real three-fold purpose. First, Organic matter is high in nitrogen and also forms a medium for soil micro-organisms to live and work. Nitrogen is necessary for plant life. Secondly, organic matter mixed in our soils, makes better soil structure. Organic soils are more porous, contain air spaces which allows for more aeration. Organic soils tend build up aggregates of soil particles that do not become hard and pack badly.

Thirdly . . . organic matter increases tremendously the water-holding capacities of our soils. Soils high in organic matter can hold more water, more plant nutrients and therefore give us more moisture and plant food when the plants need them. Water and soluable minerals tend to leach through inorganic soils and as a result we have dry infertile soils. Organic matter has the power to hold soluable nitrogen, potash and other plant foods, as well as, water, and keep them from leach-

Michigan State College is the oldest land grant college in the United States. It was founded in 1855 for the specific purpose of teaching Agriculture and Engineering. We have come a long way in the study of Agriculture as a Science since this early beginning. This is one real reason why the farmer owes such an obligation to this splendid institution.

Be Sure to Use Fertilizers If You Want Better Crop Yields

By S. R. Anderson

The best way to use fertilizer is to use enough of it. Fertilizer left in the elevators will not produce crops this year. Grandpa didn't use it because mother nature gave him virgin soil, rich in organic matter and fertility.

A lot of years have gone by in which the soil has been mined of its very life. No longer do we boast of the great yields and the beautiful black soils. What can be done about this?

The use of barnyard and green manures, along with liberal applications of commercial fertilizer will do much to increase yields. The question comes up . . . what kind or analysis of fertilizer and how much should I use.

Big Question

That is a big question and not at all easy to answer. The most logical but most inconvienent way to find out is to have your soil tested and apply accordingly.

From tests taken from representative farms in Charlevoix county, it has been found that the soils have a very low level of potash. Corresponding low levels of phosphorus and nitrogen are recorded. These are the common elements that we put in our bag of fertilizer. Do you know what 4-16-16 means on your bag of fertilizer? To some it may mean $58-$60 a ton, but to those who have the proper understanding it means 4% available nitrogen. 16% available phosporic acid and 16% potash. This is plant food. Without these elements we get poor yields, weedy fields, rundown soils, etc. We can't afford this. Yet farmers say they can't afford fertilizer. They really mean that they can't afford to farm.

Kind of Fertilizer

Getting back to the question . what kind and how much fertilizer should we use, depends on the crop, previous crop, soil-fertility level and soil type. However in Charlevoix county as a whole it depends almost entirely on the crop to be raised.

For spring sown grains with seedings of legumes and grasses, the recommended application of 300-400 pounds of 4-16-16 fertilizer is well worth the money. Remember you are not only raising a grain crop but also a seeding.

For corn, one should either plow down green manure crop or make a heavy application of barnyard manure or both plus from 150-250 pounds of 3-18-9 fertilizer.

A good application of manure is from 10-15 loads per acre. Barnyard manure is high in nitrogen and potash and low in phosphoric acid. Nitrogen fertilizers give best in results in corn and applications nitrogen fertilizer at last cultivation is becoming a good practice.

Needed on Pasture

We need fertilizer on our hay and pasture fields every other year. Either late fall or early spring applications advised. From 300-400 pounds of 0-20-20 or 0-16-16 fertilizers are recommended.

Better Milk from Clipped Cows

By F. O. Ayres

This last fall and winter 353 cows were clipped by the veterans selling milk and cream in Charlevoix County.

The Charlevoix Veterans Institute purchased two power clippers to be used in demonstration work and by the veterans themselves. The clippers are still in the process of being passed from farm to farm to allow the clipping of as many cows as possible.

A cow is clipped for three main reasons.

1. Control of liee.
2. General appearanee.
3. Cleaner milk

Of the three, the most important is clean milk. Clipping the cow cuts down the hair surface to which dirt particles can cling and also disposes of long loose hair that might contaminate the milk.

Hair and dirt can be strained from the milk, but the bacteria which is carried into the milk with the hair and dirt will not strain out.

Won Top Honors With Feeder Calves

Calvin Bricker, R.F.D. No. 3, Boyne City, a veteran, taking agrleulture from the Charlevoix Veteran's Institute won the top honors with his beef feeder calves last fall at Gaylord.

Two loving eups were offered by the Michigan Hereford Breeders Association at the annual fall sale of the Northwestern Michigan Beef Feeders Association at Gaylord. One of the loving eups was offered for the best individual animal. This was on type. condition, size and general appearanee. The other loving cup was for the best pen of animals of 5 or more. These again were judged on type, eondition, size and general appearance, and especially on uniformity.

Beef cattle were consigned to this sale from all over Northwestern Michigan and by men who have established a reputation as good cattle men. In the faee of this competition, Bricker won both cups.

For a man who had been in the beef cattle business only one year that accomplishment speaks highly of his cattle raising ability.

Select Seed Carefully For Greatest Return

(Continued from page 1)

ern grown Grimm and Hardigan is Michigan grown seed for Michigan farms.

Oats, Barley, and Wheat seed are equally as good regardless of where it was produced as far as adaptability is concerned. However, be careful. Here we have a variety problem. One should be careful as to which variety he chooses to grow. The same thing holds true in the production of corn.

Recommended Varieties

Recommended varieties of oats in this area are Eaton, Kent, and Clinton. Eaton is the stiffer straw ed, medium test-weight, high yielding, white variety. It is medium early and resistant to the common smuts and rusts. Kent is higher in test weight than Eaton but lacks the straw quality. It carries the same resistance to disease as do the Eatons. The Clinton variety is comparable to Kent, but it is not as pure. It contains about 5-10% of oats that produce later maturing and taller heads that affords a problem in combining.

Last year we were confronted with a serious new disease of oats, called **Septoria avena**, a black stem rot, that reduced the yield of most oat varieties, considerably. Most of the oat varieties in the United States were damaged with this disease. The Eaton variety was not materially effected. It seemed to withstand this disease without substantial losses in yield. Many fields of oats in Michigan and Corn Belt States suffered severe damage from this malady but the Eaton variety slffered very little.

As for Barley, the Bay variety is recommended. It is stiffer strawed than Wisconsin 38 and more resistant to both scab and smut than the later variety. Wisconsin 38 has a tendency to crinkle badly when ripe and also drop a number of its heads. Bay, tends to stand better and does not drop its heads. A new variety introduced in Wisconsin, Moore, looks promising.

For early corn varieties in this area, Michigan 11A and Wisconsin 255 are best. Wisconsin 255 is slightly earlier and should be used in the Eastern half of the county. 11A tends to yield a little more. For later corns for silage, Michigan 51B, and some earlier commercial hybrids like Master F31, United 20, Kingcrost KE3, and DeKalb 56 may be used. Michigan 51B has always been reliable for silage and late grain for this area.

The Yorkwin variety of wheat is the most popular variety of white wheat in Michigan. It carries resistance to loose smut, is stiff strawed and our highest yielding wheat in Michigan. For red wheat, the Vigo variety, is rapidly gaining prominence.

Innoculate Legumes

We have had many seeding failures of late. One of these reasons is lack of innoculation. Innoculation is cheap and should be done. Innoculation is treating or mixing necessary nitrogen fixing bacteria with legume seed. Legumes are the only plants that can take free nitrogen from air and form available nitrogen for plant growth. Legumes need nitrogen and they can manufacture their own. Innoculate your alfalfa red clover, sweet clover etc. for better seeding.

Treating your seed

Our small grains and corn should be treated with dusts for prevention of seedborne diseases. Some of the common diseases controlled by seed treatment are, bunt or stinking smut of wheat, loose smut of oats and barley and scab of barley. The use of Ceresan will control these diseases. Follow the directions on the container.

For corn, Arasan or Spergon, are best for control of scab, Fusarium, and Diplodia seedling blights, stalk rots, and ear rots. Corn also should be treated with crow-tox as a bird repellant.

Home Treatment Best

Home treatment of seeds is best. A treater can be constructed easily from an ordinary oil drum. Directions for construction can be obtain from Farm Crops Department of Michigan State College or your County Agriculture Agent.

Care should be taken so as not to mix your different varieties. Much of our dockage in wheat comes from mixing with rye in faulty seed treatment methods.

Buy the best seed

Remember—buy good seed from a reliable source and follow prescribed methods of treatment and reap greater harvests on less acreage. Remember, the best way to save money is to make a good investment.

Keeps the boys on their milking toes!

"Boys will be boys," my friend Ted said one day. "They start talking or dreaming about dates and girls, and first thing you know, they forget to watch the milker.

"That's why I like my new McCormick with the plastic milk hose and timer bell—the milker that says 'When.' You can *see* and *hear* when the cow quits giving.

"Just set the dial for the number of minutes needed to milk each cow. Then—when the bell 'dings'—strip the cow with the milker and take off the teat cups.

"It's simple. No matter what they're doing—feeding a new calf, carrying milk to the milk house, or just dreaming—they never forget the milker.

"The boys milk *faster* now, too, and get more milk. They like the way the McCormick varies the vacuum to suit each cow, how it protects tender teats and udders."

"How's the pulsator working?" I broke in.

"Fine! No trouble at all. Operated perfectly, even at 20 below! No oil to gum it up—it just keeps clicking away!"

Folks, the McCormick milker is everything Ted says—and then some. Come in and see for yourself. Ask us about McCormick cream separators and International milk coolers, too.

Bean Price Support Drops for Farmers

The U. S. Department of Agriculture has announced that price support loans and purchase agreements on the 1950 crop of dry edible beans will be made available only to those growers in Charlevoix county who plant within assigned farm acreage allotments next spring.

At the same time it was announced that the price support rate for the 1950 dry bean crop will be about 25 cents per hundredweight less than the 1949 rate. Price supports will apply to navy beans, red kidney beans, and cranberry beans in Michigan and only these three varities will be assigned allotments in Michigan. There will be no support nor acreage allotments on yelloweye beans.

LeRoy Hardy, chairman of the Charlevoix County PMA Committee, said that individual farm acreage allotments for beans would be established and farmers notified in the early spring, well in advance of planting time.

Cooperative in the allotment program is entirely voluntary, Mr. Hardy said. Farmers who desire themselves ineligible for price support next fall on their 1950 crop.

Exercise Care in Treating Seed

One way in which more good seed is ruined than any other single practice is in the treating of the seed. This problem has confronted the Veterans of Charlevoix County since they are purchasing several thousand dollars worth of good seed this year. They do not wish to risk the possibility of it being mixed with weeds or other crops. The best way to be sure of this is by treating your own seed at home in your own treater.

Through the splendid cooperation of Mr. Uno Suomela and the Charlevoix Oil Company the Veterans Institute have been able to have a "barrel-type" home seed treater constructed for use by our veteran group. This treater will be located in a rural school building owned by Harrison Warner, a veteran of the Institute.

Each veteran will be required to treat his own seed and be responsible for the care of the treater and to see that the equipment and building is kept clean. The instructors of the Institute will supervise this operation and instruct the veteran in the proper use of the equipment so as to obtain the best possible results.

Anyone interested in constructing one of these treaters may obtain plans from Farm Crops Department of Michigan State College or your County Agriculture Agent.

How Much Meat Do You Waste?

You will agree that frozen foods are delicious, economical and convenient to have when they are properly prepared. But too often improper processing results in less appetizing food and considerable waste.

This is especially true with meats. Unless the home processor has adequate facilities for proper cooling and is an experienced meat cutter the results may be loss of meat and a poor quality product.

That is where our service can be of real value to you. Whether you are keeping your meat in our lockers or in your own deep freeze you will find it profitable to have our experienced meat cutters do the processing.

Adopt Balanced Farm Program

The veteran, or for that matter, everyone entering farming is faced with the selection of the major enterprise to provide the large part of the farm income. This should be supported by one or more other enterprises to allow for a well balanced farm program.

A survey of one of the veterans classes shows that dairying in 1948 brought $33,111 to the veterans and in 1949 $28,010, or an average of $1004 in 1948 and $1400 in 1949 per veteran.

There were 14 veterans in 1949 who had hogs as an additional enterprise. The income ranged from a low of $55 to a high of $1,839. This gave an average income of $423.

Other enterprises that are being used to supplement the main farm income are chickens, turkeys, beef and potatoes.

Use Fertilizer For Better Crop Yields

(Continued from page 1)

Large increases in yield and quality of hay and pastures are resulting from the above practice.

When buying fertilizers, remember the high analysis fertilizers cost less per unit of plant food. Remember we have enough of the filler in our fields now. It is mostly sand.

Wheat Fields

Another place in which fertilizer could be used to great advantage would be in our wheat fields early this spring. Remember the yellow color found in many fields last fall? That was nitrogen starvation. We have also had a hard winter on wheat and seedings. An application of 50-75 pounds of Sulphate of ammonia or Ammonium nitrate will mean added profits at harvest time.

Order and obtain your fertilizer now and use liberal applications for insurance of good grain yields and ample supplies of good quality hay and pastures.

Poultrymen Find January Hatched Chicks Most Profitable

By E. I. Besemer

More poultrymen are realizing that early hatched chicks are the ones that lay eggs during the season of high egg prices.

Poultry specialists advise that Janurary hatched chicks are the money makers. Normally, the months of October, November and December are the months of high egg prices. March hatched chicks will get the benefit of the latter part of these high egg prices, but April and May hatched chicks will miss out so that they will not be the money producers compared to their earlier hatched sisters.

Careful preparations must be made before the chicks arrive. The brooder coop should be thoroughly cleaned and disinfected. Clean litter of crushed corn cobs, shavings or some commercial litter should be spread over the floor. The brooder stove should be started and adjusted two days ahead of the arrival of the chicks. A barrier should be put around the brooder stove about two feet from the edge of the hover. This is to keep them away from the corners and to teach them where the heat is. Cover the area inside the barrier with several layers of newspapers so the chicks will not eat too much litter until they have learned where to find their feed. For January and February hatched chicks allow 1 sq. ft. per chick and for March and April chicks allow ½ sq. ft. per bird.

For better results—get early hatched chicks; get chicks of high quality; feed and care for them in the best manner possible; keep free from disease; keep a pullet flock; cull constantly.

Cow Removes Nutrients

During a 6-months' pasture season a cow removes from the soil approximately 115 pounds of nitrogen, 26 pounds of phosphate, 93 pounds of potash and 37 pounds of lime. Unless these nutrients are returned to the soil in the form of plowed-under legumes, commercial fertilizers and barnyard manures, the land becomes too poor to produce good pasture.

Veteran Study Group Discovers Farming Is Costly Ventere

By E. I. Besemer

The saying that "any one can farm" or desire of many laid off factory workers to get on a farm to make an easy living is readily disputed by the experiences of the veterans in the Charlevoix Institutional on the Farm Training Program.

In the first place it takes a lot of money to be in the business of farming. In a study of one of the Veterans classes made for the years 1948 and 1949, it was revealed that the total investment of the class amounted to $199,675 in 1948 and to $311,461 in 1949. The average amount invested per veteran rose from $8,681 in 1948 to $10,573 in 1949.

It is estimated that the veterans in the three classes have a total investment of $852,335.25.

A second consideration is to have enough working capital so that farming operations can be carried on without curtailment.

Cash expenses for 1949 ranged from $483 to a high of $13,360. The total expenses in 1948 were $73,009 and in 1949 they were $66,157 or an average expense per Veteran of $3,307 for 1949 and $3,130 in 1948.

The amount invested in farm machinery alone ranges from $860 to a high of $5,154.

It is estimated that the machinery owned by members of the three classes is valued at over $187,833.

If you would like to go into farming, stop and consider how much money it takes to start!

Hybrid corn acres increase

In 1949 more than 67 million acres of corn were planted with hybrid seed in the United States. This amounted to 78 percent of the entire corn acreage.

This compares with 65 million acres or 75 percent, in 1948 and 62 million acres, or 72 percent, in 1947.

Ladino Clover is Excellent Feed

While Ladino clover is an excellent source of high quality protein hay and silage, its greatest value is undoubtedly for pasture. The succulent, highly nutritious forage is exceedingly palatable at all stages of growth. It is relished by all classes of livestock.

Ladino clover is widely adapted and will grow well on most soil types. However, it is particularly well suited to wet lowlands areas. It should not be used on light, sandy and droughty soils. It also will do much better if planted in mixtures with our common hay crops.

Conservation

With adequate fertilization, the conservation of one inch of rainfall during the growing season will increase the corn yield about 29 bushels per acre. Through the ues of contour cultivation, fertilization and return of crop residues we can expect to conserve more than one inch of rainfall during the growing season, according to soil conservationists at Purdue University.

People are eating less potatoes

Back in 1910 the American people consumed potatoes at the rate of 195 pounds per person. Recent figures for 1948 show that only 118 pounds were consumed per person.

Despite this decrease in individual consumption, however, total consuption has increased due to increased population.

Grain Mixtures

Research has shown that increased yields are harvested when barley and oats are planted as a mixture. The proper mixture would be at the ratio of one bushel of barley to one bushel of oats. Plant this mixture at the rate of 6 to 8 pecks to the acre.

Farmer's Share of Consumer Dollar Reported Shrinking

The farmer is very much interested in the share of the consumer's dollar he will receive.

According to L. L. Boger writing in the Michigan Farm Economies, Michigan State College, "Retail food prices have not fallen as much as farm prices and that means that the farmer's share of the consumer's food dollar is shrinking".

The farmers share does go up and down with prices. How low it will go depends on whether in the years ahead prices continue to drop and also on how rigid marketing margins remain.

The share the farmer gets, Boger points out, is also governed by individual commodities. In November 1949 when a consumer spent a dollar for eggs the farmer received 74 cents while with white bread the farmer received only 17 cents. This difference is largely accounted for by different amounts of processing, transportation, and other work and expense required to get the raw product transformed and transported for consumers.

The farmer's share of the consumer's dollar has varied fram 32 cents in 1932 to 54 cents in 1945. It has now declined to about 47 cents.

Boger states that cost of labor, transportation and demand of the American consumer are factors in keeping the marketing margin high.

The consumer is continually asking for more services so the farmer's share probably will be kept from rising.

More Income Calls For More Efficiency

How to get more income is a major desire of most farmers.

A farmer needs to use good business judgement and must employ efficient and labor saving methods in order to get from farming the things that will provide conveniences and comfort for the family, an education for the children and allow for the improvement of the fram.

Some of the results sought after are high yield per acre, better than average production from every cow, sow and hen on the farm and efficiency and labor saving in every farm enterprise.

The use of sufficient fertilizer of the right analysis, certified seed and the best cultural practices' will go a long way toward providing a high yield per acre.

High production is dependent on foundation stock of proved breeding, feeding according to production and culling out poor producers.

Farm records keeping is a must in order to know how the farm business is paying out and which enterprises need to be dropped or strengthened.

Farmer Vets Use Artifical Breeding to Improve Herds

By E. I. Bessemer

The men in the Veterans Farm Classes have been willinp to adopt improved dairy practices.

There are 32 veterans who are using the Artificial Breeding Association services.

They have adopted this practice as probahly the quickest and at the aame time the most economical way of increasing the productive capacity of their herds.

They can have the services of the association to bring them dairy inheritance from proved sires.

None of them could afford to buy a sire having the production inheritance that these sires possess. Many of the sires in the A. B. A. cost from $4,000 to $10,000

Dairymen can not keep a sire long enough to prove him if they have only small or medium size herds.

The cost of keeping a herd sire has been variously estimated to be from $150 to over $300 per year. Another cow put in the place of the sire could produce that much or more in dairy products per year.

It is always the gentle bull that injures or kills. Every year w read in the daily and farm papers of some farmer who has had his life endangered or has lost it because of a gentle bull suddenly gone berserk.

The A. B. A. offers the dairyman an opportunity to build up the production of his herd, use sires of proved production, and eliminate the dangers to himself and his family of keeping a bull.

Program Started To Improve Beef Herds in County

By F. O. Ayres

The importation of beef and datry cattle int Charlevoix County or breeding and general herd improvement amost came to a stand still during and immediately following the war. Also the prices of cattle in 1946 reached a peak unheard of before.

These two problems were ones which faced tho veterans who started farming in this county. Therefore it is understandable that when the veterans classes started in Charlevoix Cunty, May 1, 1948, the veterans cattle as whole were of poor quality.

One of the ways the problem of poor cattle quality was approached was by bringing outside cattle into the herds. Approximately 253 head of cattle, at a cost of $30,000 have been purchased to date. Some of these cattle were bought from neighbors, some at farm auctions and others brought from as far away as Wisconsin.

Last fall a group of men including one agricultural instructor and three veterans took a buying trip to the Lansing area. They purchased ten head of purbred dairy animals at a cost of $3,375.

In another case a veteran, taking agriculture from the Charlevoix Veterans' Institute, with the help of agriculture extension personel and his agriculture instructor, picked out and purchased 34 head of improved Herford Beef cows.

As for the future purchasing of cattle, plans are now being made by many veterans to bring in large numbers of Wisconsin dairy heifers to improve the general quality of their herds. There are some veterans now negotiating to buy cows from owners who are members of the 400 lbs. of butter fat club. The 400 club members own the top herds of dairy cattle in the state.

Only Testing Reveals Cows True Worth

By E. I. Bessemer

One of the problems of herd management is to eliminate the boarder cow. The only way to be accurate in knowing what the cow produces is to weigh and test her milk for butterfat. The dairyman should also weigh the grain and roughage fed and feed according to the milk production and butterfat test if he would be efficient.

Dairy specialists of Michigan State College state that a cow must produce at least 250 lbs. of butterfat before she commences to show a profit.

Just looking at a cow is not enough to estimate whether or not she is profitable. This is illustrated by the experience of one of the class members whn had one of his cows pointed out as a poor producer. When he joined the D. H. Q. A. and had a years record on her she was the best cow in his herd.

There are 7 veterans in the Charlevoix D. H. I. A. Also there are 370 cows under test each month by the Veterans Institute. Class members are selected each month to assist with the testing.

County Lacking in Adequate Pastures

(Continued from page 1)

good alfalfa-brome hay. There is only one thing wrong with that statement . . . they can't afford not to. Of course they first must get the good alfalfa-brome pastures. This will come from the proper use of his farmh land. More hay and pasture field and less corn, beets, pickles etc. would not only give him the pasture but would help conserve productivity.

Alfalfa-brome mixtures make good pastures from early May through August if you plan on maintaining the stand another season, otherwise pasture through September. If you plan on maintaining the field for another year, September pasturing will reduce the yield the following year. pasture your Alfalfa-brome mixture according to your pasture requirements.

Sweet Clover also makes ideal pastures. It is not quite as palatable as alfalfa at first but the animals soon get used to it and thrive on it. It is ideal for pastures the year following seeding and will also be beneficial as a soil builder.

Your clover-timothy mixtures are desirable but not nearly as productive as alfalfa or sweet clover. They also lack the high nutritional values of the alfalfa-brome and sweet clover but are still much higher than wild pasture.

Another permanent type pasture that is really productive and has a high carrying-capacity is the Reed-canary grass pasture. This can be raised or produced on our muck solls where the water table is very high. We should have at least 2-3 feet of good muck that has a good supply of water, in fact, flooded during wet seasons. This type of pasture will produce large quantities of good succulent pasture from early May untill late October. It is the most economical of all our pastures since it is grown on land not suitable for any other type of farming. Of course it is a problem to clean up our swamps so we can plant the grass. It requires the removal of a lot of Cedars and other rubbish. We have more labor than money, normally, so this should be a good investment. The land can be cleared when labor and time is abundant so it will be ready for plowing and fitting of seed bed in early August. Best results have been obtained on good seed beds prepared and planted in August or early September at the rate of 4-6 pounds of seed to the acre. The seed bed should be as firm as possible to make it and the seed should be covered to a depth of ¼ to ½ inch.

Where cedars are dense in growth and no grass and weeds are under foot, the cedars can be cut and Reed Canary grass seed can be sown early in the spring as the snow is disappearing. Excellent results have been obtained by this method.

Most farmers in this county have some swamp land that should be under Reed Canary pastures. The sooner this is done the sooner our pasture problems will be minimized. Good Reed Canary stands have been known to carry from 5-10 cows to the acre. In this type of pasture our problem is a case of undergrazing and not overgrazing. Enough animals should be pastured here to keep the grass pastured to a height of 5-6 inches at all times to assure good palatability and nutritional value. All permanent and rotational pastures should receive 300-400 pounds of 0-20-20 fertillzer every other year.

When we realize that our pasture requirements greatly exceed our expectations we look for some means of finding some additional pasture. Don't rent the neighbors exercise lot but plan on some type of emergency pasture. One of the most ideal in this group is Sweet Sudan grass. It give a high quality pasture during the months of July and August when we are normally short of pasture. The carrying capacity can be from 2-4 animals to the acre.

This crop requires the same cultural practices as does corn. A field of high fertility should be chosen near the barn. A good application, say, 400 pounds of 4-16-16 fertilizer should be applied with the seeding. A good application of barnyard manure before plowing will greatly increase the yield also. Make a very firm seed bed and plant from the 5th to the 10th of June. Start pasturing when the grass is about knee high, but not before. Under normal seasonal conditions the pasture should be high enough to pasture by the 4th of July.

Do not turn your animals into a lush, succulent growth of Sudan for long intervals at first. They will eat too much of it and serious bloating will result. Take it easy at first and watch your animals for the first week. It has been recommended that you give the animals a decent feeding of hay the first few times you turn them loose on Sudan pastures.

Another good emergency pasture is Rye. It has been excellent for late fall and early spring pastures. It will also carry the animal s to about the middle of June. Rye will enable you to pasture your animals two weeks earlier and two weeks later in the fall. That is one month of extra high quality pasture.

Use Balboa Rye in preference to other varieties, it will produce more leaves and heavier yields Its habit of growth leads itself to pastures better than Rosen than most of the other varieties. and some common ryes.

Oats are often used for emergency pasture. It is not as productive as Rye and consequently more expensive. It gives good pasture for the month of June.

These emergency pastures are usually expensive if practiced every year but when you need pasture these pastures will really prodoce milk from your dairy animals and gains on your steers.

Lets go "all-out" in Charlevoix county to improve our disasterous pasture condition and have our dairy animals fresh when they can harvest their own feed and produce milk and butterfat when prices are at their peak.

Farm Topics

By ED REBMAN

Farmers should place orders for certified seed with elevators, seedmen and producers now, to be sure of getting what they want. Lists of producers of certified seed are available at the county extension office located in Boyne City.

OATS—Seed supply fair, about 100,000 bushels with 90 percent being Eaton and Kent varieties. Remaining seed is Bonham, well adapted in the upper peninsula. All have been developed by the Michigan Agricultural Experiment Station. Quality generally good, germination excellent and color and test weights fair.

BARLEY—Limited supply of both Bay and Wisconsin 38 varieties. Test weight low to fair but color and germination gond. Low test weights of 1949 crop caused small supply.

FIELD BEANS—Supplies good and certification indicates good quality with high germination. Michelite and Robust available, with Robust variety in limited supply. Seed well sized for planting.

NEW CORN HYBRIDS:

A new hybrid mentioned is experimental Michigan 381 which appears to be adapted to the northern and northcentral areas where Michigan 11A and 51B are widely grown. During the two-year tests it has given 22% more corn than Michigan 11A and nine percent more corn than Michigan 51B. It tassels and silks three or four days later than Michigan 11A and at about the same as 51B. It has the desirable characteristic of quick drying in the fall and by harvest its ears are lower in moisture content than Michigan 11A.

The new hybrid, Michigan 381, will be tested again on a large scale this year and if everything goes well they could be released for certified seed production in 1950. For the complete story on hybrid corn tests in Michigan get a copy of Extension Folder F-67, "Corn Hybrid Compared for 1050" from your county agent.

PRODUCING MAPLE SYRUP:

If you're interested in the latest information regarding sugar bush operation in Michigan, you can get a free bulletin on the subject. It's entitled, "Maple Syrup Production in Michigan." Your county agent has it on hand. This bulletin recommends hanging one bucket on trees 10 to 16 inches in diameter, two on trees running 16 to 20 inches, and three on trees as big as 20 to 26 inches.

If you wish to produce high quality syrup follow these recommendations: Cover your buckets so that you will waste no time boiling rain water. Covers also keep out leaves, twigs, and bark and they last a lifetime. If all the buckets can be emptied in half a day, collect the sap in the afternoon as this will leave very little sap in the buckets to freeze at night. On warm days late in the season, collect the sap twice a day and leave none in the buckets to sour. Strain the sap into the gathering tank and also as it enters the storage tank. Evaporate all the sap to syrup as rapidly as possible. Clean the evaporator, storage, and gathering tanks after every run because a little sap left in the tanks may sour and spoil the next good sap collected.

Before you get the next labor saving machine for the farm look in the house and see whether the little woman has any of those handy items that will save her steps or make her work easier.

Early Experiments Led to Popular Hybrid Seed Corn

It is quite interesting to note that one of the most famous Agronomists is living in the city of Charlevoix. Professor P. G. Holden is now retired and living with his daughter and son-in-law, Mr. and Mrs. Ellsworth Besemer. Professor Holdens greatest contribution to the field of Agriculture was his contribution in work with corn. He and Dr. W. J. Beal are recognized as the original breeders of hybrid corn which today is a larger industry than the automobile industry. This great contribution was to the science of agriculture was discovered on a farm near Traverse City.

A few shrubs and a few flowers properly arranged around the farm house will make it more like a home.

Urge Farmers Make Use of Green Manure

(Continued from page one)

ing out.

They are then available for plant use. Organic soils do not wash away as easily as do inorganic soils. This is due mainly because in good soil, cover crops can be maintained on these soils and not on arid inorganic soils.

Good Green Manure Crops

Our best green manure crops are legumes such as Sweet Clover Alfalfa and other clovers. These are naturally high in nitrogen and decay rapidly giving us ample supplies of organic matter.

Rye, and other grasses are highly recommended. Rye is widely used since it is a winter annual and a good green manure crop can be raised in off-seasons. It is often planted after last cultivation of corn in corn fields. This forms a good cover, prevents erosion, and gives us a green manure crop to plow under.

Buckwheat can be used and is used a lot as a summer or short season green manure crop. It is usually planted about mid-June and plowed onder by the first week in August.

Time to plow under green manure

The best time to plow under green manures is about 3 weeks previous to planting of subsequent crop. For example, we have a field of rye or sweet clover and we wish to plant corn by May 25th. The green manure should be plowed under by May 5th to give the residue a chance to decompose and form organic matter. While decomposing, the green manure draws heavily on the nitrogen and water supplies in our soils. If we plow under green manure crops and immediately seed to a crop we often get a serious retarding of growth of our new crop. Often yellowing in margins of leaves indicate nitrogen deficiencies. Stunted plants indicate lack of water.

Be Careful

Be careful . . . plow under from two to three weeks in advance of next planting. If grasses or straw is used it is well to apply nitrogen fertilizers as a top dressing, previous to plowing operations. 100 pounds of Ammonium nitrate or Sulphate of Ammonia would hasten the decomposition and not hinder the crop. Nice young legumes do not require the nitrogen application as they contain a relatively high supply nf the nitrogen.

Sawdust contains a high percentage of insoluable lignin and cellulose and require several seasons tn decompose and often give detrimental effects over a period of time.

Straw Is Good

Straw can best be used as bedding for animals as it absorbs large quantities of liquid portions of manure. This is the most important part of the manure for plant tood. This operation also helps to hasten the decomposition of straw.

Every farmer should plan on plowing under a crop of green manure at least every third year on each field and more often wouldn't hurt. You will be astonished at the results. Our better farmers do it and they are making money. You too can make money and save money by proper use of green manures to build our soils back up to a productive state.

Need Repairs On Engine at Light Plant

The city faces the unhappy prospect of spending additional money on the diesel generating unit at the electric light plant.

Discussion of this highlighted the council meeting Monday night after Deputy City Clerk Don Swinton reported on a conversation he had with Professor Henson of the University of Michigan. Hanson advises immediate repair of the unit end discussing the liability for the repairs afterwards, Swinton said.

Rathburn-Jones, who installed and manufactured the unit in 1947, reported that it would cost $10,000 to greatly reduce the vibration which may ultimately ruin the engine unless it is corrected. Several councilmen feel that Rathburn-Jones is liable for the repair bill. Cost of the engine was more than a $100,000.

City Attorney Norman Ance advised the council to have the consulting engineers, Hamilton-Weeber, who were retained by the city, to make a conclusion as to what should be done about the vibration and what can be done to correct it.

It was said that it will take 90 days to build the parts for the repair job and about 30 days to install them. Councilmen were loath to have the repairs made now because it might mean going without the use of the unit during the peak need in the middle of summer.

Mayor Ray Hamilton said that in his opinion Rathburn-Jones is at fault and should correct its error.

Charles Alexander appeared before the council, asking when he was going to be returned to the city payroll. He said he was promised part-time employment through the winter but said he has been given none. City Supt. Angus Leitch said he knew of no such understanding and that the city has enough help at present. Alexander has worked on the golf course in the summer months.

Action on the request for a recommendation for a liquor license for the Moonlight Gardens was again postponed. It will be considered March 27. One Councilman said there was objection among some of the residents against the issuance of the license.

Bills amounting to $4,235.39 were ordered paid.

Big Crowd Attends John Deere Day

Mor than 450 farmers from a 50-mile area attended Conrad Klooster's John Deere Day at Atwood Tuesday.

The annual all-day program was highlighted by the appearance of factory representatives who showed six films on various types of progressive farming. Among them were "Beyond the Price Tag", a factory tour through the M-T tractor plant, "Potatoes for Profit", "Farmers of the Year" and "What's New in 1950."

To Frank Carlson of near Walloon Lake went the distinction of traveling the greatest distance to attend the program. He drove 35 miles from his 160-acre farm. Others who came quite a ways included Merritt Fox of Rapid City who drove 25 miles, Bernard Lueck of Bellaire who drove 22 miles and Otte Stolt of Petoskey Route 1, who drove 29 miles.

Mr. Klooster expressed satisfaction with the big turnout of farmers who enjoyed the movies and free lunch.

Red Cross Drive Reported Lagging

Reports from Red Cross workers in Charlevoix county appear to be slow in coming in, Ralph Hamilton, county chairman reported Wednesday, adding that the drive is lagging in several places.

Charlevoix merchants have contributed about $225, or about one-third of what was expected, leaders said. Solicitation among the merchants is nearly completed.

The drive in the valley and in the south end of the city is coming along nicely, Mrs. Archie Livingston reported. Two workers said they had contributions from everyone but one person in their areas.

Charlevoix workers are attempting to raise between $1200 and $1500 of the $3500 county goal. The drive is said to be going well in Boyne City and East Jordan and surrounding townships.

It had been hoped that the goal would be reached by March 15 but such is not likely. The campaign will continue through the end of the month to permit all a chance to contribute to the campaign.

Bus Driver School Here Is Commended

Seventeen Charlevoix county school bus drivers from East Jordan, Chandler and Charlevoix attended the first annual school bus drivers institute here last week. Drivers from Melrose had attended the Emmet county institute and school officials in Boyne City and Boyne Falls did not send their drivers.

The school was conducted by Stanley Irish, of Central Michigan College, who stated it was the best school he had given in the state. He commended both Charlevoix and Emmet counties for doing such a fine job with their transportation problems and said the two schools were far ahead of others in the state in keeping their drivers up to date on rules, regulations and requirements.

Many round table discussions were held to thresh out problems confronting bus drivers and mechanics; phycho-physical tests were given as well as extensive written examinations on general information on driving.

Trooper Don Downer, of the Traverse City state police post, presented the correct interpretation of traffic laws and regulations; T. B. Reynolds of the Charlevoix County Road commission spoke on the maintenance of county roads.

Members of the high school driving classes also attended some of the sessions and were given some of the safety tests. Coffee and donuts were served each morning by the Charlevoix schools.

The program for the institute was planned by Mrs. Walter Bergeon, Charlevoix county school superintendent in cooperation with the state department of public instruction the schools in the county and Central Michigan College.

Three Local Girls Given Nursing Caps

Three Charlevoix girls were among a class of 37 who received their student nurses' caps at a special capping service at Sparrow Hospital, Lansing, Friday evening. The Charlevoix girls who entered nurses training in September were: Nancy Kipke, daughter of Mr. and Mrs. Ray Kipke, Shirley Cunningham, daughter of Mr. and Mrs. Orlin Cunningham, and Sharon Butler, daughter of Mr. and Mrs. Percy Butler, who are spending the winter in the south.

Those who attended the capping ceremony were Mr. and Mrs. Cunningham and family and Mr. and Mrs. Kipke and two daughters.

Misses Kipke, Cunningham and Butler returned to Charlevoix for the week-end.

Re-Elect Officers

Ellsworth—All village officers were re-elected. They are: James H. Elzinga, president, T. E. Boss, clerk, Claude Dawson, treasurer, Edward Klooster, assessor, Charles Edson, Grant Hastings and Darwin Orcott, trustees.

County Would Benefit from Governor's Road Proposal

Charlevoix county would receive about $233,000 in state aid for highway construction under the road program which Governor Williams will recommend to the Legislature.

This is an increase of about $64,000 over the amounts of state aid now received by the county under present highway revenues and allocations.

The Charlevoix county road commission, under the Governor's program would get $183,000 as compared with $152,000 at present.

Cities and villages within the county would receive about $50,000 under the new plan as compared with $18,000 at the present time.

Appropriation

The governor will recommend an appropriation of $18½ million from the state's fund for a road construction program based on the plan of the Michigan Good Roads Federation. He will also recommend enactment of the Federation's program of reforms in the administration of highways and distribution of road funds.

The state can afford to put up the $18½ million the Governor said, if the Legislature passes the proposed corporation profits tax. The sum is about equal to the revenues which would be derived from extra 1 percent on such a tax.

Governor Williams recommended that the tax be levied at the rate of 4 percent last year, but the Legislature buried the bill.

With the $18½ million of state funds, plus local and federal matching funds, the state can underfeke at least $40 million and possibly as much as $48 million worth of road construction during the coming fiscal year, the Governor said.

Between $10 and $12 million would be contributed, under the Good Roads plan, by cities, villages and townships. They would match state funds for improvements on their own roads.

12 Million More

"In addition the state's $18½ million will make it possible to get at least $12 million and possibly closer to $18 million in federal matching funds," the Governor said.

The Governor said he would not recommend additional gas or weight (license) taxes to finance the road program.

"I believe," he said "that no more consumer taxes should be imposed on the people of Michigan. Consumer taxes already supply 80 percent of our state revenues. I will recommend that the Legislature set the rate of the corporation profits tax at a level which it seems sufficient to meet all of the appropriations it makes, including the highway program.

Clem Merrill Killed in Crash

A Charlevoix truck driver and two Manistee women were killed Saturday morning in a traffic accident South of Hart on US-31 when the car driven by one of the women swerved into the path of the truck as she tried to avoid hitting a dog.

The Charlevoix man was Clement Merrill, 34, driver for the Ferguson Petroleum Service, who was enroute from Muskegon to Traverse City with 5,000 gallons of fuel oil at the time of the accident.

The women were sisters, Helen Majeski, 37, and Alma Majeski, 34, of Oak Hill near Manistee and were enroute to Muskegon at the time of the accident.

Merrill's truck went out of control as the passenger car skidded and swerved into his path and both vehicles struck a tree on the edge of the highway. The women were killed outright by the impact and Merrill who was crushed in the cab of his truck, died as he was being removed from the wreckage.

The body was taken to a Hart funeral home and then removed to Niles where funeral services were held Tuesday.

Merrill was a native of Niles and had lived near Susan Lake in Hayes township during the year and a half he had lived here and had been driver for the Ferguson company.

He is survived by his widow, the former Charlotte Sweet of Niles, and a daughter, Judy, 5.

Former Resident Dies Suddenly

Word has been received here of the unexpected death of Ned Durance, 54, former Charlevoix resident, in a Flint Hospital Monday. He was stricken late Sunday and taken to the hospital.

Funeral services will be held at the Reigel Funeral Home at 10 a.m. Thursday with burial in a Flint cemetery.

He is survived by his wife, the former Jennie Carey; three children: his father, Jene Durance of this city and a sister.

Census Due To Start in County April 1

Uncle Sam will start to "count noses" in Charlevoix county and elsewhere in the state and nation April 1 when the decennial census gets underway.

Fourteen enumerators will begin the job which is expected to last at least six weeks and perhaps longer. Thomas Forton of Boyne City will be crew leader. The enumarators have not been named es yet. Donald P. Watkins, district supervisor, announced.

The census workers will be required to take a week's training at Boyne City before starting on the job. The census job is very important to the communities as it is the basis for the formula used to return state taxes to the townships, cities and counties.

Big Boost Needed

The primary purpose of the census is to provide the basis for electing members of the House of Representatives in Congress. They are elected on the basis of population for the districts. Michigan may gain several seats in the house as a result of the population increase.

Farm Bureau School Planned for Groups

A training school for Farm Bureau community groups in Charlevoix and Antrim counties will be conducted March 23 at the Ellsworth Community hall from 1 to 4 p.m.

Classes for all officers of Farm Bureau groups will be held. They include presidents, chairmans, secretaries, discussion leaders and publicity heads. Donald R. Kinsey, director of community group activities for the Farm Bureau, Arlo E. Watson district Farm Bureau representative, will attend.

George Block and Vernon Vance, community group directors for Charlevoix and Antrim counties respectively, are in charge of arrangements.

Charles H. Hampton Entertains Kiwanis

Charles H. Hampton entertained the Kiwanis club Monday night with a group of original poems at its weekly meeting.

Dr. C. O. Whitten, dentist with the district department of health, was inducted as a member by H. E. Paddock. Ellsworth Besemer is program chairman for next week's meeting. Frank Bird was program chairman. Roy G. Bennett, club president, presided.

Girl Scouts Display

In observance of the national Girl Scout week, local Girl Scouts are displaying school bags made by them for shipment overseas in the window of the Earl Young building. Several troops took part in making the window a reality by making the school bags, letters on the window and the international friendship flags used for display purposes.

Officiating Robs Rayders In Boyne Tilt

The best team did not win the regional basketball finals at Petoskey Saturday night.

Due to some of the poorest officiating ever seen, according to several coaches and other officials who witnessed the game between Charlevoix and Boyne City, the Red Rayders lost out to Boyne City 38-36.

The officiating became so bad that two other officials who participated in other games of the tourney, shook their heads in disgust over the way Leon Hinckley and Blumm were calling them.

It could have been Boyne City or some other team but this time, the Charlevoix team deserved a better fate but weak officiating cost the Rayders the game. Time and time again, Hinckley would call fouls on Don Hardy, Bill Wallace or Chuck Fairbanks . . . fouls which one of the referees in the stands said should not have been called.

The game was close all the way, although Boyne City worked up an eight point lead but saw it whittled away by the courageous Rayders who refused to be beaten . . . but finally bowed because of the referees.

Boyne City played a good game with Shaler, Peck and Mason playing outstanding games. There can be no complaint against Boyne or its coach. They played hard and well.

Boyne City jumped off to a short lead in the opening minutes and led 11-9 at the quarter mark. Fairbanks who played a grand game along with the rest of the Rayders poured in three buckets and Wallace chipped in with two free throws but Boyne City added 10 to their score to make 22-17 at halftime.

The Raydars came back strong in the last half with Ron Cunningham hitting the meshes for a couple of goals. Wallace did likewise. Hardy tossed in a bucket and Fairbanks grabbed two points.

Charlevoix scored 19 points in the last half while Boyne got 16 points. The Boyne outfit pulled a neat act of stalling twice during late minutes to prevent the Rayders from getting any closer. The margin had narrowed to a bucket in the final minutes but the stalling paid off as Charlevoix could not break it up.

The team coached by Irish Coleman in the absence of Ray Kipke, acquitted itself in exemplary fashion. Despite being at a disadvantage over height, the Rayders managed to keep control of the ball off the backboards during the last half.

Chuck Fairbanks was high point man with 17.

• Mr. and Mrs. George Currie and son of Denver, Colo., left for home Tuesday, after visiting the Earl Youngs for a week.

Planning Group For Schools Will Meet on March 21

A school planning group to survey the school facilities and offer recommendations will meet at 8 p.m. March 21 at the school, School Supt. Roy G. Bennett announced.

Local organizations and others from surrounding communities sending children to school here have been urged to send representatives to this meeting. Clubs, social groups and others interested in this project are asked to send delegates.

The group will study problems confronting the school program, including the need for increased facilities and how the school can better serve community needs. Continuing education which is making rapids strides in most communities will be studied by the group.

The physical layout of the school will be given close attention and study in the wake of the largest enrollment in the school's history. Some 230 pupils have been added in the last 10 years, Mr. Bennett said, resulting in restrictions on the high school program.

The group will serve as the recommending agency to the board of education.

Wallace Scoring Believed Highest In State Tourney

Paced by Bill Wallace who scored 40 points, the Charlevoix Red Rayders defeated Gaylord 62-48. This is believed to be the most points scored in a single game in state tourney play.

Wallace was hot and the Rayders knew it so Chuck Fairbanks, Don Hardy, Ron Cunningham and Dwight Smith fed him the ball. He missed only seven shots during the game.

Gaylord played a good game but could not cope with the Rayders this time. Jumping off to a 11-7 lead at the first quarter mark, the Rayders increased their lead to 32-17 at the half.

The Rayders kept it up in the second half adding 31 points to the score as Gaylord fell behind. Wallace scored 17 field goals and six free throws to amass his 40 points. Fairbanks helped out with 13 points.

During the half, the Rayders coach, Ray Kipke, was taken ill and Irish Coleman took his place on the bench.

Attend Road Meet

The Michigan State Highway Department convention was held in Grand Rapids March 14-15. Among those from Charlevoix county who attended were T. B. Reynolds, of Boyne City, county road commission engineer, Sam Regers of East Jordan and Lyle Wangman of Boyne City, road commissioners, and Ralph S. Hamilton, of Charlevoix, road commission clerk.

Local Girl Scouts to Make School Bags for Overseas Use

The intermediate and Senior Girl Scout Troops in Charlevoix will make school bags and fill them with the tools of learning as their 1950 international service project.

Called "Schoolmates Overseas" the project was developed by the national Girl Scout organization in consultation with a variety of relief agencies and adopted as a national effort at the Girl Scout national convention last November.

Under the plan for international service Scout troops or individuals will make sturdy canvas or cloth bags to be slung over the shoulder or carried, which they will equip with pencils, crayons, erasers, pads of paper, notebooks, and other materials which school children need to learn the three R'S.

In addition each bag will contain a small surprise such as a hair ribbon, toy or trinket, pair of socks or gloves etc. The Brownie troops in Charlevoix will help collect these items and the school supplies.

The object of "Schoolmates Overseas" is two-fold. First it will supply much needed tools for learning for youngsters going to school in bombed out areas. Second, it will give the Girl Scouts a simple, tangible device for making felt their interest and friendship for children in other lands. The slogan for the project is "Fill a Schoolbag for a Friend".

Although no national goal has been set for the project, which will be complete December 31, 1950, it is heped that each of the more than 65,000 troops in the country will prepare and send at least one schoolbag. The first community-wide ingathering of schoolbags for overseas shipment is slated for the Girl Scout 38th birthday celebration, March 12.

Shipment of the schoolbags for distribution abroad will be made by the following agencies: American Aid to France; American Middle East Relief; American Relief for Poland, Church World Service; Greek War Relief Association, and National Catholic Welfare Conference.

Farmers Day Draws 550 Visitors Here

Some 550 farmers and others from several Northern Michigan counties turned out for the first annual Farmers Day program at the high school here sponsored by the Charlevoix Veterans Institute Tuesday.

Plans are being formulated by school, Veterans Institute and farm leaders for the sponsoring of the 1951 Farmers Day program. It is expected that a more extensive program will be held.

They heard an outstanding program of farm talks including that of D. L. Murray, extension dairyman, and B. R. Churchill, nationally-known research authority.

School Supt. Roy G. Bennett opened the morning program by welcoming the guests and saying that the school was glad to take its part in a such a community affair. Stanley S. Anderson, institute instructor, was general chairman.

Murray emphasized that pasture is the cheapest and best feed for cattle. "The dairy animal ate high protein feed but harvested the crop as well when he ate pasture. Along with high quality hay, high protein foods, good silage is needed for good milk production.

"The use of steam bone meal and trace-mineral salt should be enough to satisfy the cow's requirements, adding that the farmer should not pay high prices for other minerals."

On chemical weed control, Churchil had this to say: "The use of certified clean seed pays big dividends to the farmers, adding that good seed bed preparation and the good use of fertilizers and good crop rotation are essential." He urged caution in use of chemicals.

District May Land Softball Playoffs

Efforts are being made to have the state softball tourney, usually held in Lansing, moved to the Northern Michigan district, John Knight, who was re-elected district commissioner at a meeting Sunday in Petoskey, said.

If the state finals could be brought to Northern Michigan, Knight said that it would mean bringing 1500 visitors to the area over the Labor Day week-end. Charlevoix, East Jordan, Petoskey and Boyne City would be tourney sites, he said.

He added that Robert Woodruff of Petoskey and Dan Devine of East Jordan will attend a state meeting in Lansing Sunday as district representatives. They will seek regional playoffs for Charlevoix and Petoskey.

The site of the district meeting will be determined at the next meeting.

Your Help Is Needed for the Red Cross

The merciful Red Cross is again making an appeal for funds. Every March, it asks residents in Charlevoix county and other areas throughout the nation to give so that the helping hand of the Red Cross can aid others.

The Red Cross reminds us that "All May Help" in the organization's humanitarian work. That slogan should have a warm meaning for every American.

Each day thousands of those who want help and thousands who need aid are brought together through the Red Cross for the most heart-warming swap in mankind's history. It is a very personal exchange, this barter of the impulse to aid for the pain, suffering, the worry, the life of a fellow man in distress. Million or more people are engaged in this swap annually.

We are fortunate in this nation that the balance between those in need and those ready to meet that need is so favorable. As a whole we are generous people. Our hearts are warm, our hands ready to help. Let us make sure that the balance never shifts, that no cry for aid ever goes unheeded.

The best way to make certain that the work of the Red Cross continues is to give generously to the Red Cross. Support it with contributions, with your time and energy. All are needed and all of us can contribute some part of the total.

Help the Red Cross so it can help others who need aid in disaster, human suffering and relieving misery.

Urges Abandonment of Social Security

The Brookings Institution, well-known economic research agency, has suggested that the United States junk the present Social Security system and replace it with a pay-as-you-go system.

For around 13 years now we have had the present system.

Employers and employees have paid millions of dollars into a huge fund from which benefits are supposed to be paid to those entitled to them.

The government has taken the money, spent it for purposes far removed from those for which the system was set up, and has put its I.O.U. in the treasury's till.

The result is that when the benefits become payable, taxpayers have to fork over more money to do the job that the first money was collected for.

It does seem as if it would be better to provide the Social Security for those who need it now, on a current basis, and not try to build up a vast sum for the future, to be used unfairly by the government for other purposes.

Said a St. Johns banker last week, commenting on the system: "If we followed the government's example in handling our funds, we'd go to jail!"

ODDS 'N ENDS

By Fran Martin

Our deepest salaam with all homage to the Charlevoix Rayders, their coach, Ray Kipke, and to 'Irish' Coleman who took over Thursday. It's a combination that's brought plenty of good basketball to Charlevoix throughout a tough season which ended Saturday night with those swell youngsters playing their hearts out and fighting to the last second. We're proud of you and we love you. Thanks for everything. Now next year. . . .

There's a fine story in the Sunday G. R. Herald on the Mary Free Bed Convalescent Home in Grand Rapids, and the splendid job they're doing in the rehabilitation of crippled children. The work is being done in cooperation with the Michigan Crippled Children's Commission under the direction of our own Dr. Carlton Dean.

The set-up is the only one of its kind in this country and is being studied everywhere. Charlevoix's Billy Zeitler, son of Mr. and Mrs. Robert Zeitler, is being treated there. He's a lonesome little boy so why not drop him a note or card now and put him at the head of your Easter list.

Donna Henry and Donna Rose left Friday by plane from Traverse City for Boston, Mass., for a week's vacation trip with the former's uncle and aunt, Mr. and Mrs. Will Lessard.

The Dal Henrys took the girls to the plane and as they were driving in at the airport Donna Rose turned to her companion and remarked "Don't you think it would be better if we took the train?" But they boarded the plane and were in Boston a few hours later after stops at Willow Run and LaGuardia Field in New York.

Did you know that Perry Paul (Ira) Smith is now holding down a bed at the Northern Michigan San. at Gaylord? He's been there for two weeks and is doing OK. He doesn't want the lads at the postoffice here to be without anything to do so why not drop him a line at Room 228 so the local postoffice can carry on in his absence. And then too, if he'd write letters in return he might give the hospital staff a rest. You know Perry and he'll give 'em a bad time.

Prof. Perry G. Holden, ratired professor of agronomy who livas here, was in Chicago recently where he attended a luncheon sponsored by a farm magazine and others interested in the progress of corn.

Guests included corn breeders, college professors, farmers, authors and other authorities on corn numbering 150 in all. Earl E. Bennett of Huntinton Co., Ind., who has raised 221.3 bushels of corn to the acre in a Golden Acre contest whose goal is 300 bushels to the acre, was named as this year's winner in the contest.

When Prof. Holden, who is known throughout the cornbelt as the 'corn man' and who is credited with being the father of hybrid corn, was introduced, every guest at the luncheon stood with him and applauded . . . a fine tribute to a grand person.

The top o' the morn' to our Irish friends who'll be wearin' the green Friday in honor of good old St. Pat. There'll be a big time on America's Emerald Isle, Beaver Island, and at the annual Beaver Island party in Chicago. Did you ever hear about that party? All former Islanders get together, hire a hall and an orchestra and celebrate the good Saint's Day in a traditional manner.

And birthday greetings to all those who celebrate birthdays Friday including Jill Stewart and Mrs. Norman Gallagher.

Attends Conference

Mrs. Dorothy McRae was in Lansing Friday and Saturday to attend the annual Classroom Teachers Conference. She attended as a delegate from the Charlevoix county M.E.A.

Dr. V. E. Miller Gives to New Hospital Fund

A check for $25 from Dr. Vernard L. Miller, Reed City Dentist, who formerly lived here, for the new hospital fund was received by Robert Bridge, chairman of the solicitation committee.

In his letter to Mr. Bridge, Dr. Miller said he was sending along the check and added: "It's been quite some time since I have been a Charlevoix resident but I still feel that I am a part of the town and certainly the town is part of me.

"Reed City keeps me on the jump most of the time. It's really a very good town for me to be located in but I often wonder why when they were picking out the site for the town, they did not find one along Lake Michigan.

"Best wishes for the hospital project. I would like to see a really nice hospital in Charlevoix.

CITY ELECTION

To the Qualified Electors of the City of Charlvoix, County of Charlevoix, and State of Michigan:

Notice is hereby given that a General City Election will be held in the City of Charlevoix on Monday, April 3, 1950, at the City Hall, for the purpose of electing the following officers, viz:

CITY—Mayor, Clerk, Treasurer.

WARD—Supervisor, Alderman, Constable.

The polls of said election will be open at 7 o'clock a.m. and will remain open until 8 o'clock p.m. of said day of election.

Ellsworth to Hear McBain School Chorus

Ellsworth—Folks in this vicinity have a real treat in store for them at 8 p.m. Friday night at Ellsworth Christain Reformed church when the 45 voices a capella choir of the Northern Michigan Christain High school, of McBain, will present a concert.

The group sang here last year and their performance was well received. They will leave here Saturday morning to compete in a contest of northern Michigan high school chorus groups at Petoskey.

OVER THE FIELDS AND FARTHER AWAY

For years, farm families have wanted to be able to call nearby towns where they deal and have friends—without paying toll charges. Michigan Bell's "extended area service" is designed to eliminate toll charges between certain towns which have developed a natural community of interest. Nearly 500,000 Michigan Bell customers in some 160 exchanges now enjoy this new service, and it's being extended to more areas every month.

Jack Burke, of St. James, brother of the bride, assisted the bridegroom as best man.

Mrs. Burke was attired in a green ensemble with brown accessories for her daughter's wedding. Mrs. Cross, mother of the bridegroom, wore a navy suit dress and black accessories. Both had corsages of pink roses.

Following the wedding a dinner was served at the Argonne at noon with places laid for the wedding party, their immediate families and Mr. and Mrs. John Cross, Mr. and Mrs. Mark Cross, James Driggett, Mrs. Arthur Geer, and Buddy Left of St. James.

The table was decorated with evergreens and centered with a three tiered wedding cake topped with a miniture bride and groom and a wedding bell.

The couple left on a brief wedding trip and have returned to Charlevoix for the present. Mr. Cross returned to his work aboard the Carferry 21 at Ludington and Mrs. Cross will remain here.

Cancer Fund Drive To Start in April

A chairman meeting of the Charlevoix County Unit of the American Cancer Society was held March 5 in Boyne City with Mrs. Gilbert Lindsay acting as hostess. The meeting was presided over by Mrs. Earnest Garrison, county commander. Plans for the coming Cancer Drive in April were discussed.

Several posters have been submitted by fourth, fifth and sixth grade pupils from schools in the counties as entries in the county cancer poster contest. Posters will be displayed throughout the county.

The society's educational program is well underway and a movie has already been shown in Charlevoix and Boyne City. Any organization that would like to take advantage of these educational services may contact Mrs. Garrison, East Jordan and she will provide material of such a program.

It is hoped that Charlevoix county will more than fill its quota of $1,065 this year. Through education, cancer can be conquered.

Charlevoix Youths To Take Part in W. C. T. U. Contest

Several members of the Charlevoix Y.T.C. will participate in a Youth Institute and declamatory contest in Petoskey March 25, it was revealed at a meeting of the local union of the W.C.T.U. Friday at the home of Mrs. Thomas Milner.

Ann Donaldson, Roberta Swanson, Betty McBrice and Marguerite Colburn will compete for medals against other Y.T.C. members at the Petoskey union hall in the contest sponsored by the district president, Mrs. Bessie Leismer. The local union will also contribute to a fund for a gift for all contestants. The Mar. 25 meeting will open at 5 p.m. A box lunch will be served.

At the business meeting the Rev. L. L. Lewis spoke on the subject "The Light in the Dark Places." Jesus is the light of the light of the world, he said, and the work of the W.C.T.U. in its way is also a light in the world tor it carries light and knowledge into dark places. He also said that members should nnt become discouraged for they have a great work to perform.

The methods by which the educational fund is kept up was also explained. Each member contributes fifty cents during the year with one half of the amount remaining in Michigan and the other fifty percent going tn the national headquarters. This is used to finance films and other educational materials.

Fifteen members were present. Refreshment were served during the afternoon.

Census Will Start April 1st in County

(Continued from page one)

is expected to be between 152,000,000 or an increase of ahout 20,000,000 in 10 years.

For example, Deputy City Clerk Don Swinton points out that Charlevoix must show a 20 per cent increase in population if it is to maintain its present per capita return on state taxes. This means that if the city of Charlevoix fails to show 20 per cent boost in population, returnable taxes will be reduced.

At present the city receives about $21,000 annually from the state in returns from the sales tax and the gas and weight tax. The schools will also be affected because the sales tax return to them is based on the same formula.

Swinton estimates that an increase above the 20 per cent boost in population shown by the state as a whole will mean between $8-10 per capita in returnable taxes.

Swinton advises persons who want to list Charlevoix as their legal residence, although they may not be here when the census is taken, to be sure to call the fact to the enumerator's attention.

The census schedule for farmers, Watkins said, will be mailed within the next few days. Because there are 179 questions on it, he urged farmers to study them and fill out as many as they can before the enumerator calls on them.

Stray Dogs Eating Food Meant for Birds

Several residents have complained this week that stray dogs are eating food put out for the birds. One resident said there are more stray dogs than ever, adding that she has been buying feed for the birds but in recent months they didn't get a chance to eat the food as the dogs beat them to it.

She appealed to residents to keep their dogs at home to enable the birds to obtain necessary food.

Honored at Dinner

Coyote Hunted on Power Toboggan

Wild chase over ice results in Coyote kill — or words to that effect: Conservation officer Carl Keubler and Johnny Andy Gallagher had an experience Saturday afternoon they will long remember.

Out in the woods near the Christain Brothers lodge, Keubler's hounds picked up the scent of a coyote. Tracking the scent the coyote was sighted on the ice in the direction of Garden Island. The dog trained for the chase, made a mad dash for the animal. The coyote and hound, both excited, played a game of "nip and tuck" on the wide area of ice until the game became too much for one lone pup. Seeing the difficulty, Keubler decided to go for assistance.

Speeding up to the Coast Guard Station, Keubler obtained the use of the Elison powered toboggan and the service of Coast Guardsman Johnny Andy Gallagher as the driver. The two of them sailed onto the ice which was none too smooth. They bumped over the ice chunks and according to the men, the ride was comparable to breaking in a wild horse to the saddle.

Nevertheless, the two sped after the coyote and the animal gave them a five mile ride before closing in for the kill. When within close range, Keubler, operating his rifle from Gallagher's shoulder (Johnny said the gun was bobbing around too close for comfort) fired twice, one shot striking the animal and inflicting an ineffective wound.

Another circle, another shot and the coyote was their's. "It was the wildest ride and hunting expedition I've ever been on," said Gallagher, "but I woundn't have missed it for anything."

Keubler, who does not let the absence of one arm hinder him for carring out his duties as conservation officer 100 percent said, "This was the first coyote killed on or near the island this winter. It was gotten the hard way, but worth all the blisters."

27 County Students At Central Michigan

Of the 2,203 undergraduate students enrolled at Central Michigan college, this semester 27 are from Charlevoix county.

There is one from both Walloon Lake and St. James, two from Boyne Falls, six from East Jordan, eight from Boyne City, and ten from Charlevoix.

Seventy of Michigan's 85 counties are represented in the college enrollment.

This semester Central Michigan College has 32 students from ten other states besides Michigan. There are also six students from foreign countries and United States possessions.

Auxilary Asks for Mother's Day Cards

The American Legion Auxiliary throughout the state are being asked to send a number of Mother's Day cards and a handkerchief to the state organization for use in Veterans' hospitals in the state.

The idea works much the same as the Christmas gift shop project. The cards and handkerchiefs will be placed on display in the various hospitals so that each hospitalized veteran may select one to send to his parent. The cards and gift are made available at no cost to the veteran.

Anyone outside the American Legion Auxiliary may contribute a new card and hankie to the cause. Contributions may be made to any Auxiliary member or by calling Mrs. W. E. Goss or Mrs. Leo Allard.

Handy and Easy Are Both Wrong

Handy Peterson and Easy Roberts got in quite an argument the other day over at Fred's Garage talking about the best spot to fish up at Green Lake.

"Opposite the old sawmill is the best spot," says Handy. But Easy "pooh-pooh's" him. "I've seen the biggest fish caught off Cedar Point," says Easy. "I've been catching them there for years."

Then Fred goes into his office and brings out the biggest mounted rainbow trout you ever saw. "Bet that was caught at the sawmill," comments Handy. "Cedar Point," says Easy. "Well," "you're *both* wr[illegible] baby right out [illegible]

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

The top o' the mornin' to ye and sure 'Tis a big day the Irish, yes the French, Polish and German, too, are plannin' for "Patrick's Day" on America's Emerald Isle.

The day will start with Mass at Holy Cross Church at 9 o'clock. The Mass will be offered for Beaver Islanders on or off the island. As is the custom, the congregation will sing "O Hail To St. Patrick" after services.

Green bonnets, green stove pipe hats, shillelaghs and a supply of shamrocks are in readiness. "Erin GoBragh" hangs high in the Shamrock Tavern where one may puhchase green accessories for the day.

In the evening at 8 o'clock, the Killarney Klub (Parish hall) will open its door for the "smash-hit" entertainment. Final rehearsals and last minute details are being worked out, and far be it from this reporter to let out any secrets, but it's going to be a WOW.

Last Monday, two surprise visitors flew to the island, Father Bernard Scheid and Kay McDonough. Father Bernard made the rounds visiting his relatives while Kay paid a visit to her former teacher and classmates. Kay, also, visited Doctor and Mrs. Russell Palmer. "Kay's visit was like a spring tonic. It was so good to see her again," said Mrs. Palmer, who taught Kay music for several years.

Young James Gallagher wanted to take a look at the wild horses running at large on High island, so last Monday, Joe McPhillips flew him over the island to satisfy his curiosity. They had a glimpes of the horses that have lived in the wilds for the past ten years. There were four horses, but only three were seen this trip. The horses belong to "Littl Joe", an Indian, who now lives on Beaver but whose home was on High island for many years "Littl Joe" makes a couple of trips to the island during the summer to leave a few salt bricks. Other than that, the horses take care of themselves. James' son, Brien and Rolland Cull went along on the sight seeing trip.

The ice is solid as far as the eye can see. The mail plane landed on a cleared spot beyond the Point a couple of times last week. And shifty little Shanty Town was on the move last week. At least a dozen shanties are quite a distance from the Point, a mile and a half from the village, so they say.

Mr. and Mrs. Willie John Gallagher returned to the island Tuesday after visiting in Chicago for the past two months.

Mark Cross was a recent visitor to the island.

This reporter is in "Dutch" with Mrs. Lizzie Mooney. Last week, all the credit for being grandparents for the first time went to Mary and Burt McDonough. Lizzie has as much claim to the honor and to little Donna May McCafferty, her first grandchild also.

Mr. and Mrs. James H. Gallagher visited Mel and Frank Gallagher out on their farm Tuesday.

Of interest of all Beaver islanders is the recent announcement of the engagement of Margaret Lynch to Robert K. Gibson, boatswain's mate second class of the U.S. Coast Guard. The nuptial date has been set for Oct. 28. Margaret's home is in Pontiac (but the island claims her) and Robert, whose relatives once operated the Gibson House on the island, hails from our near-by community, Petoskey.

Elston Pischner flew to the mainland Friday with his youngest daughter. The baby was taken to the Charlevoix Hospital.

Mrs. Teddy Wojan flew to Charlevoix Friday to join her husband for a visit to Detroit.

Henry Allen, Ann Arbor, and Olen Wanty, Ypsilanti, arrived late Friday afternoon and spent the week-end on the island. It was Wanty's first visit to the Beavers and he thought it a lovely spot, not a lonely one.

Captain and Mrs. Forest Pratt arrived on the island Sunday. The Pratts have bought the new home Francis Ricksgers has just completed located next to the Post Office.

The members of the Third Order of St. Francis met at the home of Mr. and Mrs. Lawrence Malloy Tuesday evening.

Maybe This is the Year!

A great many people have been saying that—if their luck keeps pace with their dreams—they're going to own a Cadillac one of these years.

If you are among them—and we hope you are—this may be the year. Listen . . .

. . . Cadillac has built a great new car, for 1950, that is just as practical to own as almost any car you would consider buying.

It is the new "Sixty-One"—and it is priced *lower* than the highest-priced models of a number of other cars you would never think of as in the same class with Cadillac.

Furthermore, this new Cadillac will give gasoline mileage which actually approaches that of the lowest-priced popular cars.

Yes—from the standpoint of practicality—you've lost about your last logical reason for waiting any longer to buy a Cadillac.

And, oh, the things that say you *ought* to buy one—right here and now!

There's Cadillac's irresistible beauty—its delightful performance—its world-wide prestige—and its unbelievable endurance and length of life. Truly you'd find every motoring experience enriched and enlivened if you owned this magnificent car.

Better come in today—and find out whether this is the year! We'd be delighted to see you.

Unemployment In Northern Area Starts to Decline

Unemployment in northern Michigan has hit its peak and is now starting on the downward trend, Harvard Smart, head of the Michigan Unemployment Compensation office in Petoskey said Monday.

Annually the peak is about Feb. 1, he said, and this year showed that in Charlevoix county 389 applications for unemployment compensation as against 537 during the same period in 1949

The figures of the first full week in March, 1950, were 368, a sharp decrease over the 1949 figure of 490.

The figures for the three counties served by the Petoskey office follows:

	Charlevoix	Emmet	Otsego	Total
Feb 1950	389	595	92	1076
Feb 1949	537	696	138	1371
Mar 1950	368	513	65	946
Mar 1949	490	586	125	1201

The number of veterans receiving compensation onder the part of the decrease in the number receiving checks in 1950, Mr. Smart said. In 1949, 409 veterans were receiving compensation during the above period as compared to 25 in 1950

Small factories in the north have cut the claim load at the Petoskey office over a period of years, he added.

Fairbanks Selected on All Conference Team

The Northern Michigan Class C All-Conference basketball team, selected by the coaches in the league, placed one Charlevoix player on the first five, another on the second five and a third was given honorable mention.

They are Charles Fairbanks, who was awarded the center berth on the first five for the second year; Bill Wallace who was given forward position on the second five and Bill Barber who received honorable mention.

Fairbanks, as center for the Rayders, was top scorer not only for the Rayders but led the league while Wallace, a forward, was second top scorer for the team and in the recent tournament set a record of 40 points in one game. Barber played the guard position for the Charlevoix team. Fairbanks and Wallace are juniors and will be returning for another season. Barber is a senior.

Elsewhere in the league Boyne City placed two men and East Jordan and Harbor Springs one each on the first five. They are: Don Peck, a forward, and John McGeorge, guard, of Boyne City; Byran Boring, forward, of East Jordan and Mel Johnson, guard, of Harbor Springs.

Others on the second five with Wallace are Frank Shaler, forward of Boyne City; Jim Feldhauser, center of Grayling; Don Karr, East Jurdan and Marty Metzger of Gaylord, guards.

Receiving honorable mention by the coaches are Wes Fleet of Mancelona; Everett Dulfield, Jim Hopkins and Jim Coultes of Gaylord; Bill Saffron and Ted Mason of Boyne City; Keith Emerson of Pellston and Jim Meridith of East Jordan.

At the conference meeting at which the all-conferenee teams were selected officers for the ensuing year were named. They are: president, John Romeli of Gaylord who succeeds Maurice Dixon of Boyne City; vice-president, C. L. Luce of Harbor Springs and secretary-treasurer, Earl Brotherston of Boyne City.

Grayling also announced that their school was leaving the conference after the 1950 football season at which time all their contracts would be fulfilled. The distance of the town from other schools in the league was given as the chief cause for leaving the northern conference. They plan to join the north central league.

Dependent Children, Aged Get $50,000 A Month in County

Old age assistance and aid to dependent children in Charlevoix county is big business.

A glance at the welfare records shows that more than $50,000 was paid to county aged and dependent children last month. This money comes from state and federal funds.

A total of 698 persons received $32,945 in old age assistance payments last month. Aid to 188 dependent children totaled $17,187.20. Fourteen persons in the county who are blind received $763.30 last month.

Bowling Results

Bill Matzingervol the Argonne bowling team captured high point honors last Thursday when he hit the maples for a 225 single game total. Bill Evers and Hap Cunningham were high for the three-game total with 509 each.

The Argonne team rolled the high three-game total of the evening with 2365. The Argonne's 866 for a single game total for the team was also tops

Valuations in City Show Little Change

Valuation of real and personal property totals $3,283,250, an increase of $66,000 from the 1949 figures. Angus Leitch, City superintendent, who also serves as assessor, reported.

The board of review, composed of Arthur Bergeon, George W. Haggard, C. B. Meggison, Mayor Ray Hamilton, Mr. Leitch and City Attorney Norman Ance, met last week for the annual meeting.

Leitch said that the increase in valuation resulted from the completion of six new homes during the last year and now appear on the rolls for the first time.

He added that little if any change was made in commercial or industrial valuations. Few adjustments on residences were reported.

Objections to the assessments were few, Leitch said.

Juniors Rehearse For Annual Play

Rehearsals for the three-act comedy, "A Date with Judy", are being held nightly by the Junior Class of the Charlevoix high school as the production date, March 31, draws near. The comedy, featuring the story of a lovable teen-age girl, will be presented at the high school auditorium on that date under the direction of Miss Holley Johnson.

The production will unfold the story of Judy (Joyce McGhan) who is determined to beat the slacks ofl Tootsie Whiteman by soliciting contributions to the Communily Relief Fund . . . the winner to be queen and lead the grand march at the high school dance.

Soliciting is too slow, however, and with the help of her friend Barbara (Sara Coleman), she enters a raft of contests as a means of raising some quick money. The results are disasterous as she involves her parents (Jim Bowman and Joan Lewis), her precocious kid brother Randolph (Alvin Ranger) and all her family's friends in some hilarious situations.

A beligerent cook (Joan Mathews); a fluffy minx Mitzi (Nita Brumm), Judy's special friend; Oogie (George VerWys), the "man" in Judy's life; a theatrical producer (Dale Stomela) with a case of nerves; a washwoman (Donna Everts) and her snub-nosed daughter (Donna Armstrong) who elocutes; Mrs. Schlutzhammer (Joan McGuire) and Susie (Betty Warner) who is the only one who can take the wind out of Randolph's sails add their bit to this heart-warming and laughable comedy.

The play is written by Alcen Leslie and is being given through special arrangements with the Dramatics Production Co.

Stan Evers Given Assignment in States

Sgt. Stanley A. Evers, son of Mrs. Hazel Evers, Charlevoix, has been relieved of his assignment at Furstenfeldbruck air base in Germany Air Force overseas station and is being returned to the United States of America for further assignment and duty.

Prior to his entry into the service in June 1941, Sgt. Evers attended Charlevoix high school and was employed by the Michigan Bell Telephone Co. He flew 55 combat missions with the 12th Bomb Group during the past war in Egypt, Libya Tunis and Sicily winning the Air Medal with eight Oak Leaf Clusters.

Sgt. Evers has been assigned to Headquarters and Headquarters Squadron, 36th Fighter-Bomber Wing an interval unit of the 2nd Air Division.

Ed Shanahan Heads New School Group; To Meet April 11

Edward Shanahan was elected chairman of the newly-organized Charlevoix Educational group Tuesday night. Miss Frances Milner was named secretary.

The group will serve as an advisory agency to the board of education. All organizations in the community interested in school affairs were represented.

The group has started to study the need for increased school facilities and how the school can better serve the community.

Several plans for increasing the physical setup of the school plant were discussed.

The group will meet again on April 11.

District to Lose Scout Executive

S. D. "Pop" Warner, genial scout executive for the Scenic Trails Council, who is well-known in Charlevoix county for his work with Boy Scouts has resigned his position, effective March 31.

He has served the council for four years as scout executive. During this time, the council, including activities in this county, have witnessed a steady growth. The scout program under the inpetus of the monthly round-tables and outdoor activities, such as the Klondike Derby, has accelerated membership to a point that the council received national recognition for the percentage of gain in boys served.

Mr. Warner has accepted the scout executiveship of the St. Joseph valley council with headquarters at South Bend, Ind. His suceessur is being selected from a feild of 11 qualified men, Dr. K. W. Tinker, council president, said.

Local scout leaders expressed their regret in hearing of Mr. Warner's decision to leave the council, saying that he was a good organizer and leader for the scout movement here.

Belvedere Woman Passes in Indiana

Mrs. Frances Brant Metzger, 80, Belvedere Club resident since 1906, died recently at St. Vincent's Hospital, Indianapolis, Ind., after a long illness. Funeral services were held in Indianapolis with burial in the Crown Hill cemetery.

She was the widow of Albert E. Metzger, one of the founders of the Fletcher Trust Co. She was the first physical education instructor in the Indianapolis schools and was a member of 24 organizations, most of them devoted to charitable causes and to children.

She is survived by two sons, Norman and Alex Metzger; two daughters, Mrs. Fred D. Norris and Mrs. George A. Kuhn; six grandchildren and five great-grandchildren, all of Indianapolis.

Services Held for Ned Durrance in Flint

Funeral services for Edward E. (Ned) Durance, 54, of Flint and a former Charlevoix resident, were held in Flint Thursday with the Rev. Lloyd M. Blakely officiating. Burial was in Sunset Hill cemetery. He died Mar. 13 at Hurley hospital, Flint, where he had been taken a few hours before.

Born in Charlevoix May 14, 1895, he attended the Charlevoix schools where he was an outstanding athlete. Dring World War I he served with Co. H, 337th Infantry, 85th Division and spent eight months in France. He was married to Jennie Carey in Charlevoix Dec. 27, 1917, and in August 1919 they moved to Flint. He was employed at the Buick plant for seven years and for 23 years was a clerk in the main postoffice at Flint, first as a dispatcher and then as stamp clerk.

He is survived by his widow; a sun, Donald; two daughters, Mrs. Merle Miller and Mrs. Dale Case, all of Flint; his father, Jone Durance of Charlevoix; a sister, Mrs. Irving LaRue of Detroit and three grandchildren.

Congregators Hear Panel Talk On Values of Children's Fund

Members of the Congregators club were given a first hand account of the Children's Fund of Michigan, formerly known as the Couzens fund, at their meeting Thursday night.

The panel discussion featured Dr. A. F. Litzenhurger, district health director, Dr. C. O. Whitten of the Couzens fund, Dr. Gerald Gibbons and Dr. Fred W. Young, local dentists.

It was explained that this community benefits annually at about $30,000 from an outlay of $8,000. The larger figure is computed on the basis of what the work performed by the clinic would normally cost by dentists in private practice.

• • •

THE CHILDREN'S FUND in no way conflicts with the desires, interests or practices of local dentists, it was pointed out. Actually, it performs a valuable supplemental service to community members.

Dr. Litzenburger discussed the functions of the fund, saying that it will be necessary for the community in about four years to assume the responsibility of the fund. The late Senator Couzens specified in his will that the fund would be consumed in 25 years.

Dr. Gibbons outlined the need for legislatiun or control to insure that producers and processors of food provide and keep in the food those elements and minerals which are essential to robust health and sound teeth.

Dr. Young deplored the ever-easy access of sugar to children. He stated that sugar fosters the growth of bacteria that produces tooth decay. Children should, he said, be trained and directed to look to nuts, fruits and popcorn for the between meal snack rather than candy, cookies, pop and gum.

• • •

Dr. Whitten deplored the condition of Charlevoix children's teeth, pointing out that of the 250 children he has examined since February 8, he found only two who did not need dental care. Since that time he has filled 254 teeth and extracted 219. A large number of the teeth extracted, he said, were six year molars which had been destroyed because they had become infected from neglected baby teeth.

The meeting was preceded by a short movie on dental care. The program concluded with a question-answer period.

County Residents Urged to Raise Trees

The board of directors of the Charlevoix Soil Conservation District at their last regular meeting discussed the advisability of local folks in Charlevoix county raising their own trees. There is a shortage of trees that can be obtained for planting. It may be many years before enough trees will be made available.

The board of directors with the assistance of Ed Rebman, county agricultural agent and secretary of the board, E. B. Watkins, farm planner and Guy Springer from the soil conservation service have been giving serious thought to this problem.

K. C. Festerliog, 4-H Club agent and Richard Schroeder, Smith-Hughes teacher also met with the board. One of the projects discussed was that 4-H and FFA members plant a 3 foot by 4 foot plot with seeds and raise some pine trees. If this project is decided upon, the board of directors of the Soil District will sponsor the program.

George Klooster and Clayton Healey were the two directors who attended a work shop meeting at Higgins Lake last week. Many important items such as carrying out an edueational program, financing and doing a better job on soil and water conservation were stressed. The program for 1950 will be large, as more than 125 applications have been received by the Secretary for assistance in this program.

It's easier to laugh at misfortune when it misses you.

Former Nurse's Aide At Hospital Dies

Ann Wilson, 41, former nurses aid at the Charlevoix Hospital, died early last Thursday at the University Hospital, Ann Arbor, where she had been a patient for three weeks. She had been in failing health for several months.

Funeral services were held at the Stackus Funeral Home, Boyne City Sunday with the Rev. H. C. Alexander, officiating. Burial was in Maple Lawn cemetery.

Born in Antrim county, Ireland, Feb. 6, 1909, she came to Eveline township, Charlevoix county, at the age of one year. She graduated from the Boyne City high school and later resided in Muskegon and other southern Michigan cities. She returned here about 1937 and for ten years was nurse's aide at the Charlevoix Hospital leaving the position in Oct. 1948.

She is survived by her mother, Mrs. Lyle Wilson, and a nephew, Lyle, of Eveline township; and several uncles.

Howls of Laughter Greet Annual St. Patrick's Show on Island

Beaver Island—Beaver Islanders turned out en masse Sunday evening to attend the St. Patrick's performance at the "Killarney Klub.

The ushers seated the guests at tables arranged in horse shoe fashion from the stage. Green tapers centered each table and "Erin GoBragh" in tall green letters stretched across the front of the "Klub".

The program opened with Margaret Greene and Walter McCauley giving an exhibition ball room dance. To the tune of School Days, the curtain opened for the one act comedy, "The Little Red School House". The school marm was none other than Frank Nackerman. The pupils who gave the teacher a bad time were: Lloyd McDonough, Mrs. Frank Nackerman, Elston Paschner, Mrs. Lawrence McDonough, Lawrence McDonough, Mrs. Sophia McDonough, Mrs. Teddy Wojan, Buster Elms, Mrs. Margaret Hanley and Mrs. James W. Gallagher. Mrs. Ethel McCann and Burt McDonough played the parents of one of the unruly pupils.

A repeat performance of "Daddy's Brown Derby" from last year's show was given by Mrs. Teddy Wujan, Johnny Andy Gallagher and two little tots who stole the act, Colleen Nackerman and Alvin LaFreniere.

A one act drama in pantomime "The Light Housekeeper's Daughter" was next on the program. Mrs. Fred Spalding read the narative while Burt McDonough, Lawrence McDonough, Ethel McCann, Margaret Hanley and Johnny Andy Gallagher acted the parts.

Dance of the Midgets

The Dance of the Midgets was played by Archie LaFreniere and Mrs. Teddy Wojan.

In the mock wedding Archie LaFreniere took the part of the bride and Burt McDonough the groom. In the wedding party were Eva McDonough, Lawrence McDonough and Mary Margaret Wojan. Buster Elms was the marrying parson. The wedding guests were a bunch of ridiculously dressed characters. The singing and dancing in this act had the audience in an uproar.

The Old Photograph Album put a real touch of beauty to the program and a little rib-tickling, too. Living models posed in the frame of a hugh album as Mary Elizabeth Gallagher turned the pages. Mrs. Spalding, seated by a lamp with an old album, told a reminiscent story of each photograph as the pages turned.

City Has Radio Noise Locator, Call 75 for Aid

Here's good news for countless residents who complain they cannot get good radio reception in Charlevoix.

Residents who are bothered with what they beleive to be radio interference are asked to Phone 75, city superintendent's office.

Calls will be listed and men with the new radio noise locator which the city is using will be sent to the residences in an effort to trace the cause of the noise.

Hal Hill said the noise locator will be made available this week and for the next several weeks in an effort to obtain better reception for the residents.

This project is similar to that started in Petoskey several weeks agu in response to a city campaign to obtain better reception and determine what causes poor reception.

Drive Enters Final Week

The Red Cross drive to raise $3,500 in Charlevoix county enters its final week with only about one-third of its goal subscribed.

While reports are not complete on solicitation in the county, it is expected that the drive will fall short of realizing its goal. Ralph Hamiltun, county chairman, exhorted all workers to make a final effort in the final days of the campaign to complete their solicitation.

In Charlevoix about $500 has been raised, less than half of what was assigned to the city group. Reports were few from East Jordan and several other communities.

At Boyne City, Helen Fields reported that $200 had been collected from organizations and lannery workers. Several other Boyne City leaders said they expect to reach their goal before the month is over.

Although solicitation has not been completed in Charlevoix, reports from workers in the valley indicated that contributions in that area have been generous for the most part.

Burial Tuesday for William Russell, 68

Funeral services for William Russell, 68, who died Sunday at Traverse City, were held at the See Funeral Home Tuesday with the Rev. Gaylord Howell officiating. Burial was in the Brookside cemetery.

Born in Canada in Aug. 1881, he came to Charlevoix with his family at the age of ten years. He was a stone-mason by trade.

He is survived by three brothers, Millard of Grand Rapids and Milton and Robert of Charlevoix and two sisters, Mrs. Victor Douglas of Detroit and Mrs. Nell Meech of this city.

To Change Site For Center of Eel Research

The center of the lamprey eel research, scheduled for Charlevoix several months ago, will be shifted to a Lake Huron port, it was learned Tuesday.

While city officials have not received definite word, a press release from Ann Arbor quoted Dr. James W. Moffett, chief of the department's Great Lakes fishery investigation, as saying that the headquarters was being moved to another site.

Rep. Charles Potter, whom the Courier attempted to contact in Washington, to verify this report was not available for comment. Dr. Moffett was in Grand Rapids but could not be reached by phone.

Dr. Moffett listed four reasons for the change: limited pond and raceway facilities at Charlevoix, presence of a public bathing beach near the hatchery, possible interference with fish production at the hatchery and the need for locating nearer streams containing more important experimental installations.

Moffett was also quoted as saying that plans for work at Charlevoix have not been entirely abandoned.

S. E. Coleman of the Board of Commerce said he would withhold comment on the matter until informed officially by Mr. Potter or the fishery department.

Farmers Receiving New Census Forms

Between March 23 and March 27, copies of the 1950 Census of Agriculture questionnaire will be placed in the mailboxes of all farmers in Charlevoix county, Donald P. Watkins, census district supervisor, said today. Farmers are requested by the Census Bureau, U.S. Department of Commerce, to fill in the questionnaires in time to have them ready to give the Census takers who will call on and after April 1 to take the Censuses of Population and Housing and to collect the Census of Agriculture reports.

Distribution of the agriculture questionnaires is being made in advance of the Census enumerators visit to afford farmers time to consult their records for information about their farms and farm production during the year 1949, Mr. Watkins said. This method, he pointed out, will save time for both the farm operator and the Census enumerator.

The system of self enumeration by farmers is being employed by the Census Bureau for use in 41 States. Self enumeration will not be employed in the seven Southern States of Alabama, Georgia Louisiana, Mississippi, North Carolina, South Carolina, and part of Arkansas, because of complexities presented by tenent and landlord farm operations in those States.

All farmers in this county should receive the questionnaire by March 27, allowing them about a week in which to fill the answers to questions before Census takers start their rounds on April 1st.

Attend Study Program

Supt. of Schools Roy E. Bennett and Mrs. Walter Bergeon, Charlevoix county superintendent of schools, were in Mt. Pleasant Wednesday where they attended an Area Study program which was attended by school officials from the north central section of the state.

Senator Smith Would Add Strength to GOP Ticket

The name of State Sen. Colin Smith of Big Rapids is fast becoming the sign of aggressive Republicanism in Michigan.

As chairman of the state investigating committee on welfare practices, he has made quite a name for himself by ferreting out the dishonest welfare practices so characteristic of several southern Michigan counties, particularly populous Wayne county.

His work in calling a halt to practices which have resulted in the multiplying of welfare costs in Wayne county has won him praise of welfare authorities as well as ordinary citizens who hate to see welfare cheaters live off the fat of the land.

In his 10 years of being a member of the state legislature, he has done an outstanding job in representing the state of Michigan instead of merely protecting the rights of Mecosta county in which he lives.

Modest, unassuming he may not have the color of a Sigler or present governor. But he knows government at first hand and applies good common sense to every legislative job with which he has to deal.

In the capital, he is termed an outstanding legislator who will bear watching in the future.

We agree with that wholcheartedly. From a long friendship, we know he is a good public servant.

While much attention is being given to the gubernatorial race in which at least five men have indicated a willingness to run, it is time that the state GOP begin looking around for the rest of the state ticket.

Senator Smith, an attorney, it seems to us would be a natural for attorney general. His knowledge of the law as well as legislative practices would be an asset to any state administration.

County Roads Suffer for Lack of Funds

It's a crying shame that, because of inadequate county road finance, federal aid secondary road money, amounting to more than $3,000,000 may be lost to Michigan counties . . . all because the county units are not able to match the federal allotments.

The loss of this money means a still greater cost in maintenance, already unavoidably high. Could this money be matched and the resulting $6,000,000 worth of improvements be made, the roads so improved would require considerably lower maintenance costs.

The logical approach to the problem would be to increase the taxes upon the users of the highways, chiefly trucks and commercial carriers. A gasoline tax boost would also mean that all who drive would be standing the cost of better roads, or so it seems.

Actually, an increase in gasoline tax in neighboring states has not meant an increase in the price of gasoline. Michigan's tax of three cents is one of the lowest in the nation. It would not mean reduced travel, authorities point out.

Starting in 1946, the petroleum industry boosted the cost of gas in Michigan nearly seven cents a gallon. In 1946, net gallons of gasoline taxed amounted to 1,193,895,546 gallons. In 1949, the gallonage increased to 300,000,000 more than in 1946. This proves that the large increase in gasoline prices did not result in fewer persons driving.

The increase in gasoline prices has resulted in $244,877,000 more to the petroleum industry. Gasoline prices in Michigan are more than two cents higher than in neighboring states who have a higher gas tax. How come?

It's because the petroleum industry spreads the price of gasoline over a large area of states. A government survey showed that states which had low gas taxes such as Michigan had gas prices boosted much more than such states as Florida, Tennessee, Kentucky, and Louisiana.

It would seem that Michigan is paying for better roads in other states. Sixty per cent of the states have a five cent gas tax.

We are firmly against most tax increases. But to northern Michigan counties such as Charlevoix, good roads means more tourists and resorters. And that means money in our county and community.

Voice of Our Readers . . .

March 19

Dear Editor:

Regarding article in this weeks "Courier" about dogs eating food put out for birds.

Very commendable of our friends and neighbors to feed the birds.

We all do . . . don't we?

We placed a feeding trough in a tree in our back yard, not to high to reach in filling, just high enough to keep dogs from reaching it.

Let's tell our friends about it, for it is impossible to keep a dog at home constantly, as surely all animal lovers understand.

Regardless of how well fed our dogs are, scraps in a neighbors yard are too enticing to pass up.

Dogs are intelligent but surely no one would expect any dog to discriminate between what is meant for him and what is meant for our feathered friends.

Signed

Subscriber" and owner of a bird and a dog.

Dear Sir;

We have just received this weeks Charlevoix paper and would like to comment on the article concerning the Charlevoix and Boyne City game last Saturday at Petoskey.

We wish they would award some sort of medal for unsportsmanlike conduct, I'm sure the Courier could have easily won it and then they wouldn't have gone home empty-handed. The reason I say the Courier is because I don't think that the City of Charlevoix as a whole feels the way you do about it.

You state in your article that officiating robbed Charlevoix and that the best team did not win. Maybe the best team didn't win the tournament but if Charlevoix had won, then the best team still wouldn't have won. Let us remind you that earlier in the season Charlevoix finally beat Boyne in an over-time after Boyne had lead them by nine points at the half and had lost 2 men on fouls in the second half. Later in the season, Boyne beat Charlevoix 57 to 41 after being behind by 4 points at the half. What was the matter at this game, was it officiating or did you have some other excuse. In last Saturdays game at Petoskey, Boyne was leading Charlevoix by the score of 37 to 31 with 2 minutes to play when they started stalling which was smart basketball. It was perhaps a good thing that Boyne did start stalling or they would have beat Charlevoix by more than 2 points.

We would like to compliment Charles Fairbanks of Charlevoix for his sportsmanship during and after the game Saturday night. We think he is a fine boy and one of the finest basketball players we have ever seen in this part of Michigan.

You do have our sympathy though because its too bad that a great team like Charlevoix had to fool around with the yokels around here in District and Regional tournaments. They should go directly into the State tournament every year.

Sincerely,
Lyle D. Green
Stanley VanHoesen

P.S. If you like to, you can print this in your paper **next week** (We don't think you dare.)

Announce Engagement

Mr. and Mrs. Victor Douglas, of 366 W. Forrest ave., Detroit, former Charlevoix residents, announce the engagement and approaching marriage of their daughter, Hilda Ann, to Benjamin Beach, E.M.T.1. 3/c, U.S. Coast Guard, son of Mr. and Mrs. Benjamin Beach Sr. of Wilmington, Del. The wedding will be an event of early April.

ODDS 'N ENDS

By Fran Martin

We've heard of lots of good reasons for postponing a trip but here's one sent from Daytona Beach by Mrs. Frank Courier and Mrs. Harvey Campbell, which tops them all.

Seems the Joe Moores, who have been wintering at Port Orange, began to think of home and started to make plans for the trip north. First thing they looked over the trailer to make ready for the trek. Imagine their surprise to find the bantam chickens belonging to their hosts, the Guy Moores, had built nests against the wheels of the trailer and were setting on eggs in said nests. So, instead of the liesurely trip home the Moores are staying until the proud but miniature mothers "come off" with 18 little banties.

Incidently, the Guy Moores are former Charlevoix residents and Mrs. Moore is the former Eva Thompson, daughter of the late Captain Thompson.

A card from Rose and Tekla Greensfelder, well-known summer residents of Chicago, telling us they're in sunny California and enjoying every minute of it. Cpl. Cliff Lagerman, whose been stationed at Hamilton Field, N. Y., was transferred to San Antonio, Tex., recently. Noticed where the Michigan Amateur Golf Tournament will be held at Gull Lake near Kazoo this year.

One hears the name of Secretary of State Dean Acheson often these days but did you know that Mrs. Acheson, the former Alice Stanley, was born in Charlevoix, at her family's cottage on the Belvedere Club. Her sister, Mrs. Robert Frantz still summers here.

Those upper peninsula basketball teams did alright by themselves taking home two state championships. Ishpeming pulled two upsets and captured Class B while Brimley took over Class D. Gladstone dropped out after a defeat by the Class C champs. East Grand Rapids. What with basketball over, what will be the chief topic of conversation.

Guess what! Flying saucers have arrived in this section of Michigan. One said saucer, or a reasonable facsimile thereof, put in an appearance shortly after noon Saturday, was seen by residents at Ironton, Boyne City and Petoskey as well as Charlevoix. What is a flying saucer? We'd like to know too.

A note from Mrs. Jack Hawley, the former Jeanne Englehart, who's now a ranchers wife at Florissant, Colo. She enclosed a picture story on the Stan Dashews which appeared in a recent issue of the Denver Post. In one of the pix was Capt Sutton who spent a great deal of time here preparing the schooner Constellation for the 'dream cruise'.

Belated birthday greetings to Mayor Ray Hamilton who celebrated his birthday anniversary last week with a gathering of friends and relatives. Along with Mrs. Hamilton were his mother, Mrs. Dora Hamilton, his son and daughter-in-law, Mr. and Mrs. Robert Hamilton, Mrs. Oakley Hammond, Mr. and Mrs. Albert Cook and Rev. Jackson Turner. And greetings, too, to another whose birthday fell on St. Patrick's Day, John Schroeder.

A letter from Mrs. V. Y. Tuttle in Sparta to friends here reports that her mother, Mrs. B. L. (Etta) Harington, is in very poor health since suffering a recent heart attack . . . Our deepest sympathy to the family of Ann Wilson, former aide at the Charlevoix Hospital, who passed away last week at the University Hospital. Her fine Irish wit and sense of humor along with her love of her work endeared her to many during her more then ten years on the hospital staff.

The Charlevoix fire department had quite a work-out Monday morning. The first call came from the Larry Swensons on Petoskey ave. where a fireplace chimney was burning out. While Chief Charlie Marshall and his volunteer firemen were caring for that one the fire whistle blew the second time. The little old truck went out to answer a call at the residence of Mrs. Esther Radle where another chimney was burning out. Volunteers were coming from every direction but luckily neither fire was serious.

Incidently, Mrs. Swenson collects antiques and in the excitement small ones were swept up from their place near the fireplace. She's still looking for some of them.

'Tis spring, says the calendar, but the only signs we've seen are a few crows and a lot of puddles . . . Bob Carey, home from Michigan State, is vacationing by splashing paint with his father, Leo Carey, at Charlie Bleha's new store . . . And if you haven't received your Girl Scout cookies from your favorite scout, please be patient. The first batch of 708 boxes was sold out and the second order isn't here yet. Looks like a record sale for the girls and the cookies are good too.

P.S. The flying saucer seen Saturday turned out to be an experimental balloon from Minneapolis. They say it was traveling 90 miles per hour at 80,000 feet. What is flying coming to? And incidently, there's a reward for the instruments which were supposed to have been dumped via parachute from the balloon in this area.

Geik Louis Geiken was christened at St. Mary's church Sunday in the presence of his parents, Mr. and Mrs. Cornelious Geiken with Mrs. Ada Golden and her son, Bill, serving as god-parents by proxy for Mr. and Mrs. Louis Orlowski of Detroit. The baby was dressed in a long christening dress and petticoat worn by his grandmother, Mrs. Louis Orlowski, some seventy years ago. The garments were made by her grandmother.

Heinz Pickles Close District Office Here

The H. J. Heinz Co., office in Charlevoix, district headquarters for stations in Emmet, Antrim, Cheboygan, Otsego and Charlevoix, will close March 31.

Howard Brumm, district manager, said the company is not seeking pickle acreage in this section of Michigan this year, chiefly because the company is reducing pickle acreage in general.

Mr. Brumm who has been with the Heinz company since 1928, moves to Holland, effective April 1. His family will remain here until after the end of the school year.

The couple are both members of the United States Army and are stationed at Fort Benning, Georgia.

Mixed Chorus Wins 2nd Division Rating

The Charlevoix high school mixed chorus received in second division rating at the annual Michigan School Vocal association qualifying festival at Petoskey Saturday. It was the first time the Charlevoix group, which was organized only last fall, had participated in a festival. C. A. Odmark is their director.

The chorus was one of thirteen such groups which took part in the one-day event along with 24 soloist and ensembles. W. R. McIntire of Lansing Eastern high school was the adjudicator for the festival. Among his comments were these: the group showed good training as well as good rhythm, interpretation and accuracy. He also made several constructive criticisms on how the chorus could be improved.

Mr. Odmark stated he was very pleased with the group since this was only their second public appearance since it was organized last fall.

Episcopal Guild Fetes Mrs. Thomas Carey

Members of the Womens Guild of the Episcopal Church met Tuesday evening at the home of Mrs. Leland Barker, to honor Mrs. Thomas Carey.

The engagement of Mary Mello to Frank H. Martin, seaman, third class U. S. Navy, son of Mrs. John Martin of this city, has been announced by her parents, Mr. and Mrs. Ernest R. Mello, of Melville, R. I.

No date has been set for the wedding.

Practical Nurse Class Opens May 2

A visitor to the North Central School for Practical Nurse Education expressed amazement in the variety of subjects covered by the Practical Nursing group, such as communicable deseases, child care and personal health. This was when she began to realize the importance of the new line of work in adult education for both men and women.

Michigan is a recognized leader in this field and so far has established 8 schools in the state. Traverse City is only one of the schools and recruits students from 28 counties in the Northern Central part of the state.

The next class will open on May 2, 1950, and anyone interested in further information is advised to contact Miss Elizabeth R. Vickers, R. N. Director, North Central Sshool for Practical Nurse Education, Traverse City High School, Traverse City, Michigan, or telephone her at 2977.

Island Howls at St. Patrick's Play

(Continued from page 1)

the program, a group of Colleens and Lads tripped on in an Irish jig. The Five Echoes of Erin, Frank Nackerman, Johnny A. Gallagher, Archie LaFreniere, Jewell Gillespie and Baxter Elms gave out with some of the best singing heard on the island in many a day. The Rose of Tralee, Irish Eyes Are Smiling and Clancy Lowered the Boom were their numbers.

As a concluding number, Carolyn Miller and Mary Catherine Hanley in green and gold majorette costumes, performed with several baton twirling routines to the tune of MacNamara's Band. They lead the grand march after the show.

During intermission and throughout the entertainment, Mrs. Walter Wojan alternating with Father Giles at the piano and Fred Spalding with his violin furnished the music. Father Giles directed the Five Echoes of Erin.

The entire performance was under the direction of Mrs. Fred Spalding.

More Doctors

Lansing—"The problem of getting enough doctors, especially for rural Michigan, is a problem of building additions to medical schools at the University of Michigan and Wayne University," Governor G. Mennen Williams told the state this week, in announcing his proposed 1950-51 state capital outlay budget of almost $28,000,000.

1000 Tested Dairy Cows "Left Home"

First dairymen whos herds are not on tests know why they take some cows out of their dairy herd. Dairymen who do have their herds tested also know why their cows leave home. However, most cows are removed from herds that are on test because of low production while more cows are removed from herds that are not on test because of disease.

Almost one half of the cows that left herds during 1049 as reported by dairy herd improvement reports covering 44,501 cows was for the reason of low production. A total of 1,006 cows were removed and of this number 4,372 were low producers as their owners did not feel they were paying their way. About 17 per cent of the cows removed were sold for dairy purposes. Udder trouble accounts for 11 per cent and sterility 0 per cent. The balance were for various other reasons.

The Charlevoix-Antrim Dairy Herd Improvement association represents one of the associations included in the above report for 1940. This association now has 33 members and more would like to join. The cost is very nominal when compared with the benefits derived. One cow that you have to keep will take care of the profits of several cows that keep you. For further information in regard to the Dairy Herd Improvement association, contact Ed Rebman, county agricultural agent, or Don Graham, tester.

Must Remove Shanty When Ice Is Unsafe

Winter angler has no 30-day grace period in which to remove his shanty after the season end, the conservation department warns.

Under the law this year, the fisherman is obligated to remove his shanty as soon as the ice becomes unsafe. Local conservation officers are reminding ice fishermen that enforcement will be strictest.

Any person who lost his little house in the on and off winter freeze and failed to retrieve it, now is violating the law.

Buy In Charlevoix

Sure-Fire

Courier Want-Ads resulted in another quick sale last week—this time for Elmer Crain of 404 W. Hurlbut, who advertised the sale of a working head pump and one-half horse motor among other things.

He sold the items early Thursday, only a few hours after the Courier was delivered. In fact he could have sold the items at least 12 times, he said. Several people called him over the week end to inquire about the items.

If you have something you want to buy or sell, Courier Want-Ads are your sure-fire means of getting results.

County Leaders In 4-H Activity Form New Group

Twenty-two 4-H Club leaders of Charlevoix county met Thursday, March 16 and formed the Charlevoix County Leaders club. The meeting was held in the hot lunch room of the Charlevoix High School. The group plans to be active in promoting leaders education and the club program in general.

Mrs. R. V. Liskum, Route 3 East Jordan, was elected chairman K. C. Festerling District Club agent, vice chairman and Mrs. Floyd McCracken, secretary. The group plans to meet monthly, the next meeting to be held on April 20 at Ironlon.

The group discussed county, state and national contests, county 4-H camps, and Gaylord 4-H camps. A dress review committee was appointed by the chair to take care of that part of the program on Achievement Day, Charlevoix, April 26. Mrs. Peggy Greiner Route 2, Charlevoix; Mrs. Floyd McCracken, Route 2, Charlevoix; and Joan Brumm, Charlevoix, make this committee.

Directors at large who will serve with the executive committee of this organization were elected by the group. They are Peggy Greiner, Archie Murphy, Route 3, East Jordan; and William Parsons, Route 1, Charlevoix

Farm Topics

By ED REBMAN

Many folks in Charlevoix county are already asking the extension office about this year's grass days. Eight local communities working with county agricultural agents are making plans for Michigan's 1956 grass days. Continued interest in 4-H Club production, harvesting and utilization on the part of farmers caused these educational events to be planned for the third consecutive year.

The program for this area will be held in Otsego county at the Tom Milbocker farm, two miles south of Johannesburg on Friday, June 23. The general program will be somewhat similar to last year's. Tours to demonstrations areas will be held in the morning. A brief speaking program will be held after lunch to be followed by seeding and forage machinery demonstrations.

Heating Milkhouse

Several milkhouses in Michigan are being heated by using the "heat pump" principale. A lot of questions have been directed at Michigan State College Agricultural engineers on the subject.

Bob Maddex, extensoin engineer for the college, explains how it works. The basis is your refrigerated milk cooler. In the refrigeration cycle a liquld that will evaporate at low temperature is used. It is evaporated to a gas by absorbing the heat from inside the cooler. Then the gas is pumped to an area outside the cooler and compressed into a liquid again. In this process it must give off the heat which it absorbed inside the cooler. So what it amounts to is that the refrigeration cycle absorbs heat inside the cooler, then gives it off outside the cooler to heat the milkhouse.

The heat that is released from cooling the milk is used. Then additional water from the farm well is run through the cooler. Heat is taken from this water too and discharged into the milkhouse. You might think well water would be so cold, especially in winter, that it wouldn't give off much heat. However, the average temperature of well water in Michigan is between 50 and 55 degrees. If it is cooled down to 38 degrees it will deliver a good many heat units to the milkhouse by way of the refrigeration cycle.

Maddex says that milk cooler doesn't have to work any harder in winter to handle the extra water and furnish heat to the milkhouse than it does in summer just to cool the milk. Very little equipment is needed to convert the cooler for heating. If you have an insulated milkhouse and don't want to keep the temperature too high, you might consider this method of heating.

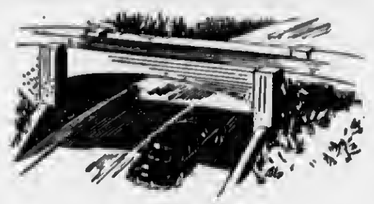
AMERICAN BANKING IN ACTION



FINANCING 1950 CARS

The great travel factor in the lives of twentieth century Americans has been the automobile. More than twenty-four million American families have automobiles, and roughly two million families own more than one car. As usual, bank credit has helped to finance the manufacture of the new 1950 automobiles. It will also continue to help purchasers to finance the cost of their new cars. Before you buy a car, come in and arrange a low-cost bank auto loan here with us.

Ellsworth Woman Passes in Hospital

Ellsworth—Funeral services were held at Central Lake Methodist church Monday afternoon for Mrs. Frances May Swain, 79, who died Friday at Charlevoix hospital, after a short illness.

About 10 days previous, she suffered a fractured hip. She was born May 27, 1870 at Angola, Ind. and was married to Mathew Swain in December, 1888 at Cadillac. Mr. Swain died in January, 1928. Since then she has made her home with her daughter, Mrs. Flossie Sommerville of Ellsworth and other children.

Survivors besides Mrs. Sommerville are a daughter, Ruth Spence of Lansing; two sons, Arthur Swain of Davison and Henry of Lansing; 36 grandchildren and 32 great-grandchildren. Burial was in Densmore cemetery Central Lake.

Just about the time Aunt Ada cures Uncle Eph of swearing, it's time to make out another income tax report.

Concert at Ellsworth Draws Good Crowd

Ellsworth—Despite very stormy weather which at times assumed the proportions of a blizzard Friday, attendance at the concert given by the Northern Michigan High school chorus, McBain, was very good that evening at Ellsworth Christian Reformed church.

The audience enjoyed an evening of fine music and singing. The performance of the group indicated very good training and much time spent in practice. Three groups of three songs each were sung by the 44 voice a cappella choir, which included anthems, negro spirituals and one Russian number.

Honored at College

James Roberts, Charlevoix junior at Central Michigan College, has been elected vice-president of Sigma Tau Gamma, national social fraternity on campus. Roberts is a graduate of Charlevoix High and is the son of Mrs. Bertha Roberts, Route 1, Charlevoix.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

A mad Irishman could not have displayed more temper than the east wind on St. Patrick's Day. Snow accompanied the wind and "wild" was the word to describe the day. Not until late in the day did the wind subside.

Due to the weather and illness of one of the principal entertainers, the St. Patrick's Day program was postponed until Sunday evening.

Arthritis has been giving Fred Spalding a hard time for the past month or more, but the old Misery was ebbing. When the east wind whipped up the elements on St. Patrick's Day, Freds misery increased and made it impossible for him to perform. Sunday evening he was on the job with his violin and gave a good performance despite the handicap.

Martha Miller's flying fingers designed and made several costumes for the show. Especially outstanding were the two green satin majorette costumes worn by Carolyn Miller and Mary Catherine Hanley.

In the photograph album, Buster Elms posed in a ladies, swimming suit of the 1915 era. You can imagine the audience reaction!

Elston Pischner as "Pa" in the mock wedding did a fine pinch-hitting job for Fred Spalding.

Complements were flying in all directions after the show. It was 2½ hours of grand entertainment.

Mrs. Teddy Wojan returned Tuesday from Detroit.

Carl Left, who has been a patient in the Marine Hospital, Chicago, has returned to the island.

Mr. and Mrs. Forrest Pratt are the guests of Mrs. Grace Cole.

The steady cold weather has closed up all the gaps between the ice floes. The ice is solid between the island and the mainland. It's going to take a heap of warmth and sunshine to make an impression on the ice this spring. It's thick, according to the fishermen who have their shanties out beyond the point.

Gene Burke and Topper McDonough spent last week batching together out at Mrs. Mary Vesti's home on Sand Bay. They hunted for coyotes with no luck.

Word was received during the week that Bernard McCafferty fell from a building he was repairing onto concrete and broke both feet. Not a very good present to receive after just becoming a daddy. He will be in the South Shore Hospital for at least a month and will not be able to return to work for six or seven months.

Buddy McDonough arrived Thursday afternoon to spend a short vacation with his parents, Mr. and Mrs. Lloyd McDonough. Buddy is employed in Grand Rapids.

Erwin Belfy, Charlevoix, is visiting his daughter and son-in-law, Mr. and Mrs. Vernon LaFreniere.

A baby daughter arrived early Wednesday morning at the home of Mr. and Mrs. Bob McDonough. This is Charlotte's and Bob's third daughter.

Lawrence Malloy represented the island at the Beaver Island party in Chicago. We'll be anxious to hear an account of the party which is like one big family reunion.

Mr. and Mrs. Joe McPhillips came over for the St. Patrick's show. They were the guests of Mr. and Mrs. James H. Gallagher.

Alfred Ricksgers arrived Sunday in time to see the show.

Guest Pastor

Rev. H. Hammon of Ironton will speak at the morning and evening services of the Church of God Sunday. Rev. W. D. Wood will be at Kalamazoo for a series of religious services. A movie "Beyond Our Own" will be shown after the evening service.

Michigan Mirror

Non-Partisan News Letter

By Gene Alleman
Lansing Observer for
Michigan Press Association

The Michigan state legislature met at Lansing last Wednesday for a special session as called by Governor G. Mennen Williams.

The Governor's office is proceeding on the principal, as laid down by several Supreme Court decisions and by advice of the Attorney General, that the Governor himself must define the subject matter as to new legislation which legislators may consider in special session.

Accordingly, the lineup to date presents an interesting situation. Governor Williams is advocating again the State Corporations Profit Tax as a new source of revenue needed to avoid a deficit in the State Treasury, while Republican legislative leaders will probably seek to minimize a fiscal deficit by possible reductions in legislative appropriations for state aid and other functions.

As state spending is usually popular with minority pressure groups which have an axe to grind, the Republican legislators are apt to be on the defensive if they adhere to previous declarations for economy.

The potentials for political campaign issues are numerous.

For example, Governor Williams has sought to put the legislature on the defensive as to additional funds needed for highway purposes. The Governor is asking the legislature to appropriate $18.5 million to be used for matching purposes in building new roads in cooperation with the Federal government. While not permitting the legislature to consider revision of the gasoline or weight tax levy, which heretofore have been used to finance highway construction, he favors inclusion of this additional state aid in revenues to be derived from a levy on corporation incomes.

By advocating the program of the Michigan Good Roads Federation, the Governor is credited with a smart political move designed to put legisators more on the defensive. In fact, it is more than obvious that the Williams strategy steadily has been to accomplish just that . . . by maintaining a political offensive to embarrass his critics.

To date, it has been the accepted policy in Michigan to finance highway needs frnm revenues paid by highway users. The Governor would go beyond this point by using the general fund in part to finance needed construction in cities, villages and townships as well as state routes outside of municipalities. .

The Governor has included in the legislative call a proposal for aid to Michigan wine makers. He would change the law whereby wine makers could produce stronger wines in competition with other states such as California.

Another subject matter before the legislature is a proposal by the Governor to enable counties and townships to utilize Federal housing machinery. The Governor has also proposed special zoning authority around airports designed to prevent hazards.

Indications at Lansing were that the Governor would also recommend revision of the Michigan Unemployment Compensation Act along lines of his message in 1949. At that time he favored minimum of $30 a week and maximum of $42 a week, the latter depended upon dependents for unemployed workers covered by the Unemployment Compensation Act. The legislature agreed upon a minimum of $24 and maximum of $32.

The Governor is known to favor an extension of the time for worker benefits, as well as a change whereby workers are disqualified from jobless payments under certain conditions.

Revision of the State Sales Tax, currently a subject of considerable controversy, is not likely to come before the legislature as the Governor has consistently opposed consumer taxes. The Governor has been assured by legal advisors that such could not be acted upon by the legislature unless authorized by the Governor.

Thus revision of the State Sales Tax is likely to be held over until 1951.

As 1950 is a Michigan campaign year, the proceedings at Lansing will bear close watching.

Old Age Grants In County Increase To All-Time High

Old age assistance grants in Charlevoix county stand at an all time high, the county Bureau of Social Aid records disclosed.

A total of 697 persons in the county during February received grants, averaging $51.26 each. It was also reported that there are 191 children in the county receiving dependent aid. Sixteen blind persons also are being given aid.

The total payments to the aged, dependent children and the blind during February amounted to $53,424 with old age assistance accounting for $35,542, aid to dependent children getting $17,091 and the blind, $790,30.

The breakdown of tbe caseload shows that there are 220 aged and 80 children in Boyne City receving monthly grants, t52 aged and 30 children in Charlevoix getting monthly checks, t40 aged and 35 children in East Jordan and 35 aged and nine children on Beaver Island receiving aid.

Contrary to popular belief, the county pays none of costs for the aged, dependent children or blind. This money comes from state and federal funds.

Annual Red Cross Drive Nears $2,000

Numerous reports on the progress of the annual Red Cross drive in Charlevoix county indicated late yesterday that contributions are nearing the $2,000 mark. The county goal is $3,500.

County Chairman Ralph Hamilton said he had received several letters and telephone calls to the effect that a number of residents had not been given opportunity, to contribute to the Red Cross.

Because many of the county's workers were tardy in getting started in their solicitation, Mr. Hamilton appealed to workers to continue their job of solicitation until every resident in the county has been given a chance to give.

Incomplete reports from Boyne City showed that nearly $700 has been given, East Jordan $449 and Charlevoix, $455. Contributions in the townships amount to about $50 with only a small number filing reports. Walloon Lake workers reported $105 with other gifts coming.

Persons who have not been contacted by a solicitor and wish to contribute may send their gifts to Ralph Hamilton, Charlevoix, Mrs. Hilda Hartlep, Boyne City, or Mrs. E. Clarke, East Jordan.

Charter Revision Is Timely Topic For Congregators

Members of the Congregators club will take part in a panel discussion on the proposal of charter revision for Charlevoix at 8:30 p.m. today at the Congregational church.

Taking part in the panel discussion will be Don Swinton, deputy city clerk, Ralph Hamilton, clerk of the county road commission and City Superintendent Angus Leitch, each of whom has definite views on the need for charter revision.

It is expected that the discussion will be stimulating and timely, coming as it does when interest is high in the coming election. Participatien in tbe discussion is not limited to the Congregators club but the meeting is open to all who are interested in working for a better community.

On April 13, the Congregators will hear C. A. Odmark who will speak on the Music Camp at Interlochen and of local efforts to sponsor scholarships for worthy students here to attend.

On April 26, John Reid of Eastport will bring his potter's wheel to Charlevoix and will talk on ceramics.

Band Concert to Be Held on April 17

The Charlevoix high school band and the Charlevoix city band will present a combined concert at the Charlevoix high school auditorium Wednesday, April 17, their director C. A. Odmark has announced.

The first portion of the program will be played by the high school organization and will feature the two overtures and a march, the band will play at the annual State Band Festival at East Lansing April 29. They will also play a sight-reading number.

The second or major portion of the program will feature the combined bands, approximately 65 pieces, in a varied program of musical selections.

Tickets for the concert will go on sale at a later date.

Brumm Resigns Post On School Board

Howard Brumm, who has served as a member of the Charlevoix county board of education since the group was organized in November, has resigned his position following his transfer to the Holland effice of his company.

A meeting of the board has been called for April 6 to appoint his successor, Mrs. Walter Bergeon, Charlevoix county superintendent of schools has announced. The meeting will be held in Charlevoix.

Residents Under 65 Eligible For Blue Cross Membership

All Charlevoix residents under 65 can join the Blue Cross during April by simply mailing their applications, Miss Ann Baumgartner, Superintendent of the Charlevoix Hospital, announced here today.

No physical examinations are required fer membership, she said.

Application coupons will be printed in the Courier. Charlevoix residents will also be able to obtain them from the Charlevoix Hospital and from the doctors' effices through the county.

Applications by mail for Blue Cross membership, on an individual basis, will be accepted during April from Charlevoix residents as part of a state-wide program initiated by the Michigan State Medical Society and the Michigan Hospital Association to extend Blue Cross protection to more people, Miss Baumgartner explained.

Blue Cross membership is usually available through groups of five or more working for the same employer, or through the Farm Bureau, the Grange, and other such recognized farm organizations.

Miss Baumgartner said that any person under 65 whether they are employed or not employed may enroll in the non-group plan by making application directly to Blue Cross. She also explained that the benefits of the non-group plan are not as liberal as those of the group plan.

The Blue Cross Plans in this state are Michigan Hospital Service and Michigan Medical Service, non-profit organizations which provide their members with a program of prepaid hospital-surgical service. More than 1,700,000 persons in Michigan are members of the plans. In 1949 the two plans paid more than $32,000,000 to hospital and doctors for services to Blue Cross subscribers.

Rev. Wood Is Surprise Candidate Against Knight in Mayor's Race

Council OK's Leitch Quitting

The resignation of City Supt. Angus Leitch, storm center of local politics in the present mayoralty campaign, was accepted by the city council Monday, over the objections of Alderman John Knight.

His resignation proved to be a bomb-shell which created much discussion, highlighted by the objection of Knight that the wording of Leitche's letter was ambiguous. He favored baving Leitch quit in 30 days. Knight received no support for his motion.

The council's decision to accept the resignation was unanimous, after a three-hour council session, with the other councilmen favoring the acceptance of Leitch's resignation. On the roll call of voting, Knight dropped his objection and voted to accept the resignation.

• • •

Leitch's resignation letter said: I hereby tender my resignation effective when my successor is hired and on the job to take charge of the office. Knight assailed it as being too indefinite. The council declined to approve Knight's plan to have Leitch quit after 30 days with another 30 days salary.

Alderman W. E. Goss who made the motion to accept Leitch's resignation, said the council had no other choice than to accept it as Leitch did not want to continue in the city job. Carl Kohler seconded the motion.

In trying to forestall the acceptance of the resignation, Knight proposed tabling the resignation which in effect would have delayed it. He found no support for this proposal.

In reply to a question asked of City Attorney Norman Ance, the council was told that it alone has the authority to accept or reject the resignation and that it has the authority to appoint a successor.

There was no discussion as to whether a new superintendent would be hired. The lack of discussion on this matter indicated to council visitors that nothing would be done pending the outcome of the election.

City Acts to Solve Lighting Plant Crisis

Steps were taken by the council to speed efforts in obtaining adequate electricity for the community during the peak summer months at an adjourned meeting Tuesday noon.

Unanimously adopting a resolution submitted by City Attorney Norman Ance, the council authorized the mayor and clerk to issue an order to the Rathburn-Jones company in Toledo for counter-balancing equipment at a cost not to exceed $10,000.

The council was in agreement that everything in its power should be done to assure the community of electrical power in the face of mounting needs for the summer.

A three hour discussion on various phases of the diesel engine question which has been plaguing city officials in recent months, was highlighted Monday night by the appearance of Earl R. Weeber, member of the Hamilton-Weeber firm, consulting engineers.

• • •

On advice of the city attorney, the resolution was so stated that Rathburn-Jones, builder of the diesel engine at the light plant, whose vibrations have been so excessive to render future operation of the unit, without modification, quite impractical, was put on notice that the city has

State Commander of VFW to Attend Installation Here

State Commander Herbert Devine of Flint has accepted an invitation to attend the Veterans of Foreign Wars installation of officers here Thursday, April 13. Installing officer will be Comrade Hansen of Petoskey.

A feature of the program will be the presentation of an electric wheel chair to Comrade Ira Hort of Petoskey. The chair is a gift from the district and the presentation will be made by State Commander Devine.

New officers to be installed are commander: Fred Kohler; vice commander, James Whitley; junior vice commander, Russell H. Dohm, quartermaster, Clarence Rabach; chaplain, Clarence Goldstack; trustee three years, John Geer.

Following the installation there will be a program and potluck supper. Members are to furnish sandwiches and the post will furnish the rest of the food.

Win Prizes

Kenneth Burns, son of Mr. and Mrs. Hans Burns, 900 May st., and Mrs. E. A. Moir of Route 2, won two of four prizes Friday night at Ellsworth in a contest "What Is a Baby Chick?" The contest was staged by John Timmer of Ellsworth, Rewena feed dealer, in cooperation with the Valley City Milling Co.

Extend Penalty Date

The office of the city treasurer and city clerk will not be open for business on Monday, April 3, because the city election will be held in that office. Electric bills bearing the penalty date of April 3, will be accepted through Tuesday, April 4, without penalty.

Interest Rises As Vote Nears

Interest in the city election, next Monday, April 3, which had been subsided in recent weeks, was rapidly mounting today as the community discussed the decision of Rev. W. D. Wood to oppose Alderman John Knight on slips for the mayor's post.

Reverend Wood is a potitical newcomer as he never has sought political office. He indicated that his decision to run, was reached after a number of residents bad urged him to enter the mayoralty race.

Knight defeated retiring Mayor Ray Hamilton in the February primary by more than t50 votes. Until last Friday when Mr. Wood announced his decision, it was felt that there would be no opposition to Knight in Monday's vote.

• • •

While there also has been talk of slip candidates in each of the three city wards, there was nothing late Wednesday to indicate slip opposition to William Heering, first ward, Carl Kohler, second ward, and Ralph Hamilton, third ward. Mr. Hamilton is the only new face in the council race as Kohler and Heering are incumbents.

City officials predicted that nearly as many people will go to the polls Monday, which open at 7 a.m. and close at 8 p.m., as cast ballots in the primary elec-

Your Primary Duty on Monday Is to Vote

It's your solemn duty to vote Monday.

Regardless of your feelings, you should make it a point to visit the polls to cast your ballots.

While there has not been as much interest in the coming election as there was in the primary, it's still as important for the electorate to turn out in large numbers.

A criticism voiced many times in state, national or local politics has been that except when personalities are injected into elections or some partieular issue which has mass appeal, the voters stay away in large numbers.

A survey of the turnout in recent years in Charlevoix shows that only between 200 and 300 persons turn out to cast their ballots. Countless people have said they only vote when they get stirred up.

And yet is it not important to vote in every election, regardless of the seeming unimportanee of the issues.

Who among us has not argued about the importanee of the ballot and that we Americans have fought wars over the right to hold free, unfettered eleetions. That is one of the reasons for demanding free eleetions in the European eountries. We know that there is liberty where there are free elections.

But what happens at home. We become complacent. We shrug our shoulders at most of the eleetions and say "so what." Most of us fail to rouse ourselves enough to vote in every eleetion.

If you want a voiee in the city government, you have a chanee by casting a ballot. No one can deny you that right but yourself. But by staying at home, you are helping to defeat your own ease.

It's vital that you vote Monday and at every election. Pledge yourself to do no less.

If you're one of those people who thing our town has a priority on the name "Charlevoix", be sure to read the following item carefully before snatching up your Geiger counter and starting for the backyard: "A new uranium rush is now under way following discovery of rich uranium-bearing land in the remote Charlevoix country of Quebec, according to U. P. reports". Ed Fochtman, now living in Evanston, found this bit in the March issue of Chemical and Engineering News and sent it along.

One of the most interesting letters it has been our good fortune to read was brought to our attention recently by Mr. and Mrs. Clyde Ogden. It was from Rev. Don Evans, former pastor of the Congregational church here, and his wife and family who are now in the Lago Colony, Aruba, Netherlands West Indies. The letter, written by the young couple, told of their work in the Lago community church and in the colony, and covered four typewritten pages, just too much to reprint. We're sure tho' that the Ogdens and others who received the missle will be glad to share it with you. Incidently, it mentioned a two month furlough to the States starting Aug. 1 following the completion of two years in the field. They hope to make a "grand tour" from coast to coast and possibly see their old friends here.

Laurene Shaw is Bride of George Hovey At Impressive Afternoon Church Rites

In an impressive ceremony soleunized at the First Baptist church, Royal Oak, at four o'clock Saturday, Laurene Shaw became the bride of George Hovey of Charlevoix. The Rev. W. W. Clark read the service in the presence of a 150 guests before an altar decorated with yellow and white snapdragons, white carnations, ferns and tapers in candleabra.

The bride is the daughter of Mr. and Mrs. J. O. Shaw of Royal Oak and the bridegroom is the son of Mr. and Mrs. J. W. Hovey of Harbor Springs.

Music was furnished by the senior choir of the church, with Mrs. William Deneen as soloist and Mrs. William Marshall as organist.

The Bride's Gown

Given in marriage by her father the bride selected a floor-length gown of sea-mist green, taffeta designed with a portrait neckline, three-quarter length dolman sleeves and a fitted bodice trimmed with self-covered buttens to the hiptine. The skirt ended in a short train. A double veil of bridal illusion fell from a pleated bonnel of the matching green taffeta. She carried a bridal bonquet of white roses, and ivy centered with an orchid.

Mrs. Norbert Hughes, of Detroit, sister of the bride, as matron of honor and Mrs. Russell Smith, another sister and Mrs. Carl Motter, both of Royal Oak, as bridesmaids, wore identical gowns of yellow and emerald green faille respectively. The gowns were styled with off-the shoulder necklines, short pleated sleeves and full skirts highlighted by pleated pockets. White lace mitts completed their costumes. They wore head-dresses of yellow carnations and ivy and carried bonquets of the same flowers with ivy streamers.

Wesley Hovey of Harbor Springs, brother of the bridegroom, was best man and brothers of the bride, Walker, Ronald, Edson, Waren and Clayton shaw, seated the guests.

Mrs. Shaw chose a royal blue gown with navy accessories and a cnrsage of American Beauty roses for her daughter's wedding.

Mrs. Hovey wore a powder blue gown. navy accessories and a corsage of pink roses.

Reception

Immediately after the service a reception was held in the church parlors. A three tiered wedding cake circled with white rosebuds and white tapers centered the refreshment table.

After a brief wedding trip in southern Michigan the couple will make its home in Charlevoix. For traveling the bride wore an aqua gaberdine suit and brown accessories.

Among the guests were Mr. and Mrs. Herbert Schofield and Mr. and Mrs. Albert Edwards of Charlevoix, Mr. and Mrs. Ray Shearer of Ann Arbor and Mr. and Mrs. Harold Chew of Detroit.

BABY TALK

Births recorded at the Charlevoix Hospital recently include:

A daughter, Betty Lou, born to Mr. and Mrs. Thomas Wynsma of Central Lake March 23.

A son, Thomas William, born to Mr. and Mrs. William Edwards of Bellaire March 24.

A daughter, Joanne Marie, born to Mr. and Mrs. Eugene Bergmann March 24.

Interest Rises as Election Day Nears

(Continued from page one)

tion last month when a new record of 1258 votes was recorded.

Mr. Wood, while being new to local politics, is well-known to area residents. He has been a resident here for seven years. He has been active in church and civic affairs, heading the Red Cross drive here. He is past district lieutenant governor of Kiwanis International.

Knight who is serving his first term on the council, made a strong showing in the primary election, carrying the second and third wards while losing the first. He based his campaign on his intentions to interest industry to locate here.

More than 100 absentee ballots have been mailed by the clerk's office, indicating that the interest in voting in the final spring election is nearly as great as it was last month in the primary.

It marks the first time in many years that a slip candidate has run for mayor. Supporters of both candidates are confident of victory.

New State Highway Maps Nearly Ready

Lansing—The spring edition of the Michigan State Highway department's official 1950 road map will be availalde for distribution about April 15, Highway Commissioner Charles M. Ziegler has announced.

A total of 600,000 maps will be distributed during the year, 325,000 copies on April 15 and 275,000 copies on July 1. Road revisions are brought up to date in both of these editions.

In addition to recording recent improvements on state trunkline and county road systems, the map contains an up-to-date mileage table showing the distance between the principal cities of the state, lists of state parks, recreational areas, historic sites, fish hatcheries, trout rearing stations, national and state forests, game project areas, public fishing sites, state land open to hunting and fishing and state police posts. The map again contains Michigan State ferry schedules for the next 12 months and a detailed sectional map of the Detroit Metropolitan area.

Also listed are Great Lakes boat schedules, and airport transport terminals.

City Acts to Solve Electric Crisis

(Continued from page one)

not relinquished any of the rights it had in the originat contract.

In this way, the city in agreeing to buy the counter balance equipment which Rathburn-Jones says will eliminate the excessive vibration of the engine, may still seek damage at law if it so desires.

Mr. Weeber who with Prof. H. M. Hansen, vibration engineering expert at the University of Michigan, has dealt with the Rathburn-Jones firm in an effort to get the diesel engine problem solved, said that in his opinion the company is at fault.

* * *

He added that the engine has never been given final aceptance by the city, pointing out that some $2500 is still owed the company on the contract. In reply to questioning of councilmen and visitors, Mr. Weeber said that Rathburn-Jones does not guarantee the counter-balancing job. That is a qualified risk that the city must take, he declared.

Were it not for the fact that the city's No. 1 problem is to obtain enough electrical power to tide the city over during the summer months, it was indicated that a law suit might be filed egainst Rathburn-Jones.

However, it was thought best by Mr. Ance, Mr. Weeber and the council not to press the legal complexities at present but try to work out some agreement whereby the unit could be made fit for operation by August 1.

* * *

It was also explained that there is no assurance that the engine will be ready by that date, although Rathborn-Jones said it will require four months to build and install the counter-balances.

This would indicate that if construction of the balances were started immediately, they would barely be ready before Aug. 1. It was stated that it is likely that, barring unforseen complications, the balances can be installed by Aug. 1.

From where I sit ... by Joe Marsh

"Curfew Shall Not Ring Tonight"

Our ten o'clock curfew lasted for 50 years, but the town council voted it out. I dropped in at the meeting in Towe Hall last week just in time to hear Smiley Roberts.

"The curfew is old-fashioned," says Smiley. "We ought to be grown-up enough by now to behave like grownups. Seeing to it that our kids get to bed is the responsibility of each family." Then Judge Cunningham adds, "Most of us are in bed when the curfew horn blows anyway. It wakes me up just when I'm getting to sleep!"

What the Judge said was good for a laugh, but Smiley just about summed up how folks think in this town. We believe that the democratic tradition of "live and let live" is the *only* way to live.

From where I sit, it's not the American way to regulate your life by a horn—anymore than it's right to criticize *my* caring for a temperate glass of beer now and then. Think what you wish, say what you wish, but don't ask your neighbor to do exactly as you do!

Relief Load Shows Slight Drop in County

Contrary to general belief, the welfare easeload in Charlevoix county is slightly smaller this winter than it was last year.

Welfare Director Roy Gregory said that 91 families were on direct relief in February. A total of $3,941.11 was expended on direct relief in tha county during Februery compared with $4142 in February, 1949.

If direct relief follows the pattern of the last few years, Mr. Gregory predicted that the year's peak will be hit in April nr early May. Relief in adjoining counties show that Antrim spent $8232 in January on 140 cases and Emmet spent $5,895. on 147 cases.

The county welfare department was granted an appropriation of $30,000 at the last session of the board of supervisors. Mr. Gregory estimated that about $10,000 of that has been spent already.

Charlevoix has 23 residents on direct relief rolls at present. Boyne City, 42 and East Jordon, 14 and Beaver Island, eight.

Gregory pointed out that the county infirmary which was altered to accommodate convalescent patients and others needing nursing care has saved the county several hundreds of dollars in hospital bills. The savings should grow in the future, he added.

Mild Winter Aids Michigan Deer Herd

LANSING — Unseasonal weather which has plagued ice fishermen this winter has proved to be a blessing for Michigan's deer herd.

Isolated starvation cases have cropped up as expected, but for the most part the winter has been easy on the deer. In the area southwest of Glennie a conservation department district game man found three dead male fawns and four others in weak condition.

Game men are alert for a danger period extending through about the middle of April.

Department notes that even in the relatively light winter last year there were some mortalities. A portion of last year's light loss was not due to starvation. Deer die from old age and disease.

USE JOHN DEERE MANURE HANDLING EQUIPMENT
There are two ways of handling manure—the hard way and the easy John Deere Way. With dependable John Deere Manure Handling Equipment you'll not only take the hard work out of loading and spreading but handle more manure per day.
Cleaning out sheds and feed lots is done faster and easier with the John Deere Push-Type Loader. It's strongly built for heavy work; weight is properly distributed for better traction. Unique flywheel drive assures more pay loads per day . . . less work for the operator.
Its working partner is the John Deere Model "H" Spreader—sturdily built with plenty of strength to withstand the strains of mechanical loading. Proper distribution of the load assures ample traction for both the spreader and tractor wheels.
We'd like to show you why it will pay to use John Deere Manure Handling Equipment on your farm. See us soon for full particulars.

W. D. WOOD

Charlevoix City Election Monday, April 3rd

Recommended by

. . . citizens from every section of the city and citizens who represent every business interest of the community. Such recommendation can only mean that W. D. Wood will be a mayor who can most fairly serve the best interests of all. He has always been for all of us.

Qualified by

. . . his past record of unquestioned integrity, sound business judgement, faithful service to every civic activity. He made a success of every civic job assigned to him. His fairmindedness and respected opinion is your assurance of a mayor who will fairly and justly protect the best interests of every citizen and promote the welfare of Charlevoix.

Why I am A Candidate For Mayor

I consent to be a candidate for the office of Mayor of Charlevoix only because I have been so urgently requested to do so by many residents who represent nearly every business and social interest of the city. My past contributions to the welfare of the community have been given with no thought of public award and I do not seek the office of mayor because of any political ambitions.

We all must assume our fair share of the duties of citizenship and if you, the voters of Charlevoix, elect me to the office of mayor, I shall comply with your wishes and conscientiously endeavor to administer the affairs of the city with just regard for the interests of all of you.

Kipke Resigns Coaching Job After 21 Years

Ray L. Kipke, head coach at the Charlevoix high school for 21 years, has asked to be relieved of his coaching duties, effective with the close of the present school year, Supt. Roy G. Bennett announced. The Charlevoix Board of Education reluctantly accepted his decision at a board meeting Monday night.

Although he has not announced his plans for the immediate future it is understood thot he will remain on the faculty in a teaching capacity. He has tought mathmetics along with his coaching duties. His successor has not been named.

Coach Kipke, whose name has become synonomous with Charlevoix high school athletics, has turned out many outstanding teams since coming to Charlevoix in 1928. He has an enviable record of four northern Michigan Class C conference football championships and in 1948 and '49 co-championships with East Jordan in a league where competition is tough.

• • •

IN BASKETBALL the records are still more impressive for his quintets have won ten district trophies and seven regional championships after going into regional finals nine times.

In the seven times they have gone into state competition, Charlevoix teams have gone to the state finals against Kalamazoo St. Augustine in 1938 and into the semi-finals against Milan who went on to take the 1948 state Class C title. In 1946 the Rayders were defeated in the regional finals at Petoskey by Manton who went on to take the state title.

At various times during the last 22 years Coach Kipke has also coached baseboll teams but in recent years trock hos become the favorite spring sport ond tha diomond game has been discontinued.

If Coach Kipke sticks to his decision to give up coaching it will be the first time since 1918 that he has not been on the field as a player or, as a coach, had a team on the field when the starting whistle blew.

He has devoted his entire adult life to coaching, starting out as a football player at Lansing Central high school where he won letters in football and also played baseball and basketball.

• • •

FOLLOWING his graduation, he entered Michigan State and after winning freshman numerals in '21, went on to play on the Spartan elevens winning varsity letters in '23 and '24. He also played baseball and basketball.

In 1925 he left the playing field upon graduation to enter the coaching profession at Lansing Vocational school where he coached one of their first football teams. In '26 he was assistant coach at Olivet College and during the 1927-28 season was football and basketball coach at Williamston.

It was in the fall of 1928 that he came north to assume the coaching post left vacant by the resignation of Tex Buchen, a position he has held until now with the exception of the 1944-45 season when he was at the Walter French high school in Lansing.

Louis O'Neill, postoffice employee, is in Little Traverse hospital for observation. He was taken ill Monday night.

Groups Joining to Raise Funds for Music Scholarships

Various groups in the community are joining efforts to raise $100 to cover the scholarships of two talented young musicians to the National Music camp at Interlochen for two weeks this summer.

Groups which have contributed or have indicated willingness to do so include the Shakespeare, Dickens, Kiwanis, Garden, Tuesday Study, Band Parents, Knights of Pythias, The Legion, Veterans of Foreign Wars and others will be contacted in the near future.

The selection of the scholarship winners will be made by a committee composed of Mrs. Kit Carson, Mrs. Esther Hawley, Mrs. Arthur Ranger, Mrs. Charlotte Edwards and Albert Novotny on the recommendation of C. A. Odmark, school music director.

Applications must be sent to the camp director by May 1.

Large Crowd Enjoys Junior Play Comedy

It was an enjoyable evening with the Foster family last Friday night when the Junior class presented the three-act comedy, "A Date with Judy," under the direction of Miss Holley Johnson.

Judy, played by Joyce McGhan, plunged her whole family into a series of hilarious situations when she entered a raft of contests to earn money for the Community Relief Fund, and get to be queen of the high school club dance. Her incidental purpose was to triumph over the revoltingly glamorous Tootsie Wightman. Judy came out second in the fund campaign, but got to be queen after all when Tootsie developed hives. A large crowd enjoyed the presentation.

All players in the production were well selected for their parts and turned in good performances, especially George VerWys in the role of Judy's boy friend, Oogie, Alvin Ranger as her kid brother Randolph, and Joan McGuire in the part of the effervescent Mrs. Schlutzhammer.

• • •

CONTRIBUTING to the evening's entertainment were Jim Bowman as Mr. Foster, Joan Lewsi as Mrs. Foster, Joan Mathews as Hannah, the cook, Sara Coleman as Barbara Winsocket, Nita Brumm as Mitzi Hoffman, Dale Suomela as Mr. Martindale, Donna Everts as the laundress, Mrs. Hotchkiss, and Donna Armstrong as her daughter Eloiss, and Betty Warner as little Susie O'Connor.

Greg Bryan wecomed the audience, and between-acts musical numbers were given by the high school band directed by C. A. Odmark. Behind the scenes were Ron Cunningham as stage manager, Sam Hamilton and Greg Bryan on sound effects; hand properties were in charge of Gleneen Pemberton, Kathy Clark Shirley Clement and Sue LaBlance; stage properties were handled by Ron Cunningham, Bill Ward and Bill Wallace; prompters were Bonnie Drost, Velma May, Rosanna Gillespie.

Instead of full-length mirrors, some folks need full-width ones.

People who lead double lives don't get twice as much out of it.

Band Concert Program Set Here April 19

The Charlevoix high school and city bands are hard at work preparing for their joint concert to be presented under the direction of C. A. Odmark on April 19.

The concert will ba presented with purpose of raising funds to help send the high school band to East Lansing April 29 to participata in the State Band and Orchestra Festival.

The high school band will open the program with the Festival procedure. The first selection will be a warm-up, march, "Knight Errant," by King, followed by the selected number, "The Traveller," by Buchtel and the required number for all Clase C bands, "Overture Argentina," also by Buchtel.

To demonstrate the sight-reading procedure, the band will then play an overture they have never seen. Without any rehearsal, with only verbal instruction from their director, they will play the number set before them.

The high school and city bands will then join forces to present the major portion of the program. Several good marches, an equal number of well known selections and lighter band numbers will be presented by the 65 piece band.

The date: April 19. The time: 8 p.m. The price: 50c and 30c.

Farm Couple Enjoys Flying Vacation to Southern State

Mr. and Mrs. Vernon Mathews returned home Thursday from a vacation trip to Florida where as members of the Flying Farmers they were guests of the Navy for a week at Pensacola.

They were among 600 members of the organization from Michigan, Illinois, Indiana and Wisconsin who stayed at the barracks and ate at the mess halls at the Naval Air Station at Pensacola. A varied program which included visiting all the points of interest on the base as well as the city plus a trip for the men aboard the aircraft carrier, U.S.S. Cabot was planned for them while they were there.

The Mathews had the distinction of having traveled the greatest distance to attend the meeting. The couple report that the trip was wonderful and that they wouldn't have missed it for the world.

The trip was made in their two-passenger Rearwin which they purchased last year after the Piper Cub was wrecked in an accident in southern Michigan. With Mr. Mathews at the controls they left here March 18, and spent some time with relatives in Pontiac before leaving for the south. After stops enroute for gas and to rest, they ran into bad weather north of Pensacola so stayed overnight north of the naval air station and went in Monday morning. They were guests of the Navy through Friday when they started for home. They visited in southern Michigan before returning home. The couple figured they spent approximately 13 hours in the air on the trip to Pensacola.

Mr. Mathews, who has resided here since March, 1944, has been flying since 1929.

Mrs. Brown's Rites

Funeral services for Mrs. Benjamin Brown, 66, who died unexpectedly in Daytona Beach, Fla., March 27, will be held at the See Funeral Home at 3 p.m. Friday. The Rev. Gaylord D. Howell will officiate. Burial will be in Brookside cemetery.

Mrs. Brown had gone to Florida in February with Mr. Brown to spend the remainder of the winter.

Chris Is Eight

Chris Campbell celebrated his eighth birthday anniversary at a party given Tuesday by his mother, Mrs. Herbert Campbell. Fourteen friends gathered at the Campbell home after school for games and refreshments which included a lighted birthday cake.

Census Survey Gets Underway In Charlevoix

Thirteen enumerators are in the midst of asking questions of Charlevoix county householders as the 1950 decennial census gets underway. Work started Saturday, Bruce Henley, county census crew leader, said.

Jerry Scudder and Chick Gallogher are enumerators in Charlevoix. They and other enumerators in the county will ask up to 279 questions of some families. They range from the number of children in the family to the amount of income earned by the family woge-earner.

It was emphasized by Donald P. Watkins, district census supervisor, that all census information is confidential and is not available to other government agencies. He added that only one family in five will be asked what his income is. None of the census information can be used for taxation collection.

• • •

Unlike previous years when the U. S. Census bureau did not release its census figures until many months after the conclusion of the count, Mr. Watkins said the population of Charlevoix county will be disclosed within two weeks after the census is completed.

Other enumerators in the county, are: Maude Wiklanski, Bay township; Elveda Golkee, East Jordan; Ruth Berg, Hayes township; Harry Pearsall, Wilson township; Zada Dobrowalski, Eveline township; Oliver Jodway, Boyne Falls; Minnie Burke, Evangeline; Jenny Newsom, Melrose; Ronald Lyons, Norwood; Gertrude Saffran and Betty Kelts, Boyne City.

Death Claims Frances Olmstead

Mrs. Frances Olmstead, resident of Charlevoix for 50 years, died Tuesday afternoon at her home, 108 East Hurlbut, after a short illness. She was 58 years old.

She was born Dec. 22, 1891 at Cheboygan, the daughter of Frank and Clara Todd. The family moved to Charlevoix in 1900 and she attended schools here. In 1919 she married Miles Olmstead. The couple made its home here. She was a member of the Order of Eastern Star.

Mrs. Olmstead leaves a son, Franklin, of Glendale, Calif., Three sisters, Mrs. S. B. Clark of Dallas, Tex., Mrs. Charles Emrey of Glendale, Calif., and Mrs. George Kaulhfleisch of Petoskey, a brother, Gordon B. Todd of Dallas, Tex.

Funeral arrangements have not been completed.

School Group Will Meet on April 11

An important meeting of the Charlevoix Educational group, advisory committee to the board of education, will be held at 8 p.m. April 11 at the school.

Reports on several plans designed to increase school facilities will be presented to the group, composed of representatives of most organizations here and the surrounding area.

Edward K. Shanahan was elected chairman at the organizational meeting.

Raymond Howard, 57 Taken by Death

Raymond Howard, 57, died Tuesday at Traverse City after a brief illness. The body was taken to the See Funeral home. Funeral arrangements have not been completed.

Born at New Richmond, Mich., Jan. 3, 1893, he came to northern Michigan as a small child. He had made his home in the Charlevoix area for many years.

He is survived by his mother, Mrs. Wesley Howard and two brothers, Charles and Averill, all of Charlevoix.

For food and meat bargains—visit the Food Port Market at the former A&P site. Open Sat.

City to Mark Good Friday With Services

Holy week services, most solemn in the Christian faith, will be marked with traditional Tre Ore services on Good Friday in Charlevoix.

Charlevoix residants will join with the rest of the Christian world in commemoreting tha death of Jesus Christ on the Cross for the sins of men.

Protestants will gather at the Congregational church for the annual Union Good Friday services from 1 until 3 p.m. Most commercial and industrial activity will come to a halt for the period here as residents pause to pay homage to the Son of God.

• • •

CATHOLICS will attend Good Friday services at 2 p.m. at St. Mary's church, marking the Stations of the Cross with traditional prayers. The mass of the presanctified will be said at 7 a.m. Saturday. Regular masses will be held Sunday.

Union Good Friday services will be observed with the Protestant ministers taking part. Rev. L. L. Lewis will speak on the "First Saying of the Cross", Rev. Joseph Bekkering, the "second Saying of the Cross", Rev. W. D. Wood, the "Third Saying of the Cross", Rev. Jackson Turner, the "Fourth and Fifth Saying of the Cross", and Rev. Gaylord D. Howell, the "Sixth and Seventh Saying of the Cross."

"His Love Led Him to the Cross" will be sung by Sue Miles, Clara Miles and Joan Lewis. Appropriate hymns will be sung.

The somber tone of Holy Week will give way to the joyous tidings of Easter in the churches with special Easter sermons and music.

"Christ Is Risen. He Is Gone." Christians will rejoice with the re-telling of the world's most favored story . . . that of the Risen Christ who joined the Saviour.

• • •

THE PENITENTIAL period of Lent will come to an end in the Catholic church with the purple garb of the statues giving way to the gleaming white of Easter Morn, symbolizing the Glory of the Ressurection.

Sunrise services will be held Easter morning at 6:30 a.m. at the Methodist church. Dr. C. O. Whitten will speak. The Methodist Youth Fellowship has charge of the program.

A candlelight communion service will be held in Christ Episcopal church on Maundy Thursday at 8 p.m. today. The Petoskey church choir will join with the local choir in singing the service.

• • •

Carries Three Wards In Defeating Rev. Wood; 1210 Ballots Are Cast

John Knight, 42-year-old sports enthusiast and dry cleaning plant owner, will preside over his first council meeting Monday night.

Knight won the mayoralty race Monday when he defeated Rev. W. D. Wood by a margin of 257 votes. His margin was slightly more than 100 greater than his total in the primary when he defeated Ray Hamilton, retiring mayor. A total of 1210 votes were cast, nearly equaling the February turnout.

The present council meets tonight to canvass the election returns and certify Knight's victory. This will be the last act of the retiring council. Some 75 ballots were discarded for various reasons.

The new mayor showed remarkable strength in the three wards which he carried.

The vote for mayor by wards:

	1st Ward	2nd Ward	3rd Ward	Total
Knight	120	308	268	696
Wood	118	195	126	439

He showed greater strength in the first ward than he did during the primary when his opponent carried it by 51 votes. Knight showed the most strength in the third ward with nearly a 2½ to 1 margin.

The results came as little surprise to many political observers who had predicted a 250 to 300 vote margin for Knight over his opponent.

Aldermen in the three wards elected were William Heering, first; Carl Kohler, second and Ralph Hamilton, third. None was opposed in the final election.

Rev. Wood issued a statement to the Courier thanking his supporters and urging the community to forget the election and give the new mayor the utmost support during the coming year. Rev. Wood polled about 100 votes fewer than did the retiring mayor in the primary.

Supervisors, facing no competition for re-election, were: George Haggard, first; Arthur Bergeon, second; and Clarence B. Meggison, third.

Mrs. Oakley Hammond led the city ticket, rolled up 933 votes, closely followed by Hugh Mayne, city clerk. Both were unopposed.

Kit Carson and Edward K. Shanahan were elected to the Board of Commerce directors. Shanahan had 511 votes, Carson 414. Other candidates and their vote totals: Jack Mailhot, 198; Fred Kohler, 194; Kenneth Sweet, 117; and Howell Parsel, 215.

Hayes Woman Dies Suddenly in Chicago

Funeral services for Mrs. Rose Wightman Forner, 72, Hayes township resident who died unexpectedly in Chicago Friday, were held at St. Mary's church Wednesday morning. Rev. Fr. Leo Malinowski officiated. Burial was in St. Mary's cemetery.

Born in Poland on Aug. 19, 1877 the former Rose Domin came to Chicago as a child. In 1900 she was married to Brayton Wightman and a year later they came to Hayes township. Following Mr. Wightman's death in 1933, she moved to Charlevoix for a time and later returned to the family farm. Except for winters spent in Chicago, she continued to make her home here. In 1942 she was married to Edward Forner in Chicago. He died in 1945.

She was a member of St. Mary's church and was a charter member of the Maple Grove Grange.

She is survived by one brother, Joseph Domin of Steeleville, Mo., a niece, Mrs. Otto Kane of Charlevoix and four nephews, Peter and Allen Winnick of this city and Thomas and Frank Winnick of Flint.

Advantages of New City Charter Discussed by Congregators Group

While admitting that charter revision will not solve many of the city's problems, a panel diseussion at the Congregators club Thursdsay night brought out the point that the community would do well to give serious consideration to altering the city's charter.

Taking part in the panel discussion were City Supt. Angus Leitch and Deputy City Clerk Don Swinton and Ralph Hamilton, clerk of the county road commission. Edward K. Shanahan was moderator.

It was evident from the discussion that charter revision is a complex subject which should be considered at length by many organizations and local residents. Charlevoix operating as a fourth class city received its charter in 1905 and is one of a small group of cities in Michigan still operating as a fourth class city.

Mr. Shanahan said that it is hoped that other organizations will take up this vital matter of charter revision in hopes that the community will obtain a better understanding of what is necessary to get a new charter.

It was pointed out that Harbor Springs and Boyne City are studying issues involved in charter revision while Petoskey, Traverse City and Cadillac, among other cities in northern Michigan, operate under a city manager-commission form of government.

Some of the benefits which might accrue to the community if it adopted a city manager type of government, it was said, would be elimination of politics from city government, more efficient management of city's affairs, enlistment and use of the best talent available for specific civic jobs and more careful budgeting and control of city funds.

Clarence A. Odmark, director of music in local schools, will speak at the next meeting of the Congregators, April 13. Persons interested in community affairs are invited to attend the Congregator meetings. Mr. Odmark will discuss the sponsorship of sending local students to the Interlochen music camp next summer.

City Makes Difficult Decision Regarding Light Plant Engine

Action by the city of Charlevoix to endeavor to obtain enough electrical power during the peak months of the summer, is likely to be commended by the majority of residents.

While there is divided opinion as to what the city should do to obtain damages from the company which built the diesel unit, whose excessive vibration renders it useless, the city council took the only logical step, making every effort to obtain power facilities for this summer.

After much serious consideration, the council authorized the mayor and clerk to order counter-balance machinery which it is said, will eliminate the excessive vibration. While it may cost the city up to $10,000 for this counter-balance equipment, the community has to have lights and power at the peak of the resort season.

The company from whom the equipment is being bought has said that it will require four months to build and install the equipment. That means that it will be August before the unit will be ready for operation. As it was explained to the council, the company was put on notice that the city in no way relinquishes its legal rights in the original contract for the unit which cost about $140,000 two years ago.

The council was told that it needs 1600 kilowatts to meet peak electrical needs during the summer. Without the unit in question, only 1200 can be manufactured. This in simple terms explains why the city had to take any and all steps necessary to obtain facilities for enough power.

It is only fair to state that the city has no unqualified pledge that the counter-balance will be installed within four months, although that is the time which the company said the job would require.

In this emergency, the city must do everything in its power to expedite the counter-balance equipment so that it will be ready when the auxiliary engine is needed. The importance of this cannot be over-emphasized.

The city is most interested in one thing, having the necessary power to satisfy the community's needs.

As for the legal liability of the company which constructed the diesel unit, that is another question. The city's consulting engineer expressed the opinion to the council to the effect that the company is liable to the city for the unit.

In his opinion, he said the city had more than a 50-50 chance of winning a possible lawsuit against the company. However, there are legal complications which might change this picture. It remains for an attorney to determine the city's legal case against the company.

What appears to the layman to be a good case in court is not always so considered by an attorney.

It is safe to say that the company has not done much to take care of the city insofar as the diesel unit has been concerned. Any information which the city has obtained, has been secured by the continual prodding of Prof. J. M. Hansen of the University of Michigan and Hamilton and Weeber, consulting engineers.

Certainly the city has the right to expect good faith in its dealings with a company from whom it has bought $140,000 worth of equipment. The unit has developed so much vibration that continued use of it may harm it, Professor Hansen has informed the city.

And yet the company has done little to satisfy the city. However, it is more important for the city to get enough power facilities this summer than it is to make a legal issue of the original unit at this time. The city's position has been termed strong as long as it does not waive its rights under the original contract.

The steps taken by the city in the last week to obtain power facilities appear to be the only logical solution in the dilemma which the city finds itself.

Somehow or other, the city must obtain adequate power facilities for this summer. This is most important.

ODDS 'N ENDS

By Fran Martin

If you're starting your spring painting we'd advise against following Mrs. Phillip Lemieur's methods. She and her brother-in-law, Louis Lemieur, were busy doing the bathroom one day recently with Mrs. L. standing on papers in the bathtub and Mr. Lemieur doing the baseboards. Mrs. L. had her pail of paint across a board on the tub until her brother-in-law came down on the board, tossing the pail in the air where it turned over and came down over Mrs. Lemieur. The family spent the remainder of the day trying to clean up the mess caused by the accident. Until then Mrs. Lemieur said she hadn't realized how far a quart of paint could be spread.

If you've been driving through the country-side you know what time of year it is . . . sugar-bush time . . . with countless pails hung on countless trees and countless gallons of sap being hauled to the pans where, after countless hours, it's boiled down to that golden stuff you pour over waffles and pan-cakes . . . real honest-to-goodness maple syrup . . . Never realized until last yeer after a visit to Clint Blanchard's sugar-bush just what a chore it all is, temperatures, humidity, the proper wood all play major roles in producing the syrup . . . if you have a chance visit one of the many in the community . . . it's fun and quite an education in itself.

A telegram from Jacksonville Beech, Fla., has brought oews of the engegement of two former residents . . . Franklin Left whose engegement to Doris Turpin end Devid Irons whose engegement to Berbara Atkinson were announced at a dinner party Tuesdey night. "Deteils follow," the wire seid . . . we're waiting.

A guy we know came out of the movie one night last week, crossed the street to his car and was trying to put the key in the ignition when a voice out of the shadows said "What do you think you're doing? . . . the first man said, "Nothing, just going home." The second man, one Bob Ashdon, said he wasn't in that particular car. Imagine Vic Spaniolo's suprise to find he'd gotten in the wrong car. His own was in the garage and he'd borrowed one (just like Bob's, he said) until his was repaired.

Belated birthday greetings to Mrs. Susan Ahgosa who celebrated the occasion last Thursday at a luncheon given by Mrs. E. Josephine Madill and Miss Mamie Orlowski who have observed the event with her for more then ten years. Many others called during the day.

Friends described the cards and other greetings to Mrs. Ahgosa, who is blind, and in her imagination, she said, she recalled a picture given her at one time illustrating the Edger A. Guest poem, "The House by the Side of the Road". She went on to say that she envisions herself living in such a house with the myried of flowers on the birthday greetings as well as the real blossoms she received growing about the yard . . . a happy thought by a breve soul so afflicted.

Jack Cross and Harry Gebeau had quite a thrill last Thursday when they went to Cheboygan on a business trip and stopped by to see the ice-breaker Mackinaw. They arrived just in time to be invited aboard as the guest of the skipper, C. J. Bowmen for a trip into Lake Huron to release a couple freighters caught in the ice off Rogers City. The mechanisms of the ship which plows through 22 foot drifts ice as tho' it is snow and the way the draft is handled by its big crew and the things it can do are really something, they report and they wouldn't have missed it for the world.

* * *

BUT IMAGINE Mrs. Gebeau's surprise when she got a phone call from the local Coast Guard station telling her that her husband wouldn't be home for supper. It took a bit of explaining but everything was cleared up when they told her they'd received the radio message from the Mackinaw via several other stations that the two would be late.

For a Class C Charlevoix is doing all right for Michigan State's football team. In the roster of candidates for next fall's varsity are Bill and Bob Carey with the latter likely to take over the job of kicking specialist. Also listed as a newcomer to watch is a freshman, Ross Case. Guess Biggie Munn wasn't kidding last fall when he mentioned the Three C's from Charlevoix at the football banquet.

And if you've been hearing 'noises' at the postoffice recently chances are it's someone's order of baby chicks arriving. The Joe Martinchecks received a thousand of them recently along with many other farmers in the area . . . For another sign of spring, Amandus Evers, Hayes township resident, reported flocks of wild geese going north last Thursday.

* * *

IF YOU'RE ONE of those oldtimers who watch the sky instead of the radio for your weather forecast, you'll know that we're in for a lot of cold weather before it finally warms up. The sun-dogs or circles about the sun last Thursday denoted just that, we're told.

So you didn't believe what you saw Friday morning? Well, it's true. A deer did make its way into town via Park Ave., across streets, yards and alleys, past the jail and over the hill in an effort to find its way back to the woods. Many of the local citizenry just couldn't believe their eyes when the animal put in an appearance and one can't blame them too much. Dogs are believed to have chased the animal in from South Point.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Islanders are preparing to observe Holy Week and the joyful feast of Easter. Services for the coming week were announced Sunday by Father Giles. Mass on Holy Thursday will start at 8 o'clock; on Good Friday the Mass of the Presanctified will begin at 8 o'clock with the Stations of the Cross at 3 o'clock in the afternoon. Mass on Holy Saturday will be at 7 o'clock. Evening services on Thursday will be at 7 o'clock.

Beginning on Easter Sunday and on through the spring and summer months, Masses will be at 8 and 10 o'clock.

While Beaver Islanders read of robins and flowers, snow continues to fall and icicles hang from the roofs. The touch of spring was short and sweet and very damp.

Beaver trapping season has come and gone and with at least one Islander getting the limit. Chuck Kleinhein camped at the head of the Island during the season and trapped all that the law allowed. Bruce McDonough set out traps, but his luck has not been reported.

Work continues on the new dock. Some of the piles used for the mill dock were lifted about two feet, sawed to a new level and will be used as the foundation for the new project.

Bill Pat McDonough, who has been ill for several weeks, was taken to the Charlevoix Hospital Wednesday. He was accompanied to the hospital by Mrs. McDonough.

Willie Schmidt returned to the island Wednesday after a visit on the mainland.

Lawrence Malloy returned Wednesday from his trip to Chicago and other points on the mainland. At the Beaver Island party, Lawrence won first prize, a beautiful oil painting, the work of a former island boy.

Joe Gallagher is cookin' up an after-Lenten affair that will be something to crow about. Yes siree, Joe is going to have a "breast of crow" feed with all the trimmings at his establishment. The nimrods on the island have been dropping crows for the past two weeks, dressing and storing them for the event. "Fifty crows is the goal" said Joe, "and this is going to be one feast you wont forget."

Old Timer said he has lived a long time and never did have to come to eatin' crows. Said Ole Timer's side kick, "Well Pardner, you et some of Art Taft's head cheese, didn't yer — well you can eat crow, too."

Eileen Gatliff left on Friday's plane for Charlevoix to remain with Mr. and Mrs. Mark Cross and family.

"All I want for Easter is a new front tooth", said Dick LaFreniere, so he went to Charlevoix Friday to do something about it.

Joe McPhillips is having quite a problem. In Charlevoix, wheels are necessary for the take-off and over here on the island with snow still covering the ice, skiis are necessary. Sunday morning, Joe flew to the island with Dick LaFreniere and James McCann as passengers but could not land. The plane equiped with wheels could not land on the blanket of soft snow that fell throughout the day Saturday. Elston Pischner plowed a runway for a return trip, but no sooner had the runway been cleared when it began to snow again . . . and continued snowing the rest of the day.

Detroit Charlevoix Club Meets April 22

The annual get-together of the Charlevoix Detroit club, composed of former residents of Charlevoix, will be held at 7 p.m., April 22 in the YWCA building social room, corner of Witheral and Montcalm.

Former local residents in the area of Detroit are urged to remind their friends to attend the annual meeting for a good chance to talk over old times. It is an open party for all former residents. Grace M. Papineau, club secretary, writes the Courier.

Fire Damages Wojan Mill Here on Tuesday

Early discovery of the fire at the Tony Wojan mill and dry kiln on Stover Road and prompt action by the Charlevoix fire department are credited with cutting the loss of property damage at the mill to a minumum in an early morning fire Tuesday.

A spark from the furnace located in the kiln section on the south end of the building set a fire which burned a five foot square hole in the roof over the kiln and damaged approximately 1,000 feet of lumber. Some 30,000 feet of hardwood and pine lumber were being dried at the time of the fire.

BABY TALK

Births recorded at the Charlevoix Hospital recently include:

A daughter, Beth Ann, born to Mr. and Mrs. Harvey Drenth of Ellsworth March 31.

A son, Robert Edward, born to Mr. and Mrs. Harry E. Watson of East Jordan March 31.

A son born to Mr. and Mrs. Darwin Penfold of Ellsworth April 2.

Twin sons born to Mr. and Mrs. Steve Paterka April 2.

Dwight Smith Wins Music Festival Honors

Dwight Smith, solo clarinetist of the Charlevoix high school band, received a first division rating after participating in the Solo and Ensemble Festival at East Lansing Saturday. By acquiring the first division rating he stamped himself as one of the outstanding high school clarinetists in Michigan in a festival which attracted a record breaking number of 902 entries.

Judging the clarinet portion of the festival was Marius Fossenkemper, solo clarinetist for the Detroit Symphony orchestra, himself one of the country's outstanding performers on the instrument.

Seventeen adjudicators heard these solos and ensembles beginning at 8 a.m. and finishing at 5 p.m. on the Michigan State College Campus.

Dwight was accompanied at the piano by his mother, Mrs. Joseph Smith who with Mr. Smith accompanied him to southern Michigan.

Knight Wins Mayor's Race by Good Margin

(Continued from page one)

a great deal of interest with Mr. Wood running as a slip candidate for mayor, marking the first time in the memory of several oldtimers here that a mayoralty candidate ran on slips.

Knight has displayed remarkable political strength since he defeated Harry Hooker for a council seat while running on slips two years ago. He campaigned for mayor on the issue that the city needs a change. He based his campaign on the increased need for obtaining more industry and a promise to operate the city's affairs more efficiently.

The new mayor said that he will do the best job possible in promoting Charlevoix as a resort center while trying to induce new industry to this city and encouraging present plants to enlarge their employment rolls.

He appealed for the support of all residents, urging them to join together in making Charlevoix a better place in which to live.

Garden Club Meeting

The Charlevoix Garden club is inviting the public to hear Jack Rose, Michigan State college extension specialist speak at 8 p.m. April 13 at the school lunchroom.

For food and meat bargains—visit the Food Port Market at the former A&P site. Open Sat.

Many Thanks

I appreciate the support given me in my candidacy for mayor, I want to thank all those who voted for me.

With the election over, I feel that we should get behind the new mayor, John Knight, and do our best to make Charlevoix a better city.

William D. Wood

Thanks to You

I sincerely appreciate the support of the voters in the second ward in re-electing me to the city council.

I continue my pledge of doing the best I can to serve the city's best interests.

Chest X-Rays Help Reduce Area TB Toll

Terming periodic chest X-rays for adults, "part of the teamwork that will bring more victories" in the battle against TB, the Michigan Tuberculosis Association issued a proclamation to Charlevoix this week reminding: "People Do Have Tuberculosis Without Knowing It. Early TB Has No Symptoms. Don't Be Afraid. Be X-rayed." More than 100,000 leaflets and posters bearing this message are being distributed to help step up TB detection.

Expressing hope that Charlevoix citizens will heed the advice, Theodore J. Werle, Christmas Seal agency executive secretary, points out that the effectiveness of the TB war is determined by "intelligent action on the part of everyone of us."

"More and more Charlevoix county people are experiencing the full value of a chest X-ray," the statement notes. "Over 1,500,000 Michigan people have stepped before the X-ray camera since 1941. Tihs simple examination, perfected through years of scientific research and study, is one of the best ways to uncover TB in early stages, before there are symptoms.

Program Set For Concert Here April 19

The program for the Charlevoix high school and city band concert to be presented at the high school auditorium at 8 p.m. Wednesday, April 19, has been announced by their director, C. A. Odmark.

The purpose of the concert is to raise funds to finance the band on their trip to East Lansing later this month to participate in the State Music Festival.

The first portion of the concert will include the music to be played at the festival, March, Knight Errant, King Traveller Overture and Overture Argentina high by Bochtel and both required Class C numbers and a sight reading selection.

Following a brief intermission the two bands will join together to present the following selections: March, Potters Catalina Band, McCaughey, Waltz, Cribiribin, Pestalozza, Serenade from the Student Prince, Romberg; March, Colonel Bogey, Alford; Novelty, Down South, Myddleton, Inca Dance, El Condor Pasa, Robles, Overture, The Trojan Prince, Holmes; Selection, Stormy Weather, Arlen-Kohler, featuring Gotch Campfield as trumpet soloist; March, The Billboard, Klohr.

Claude Fairman's hill-billy band will present several selections during the evening.

At a recent meeting of the Charlevoix Band Parents Association, Mrs. Joseph Smith was elected president of the group to succeed Mrs. C. S. Webster. Mrs. Orlin Cunningham was named secretary and Mrs. Alfred Gill Jr., treasurer.

The association has taken charge of the ticket sale for the April 19 concert.

Fishtugs Released From Ice Field Outside Harbor

The fishtugs, Jackie C and Dornbos were released from the ice-held outside the local harbor by the U. S. Coast Guard cutter, Woodbine, at 5 a.m. Sunday after being caught in the ice for about 36 hours.

The two tugs, owned by John Cross, were returning to their home port from their winter fishing grounds south of here when they were caught in the ice about three quarters of a mile outside the piers.

After efforts of the local Coast Guardsmen failed to release them, the Woodbine, which had been assisting the Mackinaw in escorting ships through the Straits of Mackinaw was called to aid in the freeing of the tugs. She arrived at the edge of the ice flow early in the evening and reached the stranded tugs at 8 p.m. It took nine hours to bring the tugs into port.

Eight men aboard the two tugs suffered no hardships during the ordeal which slightly damaged the hull of the Dornbos.

Heads Supervisors

Claude Pearsall of Wilson township is the new chairman of the Charlevoix county board of supervisors. Elected at the April session which opened Tuesday, he succeeds Arthur Bergeon of Charlevoix. This week's sessions has been devoted to the naming of committees and reports from county officials.

BULLETIN

Sponsors, players and prospective umpires of the Charlevoix softball league will meet at 8 p.m. Friday, April 14 at the Legion hall. This is an important meeting and all those who are interested in making softball a greater summer sport are urged to attend.

Two Townships Give $1250 for New Hospital Fund

Charlevoix and Hayes townships became the first in the area to contribute to the proposed hospital, Herb Schofield, activities chairman, reported.

Charlevoix township residents voted to give $750 this year to the hospital fund and Hayes township, $500, at their annual meetings last week.

Several other townships have indicated they might contribute to the hospital planned here which they point out serves their townships.

Meanwhile, plans for an all-out campaign in Charlevoix are being made to get underway about May 1. Mrs. Kit Carson is chairman of this phase of the drive.

Townships may legally contribute township funds to a hospital, officials were told at a recent meeting of the hospital fund committee. The attorney general ruled that it is perfectly proper for any township to contribute to such a civic enterprise.

Red Cross Drive Passes $2700 Mark

The drive to raise $3,500 for the Red Cross in Charlevoix county moved past the $2,700 mark earlier this week, County Chairman Ralph Hamilton reported.

The campaign was progressing better, Mr. Hamilton said, in calling upon Red Cross leaders and workers to complete their solicitation within the next 10 days so that chapter headquarters can make its final drive report to mid-western officials in St Louis.

While the anoual roll-call moved off to a slow start last month, efforts have been accelerated in Charlevoix, Boyne City, East Jordan and other communities.

Mrs. Hilda Hartlep, executive secretary of the county chapter, disclosed that more than $900 was contributed in Boyne City with additional contributions yet to be turned in. Helen Seals of Boyne City commended the spirit of giving in her community.

• • •

RESIDENTS OF East Jordan who only a short time ago exceeded the polio drive goal, are responding generously to this Red Cross campaign. So far more than $900 has been raised, Mrs. Earl Clark reported.

Both East Jordan and Boyne City have surpassed Charlevoix in this drive. Charlevoix has contributed slightly more than $800 with only a few more donations yet to be included in the final report.

Walloon Lake contributed $105 and Ironton, $17, Mrs. Ross Alexander, Ironton chairman, announced.

School Group Studies Plans For New Building

Preliminary steps were taken by the Charlevoix Education group, advisory agency of the board of education, to acquaint community residents with the need of planning for a new high school building.

Meeting Tuesday night, the group, headed by Edward K. Shanahan, discussed architectural drawings for a new high school, which could be built in two units at a total estimated cost of $420,000.

The board of education will discuss the plans for the new building at its next meeting Monday night. Bonnie Nickerson, board president, attended Tuesday's meeting. The proposed building, which would be built on the present site does not provide gymnasium facilities.

MR. SHANAHAN explained that it would take an additional eight mills on school district property over a 15-year period to pay for the proposed building. It would require a majority vote by the taxpayers to pass the proposal.

Roy G. Bennett, school superintendent, traced the increase in high school enrollment, saying that the high school has increased from 234 to 351 since 1942. Total enrollment here has jumped from 542 to 819, he said.

Plans will be made for an Open House program on May 4 or May 5 at the school at which time parents and others will be told of the school's expansion needs.

Food Port Offers Meat, Grocery Line

The Food Port Market, owned by Charles Bleha, will specialize in top quality, branded beef and a wide assortment of cheese.

The owner expressed his appreciation to the countless persons who visited his store on opening day, last Saturday. The store will feature a complete line of groceries, fruits and vegetables and meats. A frozen food counter is expected to be delivered late this week. The store also handles ice cream.

The store is marked by its new modernistic fixtures and fluorescent lighting. The aisles are so laid out to facilitate the self serve features of the store.

Mr. Bleha has taken charge of the meat department. He has nearly 20 years experience in food operations.

Masons Pay Tribute To Basketball Team

Coach Ray Kipke, members of his 1949-50 basketball squad and the cheerleaders will be guests of honor at the annual basketball banquet to be given at 6:30 p.m. Thursday by the Masonic lodge at the Masonic Temple.

L. H. Barker is general chairman of the annual event.

Annual Girl Scout Program Will Show Values of Youth Training

The annual meeting of the Girl Scouts of Charlevoix will be held at the high school gym at 8 p.m. Friday. The program will feature the "March of Scouting" with 148 Girl Scouts participating.

The purpose of the program is to show the parents of the Scouts, as well as the sponsors and the public, what is being accomplished in the scouting program in Charlevoix.

The program will open with the flag ceremony by Girl Scout troop 3 with Susan Crump and Vicki McClure serving as flag bearers and Kathleen Foster and Barbara Foster as color guards.

Following the singing of the Star Spangled Banner, Mrs. H. E. Paddock, president of the Charlevoix Girl Scout Council will greet the gathering.

THE MAIN FEATURE of the meeting will be presented as a radio program, "Scouting Marches On", under the direction of Mrs. Harry Stewart. Each troop will appear on the platform with one of its number serving as spokesman for the group telling in rhyme what the troop project is and what has been accomplished during the Scout year.

Appearing in the program will be 21 Senior Scouts, 76 intermediate Scouts and 51 Brownie Scouts from nine Girl Scout troops.

• • •

THE LEADERS recognitions will be presented by Mrs. Charles Bleha, vice president of the Council and Cookie Sales awards will be made by Mrs. Joseph Smith. "Our Own Camp", a film taken at the various camps in 1949 will be shown by Mrs. Ralph Hamilton. A Girl Scout film, "Camping for Girl Scouts", will follow.

Several songs, by the Girl Scout Chorus under the direction of Mrs. Dean Duvenport will complete the program.

Glenn Snider will assist with the presentation of the two films and with the public address system.

Gets Coaching Job

Don Carey to Coach At Mason High School

Don Carey, 1950 graduate of Alma College, has accepted a coaching position at Mason, Mich., in Ingham county. He will assume his new position in September.

A graduate of the Charlevoix high school in 1943, Don entered Michigan State College for one year, after three years in the Navy. He transferred to Alma College in his second year and played football and basketball with the Scots. He played halfback on the Alma eleven and last fall was picked on the M.I.A.A. second team.

He plans to attend summer school at Bay View next summer. He will also teach history at Mason.

Beaver Islanders To Present Comedy In Charlevoix

The hilarious Beaver Island home talent show presented there on St. Patrick's day will be given in Charlevoix on May 12 as a hospital benefit.

Herb Schofield, activities chairman for the hospital building fund, said that arrangements are being completed to have the entire cast present the same play which was termed so outstanding by Islanders.

In fact, plans are underway to make the day a "Beaver Island Day" in Charlevoix. Efforts are being made to house the cast members, numbering between 25 and 30. Residents who saw the presentation still chuckle about the antics of some of the cast players.

BEAVER ISLAND residents want to present the play as a benefit to show that they are behind the efforts of the community in raising funds for the proposed hospital. There is a possibility that the play may be presented also at Ellsworth as a benefit performance for the hospital.

Most of the performers are well-known to Charlevoix business people and many residents.

Odmark Will Speak at Congregators Club

C. A. Odmark, music director, will speak on national music camp at Interlochen at the meeting of the Congregators club at 8:30 p.m. today at the Congregational church.

He is expected to touch upon the possibility of raising enough money to send two local music students to the camp this summer for two weeks. The regular session lasts for eight weeks.

Several organizations have already given money toward the scholarships of two worthy students to be chosen by a local committee on the recommendation of Mr. Odmark.

The Congregators meeting will be held after the church family night supper. All who attend the dinner are urged to remain for the Congregators meeting. Other persons interested in Congregators' programs are urged to attend.

Woodworking Plant Plans to Move Here; May Employ 25 Men

A woodworking plant, manufacturing combination windows and sashes, is expected to move to Charlevoix from Cleveland by May 1.

The company, Eversoal Combination Window Inc., is headed by Walter Wojan who will be joined by his brothers, John and Tony. The company was in operation in Cleveland until April 10 when it had to vacate a building where its manufacturing was located.

Some 25 workers are expected to be employed, John Wojan told the city council Tuesday afternoon when it met to take steps to facilitate the moving of the plant here. The firm is 12 years old.

• • •

BECAUSE the Wojan brothers wanted to buy 40 feet of frontage adjacent to their mill on Stover road from the Charlevoix Co-op, the latter asked the council to sell it the lot on which the Co-op is located.

The council decided to sell the lot on which it has been receiving $100 annually from the Co-op for its lease of the property for $500. The vote was 4-1 with Drew Young opposing the sale.

This speeds efforts of the Wojans to buy from the Co-op the 40 feet of addition land on which a building will be erected as soon as possible. Mr. Wojan said it is hoped that a roof will be over the building in three weeks if the weather is favorable.

• • •

HE TOLD THE council that five families, whose wage-earners have been employed by the company, will move to Charlevoix.

Alderman Young opposed the sale of the lot to the Co-op because he said, "one can never tell when the city will need the property for expansion of its light plant."

Mayor John Knight said he favored doing everything possible to help the company locate here. Other councilmen agreed with him that steps should be taken to increase employment here whenever possible.

Plans Progress For Annual J-Hop

Plans for the annual J-Hop to be given at the high school gym Saturday evening, April 22, are claiming the attention of the Junior class of the Charlevoix high school following the presentation of their class play last week.

Alvin Ranger, class president and general chairman of the J-Hop committee, has named his committees and all are devoting their efforts to their particular assignments.

The decorating committee is composed of, Sam Hamilton, Dale Sitowski, Sara Coleman, Nita Brumm, Ron Cunningham, Katherine Clark and Alvin Ranger who are all busy on the decorations which will portray the mid-century theme. Blue, white and yellow will be the principal color motif for the party.

Other committees are advertising, Dwight Smith, Howard Campbell and Joan McGuire; invitations, Colleen Reed, Donna Everts and Bill Wallace; refreshments, Luanna Bambach, Pat Murray and Elaine Russell; hat check, Donna Armstrong and Rosanna Gillespie; chaperones, Gleneen Pemberton and Shirley Clement.

The other class officers are vice president, Dale Sitowski, secretary, George VerWys; treasurer, Don Hardy.

Former Resident Wed In Frankfort Rites

Mrs. Chizuo Wyers, of Frankfort and a former local resident, has announced the marriage of her daughter, Donna to Lyle Jackson in Frankfort Saturday.

A reception was held at the East Shore Hotel Saturday evening.

The couple will make their home in Bellaire.

Mr. and Mrs. Don Swanson and daughter, Sally, attended the Saturday evening reception.

Mrs. Lawrence Boss, Of Barnard Area Dies in Hospital

Mrs. Lawrence Boss, Sr., 72, resident of the Barnard vicinity for 40 years, died early Wednesday at the Charlevoix hospital where she had been a patient for six weeks.

She was born Gertrude DeGroot, in the Netherlands, Feb. 27, 1878. She came to Michigan with her parents when she was seven and lived near Hart, Mich., before moving to this area. She married Lawrence Boss in 1904 and the couple lived at Ellsworth for a short time. She is a member of the Barnard Reformed church.

She leaves her husband, a son, John L. Boss, five grandchildren, two sisters, Mrs. John Parsons of Ellsworth and Mrs. Frank Boss of Atwood, three brothers, Bert and Harry of Ellsworth and Oscar of Charlevoix.

Funeral services will be held at the Barnard Reformed church at 2 p.m. Saturday. Rev. Joseph Bekkering will officiate. Burial will be in the Barnard cemetery. Her body will be at the See Funeral home until Saturday morning.

To Re-Dedicate Memorial Park In May 30 Rites

The Memorial Park at Bridge st. and Belvedere ave. will be re-dedicated as a memorial to the men from Charlevoix who gave their lives in World War I in a special program on May 30. At that time a native rock and a bronze plaque will be unveiled and formally dedicated.

A committee headed by Ralph S. Hamilton and assisted by Floyd A. Supp and Fenton R. Bilow of the American Legion and Clarence Kovach and Leslie Everts of the Veterans of Foreign Wars are now working on plans for the ceremony.

The park was first conceived and trees planted in the early 1920s after the Leslie E. Shapton post No. 226 of the American Legion had abandoned plans to build a recreation hall and American Legion building on the property. Seven maple saplings were planted at that time and today it is one of the beauty spots in downtown Charlevoix.

The present plans call for the re-dedication ceremony to be a part of the Memorial Day program. A native rock has been selected by the committee and will be placed on a concrete base at the Bridge st.-Belvedere ave. corner of the park. The plaque will bear the names of the eight men from this community who lost their lives in World War I.

Bellaire Resident Is Ellsworth Teacher

Ellsworth—Supt. of schools, Earl M. Jones, announced the appointment of Robert Davies of Bellaire as the new commercial and mathematics teacher at the Banks township school.

He has already assumed his duties and is to fill the balance of the term of the late Theodore Atchison of Central Lake. Mr. Davies is a graduate of Western Michigan college, Kalamazoo. He taught at Midland for 17 years and at Holt four years.

He is the owner of a grocery store at Bellaire and will commute to reside in that city.

City Tables Action on New Councilman

The matter of the city council's appointment of an alderman in the third ward to fill the vacancy left when John Knight was elected mayor will be decided at a special meeting Monday night.

The issue was tabled over the objections of the new mayor who Monday night presided over his first meeting. Petitions seeking the appointment of Harry Hooker, who was defeated a year ago by Knight on slips, were read by City Clerk Hugh Mayne.

The mayor disclosed results of a card questionnaire sent to residents of the third ward, asking them to give suggestions as who they want as their new alderman. Harry Gebeau led the list of suggested alderman with Pete Scott as second favorite and Henry Supernaw, Jr., in third place. Three hundred cards were mailed, Knight pointed out.

ALDERMAN Carl Kohler said he favors holding a special election to let the voters decide. Alderman Ralph Hamilton said that an election would be the best way to settle the issue. Claude L. Davy said he would like to save the city the costs of a special election if the council can agree on an appointment.

The council has a choice of making the appointment or settling the matter by a special election. The cost of an election in one ward was estimated at $75 by Deputy City Clerk Don Swinton.

If the council cannot agree on an appointment next Monday, then a special election will be ordered.

The council approved the application for a SDM license for Charles Bleha, proprietor of Food Port Market. This covers the sale of beer and light wines to take out. The renewals of Class C licenses for the Town House and the Birches were approved along with that of Moonlight Gardens which is also asking a dancing permit along with its beer and wine license.

Coach Kipke Has Served the Community Well

A span of coaching Charlevoix high school athletics covering 21 years will close the active carecr of Ray Kipke.

Charlevoix finds it hard to believe that "Kip" will lay aside his coaching duties in favor of a teaching job on the school faculty. He has been a fixture here for so many years that his outstanding football and basketball teams have been taken as a matter of course.

One of the outstanding high school coaches in the stnte, "Kip" has always been known ns a builder of good teams, grounded in the fundamentnls of the sports and possessing n high degrec of sportsmanship.

"Kip" is one of the few coaches who seldom if ever raises an objection to the officials of the games. Through the years he has bccomc known as a coach who dislikes to "beef" about the officlating.

Players who have been on his teams have gone on to collegc to play football and basketball. They are quick to say that "Kip" developed them and specded their learning of the fine points of the game.

His basketbnll teams have alwnys been feared nnd in tournament play Charlevoix's team wns the one which wns watched the most by opposing players, coaches nnd fans. His tenms always played good, clean football or basketball.

A quiet, unassuming coach, "Kip" always concentrnted on doing the best job possible for the school and the team. Nover one to boast about his tcams, thelr records spoke for themselves.

With the exception of a single year when he returned to Lansing, his name has been synonomous with Charlevoix athletlcs. He has done an outstanding job in cvery way possible.

As Charlcvoix athletic teams go forward in the future, his coaching will always provide n mark at which to point for his successors.

Not only was his coaching conducted on a high plane, but he always has had the welfare of his players at heart. He developed good athletics, good sports and good citizens.

To you, Mr. Kipke, we say you have servcd your school and community to the best of your ability. It hns been a job wcll-done. No one could nsk for anythlng better.

Congregators Launch Interesting Civic Program

The community owes a vote of thanks to the Congregntors club for its launching of a series of public information series on a group of community topics.

The recent panel discussion on the Couzens fund, now known ns the Children's fund, was a good example of the type of service it can perform for the community at large.

The club is open to persons of all faiths and beliefs. It is attempting to provoke more thinking on community interests—school facilities, recreation and revision of the city charter—to name only a few which will be discussed in coming weeks.

The panel discussion by several dentists on the care of the teeth was one in which every parent should be interested. The consensus of opinion was that the teeth of the avernge youngster in Charlevoix show too much decay. It was also brought out that of the 259 children examined by the Children's fund dentist, only two fniled to need dental care.

Certainly by mnking this information known to more people in the community, the Congregators are performing a vital service. It is a discussion of this type, led by professionnl men who know their subject, which in the future will lend to a larger Congregators club.

But more important thnn building a larger Congregators club is the fact thnt those persons nttending will be better informed citizens and bc nble to sprend the information to their friends nnd neighbors.

Here's hoping that the Congregators will continue their program of providing timely topics at their meetings. Keep up the good work, Congregators.

Most County Areas Have No access to Library Facilities

Mrs. Loleta D. Fyan, state librarian, released the results of the annual survey made of the library situation in Michigan. The survey was conducted by the Michigan State Library's Extenston Division.

The figures show the entire state to be blanketed by large library deserts, places completely without any library service. 58 of the 83 counties in Michigan have these library deserts.

Charlevoix county shows 68 per cent of the total population live in areas not served by a local library. For the entire state, the number of people living in library-less areas amounts to 750,000.

The way these library deserts can be eliminated is through the creation of more county and regional libraries with local and state funds. At the present time, the state allows $15,000 for the establishment of each new county library. Small continuing grants also are given annually. The help which the state gives comes under an appropriation from the legislature. This year's fund of $362,-085 is less than it was twelve years ago.

The Michigan State Board for Libraries is asking for figure adjusted to inflated costs and the million increase in population. Unless more funds are allowed, these library deserts will continue.

ODDS 'N ENDS

By Fran Martin

Was the Easter bunny good to you? We hope so. A lot of youngsters we know received baskets and eggs and all the good things the bunny is credited with bringing . . . The churches were erowded and a few brave souls wore their new Easter outfits but it didn't seem as tho' as many frdly, fussy, flower-bedeeked bonnets were in evidence as in other years . . . But the corsages were many and varied . . . among them one of red roses sent to Mrs. Harry Elzinga by her son, Pvt. Charles who is stationed in Germany. It came as a surprise so was doubly appreciated.

Sally Eccleston who is spending a week with her mother, Mrs. Anna Eccleston from her studies at Marywood Academy, Grand Rapids, has been named refreshment committee chairman for her school's annual Senior Prom. The party will be given at Blythefield Country Club April 21 : : : and more good news at the Eccleston home is a letter from John Ecclestons commanding officer telling the family of his promotion to sergeant. Johnny's stationed in Newfoundland as a tower control operator with the Army Air forces.

Cpl. Jerry Ypma called his parents, the Ken Forbes, Sunday to wish them a happy Easter and to tell them he'd been transfer-Miss., from Kirtland Air Field, N. M. He'll be attending radar school there following his enlistment for another three years. And speaking of the Air Force, Sgt. Stan Evers is home from 18 months in Germany during which he participated in the Berlin Airlift. He's wearing one of the new A.A.F. uniforms that we think is pretty neat, to put it mildly . . . air force blue and so neatly tailored . . . it's worn with a light blue shirt and dark blue tie during the day but after five it's a white shirt and black bow-tie.

For the second time in a week a deer has traveled into town. The last time was Tuesday when one came in from the south and left via Antrim st. where it was reported seen by Ruth Ann Miller as well as others . . . Mrs. Henry Hair has received a most unusual gift from the south where Dave Anderson is spending the winter. He sent a papaya and two sweet lemons. The lemons are the biggest things I've seen and weigh almost a pound apiece.

HELEN GASKIN home from Chicago for the holiday week-end got the surprise of her life recently at Michael Reese Hospital where she's taking a course in x-ray. While passing through the tunnel at the hospital last week she heard someone call her name and turned to find Mrs. Sylvia Foster, a former resident. Mrs. Foster a registered nurse, is doing private duty at the hospital.

If you're in Detroit or environs and haven't anything special planned for April 22 be sure to attend the annual Charlevoix party at the Y.W.C.A. social room at Witheral and Montealm . . . You won't regret the time spent there for it's more fun. People you've never seen of turn up and nine times out of ten they know you and all you're family. It's one of the nicest parties we've ever heard of and everyone always has a good time. Grace Papineau at Dearborn has all the information.

Voice of Our Readers . . .

Dear Sir:

I take exception to ynur electric light plant editorial which white-washed Charlevoix's $140,-000. white elephant, and also the city council.

They tell me that council was eautioned to be very polite to the firm that sold us this motor or else that company might get real offended and not do us the favor of fixing the motor even though we pay them an additional $10,-000.

Here we need that motor badly so that our guests and local merchants and industries can have lights and run their businesses and appliances this summer, and all we get is pussy-footing!

If anyone should be offended about this deal it is not the company that sold us a defective motor but our councilmen and our citizens who paid out the $140,-000, which is a lot of money.

A mistake has been made by having technical people and professors negotiate for us. They know all about machinery and give us fine advice about that, but they can't get half as mad about this bad deal as can we citizens who paid out the $140,-000.

Therefore, we should send down some local people who can talk turkey, and we have them here, to tell this company what we are thinking.

If the manufacturers are reputable people they will realize that this problem is as much theirs as it is Charlevoix's. Let them understand that all we want is a motor that will work in accordance with their guarantee. A law suit won't generate electricity for us, nor will it do that company's reputation any good.

It is up to us to tell them in good strong northern Michigan language that if they have any sense of business responsibility they should send up their engineers at once and get this installation running properly long before August when it will be needed.

Then if they refuse to cooperate we should prosecute them to the full extent of the law!

An Indignant Tawpayer.

Lois Courier Says Vows in Detroit

In a quiet ceremony solemnized at the Puritan ave. Baptist church, Detroit on Saturday March 31, Lois Courier, of Tawas City, became the bride of Walter Wiedbrauk Jr. The Rev. Charles Hull read the service in the presence of their attendants.

The bride is the daughter of Mr. and Mrs. James Courier of Charlevoix and the bridegroom is the son of Mr. and Mrs. Walter Wiedbrauk Sr, of Curran, Michigan.

The bride selected a light green and brown checked suit and brown accessories for her wedding.

Patricia Foster of Charlevoix, her former room-mate at Central Michigan College, was her only attendant. She wore a dark green suit and black accessories.

Nelson Wiedbrauk, of Curran, assisted his brother as best man.

After a brief wedding trip the couple will reside at 397 Townline Road, East Tawas city where the bride has a teaching position and the bridegroom is associated with the Michigan State Police post.

The bride is a graduate of Central Michigan college and the bridegroom from Michigan State College.

Northern Michigan Conservation Field Day at Kingsley

Farmers and conservationists from all parts of nothern Michigan are expected to converge on the Kingsley school forest in Grand Traverse county on Wednesday, April 19 for the Conservation Field Day. The all day program is designed to show the value of forest and game production and management and development of land resources of Northern Michigan.

Under the general supervision of Arthur W. Glidden, county agricultural agent of Grand Traverse county, the program will bring together many sponsoring agencies. They include: Michigan Cooperative Extension Service; Michigan Department of Conservation; U.S. Soil Conservation Service; Grand Traverse Soil Conservation District Directors and the Michigan Soil Conservation Committees. Other cooperators include Granges, Farm Bureaus, schools, FFA groups, veterans' training program and Federation of Women's Clubs.

The Kingsley school forest, located a mile and a half north of Kingsley in south-central Grand Traverse county, is one of the oldest school forests in the state. It was established in 1930 and includes both high land and swamps. It provides areas for forestry, game and fish demonstrations.

Parking areas are being arranged and tours have been worked out so visitors will be transported on wagons pulled by tractors to the many demonstration areas. There will also be some foot tours starting at 10 a.m.

Lunches will be available in the area.

Makes First Trip

The Jackie C, fish tug, owned by John Cross, became the first craft to cross from Charlevoix to Beaver Island this spring, navigating the trip Tuesday. Shifting of winds prevented the boat from returning here.

Rites Held Friday For Mrs. Sherman

Funeral services for Mrs. Robert Sherman, 88, resident of northern Michigan for more than half a century, were held at the East Jordan Methodist church Friday. The Rev. Howard Moore officiated. Burial was in the Brookside cemetery, Charlevoix. She died at her home in East Jordan Tuesday after several years of failing health.

The former Annie Walt was born at Spring Lake Nov. 18, 1861, and came to northern Michigan as a young woman. She had lived in Charlevoix before moving to East Jordan.

She is survived by three sons, Minor Vander Made of Saginaw, Peter Vander Made of Detroit and William Vander Made of Grand Haven; three step-daughters, Mrs. William Symons of Grosse Pointe Woods, Mrs. Roy Gardner of Wilmington, Del., and Mrs. Joseph Ruley of Plymouth; a brother, John Walt and a sister, Mrs. Nellie Meindenstma of Coopersville; 20 grandchildren and several great-grandchildren.

Former Local Banker Dies in Grand Rapids

Alvah D. Crimmins, 63, former officer of the Charlevoix State Savings Bank, died unexpectedly at his Grand Rapids home Friday. Funeral services were held at St. Stephens church, Grand Rapids, Monday. Burial was in Woodlawn cemetery.

Mr. Crimmins was born in the Wexford county area and had been associated with the Mesick bank before coming to Charlevoix in Dec. 1916. He remained here as cashier of the Charlevoix State Savings Bank until April 1921 when he left to become associated with the Grand Rapids National Bank. He was an officer of the Dudley H. Waters Co. of Grand Rapids at the time of his death.

He is survived by his wife, the former Gertrude Noud; a son, John of Grand Rapids; two daughters, Sr. M. Marjorie of Aquinas College, Grand Rapids, and Mrs. George Good of Holland and three grandchildren.

Illness Fatal to Phelps Township Resident

Funeral services for Winfield Schulenbarger, 84, who died early Saturday at the Grandvue Hospital, East Jordan, were held at the See Funeral Home Monday. The Rev. W. D Wood officiated. Burial was in the Brookside cemetery. He had been in failing health for several months.

Mr. Schulenbarger has operated a farm near Phelps for many years and had retired about five years ago. He had resided on Carpenter ave since then.

Masonic Meeting

Annual meeting of the Charlevoix Masonic Building Association will be held in the Masonic Temple, Friday, April 21 at 8 p.m.

Lutheran Guild to Plan Book Review Here on April 27

The book, "The Three Wishes of Jamie McRuin" by Charles McNeal, will be reviewed by Mrs. Gertrude Snook of Grand Rapids under the sponsorship of the Guild of Lutheran Women Thursday, April 27.

The review will be presented at the Bethany Lutheran church at 1407 Bridge st. at 1:45 p.m. April 27 and will be followed by a tea.

Mrs. Snook, formerly with the book department of a Grand Rapids store, has become well-known throughout northern Michigan. Her last appearance here was the review given in December for the benefit of the Charlevoix Hospital.

Only 100 tickets will go on sale for the review late this month. These may be purchased at the Courier office, the Style Beauty Shoppe or by calling Mrs. Karl R. Schultz at 597-J.

VFW Will Install Officers Thursday In Special Rites

The Charlevoix V.F.W. post No. 1153 will install its newly-elected officers at a special service scheduled for 8 p.m. Thursday. Carl Hansen of Oden, 13th district vice commander, will be installing officer.

The new officers are: commander, Fred Kohler; senior vice commander, James Whitley; junior vice commander, Russell T. Dohm; quartermaster, Clarence Rabach; surgeon, William Armstrong; post advocate, Fay Davis; chaplain, Clarence Goldstiek; trustee for three years, John Geer.

A social hour and refreshments served by the V.F.W. auxiliary will follow.

Plans are now underway for the 13th district rally to be held in Charlevoix, Sunday, April 30. At that time Herbert Devine, of Flint, state commander of the V.F.W., will be here and will present an electrieally-driven wheelchair to Ira Hart of Oden. Seventeen V.F.W. posts and their auxiliaries will be represented at the district rally.

Infant Dies

Stanley Louis John, four month old son of Mr. and Mrs. Alvin John, died Wednesday at Charlevoix hospital. Funeral services have not been completed.

City Tables Action On New Alderman

(Continued from page one)

made worse by the thaws, were discussed by the council. One of the streets needing attention, it was pointed out, was Division. The road to the dump was also brought up. Alderman Hamilton said the county road commission has no money with which to improve the road at present.

Councilmen were agreed that steps must be teken soon to improve the road. At previous discussions, it was pointed out that while the city residents are the prime users of the road it was up to the county to improve it. Hamilton said that the county does not have enough funds to repair many roads.

The application of N. J. Butler, assistant superintendent of electric power at Bloomington, for the city superintendent's job, was filed. The mayor replied to Alderman William Heering's suggested interview with the statement that under the rules for a fourth class city, there is no legal status for a city superintendent.

Bills totaling $8,011.20 were ordered paid.

Sale of Milton Block Store Is Completed

The Quality Food Store located at 330 Bridge st. has been sold to Gordon Neff of Charlevoix and Robert Neff of Newberry by Milton Block who has operated the business at that site since 1930.

The new owners have assumed management of the business and will open the store for the season within two weeks.

The young men are the sons of Mr. and Mrs. Lance Neff and are well known here. Gordon has been employed by the Pere Marquette division of the C & O railroad for the last five years. Prior to that time he was employed in Detroit. Robert has been with the Michigan State Police for ten years and since Aug. 1943 has been stationed at Newberry. He plans to resign his present position to come here. They plan to run the business as it has been operated in the past. M. J. "Mac" McCarthy will be in charge of the meat department.

Mr. Block, who was born and reared in Charlevoix, has been in business here for 34 years. His first business venture was a meat market in the Ayres building about 1916.

Citation for Legion

The American Legion post here has received a citation from the Michigan Department of the Legion for exceeding its membership quota for 1950, the post was notified by Department Commander R. Gerald Barr of Port Huron.

The Charlevoix County Farmers Union will hold their monthly meeting on April 25, 8:30 p.m. at the South Arm Grange hall. Potluck lunch will be served.

Card of Thanks

A big Thank You to all my friends for the very nice things they did for me during my recent stay in the hospital, also the doctors and hospital staff for their kind attention and service.

Hayes Farm Blaze Fatal to 300 Chicks

Three hundred baby chicks housed in a large chicken coop on the Willard Bodley farm in Hayes township were lost in a fire early Thursday morning following the explosion of a brooder used to warm the young chicks.

The Charlevoix fire Department was called out at 2:30 a.m. to help extinguish the blaze and to protect the house and farm buildings which were theatened by flames from the chicken coop and nearby oil barrels which exploded frum the heat.

Fire Chief Charles Marshall made no estimate of the loss which was partially covered by insurance.

Tierra del Fuega

Magellan in 1520 found South America's mountainous southern-tip island "stark with eternal cold." He named it Tierra del Fuego (Land of Fire) because the natives had so many fires blazing to keep warm.

No Finer List of Names On Earth!

If you had in your hand a list of all the people in the world who own and ride in Cadillac cars, we think you'd agree that you could search in vain for another list of equal size—and greater distinction.

Cadillac is the great common meeting ground for the world's distinguished people. Wherever the car is available, it has become almost the automatic companion for outstanding personal achievement.

And yet, such is the magic of Cadillac's manufacturing ingenuity, that this internationally distinguished car is available at a price which makes it a *great practical value.*

The lowest-priced Cadillac model—the lovely "Sixty-One"—actually costs *less* than certain models of numerous other makes of cars.

The great Cadillac engine is so economical to operate that gasoline mileage actually approaches that of the smallest, most economical cars. In a recent officially-supervised economy run, three Cadillac cars averaged better than *twenty-two miles to the gallon for 751 miles!*

And there is simply no practical limit to the car's endurance. It is merely a question of how long you wish to keep it and drive it. The full lifespan of a Cadillac has never been accurately measured.

In view of all this, isn't it the part of wisdom to add your *own* name to the list of those who own this distinguished car?

This is a wonderful year for moving up to Cadillac. The car has never been so beautiful, so luxurious—so utterly thrilling to ride in and drive. It is an everlasting satisfaction to utilize and possess.

Better come in and talk it over. We'd be most happy to see you—any time. But please bear in mind that every day you delay will cost you its price in pleasure and satisfaction. Why not come in today?

Charlevoix County Agricultural News

Spray Calendar Now Available

The new supplement for the spraying calendar for control of insects and diseases in orchards is now available, Ed Rebman, county agricultural agent announced today. Copies of the supplement may be obtained from Boyne City.

The supplement replaces only pages 46 through 55 of the spraying calendar (Michigan State College Extension Bulletin 154) used by fruit growers last year. Material in the 1949 spraying calendar on pages 1 through 45 is still valid and should be used in conjunction with the 1950 spraying schedules, the agent explained.

Issuing a word of warning to those spraying fruit, the county agent suggested that accidents be avoided and that directions on the label of each container be read before it is opened. He also suggested that no new material should be used under any consideration unless its dangers are understood and all precautionary measures are followed.

Parathion is one of the new materials that will be used extensively in 1950. Agent Rebman warns that this is highly dangerous to the user unless handled properly. Information on the time to use spray materials will be made available by the county extension office through newspapers and letters.

East Jordan Girl Is Chosen Dairy Queen

Shirley Sommerville of East Jordan was chosen dairy queen for Charlevoix county at a contest staged in the high school at East Jordan last Wednesday evening, Mar. 29, according to announcement by Ed Rebman, county agricultural agent. Mary Bricker, also of East Jordan, was chosen alternate. The basis for selection was made on appearance, personality, poise, tact and ability to appear before audiences and on radio. Miss Sommerville will represent Charlevoix county in the contest between 10 northern counties for district queen.

Percy Penfold, manager of the Jordan Valley Creamery, John Boss, manager of Maxbauer's Creamery of Charlevoix and Clayton Healey, owner of Healey's Dairy at Boyne City, were judges. Five other girls competed in this contest. They were Catherine Smith, East Jordan; Joyce Petrie, East Jordan; Fern Waffle, Charlevoix; Mary Lou Gibelyou, Charlevoix; and Mary Lou Price, Charlevoix. Two other girls sent in their applications but were unable to attend the contest.

Make Poultry Profitable in '50

Charlevvoix county from June to December has one of the finest poultry markets at her front door—the tourist trade. Tourists want fresh eggs and three to four pound spring chickens. Many of these poultry products have to be imported into the county at this time of year to supply it. Poultry producers should give their throught and time as to how best they can profit by supplying this demand.

There are two kinds of farm poultry flocks—both are side lines in the farm business and usually not the major source of income. The first kind of farm flock is kept only to produce eggs for the family table and a chicken dinner now and again. The second, and by far the most important, is the 150 to 400 bird flock on which the farmer depends for a part of his weekly income from the eggs and chickens. This latter type could be called the business farm flock.

How should this business farm flock "be managed?" How can they produce more high priced eggs? One kind of chicken that can supply eggs in profitable numbers during this season are early hatched pullets. Pullets hatched in January begin to lay in July and under proper management will produce many high priced eggs. About 5½ to 6 months is required before the pullets can begin to lay. At least two month more before she will lay a fair percentage of large eggs. That means that a May hatched pullet will lay very few large eggs before egg prices begin to recede in December and January.

In northern Michigan what makes a satisfactory laying house?

1. The laying house should be dry.
2. The laying house should be wide.
3. The laying house should be economical to build.

Perhaps the greatest amount of labor is expended during the winter in changing the litter in the laying house because it becomes wet. Wet litter means dirty eggs and unfavorable living quarters for the layers. What causes this wet condition in laying houses in Michigan? Usually because the insulation and ventilation of the house does not work the heat in the house and helps the ventilation system to work satifactorily. "Ventilation" is bringing dry cold air into the house and taking out the moisture laden air without a direct draft on the birds.

There is no best type of laying house. From the standpoint of expense, Michigan laying houses that are giving satisfactory results today are wide houses. Usually a 20x20 house will accommodate 100 hens and a 30x30 house will accomodate 275 to 300 birds. A wide house means less wall space and more floor space. This condition also helps in keeping houses dry.

For insulation a home grown method is 4 to 6 inches of fill insulation such as shavings or cruched corn cobs in the wall with a three foot straw loft ceiling. As the straw loft helps to ventilate as well as insulate, each end of the loft should include 4 square feet of louver space for every 100 hens in the house.

Another help in keeping the house dry is "deep litter". This is just one method of insulating the floor. A deep litter should start in September, as the straw becomes used it becomes broken up and flattened out. This forms a pad next to the floor when fresh straw is added. Such additions increase the depth of the straw until a 10 to 12 inch depth is reached. When cold weather of November and December small amounts of hydrated lime mixed in the deep litter should help in keeping it dry. It should be remembered that deep litter is a help only in keeping the house dry. If a laying house in the past has had wet litter so wet that it had to be changed every one or two weeks it is very doubtful if a deep litter properly built up will entirely correct the trouble but it will help.

Good Pastures Will Help Cut Costs For Dairy Farmers

By Ed Rebman
County Agricultural Agent

One of the best ways to cut costs in dairy operations is on feed expenses and that is possible through a planned pasture program.

Labor and equipment costs in dairy operation are fixed and rather hard to cut. However, farmers with good feed records show that pasture can furnish nearly one-third of the nutrients a good cow needs. And the cost of good pasture is far less than for other feeds.

Farmers should plan a program where they will have some type of pasture from early spring until the "snow flies" in the late fall. The use of rye, brome-alfalfa, native June grass and Reed Canary grass will make a better balanced all-round pasture program.

Feed cost can be cut not only by good pasture but by making good use of high quality silage and legume hay cut at the right time of the year. Spring is the time for farmers to plan their pasture program for the next year to 18 months and those who do so will find that meeting the situation of continued high costs and lower returns will be less difficult.

"Once over" preparation

"Once over" soil preparation that eliminates extra tillage steps, can help cut down seedbed preparation costs and still maintain crop yields. R. L. Cook, soil scientist at MSC says that plowing, light fitting, planting in a single operation, produced as high yields of small grains on soil of good tilth as did convential seedbed preparation that included double disking and spike-tooth harrowing.

The once-over method also permitted quicker planting and a saving in motor fuel. Two disking and two harrowing operations were eliminated. Another advantage was that the soil had greater water storage capacity, for tilth was not broken down by excessive tillage. Keeping soil in good tilth is needed for crop production. Loose, grainy soils give a good contact between the soil and the seed, making it easier for roots to reach plant nutrients, water and air.

Good tilth is a product of good rotation, not repeated workings with machinery. Every time you go over a field with a tractor or heavy equipment, the weight and action of the machinery grinds up soil particles and damages soils structure. It cuts down the soil' water-absorbing capacity. Roots have a harder time getting nutrients and moisture.

Tilth and structure can be built up and maintained if the soil is steadily supplied with organic matter. The best source of organic matter is well-fertilized grass mixtures grown regularly in the rotation. Crop residues and manure help, but they alone cannot do the whole job of maintaining tilth. Legume-grass crops need plenty of fertilizer carrying phosphate and potash.

Farm Mutual Auto Cuts Insurance Rate

Carlton H. Smith, local agent for the State Farm Mutual Automobile Insurance Company has been notified that the company's new reduced rates in Michigan is in effect.

Announcement of the reductions was made at the same time that the insurance company opened a new Michigan office building at Marshall. This move was made to give better service to policyholders in the state, the company said. This is the third time in three years that rates have been reduced.

Our Congressmam COMMENTS

By Charles Potter

Canada does it—why can't we? In Canada industry is humming. There are no strikes, construction of all types is creating records, and an investment boom is developing untapped natural resources. From 1946 through 1949 the Canadian government not only balanced its budgets but had surpluses in each year. During the same period Canada's national dept was reduced 13%, or by $1,620,677,000. At the same time the Dominion government has carried on a program of broad tax reduction. In 1946 a 16% cut in personal income taxes went into effect. In 1947 larger cuts averaging about 23% of personal incomes were instituted. Income taxes were reduced further in 1948 and the excess profits tax on partnerships and corporations was terminated January 1, 1948. At the same time the 3% tax on gasoline was repealed along with a number of excise taxes. The Canadian government says that the cuts in taxes ordered for 1949 meant an increase of more than $250,000,000 in the spending income of about 13,500,000 Canadians.

The government also maintains that the tax reductions lowered the cost of living for the people by $92,000,000.

Certainly, this experience by Canada proves that a high tax structure is deterrent to national prosperity.

Maybe what we need in the United States is for us to borrow some of the Canadian economists to help us put our house in order.

Canada, we take our hats off to you . . . Washington, take heed!

Butch's Birthday

Mrs. S. E. Coleman entertained with a birthday party at her home Saturday afternoon honoring her son, Charles' eighth birthday anniversary. Little guests gathered for games followed by refreshments served at a table decorated with Easter favors and centered with a lighted birthday cake.

Birthday Party

Easter rabbits and eggs decorated the refreshment table at the birthday party given by Mrs. C. M. Bice in honor of her daughter, Garlyn's birthday anniversary. Twelve little guests were invited to help celebrate the anniversary. A lighted birthday cake decorated in pastel colors centered the table.

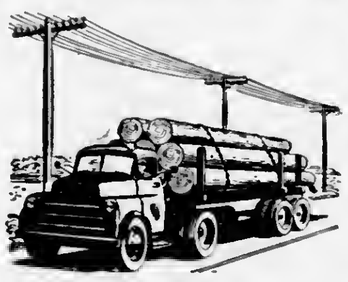
Rural Tele-news



TIMBER—It takes a sizable logging industry to keep Michigan Bell and other Bell System companies supplied with telephone poles. Altogether they use some 100 different sizes of poles, ranging from 16-foot "toothpicks" to 90-foot giants. Trees are but one of many products of the soil that are bought to provide you with telephone service.

SAVINGS AT WORK—Every time you use the telephone, the accumulated small investments of hundreds of thousands of telephone stockholders go to work for you. One in every 50 families in the United States shares directly in the ownership of the Bell Telephone System. They have invested their savings in the business, confident of a fair return on their investment. To attract the money needed to improve and expand telephone service requires the continued confidence of investors. That takes a financially healthy telephone company.

FARM CITY—If you took the 73,000 telephones that Michigan Bell has added since V-J Day in the rural areas it serves, you'd have as many telephones as there are in Flint, the third largest city in Michigan. To add all these telephones in our rural areas, we have set 75,000 poles and strung 37,000 miles of wire. This rural improvement and expansion program has cost more than $15,000,000 since the war.

New Sanitarian Hired By Health Office

Announcement of the appointment of Howard E. Houghton of Newton Center, Mass., as the new sanitarian-engineer for District Three health department was made this week by Dr. A. F. Litzenburger, department director.

Mr. Houghton, 26, graduated earlier this year from the University of Massachusetts with a master's degree in his field of endeavor. He is a graduate of Tufts college at Medford, Mass. He worked last summer on a health training program in Eaton county.

He intends to live in Charlevoix. He succeeds Robert Coleman who left here to join the Oakland county health department.

Conservation Field Day

Everone is invited to attend the conservation field day to be held at the school forest at Kingsley near Traverse City next Wednesday, April 19. The program is sponsored by all the agencies interested in conservation. Such demonstrations as planting trees, making seed beds, thinning, pruning, will be presented at this meeting. The program will start in the morning and will run through the afternoon.

Mrs. C. M. Melville, 59, Beaver Island, Passes

Beaver Island—Mrs. C. M. Melville, 59, former Chicago resident, who returned to the Island last summer, died Friday at the home of her sister, Mrs. Mike Cull. She had been ill for some time but had appeared to be improving.

She was born on the Island in October, 1890. Mrs. Melville lived in Chicago for 35 years. She is survived by her husband, three sisters, Mrs. Cull, Mrs. Mary McDonough of St. James and Mrs. E. L. Santose of Chicago a brother, Hugh Connaughan of St. James..

Funeral services were held Monday at Holy Cross church. Father Giles officiated. Burial was in the church cemetery.

Bdl and Chuck Saxton, East Jordan, and Don Carey, Charlevoix have been announced as basketball letterwinners at Alma college by Coach Norman Borton. Alma finished the season with a 12-8 season record with Chuck playing a good share of the time as guard. Bill Saxton and Don Carey were outstanding through the season in relief roles. Both are graduating senior while Chuck has one more year with the Scots.

Harry Gebeau Is Alderman for Third Ward

Mayor John Knight is expected to announce his city council committees within the next few days as a result of the election of Harry Gebeau, grocery merchant, as third ward councilman.

Mr. Gebeau was named to the position Monday night by a 4-f vote of the council. Alderman William Heering voted against the appointment, after Alderman Claude Davy offered Gebeau's name. Alderman Ralph Hamilton seconded the nomination.

Gebeau fills the vacancy caused when John Knight was elected mayor. His term expires next April. The council acted to assure the Coast Guard cutter, due to arrive here in the next 30 days, docking space. It was learned Tuesday that the 83-foot ship will be docked at one end of the city dock.

• • •

THE SHIP will be an asset to the Coast Guard station and the community. It will be manned by seven men.

The council was assured by City Attorney Norman Ance that the community will have power facilities available to handle the peak load this summer.

Harold Taylor, spokesman for a group of residents favoring free summer movies at the softball park, appeared before the council to explain his setup with a Traverse City projectionist. He was to confer with the school board which owns the field to iron out all aspects of the matter.

Mrs. Bergeon Heads Tax Board Again

The Charlevoix county tax allocation board met at the court house Monday for an organizational meeting and to make a preliminary survey of the 1951 budget.

Mrs. Walter Bergeon, county school superintendent, was re-elected chairman of the board. F. R. Bulow, county clerk, serves as clerk of the board.

A second meeting is scheduled for May 1 when the preliminary rates will be set and on May 11 a final meeting will be held. At that time a hearing for all units which levy taxes will be held so they may appear before the board.

Other members of the board besides Mrs. Bergeon are Sam Rogers of East Jordan, Guy C. Conkle Jr. of Boyne City, James Whitfield of Walloon Lake, Lillis Flanders, county treasurer and Henry Stephens, chairman of the ways and means committee of the county board of supervisors.

Deadline Extended For Rental Folders

Local residents who intend to rent rooms and apartments this summer are urged to take advantage of the plan of the Board of Commerce to list rentals in a folder which will be made available to resorters.

Board Secretary S. E. Coleman said the deadline for calling the Courier with information for the fofder has been extended until May 1. This is an added service of the Board of Commerce. There is no charge whatsoever for listing your rooms, or apartments. Be sure to call the Courier before May 1.

Information should include number of rooms, facilities and location of the rooms or apartments.

Near Sellout Seen For Book Review

A few tickets are still available for the book review of "The Three Wishes of Jamie McRuin" by Charles McNeal to be presented by Mrs. Gertrude Snook, of Grand Rapids, at the Bethany Lutheran church April 27. The program is under the sponsorship of the Guild of Lutheran Women and will start at 1:45 p.m.

Vote No Increase In Ironton Ferry For Coming Year

The Ironton ferry toll will be the same as last year in all classifications.

Supervisors at their meeting last Saturday voted to continue the rates in effect last year, the first in which the ferry had operated as a paid ferry.

There was some feeling for an increase in passenger and commercial tolls in the face of a deficit for the ferry last year amounting to $3,361.66. Several supervisors advocated a passenger toll of 25 cents per crossing.

But the board as a whole voted to continue the present toll charge for another year before considering an increase in fares.

The road commission operates the ferry for the board of supervisors.

The board adopted resolutions opposing the enactment of a federal compulsory health insurance plan, favored the setting up of a fee schedule for all patients admitted to the Grandvue hospital near East Jordan and urged Governor Williams to introduce legislation implementing the Good Roads Federation plan for increasing gas and weight taxes.

'Tis Really Spring As North Shore Makes First Trip

The motor ship, North Shore of the Beaver Island Transit Co., made its initial trip of the 1950 season to Beaver Island Monday to mark the opening of navigation between Beaver Island and the mainland. Since Jan. 1 all mail, freight and passengers have been carried by the Joe McPhillips Air transport.

The boat cleared the Charlevoix harbor at 8 a.m. and made the trip to the dock in St. James harbor without mishap although they encountered large ice floes in the island harbor.

The boat will make three trips weekly, weather permitting, until the summer season opens.

The 1950 crossing was the latest in many years.

Juniors Pointing for Annual J-Hop Party

The Charlevoix high school junior class has completed plans for the annual J-Hop to be given at the high school gym Saturday evening. Dancing will start at 8:30 p.m. to the music of the Traverse City Trojans orchestra.

The gym will be decorated in a mid-century motif with clever drawing depicting scenes from each of the decades.

Patrons and patronesses for the party honoring the class of '50 will be Dr. and Mrs. G. B. Saltonstall, Mr. and Mrs. Arthur Ranger, Mr. and Mrs. Ralph Hamilton, Mr. and Mrs. Frank Oleksy, Mr. and Mrs. Delbert Clow, Mr. and Mrs. Herbert Campbell and Mr. and Mrs. Don Swinton.

Alvin Ranger, president of the Junior class, and his partner, Ann Gill, will lead the grand march at 10:15 p.m. Intermission will follow the march.

Light refreshments will be served from a table decorated with spring flowers and evergreens.

Church of God Fete Is Attended by 64

The annual Church of God Father and Son banquet was held at the high school cafeteria Friday evening with 64 guests present.

Fred Bancroft was the principal speaker and selected as his topic "If I were a boy again". Peter Timmer gave the toast to the sons and his son, Phillip, responded with a toast to the fathers. Leo Berg served as toastmaster and Thomas Maxwell sang "Stranger of Galilee".

Proceeds from the dinner, which was sponsored by the Ladies Aid of the church, will go to the building fund for the new recreation building to be started later this spring.

BULLETIN

Sponsors of softball teams will meet at 8 p. m. Friday at the Legion hall to discuss plans for the coming season which is expected to open about June 1. Eight teams are expected to start play for the first half and 10 in the second half. Boys and junior leagues will also be formed this year.

New Local Industry Hopes for Larger Production in 60 Days

A much larger production of "No-Wait Check-out Counters" for supermarkets is anticipated in about 60 days, H. O. "Skip" Krahnke, of the K & K Engineering and Manufacturing Co., said late yesterday.

This was the first public announcement concerning the manufacturing activities of the firm which has been in test operation since the middle of January. Mr. Krahnke indicated that the units, being built for George T. Smith, Inc. of Lansing, have met with an enthusiastic approval from supermarket owners.

The last shipment of the check-out counters left here last weekend for the No. 1 store of the Market Basket group in Lansing. The new units, design of which has been a product of the local firm, will be on display for supermarket operators all over the country to see in actual operation.

• • •

THE MARKET Basket stores in Lansing are also owned by George T. Smith, who maintains a summer home in Boulder Park where he lives during the warm months of the year.

The original idea and preliminary planning for the units were started by Mr. Smith. He holds several patents on the unit which is designed to greatly speed up the checking out of customers laden with groceries and meats. Other patents on the device are held by K & K.

The unit was displayed in a nation-wide show in Chicago recently and competed with a dozen other check out units. The one being made here was termed by far the best to be produced.

The unit was originally designed to greatly reduce the waiting in line in a supermarket doing a heavy volume of food business. This problem of waiting has been the No. 1 headache of supermarket operators. It has been one problem which has been difficult to solve.

Supermarket operators who have seen the unit in operation and customers of the Market Basket stores have been enthusiastic about the unit's performance. It is estimated that an order of $7 worth of food can be checked out in less than 40 seconds.

• • •

DURING THE LAST 10 weeks, the K & K firm has spent more than $21,000 for labor and materials. In this testing period, as high as 21 men have been employed. The units have been made in the Fred Kaunitz building on Belvedere and completed in the Krahnke auto sales garage.

The company is searching for larger quarters in which to manufacture its product. The company was originally organized to manufacture boats and may shift into this type of work in the future.

Long Illness Fatal To Mrs. Lee Allard

Funeral services for Mrs. Lee C. Allard, 46, who died at the Charlevoix Hospital Sunday after a long illness, were held at St. Mary's church Tuesday. The Rev. Fr. Leo Malinowski officiated. Burial was in St. Mary's cemetery.

Born in Charlevoix Sept. 14, 1903, the former Opal Marshall was married to Mr. Allard Oct. 5, 1920. They resided in Saginaw, Detroit and Pontiac for the next seven years before returning to Charlevoix to make their home.

She was the first president of the local American Legion Auxiliary and a member of the V.F.W. Auxiliary. She was also a member of St. Mary's church.

Besides her husband she is survived by a daughter, Mrs. Robert Herrington; her parents, Mr. and Mrs. Harry Marshall and three grandsons, all of Charlevoix and a sister, Mrs. Prescott Adams of Uvalde, Tex.

Kiwanis Kapers Set For Show April 28

To raise funds to send two Boy Scouts to Valley Forge where the international scout encampment will be held, the Kiwanis club is sponsoring "Kiwanis Kapers" April 28 in the high school gymnasium. The program starts at 9 p.m.

There will square dancing with Maxie Ansbaugh of Petoskey calling the dances, cakewalks, wild animal and magician shows. A good time for young and old is guaranteed.

Persons are urged to wear hard time clothes. Boy Scouts will be admitted free to help with the various activities.

Food Market Will Re-Open Friday

The Quality Food market, formerly owned by Milt Block, opens for business tomorrow, the new owners, Gordon and Robert Neff, announced.

The store, handling a complete line of fresh meats, groceries and frozen foods, will be open the year around, they reported. Gordon intends to work in the grocery end of it and Bob in the meat department.

Cancer Drive Starts Here This Week

The Charlevoix county unit drive for funds for the American Cancer Society will begin in Charlevoix this week, Mrs. Mildred Petersen, local funds chairman has announced.

Ward chairman named for the drive are: north side, Mrs. Charles Bleha, valley, Mrs. Earl Miller; south side, Mrs. William Supernaw.

Smelt Dippers Get Ready for Busy Times

Smelt nets and rubber boots are being brought out and plans made for smelt fishing in Charlevoix county as the small silvery fish make their way into Lake Charlevoix from the big lake.

First runs were reported early this week at East Jordan where good catches are being made at Sportsman's park above the highway. E. H. Clark of the East Jordan board of commerce said the peak of the run was expected late this week if the warm weather continued.

At Advance near Boyne City the first supervised dipping was made Tuesday night.

• • •

FEW OF THE FISH have appeared at the mouth of Boyne river yet but Harry Jennings of the Boyne City board of commerce said that the Boyne river run usually followed the Advance run and could be expected by the week's end.

In other years the creeks in this immediate area were last to be visited by the smelt and sportsmen expect the pattern will be followed this year. Announcements will be forthcoming from the Rod and Gun club when the fish start to run and dippings will be possible.

Ex-Local Woman Taken By Death

Mrs. Etta Harrington, 77, former resident who has resided at Sparta and Kalamazoo for the last four years, died late Monday at Kalamazoo after a long illness. Funeral services will be held at See Funeral Home at 10 a.m. Thursday. The Rev. Jackson E. Turner will officiate. Burial will be in the Brookside cemetery.

Born in Stark county, Ohio, Dec. 30, 1872, the former Etta Courtney was married to Barney L. Harrington Aug. 8, 1896. They came to Charlevoix in 1908 and for many years he served as postal clerk at the local postoffice. He preceded her in death April 24, 1937. She continued to live here until four years ago when she went to southern Michigan.

She is survived by a daughter, Mrs. V. Y. Tuttle of Sparta; one grandson, Jack, at the U.S. Naval Academy, Annapolis, Md.; five brothers, Erwin of Poneta, Ind., John of Montpelier, Ohio; Ernest of Pittsburge, Pa., Ray of Deerfield, Ohio and Hercey of Geneva, Ohio; three sisters, Mrs. Albert Cathon, Mrs. Fred McClure and Mrs. Blanche Massie of Alliance, Ohio.

Visit John Deere Factory at Moline

Conrad Kloester, owner of the John Deere store at Atwood, and his shop foreman, Mike Fielstra, returned last week from visiting several days at the John Deere plant at Moline, Ill.

At Moline they inspected five of the 16 John Deere plants including the John Deere plow works, home of the world-famous disk tillers and moldboard plows. They also visited the company's vast research laboratories.

400 Students To Display 4-H Work April 26

Four hundred Charlevoix county 4-H workers will display their work of the last year at the annual Achievement Day to be held at the Charlevoix high school gymnasium Wednesday, April 26.

K. C. Festerling, 4-H field director, estimated that approximately 1,300 articles will be displayed and judged at that time. The exhibits will include clothing, handicraft, knitting, tractor maintenance, conservation and food preparation, all projects completed during the 1949-50 school year. The work has been supervised by 40 volunteer workers.

The exhibits will be arranged in the gymnasium April 25 and judged by Miss Amalie Vasold and Kenneth Oousterhout, assistant state 4-H club leaders.

A feature of the day's activities will be the style show to be presented at 1:30 p.m. At that time all 4-H club girls from ten years of age through 20 years will model the clothing they have made during the year. The show will include aprons and broomskirts made by the ten-year-olds, to cotton and wool garments and formal dresses in cotton and silk made by the older girl. Mrs. Floyd McCracken, Mrs. Ludwig Greiner and Joan Brumm are the committee in charge of the style show which will be the highlight of the afternoon.

• • •

THE HANDICRAFT exhibits will include hook-ends, bird houses, end tables, milk stools, hog feeders and other handy work; Conservation club exhibits will include note books, scrap books and posters; Knitters will have at least two articles on display; Food preparation displays will be cooked or baked immediately before the judging to be fresh for the occasion.

The exhibits may be seen from 9 a.m. to 3 p.m. The 4-H boys and girls and their leaders will attend a special movie at the Palace theater at 10 a.m. A hot lunch will be served at the cafeteria at noon.

The Charlevoix Kiwanis club will visit the exhibit Tuesday evening.

Road Club Beaver Dinner Draws 112

The Charlevoix county road club held its annual beaver supper at Boyne City Saturday night with 112 members and their families present.

Miss Ione Catton

Miss Catton to Talk At Church Sunday

Miss Ione Catton will be guest speaker at the Congregational church Sunday. Miss Catton was formerly a teacher in the Charlevoix Public Schools. Her return will be welcomed by her many friends and her former students.

Miss Catton was born in Michigan and educated at the University of Wisconsin, Boston University, and Columbia. After she left Charlevoix, she served for two years as head resident and club house director of the Frances Willard settlement in Boston.

• • •

LATER SHE was Executive Secretary of the Michigan State Council of Churches. During this time she developed a religious education program for 83 counties, working in a close relationship with the International Council of Religious Education. She developed Christian leadership and found time to teach in community schools and to direct summer camps.

Demonstration of Ceramics Set for Church April 25

A potter's wheel, used in the art of ceramics, will be set up in the basement of the Congregational church Tuesday, April 25. The wheel will be used in connection with an address and demonstration of ceramics.

John Reed of Eastport will demonstrate the workings of ceramic art at apublic meeting at 8 p.m. in the church. There will be a slight charge to reimburse Mr. Reed for his expenses. It is expected that a large number of persons who do not normally attend Congregators meetings will attend the demonstration.

The Congregators contributed $10 to the scholarship fund to aid two Charlevoix music students to Interlochen for two weeks in July. Other organizations are contributing to boost the total, expected to be at least $100.

It is understood that C. A. Odmark will nominate several students whom he considers worthy of the scholarships but that it will be the responsibility of the scholarship committee to make the selections.

The total cost for the scholarship is $67.50 with the fund contributing $50 and leaving the student to raise $17.50 himself, Mr. Odmark told the Congregators.

23 Leaders Receive Girl Scout Awards at Annual Ceremony

A large crowd of parents and friends of Girl Scouting in Charlevoix gathered at the high school auditorium Friday night for the annual Girl Scout meeting.

Miss K. Rita Farnum, national representative who was in northern Michigan on business, attended the meeting and presented the leaders' recognition gifts, worldwide friendship pins, to 23 leaders. They were troop 1, Mrs. Lester Smith and Mrs. Orlin Cunningham; troop 2, Edith Olach, Mary Ann Murphy and Marion Pletcher; troop 3, Mrs. Lowell Merica, Mrs. Leon Joseph and Mrs. T. D. Foster; troop 4, Mrs. George Plumm and Mrs. Claire Martin.

• • •

TROOP 5, Mrs. Robert Kelley, Mrs. William Lusk and Mrs. John Mailbot; troop 6, Mrs. Herbert Campbell, Mrs. Carlton Ikens, Mrs. Robert McClure and Catherine Fitch; troop 7, Mrs. Fay C. Davis and Mrs. Franklin Curtis; troop 8, Mrs. Abe VerWys and Mrs. James Johns. Miss Farnum also presented winter sport badges to troop 4 and the second class badges to troop 5.

Mrs. Joseph Smith presented cookie sales awards to the winners of the recent sale. Jill Cross and Nancy Wallace tied for first place and Wanda Sutton placed second.

The group and the Girl Scouts also enjoyed the movie "Our Own Camping" film which was taken at the various Girl Scouts camps last spring. A second movie "Camping for Girl Scouts" was also shown.

The films followed the March of Scouting presented by the girls of the nine local troops under the direction of Mrs. Harry Stewart; the flag ceremony presented by troop 3; a greeting by the council president, Mrs. H. E. Paddock and the Brownie song by the Girl Scout chorus under the direction of Mrs. Dean Davenport.

Supervisors Set Tax Base at Near 12 Million

Tax equalization on real and personal property in Charlevoix county for 1950 was set at $11,983,295 or $75,000 more than the assessed valuation of the county.

The board of supervisors adopted the equalization report at its closing meeting of the annual April session Saturday. The vote on equalization was 19-4 with Louvinia Lockman of Evangeline township, Agnes Lorch, Tolman Brudy, and Wiley Vought, all of Boyne City, voting no on the measure.

The equalization figures were identical to the assessed figures with the exception of Boyne City which had its assessment raised $75,000 to $1,704,605.

• • •

THE EQUALIZATION figures for 1950 compare with those of last year which were $11,605,370. The assessed valuation of real and personal property was $11,530,370.

A breakdown of equalization figures follows: Charlevoix $3,295,750; East Jordan, $1,422,665 and Boyne City $1,629,605.

Township figures: Marion, $405,575; Norwood, $219,365; Hayes, $527,120; St. James, $181,465; Peaine, $105,150, Bay, $315,060; Boyne Valley, $716,600; Chandler, $58,800; Charlevoix $362,260, Evangeline, $176,195; Eveline, $817,575; Hudson, $167,700, Melrose, $689,860; South Arm, $470,800 and Wilson, 850.

Charlevoix county is expected to complete its financial books at the end of the current year with a $7,654 deficit.

The tentative budget for the 1951 year was listed at $111,675.

As of April 1, the county had $16,765.65 on hand. The sale of some bonds held by the county was ordered by the supervisors last week. This meant an additional $18,468.20, bringing the balance to $35,233.85.

Meanwhile the anticipated revenue was listed as $20,895, giving the county about $56,129.10 with which to met expenses over the rest of the year, estimated at $87,383.69. Sale of general fund investment bonds would lessen this by $23,600, leaving the county in the red by $7,654.

The budget this year was set at $114,458 at the October session and the tentative budget for next year means a cut of some $3,000.

County Road Crisis Not Likely to Get Any Better

Road conditions in Charlevoix county which have reached the critical stage may get much worse before any improvement is expected.

This sad condition, made worse because of the spring thaws, was reported to the county board of supervisors who met last week. Supervisors were told that the Charlevoix County Road commission has little if any money with which to improve roads.

The reason for this lack of funds, a road commission spokesman said, is that rising costs for road maintenance has practically depleted road commission funds. It was pointed out that the state payments for caring for state trunklines are about half enough to finance actual work.

In other words, the road commission finds itself with an income limited by statute in the face of mounting costs. For example, the commission's report showed that it costs the county $90 a mile to drag a road. For this operation, it receives $57.75 from the state. This state payment is at the same rate as it was in 1935 when costs were less than half of what they are in the county today.

This condition is not peculiar to this county. Every other county in Michigan finds itself in the same situation. There is a mounting clamor in other sections of the state about this matter. The governor has his own solution . . . taking some $18,000,000 from the general fund . . . but the legislature is leaning toward a heavier gas and weight tax.

No matter which solution is followed, the fact remains that the county and state roads must be improved greatly or else tourists, resorters and many others coming to northern Michigan will be attracted elsewhere to spend their dollar.

Complaints are many that the roads in general throughout the state are in a deplorable situation.

The time is now when some means must be found to improve the roads which are a vital part of everyday living whether it be in southern or northern Michigan.

While we are very outspoken in the matter of tax increases, we may have to stand a tax boost if it's the only way in which the roads can be bettered.

Things May Be Looking Up for Charlevoix

The announcement that Charlevoix is to become a site of a new woodworking plant is welcome news to the community.

Things may be looking up for Charlevoix as this marks the starting of a second small plant here in recent months. The K. & K. Engineering and Manufacturing Co., has been reluctant to release information on its test contruction of a supermarket fixture.

K. & K. has been employing up to 21 men at various stages of its testing program but tentative plans call for the hiring of many more when operations become settled. Large scale production is imminent, H. O. Krahnke indicated.

The Everseal Combination Window Inc., owned by the Wojan brothers, who have decided to move the plant which has been in operation for 12 years, to Charlevoix, is expected to employ about 25 or 30 men, according to John Wojan.

If the employment expectation of these two companies is realized, it will mean that the community which has been striving to get small industries to locate here, should be headed for some good times, financially.

While many things may happen to interfere with the plans of both firms to employ a certain number of men, the situation appears to look encouraging. It would appear that the two new companies may safely employ upwards of 50 men.

If this were done on a year around basis, business conditions would take an upturn, particularly in the winter months, when things are the lowest.

Walter Wojan, who will head the Everseal company, turned to Charlevoix to locate his plant, after sale of the building in which it was housed, was sold. The council, headed by Mayor Knight, acted speedily to make necessary arrangements for the plant to move here.

The council's decision to sell the lot on which the Co-Op is located, came after it was discussed at length. The sale permits the Co-Op to sell a parcel of land adjoining the Wojan property on Stover road which the Wojans need to house part of their plant.

The purchase of the Co-Op site by the co-operative gives it a chance to plan its future expansion and at the same time provides land for the Wojans on which to build. The city should benefit in the long run.

ODDS 'N ENDS

By Fran Martin

With the beautiful weather over the week-end it looks as tho' springs is here (but keep your fingers crossed when you say it). Wasn't it good to hear the North Shore blowing for the bridge Monday morning . . . another sure sign of spring. Also heard the J. B. John had made its way into Little Traverse Bay at Petoskey for its first trip after laying up at Manitowoc . . . They'll be working like mad for they're weeks behind schedule.

Remember the Sylvester Vaughans who were at the Health unit here at one time? They're at Escanaba now and Mrs. Vaughan has a radio program, Milady's Album on the Escanaba station under the name of Kay Pollard. It's a new program what just started Monday according to Mrs. Bob Ashdon who brought it to our attention.

There's nothing like a big family for excitement and here's a story told by the Dr. Gerald Gibbonses about their recent trip to Detroit when they took all the younger children with them. The family was walking down Woodward ave. when they discovered six-year old Joe missing from the group. Mrs. Gibbons tore back down their route asking everyone if they'd seen a little boy who looked lost. Back about four blocks she spotted a crowd and in the middle of it, hugging a lamp post for dear life, was Joe. A big policeman was trying to find out who he was and all Joe would say was "I'm from Charlevoix" . . . Rescued by his mother, the family went on its shopping trip and the next episode finds two of the boys in a revolving door of a department store having the time of their lives while patrons try to get through the door with no luck.

Have you had your nose counted by the census taker yet? He paid a visit to our house recently and we were disappointed. After hearing all about the myriad questions he asks, it all seemed very simple and if it hadn't been for all the questions we asked him he could have been on his way in ten minutes . . . after hearing so much about it for so long it's quite a let-down, we're warning you.

It was truly a meeting of the clan last Thursday when Mrs. Andrew Gallagher's family got together for the first time since 1939 at the J. C. McDonald home. Here for the gathering were her son, Emerald, of Baltimore, Md., whom the family hadn't seen in three years, Mrs. Warren Wilmott of Cleveland, John A. Gallagher of Beaver Island, Mrs. A. G. Smith of Boyne City and Mrs. McDonald. A family dinner on Thursday was the highlight of the occasion and how the Irish did fly.

THAT LUCKY high school crowd . . . they seem to get in on everything. At least those are our sentiments after hearing via the grapevine that Lt. James C. Whittaker, author of "We Thought We Heard the Angels Sing" and a member of Capt. Eddie Rickenbacker's famous crew, spoke at an assembly Friday. Lt. Whittaker who spent 21 days on a life raft in the Pacific with five other crewmen after ditching their plane has a message that should be heard by everyone . . . In other words, we think he's pretty wonderful and it's a shame more people didn't hear him.

It's "Play ball" for the 1950 season and from now on all conversations will eventually turn to baseball. The Detroit Tigers are good, so we're told. Maybe it will be a pennant year, who knows, come October, we'll see. It may be the opening of the baseball season in southern Michigan but here it's smelt fishing. If the weather holds we should be having a good dip before too long, and are they good.

New Issue Out

The twenty-third annual issue of "Carefree Days in West Michigan", official tourist and publicity magazine for the 31 county territory of Western Michigan is now being distributed by the West Michigan Tourist and Resort Association, it is announced by Chester C. Wells, Secretary-Manager.

Voice of Our Readers . . .

A number of complaints have come in relative to malicious destruction including removal of signs on private property. The Charlevoix Rod and Gun club urge all fishermen to respect the landowner's rights thereby keeping his goodwill in allowing fishermen to go on his land.

We fishermen must cooperate in the elimination of all vandalism in order to maintain such privileges. It's up to each and every sportsman to see that property is not destroyed and left looking like a public dumping grounds.

The city council has cooperated in the lighting of Stover creek and Mr. J. Loskot, property owner, has consented to giving sportsmen permission to enter the stream on his property as long as order is kept and destruction does not occur. Please park outside and walk in. Also supply your own fuel for fire.

Set dipping hours will not be maintained. That will be determined when they accumulate in sufficient quanity to warrant dipping.

Your cooperation will certainly help to build a better feeling and bring about a property owner-sportsman understanding which has not prevailed in the past few years. Let's guard and preserve these privileges.

GUM IN GASOLINE CAN STOP YOUR CAR

Gasoline that's high in octane but low in other qualities often has high *gum-forming* characteristics. GUM coats pistons, cylinder walls, valves and other parts—can cause stalling and costly damage.

Diagram shows how gum deposit on valve stem causes valve head to stick open. Stuck valves steal power, lead to costly damage.

POWER-PACKED Sinclair Gasolines Stop Gum TWO Ways

To prevent gum trouble and damage to your car, Sinclair Gasolines stop gum 2 ways. By careful and expert refining, Sinclair produces gasolines with minimum *gum-forming* characteristics. As an extra safeguard, two different anti-gum chemicals are added to prevent gum formation.

The Chieftain De Luxe Four-Door Sedan

MOST POPULAR PONTIAC OF THEM ALL!

The beautiful Chieftain De Luxe Four-Door Sedan . . . A big, luxurious car with loads of room for solid comfort . . . Wide, comfortable seats with restfully contoured cushions . . . Arm rests and quality floor coverings . . . Wide, easy-access doors with child-proof locks . . . Luggage space galore in a trunk with counter-balanced, self-locking lid . . . Super-safe, super-strong all steel Bodies by Fisher . . . And performance that will thrill you every time you drive!

This is the most popular model of a most popular car—the wonderful new 1950 Pontiac. It's certainly easy to see why—it's a big, beautiful, impressive automobile.

The basic virtues of this fine car are yours in any Pontiac you choose—a Straight Eight or a Six, a Chieftain or a Streamliner, a Sedan or a Coupe. Every Pontiac is a *thoroughly good* car, a wonderful performer built to deliver years of economical service.

Dollar for dollar, you can't beat a Pontiac!

Final Plans Set for Area VFW Rally

Final plans for the 13th district V. F. W rally to be held here Sunday, April 30, have been announced by Fred Koehler, commander of the Charlevoix post, host to the visitors from 17 posts in the district

Highlight of the meeting will be the presentation of an electrically-driven wheel-chair to Ira Hart of Oden, World War I veteran, by Herbert Devine, department commander. The presentation will be made immediately following a dinner at the I. O. O. F hall at noon

Also present for the ceremony will be Irving Waldron of Indian River, district commander, and Sam Kunk of Charlevoix, who conceived the idea of a chair for Mr. Hart and served as chairman of the fund committee.

At 2 p m V. F. W. delegates to the rally will gather at the V. F. W. hall for a business session while the V. F. W. Auxiliary delegates will meet at the I. O. O. F. hall for a business meeting with Mrs Winifred Boynton of Alpena, district auxiliary president, in charge. Mrs. Fred Koehler is president of the host organization

Parsons Named to County School Group

William Parsons of Norwood township has been named to the Charlevoix county board of education, Mrs Walter Bergeon, county superintendent, has announced

He was named by the board to fill the unexpired term of Howard E Brunun who resigned when he was transferred to Holland by his company. Mr. Parsons will serve until the next election in June, 1951

Mr. Parsons is the Norwood township clerk and served as a member of one of the former district school boards

Church Young Group Is Re-organized

The young adult members of the Methodist church met last week to re-organize their group into what is to be known as the Modern Forum. It will be a Sunday evening discussion group with Dr and Mrs C O Whitten as leaders.

The newly-elected officers who will serve in couples will be: president, Mr. and Mrs. Russell Dahm; vice president, Mr. and Mrs. Richard Edwards; secretary-treasurer, Mr. and Mrs Joe Williams.

1000 4-H Progects to be Displayed At Achievement Day, Wednesday

Exhibits at the annual 4-H spring Achievement Day to be stage Wednesday in the Charlevoix high school gym may exceed 1,200 artieles, aceording to K. C. Festerling, district 4-H club agent. The event is expeeted to draw about 400 different club members from all parts of the county and many speetators.

Exhibits will consist of artieles made in 4-H project work this winter. There will be artieles of clothing including aprons, cotton dresses, slips, lounging costumes, sport wear and complete costumes. Food preparation members will display muffins, cookies and cakes. The knitting project which was very popular this winter will make a sizeable display. Each of the 85 members enrolled must show a minimum of two articles but many have knit as high as six articles.

In the handicraft display there will be everything from farm convenience articles such as a grain scoop to large artieles of furniture. Approximately 125 members are in handicraft work.

Exhibits will be made in every phase of work including dairying. All exhibits are being set up on Tuesday afternoon, after 2:30.

State club leaders Miss Amalie Vasold and Kenneth Ousterhout will judge the display Tuesday evening.

Public Welcome to 4-H Day Exhibits

The public is invited to see the 4-H Achievement Day exhibits between 8 and 9:30 Tuesday evening. The entire exhibit and program will be open to the public all day Wednesday.

The afternoon program on Wednesday will begin promptly at two o'clock in the Charlevoix high school gym.

Ribbons labeled "A", "B", or "C" will be placed on each exhibit by the judges. All exhibits will receive on of the above ratings. This rating indicates workmanship only.

4-H Clubs Active In Charlevoix During Past Year

Through the efforts of Mrs. Earl Johnson of Charlevoix several new winter 4-H clubs were organized in the city of Charlevoix last year. Although many of the clubs were started late they all plan to have exhibits for 4-H annual Achievement Day.

Mrs. Joe Williams has a large group enrolled in food preparation; Mrs. Archie Ward has a group of clothing sewers. Mrs. Harold Taylor and Mrs. Ed. Swanson have a clothing club which they lead jointly. This club was organized by Alma Armstrong who recently moved to Antrim county. Mrs. Earl Johnson, assisted by Clara Miles, has a large group enrolled in crafts plus a few who are knitting.

Two handicraft clubs were lead this winter by Orlin Cunningham and Guy Scott.

Howard Campbell Wins Dairy Award

Howard Campbell, son of Mr. and Mrs. Sam Campbell, route 1, Charlevoix, has been awarded a trip to Detroit April 27-28. The trip is sponsored by the Michigan Milk Producers association. This award is given to one member from each county for outstanding work in dairy production.

Howard will be entertained with trips through the Michigan Milk Producers' plants and other dairies. Although most of the time will be devoted to things of interest in the milk industry, the boys will have time to see the Tigers play ball Friday.

Ed Rebman, county agricultural agent, will chaperon a group which will include the delegates from Charlevoix, Emmett and Cheboygan counties.

Howard is 16 years old and has been in dairy work four years. He was a blue ribbon winner at the Charlevoix county fair last fall and is a gold medal winner in dairy work.

Homespun Fun Makes "31 Club" a Success

You never hear a "31 Club" member grumble that there is nothing to do in their community. This organization was formed to supply wholesome recreation for the youth of Hayes and North Bay communities. The county extension office assists this group as an older youth 4-H group.

The "31 Club" has built its own sound system for club and public dances. They have sponsored many community projects such as plays, cake walks, hay rides, sleigh rides, roller skating parties and just recently rented a film to show the folk of the community. Glenn Snyder of Charlevoix has assisted the group by supplying and operating a film projector.

The group made a contribution in October to the Charlevoix hospital building fund.

Sweaters with "31 club" on the pockets are worn by members of the organization. The club treasury pays nearly half the cost of the sweaters.

Counselors for the club are the members of the Maple Grove Grange.

Club officers are: president, Mary Lou Price; vice president, Bob Tripp; secretary, Clarice White and treasurer, Bill Haire.

Dress Revue Feature Of Achievement Day

About 125 girls will style the garments they made this winter in 4-H club projects. The dress revue, feature event on the 4-H Achievement Day program, is being directed by Joan Brumm, Mrs. Floyd McCracken and Mrs. Lud Greener, all of Charlevoix.

The girls have been particularly interested in good posture and graceful walking for weeks. Their aim is to be chosen County dress revue champion.

Nita Brumm of Charlevoix has been a winner in this event for the last two years. Each year Miss Brumm has had the pleasure of not only participating at Gaylord Camp but also competing for state championship at Michigan State College. Patricia Murray was alternate county champion last year.

East Jordan Knitters Club Has 41 Members

Mrs. L. B. Karr of East Jordan reports that 51 knitters from her club will exhibit their work at the Charlevoix county 4-H Achievement Day at the Charlevoix high school next Wednesday.

The East Jordan group is divided into beginners and advanced members. The beginners call themselves "The Knittin' Kittens" and the advance group selected the name "Knit Wits". Many of the members are boys and some have knit baby booties.

Flood Damage

The 1948 floods in the Columbia river basin caused damage estimated at some $8,000,000 to national-forest property and improvements. An additional $4,800,000 damage to intermingled and adjacent private property was reported. On the national forests alone, 500 bridges were wrecked or impaired, 4,300 miles of roads were cut by wash-outs, and 980 miles of communication lines were disrupted.

Pian Theater Party For 4-H Exhibitors

All 4-H club members who completed their winter work projects will receive tickets to the Palace theater for a special feature Thursday morning. The showing is made possible through Lester Taylor, theater manager.

A theater committee will be selected at the monthly 4-H leaders meeting to be held at Ironton tonight.

The theater party will assemble at the Charlevoix high school gym at 9:45 Wednesday morning. From there they will parade to the theater.

Planned Pasture For Summe Use

Good pasture doesn't just happen. It has to be planned. Planned crops are particularly needed to bridge that pasture gap in July and August when June grass and other native grasses dry up. Here are some planned pastures that can be planted and used this dairy and crops specialists at Michigan State College.

Oats—Seed about one and one half to two bushels per acre. Get it in as early as possible and start pasturing when it's around 12 inches high. Accompanying grass seedings are not injured by pasturing.

Sudan Grass—Seed about 20 to 25 pounds per acre at corn planting time. Should be fertilized for best results.

Balbo Rye—Seed about one bushel per acre in mid-August. Do not pasture too closely that fall. It will give you the earliest pasture of any grass the next spring.

If you would like this information in written form, along with a lot of other good pasture pointers for dairy cattle, see your county agent or write to the extension office at Boyne City. Ask for "Pasture Pointers."

Flounder an Imitator

The fish called the flounder can imitate the pattern as well as the color of their backgrounds. Placed on a checkerboard, the flounder will attempt to reproduce the arrangement of the squares on its body.

IT'S A DREAM FOR DISKING

New "R" Series Harrow, with power control running in oil bath, shifts gangs with power from turoiog blades—ideal for soil conservation practices. Improved hitch bars — easily adjusted for level disking and proper trailing of rear gangs on hilly or level land.

Ample clearance for trash; built-in weight boxes promote positive cutting action in heavy cornstalks. Rear gangs can be operated at different angles to each other, as well as at different angles to front gangs, for desired penetration and level surfaces. Steelite gang bearings. Hitches to any tractor. Readily adapted to hydraulic control equipment. See this new, improved harrow now.

It's Clean-up Month on Farm

Poor farm "housekeeping" causes a great share of rural fires and Ed Rebman, county agricultural agent, suggests April is the time to clean up. The Michigan State College Cooperative Extension service is working with the Michigan Rural Safety Council in promoting the April program. A day spent looking after "housekeeping" details may save thousands of dollars and perhaps lives. If it's done before the rush of spring work begins, it will be easier to find things and do a better and more thorough job of farming, he thinks.

The agent outlines this 12-point fire prevention program for local farmers:

1. Remove all rubbish and oily rags, which may ignite spontaneously. Burn them or store them in closed metal containers.
2. Examine heating systems for cracks, soot clogging and defects and see that no combustible materials are directly exposed to heat.
3. Examine wood shingle roofs, if old, replace with fire retardant roofing.
4. Keep ashes in metal containers.
5. Replace frayed electric cords and have defective electrical equipment replaced or repaired by a competent electrician.
6. Remove rags, paper, boxes and old furniture from attics, barn and other buildings.
7. Chimneys and flues should be inspected and cleaned once a year.
8. Cut down and burn dead vines, brush and weeds along fence rows and near farm buildings.
9. Remove cobwebs and dust from switch boxes and clean lamps.
10. Install lightning rods.
11. Keep furnace clean and keep stoves a safe distance from walls and wooden boxes.
12. Keep in a very handy place a ladder, long enough to reach the roof of the highest farm building.

"Remember, if you clean up your farm today, it won't burn up tomorrow. A clean farm seldom burns."

Recommendations For Fertilizing Garden

A fertile soil in your garden will give you better production and more satisfaction. So we'll list some recommendations from Jim Porter, extension soils specialist for Michigan State College.

Jim says some good old barnyard manure applied at the rate of 20 bushels per 1,000 square feet along with 20 pounds of 20 percent superphosphate will give the soil lots of fertility. Get it on as soon as possible and before plowing. If you don't have any of that manure then use a 3-12-12 fertilizer at 20 pounds per 1,000 square feet and turn it under when you plow. Use of fertilizer at the time of planting will give results, too. Make a trench about two inches deep and two inches on one side of where the row of seeds is to go in. Then put in 3-12-12 fertilizer at the rate of two pounds for 100 feet of row. This will be covered when you dig the seed row and plant the seed.

Most gardens have been overlimed so it's a good idea to test the soil at least every two or three years before you put any lime on it. Chances are that it won't need the lime and putting it on will do more harm than good.

Trichinosis Caused by Poorly Cooked Pork

"Cook all pork and pork products until they are thoroughly done," the Michigan Department of Health warned today in reporting the death of a Michigan woman and serious illness of several others from trichinosis.

Trichinosis is an illness caused in humans by tiny parasites which may infest the meat of any meat eating animal. The parasites enter the body in undercooked meat, usually pork, and then form cysts in the muscles and other parts of the body. The illness is painful, and may be fatal.

Thorough cooking of pork and pork products destroys the parasites. Roast pork and roast pork liver should be cooked at no less than 350 degrees until it is well done — usually about a half hour per pound is required for large roasts. Internal temperature of the roasts should be at least 185 degrees the Department said.

Forrester Discusses Raising Pine Trees

Lester Bell, extension forester from Michigan State College met with a group of interested folks to discuss the program of raising their own pine trees from seeds. The reason for this was that many people wanted Scotch Pine and Spruce which at the present time are not available from any other source. The directors of the Charlevoix Soil Conservation District, the farm planner and the superintendent of the East Jordan school all are interested in this project.

Mr. Bell suggests that the people start slow. Take a bed three foot by four foot that will grow approximately 1000 trees. Sandy loam soil is best and must be well drained and free from weeds. This soil is carefully fitted and leveled like a table top. The seeds are planted on top of the soil and covered with sterile sand. The summer is spent weeding, watering and watching for disease.

There will be some demonstration beds put in this spring. Growers who are interested in this and would like more information may obtain this by writing the county agent.

IT HAPPENED ON . . . .

BEAVER ISLAND

By Mrs. J. C. Hanley

George Miller, who came up from Jackson to spend Easter with his family and Patricia Ramsey, who was spending the Easter holiday with her parents, were set to make an early take-off Monday morning for their respective destinations. It was Thursday when they finally got away.

When the skies cleared for Joe McPhillips to come, he had a busy day. The plane was over seven times.

Johnny Andy Gallagher left Thursday for Charlevoix for a family get-together at the home of his sister, Mrs. Charles McDonald. His brother, Emerald Gallagher, is visiting at the McDonald's home.

Carl Keubler was a patient at the Burns Clinic, Little Traverse Hospital, during the past week. It was a check-up trip and the report was very favorable.

The small lakes in the road between town and church resulted in a free day for the school children Thursday. The Sisters tried to ford the stream in their car but got stuck in the middle of the pond. Never has the island been so wet and muddy since this reporter moved to the Beavers.

During the snow storm two visitors arrived on the island last week from the deep south, Mr. and Mrs. Robin. Said Mrs. Robin to Mr. Robin, "Mercy, we certainly didn't intend coming north for Christmas! Papa, how could you ever make such a mistake?" And again poor Pop gets the blame.

Matt Melville left Thursday to return to his boat.

Mrs. Fred Spalding and her mother, Mrs. Cora Portt left Thursday for New York to attend the funeral of Mrs. Portt's sister.

Bernadette Malloy invited fifteen schoolmates to her home Thursday evening to celebrate her birthday. Card games and dancing were enjoyed and refreshments were served during the evening.

The ice breaker, Woodbine, returned to the island Friday to break up a larger area of ice. On the first trip, an SOS from Roger City hurried the Woodbine away after crushing a path to the dock.

Between the Woodbine and the sou'west wind, there's open water in part of the harbor and it looks beautiful!

Mrs. Louise Barkley had as her week-end guests her daughter and son-in-law, Mr. and Mrs. James Insell, Betty Ann Cox of Detroit.

Charlotte McDonough drove up from Detroit with the Insells to spend a few days with her parents, Mr. and Mrs. Bill Pat McDonough.

Teddy Wojan has returned to Detroit after a visit with his family.

Robert Gillespie left Saturday to report to his boat for the sailing season.

The lovely handmade articles displayed in Dick's store are the work of Mrs. Gus Mielke and Dick's wife, Musette.

Friday evening, the high school boys and girls gave a benefit party and dance at the Parish Hall.

Sunday, Lawrence J. Malloy returned to the island after a week spent on the mainland. James Insell returned with McPhillips to Charlevoix.

Delayed Letter

Beaver Island was more isolated this past week than any time this winter. Snow, fog and the condition of the island prevented the plane from coming.

In the meantime, island sailors were receiving calls to report for duty. Getting off the island presented a real problem for the boys. The majority of the sailors were dressed and packed for an early take-off Monday, but the heavy fog that enveloped the island did not lift until late Monday afternoon and McPhillips could only make one trip. He landed on Willie Schmidt's field which was none too safe with the ground soggy and covered with soft snow. Tuesday there was no plane at all. Wednesday, it was necessary to call Bob McCutcheon at Mackinac City where a take-off with skis was possible. McCutcheon made four trips and all the sailors who had to go, got away.

• • •

THE LADS who will sail the Great Lakes for the coming season and left last week, Francis Ricksgers, Buddy Left, Donald Cole, Gene and Jack Burke, Don Burke, Ray Cull, Francis O'Donnell and Buster Elms.

Members of the Third Order of St. Francis met at the home of Mr. and Mrs. Frank Nackerman Tuesday evening.

Margie Gathff wrote home a glowing account of her trip out west. Winding their way from Saginaw to Portland, Ore., Dr. and Mrs. John Montgomery and family and Margie visited the Grand Canyon, Boulder Dam, San Diego, Beverly Hills, Yosemite National Park and many other interesting spots.

Joe Gallagher said that the guest list to the crow feed is mounting. After reading the Courier last week. Several out-of-town friends have written requesting an invitation. "We'll have to increase the number of crows from 50 to 100 to feed the crowd", said Joe. Thirty are already in cold storage.

• • •

THE ICE BEAKER "Woodbine" came to the island on Thursday to cut a path to the dock. The Woodbine made it's appearance about 7 a.m. and it was close to noon before it reached the dock. The ice in the harbor looked to be 20 inches thick.

Thursday night, nature's ice breaker, the sou' west wind, blew up enough strength to break up and take away the ice outside the harbor and to take away a number of fish shanties, too.

A few shanties remain inside the harbor. The team of Belfy and Boyles have their bright aluminum shanty in a good spot. One day last week, their nets yielded 190 pounds of perch.

• • •

SATURDAY EVENING. Grace Gatliff invited fifteen friends to her home to celebrate her birthday. Card games and dancing entertained the guests. A luncheon was served during the evening.

It was more like Christmas than Easter this year. The ice, snow and drop in temperature were decided handicaps to those who were "diked out" in spring ensembles.

A few braved the elements and wore straw bonnets. Mrs. Russell Palmer wore a wide picture hat with a brim full of lovely rose buds and lilacs—a genuine Paris creation. Rosemary McDonough and Karen Ryan were sweet in their white straws and ribbons.

Among the Beaver Islanders who returned home for the Easter holidays were: Buddy McDonough, Gene Connaghan, Anthony Greene, Patty Ramsey and Harold Ricksgers.

• • •

BRUCE MCDONOUGH returned to Grand Rapids with his brother to spend a week.

The joyful feast of Easter was saddened by the death of two islanders, Mrs. Matt Melville and James Martin.

Those attending the funeral of Mrs. Melville from out-of-town were Mr. and Mrs. Stanley Lockton, Mrs. E. L. Saltose, Mrs. Philip Blake and Mrs. Anne O'Regan, all of Chicago.

Two weeks ago, Mr. Melville left for the sailing season. He was aboard boat when news of his wife's death was received. He arrived on the island Saturday.

• • •

CORRECTION: The passengers in the plane that could not land as reported in last week's news were Mr. and Mrs. Lester Soergel and three sons of South Haven. They were coming to spend Easter with Mrs. Soergel's parents, Mr. and Mrs. Gus Mielke and Mrs. Soergel's sister and family, Mr. and Mrs. Rolland McCann.

Marion Seymour Feted at Party

Marian Carol Seymour was honored at a surprise birthday dinner given last week by her mother, Mrs. Versal Seymour. A lighted birthday cake centered the table about which places were laid for Colleen Reed, Beverly Stroud, Shirley Clement, Katherine Clark and Pat Rose.

A social hour and games followed.

Gabby Enjoys Going to The Dentist

One of my molars was giving me a bad time Tuesday afternoon, so I slipped over to Doc Jones, hoping to catch him free. When I arrived, Gabby Jackson was sitting there reading a magazine. I said hello to Gabby and he nodded.

Doc comes out and says I'm next. "Wait a minute," I says. (My tooth seemed to have stopped aching.) "How about Gabby — doesn't he have an appointment?" Doc smiles and says, "Gabby? Why, he's got the finest teeth in the county. He just comes up here and reads the magazines whenever he's in town!"

As Doc went to work he told me that he's glad to have Gabby come op and read magazines . . . they might not all be fresh off the newsstand, but if Gabby—or anyone wants to while away some time who is *he* to stand in their way?

From where I sit, this "live and let live" spirit helps make America what it is. If I prefer a friendly glass of beer with my supper and you prefer milk—who's to say one's right and the other wrong?

Swinton And Hill Take Over Added City Duties

Mrs. Malpass is pictured with three of her grandchildren, twin girls, Christina and Julia Malpass and their older sister Caroline. The children's father is East Jordan's mayor, William Malpass.

'Grandma' Malpass of E. Jordan Gives $1000 to Hospital Drive

An 86-year-old pioneer woman in East Jordan became the first resident in that city to contribute to the proposed Charlevoix area hospital.

She is Mrs. Alice Ann Malpass whn is well-known in most people in the East Jordan area.

Mrs. Malpass, in giving $1,000 to the hospital fund, said she hopes that it is only the first of many similar contributions to the hospital building fund which has been gaining momentum in recent weeks.

• • •

SHE IS LOOKING forward to seeing the new hospital built in Charlevoix to serve the county and surrounding area, a truely outstanding area hospital.

Awaiting her eighty-sixth birthday on May 15, Mrs. Malpass recalls how she and her husband the late William Malpass, came to East Jordan, established a business in those days, she said, was not easy. It took all their energy, determination and grit to carry on a business which Mr. Malpass left to his two sons and grandsons.

Mr. and Mrs. Malpass had a family of 13 children, nine of whom are living. The large family called for careful planning on the part of the pioneer homemakers. One pair of shoes each week had to be part of the family budget expense. The dining room table was taxed to capacity to accommodate the family.

• • •

YET THIS LONG table always had room for one or two more.

Council OK's Free Lease at Beach, Mayor Objects

Over the objection of Mayor John Knight, the city council voted to renew the bathhouse concession lease for three years for Mrs. Edward Heise.

The council's vote was unanimous, after a lengthy discussion. The Mayor's contention was that the city, sorely pressed for funds, should accept bids for the leasing of the concession.

Alderman William Heering disagreed with the mayor, saying that Mrs. Heise had done an outstanding job in previous years and that the city ought to lease it to her for $1 a year.

S. E. Coleman and Probate Judge Floyd Supp spoke in favor of Mrs. Heise's renewal, although their remarks were confined to the commendation for the outstanding job she has done at the beach in the last six years.

The mayor pointed out that several others wanted to be considered for the concession but that he favored Mrs. Heise's consideration. He differed with councilmen who said she should be given the concession for a $1 The mayor emphasized that the city should charge a fee for the concession. Mrs. Heise then offered to pay $100 a year but it was declined.

Heering made the motion to renew the lease and Alderman Ralph Hamilton seconded the motion. Other councilmen voted to renew the lease. (The mayor is not permitted to vote except in case of a tie.)

Kit Carson Heads Board of Commerce

Kit Carson was elected president of the Charlevoix Board of Commerce at its annual meeting last Wednesday night. He succeeds Charles Bleha. Richard Edwards was elected vice president.

The need for building several tennis courts was explained by Richard Edwards. He said that many visitors last summer and the year before asked why there were so few tennis courts available in Charlevoix.

He was instructed to determine the cost of four tennis courts and report his findings at the next board of directors' meeting. Other things discussed by the directors included the free movie proposition at the athletic field this summer. No decision was reached on this proposal.

Directors authorized a full page advertisement in the Trav-L-Guide. Secretary S. E. Coleman will have charge of writing the copy and supplying the pictures for the advertisement.

Sixth Grade Pupils Draw Hospital Poster

Sixth grade pupils are competing for three prizes in a poster contest sponsored by the hospital building fund committee.

First prize is $5, second prize, $3 and third prize, $2. The posters will be put into the store windows. Residents who view the various posters will drop slips with the poster numbers in a container at Brown Motors. The poster getting the most votes will win first prize. Second and third place winners will also get prizes.

Persons passing by the posters are urged to vote for the one they think is best.

Evening of Fun Promised for All At Kiwanis Kapers

Have the time of your life at the "Kiwanis Kapers" party Friday night at the Charlevoix school gymnasium.

A program including square dancing, calling by Maxie "Chubby Boy" Ansbaugh of Petoskey, cake walks and a lot of other fun-making events will open at 9 p.m. Everyone invited.

For 29 cents for adults and 19 cents for students, they can have an evening of fun and entertainment. Several prizes will be offered. Wear your old clothes or you'll be sorry, the Kiwanians say.

The "Kiwanis Kapers" is being held to raise money for the Boy Scouts who want to send several scouts to the international meeting at Valley Forge this summer.

This is not a fancy party, C. B. Meggison, party chairman, said, but just an old-fashioned hard times get-together. Lots of music dancing and games. Don't miss it if you want a good time.

Arrangements have been made for a capacity crowd, Mr. Meggison said.

Saltonstall Assails Socialized Medicine

An increasing number of Americans are indicating in no uncertain terms that they prefer voluntary medical insurance as opposed to the compulsory health system.

So declared Dr. Gilbert B. Saltonstall in his talk before the Kiwanis club Monday night. He said that more than 3,000 groups throughout the nation are actively opposing compulsory health insurance as proposed in Washington.

Millions of Americans are examining the facts of the matter and their conclusions don't agree with the planners, dreamers and socializers. Americans are finding out that the compulsory plan in England and other nations which have it, is failing because of lower medical standards and higher costs.

Dr. Saltonstall mentioned that the proponents of the compulsory plan cannot even estimate the cost. It has been estimated that it will take 12 billions to get the plan rolling. A quarter of the national income today is taken by the government as taxes, he declared. More than 19 million people get monthly government checks.

"Government like a family can stand a little overspending", he said, "but we know that this condition must be stopped unless the 149 million Americans are to avoid the poorhouse."

Pythian Sisters To Be District Hosts

The Charlevoix Temple No. 149 of the Pythian Sisters will be host to the annual district No. 2 convention Wednesday, May 3.

Presiding at the convention program will be district deputy Janet Udell, of Grand Rapids who is also grand guard of the Grand Temple of Michigan. Ethel Ten Eyck of Sault Ste Marie, grand chief, will also be present and will give corrections on the work presented at the convention.

The convention will open at the local K of P hall at 10 a.m. May 3 with the morning session closing at noon for a dinner to be served at the I.O.O.F. hall by the Past Noble Grand club. The afternoon session will resume at 1 p.m.

Mrs. George Roff and Mrs. Robert Livingston, of the local lodge will serve as registrants. Mrs. Albert Edwards is the most excellent chief of the local Temple.

An estimated 125 Pythian Sisters from the following Temples are expected to attend.

Mrs. Lawrence Korth and two daughters and Mrs. Russell Curtis and two children spent the week-end in Grand Rapids with their parents, Mr. and Mrs. Charles Reinhart.

Don't miss the fun at the old fashioned hard times party Friday, April 28, at the school gym. Adults 29c. Students 19c Square dancing. Adv.

Locals Whip East Jordan In Track Meet

East Jordan showed unexpected strength while bowing to the Charlevoix tracksters last Friday 52 to 38½ in an abbreviated affair.

Because East Jordan had no high hurdlers or pole vaulters, the events were not held. This is Jordan's first track team in many years.

Ron Cunningham was high point man of the meet with firsts in the low hurdles and the broad jump and running a leg of the winning 880 relay team. Charlevoix slammed the shot put and the mile while East Jordan swept the 100 yard dash the 220 and 440 races.

Track Coach S. E. Coleman did considerable experimenting, shifting his lads from one event to another, in an effort to get a line on their capabilities for the meets later in the season. Chilly weather prevented better performances.

• • •

THE LOCAL thinclads are looking forward to the relays May 6 at Mt. Pleasant.

The Summary

Shot Put—C. Fairbanks(1), D. Smith(2) and D. Hardy(3). Winning put, 45 foot and 10½ inches.

100 Yard Dash — Morris(EJ), Huckle(EJ) and Hardy and Cutler(EJ) tied for third. 11.3

220 Yard Dash — Cutler(EJ), Boring(EJ) and Morris(EJ). 25.5

440 Yard Dash—J. Milstein(EJ) Morris(EJ) and Whiteford(EJ) 61.1.

220 Low Hurdles—Cunningham, Huckle(EJ) and D. Gill. 23.2

880 Yard Run—J. Dodge, G. Haggard and Streeter(EJ). 2.33.

Mile Run—M. Bergeon, G. VerWys and S. Whitley. 5.18.

Medley Relay — East Jordan (Shaw, Milstein, Whiteford and Maxwell.) 3.12.

880 Relay—Charlevoix (Hardy, D. Suomela, Cunningham and D. Jolliffe.) 1.44.

High Jump—C. Fairbanks and D. Smith tied for first, D. Gill and J. Left tied for third. 5 foot and six inches.

Broad Jump—Cunningham, D. Smith and Milstein(EJ). 19 foot and four and one half inches.

Dwight Smith, Doris Neilson Win Music Awards

Two members of the Charlevoix high school band have been awarded scholarships to the National Music Camp at Interlochen for two weeks in July, C. A. Odmark, band director has announced.

They are Dwight Smith, solo clarinet player and recent winner of a I rating in the state solo and ensemble festival at East Lansing, and Doris Neilson, solo cornet player with the high school band.

Alternates named were Jack Paul, baritone player and Arthur Taylor, bass born player.

Each scholarship is for $50 to be applied to the total of $67.50 which the two weeks at the music camp costs. The selections were made by Mrs. E. D. Hawley, Mrs. Arthur Ranger, Mrs. Albert Edwards, Mrs. Kit Carson and Albert Novotny with recommendation by Mr. Odmark.

Wants Courier Issue Badly, to Pay $1 for it

A Bridge street merchant is willing to pay $1 for a copy of the Charlevoix Courier, March 30 issue. He wants only one copy. The first person who brings a copy of this issue to the Courier office will be given a crisp $1 bill.

While he declined to let his name be used, this is his story: he borrowed a fellow's paper(we also sold him a subscription) and discarded it when he finished with it. The fellow who loaned him the paper insists on having the March 30 issue returned to him.

Faced with an increased demand for the Courier, this newspaper has only six copies of that issue and all those are needed in office files. This merchant asked everyone he knew but for some reason could not locate a paper.

Bruce Shanahan

Joyce Paul

Bruce Shanahan Is Valedictorian, Joyce Paul Named Salutatorian

Bruce Shanahan has been named valdictorian and Joyce Paul salutatorian of the 1950 graduating class of the Charlevoix high school, H. E. Bingham, high school principal has announced.

Bruce, son of Cmdr. and Mrs. Edward K. Shanahan, as valedictorian has a rating of 3.80 of a possible four points.

Besides an excellent scholastic record, he has been interested in many school activities. Membership in the school band for four years, the choir for two years, the football team for three years, student director of the junior class play and treasurer of the senior class, besides service in many ways on special committees shows the wide variety and scope of interests.

• • •

BRUCE PLANS to attend the University of Michigan next fall.

Joyce, the daughter of Mr. and Mrs. Ernest E. Paul, is salutatorian with a rating of 3.78 of a possible four points.

In addition to the fine academic record, Joyce has been an enthusiastic member of the school band for four years, a member of the choir for two years, is a member of the staff that has developed the Senior Annual for 1950, has done sterling work as a member of the senior sales committee that is securing funds necessary for the senior trip as well as aiding in the activities of many other committees that has helped the class.

• • •

OTHERS IN the class of 1950 whose scholastic work enables them to be included in the first ten are listed alphabetically as follows: Jack Dodge, Marilyn Ikens, Lorna Lewis, Phyllis Mason, Sue Miles, Betty Orvis, Mary Roberts and Beth Wickersham.

There are 55 students in the graduating class who will receive their diplomas at commencement exercises scheduled for June 6. Baccalaureate service will be held June 4.

Shakespeare Club Names New Officers

Mrs. Robert Wexstaff, retiring president of the Shakespeare club, opened her home Monday for the annual officers tea and business meeting.

Mrs. Karl Erber and Mrs. S. E. Coleman, co-hostessess and former vice-president and secretary, will be the president and vice-president for the 1950-51 season. Mrs. Gordon Freedman was named secretary.

Twenty members and one guest, Mrs. Samuel Freedman of Cincinnati, were present for the tea which followed. Dainty refreshments were served by the hostessess. A bouquet of daffodils and pussy-willows decorated the dining table.

Theme for School Open House To Be Building Needs

"Our Building Needs" will be the theme of the annual spring open house at the Charlevoix public schools May 4, Supt. Roy G. Bennett has announced

The Charlevoix Education group will be in charge of the program to be held in the high school gym at 8 p.m. At that time they will present their findings to date on the immediate building needs of the Charlevoix schools. Cmdr. Edward K. Shanahan is chairman of the group.

Preceding the program in the gym the classrooms will be open so parents and friends may visit the rooms, see the exhibits of the students work and consult the teachers.

Refreshments will be served after the meeting

School Facilities Are Inadequate For Providing Better Facilities

Present school facilities in Charlevoix, inadequate because of the growth in enrollment in recent years, prevent many students from obtaining a better education.

Schools Superintendent Roy G. Bennett says that the high school has barely enough space to carry on a limited curriculum. In fact many students are prevented from taking several courses they need because of lack of facilities.

For example, take the pligbt of a student who wants to take typing. Only 18 typewriters are available in cramped quarters. Ability to typewrite is considered elementary today when a high school graduate goes job hunting.

• • •

AND YET only a handful of those who want to take typing for commercial work are able to enroll. Consider the facilities for typing. Some 80 students taking typing with between 50 and 60 waiting for a chance to take the course.

The same condition prevails in the shop program. Eighty-four are enrolled in shop classes with another 550 desiring to take similar courses. A similar condition exists in speeeb classes. Class room space does not permit even a majority of the students to take speech . . . something every student needs in his future occupation.

• • •

THE SPEECH room is small, ill-equipped and designed wrongly for adequate speech presentation.

Few residents realize, Mr. Bennett added, that high school enrollment has jumped from 234 to 351 in the last eight years. This enrollment is expected to remain this high or higher for many years.

The school operates without an agriculture department, chiefly because it does not have proper facilities. With many of the students coming from rural homes, it is logical that farm students should want to study agriculture as part of their schooling.

Fifty-four students are eligible for agriculture courses this year. But they cannot take advantage of the courses because the state department for vocational education says the school must have adequate classroom and laboratory space in which to teach farm subjects.

Leitch Given 30 Days Notice By Council

Casting a tie-breaking vote, Mayor John Knight turned the tide which put Don Swinton, former deputy clerk, into the newly-created office of comptroller and Hal Hill, former foreman of the light crew, into the job of superintendent of the light plant.

The council deadlock was broken at an adjourned meeting Tuesday afternoon, after City Attorney Norman Ance ruled that the mayor could cast a vote to break the tie.

The deadlock resulted from the council meeting Monday night when the mayor, who said he was elected by the people of Charlevoix on the platform of abolishing the city superintendent's job, recommended the reassignment of duties for Swinton and Hill.

• • •

THIS MEANT that City Supt. Angus Leitch's job was abolished. On the motion of Harry Gebeau, new third ward councilman, the council agreed Tuesday to give Mr. Leitch 30 days notice. His city pay will end May 29.

Swinton and Hill assumed their new duties Wednesday. Swinton was given $10 more per week to take care of his present duties plus the complaint department which heretofore was handled by Leitch's office. Hill will be in charge of the light plant and will move into the city-owned home occupied by Leitch.

• • •

THE DEADLOCK resulted when Alderman William Heering, Carl Kohler and Ralph Hamiltoo voted not to approve the reassignment of duties and Alderman Claude L. Davy, Drew Young and Gebeau voted to favor Knight's recommendation.

Knight insisted that the city under the fourth class rules cannot have a city superintendent or manager unless the people vote to change the charter. The city attorney pointed out that it is his opinion that the city can have a city superintendent but that he cannot be vested with

Clean-Up, Fix-Up Time Pays Big Dividends

This is Clean-Up time in Charlevoix county. The checking-up, cleaning-up and repairing you do now may save your life or limbs or those of your family.

Fires and falls cause three out of four fatal accidents which occur in Michigan homes. Fires, machinery, falls and livestock cause nine out of ten fatal accidents which occur on Michigan farms. Many such accidents can be prevented by clean-up and repair.

Have your heating system completely checked for cracks, rusting or other defects.

Have a competent electrician check your electrical wiring and appliances and replace all frayed wiring.

Remove all rubbish, rags and papers from basement, attic, garage or barn.

See that all stairways are adequately lighted, solid, and free of toys, tools or rubbish.

Use a ladder for any climbing you must do. Don't climb on chairs, tables or boxes.

Clean out the medicine chest; get rid of all old medicines and mark poisons clearly.

Put all insecticides, laundry bleaches, cleaning compounds and other poisons well out of reach of children.

Check your farm machinery, especially the tractor and power equipment to make sure it is in proper working order and that all guards are in place.

Make sure that your harnesses are in good repair and that your stanchions and fences are strong enough to hold your farm animals.

Make a rack for your farm and garden tools and keep them in it.

Fill up that old cistern, well or septic tank on your property.

Clean up the barnyard and outbuildings and fill up water holes to eliminate insect breeding places.

This is only a partial list for Clean-Up Month. By looking over your own house, lawn, garage and barns you can find many other hazards which you and your family can remove during Clean-Up Month.

Voice of Our Readers . . .

Dear Editor:

May I ask if Charlevoix is deteriorating instead of progressing in simple matters like voting?

I ask the question because I read in the Courier that over 75 ballots were discarded in the recent election.

A good many years ago, I served on the election board and if my memory serves me correctly, there were only four or five discarded ballots.

I have been an absent voter for several years and during that time I have met and talked with many people who think, and rightly, that Charlevoix could be one of the very nicest places to spend a vacation. Having discussed the question with both young and old, I would like to pass on some of the opinions expressed. Quotes from the young:

• • •

"WHAT DOES Charlevoix have in the way of entertainment to offer young people? Not even a comfortable theater. One with a gloomy interior and with seats so uncomfortable, you feel tired instead of relaxed and rested. Yet the prices are the same as you would pay in the city for something far superior. Aside from the natural beauties, bathing beaches, etc. Just what have we to offer"?

• • •

QUOTES FROM employees of people. "When we have finished our days work, what is there for us to do, no place to go dancing, no play house, not even a decent theater. The majority of us do not have cars, so we cannot go outside the city for entertainment".

Quotes of older people. "We don't like the mediocre crowds that Charlevoix tolerates. Shuffle Board Courts, beaches, and even business places are monopolized by this class of people, people who expect and demand so much attention and consideration, people who will never be said of the Golden [illegible]"

I for one, have the great[illegible] admiration for the youngsters, who a few years ago, took the reins in their own hands and did something about this situation.

• • •

A SITUATION, which we, the voters of Charlevoix might have prevented, instead of going along like drivers in a traffic jam, futilely blowing our horns Then, there's my "pet peeve". Why are't we keeping our young people in Charlevoix? Why do they get married and then leave? Would it be necessary to hire a Lawyer or a City Manager to answer that question? Young people need homes and incomes sufficient to support and educate their children What have we, in the way of employment to offer them?

The present ludicrous situation in Charlevoix helps to keep alive my invaluable sense of humor. I admire and commend the attitude taken by the Editor of the Courier. I enjoy the editorials and am happy to find the Courier willing to print both sides of all questions that arise. [illegible] be a boost for Charlevoix.

Congratulations to the [illegible]

mayor and the council members from one of Charlevoix's absent voters.

Very respectfully yours
Mrs. Ruby Staley

ODDS 'N ENDS

By Fran Martin

The J-Hop Saturday night was a huge success--at least that's the report from the teen-agers as well as their elders (the latter being anyone out of high school more then five years) The decorations were pretty, the music good, the crowd friendly and the gowns--mmm--they transformed the place into a flower garden of color they were so lovely. And in case you've been wondering what happened to all those cute little girls who used to be around, they've grown up and are now cute big girls . . . We know you would agree had you seen them Saturday night . . . all agog about their gowns and dates and flowers. Oh' to be young again.

CONGRATS to the winners of the Interlochen sholarships and an orchid to the group who thought up and worked so hard to establish the fund . . . It's going to be wonderful for our boys and girls to have an opportunity to train for two weeks under the wonderful teachers at the music camp, to meet youngsters from all over the state as well as the regular students from all over the country and play with other youngsters. Young band members are chosen for the scholarship so they may impart to their fellow players in the local band some of the things they'll learn there . . . It's a pretty wonderful thing so let's get behind it and keep it rolling.

• • •

AND SPEAKING of the band, wasn't the concert at the high school last week swell? The Band Parents Association reports $203.-15 banked after paying taxes and when the tickets, advertising and posters are paid they expect to clear about $185 for the trip to southern Michigan. The above amount includes $27.85 from the lamps given by Melvy Niswander and won by Leslie Everts. If the high school group plays at state as they did last week, they're sure to get a 1 rating . . . we hope. Lots of luck and have a good time on the trip. You've earned it with your splendid playing. And a special salute to Mr. Odmark . . . no one's worked harder then he.

BELATED birthday greetings Mrs. Ella Brenner and Mrs. Nettie Huggard . . . and congrats to Joe Etienne, C. O. at the Coast Guard station who observed a anniversary last week . . . his third at the local station . . . a 'get well soon' to Mrs. F. F. McMillan who has been recovering from a recent operation at the Charlevoix Hospital . . . and congratulations to the high school honor students who were named this week . . . we hear there were several right at the top with only a few points between the runners-up and the winners . . . A bouquet to Sam King and the local V.F.W. who started the ball rolling on the wheel-chair fund for Ira Hart of Oden. We hear it's for a wonderful guy who has given generously of his time to all veterans. This was their way of saying 'thank you' to him.

• • •

With the first of the summer residents about to arrive can summer be far away in spite of the weather. The J. H. Kings are expected at the Chicago Club early next month after the winter in Chicago . . . Mrs. Samuel Freedman of Cincinnati is spending several days here and supervising some improvements at Pleasant Valley . . . Arthur Weiss of Saginaw spent the weekend at his Michigan ave. home. The shutters are coming down and house-cleaning starting on many summer homes . . . the grounds keepers are working on the lawns . . . it will be a mad rush from now on preparing for the summer.

Why Mr. Harting has Trouble Starting

GUM RUINED THIS PISTON. Gum in gasoline formed hard, varnish-like deposit on this piston. (See dark areas.) When motor is idle, gummy piston surface may become "glued" or "frozen" to cylinder wall, causing hard starting and heavy strain on battery and starter motor. Gum deposit also results in damage by scuffing. (See white scratches on piston above.)

Gum in Gasoline "FREEZES" Pistons, Ruins Performance

Beware of GUM in gasoline. GUM coats pistons, cylinder walls, valves and other parts—causes hard starting, poor performance and leads to costly repairs. High octane gasoline must be specially protected against gum and, *unless protected*, high octane may also mean high gum.

POWER-PACKED Sinclair Gasolines Stop Gum Two Ways

To prevent gum trouble and costly damage to your car, Sinclair Gasolines stop gum 2 ways. First, by careful and expert refining, Sinclair produces gasolines with minimum *gum-forming* characteristics. Second, as an extra safeguard, two different types of anti-gum chemicals are added to prevent gum formation during storage and use.

Sinclair gasolines also contain RD-119, new miracle chemical that stops rust and corrosion in your gas tank and fuel system.

From where I sit ... *by* Joe Marsh

His Punch is His Signature

Was on the train up to Central City the other day and when the conductor came around, I asked him why their ticket punches make such odd-shaped holes in the ticket.

"Every conductor in the country has a different design for his punch," he tells me. "Some even show up a fellow's preferences. Now take mine. The hole it makes looks like a beer goblet."

Sure enough! Then he went on to say that the punch is just like the conductor's signature. Makes it easy to trace tickets ... to check up if something happens.

From where I sit, even though your ticket is punched differently from mine, it still gets you where you're going. Just like people with their opinions. You might like coffee, another person, tea—and I'll settle for a temperate glass of beer. But what does it matter, so long as we respect the *right* of the other to have tastes and opinions? We're all trying to go in the same direction — towards a friendlier, more pleasant world for all of us.

Band Rehearses For State Festival

Band Director C. A. Odmark is putting the Charlevoix high school band through its final rehearsals before the fifty members leave Friday for East Lansing for the annual Michigan high school band and orchestra festival Saturday.

The Charlevoix band will play in the festival at the East Lansing high school auditorium at 8:50 a.m. Saturday.

The Charlevoix band is one of 21 Class C bands in the state participating in the festival. Only eight of the Class C groups which played in the festival in 1949 qualified for a return trip this season. The other 13 bands playing in the 1950 festival are bands which will be participating for the first time.

The Charlevoix band and their director and chaperones will leave Charlevoix at 10 a.m. Friday for the trip to southern Michigan. While in Lansing they will stay at the Porter Hotel.

Mrs. Malpass Gives $1000 to Hospital

a stranger at the gate or a friend who chanced to be near at meal time. Grandma Malpass, as she is effectionately called by everyone, has lived each day to the brim. Take time for all things, is her creed.

She was never too busy to go to activities in which her children or grandchildren were participating. Sundays aways found her in church. To her study club, she brought wit, humor and originality. For years she was club poetess.

• • •

LONG AFTER her husband enjoyed the home hearth at close of day, Mrs. Malpass went to evening activities. She recalls returning late one evening and chuckling as she heard her husband say: "The Ladies Aid can be up to no good, keeping you out until 11 p.m."

Grandma Malpass boasts 52 living grandchildren and 68 living great-grandchildren. She is awaiting the news of five new arrivals during the coming weeks.

The years have rounded the shoulders of Mrs. Malpass, have taken a bit from her height. But her thinking remains clear and to the point. It is her sincere wish that the residents in the area will give generously in an effort to provide better facilities for all of the children of the communities in the area.

Betty Clarke to Be Married in June

The engagement of Betty Clarke daughter of Mr. and Mrs. Harold A. Clarke, to Harry Potter was announced recently. The marriage will take place June 3.

New Postal Rules Now Effective

New postal regulations providing for one delivery a day went into effect Monday.

In the opinion of Postmaster Joseph Foster and Assistant Pete Timmer, the new orders have little effect on mail delivery here. Carrier routes in the city have been so adjusted and arranged to cause little if any delay in any of the first class and newspaper mail.

The change will effect third class mail such as advertising, circulars and catalogues.

The bulk of first class and newspaper mail now arrives at carriers will sort and deliver this mail as soon as it arrives. The only other mail receipt is from the C & O railroad at about 4 p.m. little first class mail is received from this source. This mail was previously delivered at 8:45 a.m. but will now leave the postoffice at 10:15 a.m.

Office hours will remain the same, 8 a.m. to 6 p.m. daily except Saturday, 8 a.m. to 12:30 p.m.

The business district will have two deliveries.

Mr. and Mrs. George Foster have returned to Kalamazoo after spending the week-end with his brother and sister-in-law, Mr. and Mrs. J. M. Foster.

Annual Concert Drive Will Start Here Next Week

The annual membership drive for the Community Concert Series in Petoskey will be underway next week.

During the week memberships may be purchased. After all reports are tabulated, the budget for the coming year is arrived at. Then, on Saturday evening, May 6, the artist selection committee will select the program for the coming year.

Mr. Odmark, local chairman, emphasizes that memberships for the series will be sold next week only, no tickets will be sold after the selection of the program has been completed.

Workers in Charlevoix, who will be glad to sign you up as a member of the concert series are: Mrs. E. J. Edwards, Mrs. Art Wexstaff, Mrs. Dean Davenport, Mrs. Mary Cooper, Mrs. Walker Miles, Miss Helen Rose Cline, Mrs. Leon Joseph, Mrs. Gerald Gibbons, Mrs. Cornelius Geiken and C. A. Odmark.

All monies collected are used to bring to northern Michigan the best possible Concert Series. Mrs. Leon Joseph of Charlevoix is a member of the Artist Selection committee. Mr. Odmark is a member of the Board of Directors of the Association. Adult memberships cost $5.00 plus $1.00 tax, Student memberships $2.50 plus 50c tax.

Leitch Given 30 day Notice by Council

the power of a manager.

When asked about the tie vote on the issue, Ance said he would consult the attorney general to determine if the mayor could vote on such a matter. He pointed out that if it involved appointments of officials, Knight could not vote. Otherwise he could, Ance said.

After consideration of the facts in the matter, the city attorney ruled Tuesday that the mayor could vote. The adjourned meeting lasted only a matter of minutes as ruling and severance pay were the only items discussed.

THE QUESTION of sanetion for the free movies at the athletic field this summer was discussed. Action on it was deferred until the owner of the Palace theater and the Traverse City man who wants to stage the free movies here are given a chance to appear before the council.

Bills amounting to $6,429.34 were ordered paid.

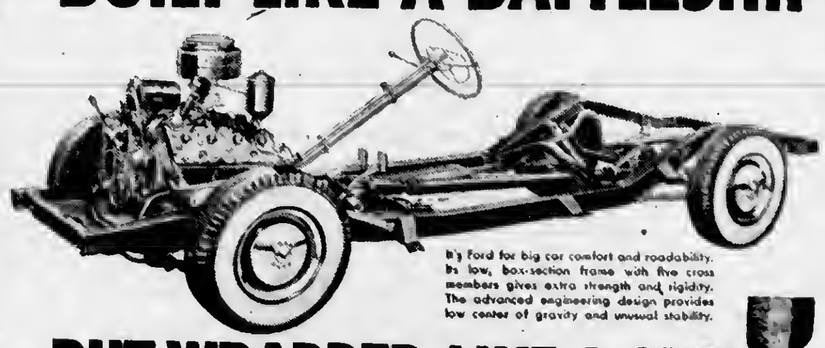
BUILT LIKE A BATTLESHIP



It's Ford for big car comfort and roadability. Its low, box-section frame with five cross members gives extra strength and rigidity. The advanced engineering design provides low center of gravity and unusual stability.

BUT WRAPPED LIKE A GIFT

For the second year in a row, the New York Fashion Academy has awarded Ford its Gold Medal as "Fashion Car of the Year."

FORD IS THE BIG ECONOMY PACKAGE!

With its low first cost, low upkeep and high resale value Ford is the new standard of value. And in the recent Mobilgas Grand Canyon Economy Run, officially supervised by AAA, a '50 Ford "Six" with Overdrive won the economy championship of its class—the 3 full-size cars in the low-price field.

Lan-ing Today's price of milk approximately one-third taxes. estimated 1,000 taxes, direct l indirect are part of the price consumer pays for a quart of lk, Bruce F Clothier, President the American Dairy Associa- n of Michigan, said today, add- that government figures re- l one-third of today's dollar tax composition.

"Take the matter of transpor- ion alone," he continues. utomobile manufacturers esti- te there are 200 separate tax nsactions from raw materials inished job. Until the milk is livered to your door, the farm- has a truck and a tractor in- lved, the milk hauler has a ck, and the deliverman has truck. That's 824 taxes alone. e tax list includes federal, state l local."

EVEN THE AIR in the tires on h of those vehicles, he observ- has at least four distinct taxes ed on it: (1) the power to run motor, (2) the oil for the com- ssor; (3) the gas station atten- nt and (4) hidden taxes in the nufacture and sale of the tor and hose.

Consider the multiplicity of able items that become a part the price of the quart of milk livered to your home, Clothier lared. These taxes are paid by farmer, the milk hauler, the cessor and the deliveryman.

Wonder Drug Makes Pigs Gain Faster

Proof for the claims of the wonder drugs such as streptomycin and their value in swine feeding is shown in the picture above. These two litter-mates got identical rations in a 42-day feeding test at the Michigan Agricultural Experiment Station at East Lansing. Both weighed 25 pounds at the start. The pig getting vitamin B-12 plus one half of one percent streptomycin with the basic 18 percent protein ration of corn, soybean oil meal, B vitamins, and minerals gained 62 pounds in 42 days. The other, getting the basic ration alone, with no streptomycin, gained only 36 pounds in 42 days.

Scientists at Michigan State College believe the streptomycin acts as an antibiotic, making favorable changes in the intestinal bacteria. Further tests will be made to determine practical ways farmers can use the method to get faster, more economical gains with swine and perhaps other livestock.

MSC Expert Explains How Sprays Reduce Weeds in Grain

Heavy infestations of ragweed and wild mustard should not be tolerated in small grain fields any longer, says B. R. Churchill, farm crops research scientist at the Michigan Agricultural Experiment Station.

Chemical weed killers can eradicate both of these pests, he maintains. If there is no legume seeding in the small grain, 2,4-D at the rate of one-quarter to one-half pound acid equivalent per acre can be used. If the ester form is used, the lower rate is advised. The best time to spray the field is when grain is about 6 to 8 inches high. This applies to both winter and spring grains. Winter grains should not be full sprayed.

• • •

MUSTARD and ragweed plants will have 4 to 6 leaves at this time and are very susceptible to the spray. The 2,4-D can be applied in water, using about 5 gallons of water an acre. Spraying small grain with 2,4-D is very risky if a legume seeding is present.

If seedings are made, it is safer to use a dinitro spray, carefully following manufacturer's instructions. Spraying should be done when the small grain is 6 to 8 inches high. Spraying at the proper time is important. Alfalfa tolerates this chemical better than true clovers, Churchill points out, but when sprayed at the proper time, stands of red, alsike, and white clover are not seriously hurt. Sweet clover should not be sprayed with 2,4-D or dinitro sprays unless you are willing to sacrifice the seeding he states.

• • •

FIELDS OF GRAIN over-run with bindweed can be sprayed with 2,4-D when the grain is about knee-high, using one-half pound acid equivalent per acre. Some grain injury should be expected and legume seedings will be seriously injured.

TCA is more expensive but can be used as a spot spray to keep quack grass from spreading. Directions should be followed closely.

Most farmers have the beginnings of a farm shop. It's merely a matter of gathering all the tools together in one spot and keeping them organized.

More Farm Price Cuts Appear Likely

Major drops in Michigan farm product prices are past, but there will likely be another 10 to 15 percent dip before we reach that "solid post-war level" around which prices may fluctuate for several years.

That's the way L. H. Brown, Michigan State College agricultural economist sees the price situation at this time. His article, "More Price Decline?" appears in the April issue of Michigan Farm Economics, MSC's monthly extension publication of timely farm economic and management topics for farmers.

The average decline so far has been 25 percent from the early 1948 peak. Although a further 10 to 15 percent decline would leave farm prices 75 to 90 percent above pre-war, the parity ratio would drop to range between 75 and 85, the economist says. The ratio for March 1950, was 95.

These predictions assume that present indications of high non-farm employment and income are correct, that the cold war stays cold, and that a price support program will be operating about as effectively as the Agricultural Act of 1949.

Efficient farmers will still prosper following this shaking out and adjustment period, Brown predicts. But they will have to keep "on their toes." It will mean keeping finances on a sound basis, use of capital to take advantage of opportunities to buy stock when low priced, and organizing the farm business for maximum production efficency.

Four general ways will help to reduce costs on dairy farms. They are improved forage production, more efficient feeding, better work methods; and more economical housing.

Fair Board Sets Date for Annual Event in County

The Charlevoix county fair board at a meeting held last week, drew up tenative plans and program for the 1950 annual fair Ed Rebman, secretary announced. The fair will be held September 12-16. Exhibits and entries will be made September 12.

The program on Wednesday afternoon and evening will be a thrill show but on by Joe Chitwood and his group. On Thursday there will be horse racing in the afternoon and WLS show in the evening. On Friday there will be horse racing in the afternoon and Earl Johnson's group will perform on Friday and Saturday evenings. Saturday afternoon will be devoted to horse pulling.

For the first time the fair board is sponsoring a calf scramble. There will be approximately 12 calves turned loose in a pen with 15 or more boys. These boys will be given a piece of rope and will have to make a rope halter and tie one of these calves to the fence. The boys then will have the opportunity to raise the calf for a year and at the next fair the calf will be auctioned off.

The way to help insure quality milk is to remember the three "C's"—clean, cool, and covered, say MSC dairymen.

Eggs should be marketed frequently, oftener than once a week if possible, say Michigan State College poultrymen.

Don't Plant Deep

In any seeding with spring sown grains, one of the biggest mistakes is to cover the small seed too deep. Small seeds have only a minimum of stored food to last them from the time germination starts until new green leaves have pushed above ground for further food manufacture. Thus, any method which will insure shallow planting, will result in quicker establishment of the legume plant. Be sure the small seed drops behind instead of in front of the disks. Put a small piece of Garden hose or conduit wire on the small seed spout to help shoot the small seed behind the drill.

Don't be too afraid the potting on enough phosphate and potash in the fertilizer, as Charlevoix county needs these elements. Legumes are heavy users of these two plant foods and a good supply drilled into the ground before or at seeding time will help to get the plants started right. Waiting until the field is established before fertilizing is usually a mistake. You first have something to topdress and unless it is added at seeding time, you may not have any legume plants started at all.

Pest Control for Home Orchards

While doing your advance planning for this season in the home garden and orchard, include a notation to get a copy of the Michigan State College folder entitled "Pest Control Program for Home Orchards and Small Fruits." It's Extension Folder No. 17 and can be obtained from your county agent at Boyne City. Just drop a post card. This bulletin outlines a spray program for the home gardener who can't expect to keep up the kind of program a commercial operator runs.

The average farm or home usually contains more trees than necessary to supply the fruit needs of the family. One good tree will usually produce more fruit than can be consumed during the season. Too many trees cause spraying or dusting to become laborious and may cause you to loose interest. So check over the home orchard and remove undesirable trees and keep that number which you can handle and handle right.

Remove Fire Hazards To Prevent Blaze

Although much progress has been made in fire protection equipment for certain rural areas of Michigan, a great many rural fires still result in total destruction. David Steinicke, rural fire prevention specialist at Michigan State College, says late spring and summer usually bring on an epidemic of rural fires.

With April designated as Rural Clean-Up Month, he suggests that farm families take a day to remove hazards that cause risk and worry. The Michigan Rural Safety Council has reminded farmers of this program and cooperation has been good in many areas.

Soil Group to Plant 34,000 Trees in Area

The cooperators of Charlevoix Soil Conservation District will plant a total of 34,400 trees this spring according to announcement by Ed Rebman, secretary of the district. These trees include 19,700 White pine, 12,800 red pine, 1500 jack pine, 300 scotch pine, and 100 white spruce.

The planting season for this spring is later than normal. Higgins Lake will not be lifting trees until about May 1. This program of planting trees along with the program of constructing small seed beds is two of the programs sponsored by the Charlevoix Soil Conservation District.

Seven Signs of Cancer Are Listed by Medics

"Cancer is a personal affair; You are the only person who can protect you against cancer."

"Some cancer is preventable and most cancer is curable if you get to your physician in time."

"Go to your physician for periodic physicial examinations, and go to him immediately in between times if any of the seven signs of cancer appear."

That is what State Health Commissioner Albert E. Heustis says in a recent issue of "Michigan Public Health" which heralds April as Cancer Control Month in Michigan.

The seven signs which may mean cancer and which call for an immediate examination by a doctor are:

1. Any sore that does not heal, particularly about the tongue, mouth or lips.

2. A painless lump or thickening, especially in the brest, lip or tongue.

3. Irregular bleeding or discharge from the nipple or any natural body opening.

4. Progressive change in color or size of a wart, mole or birthmark.

5. Persistent indigestion.

6. Persistent hoarseness, unexplained cough, or difficulty in swallowing

7. Any persistent change in normal bowel habits

Feather-bedding scheme of Firemen's Union to put an additional fireman on diesel locomotives has been

CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were

REJECTED TWICE!

Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

FEATHER-BEDDING!

LEADERS OF the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman . . . upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them. They represent that an extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good . . .

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The *real* reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding."

The railroads have no intention of yielding to these wasteful make-work demands.

"The Safety Record of Diesels is Outstandingly Good . . ."

PRESIDENTIAL FACT FINDING BOARD REPORT

Read these excerpts from official reports of Presidential Fact Finding Boards:

"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation . . ."

Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

When the sound of the North Shore's whistle announced the arrival of the boat within the harbor, Beaver Islanders swarmed to the dock to welcome the boat and it's crew. The sight of the first boat is always a thrill to the islanders.

The North Shore made three scheduled runs last week with favorable weather for crossing. The freight brought across the first week was chiefly supplies for the grocery stores and Shamrock tavern.

During the three and a half months of isolation, Joe McPhillips served the island well. Joe's record for safety is something to be proud of.

At long last, a real touch of spring hit the island. The first of the week, the snow disappeared with the assistance of the wind and rain, the sun came out to lift the spirits and the clean-up fever became an epidemic. Even the pussy willows have kicked off their covers and are showing their fuzzy heads.

• • •

CULL'S FISH TUG, LaFond, went out of the harbor early Monday morning with twenty-eight boxes of nets to set. During the week, fourteen of the boxes equaling five miles of nets were lifted. The yield again showed the effects of the destructive eel. Lifted were 125 lbs. of fish and only one trout in the whole bunch.

Perry Palmer, 16, son of Mr. and Mrs. Clarence Palmer, was seriously burned Sunday night when the back of his shirt caught fire in the small hut known as the "Town Shack". He was treated by Doctor Palmer, but because of the seriouness of the burn, he was taken to the Charlevoix Hospital early Tuesday morning and later transferred to Blodgett Hospital in Grand Rapids. He suffered third degree burns.

Carl Left and John and Sheldon Martin received word to report to their boats. They left on Wednesday's boat.

Mr. and Mrs. Jewell Gillespie visited relatives in Charlevoix during the week.

• • •

WORK WAS resumed on the new dock last week. The dock will be fourteen feet wide and the construction is under the direction of Willie Belfy.

Fred Spalding left Wednesday for a motor trip to Florida.

Burt McDonough and Johnny Andy Gallagher took to King's Highway Wednesday in Burt's latest acquisition to more comfortable transportation, a glassed in "Willow Run"—or will not run—model T. They made it to the Head without a mishap and in fair time to begin their duties at the lighthouse for the coming season.

Elston Pischner was in Boyne City during the week for an appointment with the doctor. From now on, Elston will be known as the walking man—doctor's orders. No more driving the tractor, truck or snow plow for the pilot who was ever faithful on the job.

Teddy Wojan returned from Detroit and will remain on the island for an indefinite stay.

THE CORDELIERS held their monthly meeting at the home of Mrs. Margaret Hanley. After the meeting, a social hour was enjoyed.

Sunday afternoon, Father Giles left for Eaton Rapids to attend a conference at the Franciscan seminary. Verle McCann accompanied Father Giles as far as his destination and from there went to Detroit to visit his mother, Mrs. Edna Mae McCann. Before returning to the Island, Verle will visit in Bay City.

THERE'S A STREAK of clear blue water all the way to the dock with two large sections of ice on either side of the streak. The ice, from all appearances, looked unsafe since a little warmth came our way, but Wilfred O'Brien still managed to jump the puddles and fish through the ice. He's been catching some dandy, big perch, too . . . the kind you crow about.

And speaking of crow-well Joe "Bowery" Gallagher reports there are now sixty crows in cold storage with forty more to go.

The first trip of the North Shore to the island, the body of James Martin, 86, was brought across for burial. Martin died April 7 in Little Traverse Hospital, Petoskey, after a lingering illness.

Born on Beaver Island, Martin made his home here until three years ago when he left with his son, Wilbur, to make his home in Petoskey. A successful commercial fisherman for years, Martin was well known among Great Lake fishermen.

Funeral services were held in Holy Cross Church Tuesday morning at 9 o'clock, Father Giles officiating. Burial was in Holy Cross Cemetery.

Surviving are his three sons, John and Charles of Beaver Island and Wilbur of Petoskey, nineteen grandchildren and three great-grandchildren. His grandson, James Martin, of Petoskey accompanied the body to the island.

Garden Club Hears Interior Decorator

Members of the Charlevoix Garden club heard Harry S. Keehne of Traverse City speak on interior decorating last week at the Congregational church.

Mr. Keehne stressed color combinations and showed samples of draperies and carpeting. He urged housewives to make a careful selection of furnishings, after talking over problems with a store decorator. This will save time and avoid mistakes, he said.

His advice: "Think of your family, their ages and activities. Select a color scheme which is bright and colorful. Choose a predominating style. Mix woods, periods and fabrics. Work with the colors in the chosen carpet or if the carpet is plain, use patterned materials.

Refreshments were served to about 40 guests. Mrs. Glenn See and Mrs. Charles Hamlin were hostessess for the evening.

Boyne City Resident Named to Tax Board

John Kujawski of Boyne City has been named to the Charlevoix county tax allocation board to fill the vacancy caused by the resignation of Guy C. Conkle Jr. also of Boyne City. Conkle resigned last week and Judge Floyd A. Supp named his successor Friday.

Others on the board which will meet again May 1 are Mrs. Walter Bergeon, chairman, A. G. Rogers of East Jordan, James C. Whitfield of Walloon Lake, H. C. Stephens, and Lillis Flanders.

Edwards Takes Volley Ball Title in City

Edwards Food Mart won the city volley-ball championship by defeating Michigan Cleaners in the final play-off last Tuesday.

The play of Lusk, Willis and Bergmann stood out for the winners while White, Kipke and Hill played all-out ball for the runners-up.

The championship play-off concluded a series of games started early this year with games scheduled weekly during the regular season. Six teams played during the season and plans are now underway to form eight teams for a larger schedule next winter.

County Board Allocates Levy For 1950-51

Schools in Charlevoix county were allocated four mills for 1950-51, one mill less than last year, by the allocation board Monday. The county was given ten mills including two for the sinking fund and 11 townships were allocated a mill.

The final allocation meeting will be held May 11 when any unit in the county may appear to discuss its needs.

The 15 mills tax will be levied on the equalized valuation of $11,983,295 in personal and real property.

• • •

THE MILL that the schools lost was allocated to the townships, chiefly because of their expenditure in connection with road repairs. School authorities here and in other parts of the county were disappointed in the millage cut.

They point out that they have an acute need for the five mills which they received last year. Of the 10 mills allocated to the county for operational expense, two mills were allocated to the sinking fund for a new courthouse in compliance of the vote last year.

All the townships except Charlevoix, Norwood, Peaine and St. James were allocated one mill. Those named indicated they did not need the one mill allotment.

Peter Sneathen Taken by Death

Funeral services for Peter D. Sneathen, 61, former Charlevoix resident will be held at Middleville at 2 p.m. Thursday with burial in a Middleville cemetery. He died unexpectedly Monday.

Born in Hayes township he attended the Charlevoix school and about 1910 went to Grand Rapids. He returned here about 1914 and after three years here moved to Grand Rapids and later to the Middleville district.

He is survived by his wife, Nellie; three daughters; his mother, Mrs. Martha Sneathen of Middleville; two brothers, Lee of Charlevoix and Earl of Melbourne, Fla. and seven grandchildren.

Lee Sneathen and his daughter, Mrs. Kenneth Bare of Petoskey, left Wednesday for Middleville. Lee Sneathen Jr. and Frank Sneathen went Thursday for the funeral services.

Mother-Daughter Banquet May 9

The annual Mother and Daughter banquet will be held at the Congregational church dining room at 6:30 p.m. Tuesday, May 9, under the sponsorship of the Women's Fellowship, Mrs. C. S. Webster, president of the group and general chairman of the event has announced.

Miss Kay Fitch, program chairman for the banquet has arranged the following program at which Mrs. Herbert Campbell will serve as toastmistress: toast to the mothers, Karen Smith with her mother, Mrs. George Smith responding with a toast to the daughters; piano duet by Gail Curtis and Jill Davis; a piano solo by Janice Burns a recitation by Connie Saltonstall; a song by Virginia Hamlin; a reading by Patsy Ratigan and songs by a group of daughters directed by Mrs. Dean Davenport.

The church circles which compose the Fellowship are planning the dinner. The Mary Burns circle is arranging the menu and the food; the Mary Brewster circle will be in charge of decorations and the serving while members of the Pilgrim and Margaret Parker circles will assist with the meal.

Mrs. Webster will have charge of the tickets which will be limited to 100 guests. For reservations call 32.

Plans Completed For Annual School Open House May 4

An open discussion of building needs of the Charevoix schools will be a feature of the Open House at the schools Thursday evening Cmdr. E. K. Shanahan, chairman of the Charlevoix Education group, will serve as chairman of the discussion forum.

Entering into the discussion along with school officials and townspeople will be representtives of the high school studenst, George Haggard and Roger Sweet. Special musical numbers will be under the direction of C. A. Odmark.

Prior to the meeting in the high school gym at 8 p.m., the classrooms will be open from 7 p.m. to 8 p.m. so the parents and friends may view the pupils work and consult with teachers.

Following the program refreshments will be served.

Charlevoix to Hear District Bands At Festival May 10

East Jordan and Charlevoix will be hosts to the northern Michigan band festivals May 9 and 10 with nine bands gathering in each of the two towns on those dates.

Each band will play before an adjudicator for criticism but not rating, participate in a parade and later play in a massed band concert in which 275 young musicians will play. Roy Miller of the music department of Wayne University, Detroit, will direct the massed band concert and serve as adjudicator.

On Tuesday East Jordan will entertain the following bands: Harbor Springs, Gaylord, Boyne City, Kalkaska junior, Cheboygan, Traverse City, Petoskey junior, Grayling, East Jordan and possibly Bellaire and Central Lake.

On Wednesday Charlevoix will be host to Rogers City, Elk Rapids, Alanson, Kalkaska, Mancelona, Petoskey, Pellston, Charlevoix senior and junior bands.

Each band will play a march and a selection number for criticism. After the parade selected band members will meet for a massed band rehearsal and at 7:45 p.m. will present the massed band concert.

A small fee will be charged which will admit spectators to all band activities. Proceeds will go to finance the festival.

The program for the massed band concert which will be presented under the direction of Mr. Miller follows: March, Men of Ohio, Fillmore; Magnus Overture, Meseng; Summer Evening Serenade, Lillya; march, Military Escort, Bennett; selection, Two Moods, Grundeman; selection, Will you Remember from Apple Blossom Time, Romberg.

March, Storm King, Findlayson; selection, Poem, Fibich; march, Homage of Youth, Olivadoti; Crusader Overture, Buchtel; Serenade, from Student Prince, Romberg; march, Semper Fidelis, Sousa; Star Spangled Banner.

A small fee will be charged which will admit its holder to all events including the individual performances by the bands, the rehearsal and the concert. Proceeds will be used to finance the festival and everyone is urged to attend.

City Proud of Band As It Takes Music Honors

The Charlevoix high school senior band, directed by Clarence A. Odmark, won a first division rating at the Michigan band and orchestra festival held at East Lansing, Saturday.

It is the first time the band has won a top rating. In the last four years the band has entered, it has won one second and two third division ratings.

The Charlevoix organization was one of five class C bands in the state to win top honors and the only band from the northern district to place first.

The band was given three first divisions for their concert performance and a second division for the sight-reading which gave them an official one rating.

The adjudicators were Frederick C. Ebbs of Baldwin-Wallace College, Berea, O., H. E. Nutt, Vandercook School of Music, Chicago; Leonard V. Meretta, Western Michigan College, Kalamazoo, who judged the concert work and Clifford P. Lillya, University of Michigan, the sight-reading judge.

Official comment sheets showed the band has improved a great deal since last season. The adjudicators praised the tone, the spirit and general effectiveness of the group and added that they were a well trained group.

This year's band is one of the youngest that Mr. Odmark has taken to the state festival. It is composed of ten seniors, six juniors, 19 sophmores, 11 freshmen, two eighth grade and two seventh grade students.

The band will appear in the northern Michigan festival here next Wednesday and in the spring concert May 19.

Plan Piano Recital At Church of God

Mrs. A. F. Novotny will present her pupils in a piano recital at the Church of God at 4 p.m. Sunday.

A feature of the recital will be the presentation of Richter's Jack in the Beanstalk Suite with colorful pictures depicting the various parts of the suite drawn and painted by Quinton Walker.

Pupils appearing in the recital will include: Mary Ann Berg, Tracy Curtis, Lucille Stephens, Jill Davis, Wanda Ward, Patsy Rabb, Gail Curtis, Russell Wood.

Also Worth Bessmer, Marlene Boss, Carolyn Stoel, Betty Berg, Beth Lewis, Quinton Walker, Barbara Nixon, Victor Gibbons, Annamae Maxwell, Arthur Taylor, Imogene Stalford.

Mrs. Novotny has extended an invitation to the public to attend the recital.

Several Local Men At Catholic Retreat

The northern Michigan Catholic Laymen's Retreat association held its annual pre-retreat dinner at the Park Place in Traverse City Thursday.

Plans were made for the annual retreats to be held early in June at Leland Lodge, at Leland.

Among those who attended the banquet from here were Fr. Leo Malinowski, Dr. Gerald Gibbons, Ted Browe, Frank Oleksy, Maurice Foster and Ralph Hamilton.

Hospital Patient Load Jumps Six-Fold Here Since 1929

BULLETIN

The door-to-door canvass for hospital funds is slated to get underway in Charlevoix on May 15. Herb Schofield, activities chairman, announced. Mrs. Kit Carson will head the drive in the city.

• • •

Charlevoix hospital is admitting six times the number of patients today than it did in 1929.

This fact was evident from a study of hospital records. Physicians freely predicted that the number of patients in coming years will continue to show a steady growth provided facilities are made available.

It is no secret that patients have been turned away from the hospital here in the last several years, simply because there are not enough beds to accommodate the patients. Several physicians from nearby towns have found it easier to get rooms in other hospitals in the area, although they admit they would much rather have them come here.

• • •

THE HOSPITAL drive committee of which Kit Carson is general chairman, is scheduled to start an intensified solicitation among local residents during May. It is hoped that some $80,000 will be received in pledges and contributions by July 1. More than $40,000 has been collected or pledged, Herb Schofield, activities chairman, reports.

The idea of a hospital for Charlevoix dates back to 1918 when plans were made to buy the present building then known as the Meech residence, on Hurlbut street. Since that time many changes have been made. Many more are vitally needed.

• • •

SOME OF THE leaders who played prominent roles in that era were: Dr. R. B. Armstrong, Harry Nichols, Harry L. Oldham, A. D. Cummins, Ira Adams, Lisle Shanahan, J. L. Crane, R. C.

Pythian Sisters Convention Opens In Charlevoix

The annual convention of district No. 2 of the Pythian Sisters opened at the local K. of P. hall at 9:30 a.m. Wednesday with the Charlevoix temple No. 149 as hosts to the one-day meeting. Approximately 125 visitors from eight temples attended.

Janet Udell, district deputy, presided at the meeting at which Mrs. Addie Drake, past grand chief of Muskegon, gave the invocation and Mrs. Charlotte Edwards of Charlevoix temple the address of welcome. Mrs. Beatrice Sharp, past chief of Muskegon gave the response.

A declaration of principles was given by Mrs. Maude Barnaby, past grand chief of Grand Rapids; Mrs. Carol Schofield of Charlevoix, gave the district deputy's commission and the minutes of the 1949 meeting. Mrs. Udell appointed the committees for the year.

A series of special ceremonies were presented by each of the visiting temples with Mrs. Ethel Ten Eycke, grand chief, reviewing the work.

At noon the visitors attended a dinner given at the I.O.O.F. hall by the Past Noble Grand Club. Spring flowers decorated the tables.

Visiting temples present for the meeting were Royal temple No. 16 of Alma; Hope temple No. 157 of Owosso; Cowan temple No. 101 of Grand Rapids; Sincerity temple No. 58 of St. Louis; Muskegon temple No. 61 of Muskegon; Hannha temple No. 46 of Traverse City; Manistee temple No. 158 of Manistee; Charlevoix temple 149.

145 Answer Plea for March 30 Issue

Some 145 residents from Charlevoix, Muskegon, Allegan and Detroit answered the plea of the Courier for a copy of the March 30 edition.

Mrs. John Struthers who brought the paper in about 9 a. m. received the dollar bill. Mrs. Margaret Swenson was actually the first to bring a paper into the office but it was not complete.

Mrs. Herbert F. McRoberts of Muskegon and Mrs. Francis Fischer of Detroit mailed a copy of the paper as did 12 others from Detroit, Muskegon and Allegan. Several others did likewise from Beaver Island. But only one paper was needed for a Bridge street merchant who wanted the paper.

The Courier thanks all those who sent papers to the office. The telephone rang almost continuously Thursday and Friday from Courier readers wanting to know if they could collect a dollar bill.

Move into Home

Mr. and Mrs. Leonard Burns and family are moving into their new house, formerly occupied by Mr. and Mrs. Jack Reed, Dixon avenue. The home was owned by Sylvia Foster. Earl A. Young handled the transaction.

Belvedere Hires Hotel Manager

James J. Helm has been named as the manager of the Belvedere Hotel for the 1950 season and is expected to arrive about May 15 to assume his duties.

An experienced hotel manager, he comes here from the Trade Winds Hotel in Melbourne, Fla. He will be accompanied by Mrs. Helm.

Mr. Helm will succeed Mr. and Mrs. Scott Wilson who managed the hotel for several seasons. They are now at the Wequetonsing Hotel after spending the winter at Indian Rock, Fla.

Congregators See Art Demonstration

Members of the Congregators club and their guests last week were treated to an outstanding demonstration of the art of ceramics. Mr. and Mrs. John Reid of Eastport demonstrated and explained how a potter's wheel worked.

After tracing the history of ceramics art in Europe and Africa Mrs. Reid slapped a gob of mud on the center of the wheel and demonstrated how a skilled artisan can mold a charming cream pitcher in a surprisingly short time.

Her running commentary as she worked with the clay provided much humor as she demonstrated her points.

The next scheduled meeting will feature Don Herrick of Charlevoix who will tell of his inventive genius. His topic will be "Genius or Crackpot, Take Your Choice."

Navy Flyers Come Long Ways for Trout Opening

Perhaps the fishermen who came the furtherest and fastest to open the trout season in the Charlevoix vicinity were three U. S. Navy pilots who flew their fast night fighters from Quonset Point, R. I., over the week-end.

One of the flyers is Lt. Dickson W. Alderton son of Mr. and Mrs. George S. Alderton of Lansing, who have a summer home on Holy Island. The others were Lt. (Jg) C. S. Caple and Lt.-Com. H. B. Bassett.

They arrived over Holy Island about 9:30 Friday night, coming via Grosse Isle Naval Air Station, and landed at the Great Lakes Coast Guard Air Station at Traverse City. They spent the week-end at Holy Island.

P. S. No, they didn't get any trout.

Lutherans Hosts to District Conference

The Bethany Lutheran church will be host to the bi-annual meeting of pastors of northern Michigan Lutheran churches Monday and Tuesday. Fifteen pastors and laymen are expected for the two day conference.

All sessions will be held at the church located on south Bridge st. with the Rev. Harold F. Krach, pastor of the local church and the Zion Lutheran church of Petoskey, acting as host to the group.

The Guild of Lutheran Women will serve four meals to the visitors while they are in Charlevoix.

200 District VFW Members And Auxiliary Attend Meeting

The Charlevoix V. F. W. post No. 1153 and their Auxiliary were hosts to the annual spring rally of V. F. W. District 13 here Sunday. More than 200 V. F. W. and Auxiliary members from 17 posts attended the dinner at the I. O. O. F hall and the business session which followed.

Department officers here for the rally were Ernest Fry of Battle Creek, junior vice commander and Mrs. Katherine Beck of Detroit, department auxiliary president.

Plans for the annual Buddy Poppy sale to be held later this month and the summer rally at Central Lake were among the business items discussed at the V. F. W. meeting at which Irving Waldron of Indian River, district commander, presided.

Mrs. Lillian Erickson of Rogers City, district senior vice president, wwas in charge of the auxiliary meeting at the I. O. O. F. hall at which Mrs. Ira Hart was named district junior vice president.

A highlight of the rally was the presentation of a wheelchair to Ira Hart of Oden by Matt Dickerson of Gaylord, district service officer, and a close friend of Mr Hart's. Sam King of the local post was chairman of the funds committee to which 13th district posts and auxiliaries as well as other friends contributed.

Mr. Hart is a veteran of World War 1 who has lost both legs in the last six years as a result of Beuger's disease. During World War 1 he served in France with the 32nd Division and has the Purple Heart medal and the Victory medal with five bars.

Despite his disability he serves the V.F.W. as field service representative and continues to be active in veterans affairs.

He is a charter member of the Emmet county V.F.W. post, assisted in the organization of the local post, has served in all the offices of his own post and also as county council commander, district commander, council administration member, district inspector and deputy inspector.

In addition to being district field representative he is district aide de camp to the state commander, Herbert Devine.

Fred Koehler is post commander and Mrs. Koehler auxiliary president of the post organizations.

Del Terrill Is New Coach Of Athletics

Delbert R. Terrill, varsity backfield coach and reserve basketball coach at Traverse City for the last two years, has been signed as Charlevoix high school football and basketball coach, Supt. Roy Bennett announced late Wednesday.

He will succeed Ray L. Kipke who asked to be relieved of his coaching duties this spring after 21 years as head coach here.

Terrill, a native of Linesville, Pa., graduated from the Linesville high school in 1936 after four years on the baseball, basketball and track teams.

He attended Waynesburg college for one year and the University of Cincinnati for one term term on athletic scholarships following graduation from high school.

During World War II he served with the 28th Division for five years, two of which he was special service officer. While in the army he played with the Division football, basketball and baseball teams and later coached the 112th Infantry football and basketball teams.

He resumed his studies at Wayne University in Detroit in 1945 and during the 1945-46 season played football and basketball with university teams. Following his marriage he gave up active participation in college sports and devoted his time to recreational work. He was director of physical education at the Detroit Downtown Y. M. C. A. and recreational director at Westminster church where his basketball team won the city championship.

• • •

FOLLOWING graduation in 1948 he came to Traverse City as an assistant coach. His reserve basketball team had 14 wins and one loss record for 1948-49 season and nine wins and five losses during the 1949-50 season. The team played class C and D schools in the area.

His teaching majors are health education, social studies and science.

Since graduation he has returned to Wayne University to work on a master's degree in physical education.

His wife, Eleanor, is a graduate of Ford Hospital School of Nursing. They have two children, a son, Chipper, age 2½ years, and a daughter, Cathy, one year.

Sounds Like Fiction - - - But It's Not

Getting wide circulation in newspapers throughout the country these days is a down-to-earth editorial that appeared in a recent issue of The Cleveland Plain Dealer. Here it is:

Will the reader pretend that he has an obscure neighbor by the name of Harry Truman? And will he pretend that Neighbor Truman has decided he must borrow money, a decision which many of us ordinary folks have reached at times in the tempestuous course of life?

Neighbor Truman, we're going to pretend, steps into the bank to apply for the loan, and we're going to have the privilege of observing the transaction.

"I want to borrow $500," says our neighbor. (Now most will anticipate the next few questions, having been through it.)

"Do you have any debts at the present time?" the banker inquires.

"Yes," says our neighbor. "I owe the bank at this moment about $25,800."

"What is your annual income, Mr. Truman?"

"I have take-home pay amounting to $3,750 a year," says he.

"Hmmmmm," the banker hmms. He at once is suspicious of the client's ability to pay the old debt without $500 more added. And aren't his eavesdropping neighbors suspicious, too?

But the banker gives allowance for unforeseen circumstance. So he asks Mr. Truman, "Do you think you will be able to save a large portion of your income this year and each succeeding year to reduce your indebtedness?"

"Oh, no," Neighbor Truman replies to the surprise of the banker, and the neighbors listening in. "My necessary living expenses this year will be $4,250. I'll be forced to spend more than I earn."

"Pardon me," the startled banker interjects. "Do you mean that, owing already an amount that constitutes seven times what you'll take in during a year, you're going to spend more than you earn?"

"That's right," says Neighbor Truman. "You see I must provide tuition at private schools for my children. I must help a poor relation set up a new business in which he's going to lose money for a long time to come."

"Just what kind of business is that relative going to sink your money in?" the incredulous banker asks.

"Why," says Mr. Truman, "he's got a wonderful humanitarian idea. He's going to sell milk to the Hottentots at a price they can afford to pay."

"But just those things won't eat up your whole income this year, will they?"

"No, but that isn't all." says Mr. Truman. "I am building security for my children by putting price supports under them. My boys sell newspapers to the neighbors at a nickel apiece, but I give them an extra nickel. My daughters make lamp shades which they sell for $5, but I don't think that's a fair price, so I give an extra $2 for each one they sell. Besides, my wife wants a television set."

The banker now steps aside to get his breath. Here's a fellow who owes more than he can ever repay if he lives frugally below his income seeking to borrow still more, and at the same time boldly proclaiming his intention of carrying out fantastic money-spending schemes.

What will the banker do?

Will he lend the new money? It's silly even to ask the question.

This scene is not fiction. It constitutes a faithful reproduction of the program set forth in regal solemnity by President of the United States Harry S. Truman. Multiply all figures by 10 million and you have the Truman budget, his plan of government, the government's income, and the government's debt.

In this case Congress is the banker. If it makes the loan, Borrower Truman's note will have to be signed by the taxpayers, which is to say by all the people. Who, in his right mind, would voluntarily sign the note of such a profligate spender?

ODDS 'N ENDS

By Fran Martin

Mrs. Agnes Fairbanks writes from Grand Rapids that She had quite a surprise last Sunday when she met four other Charlevoix residents while leaving services at Fountain street Baptist church. She neglected to name the others with the exception of Mrs. George Emery . . . who is enroute home with Mr. Emery after spending the winter in the south.

And if you think summer isn't just around the corner make a trip past the Beach Hotel and see the preparations made for the summer under the supervision of the E. J. Kramers who returned to Charlevoix some time ago after spending the winter in California. And the Cliff Palmers arrived Sunday from Chicago to ready the Palmer House on Michigan ave. for the summer. They returned with the Ted Bergmanns who had gone to Chicago for them.

LET'S KEEP our fingers crossed for warm sunny days next Tuesday and Wednesday when the bands come to this area. On Tuesday they're in East Jordan and on Wednesday they're here, and if it's a nice sunny day there'll be a parade and if there's one thing most people love it's a parade . . . And in the evening there'll be a massed band concert in the gym . . . with plenty of room for everyone. If you want the festival to return to Charlevoix turn out in force for if the bands can't make expenses here they won't come back. It's going to be a super concert and a wonderful opportunity to see about 275 high school kids play and, tell me, what greater thrill is there?

Charlevoix was sorry to hear that the Beaver Island company planning to visit the mainland and present their St. Patrick's program for the hospital benefit has been called off . . . but they've promised to come in the fall. The late opening of navigation to the island and main characters leaving for the sailing season was the reason the program was postponed . . . We'll be looking forward to the performance.

THE BOY SCOUTS presented a County Fair at the high school cafeteria last week Wednesday night to raise funds for their treasury . . . and to contribute to the fund to send several local Boy Scouts to Valley Forge this June. A generous gesture and great fun too . . . Floyd Genia and Levi Walker as the Indian medicine men . . . Doug Smith as the fortune-teller and seeing in his crystal-ball such things as long trips and convertibles . . . hula-dancers Larry Burns Jimmy Brady and Stephen Wells . . . along with peep-shows, hill-billy bands, side-show freaks, fish ponds of canned goods, pop corn and candy booth with everything a penny presented by the five dens brought in about $28. A lot of hard work by den mothers and cubbers but well worth the while when played to a packed house.

IN CASE the party whose car was parked near the city hall on Mason st., Monday a. m., would like to acknowledge the package of smelt found on the back seat he may do same by calling Dunnie Heise . . . who thought he was placing the fish in one car owned by Anne Higman . . . just a case of mistaken something or other. . . .

Moscow had its May Day parade Monday but something a lot nicer then that happened at our house . . . almost before breakfast two little boys, Jack and Doc Stewart, were knocking at the door and delivering daffodils wrapped in cellophane for May day . . . trials and tribulations of parenthood . . . Clarence Odmark had hardly left town Friday with the band when the Odmark boys, Dickie and Bobby broke out with the three-day measles so Mrs. O. and baby Julie were house-bound for the week-end.

THE CHARLEVOIX high school band and their director not only did themselves and our town proud by their fine performance and a top rating but by their splendid conduct while in Lansing last week-end. When they left the Porter Hotel the manager and personnel had only praise for the fine way the youngsters had conducted themselves while guests of the hotel and for the fine manner in which the group was organized and responded to Mr. Odmark and their chaperones, Miss Frances Milner and Mrs. Dorothy McRae. A fine compliment to the youngsters, their directors, their school and parents . . . That, in our opinion, is as important as the No. 1 rating.

IT WAS A SAD day at the Gordon Neff home recently when 11-year old Marilyn had her braids cut . . . the first time since she was two and a half . . . that was all she wanted for her birthday. There for birthday party a few days later were her grandparents, Mr. and Mrs. Gus Walgren of Grand Rapids, her paternal grandparents, Mr. and Mrs. Lance Neff, Mr. and Mrs. Bob Neff who are now here from Newberry, Mr. and Mrs. John Geer and daughter, Connie, and the Basil Kennedys and two children of Traverse City . . .

Something new has been added to the motorship North Shore, since it returned to the Charlevoix-Beaver Island run . . . a ship to shore telephone which was installed Saturday, reports Capt. Dick Lyons . . .

Tuesday Study Club Holds Final Meeting

The Tuesday Study club held its final meeting of the season recently at the Shady Corners.

Twelve members were present.

First on the evening's program was a chicken dinner. A short business meeting was held at which next year's duties were voluntarily assumed by the various members and the general program discussed briefly.

This past year has been spent in reading the lessons given from the club's organization in 1937 through 1942, and it is planned to finish reading the record books next year. The next meeting will be held on the first Tuesday in October.

Pioneer Couple Here Celebrate 55th Anniversary

Mr. and Mrs. Harry Coblentz, pioneer residents of northern Michigan, observed their fifty-fifth wedding anniversary Monday. The couple spent the day quietly, receiving visits and congratulations from relatives and friends who called.

Mr. and Mrs. Coblentz were married in Charlevoix May 1, 1895, at the Congregational parsonage by a Rev. Mr. McCartney. They made their home on a farm in Eveline township until 1930 when they moved to Charlevoix.

Mr. Coblentz was born at Poland, Ohio, March 9, 1863, and at the age of two years came to a homestead near Traverse City with his parents. They made the trip via sailing vessel from Cleveland to Northport and the remainder of the trip by ox team. He came to Charlevoix county in 1881 and boasts that he has paid taxes in the county for 64 years.

Mrs. Coblentz, the former Sadie Brock, was born in Eveline township June 9, 1873.

The couple has two sons, Freeman of Detroit and Clarence of Charlevoix. They also have one grandson.

Both Mr. and Mrs. Coblentz are still active with Mr. Coblentz making frequent trips about the neighborhood and downtown. Mrs. Coblentz does her own housework.

Cancer Drive Aides Explains Why They Have Separate Campaign

Since the annual drive for contributions to the American Cancer Society has been on in Charlevoix many people have asked why the organization conducts an independent campaign. There are several reasons. It should be understood, however, that the American Cancer Society has no objection to federated funds as such. They have found that such a drive does not serve the purpose of the Society as well as the individual drive so continue as they have in other years. Mrs. Mildred Petersen, local chairman explains.

Here are a few of the reasons why 1. The American Cancer Society life saving educational campaign is one of the primary reasons why the Society declines to join the federated fund drive. The educational program is so planned to reach its peak during National Cancer Control month when volunteer workers solicit funds to support local education, service to cancer patients and a multi-million dollar national research program.

2. THE AMERICAN Cancer Society's national policy excludes the joining of federated fund-raising campaigns.

3. In all business enterprises, programs and policies stem from the budget. As an independent body, the American Cancer Society may use the budget it raises without let or hindrance toward its sole support: the control of cancer.

The American Cancer Society thinks it is wise, therefore, in choosing to conduct its drive independently.

Workers in the drive which is now on are: north side, chairman Mrs. Charles Bleha who is also organizations chairman, Mrs. Robert McClure, Mrs. Versal Seymour, Marion Craig, Mrs. Isaac Terr, Mrs. Leon Joseph, Mrs. J. F. Scudder, Mrs. Clair Stevens, Mrs. Jeff Novotny.

Valley: chairman, Mrs. Earl Miller, Mrs. Edward Lagerman, Mrs. George VerWys and Mrs. Gerald Left.

South side:Chairman, Mrs. William Supernaw, Mrs. Emil Pschner, Mrs. Roy Bennett, Mrs. Alfred Berginann, Mrs. Lloyd Barnett, Mrs. Marie McCall and Mrs. Robert Miller, Mrs. F. R. Bulow.

$2 Sells House

Howard Brumm, former H. J. Heinz Co., district manager here, is all smiles these days.

Here's the reason why: He sold his home here through the Charlevoix Courier classifieds. This should be proof positive that Courier Want-Ads do the job quickly and cheaply.

A FOR SALE ad which cost hif less than $2 sold a house which involves several thousand dollars. He plans to move his family to Holland as soon as school ends this June. What's more, he had several other prospects for the house.

If you want to buy, sell or trade anything of value, big or small, Try the Courier classifieds. Call Charlevoix 2 and a low cost want-ad will go to work for you.

Buy Trout Stamp

LANSING -- Trout fishermen preparing for the season opening April 29 should not overlook purchasing the $1 trout stamp and pasting it in the space provided on the regular fishing license. This year the name of the angler must be written across the stamp in ink, the conservation department points out.

Forest fires take an annual toll of millions of board feet of lumber. Do your part by carefully extinguishing all cigarettes and campfires.

Holy Cross Sodality Elects New Officers

Beaver Island—Richard O'Donnell, son of Mr. and Mrs. Frank O'Donnell, of St. James, was chosen prefect of the Immaculate Conception Sodality in Holy Cross parish for the coming year. To assist him as secretary, the Sodalists chose Janet Gallagher, daughter of Mr. and Mrs. James W. Gallagher, and as treasurer, Peter Green, son of Mr. and Mrs. Anthony Greene.

The new officers will be solemnly installed May 7 by Father Giles. They will assume active duty in September.

Hospital Load Jumps Six-Fold Since 1929

(Continued from page one)

Hammett, A. F. Bridge, L. S. See, F. W. Glassford, A. A. Swinton, R. F. Sloan, W. H. Miller and Capt William Fmucan. Summer residents who did their bit included Judson Harmon, Dr. L. A. Greensfelder, E. J. Block, Sidney Lowenstein, Charles Rice, John Weinman, A. D. Goldman, E. J. Shumway, Hazen Thompson and W. N. Bemis.

Those were the days when paved roads were few and model T's plowed through deep sand. Most babies were born at home and folks went to the hospital for only serious operations. But the little hospital grew and began to become a beacon in the community for those who were ill.

• • •

AN ADDITION to the original hospital was proposed in 1922. Construction was started a year later and the east wing was completed in 1924. It cost $22,000. This added an obstetrical ward, labor room and nursery and three private and one semi-private room. New kitchen and laundry facilities were added.

During the last 27 years, there has been a steady growth in the patient load not only from this town but other communities in the district. In an effort to keep pace with modern facilities, a hospital laboratory was built and equipped. A modern x-ray unit was installed as well as a basal metabolism and electro-cardiograph

• • •

SINCE THE WAR, the waiting room and the porches have been enclosed to accommodate more patients. And still the patient load increases. One of the prime reasons for the increase in patients is the wide acceptance of voluntary health insurance programs. Outstanding among these is the Blue Cross of the Michigan Medical Service.

Fine nursing care, modern hospital techniques in treatment and surgery have resulted in people entering the hospital.

Appear in Recital

Jeanette and Marilyn Novak appeared in the dance recital presented by Mrs. J. Dewey in Bellaire Monday evening. Their sister, Nancy, joined them to sing, "Oh, You Beautiful doll." The children are the daughters of Mr. and Mrs. Max Novak.

Mohair

Mohair, which comes from the Angora goat, is a long-wearing yarn

ODE TO OUR CITY DUMP

If you would have your heart go thump
Just view a sunset from our dump.
No rivals have those brilliant hues
As framed by ripe, fragrant refuse.

Smoke clouds curl wrathlike to the sky
From smouldering salad, old shoes and pie;
While scavengers,--bird, rat and man,--
Search for treasure 'neath each tin can.

In summer ten million flies, or more,
Commute from dump to our front door;
A feature we ignore,-being dutiful,-
When puffing Charlevoix, the beautiful.

The road is rough, it wrecks your car
The stench and smoke spread wide and far;
But to your throat there comes a lump
When you view a sunset from our dump.

4-H Achievement Day Closes Record Year of Activities

Exhibition of more than 1600 articles completed in 579 4-H projects established an all time county record of accomplishment at the annual achievement day held in the Charlevoix high school gym Wednesday, April 27. More than 800 spectators visited the exhibit. State club leaders who judged the show said the quality of work was superior to anything previously shown.

Articles on display varied in clothing work from aprons to formals. Beginners made aprons and skirts while more advanced girls made wool dresses and suits. All girls wore their garments in the dress review arranged by Mrs. Peggy Griener, Mrs. Lorie McCracken and Miss Joan Brumm. The background for the dress revue was a store window arrangement in which live models were used wearing the garments they made. Window models were

4-H Dress Revue Winners

Nita Brumm of Charlevoix, winner of 4-H dress revue, and Betty Warner, R1, Charlevoix, alternate, model their dresses at the annual Achievement Day program.

Betty Warner, R1, Charlevoix, in her pale blue formal, Donald Festerling, North Bay, in his corduroy jacket, and Joyce McGhan, Marion Center, in her wool suit. Each one of the members wearing the garments they made, modeled before this interesting setting and were introduced by Mrs. R. V. Liskum of East Jordan. The dress revue was judged by Amalia Yasold, state club leader. She selected Nita Brumm, Charlevoix, as dress revue winner and Betty Warner, R1, Charlevoix as alternate. These girls will model their garments in district competition at Gaylord camp in July.

Garments selected for display at the state fair at Detroit and at state show at East Lansing were a house coat and pajamma set made by Rheta Boss of Charlevoix. She chose for her material an aqua colored embossed cotton. A corduroy jacket and shirt made by Donald Festerling, Route 1 Petoskey, was also chosen for display.

The largest handicraft enrollments were from the East Jordan school. These clubs were led by Miss Elizabeth Dhaseleer, Mrs. Leatha Larsen, Mrs. Sadie Liskum and Mrs. Alma Larsen and did artistic craft work. They included tile painting, glass etching, weaving, cork work and basket making.

The largest pieces of furniture on display were made by members of the Bay Shore handicraft club led by Harold Rice. Boys in this club displayed large clothes closets.

Joe Martinchek, Marion Center, produced a very practical article by making a kitchen cupboard complete with sink. Howard Campbell, Charlevoix, made some beautiful lawn chairs and a lawn table. A similar lawn table was made by Allen Robinson, Route 1, Petoskey.

Rushell Hart, East Jordan, departed from the usual handicraft and did some forging. He displayed chisels and screw drivers and and a wrecking bar which were hand forged. His leader was Carl Elsworth. Donald Festerling displayed an unusual bookcase of a nautical design that was even complete to ship running lights.

The 79 knitters showed everything from sweaters to baby soakers. The audience was thrilled at this splendid exhibit. The large club in this work was led by Mrs. L. B. Karr who brought 51 knitters to completion. Even boys knitted. They managed to do the work so well that they received recognition and were placed on the county honor roll.

Clifford Bailey made one of the most interesting tractor maintenance displays ever shown in the county. The members had collected defective tractor parts that proved so because of poor tractor care. There were 11 members in this club.

Muffins and cookies were displayed by food preparation clubs led by Mrs. Joe Williams of Charlevoix, Mrs. Earl Johnson, Charlevoix, and Mrs. Blanche Paul, Route 3, Charlevoix.

The highest honors that can be awarded on Achievement Day is to have ones name placed upon the county honor roll. Honor roll winners in their projects follow:

Wins Detroit Trip In Dairy Project

Howard Campbell, Charlevoix high school student, son of Mr. and Mrs. Sam Campbell, Route 1, was one of 120 4-H boys in the state who were guests of the Michigan Milk Producers association in Detroit last week.

He was accompanied by County Agent Ed Rebman. The group visited WJR and its transmission studios, a metropolitan dairy, General Motors building and other points of interest. They were lodged at the YMCA.

Highlight of the trip was seeing the Detroit Tigers play the Cleveland Indians.

Mary Lou Price Wins Grange Contest

George Smith, Master of Maple Grove Subordinate Grange at Route 3 today announced Mary Lou Price of R.F.D. 3 local winner in the Nation-wide essay contest sponsored by the National Grange and the American Plant Food Council on the subject "Soil Fertility and the Nation's Future."

The essay of Mary Lou Price local winner, has been sent to the State Grange to compete for the State and National prizes totaling $10,000, furnished by the American Plant Food Council.

National awards are: First Prize, $1,000; Second, $500; Third, $400; Fourth, Fifth and Sixth $300 each. In addition, State awards will be $100 First Prize, $50 Second, and $25 Third.

Miss Price will receive an attractive Certificate of Award and an embossed pin.

Assistant Secretary of Agriculture Knox T. Hutchinson is Chairman of the Board of Judges to select National winners, and other members of the Board are: Dr. Hugh H. Bennett, chief, Soil Conservation Service, U.S. Department of Agriculture; Miss Lois M. Clark, Assistant Director, Division of Rural Service, National Education Association; Dr. W. T. Spanton, chief, Agricultural Education Service, U. S. Office of Education, and Dr. M. L. Wilson, Director of Extension Work, U. S. Department of Agriculture.

Albert S. Goss, Master of the National Grange and Clifton A. Woodrum, President of the American Plant Food Council, both sent congratulatory messages to the local winner emphasizing the importance of maintaining, replenishing and increasing the fertility of the nation's soils.

"The essays we have received," they said, "indicate that the young men and women of our Nation are taking seriously their responsibilities as stewards of our land."

Grain on Pasture

A question that often comes up in regard to feeding dairy cows concerns the amount of grain the cows should get on pasture. It's hard to lay down accurate grain-feeding rules because pasture varies so much throughout the season. excellent pasture calls for little if any grain. Poor pasture needs considerable help in the way of hay or silage and grain.

The dairy specialists at the college have worked out a table for the amount of grain that should be fed if your cows are on good pasture. For instance, this table recommends that Ayrshires, Holsteins, and Brown Swiss on good pasture be fed anywhere from no grain for those producing five pounds of milk per milking to eight pounds of grain for those producing 30 pounds per milking. If you'd like to have a copy of this table it's contained in a mimeographed sheet, "Pasture Pointers for Dairy Farmers," available from your county agent.

Soluble Fertilizer

People have been asked about the use of some of the completely soluble fertilizers that can be applied to lawns through a hose equipped with a proportioner. First of all, the soluble fertilizer, when compared pound to pound of plant food to ordinary fertilizers, has the same value. Their claim to place in the fertilizer world is complete solubility for application in solution. However, their cost when compared to the common fertilizers is high. Sometimes when sold for lawn purposes the price on them is as much as $1,500 per ton.

If you want to use liquid fertilizers you can apply superphosphate once a year in the dry form and then mix ammonium sulfate and muriate of potash and spray this mixture through the irrigation water.

Butter Scheduled to Make Headlines Just as Potatoes Did

The Department of Agriculture early in March brought 332,000 pounds of butter, the first large scale butter buying of 1950. This means that butter will soon take the place in the headlines recently occupied by potatoes.

These purchases signal the approach of volume buying for price support purposes and the end of chances to sell the huge stocks now on hand.

• • •

THE GOVERNMENT still has in storage well over 86 million pounds of butter bought to support 1949 prices.

The government was able through the winter to sell back to the butter trade less than 6½ million pounds.

The situation in dry milk is worse. The government has 182 million pounds in storgae and has been unable to sell any of it. It has been able to give away only 2 million pounds to welfare agencies.

THE CHEESE situation is a little better. The government has sold about 15 million pounds of cheese and has 19 million pounds left.

So far, no one has offered a satisfactory solution to this surplus dairy product problem.

Foreign countries don't want to buy these products at even greatly reduced prices. Welfare agencies in this country can take only a small quanity.

• • •

TO THROW them on the market in this country at reduced prices would end in only a vicious circle. The government would take a staggering loss because it would have to buy the new production that couldn't sell because of the surpluses that had already been thrown on the market.

Only nationwide bad weather or a war, apparently, will prevent eventual spoilage and dumping of these surpluses. That is, unless someone comes up with a miracle.

Counties, Cities Get Weight Tax Money

Payment of $98,370.00 in weight taxes for the first quarter of 1950 to Charlevoix county was announced by the State Highway department in Lansing this week.

A total of $30,910,257.15 was collected in motor vehicle weight taxes (license fees) during the first three months of this year in Michigan. All weight tax money is returned to the counties and municipalities for local road and street improvements under provision of Act 302.

Included in the county's total is $5,481.72 for Boyne City, $4,338.16 for Charlevoix, $3,256.16 for East Jordan and $400.86 for Boyne Falls. This receipt represents by far the largest item that will be received in 1950 for county and local street purposes.

Consider these facts!

Tests have proven that poultry and turkey mashes lose essential vitamins when stored for several weeks.

Why waste these expensive vitamins?

If the mashes are stored too long you lose vitamins as well as tying up your capital and running the chance of heavy losses by rats and mice. When you purchase feeds in advance of your needs, you are the loser.

229 from District Referred to Clinic

Dr. A. F. Litzenburger, director of the health department serving Antrim, Charlevoix, Emmet and Otsego counties, reports that 229 children from the district were referred to the Central Michigan Children's Clinic at Traverse City, operated by the Children's Fund of Michigan, and 20 other children received threatment at the Child Guidance Center there.

Under its program for the correction of visual defects, the Children's Fund provided glasses for 104 children in the four counties.

The Children's Fund of Michigan dental program operated for four months during the year. 545 children made 962 visits to the clinic, where 474 teeth were extracted, 1,027 fillings inserted, and 1,771 other operations performed.

BEAVER ISLAND

By Mrs. J. C. Hanley

At long last the harbor of St. James is practically cleared of ice. The first of the week, the situation did not look very promising. The east wind brought down ice floes from the Straits to jam the harbor. Wednesday, the boat was unable to cross due to the stiff wind, but by Thursday, the lake calmed and much of the ice had floated out.

Henry Allen came across on Thursday's boat with material for two more cabins. Work began immediately with Walter Wojan, Buddy McDonough, Dan O'Donnell and Bob McDonough assisting Allen. The cabins, which are being built on the lots adjoining Allen's log house facing the harbor, will be entirely modern with many attractive features. The finished project promises to be a real asset to the island's resort business.

Mrs. Fred Spalding flew from Pontiac to Albany, Ga. upon receiving word that her husband was very ill at the home of a relative in the southern city. Mrs. Spalding was in Charlevoix on her way to the island when she received word of Fred's condition. Mrs. Portt, Mrs. Spalding's mother, is with Mr. and Mrs. Bill Spalding in Pontiac.

MRS. ELIZABETH Gallagher has returned from Charlevoix where she spent the winter months with her daughter and son-in-law, Mr. and Mrs. J. C. McDonald.

Mrs. Nora Gallagher is back home after spending the winter months visiting relatives and friends on the mainland. Nonie, as she is known to all her friends, has been on the sick list since her return.

The prolonged winter weather and damp days brought on a sick list among some of the older residents. Mrs. Dan Boyle, better known as Aunt Maggie Turner, Mrs. Elizabeth Boyle, Mrs. Mary Ann Gillespie, Mrs. Mary McDonough and James H. Gallagher have had terrible colds and they were all very sick people.

Buddy McDnnough and Gene Connaghan have returned to the island from Grand Rapids where they have been employed for the past three months.

MARTHA MILLER is visiting relatives in Detroit.

Spring in trying hard to assert itself but Ole Man Winter's batting average is striking hard with snow flurries and chilling winds. Wood piles are vanishing and as one islander said recently, they are burning more fuel now than in the dead of winter. We're rootin' for "Spring" and by next week, we hope to report a complete knock-out, drag-out for our warm and much prefered favorite.

Mr. and Mrs. Karl Erber and family came over Friday to spend a few days at their cabin on sand Bay.

Last summer it was a broken toe for Dick Lyons, this spring, it's a broken finger. As the North Shore was going out of the harbor Friday, the stearing wheel spun around as the boat was backing up and in Dick's effort to catch the wheel, the result was a trip to Doctor Palmer with a very painful hand.

Friday evening, members of Our Lady's Sodality sponsoded a party in the Parish Hall. For the evening's entertainment, there was card games and dancing and a lunch was served.

Mrs. Ellen Pischner received many cards and gifts for her birthday Saturday. Saturday evening, Mr. and Mrs. Pischner entertained a group of friends to celebrate the occassion.

• • •

GRETCHEN BARKLEY also celebrated her birthday Saturday. She invited her school friends to her home in the evening for games and dancing. During the evening, ice cream and cake was served.

Mr. and Mrs. Lloyd McDonough flew to Charlevoix Sunday morning for their annual spring trip to Grand Rapids.

LeRoy Allers flew to the island Sunday to visit among his relatives.

Mrs. Susie Sandenburg is back in her island home after spending the winter with her daughter in Charlevoix.

Word was received Sunday morning that Mr. and Mrs. Bob Maxwell nf Wheaton, Ill. are the proud parents of a fine son. Mrs. Maxwell is the former Anna May Connaghan.

Mrs. Elizabeth McCauley announces the engagement of her daughter, Rita Catherine, to Wayne Long of Pontiac. The wedding will take place on the 13th of May at Holy Cross Church.

Local Women Attend Fellowship Meeting

The annual spring meeting of the Women's fellowship of the Cheboygan Association of Congregational churches was held at Cheboygan Tuesday.

Among the officers named were Mrs. Edward K. Shanahan who was elected vice-president of the association, and Mrs. Jeff Novotny who was named chairman of the social action committee.

Miss Ione Catton, who had spoken at the Congregational church here Sunday, was the principal speaker.

Among those who attended the meeting were Mrs. C. S. Webster, Mrs. H. E. Paddock, Mrs. Shanahan, Mrs. Jeff Novotny, Mrs. Charles Bellinger, Mrs. Earl A. Young, Mrs. A. F. Novotny and Mrs. Arthur Wexstaff.

Announce Betrothal Of Miss Nograsek

Mr. and Mrs. Frank Nograsek of Gingelville announce the marriage of their daughter, Frances Kathleen, to Thomas Wade son of Mr. and Mrs. Gerald Wade of Clawson, former Charlevoix residents.

The Rev. Daniel Jorgenson officiated at the ceremony at the Clawson Methodist church April 1.

County's Share of U. S. Debt Said to Be Nearly 22 Million

Congressman Charles Potter has concluded from a survey of the nation's budget for operations for the 1951 year that Charlevoix's share of that budget amounts to $3,418,100.

He bases this on population of the county in the 1940 census. The U. S. budget estimate for the next fiscal year is $42 billion. The 11th district congressman also estimates that this county's share of the U. S. debt of 263 billion is nearly 22 million.

Betrothal Announced For Miss Swanson

Mrs. Lena Swanson of Norwood road, announces the engagement of her daughter, Rosemary Swanson to Ralph Boutwell, son of Mr. and Mrs. Elgin Boutwell of Kasota, Minn.

The wedding will take place May 25 at Hettinger, N.D. After the ceremony the couple plans to visit Charlevoix and other points in Michigan.

J. Armstrongs Mark Silver Anniversary

Mr. and Mrs. Jack Armstrong celebrated their silver wedding anniversary May 1 with a family dinner given at the home of their son and daughter-in-law, Mr. and Mrs. William Armstrong of Atwood.

The table was attractively decorated with spring flowers and lighted tapers. A lovely wedding cake, one of the gifts received by the couple, centered the buffet decorations.

The couple received many other gifts and remembrances of the occasion.

The William Armstrongs, former residents of Charlevoix, moved to their new home west of Atwood recently.

Allen Boathouse Sold To R. W. Schleman

Details of the sale of the Robert Allen estate boathouse on Belvedere avenue to Robert W. Schleman of South Bend, Ind., were announced Tuesday by Earl A. Young, realtor, who handled the transaction.

The boathouse, long called one of the best boathouses in the middle west, is the former Logan Thompson boathouse. The Suzanne, 90 foot yacht of the South Bend Tool and Die Co., of which Mr. Schleman is president, has been based here all winter. A crew of four has been here for several months.

Council OK's Mayor's List of Appointees

The city council gave a speedy approval to the appointments of Mayor John Knight Mnnday night.

The only appointive job not filled by the mayor was that of police chief. In failing to make an appointment, it means Chief Clarence Haise is being employed by the on a week to week basis, Knight said.

Appointment are: Arthur Bergeon, city assessor, Norman Ance, city attorney, Charles Marshall, fire chief, Leo Allard, streets superintendent, Mrs. Mary Feindt city surveyor and Joseph Howard harbormaster. Dr. Isaac Terr, health officer.

• • •

THE COUNCIL by a unanimous vote stopped a movement for free movies at the athletic field this summer. Representatives of the owners of the Palace theater and the promoter of the free movies presented their cases to the aldermen and mayor.

The council agreed that the Palace theater purchases all of its supplies locally and pays its share of taxes and therefore should not have to compete with free movies which add nothing to the city's treasury.

Mr. Bergenn spoke in favor of the Palace theater, pointing out that it is unfair to permit the showing of free movies of this nature in competition with a taxpaying firm. It was also announced that directors of the Board of Commerce decided against free movies.

The proposed charge for continued use of the city's docks by visiting boatmen was referred to the parks and waterfront committee, headed by Harry Gebeau. William Bellinger of the Marine club and Allie Moore spoke against charging yachtsmen visiting Charlevoix.

The council was informed that the proposed Petoskey avenue sewer project would cost about $5,900 plus the cost of lateral sewers by City comtroller Don Swinton. He estimated that the job will be started about Sept. 15.

Supervisor George Haggard raised the question about the extent of the assessment against property owners in the area. He believes that the individual property owners may be charged only one-fourth of his assessment. There was no ruling made on this point as Mr. Ance said it will be taken care of at a later date.

• • •

DISCUSSION was also held on the estimated cost of building a retaining wall on Clinton street. To date the cost has risen to $4,075.

The resignation of Charles A. Hamlin as supervisor of the municipal golf course was accepted. Other action included decisions to permit the Knights of Pythias to use part of East park for their games parties for the hospital benefit, to advertise for bids on 125,000 gallons of fuel oil for the light plant.

Ex-Local Resident Dies in Hospital

John B. Martin, 37, former local resident, died Monday at a Wayne county hospital following a lingering illness. The body was brought to the See funeral home here Wednesday afternoon.

Funeral arrangements have not been completed.

Born in Marion township in April, 1913, he attended the Charlevoix schools and later went to Detroit where he was employed at the Packard Company until his recent illness.

He is survived by his wife, the former Shirley McCann, who he married in 1937, two children, Frances and Thomas, all of Detroit; his mother, Mrs. Elizabeth Pesek; a sister, Mrs. John Belek and a half brother, Joseph Pesek, all of Chicago.

The Charlevoix high school senior band which will appear with the high school junior band and the choir in the annual spring concert at the high school gym Friday, May 19. This appearance will be the first for the band since it received a first division rating at the Michigan band and orchestra festival in Lansing April 29. Directed by Clarence A. Odmark, the band is the largest and youngest which has made the trip to southern Michigan to participate in the festival. The group received three first division ratings in concert work and a second division rating in sight-reading to become one of five Class C bands in the state to receive the coveted top honors.

Mickey Glocklin Loses Life in Auto Accident

Funeral services for Cpl. Fay C. "Mickey" Clocklin, 25, of the U.S. Army Air Forces, were held at the See Funeral Home Tuesday. The Rev. Gaylord D. Howell officiated. Burial was in the Brookside cemetery.

Corporal Clocklin, a veteran of World War II, died May 3 from injuries suffered in an auto accident earlier in the day at the C. G. Edwards Air Force Base, Muroc, Calif. The body accompanied by a military escort, arrived Monday from the west.

Born in Petoskey July 13, 1924, Cpl. Clocklin later lived in Charlevoix and attended the local schools. He entered the U. S. Army in 1944 and served in the south Pacific area which included duty in the Philippine Islands. Late in 1947 he transferred to the U.S. Army Air Force.

He is survived by his mother, Mrs. Mary Snyder of Detroit; his father, Ray Clocklin of Harbor Springs; a sister, Mrs. Frank Romas of Detroit; one brother, Robert of Watervliet and his maternal grandmother, Mrs. Mary Supernaw of Harbor Springs.

Employment Survey Set for May 14-20

The Census bureau's current population survey, from which the official government figures on employment and unemployment are obtained each month, will be conducted during the week of May 14 to 20, it was announced today by District Supervisor Donald P. Watkins at Boyne City. In the current population survey, the Census Bureau interviews each month a representative cross-section of 25,000 households throughout the country, including many in the Charlevoix area.

This survey of employment and unemployment has been conducted each month for the past 10 years, and has provided published figures within 3 or 4 weeks after the interviewing is finished. There is a tremendous interest in these up-to-date figures on the employment situation at the present time, and their timely publication is most useful to government, business, industry and other users of this information.

Sixth Grade Posters Draw Much Attention

There are quite a few artists among the sixth graders.

This much is evident by viewing the posters on the need for building a new hospital, being displayed in the stores on Bridge street.

Residents are urged to stop into Brown Motors and vote for the poster they think is best. Three prizes are being offered to the artists who get the most votes. Residents are urged to vote by next Saturday.

The poster contest was staged by the hospital building fund committee in connection with their drive for funds which begins here Monday.

The Charlevoix high school band, the junior band and the choir will present their annual spring concert at the high school gym at 8 p.m. Friday, May 19, their director, Clarence A. Odmark has announced.

The program for the junior band and the choir will precede the concert by the senior band which won a first division rating at the state band and orchestra festival in East Lansing recently.

The junior band program will include the following selections: March, Mister Joe, Bennett; overture, Three Gates of Gold, Frangkizer; Lauterbach Waltz, Old German; march, Activity, Bennett.

The program for the 53-voice mixed choir will include: The Nightingale, Mendelssohn; To Music, Franz Schubert; Sylvia, Oley Speaks; Country Gardens, Old English; Romanian Rhapsody, Enesco; Homing, Del Riego. Mrs. Leonard Burns is the accompanist.

The personnel of the Charlevoix high school junior band follows: flute, Connie Paul; clarinets, Don Walstad, Shirleen Allison, Faye Meggison, Tom Fessenden, Phyllis Williams, JoAnn Liston, Cora Paul, Deanna Left, Anna Pontious.

Saxophones: C melody, Betty Berg, Betty Blissett; alto, Tom Swanson, Tom Erber; tenor, James Novotny; cornets, Peter Winnick, Bill Sippel, Kenneth Boss, John Connolly, Robert Miles, Sue Beaudoin, Roberta Case, Lucille Himebauch.

Horn, Elaine Poole; trombone, John Stebe, Henry Pontious; bass, Jerry Paul; drums, Darlene Coatta, Lucy Himebauch, Kay Ikens, Keith Mort, Gloria Ostrum, Carol Paul, Roberta Swanson, Janet Todd.

The program for the high school senior band has not been completed but is expected to include several popular selections as well as marches and overtures.

16 at Ellsworth To Graduate May 19

Graduation activities for the 16 members of the senior class of the Banks township public school started with the junior-senior banquet Friday night at Rowe Inn, east of Ellsworth.

Baccalaureate services will be held Sunday night at Ellsworth Christian Reformed church with Rev. Wayne Lemmen, pastor of Atwood Reformed church, preaching the sermon. Commencement exercises will be held May 19 at Community hall.

The speaker is Rev. Jack Steele, pastor of the Methodist church at Sturgis.

A picnic for the junior and senior high school classes will be held on May 25. Presentation of diplomas for the eighth grade pupils will be made May 24 at Community hall and a program by pupils of the lower grades will be held at that time. A picnic for the lower grades will be held May 24.

Final Softball Plans To Be Made Friday

A final organization meeting of the city softball league will be held at 8 p. m. Friday at the city hall.

Final efforts will be made to determine the number of teams to play in the first half. So far the number of sponsors exceeds the number of players. The only definite teams are Barnard, Atwood and an all Indian team sponsored by Bud Russell.

Men over 40 who want to play once a week in an old man's league, are asked to call the Michigan Cleaners or Williams Cigar store and leave their names and addresses.

Belvedere Resident Dies in Cincinnati

The death of Mrs. Anne M. Forker, 84, summer resident at the Belvedere club for many years and member of a prominent Cincinnati family, was reported in Cincinnati last week. Her husband died in 1914.

A native of Sharon, Pa., Mrs. Forker spent her summers in Charlevoix and the remainder of the year in Cincinnati. She leaves two daughters, Mrs. Horace W. Reid of Cincinnati and Mrs. William R. Goodall of Omaha, Neb., a son, David M. Forker, Jr., of Cincinnati.

Seven Track Teams Compete Here Saturday

Charlevoix will be host to the 15th annual Northern Michigan Class C conference track and field meet Saturday. Seven conference teams, the largest number in several years, will participate in the event. Charlevoix is the defending champion, a title they have held for 12 years.

Teams participating in tha Saturday evants and thair coaches are: Grayling coachad by Bruce Smith; Harbor Springs coached by Las Luca; Mancelona by Merriett "Pat" Patterson; East Jordan by Max Damoth; Boyna City by Art Gillespie; Pellston by Bernie Wilson and Charlevoix by S. E. 'Irish' Coleman.

The preliminary rounds in the 100 and 220 yard dashes and the high and low hurdles will be run off and finals in the shot put and the pole vault will be held starting at 10 a.m.

• • •

THE FINALS in all other events will be held during the afternoon starting at 1 p.m.

Ray Kipke will be the official starter and Earl Brotherston of Boyne City the official timer.

The Charlevoix track team relinquished its Class C title in the Central Michigan College relays to Milan Saturday as the Rayders tallied only 13 5/7 points to take a tenth place in the 10th annual event. Milan had 42 7/10 points and Reed City was second with 29 7/10 points.

A 65-mile-an-hour wind and dust blasts hampered the running events and the high jump and forced the cancellation of the pole vault.

Charlevoix's team, coached by S. E. Coleman, won points in the following events: a third in the shot put by Charles Fairbanks who also tied for second place in the high jump with 13 other participants.

The Rayders also took a third in the mile relay with a team composed of George Haggard, Jim Bowman, Jack Dodge and Charles Cross and a forth in the shuttle-hurdle relay with a team made up of Fairbanks, Ron Cunningham, Bill Wallace and Dwight Smith.

Thirty-five track-men made the trip via bus to Mt. Pleasant although all did not participate in the events.

Rebakahs Attend Elk Rapids Meeting

The 24th annual session of the Rebekah association, district 18, was held Monday at Elk Rapids with Rebekah lodge No. 181 as hosts to the 265 members present. Adda Gibson, assembly president of Michigan, was present for the one-day meeting.

Those who attended from Charlevoix were Mrs. P. R. Ross and Mrs. Robert Mitchell, past district presidents; Mrs. Sims Baker and Mrs. Lawrence Swanson, delegates; Mrs. E. E. Stroud, Mrs. S. O. Sorenson, Mrs. George Cook, Mrs. Eugene Lewis, Mrs. Howard Griffin.

Mrs. Ray Seymour, Mrs. Edward Swanson, Mrs. Alvin Morrow, Mrs. William Ager, Mrs. Guy Stutzman, Mrs. Edward Lakies, Mrs. Ronald Swanson, Mrs. Fred Southworth, Mrs. Glenn Rose, Mrs. Walter Yemans and Mrs. Marie McCall.

Former Ironton Man Expires in Ontario

Funeral services for Will Williams, 67, retired railroad engineer and former Ironton resident, were held at Sioux Lookout, Ont., Tuesday. Burial was made at Sioux Lookout. Mr. Williams died Friday following a stroke. He had suffered his first illness while visiting relatives here in March.

Born at Ironton the son of Richard and Charlotte Williams, he had gone to Canada about 1910. He was married to Eleanor Dixon of Charlevoix in 1905.

Besides his wife he is survived by two sons; a daughter; one brother, Walter Williams of Ironton and two sisters, Mrs. Lottie Tumath of Davison and Mrs. Sam Straw of this city.

Sundew Arrives Here To Aid Navigation

The U. S. Coast Guard cutter, Sundew, in command of Lt. Russell H. Bergh, arrived here late Monday for its first trip of the season. The ship has been in the Green Bay area and Lake Superior assisting in opening navigation in the Great Lakes.

The ship will place buoys and other aids to navigation while here. It is six weeks behind last season's schedule due to the late spring.

Methodist Group at Grand Rapids Convo

Sunday, May 7, a group of the Methodist youth attended the second annual Michigan conference convocation at Grand Rapids. Those attending were: Roger Sweet, Beverly Trimble, Velma May, Bill Barker and Charles Rose. They were accompanied by Mrs. Clayton Trimble.

Dr. Roy L. Smith of Chicago was the guest speaker. Dr. Smith served at one of the largest Methodist churches in Los Angeles, Calif., before becoming the first editor of the "Christian Advocate." He is now head of the Methodist Publishing House, Nashville, Tenn. The topic of Dr. Smith's address was "You Are Magnificent."

Roger Sweet, Grand Traverse district president, then had charge of the installation of the new MYF conference officers.

Leaders Striving For $80,000 by June 1

The campaign to push the hospital building drive to at least $80,000 by June 1 will get underway Monday.

The drive to date has netted $41,000, according to Kit Carson, drive chairman. Workers will make a house-to-house canvass during the last two weeks of May. Mrs. Kit Carson is handling details of the drive among the homes.

Captains for the campaign will be Clarence Wood, Petoskey avenue north; Bob Fochtman, Petoskey avenue south; Rev. Jackson Turner, Valley; Mrs. Gordon Freedman, Mason and Antrim; Allen Campbell, Bridge street west; Hurlbut and Upright; Fred Willis, Bridge street west, Lincoln and Garfield; Rev. W. D. Wood, Bridge street east; and Dr. Gerald Gibbons, south and west of Garfield.

The campaign which formally started with last year's summer carnival has been aided by various benefits and organization parties during the fall and winter months.

This will mark the first organized effort to enlist the support of every householder in the city for the proposed hospital.

• • •

CAMPAIGN LEADERS called upon residents to give generously to this drive which they are quick to point out is not "just another dollar campaign." As Mrs. Carson said, it will take the generosity of every resident to make this hospital possible.

The new hospital campaign takes on new urgency because if the community raises enough money, construction is likely to start within the next year or so. There is a good chance that the federal government will pay 55 per cent of the building and equipment costs.

There has been talk in congress of slashing funds for new hospitals to 33 per cent. In the event the hospital is started before the cuts were to go into effect, it would mean the hospital would receive its full share of federal funds.

CONDITIONS at the present hospital have been on the crowded side for some time. The only thing that prevents a greater patient load, is lack of adequate facilities. Several physicians from East Jordan, Boyne City and Bellaire would prefer having their patients here but they have difficulty in obtaining rooms.

Mrs. Carson said that it is expected that the workers and their captains will complete their solicitation of homes in 10 days or two weeks. It is intended that the drive will close June 1.

Residents must realize, Mrs. Carson said, that their contributions will make the building of a new, modern hospital a reality. Health is so important today that we must be able to have the best in hospital facilities for our families and friends, she said.

Acute Need for New School Is Recognized

Acute need for a new school building to accommodate increased numbers of students was recognized at the annual spring open house program of the school last Thursday.

School leaders, parents, studests and others appeared agreed that steps should be taken now for the construction of a new building. School Supt. Roy G. Bennett and Edward K. Shanahan, chairman of tha Charlevoix education group, explained building plans and designs.

Pointing to the inadequacy of the present high school, Shanahan said that the school offers about half of its required curriculum. No metalcraft or shop repairs are taught, he pointed out.

• • •

HE EMPHASIZED that present population trends indicate larger enrollments for schools in small communities as the state and nation step-up decentralization of industries. Shanahan predicted a sharp increase in the number of students in the next 10 years.

To meet this surge in enrollment, the city must enlarge school facilities to accommodate the growing number of students. While most people at the open house were agreed of the need for a new school, there was little agreement on what kind of a building the new structure should be.

There was talk of it being a two-story building for the high school as proposed by a school-hired architect. But there was also support for a one-story building. The question of whether the building could be constructed in two sections was asked.

Several convincing arguments were put up by two seniors who spoke in favor of the proposed new building. They were Roger Sweet and George Haggard.

• • •

ROGER pointed out the lack of facilities for the band and music department. He said the choir practices in the cafeteria. The school needs individual lockers, a chemistry laboratory with good ventilation and equipment.

Eighty-six students would sign up for shop classes if they could

The New Hospital Fund Deserves Your Support

You and Your New Hospital!

Workers in the hospital campaign wilt begin Monday an intensive two-week drive to raise about $40,000 towards the construction of a new hospital.

The drive to date in about nine months has resulted in the pledges and contributions of about $11,000, an appreciable figure. But more is needed.

Communities near Charlevoix are watching this city carefully to see how strong the support is for a new hospital. On the basis of need judged on the use of the present hospital, it appears that a new hospital is the best investment the community can make.

While the present hospital has operated at a loss, it has been repeatedly pointed out that the physical layout of tho building makes an efficient operation all but impossible. Too it is the gospel truth that the biggest majority of hospitals operate at a loss.

In most cases, the hospital or the community cannot put the dollar sign on good health. It is something that is taken for granted until it is lost. Then all too graphically, one realizes good health, his most prized possession, has slipped away.

What a resident contributes to the hospital is his own business. But he should consider the great need of having a new hospital with the best of facilities to serve his family in case of need.

Charlevoix is not an average city of 2600. In the summer, the population swells to several times that figures. The presence of a large population intensifies the need for a new hospital.

When it is considered that the patient load at the hospital has increased six-fold in the last 20 years, it becomes apparent that a much larger hospital with better facilities is a must for the community and the area which it serves. There are indications that other communities will help Charlevoix raise necessary funds.

The present hospital served its purpose in its day. Designed to handle 17 or 18 patients, it was well equipped for the times. But today in the wake of tho development of so many new medical procedures in hospital care, it is easily seen that the hospital must be enlarged and better equipped to do its job in the best manner possible.

The manner in which a person may spread his pledge over a three year period makes it possible for more people to contribute. For example, it has been said that a person having a wage or salary of $2500 a year, if he gives five per cent or $125 in two years—it means he is contributing roughly 20 cents a day or enough for a pack of cigarets.

Certainly he will want to give that much toward a new hospital which stands ready to serve his family.

A new modern hospital will be an asset to Charlevoix and its surrounding areas, offering life-saving facilities to all.

Your gift will not be for a month or year but for posterity. The hospital fund needs your help now.

Pensions for All Still Is Thorny Problem

One of the most complex of economic issues confronting the nation today is . . . old age pensions.

Many of the labor groups are now putting their attention on pensions. The coal and automobile unions, to name only two, have centered their demands on pensions. The general trend in recent months has been to obtain $100 monthly pensions for the workers when they reach 65.

Despite union efforts along these lines, the problem of pensions, some authorities say, is far from a solution. In large industry, there is a large turnover of labor . . . a man may work for a motor company for a short time and then move on to something else. The size of a labor force varies from time to time. It certainly appears that any solution to the pension problem must he greater than that covering union labor.

This is possibly why there is much sentiment for government pensions which would cover everyone, regardless of how or where they worked. There is one school of authorities who say that the social security agency can be enlarged to provide this coverage.

That is easier said than done. Federal social security today provides about $30 or less . . . a long ways from $100, and a great many are not covered at all. Furthermore social security is not on an actuarial basis. The government takes in the money through payroll deductions, spends it for other purposes and then appropriates more funds to meet requirements. No one seems to know how much is necessary in taxes to produce $100 a month pensions for all.

Attempts to solve this problem in many states have run into a blank wall as they too are having a difficult time making ends meet. Any increase in federal taxes is to be opposed because the weight of present taxes are too much a burden on the present economy of the nation.

The only thing certain about the pension issue is that it may be a long time before a solution is reached.

ODDS 'N ENDS

By Frau Martin

More fun in school . . . fire drill bright and early Monday morning with approximately 460 youngsters from kindergarten age through the sixth grade spilling out of the building in 65 seconds . . . quite a feat when you consider there are thirteen rooms on two floors which have to be emptied.

Senior class activities are picking up and will reach their peak a month from now with graduation June 6 . . . caps and gowns are ordered . . . the seniors annual is here . . . commencement invitations are out this week . . . the band is rehearsing "Pomp and Circumstance" . . . the choir is preparing for baccalaureate . . . plans are being made for the Senior trip . . . can it really be true that the school year is almost over and that another class is leaving? We hate to admit but the calender says Yes!

• • •

BANDS, Bands, bands and more music . . . it's great fun . . . these band festivals and the youngsters love it . . . It's wonderful seeing the drum majors and majorettes stepping it off . . . And with Traverse City coming here instead of East Jordan, the massed band included some 400 musicians . . . Have you ever stopped to think of the improvement in high school music in the last decade? When you've thought it over say a special "Thank you" for directors like Mr. Odmark and others who start from scratch (or should we say squak) and teach those youngsters to play . . .

And don't forget the track meet this Saturday . . "Irish" Coleman's boys will be trying for their 13th straight title against more and stronger teams then have entered since the early 40's . . . Track is one place where only hard work and individual 'fight' pays off . . . It's a great sport so try to get out and back the boys.

High school groups visiting the capitol building in Lansing is an old story . . . there are dozens every month . . . but Mrs. C. M. Bice, who visited the capitol last week while Mr. Bice was there on business came back with a story we feel worth repeating . It was of a group of thirty youngsters from a school for the blind who with their teachers came to "see" where our state laws are made, to visit the galleries in the senate and house of Representatives and other points of interest. **The youngsters, walking in pairs, visited the building from top to bottom** . . . With them was an older woman whose acute sense of perception and observation combined with a talent for portraying in words what she saw, brought to the children a word picture of their surroundings hard to describe.

Listening to her, Mrs. Bice went on, you realized how very much you missed with your own two eyes. She gave to them in mere words the color, the texture, the grandeur and even the significance of the place. There was no hesitancy on stairs or in doorways and unless you listened to their guide you never would have known they were "seeing" only through words.

Things are buzzing at the Belvedere Club these days readying the 34 cottages and the hotel for the summer season. E. J. Edwards has his crew of workmen everywhere on the club grounds . . . First of the season's arrival will be Mrs. Leland S. Bisbee of Jackson who will arrive this week-end for a few days and Mrs. George A. Kuhn who will arrive about May 8 for a pre-season visit. The William Cartwrights are expected from Cincinnati about midmonth for a two week stay.

Now that the smelt run is past its peak the perch are coming in with good catches reported at Ironton Saturday. And the trout season opened a week ago but we've only heard of one fisherman, Bub Coleman of Pontiac, reporting a catch . . . of two brook trout Saturday.

The Marine Club, sponsors of the Venetian Night parade, will be having a colorful season . . . what with the arrival of scads and scads of bright signal flags to be used on 'state' occasions . . Another sure sign of the approaching summer season . . . more and more out of state license plates . . . East Jordan has picked a new coach to succeed Dan Devine . . . he's Gayle Saxton, a native of East Jordan, who attended Alma College and has been coaching at Carson City, and well known here.

Don Bambach, who is stationed at Ramy Field, Peurto Rico, has been promoted to sergeant he has written his mother, Mrs. Winifred Bambach. He's expected home on furlough early in June after duty in Panama Canal Zone and more recently at his present station.

Girl Scouts Need School Bag Items

Spring cleaning? Remember Girl Scouts.

Have you cleaned out the desk drawers? Girl Scouts in Charlevoix along with all the other Girl Scouts in Ameriea are making sturdy school bags and filling them with pencils, paper, note books, erasers, crayons and anything that a school child needs and uses, for the children overseas.

If you find extra school items such as these mentioned drop them at the Central Drug Store.

These school bags are tokens of good will from the young people to those of foreign lands who are trying to learn to read and write with the crudest of tools.

A small box will be in the Central Drug Store for your convenience.

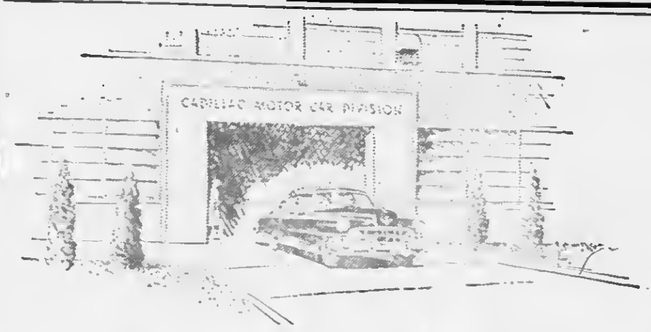
THE SCHRADERS



Just Imagine It's Yours!

You say you have never driven a Cadillac?

Well, it's a lovely day—and there are beautiful roads to travel down and interesting places to visit—and a little dreaming never hurt a soul . . . so just slide over behind the wheel. It's *yours!*

First, you'll just want to *sit* for awhile, with your hand on the slender, obedient wheel—and get a close-up view of the ingrained goodness that makes this car so unmistakably . . . the Standard of the World.

And then you turn the key, touch the soft-throated engine into action—and you're away.

The steering wheel all but reads your mind! The brakes are as soft as velvet, and *immediate* in their response! The road has become a boulevard—and the turns and lights seem so *very* close together!

And the soft, easy *quietness* of it all! You just sit and relax—in complete contentment—and the miles go by—and the miles go by . . . "Oh, how I wish this car were mine!"

Well, it's time, we think, to stop dreaming—and lend an ear to this: the lowest-priced Cadillac costs *less* to buy than certain models of numerous other makes of cars; it is so enduring that it will give a lifetime of service; and it is so economical that it actually approaches the low-priced popular cars in gasoline mileage.

Yes, it's time to go into action—*and to make this car your own!*

Non-Partisan News Letter

By Gene Alleman
Lansing Observer for Michigan Press Association

The jig-saw puzzle of putting together the state of Michigan budget for the coming year is just about completed.

Republican legislators have whittled Governor Williams' $343 million dollar budget to around $260 millions. As anticipated revenue will total $235 millions, a deficit of $20 to $25 millions thus is in sight.

Legislative leaders plan to recess the special session soon to a date after June 30, 1950, when the balance sheet for the present fiscal year will be available.

• • •

Governor Williams recommended to the legislature that government spending be increased approximately $110 millions for the coming fiscal year. Of this amount $135 million would be used for state operations; $158.3 millions for payments benefitting local units of government; $27.9 millions for college and hospital building; and $18.7 millions for road improvements.

• • •

The role of the state as a tax collector for local governments was augmented by the constitutional sales tax diversion amendment. Under this amendment, twice approved by the voters, the state diverts 78 percent of the sales tax revenues to local governments.

• • •

The difficulty confronting the legislature in trimming state expenditures from an over-all total, as recommended by Governor Williams, of $343 millions to approximately $260 millions has been widely recognized. Republican leaders have used the device of the caucus agreement to hold legislators in line. The strategy of Democrats will be to publicize the economy program of Republican legislators as a denial of needed public services and crippling of vital government functions.

Governor Williams has indicated that he disapproves deficit financing, especially during good times. Thus the legislature will probably face a double attack of incurring deficit spending and, paradoxically, a charge of needless economy.

• • •

Resentment of Republican legislators over the legislative limitations imposed by the Governor is reflected by the current consideration of a proposed constitutional amendment calling for annual regular sessions of the legislature. If this resolution is approved by two-thirds of the House and Senate membership, voters of Michigan would be given an opportunity to vote on the proposal next November.

• • •

The annual session of the legislature would convene the second Wednesday in January annually, and sessions in even-number years would be required to adjourn on or before the second Friday in April.

• • •

If the 1950 legislative session had been an annual session, as contrasted to the present special session, legislators would have been free to introduce and consider bills of any type. Thus a bill to increase the gasoline tax and weight tax, whereby road improvements could be financed, would probably have been adopted by the legislature and before the Governor for his signature at this moment.

The State Administrative Board has approved a plan for a $4 million state office building near the Capitol. The building would be financed by bonds to be purchased by the State employees Retirement Fund. Existing rentals of state departments would be replaced by rentals on the state building. Whereas departments now pay an average rental of $1.15 a foot in private building the state building rental calls for $2.50 a foot.

Michigan farmers are approximately 16 days behind in their spring planting schedule. The low temperatures this spring, however, indicate a favorable yield for Michigan applies, cherries and peaches.

Probate Judges Rap Fund Cut for Mentally Ill

Probate Judge Floyd Supp and other probate judges in this section of the state are protesting the proposed 7½ percent cut in funds for the mentally ill in Michigan hospitals.

At a recent meeting of the judges, they authorized a resolution in protest to the planned cut. Judge Supp said it is regretable that the legislature is considering this cut which directly affects a class of people who have no lobby to help them.

It was resolved that the judges do their utmost to protest any cut in current levels of appropriations for state institutions serving the mentally ill, the feeble-minded and epileptic.

"Trapper"

A "trapper" in the parlance of the air express division of REA, has little to do with the traditional tourist. Instead it refers to the motor truck service that speeds air express traffic between the business districts and the airport. In New York City, more than 90 trips a day are coordinated with scheduled airline flight arrivals and departures at the three airports serving the metropolitan area.

New Hospital

Volunteer hospital fund workers will begin their two-week task of raising $40,000 in additional funds for the new hospital. These workers have dedicated themselves to raising this money for the most important building in the community.

During the last nine months when the hospital drive was launched, more than $41,000 has been raised from a host of activities and individual contributions.

Hospital leaders feel confident that the community will make every effort to respond to this civic humanitarian cause.

The Reasons for a New Hospital

The present old hospital has been bulging at the seams for several years.

Consider that the hospital patient load has jumped not one, two or three times but six-fold in 20 years.

The point has been reached where patients are being turned away to other hospitals, because of cramped, inadequate facilities.

The present hospital is outmoded and is unsuited to the latest in medical and surgical care.

Costly to operate, because it is poorly arranged, it rates only slightly better than a house with hospital beds. It fails to meet the needs of today let alone the needs of years to come.

What It Means to You

Good health for ourselves and our children is the most important thing in life. Medical science has made gigantic strides in providing longer life by new medicines, miracle drugs and improved techniques.

A modern, up-to-date hospital forms an integral part of that combination in providing the latest type facilities to save your life, your children's lives and speeding recovery. If the hospital lacks equipment or other facilities, it may not be able to help you or your children when you need them the most.

A contribution to the new hospital coupled with those of your friends and neighbors will make it possible for Charlevoix to have an adequate hospital. You have the power to say now whether you and your children will get the best care possible in the event you need it later on in life.

Sign the Pledge of Health . . . Give as Much as You Can

This hospital campaign is not merely another campaign. This is probably the only hospital Charlevoix will build in the next 50 years. Your gift will be for posterity.

Pledge Your Gift Over a Three-Year Period.

Many people find they can afford to give more if they can pledge their gift over a three-year period. In this way, you can give one third of your contribution each year.

Volunteer workers will visit you. They will explain how you may distribute your contribution over a three-year period and how you may deduct it from your income tax. Your pledge is important. We believe you will wish to have a hand and a heart in helping to build our most important building.

If You Were Ill . . . Which Would You Choose?

THE OLD	THE NEW
(1) A frame house converted and outdated.	(1) A modern, efficient, fireproof hospital, properly designed.
(2) 1 operating room.	(2) 2 operating rooms.
(3) 25 beds, 7 bassinets.	(3) 40 beds, 12 bassinets.
(4) 4 private, 2 semi-private rooms.	(4) 4 private, 10 semi-private rooms
(5) 6 bed men's ward. 6 bed women's ward.	(5) 4 four bed wards.
(6) Overcrowded nursery.	(6) Room for everyone's child.
(7) Cramped laboratory facilities	(7) Better, larger, up-to-minute.
(8) No emergency room.	(8) Emergency room, always ready.
(9) 19th century style kitchen.	(9) 20th century style, streamlined
(10) Old plumbing, heating, lighting.	(10) Improved and up-to-date.
(11) Facilities unsuited for best in radiography, fluroscopy and diagnostic work.	(11) The latest, the best, the most modern and efficient.
(12) Poor arrangement of rooms.	(12) Conveniently planned, cheery and suited to their purpose.
(13) Overcrowded waiting room.	(13) More space, greater comfort.

Federal Government to Pay 55% of the Cost

Federal assistance to the extent of 35 percent of the total cost of building and equipping the new hospital has been assured local officials. It is hoped that the construction of the building will be started within the next two years.

If for some reason the hospital is not built, your contribution will be refunded to you. All individual contributions will be used only in the building of the hospital . . . and for no other use.

County Farmer Uses Old Fence Posts to Build Poultry House

By Vic Spaniolo
Courier News Staff

Utilizing discarded fence posts, normally permitted to rot or to be used as kindling, Norval Korthase, 28-year-old GI farmer on Route three, Boyne City, built a cedar block poultry house from them, capable of housing 300 chickens.

Not only that but the cost was only $500 plus his own labor. Farm experts acclaim it as one of the best poultry houses in northern Michigan.

Korthase, a farm student on the Veterans Institute program, constructed a large poultry house to help him accommodate his 1,500 white rocks. Measuring 30 by 40, it handles some 300 chickens.

• • •

WITH THE exception of the plastering on part of the interior, he did all of the work himself. While his poultry house is one of the few in the district to be constructed of cedar block, he utilized a large stockpile of fence posts which had no further use as posts.

He sawed up the posts in 12-inch lengths, put mortar in between. Air space in the middle acts as insidation. The poultry house is marked by good ventilation and cleanliness. His straw loft serves the dual purpose of providing excellent ventilation and insulation. It has a steel roof.

• • •

COMPLETED LAST fall, he reinforced the corner walls with barbed wire. The building has running water, community nests and a timer light system. His construction follows accepted practice of Michigan State college poultry experts, his instructor, Floyd Ayres, said.

His community nests hold 15 chickens with ease whereas the older types of nests can only accommodate four or five. A thick layer of softwood shavings covers the floor of nests to prevent egg breakage. Eggs are usually cleaner, too.

While he was unable to tell how long it took him in man hours to complete the job, he said that he did the work at odd times while working his 170 acres. At present, he is aiming to have plenty of eggs for the resort trade.

He bought his chicks in January with the definite idea in mind of having high egg production by resort season when demand is at a yearly high.

While his attention in recent months has been put on poultry, he has started on a program of handling feeder cattle. He has 25 feeders and wants to raise mostly feeder calves. But he realizes that it will take him several years before his ambition is realized in this field.

Cedar block buildings seem to be a favorite with him as he has a machine tool shed, 60 by 26, made of it. He finds that cedar block has great utility for buildings and is economical, particularly when a farmer has lots of old fence posts.

• • •

AT PRESENT he is busy putting a 40 by 60 basement under an old barn so that he can expand storage space. Boasting a well-balanced farm program, he has some thoroughbred Yorkshire hogs.

In addition to his normal crops of grain including corn, wheat and oats plus alfalfa hay and brome grass, he hopes to plant eight acres of potatoes. The unseasonable weather has delayed his plantings and preparation of fields but he figures his new tractor will help him make up for lost time.

He has added incentive these days as his daughter, Anne, is only 10 weeks old. His wife is a former Boyne City teacher.

Farmers Will Be Hosts to Merchants At Fete May 25

John Brandt, president of the National Milk Producers Federation and Land-O-Lakes Creameries, Inc., will be the principal speaker at the annual Farmers-Merchants banquet May 25 at the Masonic temple.

Mr. Brandt is reputed to be one of the outstanding milk authorities in the nation. He has been called an outstanding speaker.

The farmers will be hosts to the merchants for this dinner. Some 150 persons are expected.

The committee in charge is composed of Fred Willis, John Clark, Al Smith, George Smith, Walt Kemp, Ken Sweet and Stanley Houghton.

Pasture Helps Make Profits for Dairy Farmers

Pasture-produced milk is the most profitable, dairy farmers tell Michigan State College extension dairymen.

Many have no figures to back their claims. They just know that they feed less grain, little hay, and are freed from heavy barn chores during pasture season.

But one Livingston County dairy farmer does have some proof that milk costs are cheaper in the pasture months. His herd has been on test for 20 years. Figures obtained by MSC dairymen from his records show how alfalfa-brome pasture has lowered production costs since he started using it as the summer feed.

Feed costs to produce one hundred pounds of milk in pasture months averaged just one dollar less than they did during the barn season over the past three years. This herd of 12 cows put about $100 more a month in the family pocket book because of cheaper feed costs with pasture.

Pasture for this herd was not figured "free" either. Each cow was charged 15 cents a day while she dined on the alfalfa-brome to cover taxes, costs of seed, fertilizer, lime, seed bed preparation and maintenance. The big saving was in grain cost, for when the pasture was at its peak, practically no grain was needed.

Dairy specialists report that Michigan dairymen can find out more about the use of pasture and forage in profitable dairy enterprises at the Grass Day programs to be held throughout Michigan during the month of June.

Beef Sale Slated At Gaylord May 23-24

The Northern Michigan Beef Breeders Association will attempt for the first time to hold a small beef bull sale on Tuesday and Wednesday at the stock yards at Gaylord May 23 and 24. About 20 breeding age bulls have been consigned, all of them herefords. They hope they will have a few head of shorthorn and angus by sale time.

Beaver Island Fetes High School Seniors

Beaver Island—May sixteenth is the date for the high school banquet in honor of seniors of Saint James high school. In charge of arrangements are Marguerite Connaghan and Sally Cull, junior class officers.

For the occasion, the Parish Hall will be festooned with streamers and balloons of royal blue and old gold, the school colors. The tables will be decorated with special favors, candles of blue and gold, and bouquets of spring flowers. Special programs have been printed, containing the banquet speeches and the dance program. Guests for the occasion will include the seniors and their parents; Mr. and Mrs. James H. Gallagher, the parents of William Gallagher, a deceased member of the graduating class, and Father Giles.

Following the banquet, there will be a formal dance for which a special program has been arranged, consisting of square dances, waltzes, schottisches, polkas, and fox trots. Confetti and serpentine will add to the gaiety.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanlay

The North Shore began making daily trips to the island last week. This service usually does not start until the summer season.

Monday's boat brought across the body of Con O'Donnell who died during the winter in East Jordan. Burial was Monday afternoon in Holy Cross Cemetary.

Bussie LaFreniere returned to the island the first of the week to make preparations for the opening of the Shilleligh Restaurant. For the past three years the restaurant has been under the management of James Elms. This season, Bussie will operate the business.

Henry Allen returned to Ann Arbor Monday. He will return to the island during the coming week with materials for two more cabins.

• • •

ELSTON PISCHNER was in Boyne City to visit the doctor for another treatment.

Karl Erber not only had a nice vacation on the island, but he made a nice sale while here. Doctor and Mrs. Russell Palmer bought the good-looking dark green 1950 Buick Erber brought across.

And just when everyone was trying to put away blankets, the blanket salesman arrived with the back seat of his car piled high with merchandise. Now if he had only used Erber's method of salesmanship, maybe he would have left more blankets on the island.

The census taker spent the past week counting noses on the island and filling out those hugh sheets.

• • •

WORD HAS been received that Mr. and Mrs. Fred Spalding are spending ten days in Florida prior to a trip to the hospital for Fred. They will return to Albany, Ga. where Fred will undergo a tonsillectomy.

Mrs. Sophia McDonough spent a few days during the past week in Charlevoix.

Matt Melville, boatswain mate, is cruising this season on the largest and most luxurious freighter on the Great Lakes, the Wilfred Sykes. It's a 2400 ton job, everything the latest and the outside world is brought on board with television sets.

Former mail pilot, Pelkey, flew to the island Wednesday with refrigerator repair man, Paul Garthie.

Pete Rennie, Traverse City, flew to the island Wednesday for a short visit.

It's chick-chick here, chick-chick there and eggs are all over the place. Bub Burke, is his effort to keep his hens home, clipped both wings of all the chickens and the poor birds aren't able to fly up on their roost or to their nests. Barney Mooney, who is keeping house for the Burkes while they are away, is having a prolonged Easter . . . that is, there's an egg hunt in the Burke's yard every day.

Sunday was a day made to order for the May procession and the installation of officers in the Blessed Virgin's Sodality. The exercises, held in Holy Cross Church, was beautiful and inspiring. Gretchen Barkley, Carolyn Miller, and Raymond O'Donnell, eighth grade students, were received as members of the Sodality.

ALL THE SCHOOL age children in the parish participated in the May procession. They were led by Mary Elizabeth Gallagher and Kathleen Gatliff. "O Mary We Crown Thee With Blossoms Today" was sung by all the children as Walter McCauley, Sodality prefect, crowned the statue of the Blessed Virgin.

After services Sunday afternoon, members of the Altar Society held a meeting to make plans for the spring cleaning of the church and rectory.

I'm scared to brag, but we have had two beautiful days in succession. It looks as though "Spring" has won the battle. There's not a trace of ice in the harbor, our feathered friends are arriving from the south . . . a beautiful Baltimore Oriole was in our junipers Sunday morning, and the children report the May flowers are in bloom.

The smelt run is on in the Jordan River and they say they are in so thick you can scoop them out with your hands. One fisherman scooped up such a quantity that he was giving them away by the pail full to folks in the village.

Success story

Never, in all Packard history, has a new engineering feature equaled the success of Packard's new and exclusive Ultramatic Drive!

Since the first of the year, more than 85% of all Packards (including the *lowest-priced models*) have been ordered with Packard Ultramatic Drive—the *last word* in automatic no-shift control!

Just try it and you'll know the reasons why!

ASK THE MAN WHO OWNS ONE

The big swing, today, is to *Packard Ultramatic Drive*—the *first* fully automatic drive to combine

1 *The super smoothness of torque-converter acceleration with*

2 *The gasoline-saving efficiency, and more positive responsiveness of solid direct drive at all cruising speeds!*

And here are some of the wonderful results:

No clutch-pushing, no gear-shifting. No jerking, no clunking. Nothing new to learn. Just set it . . . forget it!

No gas-wasting slippage at cruising speeds. You cruise in solid direct drive. No "racing engine sensation"—no over-heating of the drive unit.

No risky down-shifts, which might cause a skid on slippery pavement. Smooth, gradual engine braking power.

No gearshift lag. Instant change from *Forward* to Reverse, to rock the car in snow or mud. And more positive responsiveness when cruising.

1950 Packard WITH Ultramatic Drive

Exclusively yours, at reduced extra cost, on all 1950 Packards! Come in—we want you to drive it!

JAPANESE MINISTER VISITS CROP

Yoshisuke Kasai, Japanese Vice-Minister of Health and Public Welfare, recently paid tribute to CROP when he visited the relief organization's national office in Chicago. "Although the need continues in Japan," he said, "the assistance of American church organizations has been a paramount factor in decreasing destitution since the war ended." Shown above, left to right, are: Ray F. Murray, of Catholic Rural Life; Mr. Kasai, and John D. Metzler, of Church World Service, and Clifford E. Dahlin, of Lutheran World Relief, viewing a toy train, symbolizing part of 1,163 carloads of farm produce collected by CROP in 1949 for overseas distribution.

August Postmus' Shorthorn Cow Is Top Producer

By Ed Rebman

A milking shorthorn cow owned by August Postmus produced 744 pounds of butterfat, during April according to Don Graham, tester for the Charlevoix-Antrim Dairy Herd Improvement Association. A Guernsey cow owned by Carl Conant was second highest with 713 pounds of butterfat. Arnold Smith of East Jordan owned the herd of 7 mixed cows that averaged highest for the month by producing 38.4 pounds of butterfat per cow. Sam Straw of Charlevoix, owned the herd of cows that were second highest by prodcing 37.2 pounds of butterfat for the month.

The association tested during April, 33 herds totaling 386 cows with 71 dry cows. The average milk produced was 706 pounds of milk and 26.3 pounds of butterfat per cow including dry cows. The average test for the association was 3.73%.

Home Builders See Record Year in 1950

Michigan home builders are looking forward to another record home construction year in 1950.

According to Hirtus E. Alles, executive secretary of the Michigan Association of Home Builders, which is sponsoring a conference, prospects for 1950 are unusually bright.

"The volume of new homes built in 1949 has far exceeded the earlier expectations of the home building industry," said Alles. "This huge production of lower priced homes for those of modest incomes is in line with the plans laid down by this industry at their meeting of previous years.

"A relatively higher degree of activity will be found in the usually slower months of winter and spring. While the number of large projects in the big cities are more spectacular and attention-getting, it is an interesting fact that the smaller builder still is the back-bone of the industry. Well over three-fourths of the over one million homes built in 1949 in the U. S. can be credited to those who built less than six homes" per year.

Mild Weather Speed Apple Scab Spores

Mild winter weather has hastened the development of apple scab spores in orchards, Ed Andrews, Michigan State College extension plant pathologist warned today.

This means that early pre-blossom sprays may be crucial for apple growers in 1950, Andrews believes. Heavy spore discharge may occur when the green tips of leaves are visible. He says that growers will need to spray more often when the season is rainy but urges a careful watch.

Adequate early spraying may prove more economical in controlling apple scab than more costly controls later in the season, the specialist pointed out.

Control Grasshoppers When They Are Small

The time to control grasshoppers is when they are small and before their wings grow where they can move into crops, warned Ed Rebman, county agricultural agent.

What are the prospects for grasshopper invasions in Michigan in 1950? The county agricultural agent has word from Ray L. Janes, extension specialist in entomology at Michigan State College, that on the average the situation will be about the same as in 1949.

Each fall surveys are made of the adult grasshoppers. Last fall the number was about the same as in 1948. Weather, however, will have a lot to do with how well they hatch out and grow. Dry weather tends to make the Michigan problem worse.

The county agent advises farmers to watch their fields for grasshoppers and at the first sign of activity, get after the small bugs. Recommended controls are the same as for last year.

Diet for Elderly

Middle-aged and elderly people should have at least a pint of milk in their daily diets for best nutrition and health.

Planning Group Formed to Assist Agent Ed Rebman

A planning committee for the county agricultural agent was formed at a meeting held last week at East Jordan. The purpose of this committee is to assist the county agricultural agent in planning the agricultural extension program for the county. Members of this committee will meet with members of the committees from 4-H and Home Economics committee to form the overall extension planning committee.

All of the interests of the county have been represented on this committee. The interests include poultry, turkeys, potatoes, dairy, crops, livestock, vegetables, and fruit. Also represented on the committee are members from the three farm organizations; the Farmers Union, Farm Bureau and Pomona Grange. A representative of the agricultural committee of the board of supervisors is also included.

The men who have been selected to form this committee are as follows: Norval Korthase of Boyne City, Hi Brock of East Jordan, Joe Stutzman of Charlevoix, Julius Roberts of East Jordan, Burr Blanchard of Charlevoix, Curtis Nicloy of East Jordan and Howard Stephens of Charlevoix.

Echo Farmers Local Formed in Antrim

The Farmers Union organized a new local to be known as the Echo local, in Antrim county. S. P. Martin of Stanton, state president, spoke at the organization meeting.

Officers of the new local are Alfred Nelson, president; Rodney Petrie, vice president; Wilma Zoelek, secretary-treasurer and Raymond Murphy, organizer.

GUM in Gasoline Can Stick You for Plenty

Beware of GUM in gasoline. GUM coats pistons, cylinder walls, jams valves, causes stalling and costly repairs. High octane gasoline must be specially protected against gum and, unless protected, high octane may also mean high gum.

POWER-PACKED Sinclair Gasolines Stop Gum TWO Ways

To prevent gum trouble and damage to your car, Sinclair Gasolines stop gum 2 ways. By careful and expert refining, Sinclair produces gasolines with minimum *gum-forming* characteristics. As an extra safeguard, two different anti-gum chemicals are added to prevent gum formation.

Tough gum deposit on valve stem above steals power, leads to costly damage.

Clears Ruling on Conservation Issue

There seems to be a general belief that the recent supreme court decision invalidated all conservation laws We still have the same basic laws that we have always had and they will be enforced to the best of our ability, states C. H. Eagle, field administration district supervisor, district No. 5. The Supreme Court decision only made it illegal for conservation officers to use certain methods for obtaining evidence.

Conservation officers function under Act 192, Public Acts of 1929, which was effected by the Supreme Court decision. This act delegates the Director of Conservation or any officer appointed by him the authority to arrest without warrant any person who violates in the presence of the officer any of the laws which protect game, fish and other natural resources.

Authority is provided for any officer to seize any hunting or fishing equipment or other appliances used in violation of the law. They still possess the authority to serve warrants and make seaches with a search warrant.

Any hindrance or interference with a conservation officer in the performance of his duties under law is classified as a misdemeanor and is punishable as such.

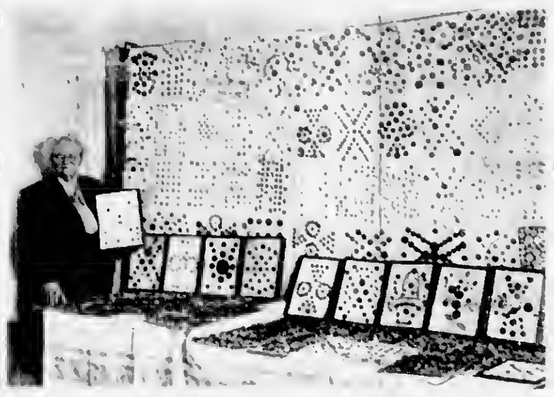
Mrs. Munyon Boasts Collection of Buttons 307 Feet in Length



By Mrs. C. R. Munyon

The tenth anniversary of the Michigan Button society will be held in Marshall, May 19-20. The collection of buttons is the third largest hobby in the United States. These meetings take me back along the paths of my memories to my first interest in buttons. As a child my mother started me out on what was called a button string. That was an interesting pastime for children at that time, and thinking back, I believe it kept children out of mischief and busy at the sewing circles, so popular during that period.

The string consisted of a thousand buttons, which was quite a task as well as a source of pride to the child finishing one.. This feat I accomplished and still have mine.

During my earlier time of life, which was a busy one, my interest in buttons lagged. About 1931 my friend, Mrs. Mina Dawson, chairman of the present anniversary group, aroused it again and I started on my present collection which includes a button string 307 feet long, as well as 85,000 other buttons which are mostly without duplication, or not more than two of a kind.

• • •

THE SEARCH for buttons while on my many trips to California gave me an opportunity to visit many unusual places. This included second hand stores, rummage sales, Goodwill stores, Salvation Army stores, Indian reservation villages, many small western towns, as well as the button boxes of the many acquaintances I made.

All of my friends have been enlisted in the search for different kinds of buttons. My collection contains buttons from Tibet, France, Germany, England, Mexico, China, Holland, Switzerland, India, Norway, Scotland, Japan, Egypt, and Palestine, also buttons from nearly every state in the Union, not to mention coat buttons of different organization, military buttons and shoe buttons.

If I were to be asked to pick the most interesting buttons in my collection I would find it hard to do. I have buttons of black glass, pears, metal, china, enamel, porcelain, hand painted, inlays, animals, birds, insects, pictures, cameos, flowers, fruits, trees, leaves buckles, bubical, historical, cloth and old perfume buttons. My finestones are the watch crystals and paper weights which I have only a few of.

I HAVE a lovely Satsuma from Japan, a gold Mandarin coat button presented by te American ambassador to China which is 150 years old, and a button from Switzerland which is more than 120 years old, a beautiful hand hammered silver button from Tibet, and several silver hand hammered buttons from Mexico. My smallest button is about 1/16 of an inch in diameter, and my largest is 3½ inches.

In 1937 I joined the Michigan Button society, and during these years I have found that my has furthered my knowledge of the unusual, as well as the history connected with different types of buttons.

I also have several other interesting hobbies, or activities such as quilt making and making hooked rugs, also most all other types of fancy work.

Acute Need Seen For New School

(Continued from page one)

be accommodated. The teaching of art is needly in the school curriculum, he emphasized.

Speaking forcibly along those same lines, George Haggard showed that the classrooms are too small already to handle efficient classes Students are hampered by poor speech making facilities, chemistry and physics. In his opinion, the commercial department needs equipment and larger quarters more than any other department.

It was explained that no agriculture program is possible in the high school level until it has a laboratory and adequate teaching facilities. The school, meant for 500 students, now houses 819 pupils.

How much longer can this last", was the question asked of Bennett He replied that it need last no longer than an approval by the voters for the extension of millage for 15 years. Shanahan said that about eight mills would be required over a 15-year period.

• • •

SCHOOL OFFICIALS and the education group are holding exploratory talks with the view in mind of building a new school for as little as possible According to figures quoted last week, the new school will cost between $300,000 and $400,000

There was some discussion of whether it would be wise to convert the present grade school into the high school and then build a new elementary school. Both points of view were presented. The new building as outlined by the architect from Lansing was that it would double the present space of the existing high school. The feeling was prevalent that the new building when it is constructed will be built on the site of the old high school.

C A. Odmark directed the choir which sang three selections.

Visits Island

Mrs. Catherina C Bergeon, Charlevoix county superintendent of schools, Mrs. Marian Rice, nurse of Health Unit 3 and Miss Caroline Austin, visual constultant of Michigan State Health Department were on Beaver Island Wednesday on a business trip. They made the trip via McPhillips Flying Service.

School Faculty At Petoskey Area Meet

Fifteen University of Michigan consultants of the Bureau of School Services held an area meeting in Petoskey last week.

Among those who attended from the Charlevoix public school faculty were Supt. Roy G. Bennett, H. E. Bingham, Max Novak, Uno Suomela, Ray Kipke, Norman Gallagher, S. E. Coleman, Grayde Patterson, Larry Tuomela, William Billings, Robert Richards and Holly Johnson.

Frances Milner, Mrs. Kay Smith, Mrs. Bertha Shetterly, Mrs. Ethel Courier, Mrs. Helen Richards and Glenn Snider of the elementary school faculty.

Mud Lake Gets "Cleared Up"

County officers got a notice from the government not long ago, asking them to change the name of Mud Lake. Seems it's a *pond*, not a *lake*, by government standards.

Because it lies entirely inside our town limits, we asked to do the name-changing ourselves. Figured we'd think up a brand-new name. Mud Lake's really not very muddy—sort of pretty, in fact.

County people said go ahead, so we held a Town Meeting. Everyone suggested something. Windy Taylor thought "Taylor Pond" would be nice, because his place borders it—for about 30 feet! But we finally decided to call it "Turtle Pond" in honor of the real owners.

From where I sit, naming that pond wasn't the most important thing in the world—but the way we did it was. Everyone offered his opinion and then the majority vote decided it. That's the way it should be—whether it concerns naming a pond, or having the right to enjoy a friendly glass of beer or ale—if and when we choose.

Census Dept. Reveals County Business Rise

Retail, wholesale, and service establishments in Charlevoix County, showed a substantial expansion in dollar volume of trade from 1939 to 1948 according to preliminary figures from the 1948 Census of Business released today by the U.S. Department of Commerce.

Retail sales in the county during 1948 aggregated $9.6 million, an increase of 182 percent over the $3.4 million in 1939, when the preceding Census of Business was taken. Wholesale sales in the county reached a total of $2.2 million in 1948 as compared with $0.7 million in 1939. The service trades recorded receipts totaling $220,000 in 1948 compared with $135,000 in 1939.

Employment in the county also rose over the 9-year period between 1939 and 1948 for the above trades. Establishments in these trades reported a combined total of 542 paid employees for the workweek ended nearest November 15, 1948. This compared with a total of 301 employees reported for the week of November 15, 1939.

These preliminary figures have been derived from a Census report on Charlevoix county, which also includes data for Boyne City. Final figures, superseding the preliminary data for Charlevoix county, will be included in a Bulletin for the State of Michigan to be issued in several months.

Three from County to Graduate from Ferris

Three Charlevoix county students will receive their diplomas at Ferris Institute at the 66th annual commencement May 16. They are Charles W. Wexstaff, 108 W. Hearing Set For Zoning Change June 5

A hearing on the proposed change in the zoning ordinance affecting May street from Carpenter avenue to Stover road will be held at 8 p. m. June 5.

The city council, at a special meeting Friday afternoon, voted to hold the hearing on the proposed change of the zoning from agricultural to commercial. The hearing request was occasioned by Howard Stephens of Stephens Implement Co., who wants to build an office and display room oo May street for his farm implement business. The building will be 20 by 30 and Mr. Stephens hopes to huild an addition onto the original building he is planning.

The city expects to change the zoning designation between Carpenter and Stover.

The council also agreed to authorize a contract between the city and Frank Sears of Sears Dock & Dredging Co., for repair of the Clinton and Antrim street docks. The agreement will provide for the Sears company to build two slips on Clinton street in place of the present dock.

• • •

THE SLIP will be 50 feet long and five feet wide. Sears will also sink steel sheet spiling at the foot of Clinton and make necessary repairs on the slips at Antrim street.

The proposal to construct tennis courts, recommended by the Board of Commerce, was tabled. It was explained that while the city realizes the importance of

"There's a Long, Long Trail, Elliot; Sleigh Ride, Andersoo; Trombone Smear, Hot Trombone, Fillmore; Semper Fidelis, Sousa.

The program for the junior band and choir were printed last week.

Heart Attack Is Fatal to Paul Woll

Paul Woll, 49, coal salesman in Michigan for many years and operator of the Blue Heaven resort near Eastport, died unexpectedly at the Bancroft Hotel in Saginaw early Tuesday while in that city on a business trip. Funeral services will be held Saturday with a prayer service at the See Funeral Home at 1:15 p. m., and services at the Zion Lutheran church, Petoskey at 2 p. m. The Rev. Harold F. Krach will officiate. Burial will be in Brookside cemetery.

A native of Ohio, Mr. Woll came here from Toledo 12 years ago and developed his present resort property. He had been with the Princess Elkhorn Coal Co., of Huntington, W. Va., for many years. The family had spent the winter in Charlevoix this year.

He was treasurer and a director of the West Michigan Tourist and Resort association.

He is survived by his wife, Gladys, and two children.

The Perch Really Were Biting

Burt Cook of 616 West Philadelphia ave., Detroit, prepares to take a perch off the line as one of his buddies, Bill Krell looks on. The party caught about 200 perch Saturday afternoon in Lake Charlevoix, fishing from their plane. This was their first flying trip here. They plan to come back again this week-end.

Report Perch Run Is Drawing Record Number of Anglers

The perch run was really on in Round lake, Lake Charlevoix and nearby waters, judging by the number of out of town visitors over the week-end.

While many fishermen have been coming to Ironton and Charlevoix during the week in recent days, there was heavy influx of anglers here over the week-end. Bernie Ward and others who rent out boats said the rush was on. Some said that the perch run is drawing record number of anglers.

It was virtually impossible to rent a boat last Saturday or Sunday. Many fishermen reported large catches, but there were some who said the perch were not biting as yet.

But that was not the case with Burt Cook, veteran fisherman from Detroit, who with Bill Krell and Dick Clayton, also of Detroit, flew to Charlevoix in a plane equipped with floats. They lighted on Lake Charlevoix, not far from the railroad bridge, and dropped their lines Saturday afternoon.

Fishing for about three hours, they landed about 200 perch, dropped them in the plane floats and took off to return to Detroit. They were befriended by Bill Butters of Sunset Lodge, who went to their aid by getting them minnows.

Cook, owner of the three-place Aronca, said this was the first time for fishing in Lake Charlevoix, adding that he hopes to bring some friends here again this week-end.

8 Teams Listed In Softball Loop

Eight teams have been entered in the Charlevoix Softball league which opens play June 1 for the first half of the season.

Teams are: Atwood, Barnard, Cadillac-Olds, Freedman Artcraft, Mailhot's, Parsel's, Russell Grocery and Glenn See.

Entry fee deadline will be Friday, May 19. The list of players must be submitted before June 1.

Schedules and rules governing league play will be furnished each player. All umpires will be registered with the Michigan Softball association.

• • •

THE FIRST round of play will end about July 15 at which time several additional teams may be added.

Plans are being formulated for an old men's league for players 38 or older. Men wishing to play in this league are asked to register at Joe Williams' store or with John Knight, district softball commissioner.

By qualifying and playing in this league does not prevent the men from playing in the faster league.

There will be two other leagues for boys, ages 7-11 may play in the afternoons starting at 4 p.m. Players are asked to register with Dean Davenport, Mr. Knight or at the Courier office.

An intermediate league of boys 12 to 16 will be formed. They may register with Davenport, Knight and at the Courier.

New Train Schedule

Effective Monday, May 22, C & O railroad will restore passenger services with the southbound at 10:18 a.m. with connections for Detroit and Chicago and the northbound at 1:08 p.m. with connections from Detroit and Chicago.

Charlevoix Racks up 85 Points In Winning 13th NMCC Title

Charlevoix swamped Petoskey and Harbor Springs Tuesday in a triangular track meet, scoring 72 points. Chuck Fairbanks was high point man with four first—high jump, shot put, pole vault and high hurdle races. Jim Jolliffe won the sprints. Petoskey scored 39 and Harbor Springs 19.

The Charlevoix Rayders captured their thirteenth straight northern Michigan Class C conference track and field title here Saturday by rolling up 85½ points in the annual conference meet.

Individual scoring honors for the Rayders were to Charles Fairbanks who made 16 points; Jim Jolliffe who had 14 and Ron Cunningham who had 12½.

Other points were scored by Dwight Smith, 7; Mike Bergeon, 5; George VerWys and Ron Geer, 4 each; Charles Cross, Bill Wallace and Stan Whitley, 3 each; Jim Bowman and Dale Suomela, 2 each; and the relay and medley teams which scored 5 points each.

Other schools and their points were: East Jordan, 30½; Grayling, 27; Harbor Springs, 17; Pellston, 14½; Mancelona, 8½; Boyne City, 0.

Times were good in all the races although no records were broken. Ron Cunningham, junior broad jumper, came within four inches of tieing the conference record of 20 feet 10 inches.

Coach S. E. 'Irish' Coleman plans to enter his team in the northern Michigan regional meet at Cadillac Saturday.

Archie Rounds To Be Installed as State Patriarch

Archie D. Rounds will be installed as grand patriarch of the Grand Encampment, I.O.O.F. of Michigan, at the 103rd annual session at Petoskey May 18-19-20.

The public installation of Mr. Rounds and other grand officers will be held during the intermission of the Grand ball at the Petoskey high school gymnasium at 9 p.m. Friday.

For the first time in the history of the Michigan Encampment a Sovereign Grand Master, Justice Edward M. Sharpe, of the Michigan Supreme Court, will attend the sessions.

The Perry Hotel in Petoskey will be the convention headquarters and business sessions will be held at the I.O.O.F. Temple, the Elks Tempe and the high school. The Department Auxiliary Association will be in session at the same time.

Mr. Rounds, who is being installed in the highest office of the Encampment, is the first Charlevoix county man to hold that position. He has been a member of the I.O.O.F. lodge for 32 years. He joined the Highland Park lodge April 5, 1919, and has been a member of the Detroit and the Dearborn lodges. His subordinate membership is in the latter organization. He organized the Dearborn Encampment No. 22, was a charter member and the first chief patriarch. He is a member of the Canton of Ludington and the Charlevoix Rebekah lodge No. 293.

Mr. Rounds came to northern Michigan from Dearborn in October, 1944 and is now employed at the Freedman Arteraft Engineering Corp. here.

Rites Held Sunday For Mrs. Wagner Norwood Pioneer

Funeral services for Mrs. Emma C. Wagner, pioneer resident of Norwood township, were held at the Norwood Methodist church Sunday with the Rev. Howard Moore of East Jordan officiating. Burial was in the Norwood cemetery.

Mrs. Wagner died Thursday at her Norwood township home following a brief illness.

Born in West Chazy, N. Y., the former Emma C. Moore came to Norwood township at the age of seven years. Except for ten years she resided in Charlevoix she had resided in the Norwood area since 1871. In April, 1894, she was married to Henry Wagner who preceded her in death May 18, 1948.

She had beeo a member of the Norwood Methodist church for 55 years, was a member of the W.S.C.S. of the church and the W.C.T.U.

She is survived by a daughter, Mrs. George Light; one son, Floyd Wagner; five grandchildren and four great-grandchildren.

Mrs. Della Prough Taken by Death

Mrs. Della Prough, 59, widow of Lester Prough and former local resident, died Sunday at Van Ormer, Pa., where she had resided for the past year. Funeral services and burial were held at Glasgow, Pa., Wednesday.

Born in the east, the former Della Rickard was married to Mr. Prough and lived in Altoona, Pa., before coming to Charlevoix county in 1930. Mr. Prough preceded her in death Sept. 27, 1948, as the result of burns received in a stove explosion in his Ironton home. She resided in Charlevoix for several months following his death.

Surviving are six daughters, Mrs. Doroth Orvis of Flint, Mrs. Ada Williams of Ironton, Mrs. Martha Keller, Mrs. Genevieve Chapin and Mrs. Josephine Southmead, all of Detroit; nine sisters including Mrs. Alice Williams of Ironton, one brother; and several grandchildren.

Kit Carson Named Head of County Chamber

Kit Carson was elected president of the Charlevoix County Chambers of Commerce at the spring meeting last week at East Jordan.

Other officers are Dr. Bud Hite of East Jordan, secretary, Arthur Bergeon of Charlevoix, Dr. David Pray of East Jordan and Zipp of Boyne City, directors. Barney Milstein of East Jordan is the retiring president.

Principal topic of discussion centered on the fact that the county Chambers of Commerce, basically an advertising and promotional agency for the county, has little or no funds with which to carry out a program.

Howard Porter of East Jordan said that in general the county does not have the money to finance the advertising program because of the low assessments. He said a county assessor who is trained for the job might be the answer to the problem, thereby providing the county a larger tax base.

In other words, he said there is too wide a divergence between assessed valuations and actual valuation. Until this gap is narrowed, none of the cities or communities will have enough money to carry out a program of improvement.

Members attending appeared to agree that the answer might be found in asking the board of supervisors to raise assessed valuations about 10 percent and having the increase earmarked for advertising and promoting the county's resort assets.

S. E. Coleman commended the work of the county Chambers since its organization.

He said the combined efforts of the county Chambers results in much more promotion than is possible by one city or community. There is increased need for county co-operation on many problems.

The board of supervisors has allotted $750 for advertising for the coming year. Part of this will be used to touch up the signs advertising the county near Boyne Falls and at the intersection of US-131 and M-66. It was reported that the paint was peeling and that efforts should be made to save the signs from further damage.

BULLETIN

The Canadian steamer, Yank Canuck, went aground on the south end of Gull Island, 15 miles west of Beaver Island in northern Lake Michigan at 3 a. m. Wednesday. The Beaver Island Coast Guard, under Chief Clarence Sikorski, went to the scene and removed the owner from the ship to Beaver Island. The ship is in no immediate danger.

Campaign Gets Off to Fast Start As Leaders, Workers Open Canvass

The hospital fund drive was off to a fast start here as a band of enthusiastic workers settled down to the task of pushing the total raised by June 1 to $80,000.

The drive passed the $50,000 mark yesterday, Kit Carson, fund chairman, reported, adding that the local leaders are confident that the goal will be exceeded within two weeks. It means that about $30,000 will have to be pledged or contributed by that time.

The exact total raised to date, counting pledges and cash contributions, amounts to $51,158. More than $10,000 of that figure was raised since May 1, Mr. Carson said.

The honor of becoming the first person to pledge during the campaign which opened Monday belongs to Mayor John Knight. He appealed to residents to support the new hospital campaign by pledging as much as possible.

The Mayor called attention to the fact that the community needs a modern, well-equipped hospital. Every effort should be made to raise the needed money so as to be qualified for the 55 percent participation of the federa government.

Some 40 workers and leaders attended the kick off meeting last Friday. Mrs. Kit Carsoo has assumed charge of the two-week drive. Leaders agreed that residents for the most part desire to support the drive to the utmost of their financial ability.

It is expected that the door-to door campaign will require the co-operation of every resident, said "we must take into consideration that this is the most important drive to be conducted in many years.

"We dare not fail in this campaign or else we shall be satisfied with less than the best of medical and hospital facilities for our families", she said. "Each one of us must answer to himself or herself how much he or she can give.

"The need was never greater", she declared. "This is our chance of a lifetime to serve the entire area using the hospital. We can provide a hospital and the latest of equipment at less than half-price when you consider government assistance."

She called attention to the fact that the money may be pledged over a two or three year period. Many people are finding it possible to increase the size of their gifts because they can spread the contribution over a period of time.

A parade of the Charlevoix band, Boy Scouts, Girl Scouts and automobile dealers was held Saturday afternoon. The cars carried slogans on the drive. After the parade, the youngsters travelled up and down the street, writing slogans on the merchants' windows.

State Educator To Speak Here For Graduation

Dr. Lee M. Thurston, state superintendent of public instruction, will be the speaker at the Commeoement Exercises for the graduating class of the Charlevoix bigh school June 6, Supt. Roy G. Bennett has announced.

At that time 55 graduates will receive their diplomas.

Baccalaureate services will be held Sunday, June 4. Rev. Jackson E. Turner will deliver the sermon.

Both programs will be held in the high school gymnasium.

Boyne Schools May Appeal Tax Allocation

The final allocation of the 15-mills tax available to various county units as adopted by the Charlevoix county tax allocation board Thursday gives ten mills to the county, one to all but one of the 15 townships and leaves four mills for the schools, a cut of one full mill over the 1949-50 allocation.

Of the ten mills allotted to the county, eight will be used for operational costs and two will be placed in the court house sinking fund.

Fourteen of the 15 townships received one mill as needed for their budgets. Charlevoix township was the only one which did not require the allocation. Township needs showed a hike over last year when only one, South Arm, asked for the one-mill allocation.

• • •

THE BOARD cut ooe mill from the 1949-50 school allocation to fulfill the needs of township, leaving only four mills for the schools. Despite appearances of school officials who asked for the full five mill allocation, the cut was made and all schools with the exception of Undine district No. 3 will receive only four mills. The Undine district received no allocation since its budget did not show a need.

Last year all schools with the exception of East Jordan, received five mills. East Jordan's needs demanded only four mills.

The Boyne City Board of Educatioo submitted to the allocation board a resolution adopted by the former group stating it would appeal to the state tax commission if the schools did not receive the five-mill allocation. Other schools are expected to join them in the appeal.

Courier to Publish Informative Series on New School Needs

By Edward K. Shanahan

Several weeks ago while attending a meeting to discuss the school needs of Charlevoix, I made the mistake of talking when I should have beeo listening. As a result, I presently found myself elected chairman of the Charlevoix Education group.

Flattering as the honor was, I was nevertheless apprehensive since I knew little about school oeeds and deficiencies. However, I did endeavor to learn what I could about the entire situation, devoting considerable time and effort to the subject.

• • •

ONE THING that immediately struck me was that many with whom I talked had small bits of information, some of which was correct, some of which was partly correct and some of which were mostly erroneous.

Be that as it may, a large majority agreed that there is a real need for expanding school facilities and that there is oo real prospect of the current crisis easing without further building.

• • •

MY INVESTIGATION led me to believe that the subject is too large to be studied, understood and resolved at an open meeting such as the annual school meeting July 10. Consequently, and at the suggestion and urging of others who are interested in finding a workable solution to the school crisis, I have undertaken to write a series of articles for the Courier.

These article do oot pretend to be the final or only approach to the problem since they are only the opinion of one person. However, they should provide the starting point for discussion, and if they tend to clarify and stimulate thought on this matter, I will consider that any effort and time of mine have been well spent.

• • •

AGAIN IT IS mentioned that the statements of these articles

Lack of Funds Hurts County Chambers' Program

Lack of funds is preventing the Charlevoix County Chamber of Commerce from carrying out its principal function.

This fact was brought out by several members who attended the last Chamber meeting at East Jordan. The county which derives much of its income from tourists and resorters is virtually forced to curtail its advertising because of lack of money.

With a budget of $750 from the board of supervisors, the county is trying to do a man-size job with a boy's pocketbook. While no criticism is intended at the supervisors because of the cut in funds this year (necessitated because of a lower county income), the fact remains that promotion of the county's tourists and resort facilities will be curtailed.

Several persons at the Chamber meeting voiced the opinion that assessed valuations must bear a better relationship to actual values. Until this is done, the county is going to be hardpressed to raise money to carry out its program of operation.

The suggestion was made that the county board of supervisors should carmark a small increase in assessments next year for advertising and promotion. If the county is to influence tourists and resorters to come to this county, there will have to be money to carry out a program of advertising.

This advertising of the county's facilities is not an item which can be forgotten when times become lean. As soon as this is done, then the tourist and resort business will drop sharply as every county and community is making a bid for tourist dollars.

Some means must be found to provide the county Chamber with funds to do an important job. It is agreed that the county Chambers have done more since its organization to foster co-operation among the three cities and smaller communities and build a county spirit of working together rather than competing against each other.

The county Chamber can become a more effective organization when it obtains funds to carry out a vital function.

My heart bleeds for the poor sportsman . . fisherman who happens to be unfortunate enough to go to Beaver Island for perch fishing. He really is wasting his time, his money and effort. All he will get is net screenings of 12 or 14 inches long. He will sit there for an hour before he gets his limit.

His 50 fish will only weigh about 60 pounds. We sure feel sorry for the poor fellow. It's tough when you can't get more than a measley 50 fish. And to think all this has been caused by fisherman's nets in the harbor. He complains about nets when the truth is that only two fishermen are netting perch so they could feed their families.

It's too bad their families have to eat. Maybe we should write our congressman. The facts are that the rod and reel fisherman does more harm during the perch spawning season than all the perch nets in the lake. This is based on results of our fishing recently when we caught 500 perch in the Beaver harbor. We found 90 percent of them were female which had not as yet spawned.

The nets have cleaned the harbor of weeds and rough fish, thus giving perch a better chance for feeding and spawning. This also makes it better for boat rentals.

If our real sportsmen want to help increase the perch in the Beaver harbor, they should get behind a plan the closing of the harbor to net fishermen and rod and reel fishermen during the spawning season

Journalism and Athletic Awards Are Presented

Charlevoix high school athletic and journalism awards were made at a special assembly held Friday morning. H. E. Bingham, high school principal, was master of ceremonies for the occasion.

June Guild, of the graduating class, presented a 1950 high school annual to Supt Roy C. Bennett who accepted the gift on behalf of the school to open the program.

Ray L. Kipke, retiring football and basketball coach, presented basketball awards to Bill Barber and Tom Hamlin, seniors; Bill Wallace, Charles Fairbanks, Jim Bowman, Ron Cunningham, Charles McFarland and Don Hardy, juniors, and Charles Krahnke, sophomore.

S. E. Coleman, track coach, followed Mr. Kipke and presented track awards to Don Gill, Mike Bergeon, Jack Dodge and Charles Cross, all seniors. These awards are made to athletes who have not won letters in other major sports.

William Billings, faculty advisor for the high school paper, Crimson Flash, presented journalism pins to the following seniors: Phyllis Mason, Tom Hamlin, George Haggard, Marilyn Ikens, Bruce Barker, Marilyn Blissett, Don Gill, June Guild, Ruth Klein, and Mary Lagerman.

Also Lorna Lewis, Annamae Maxwell, Pat Rose, Mae Zella Shaw, Bonnie Smith, Audrey Stevensen, Roger Sweet, Beverly Trimble, Fern Waffle and Betty Hosler.

ODDS 'N ENDS

By Fran Merlin

Mother's Day was Sunday and it was wonderful seeing mothers, young and old alike, going to church with their children, many who had come from away for the day. Later family gatherings were held and real family get-togethers enjoyed . . . And messages and flowers and gifts galore . . . just like Christmas.

Among the messages was one from Japan to Mrs. Bertha Roberts whose daughter Phyllis is in Yokohama as a civilian government worker . . . although it came from a half a world away it was the message any mother loves to get: "In good health. Wish I could be with you. All my love and greetings on Mother's Day" . . . Another mother, 87-year-old Mrs. Agnes Engstrom, received a lovely bouquet of American Beauty roses from her son.

• • •

AND ARE THE young fry having fun these days . . . all youngsters who will be enrolled in the kindergarten next fall are visiting school and getting an idea what it's all about . . . If your child will be five by November and you plan to send him to school how's about calling Mrs. McRae and asking what day he may attend.

And speaking of gifts, name one mother who didn't think the gift her child made in school wasn't just about the grandest one she received . . . Sure, it might have been a little crooked and had a smear of paste but he made it himself . . . it came from heart as well as his hands and she knows it.

We met our new coach, Del Terrill, at the track meet Saturday . . . a quiet, soft-spoken young man who impressed us very favorably . . . We think you'll like him . . . And speaking of the track meet . . . it was a big success with so many entries, lots of competition and swell sportsmanship . . . lots of luck to the boys at Cadillac Saturday.

IF YOU'RE interested in seeing the reason why we need a new hospital visit the Charlevoix Hospital May 19 or 24 to tour the present building . . . There'll be guides to show you through the hospital and explain the present set-up . . . Miss Ann Baumgartner, the hospital board and the new hospital committee have extended an invitation to everyone to visit from 2 to 5 and 7 to 8 p.m. on May 19 and 24.

Did you notice who was selected Michigan's loveliest mother in a Detroit Free Press contest which ended Sunday? None other then Mrs. Ken W. Smith who with her husband own and operate Camp Charlevoix . . . the family home is at Grosse Pointe and she is the mother of two children.

AND THE BANDS, you missed the time of your life if you didn't attend the parade and the massed band concert. Roy Miller of Wayne University, adjudicator and director, said it was one of the best massed bands he'd directed in a long while. He also had kind words for the directors, the bands and the town . . . Didn't you love the parade . . . our own band followed by Alanson in their brand new blue uniforms, the Pellston outfit . . . the most colorful marching band in the parade . . . followed by Mancelona, Kalkaska and the largest bands, Traverse City, Petoskey and Rogers City . . . all headed by their cute majorettes or drum majors . . . We'll bet there were some mighty tired kids when the concert was over and the busses started for home . . . but what a day . . . no one would trade it for the world.

CONGRATULATIONS to Archie Rounds who will be installed as head of the Michigan Odd Fellows Encampment Friday . . . and to the high school seniors who have been awarded scholarships . . . and to Mrs. Clyde Roach the former Marie Hanson of Alma . . . and Mrs. Gerrit Hackman of Ft. Worth who became mothers on Mother's Day at the Charlevoix Hospital.

Saturday might have been a day in October with the exodus of football fans to southern Michigan to see the inter-squad football game at Michigan State. On the field were three Charlevoix boys, Bill Carey playing quarterback, Bob Carey and Ross Case playing in the end positions.

Among those at East Lansing for the game were the Leo Careys and daughter, Mrs. S. E. Coleman, Mrs. Frank Case Sr. who was joined by Mr. Case who is working near Ionia, the Jerry Whitleys, the Bill Lusks and son, Alan, Bob Case and Jim O'Brien. The Careys and Mrs. Coleman stayed over for the Sigma Alpha Epsilon Mother's Day party Sunday and Mrs. Lusk and son remained in Lansing for a week's visit with her father, Fay Bradley and other relatives.

MORE businesses changing hands these days . . . the latest are the sale of Shorty's barber-shop on Bridge street to Ken Cellner who has been with the shop for several years. Shorty (Sternberg) will continue to work in the shop, . . And on Antrim st. the Jerry Whitleys have sold their grocery business to Mr. and Mrs. Joe Moore. Both new owners have assumed managment of their respective businesses.

When Poppies Pass

By Helen Harrington

Remember the men who can't forget
the shattered earth, the bursting sky,
the smoking waves, the flame-fired jet,
and silent graves where buddies lie.

Remember the men whose wounds run deep
in heart and mind and flesh, the men
who carry pain, alone, to sleep
and wake to lonely pain again.

Remember the men who must recall
the landing barge, the rotting beach,
and Danger looming gun-barrel tall
and Peace, a knife-point out of reach.

Remember the men who cannot speak
or, speaking, cry from blades of grass,
"For us the suns of spring are bleak . . .
Remember us . . . when poppies pass."

REMEMBER THEM . . .

Gibbons Cabins To Help Finance Sons' Schooling

To finance the education of their sons, James and Charles, students at the University of Detroit, Dr. and Mrs. Gerald Gibbons have built eight cabin units on US 31, south of the city.

Each of the cabin units, constructed of logs, has two double beds with innerspring mattresses. Each has a roomy shower and hot and cold runing water. Rustic chairs and desks provide comfortable lounging or writing facilities.

Each of the units has gas heat and small scatter rugs. The units should provide perfect facilities for two couples or a family of four, assuring them comfort and privacy.

The U of D students will be joined by their brother, Jerry, who plans to enter college next fall. The Gibbons boys will have charge of the cabins this summer.

the tennis courts, the city's financial condition does not permit any such expenditure. It was estimated that four courts would cost between $4,000 and $6,000. Edward K. Sinnathan, Board of Commerce director, has been working on a plan whereby the board of education and the city contribute toward the erection of four courts on the athletic field.

MAYOR JOHN KNIGHT said that he believes tennis courts should be built but cannot possibly see how the city could contribute at this time, chiefly because there is no money in the proposed budget for the coming year for such an expense.

The council also passed a resolution to the effect that any sewer laterals to property which already have a lateral connection, will have to be paid for by the property owner.

Legion Poppy Day To Be May 27 Here

Everyone in Charlevoix will be given an opportunity to wear a memorial poppy in honor of the war dead on Poppy Day, May 27, under plans for observance of the day which were completed at a meeting of the American Legion Auxiliary Monday night.

Mrs. Harry Powers is serving as Poppy chairman and other members of the Auxiliary and volunteers will work to bring poppies to everyone on May 25-26-27.

Each district of the city will have its team of workers who will distribute poppies in the residential districts on Thursday and Friday and on the street throughout Saturday.

All will be unpaid volunteers and the entire amount of contributions will go to support American Legion and Auxiliary welfare work for disabled veterans and needy children of veterans.

Poppies for the 1950 sale were ordered from the Veterans' Facility at Grand Rapids, where they were made by disabled war veterans.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

In the spring, a young man's fancy (young takes in a long range in this case) turns to fishing on the Beavers and it's really spring. The little Jordan River that winds around down near Sand Bay is the spot that holds the most attraction at this time of the year. This little stream that swells with the melting snow and practically dries up during the summer is the spawning grounds for smelt and suckers. Both varities of fish are in this week and it's easy picking for the fisherman.

Perch in the harbor are plentiful too. A couple of fishermen were catching two fish at a time on their hooks. They are the big perch, but they are mighty good eating just the same.

Two Beaver Island establishments opened this past week. Monday, James McCann opened the Beachcomber tavern. Martha Miller will assist James during the coming season. Saturday, Bussie LaFreniere opened the Shillelagh Restaurant.

Mr. and Mrs. Lloyd McDonough returned from Grand Rapids Wednesday with a good supply of spring merchandise.

Tuesday evening members of the Third Order of St. Francis met at the home of Mrs. Irene LaFreniere.

Roger Carlisle and son-in-law, Jerry Lockwood, both of Indianapolis, spent a vacation on the island this past week.

The children are bringing in big bouquets of May flowers. Trailing arbutus is in boom and the march of beautiful wild flowers is on the way.

Mr. and Mrs. Sidney Katalik have returned to the island to continue work on their cabin. Mr. and Mrs. Katalik spent the winter in Miami. A pair of love birds (the feathered variety) weathered the trip from Florida to the island with the Kataliks. This lovey-dovey pair is proving quite an attraction.

Dean Davenport of the Welfare Department, Charlevoix, visited the island during the week.

Saturday's boat brought across the body of Mrs. Emma Tilley who died during the winter in Traverse City. Mr. and Mrs. Charles Tilley, Traverse City, accompanied the body. Burial was in village cemetery.

The occassion of Rita McCauley's wedding brought a number of out of town guests to the island. From Pontiac came Margaret and Catherine Ricksgers, Mr. and Mrs. James McCauley and son, Glenn Barbara Trumbull Mr. and Mrs. John Stewart, Sybil Martz, and Rodney Nackerman, Mr. and Mrs. Arthur Houston and children, Ypsilanti, Janice Carpenter, Lapeer, Roger Ricksgers, Grand Rapids, Mr. and Mrs. John Dhaseleer, aunt and uncle of the bride, Charlevoix, Charles McCauley.

Mary Ellen McDonough, Bay City, and Bertha McDonough, Detroit, came to spend Mother's Day with their parents and to attend the wedding.

Mrs. James Insell, Detroit, spent Mother's Day with her mother, Mrs. Louise Barkley.

Mr. and Mrs. Vernon LaFreniere and sons, Leon and Paul, were in Charlevoix during the past week and were the guests of Mr. and Mrs. Erwin Belfy.

The weatherman has been treating us to some lovely days. Saturday and Sunday were beautiful for the two special occassions on the island, the wedding and the First Holy Communion.

For both events, the altar at Holy Cross Church was beautifully decorated with vases of white and pink gladioli.

The little ones in the First Communion class were Sharon and Barbara Pischner, Billy Miller, Dale Cull, Charles Dudley, Mary Elizabeth Gallagher, Ann Marie Hanley, Tony McDonough, Karen Ryan, Robert Palmer, Karen Pischner, Erwin Martin, Larry McDonough, Michael Elms, Donald Washegesic, Joe LaFreniere, Alvin LaFreniere, Leo Chapman, Margaret and Frank Left, Freddie Dubiel, Ann Gatliff, Richard Ryan. Sister Rose Alma instructed the class.

Invitations have been issued to the 1950 graduation exercises of St. James High, which will be held May 26.

Rita McCauley Is Wed to Dennis Long In Island Rites

Beaver Island — Rita Catherine McCauley, daughter of Mrs. Elizabeth McCauley, and Dennis Wayne Long of Pontiac, were united in marriage Saturday morning with a nuptial Mass at Holy Cross Church, Father Giles Berthiaume officiating.

The bride entered with her brother, James, who gave her in marriage. She wore a bridal gown of white slipper satin featuring a sweetheart neckline embroidered in seed pearls and crystal beads. Her finger tip veil was held in place by a halo of lace and orange blossoms. She carried a bouquet of white glads and red roses tied with white satin ribbon. The brides only ornament was a pearl necklace, a gift from the groom.

They were met at the alter by the groom and his best man, Charles McCauley, brothef of the bride.

The bride's only attendant was her cousin, Margaret Ricksgers. She wore a blue net colonial gown with clusters of roses buds caught at intervals along the hemline and at the neck. Her headdress was a halo of blue tulle and rose buds.

After the nuptial ceremony, the bride was given a statue of the Blessed Virgin as a remembrance of her membership in Our Lady's Sodality. The presentation was made by her brother, Walter, prefect of the Sodality. The bride presented her bouquet as a gift to the blessed Mother and it was placed on the altar at the foot of Our Lady's statue.

Mrs. Elizabeth McCauley, the bride's mother, was gowned in a grey ensemble with navy blue accessories. She wore a corsage of pink and white carnations.

Miss Sybil Martz, aunt of the groom, wore a navy blue out-fit with a corsage of pink and white carnations.

After the ceremony, breakfast was served at the bride's home. In the afternoon, a reception was held from three to five o'clock. A dance was held in the Parish Hall in the evening honoring the bridal couple.

Mr. and Mrs. Long will remain on the island for a few days. Thursday, they will leave for Pontiac where they will make their future home.

Sewing Months

The previous belief that the summer months are poor home sewing months has been shattered completely. The quarterly sales average as follows: January, February and March, 23 per cent; July, August and September, 24½ per cent; October, November and December, 25 per cent. Each quarter holds its own.

Disappearing Solids

In making one ton of pig iron, about 3.2 tons of solid materials and 4 to 4½ tons of air are required in a blast furnace. The yield is a half ton of slag and 5.7 tons of gases, in addition to the ton of iron.

President Roosevelt's Board said—NO!
President Truman's Board said—NO!
Still the leaders of the Railroad Firemen's Union say—"STRIKE!"

This ridiculous strike is an affront to every citizen of the nation. It's not for more money. It's not because of hours. It's only for soft **feather-bedding** spots for additional unnecessary firemen to go along in diesel locomotives just for the ride. A leading liberal newspaper calls the demands of the union leaders "**horse-feathers**"!

• The reckless leaders of the firemen's union want to force down the throats of the railroads and the public a ridiculous "make-work" proposal which has been twice ruled out by Presidential Fact Finding Boards duly appointed under the provisions of the Railway Labor Act.

This demand of union leaders for additional and unnecessary firemen to ride in diesel locomotives was rejected—after months of hearings—by a Board appointed by President Roosevelt in 1948.

It was again rejected in 1949 by a Board appointed by President Truman.

Recent meetings with the National Mediation Board have brought no change in the attitude of the union dictators.

Union Leaders Defy Intent of Law

The union leaders helped write the Railway Labor Act. Yet in an attempt to jam through this scheme of pure "feather-bedding" by loading the members of their union out on strike and threatening paralysis to large areas of the nation, they are defying the spirit and intent of the very law which they helped to create.

This strike is not for higher wages. It is a strike to force the railroads to employ many more thousands of firemen who are not needed! It would be indefensible waste. The railroads have refused to place this additional and unnecessary burden on the public.

But more important than any other consideration, is the action of these few irresponsible union leaders in seeking to force a crippling strike upon the nation for their own selfish purposes.

There is no other possible answer to such a demand but "No!"

The railroads in making such a reply believe they have the whole-hearted support of the people in whose interest they are willing to fight this out, despite the loss and inconvenience that all will suffer.

It is time to put an end to such un-American demands.

This strike is one of the silliest strikes in history!

What are these reckless union leaders trying to do? They seek to cause thousands of their members to strike, and throw hundreds of thousands of other employees on and off the railroads out of employment, with loss of pay to them and their families, plus a severe blow to industry and the citizens of the nation.

What's the strike all about? If the union has its way—what happens? The present members of the union won't get one cent more pay. They will merely have been assessed for a costly and indefensible strike in an attempt to provide more dues-paying members for the union by creating "feather-bedding" jobs for additional and unnecessary firemen.

This is certainly one of the silliest strikes in history!

Late Spring Fails to Dim Jasper Warner's Outlook for Good Crop

Jasper Warner of route 1, Charlevoix, is one farmer who thinks the lateness of spring weather may be a boon to some field crops.

The reason for this feeling is that in 1946, he did not have his oats planted until May 17. He recalls that a slight snowfall was recorded in the Charlevoix area. And yet when he came to tally up his yield after harvest, he found he had 76 bushels to the acre.

He and his brother, Homer, with whom he farms the 249 acres of land, completed the job of planting oats only last week. Both feel confident they will have good yields despite the fact that the fields have been unworkable until the last two weeks.

• • •

LAST YEAR these Warner brothers reported about 86 bushels of oats to the acre, ranking among the best yields in this section of the state. They grow all of their grain which is used for feed of their livestock.

At present they are milking 16 Holsteins but on the average they have 20 cows. They also raise Hampshire and Ohio Improved Chesters and have about 300 white Leghorns.

One reason for their good yields from field crops is that they have built up the soil of the 125 tillable acres on the farm since they took it over about 10 years ago. Using a great deal of barnyard manure and commercial fertilizer to the extent of 200 pounds to the acre, Jasper and his brother have improved their yields greatly.

Jasper estimates that it took them about six years to build up the soil. Up until the last few years, they had been doubling the amount of commercial fertilizer on their acreage. Now that they have it built up, they have reduced the fertilizer total to the present level.

• • •

THIS FARM is a good example of accepted general farming, owning a registered Holstein bull, they raise their own replacements for the dairy herd. Not long ago, they completed building a milk house which has given them necessary room to handle the milk and cream. They separate their own cream and sell it to Maxbauers. The remaining product is used for feeding.

One of his hobbies is playing for dances at Torch Lake. Several of the Warner family join with him including his mother who plays the violin. Jasper plays the banjo, his brothers, Bert, the piano and Doyle, the guitar. They are much in demand and 'tis said they really provide an evening's entertainment.

• • •

JASPER and Homer come from a family of 10 boys and three girls. Two brothers, Clyde and Harrison and his father, Charles all have their own farms on route 1, Charlevoix. His brother, Doyle, is working his father's farm. Others in the family are: Jules of Grand Rapids, Bert and Harley of Charlevoix, Everett of Pontiac, and Dick in Detroit. None of the girls live on farms.

Easy-going, Jasper, likes his job of farming, although sometimes he admits he would like to own a grocery store like his brother, Jules.

Dairy Farmers Take Action to Expand Market

Michigan dairy farmers some 130,000 strong, working together with the state's dairy industry, are taking action to maintain and expand statewide and nationwide markets for butter, milk, cheese, ice cream, evaporated and dry milk and other dairy products.

During May and June in voluntary set-asides at dairy plants, dairy farmers and the industry are building a fund for state and national market and educational activity on behalf of their products. The set-asides will be made at processing plants on the basis of one cent a pound butterfat or its milk equivalent. Processing and distributing plants are also setting aside for the fund on a similar systematic basis.

Action in May and June is designed to build programs for advertising and merchandising to combat declining prices and surpluses on a nationwide basis and for special effort in maintaining Michigan's home markets endangered by a legislative emergency market inroads on dairy products in the fall which would permit market inroads on dairy products by makers of imitation dairy products. The legislative threat is in the form of a statewide referendum in November, which if passed would permit oleomargarine to be colored yellow in direct imitation of butter.

Grab Test Reveals Moisture Content

Farm managements specialists at Michigan State College are advocating a "grab" test for determining when the moisture content is right for putting up grass silage. It works like this.

Grab a handful of the crop as it is being cut by the ensilage cutter or field chopper and squeeze it. If you can squeeze moisture out of this handful the crop is too wet and butyric acid will develop. If you can't squeeze the handful together at all the crop is too dry. It will mold. The solution would be to mix in some fresher cut roughage. If you can squeeze it into a ball that slowly falls apart, it is just right and should preserve well. No material like molasses or ground corn need be added.

Lansing—Five conservation department lake mapping crews have finished surveying 70 lakes in 15 counties, bringing the total number of Michigan lakes now reduced to map paper to nearly 1,900.

Just what you need FOR EASIER, FASTER HAY MAKING

Dearborn FARM EQUIPMENT

Every farmer likes to get his hay in while the weather is right . . . here is the mower to help him do it. This mower can be attached to the Ford Tractor in eight minutes and a lot of hay mowed by dinner time. Can be detached just as quickly for switching to other equipment.

The speed of the new Ford Tractor and the improved, short-turning brakes, make a big mowing job nothing to worry about. And this mower is built to stand the gaff... has a steel pitman and roller bearings.

With Ford Hydraulic Touch Control you easily lift the cutter bar over stumps, stones or other obstructions . . . no pulling on mower levers or ropes. If an obstruction is hit, the bar swings to the rear. Backing the tractor resets the bar for use. Ask us for a demonstration.

Ford TRACTOR

Mower attached and power take-off connected in eight minutes.

Fast, safe transport. Good ground clearance.

If bar hits an obstruction, automatic release prevents damage.

No lever tugging. Hydraulic Touch Control lifts bar over rocks or stumps.

Farm Page in Courier Winning Gratifying Reader Response

The response to the Charlevoix Courier's project, started five weeks ago, of publishing at least one farm page, has been gratifying.

Already from a number of farmers, farm implement dealers, Veterans Institute leaders and county agricultural men, the Courier has been encouraged to expand its coverage of farm news. County Agent Ed Rebman, Soils Planner E. B. Watkins, Conrad Klooster of Atwood and Howard Stephens have been quick to commend the Courier for its effort in providing farm news coverage.

The Courier started a farm page, sometimes two pages, to satisfy the desire of the farm readers of this newspaper for a page devoted exclusively to their needs, problems and informational stories. This newspaper will endeavor to do its utmost in making this farm section a valuable asset to the farmer.

In addition to the reporting of accepted practices from the county agent's office, Michigan State college and other sources, the Courier invites the Granges, Farmers Union locals and the Farm Bureaus and other county organizations to keep us informed of meetings, happenings and other news items.

Through the co-operation of the various farm organizations, this farm section can be made even better. Throughout the year, the Courier is planning to visit at least one farm each week. Following the visit, a feature story, possibly with pictures, will be printed.

The coverage of farm news will include all of Charlevoix and part of Antrim county. With the aid of the farmers, their organizations, this farm page will prove invaluable.

Now Is Time to Care for Pigs Is MSC Advise

The old theory about castrating pigs within a certain phase of the moon is unsupported by scientific fact and is without foundation, according to Dr. B J Killham, Michigan State College extension veterinarian.

He made this statement in urging farmers to have their pigs vaccinated and castrated in the springtime as soon as they are the right age. Pigs should not be allowed to run in the mud or in unclean quarters until healing has taken place following castration.

Of the three months of vaccinating pigs, the older serum and virus method has the most supporters. The two newer methods appear to protect hogs during the feeding period, but the duration of immunity may be shorter. However, the two newer methods have the advantage of not endangering other hogs or contaminating the premises.

The newer vaccines lower the disease resistance of the pigs for about three weeks. Therefore, these vaccines should not be used when cholera is present. The best time to apply the serum and virus treatment is just after weaning time. However, farmers are advised not to wait too long after weaning.

In the event the sow is immune to cholera, the pig acquires a certain amount of resistance from the milk. This advantage is lost after the pigs are weaned. Dr. Killham pointed out, too, that larger pigs will cost more to vaccinate.

Set Closing Dates For Rural Schools

The dates for the closing of rural schools in Charlevoix county for the summer recess have been announced by county superintendent, Mrs. Catherina C. Bergeon.

The first to close will be the Murray school in Hayes township and Norwood school in Norwood township which will dismiss classes Friday, May 19. The Marion Center school with a day to make up will close Monday, May 22.

The other schools and the dates of closing are Bay Shore and North Bay, May 26; Ironton, May 29; Horton Bay and Chandler, June 2 and Melrose, June 6.

"Bushwacker" Reduces Saplings to Sawdust

The "Bushwacker", a mighty mower for clearing land will literally grind up all vegetation in its path including trees up to eight inches in diameter, according to claims of the manufacturer. Costs of clearing land will run as much as 80 per cent less than other methods, it is said. Power is supplied by a two cylinder diesel engine.

Users of Parathian Warned of Dangers

Parathion is a poison that should be used with care. Rules for its safe use are found on the package. If there are no instructions for the use of this insecticide on the table, return the material and demand parathion with the instructions and precautions printed on the table. If it is impossible for you to use parathion according to the instructions, do not buy it.

Avoid breathing wettable powder, dust or fumes while handling parathion. Avoid dust or spray while putting it on crops. A suitable mask should be worn at all times when there is any chance of breathing it. Suggestions as to the kind of mask can be obtained from the county extension office.

If wettable powder must be handled with the hands use only natural rubber gloves, never cloth, leather or synthetic gloves. If it is impossible to keep out of spray or dust drift, wear protective clothing such as plastic raincoats, or cellophane sheets. Wear a plastic or washable rain hat. Hands, arms and face should be washed before eating and smoking.

You should stop using parathion and go to a doctor the moment one or more of the following symthoms are felt while using this chemical 1. headache 2. blurred vision 3. weakness 4 nausea 5. cramps 6. diarrea 7. discomfort of the chest. Notify your doctor in advance that you intend using parathion. He can give you an antidote for parathion poisoning. Additional information in regards to this spray material can be obtained from your county extension office.

VFW Sets Plans For Poppy Sale

The V.F.W. slogan, 'to honor the dead by helping the living' will be reflected here during the Buddy Poppy Sale May 25-26-27, Mrs. Albert Russell, V.F.W. Auxiliary Poppy sale chairman, said today.

V.F.W. volunteers, who sell poppies every year at this time are asked many times why the poppies are sold. The answer is an easy one to give . . . it's to raise funds for the aid, relief and comfort of disabled and needy veterans, their dependents, or their widows and orphans.

When you buy a Buddy Poppy you are helping to carry on service work right in your own community. The greater part of the sum you give remains here at home to help the needy veterans who are your friends and neighbors.

Warn Motorists Who Drive on Golf Links

Persons who have been driving over the golf links will be arrested and prosecuted to the fullest extent of the law, Police Chief Clarence Heise warned this week.

He said that there have been repeated instances of motorists driving over the course and damaging the grounds. All cars must stay off the golf links at all times, he said

He issued this warning last week but through an error by the Courier, his warning was not published in last week's paper.

Census Experts Were Wrong In Predicting Student Decrease

By Edward K. Shanahan

It is inevitable when some public crisis develops for a search to be made to find out who was responsible. And it is characteristic of the electorate first to blame those who are in office. Both features are present in our current school crisis.

With some people, the blame is fixed early in the season, and no amount of evidence can change their minds. Any fact may be and often is distorted to support their opinion and to justify their original statement. The following statements and those of subsequent stories are intended for those who have an open mind as to what is best for the schools is best for the community.

The basic facts are these: We now have 797 students enrolled in our public schools here. Our present facilities were designed to accommodate about 600. On the basis of the 1949 school census, the number of chilren entering school will increase. By 1955 the enrollment should be 910. There is no present indication that the crisis will ease after 1950. Any movement to this area by families through employment here intensify the crisis.

• • •

THEREFORE, it is idle and futile to argue about past events as being justification for taking no action today. The problem is here with us now, and must be solved or resolved by us who live in the present and look to the future with confidence.

Even so we hear arguements such as "why did they tear down the old grade school or why did they have to consolidate with the townships or why didn't they build a large enough gym while they were at it.

The answer to each question is simple. Each act was proper and justified at the time. Every bit of evidence indicated that the district had built for all time in 1927. Population experts said the United States would reach its peak in population at 150,000,000 by 1975, not any sooner, and that the population would be composed mostly of older people.

The experts told us that, and we knew it was reasonable from observing the large number of childless marriages and those with one and two children. We also know that there has not been much in employment to keep the young men here.

• • •

SO AT THAT TIME a school was designed for no more than 600 pupils. The student body at the time was steadily decreasing It was logical to consolidate the surrounding school districts for the mutual benefit of students, teachers and taxpayers.

As for the gymnasium, the school board was severely criticized for building it too big. "Such foolishness, a waste of the taxpayers money", these were some of the criticims leveled then.

But someone is to blame for the school crisis. It's a large group. It is the young married couples of today who are determined to have their families earlier and larger than in the twenties. They don't seem to co-operate with the experts of 10, 15 and 20 years ago. Nor is it likely they would take heed of any plea by the school board to "please don't have children for a few years, so we don't have to build a new school". But if they did, it's not sure we could stretch present facilities.

So the blame is placed, folks. Do we wish to hold them responsible and take it out on them and their children or do we wish to say, God, Bless you in your happiness and then go ahead to provide adequate school facilities.

To Honor Kipke At Field Dedication Here on June 4

The Southside Athletic field will be dedicated as Kipke Field in honor of Ray L. Kipke who has coached Charlevoix athletic teams since 1928. The dedication ceremony is being planned for 3 p.m. Sunday June 4, at the athletic field.

The dedication was made possible by voluntary contributions from the people of Charlevoix after a committee of local supporters started the project several weeks ago.

Plans for the program are being made and will be announced next week.

An autograph book which will be presented to Coach Kipke at the ceremony is now at the Charlevoix County State bank where friends may sign it during the next ten days.

MEMORIAL SERVICES

Memorial Sunday will be observed at the Church of God. Veterans organizations, their auxiliaries and other veterans will attend the 11 a.m. service in a body. The Rev. W. D. Wood will preach a special Memorial Day sermon.

BULLETIN

The weekly visits here to distribute unemployment checks will be discontinued for the summer, Harry Smart, district manager, announced yesterday. The last visit will be made here May 29. After that date, unemployed persons may obtain their checks at the Petoskey office. Only 20 persons received checks here this week, he said.

Roosevelt Bid Is Low for City Fuel Oil

A low bid of 9.42 cents per gallon for 125,000 gallons of fuel oil for the engines at the light plant was accepted by the city council Monday night from Roosevelt Oil Co.

Six other oil firm submitted bids on the fuel oil. For a while it appeared as though J. V. Thorpe of Ypsilanti, was low bidder according to telgrephic bid. It was discovered Tuesday when the city asked for comfirmation that the company's bid was 10 cents per gallon.

Mayor John Knight, maintaining that a local firm should get the business if the bids were comparable, chiefly because the firm pays taxes and employs local residents, favored Theisen-Clemens whose bid was .998 cents per gallon. The council voted unanimously in favor of Roosevelt oil.

• • •

THORPE'S BID of .919 cents appeared low but a typographical mistake in the telegram was suspected. It was learned that the freight cost was 90 cents a 100 gallons instead of nine cents as quoted.

Alderman William Heering was chosen mayor pro tem with all members of the council getting at least one vote during the proceedings.

Other action included scheduling of a hearing for the re-zoning of the corner of Wood and Bridge street for June 19, re-appointment of Wilma Novotny as deputy city treasurer, approval of the application of the Belvedere casino for a Class B liquor license, approval of the application of Andy Grillo for a SDD liquor license and renting the trailor park to Pete Locke.

Karl Erber was granted a permit for a portable refreshment stand at the Inn beach. Mr. Erber becomes responsible for the stand which will be operated by several youngsters. Mary Feindt was authorized to start surveys on the north side sewer project.

• • •

GREGORY SHADKO appeared before the council and discussed the necessity of having a four-lane highway from Dixon avenue to the city limits on Petoskey avenue. The council indicated that it would talk the matter over with the sate highway department.

No action was taken on Stub Swanson's request to lease the gravel pit from the city pending an opinion from City Attorney Norman Ance who will confer with the Chicago club which at one time owned the land occupied by the pit.

Jack Gallagher asked the council that he be considered for the job at the city dump, reminding the council that he has paid taxes on property for 28 years and that he is entitled to employment here. The mayor told him that he would see what could be done.

Mayor Proclaims Poppy Day May 27

Saturday, May 27, was set aside as Poppy Day in Charlevoix in a Proclaimation issued by Mayor John Knight. The proclamation urged all citizens to observe the day by wearing memorial poppies in honor of those who gave their lives in the two world wars. It stated:

"Whereas, the City of Charlevoix in 1917 and 1918, and again in 1941 to 1945, sent many of its finest young men and women to serve in the defense of our country; and

"Whereas, many of these made the supreme sacrifice in that service; and

"Whereas, the wearing of memorial poppies on the Saturday before Memorial Day brings to minds and hearts the memory of these gallant dead;

"Now, there, I, John Knight, Mayor of the city of Charlevoix, do hereby proclaim Saturday, May 2, to be Poppy Day in the City of Charlevoix, and I urge that all citizens observe the day by wearing the memorial poppy throughout the day."

Memorial poppies will be distributed on the streets on Saturday by volunteer workers of the American Legion and the VFW Auxiliary, who will receive contributions for the Auxiliary activities, in behalf of the disabled war veterans and needy children of veterans.

Scene of Dedication Ceremony

Members of the Veterans of Foreign Wars and American Legion posts here point to the rock in Memorial Park which will be re-dedicated on Memorial Day. Shown are, left to right, Probate Judge Floyd Supp, Ralph Hamilton, F. R. Bulow, Clarence Rabach and Leslie Everts.

Glenn Lewis Will Get Diploma in Home Ceremony

By dint of diligence and persistent effort, a boy who refused to give up in the wake of a critical illness two years ago, will be presented his high school diploma.

He is Glenn Lewis, son of Mrs. Ted Tunison, route 3, Charlevoix. Glenn was struck down by dread multiple schlerosis in November, 1947 the start of his senior year at Charlevoix high school.

He lacked only a small number of credits, but the illness confined him to bed, robbed him of all but fragmentary sight. But after the initial shock, he started the slow road toward obtaining his diploma.

It was agonizing, torturous effort, unbelievable except to those who have been confined to the sick room for a long period of time.

Sunday afternoon, School Superintendent Roy G. Bennett will present Glenn with his cherished diploma, one he would have obtained in June, 1947.

In observance of the occasion, his mother will hold open house at the home at Susan lake, route three. It will be a happy occasion, as Glenn's friends and his teachers will drop in to congratulate him on getting his diploma.

Rayder Thinclads Take Second Place At Regionals

The Charlevoix thinclads placed second with 51 points in the northern Michigan regional track and field meet at Cadillac Saturday. Reed City was first with 54 points.

The Rayders points were made as follows: Jim Jolliffe, first place in 100 and 220 yard dashes; Ron Cunningham, second in low hurdles and the broad jump; Charles Cross, second in the 440 run.

Four Rayder shot putters, Charles Fairbanks, Dwight Smith, Dale Suomela and Jim Bowman, placed second, third, fourth and fifth respectively in the tossing event. Fairbanks also placed first in the 120 yd. high hurdles and tied with four others for first place in the high jump.

In the distance events Mike Bergeon placed second in the mile; the 880 yd. relay team (Cunningham, Tom Donaldson, Suomela and Jolliffe) and the medley relay team (George Haggard, Smith, Suomela and Jack Dodge) each placed second in their respective races.

Coach S. E. Irish Coleman will take at least ten members of his team to East Lansing Friday to participating in the state meet Saturday.

Miss Ranger Feted At Tea in Detroit

Mrs. Arthur Ranger returned home recently after spending a week-end in Detroit where she attended a tea at the Women's City Club Saturday honoring her daughter, Virginia, bride-elect of Jared W. Finney, son of Mrs. Seymour Finney.

The party was the first to be given for Miss Ranger whose wedding will take place in Charlevoix July 15. Mrs. Finney and her daughters, Mrs. George O. Fetters and Mrs. Richard R. Harroun were hostesses at the party.

City Looking for Motorcycle Officer

Charlevoix is looking for a motorcycle patrolman for the summer months.

Mayor John Knight informed the council that he had two applicaants from East Jordan who own their motorcycles and want to be considered for the job. Persons of good character and owning motorcycles are asked to contact the mayor if they are interested in the summer job.

A motorcycle patrolman is needed to curb the speeding of motorists through the city, Mayor Knight said. Much speeding in the summer months has been reported. It was also pointed out that Park avenue is one of the worst streets in the city for speeders.

Local Boy Scouts To Attend Jamboree At Mackinac Island

Forty Charlevoix Boy Scouts of Troop 11, including 12 Explorer Scouts, accompanied by Scout master Leonard Burns, will leave Friday morning for Mackinac Island to attend the Crusade Jamboree May 26, 27 and 28.

The local Scouts will be among 1500 boys from the Scenic Trails Council, the upper peninsula and Canada who will camp on the Parade Grounds of historic Fort Mackinac over the week-end. The boys will pitch their own tents and as patrols do their own cooking during the three-day encampment.

The highlight of the week-end will be the unveiling of a replica of the Statue of Liberty by Gov. G. Mennen Williams at a dedication ceremony at 11 a.m. Sunday.

Among the local Scouts who are planning to attend are Bill Golden, John Connolly, Larry Burns, Tom Erber, Pete Gaskin, Bruce Bergmann, Ernest Smith, David Glassford, Duane Walker, Quinton Walker, Mike Seymour, Joe Etienne, Kit Carson, Clayton Walker.

Also Charles Dennis, Don Reynolds, Jerry Foster, Doug Reynolds, Glenn Ikens, Marcus White Roger Pischner, Jack Balma, Tracy Curtis, Arthur Beesley, Clare Gibelyou, Roger Crandall, Terry Davis, Bob Hilton.

Explorer Scouts making the trip will include Jack Niswander, Bob Richards, Tom Bleha, Paul Johnson, Bill Bennett, Gordon Mol, Dean Welcheimer, Carl Foster, Bill Mosier, Charles Rose, Jerry Paul and Stuart Walker.

The boys will go by bus to Mackinaw City and by boat to the island.

Coast Guard Ship Draws Visitors

The U. S. Coast Guard cutter 83428 which has been stationed at Sault Ste Marie since August 1949, arrived here late Thursday to assume its new duties in the Charlevoix area. The ship will be stationed here permanently.

Chief L. M. Bergstrom is in command of the 83-ft. craft which has a compliment of eight men in its crew.

The ship is under the direct command of the District Coast Guard office in Cleveland which assigned it to this station.

Its duties will include patrol duty in protection of life and property, assistance in aid to navigation, patrol duty during boat races as well as in emergencies in the 610 miles of northern Lake Michigan.

Re-Dedication of Park As Veterans Memorial Set for Memorial Day

The re-dedication of the park located between Antrim st. and Belvedere ave. east of Bridge st. as a memorial to the Veterans of World War I will be the highlight of the Memorial Day program Tuesday.

The parade to Brookside cemetery will halt briefly at the park for the service at which Oscar P. North, of Newaygo, World War I veteran and member of the Leslie T. Shapton Post No. 226, American Legion, will deliver the dedication address.

A native rock and a bronze plaque will be unveiled marking the spot as a memorial to the men of Charlevoix and vicinity who gave their lives in 1917-18 as well as the veterans who have died since then as a result of disabilities received in the service.

• • •

THE FIRST dedication was held in the early 1920s with the planting of the trees. A memorial committee composed of Ralph Hamilton as chairman, Floyd A. Supp and Fenton R. Bulow of the American Legion and Leslie Everts and Clarence Rabach of V.F.W. have selected the rock and plaque and planned the re-dedication of the park.

Following the Dedication program the parade will continue to Brookside cemetery where the Rev. L. L. Lewis will deliver the Memorial Day address.

The line of march and the program follows:

The parade led by Floyd Black as marshall will leave Park ave. at 10 a.m. and march to the corner of Bridge and Belvedere ave. for the re-dedication ceremony.

• • •

JUDGE SUPP of the memorial committee will introduce Mr. North who will give the dedication address and unveil the rock and plaque. He will also place a wreath at the foot of the rock.

The Rev. W. D. Wood will give the benediction.

The traditional ceremony at the waterfront honoring the sailor dead will follow with members of the veterans auxiliaries casting flowers upon the water. Taps will be sounded and the Charlevoix high school band under the direction of C. A. Odmark, will close the brief service with the playing of "God Bless America."

The parade will continue to Brookside cemetery where the annual Decoration Day program will be held.

The high school band will play "America" and will be followed by invocation by Rev. G. D. Howell; Rheta Boss will deliver the Gettysburg address.

Rev. L. L. Lewis' memorial address will be followed by a floral tribute; salute; taps; Star Spangled Banner, high school band; Benediction, Rev. Joseph Bekkering.

Veterans organizations will meet at Brookside anl St. Mary's cemeteries Monday evening to place flags on veterans' graves.

The band, the Boy Scouts and Girl Scouts and school children will meet at the school and march to Park ave. where the parade will form.

Hospital Drive Waits Reports

Leaders in the hospital drive for funds today awaited reports from captains and workers. The latest figures show that $50,155 has been pledged or contributed.

Meanwhile, plans for the hospital carnival this summer were beginning to take shape. A meeting of the committee and others intarested will be held at 8 p.m. Monday, May 29, in Room 100 of the high school.

Campaign Chairman Kit Carson yesterday revealed that members of the Charlevoix hospital staff have pledged or contributed $11,000 to date. Several other staff gifts are imminent, it was said.

Sixth Grader Inspires Community for Charity

An 11-year-old sixth grader wishes with all her heart that the hospital drive is a huge success.

She is willing to go all-out to make it so. This child drew a hospital poster for the campaign and entered it along with 60 others.

Her poster was a very good one, although two others in the contest received more votes. Often times, it's the children who try harder than their elders. Often times, their spirit and enthusiasm serves as an inspiring point for us — the older folks who sometimes make light of a child's efforts.

In fact the entire sixth grade, directed by Glenn Snyder and Mrs. Mary Cooper, are to be commended for their untiring effort to draw the posters which drew favorable comment from all who viewed them.

This 11-year-old girl, we think, represents the epitome of christian charity. She could have used her prize money to buy something for herself. She could have used it to buy something for her family. The prize was modest.

But the fact that she instantly asked Mrs. Kit Carson if it would be all right if she gave her prize money to the hospital drive speaks more for her character and generosity than any single other thing in the campaign to date.

One cannot dismiss this act of kindness and generosity lightly. This child wants the hospital drive to succeed. Were there many hundreds like her, success of the campaign would never be in doubt.

We sincerely hope that the expression of Jill Cross in giving her third prize money will serve as an inspiration to the community at large. The adage: "A child may lead you" may still hold true.

Redecorating

Negotiations are underway to completely redecorate both the interior and exterior of the New Palace theater here, Mrs. Elizabeth Moon, theater owner, announced Wednesday.

ODDS 'N ENDS

Don't forget to buy a poppy this week-end . . . when you do you're aiding a veteran or the family of a veteran of two World Wars . . . you'll feel better for having done it . . . And another thing you'll feel better for doing . . . visit the grave of someone who no longer has a family here this Memorial Day . . . and if you have an extra flower leave it there . . . that isn't much to ask one day in 365 that make up a year . . .

• • •

BELATED BIRTHDAY greetings to Mrs. Mary Burns who was 87 years old last week . . . she received many lovely remembrances of the occasion . . . And congratulations to the members of the Assembly of God who are moving into their new church this Thursday . . . It has been through the hard work and generosity of its few families that the edifice is almost completed . . .

Dandelions aren't much of a flower but it's kinda nice to see them out again . . . makes you realize that spring is really here. Have you noticed how the trees have budded out over the week-end and the lovely spring flowers in yards around town . . . looks like that spring we've waited for so long is finally here . . .

• • •

WE'VE HEARD of people getting spring fever and taking off on trips but two Detroit men, Alex Hebert and Lewis Lemieur, both well known here, are really being drastic about the whole thing . . . Mr. Hebert, 80 and the uncle of Mrs. Harry Gregory and Mrs. Pete McFarland and Mr. Lemieur, 70 and the brother of Phillip Lemieur, are packing their bags in a trailer and leaving for an auto trip via the Alcan highway to Alaska where they plan to spend the summer . . . Lemieur once lived in western Canada and they will also visit there . . . returning to the west coast next winter if they don't get home-sick before then . . . O for the life of a vagabond . . .

The senior band, the junior band and the choir did themselves and their director, C A. Odmark, proud at their last concert Friday night . . . The bands picked their own numbers . . . and really made a fine choice. Everyone will remember their rendition of Semper Fedelis . . . it was something . . . And that choir . . . they're really tops . . .

• • •

ONE OF THE NICEST things we've heard of recently . . . the dedication of the athletic field as Kipke Field . . . We feel it's a fine way to say 'Thank you' to a fine gentleman who has brought so much to high school athletics in Charlevoix and northern Michigan . . . as well as a fine tribute to a grand guy, Ray Kipke . . .

• • •

IT WILL be old home week around town this week-end with everyone coming out of town for the Memorial Day holiday . . . it's always great fun seeing everyone, passing the time of day and saying 'I'll be seeing you soon' when you know it will be another year anyway . . . That's the fun of living in a small town where you know everyone . . . or at least his uncle or brother or cousin . . . and soon you're old friends . . . and when those people show up, how's about giving us a ring and telling us about it so we can use it in next week's issue of the Courier . . . please.

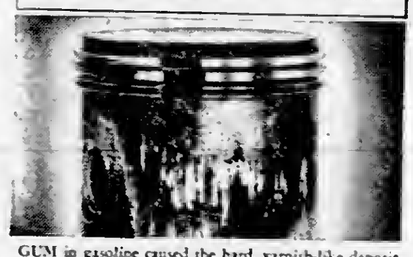
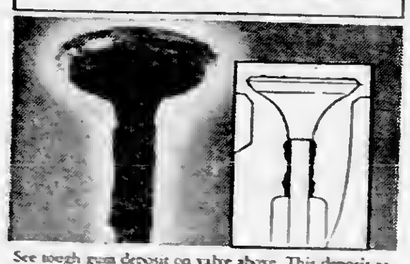
GUM in gasoline can stick you for plenty

GUM RUINED THIS PISTON



GUM in gasoline caused the hard, varnish-like deposit on this piston. (See dark areas.) When the motor is idle, gummy surface of piston may become "glued" or "frozen" to cylinder wall, causing hard starting and heavy strain on battery and starter motor. Gum deposit also results in damage by scuffing. (See white scratches on piston above.)

GUM CRIPPLED THIS VALVE



See tough gum deposit on valve above. This deposit restricts valve's normal motion, causes valve head to stick open (see diagram). Intake valve stuck open steals power, ruins performance. Exhaust valve stuck open will burn out in short time.

HIGH OCTANE can also mean HIGH GUM

If you don't want to be stuck with a big repair bill, beware of GUM in gasoline. High octane gasoline must be specially protected against gum and, unless protected, high octane may also mean high gum.

POWER-PACKED SINCLAIR GASOLINES STOP GUM 2 WAYS

To prevent costly damage to your car, Sinclair Gasolines stop gum 2 ways:— One — by careful and expert refining Sinclair produces top quality gasolines with minimum *gum-forming* characteristics. Moreover, as an additional safeguard, two different types of anti-gum chemicals are added to Sinclair Gasolines to prevent gum formation during storage and use.

Save yourself a big repair bill. Get Power-Packed Performance PLUS Anti-Gum Protection. Stop regularly at your Sinclair Dealer's for Sinclair H-C or Sinclair Ethyl Gasoline.

When Poppies Pass

By Helen Harrington

Remember the men who can't forget
the shattered earth, the bursting sky,
the smoking waves, the flame-fired jet,
and silent graves where buddies lie.

Remember the men whose wounds run deep
in heart and mind and flesh, the men
who carry pain, alone, to sleep
and wake to lonely pain again.

Remember the men who must recall
the landing barge, the rotting beach,
and Danger looming gun-barrel tall
and Peace, a knife-point out of reach.

Remember the men who cannot speak
or speaking, cry from blades of grass,
"For us the sums of spring are bleak . . .
Remember us . . . when poppies pass."

REMEMBER THEM . . .

What's New in the Communities

Events Reported by Courier Correspondents

Barnard News

By Mrs. Clyde Smith

Our Farm Bureau group met on Thursday evening at the J. L. Boss home with the usual good crowd attending.

A bee to improve the cemetery was held on Tuesday evening.

Some from this community went to Boyne City Sunday evening to see the picture "Life of Christ" which was given in the high school auditorium.

Mr. and Mrs. Ernie Potter are moving soon to the Carlton Smith house on the hill.

A family night gathering will be held in the near future at which time we expect to have Mrs. Ed Edwards of Charlevoix install the officers of the W.S.C.S. which were elected at the last meeting.

Our farmers are busy getting their fields ready for corn and other crops.

We are glad to know that our sick folks are all getting better. Perhaps the warmer weather has something to do with it for which we are truly grateful.

Trials of Inventor Told to Congregators

The trials of an inventor are many and wealth, does not by necessity, come to him who has an original patentable idea, said Dick Herrick, who spoke to the Congregators club recently. He spoke from experience.

After sketching the lives of many persons who won acclaim and fortune such as Howe, McCormick, Whitney and Bell, he discussed some of his own experiences.

He related that in general he has confined his activities to the toy or novelty field, but has on occasion branched out into the field of household furnishings. He displayed a model of a utility chair that could be used at a desk, an easy chair, a couch or a single bed.

Used with another chair, it would provide a breakfast nook, a love seat or twin beds.

The next scheduled meeting will be held May 25.

The American Way

The words "Michigan" and "fishing" are practically synonymous during the year. And after an exciting day's fishing, it's the "American Way" to enjoy a glass of cool, refreshing Michigan brewed beer to top off the day.

For beer is the kind of beverage Americans like. It belongs . . . to picnics and to good fellowship, to sensible moderation. And our right to enjoy it, too, belongs . . . to our own American heritage of personal freedom. *Beer Belongs . . . Enjoy It*

Take Soundings in Harbor and Channel

An Army corps of engineers crew arrived in Charlevoix Wednesday to take soundings in the harbor channel and lake entrance R. F. Holmes, engineer, will be in charge of the sounding.

During progress of work, all vessels are urged to operate with caution. The work will take three days. The sounding notes will be sent to Milwaukee to Col. D. A. Morris, corps of engineer, acting engineer for platting, estimating and scheduleing of dredging if necessary.

Good Program Listed On Petoskey Concerts

Four Musical events of varied nature will be presented during the 1950-51 season of the Northern Michigan Community concert Association according to Clarence Odmark, who headed the membership drive in Charlevoix.

Following completion of the membership campaign, the artists selection committee picked the following events for the 1950-51 season: Philharmonic Piano Quartet; Dorothy Maynor, soprano; the Graudans, piano and violoncello recital; and the Men of Song, a male quartet.

Mr. Odmark said Charlevoix music lovers aided greatly in bringing the membership campaign to a successful close. The Charlevoix workers signed up 90 members of the association, according to Mr. Odmark.

COURIER WANT ADS DO THE BUSINESS

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Island is greening up and every day last week was choice. It's what we have been waiting for. The trees are putting out their buds, the birch are lacy with their drooping catkils, in the evening the frog chorus echoes around the harbor and we know now that the good old summer time is not far away.

Having the most fun of all are the tern, a bird resembling a small gull. They recently came to Beaver Harbor to feast on the millions of minnows. These squawking birds dive in the water from a height and never seem to tire of splashing and eating.

Mr. and Mrs. O. C. Wright, who spent the winter in Fort Lauderdale, Fla., have returned to their island home.

Mrs. Arthur Huston and two sons are remaining for two weeks with Mrs. Huston's parents, Mr. and Mrs. Frank Nackerman.

James McCafferty returned to the island to recouperate from an appendectomy. James is a sailor on the Great Lakes.

The Shamrock Tavern is dolled up for the coming season with striped slip covers on the table chairs and a cedar canopy over the bar. Indirect lighting behind the canopy and individual side wall fixtures are an added feature.

Mrs. Ethel McCann has returned to her home after a session with the dentist in Bay City. She was the guest of Dr. and Mrs. Charles McCann.

Holy Cross Cemetery and the village Cemetery have had a spring cleaning and the appearance of both is much improved. A cleaning bee accomplished the job at Holy Cross. Mr. Chapman was employed to clean the village cemetery.

Archie LaFreniere, Sr. returned Friday from a trip to the mainland to visit his daughter and son-in-law, Mr. and Mrs. Russell Price in Ann Arbor.

Wednesday was pienic day for the school children of St. James grade and high school. The grade school children went to first clearance and the high school students to the airport.

Mr. and Mrs. Bob McDonough and Mrs. Mary McDonough have moved to their Sand Bay home after three months spent in the village.

Thursday morning, the Coast Guards were called to extinguish a fire on the roof of the island's oldest building, the old fur trader's house facing the harbor built before 1800. The fire was of small consequence and was put out without difficulty. The building has been occupied by an Indian family.

Jerry Lockwood left for his home in Indianapolis Thursday.

Omission — Darlene Schmidt's name was omitted in the list of the First Communion class.

Mr. and Mrs. George Leo Pavlisin, who were recently married in Terre Haute, Ind., arrived Saturday to visit Mrs. Pavlisin's father, Jack Gleason, before going to their future home in Houston, Texas.

The first yacht of the season came in Saturday afternoon.

Mr. and Mrs. Amos, Hammond, Ind., arrived Saturday to open their summer home on the island.

The perch are biting and how! Fishermen coming to the island for the season are catching their limit, and are well satisfied. This is the best perch season in four or five years.

Junior Senior Fete On Beaver Island

Beaver Island—In a setting of blue and gold, the colors of the 1950 graduating class, the Junior-Senior banquet and prom was held Tuesday evening in the Parish Hall. Under a canopy of blue and gold crepe paper, tables were arranged in U shape with decorations and favors carrying out the same color scheme. Vases of mixed flowers centered the tables with lighted tapers placed at intervals.

The entire student body of St. James High were seated for the banquet. Fr. Giles Berthiaume, parents of the graduates, members of the school board and their wives were guests. Rosemary Nackerman, a member of the sophmore class, acted as toastmistress for the occasion. A toast to the seniors was given by Marguerite Connaghan, Richard Barkley responding. Joy McDonough gave a toast to the parents, Who's Who was read by Janet Gallagher, the Class Will by Mary LaFreniere, Prophecy by Richard O'Donnell, a toast to the pastor by Verle McCann and the Farewell Address by Mary Margaret Greene.

After the banquet and program, confetti and serpentine was distributed which added to this colorful and festive event.

Officers of the senior class: Richard Barkley, president; Joy McDonough, secretary-treasurer. Other members of the senior class are: William Barkley, Mary Margaret Greene, Mary LaFreniere, Walter McCauley and Emmett Schmidt.

Mr. and Mrs. Wilbur McDonald announce the birth of a son May 19 at Lockwood General Hospital, Petoskey.

Tourist Business This Year May Be 10 Percent Better in State

Michigan tourist operators can expect another healthy 10 percent increase in their $600,000,000 business this season . . . if the weatherman cooperates. That's the prediction of Harry N. Rogan, who watches vacation habits of 280,000 Michigan motorists as Automobile Club of Michigan's travel manager.

The unseasonably mild winter just past, which hurt winter sports business, will benefit summer resorts many times more. For a lot of Michigan folk who normally go south did not make the trip this year. They'll help increase tourist business up north the rest of the year, Rogan said.

• • •

"GASOLINE TAX revenue, key to mileage, was greatest in Michigan history for the first three months of 1950, he noted. It is now up a third from 1941, peak prewar travel year. National parks are reflecting the same trend, with a 12 percent increase in attendance over 1949 noted already. Last year's experience leads to the estimate that 40,000,000 cars will roll upwards of 300 billion miles this year on more than 3,000,000 miles of rural United States roads," Rogan stated.

"Michigan's tourist business—its second largest industry—is dismissed too casually by many people not directly connected with it. Actually when it attracts visitors or keeps its own folks at home for vacations, every person in Michigan benefits," Rogan pointed out.

MORE competition, more advertising, and lower prices are recorded all over the nation. About a million dollars have gone into renovation of old-type accommodations in Michigan alone since last season, an Auto Club survey shows. AAA field surveys and tour book listings show that number of overnight rooms in Michigan has increased about 10 percent over last year. Many new motels, motor court and cottage group accommodations and rooms with bath are among these.

One of the finest high-quality accommodations to be built in Michigan recently is that nearing completion on Lake Huron just outside Oscoda on U.S. 23. There's still a shortage of rooms with bath at some of the best resort areas, however, Rogan noted.

VFW Auxiliary Takes In Two New Members

New officers of the women's auxiliary to the Charlevoix Veterans of Foreign Wars are:

Mrs. Jean Kochler, president; Helen Norton, senior vice president; Pauline Russell, junior vice president; Hilda Gibson treasurer, Dorothy Armstrong, chaplain; Alma Armstrong, conductress; Mable Russell, guard; Lelia Goss, Dorothy Mayhew and Bessie Whitley, trustees; Jean Dohm, secretary.

Bessie Whitley, patriotic instructor; Gladys Griffin, musician; Anna Rayman, flag bearer, Dorothy Mayhew, banner bearer, Genevieve Rayman Rosemary Warner and Donna Armstrong, color bearers.

Two new members were admitted at the last meeting. They are Marie Rabach and Thelma Wagner. At the meeting, the charter was draped in memory of Opal Allard, a charter member, who recently died.

Mrs. Earl Is 74

Mrs. James Earl observed her seventy-fourth birthday anniversary at a party given May 13 evening by Mr. Earl. Nineteen guests gathered for the occasion and enjoyed a social hour and refreshments. She received many remembrances of the occasion.

Wherever you go, when farmers start talking mowers, you'll find the John Deere No. 5 Power Mower in the spotlight. Never has a tractor mower held such top priority in the choice of hay growers, and never has a tractor mower measured up so completely in everything that counts in fast, clean, low-cost mowing.

Working with any make of tractor, the No. 5 mows from 25 to 35 acres per day—cuts "clean as a whistle" in any crop, any field. Simple, durable and easy to attach or detach, it's a tractor mower through and through.

Its flexible caster wheel and hinged drawbar carriage, and its foolproof safety release features have been copied by many but equalled by none. Simple adjustments permit keeping the No. 5 working like new down through the years. See us soon for complete information.

William Parsons to Be Honored By WJR for 4-H Leadership Work

By Vic Spaniolo

For the second time in three years, William "Bill" Parsons, Norwood township farmer and chairman of the Jordan Valley Creamery, will be honored for his long leadership in 4-H leadership in Charlevoix county.

The presentation will be boadcast over WJR at 7 a.m. May 27. Mr. and Mrs. Parsons will be guests of the radio station at the Hotel Olds in Lansing. Marshall Wells, WJR farm editor, will make the presentation in observance of national 4-H month. WJR is one of the ranking radio stations in the middle west.

The work which Bill has been in for 18 years usually receives little recognition except from the boys and girls in the programs. But that never has bothered Bill. He has always done what he can to help any of the 4-H groups.

• • •

BILL WHO IS 37 is the son of George Parsons, one of the oldest farmers in this area. His father long has been known for his threshing prowess and his reputation is known far and wide.

The award which Bill will receive is given annually to a Michigan farmer who has been active in some phase of farm leadership. Bill is a pretty busy fellow. He is township clerk and works a 250 acre farm of which 100 are tillable acres.

His start in 4-H work started when he was attending Ellsworth school. He graduated in 1931. That was when B. C. Mellencamp who started 4-H work in the area, was county agent.

Born and raised on a farm, it's been his only occupation. Two years ago at Michigan State college, he received an award, symbolic of 15 years of work with 4-H groups. The New York Central railroad at that time presented him and others pearl set pins.

Tractor maintenance has been one of Bill's special activities. At present he has four advanced students with whom he meets and directs their work. He has led dairy, handicraft and small woodworking groups.

HE HAS BEEN active in the Grange and Farm Bureau. At present he is milking 12 cows, mostly Guernsey cattle. He has some OIC hogs. He raises corn, oats and a few other grains.

Thanks to his two tractors, he speeded up his plantings. He has put in 17 acres of oats.

He married Bertha Pierce in June, 1937 and the couple has four sons, Ivan, 11, Dale ,8, David, 4, and Floyd, 2.

One of his club workers, Dick Jolliffe, won a trip in the last year to Chicago for his oustanding work.

Mr. Parsons was the recipient of the Pearl 4-H Clover Award presented to him at Michigan State College in the fall of 1948. Mrs. Clyde Warner has also led clubs for 17 years. This past winter she worked with a club at Ellsworth where she is a teacher. She too received her Pearl 4-H Clover in the fall of 1948. The award of the Pearl Clover is made after 15 years of leadership.

Mr. Parsons has recently been named Charlevoix's official delegate to the Gaylord district 4-H Club advisory board. Serving with him on this board is Mrs. R. V. Liskum of East Jordan.

East Jordan Girl To Compete in Dairy Queen Contest

Mary Bricker of East Jordan will attend the State Dairy Queen contest at Lansing this Friday, May 26, to compete for honors with seven other contestants. Mary Bricker represents the Gaylord district which includes the counties of Charlevoix, Antrim, Otsego, Montmorency, Alpena, Crawford, Presque Isle, Cheboygan, Emmet and Kalkaska. Ed. Rebman, county agricultural agent and Mrs. Bricker will attend the program with Mary Bricker.

The judging for choosing the queen will be held from 10:00 until 12:00 in the morning. At noon the program will be held over station WKAR, East Lansing. L. W Morley from the Michigan Milk Producers Association will discuss "What is June dairy month". Doctor Weaver, head of the dairy department of Michigan State College will announce the winner of the queen contest. Dr. Ernest Anthony, dean of the school of agriculture of Michigan State College will crown the dairy queen.

Urge Farmers Attend Grass Day Program

The grass day for this area will be held June 23 at the Thomas Milbrocker farm 2 miles south from Johannesburg in Otsego county. With more and more emphasis being placed on a grass program for northern Michigan all farmers are urged by Ed Rebman, county agricultural agent, to make plans to attend this meeting. Demonstration plots of lespedeza and grass seed hay making and other demonstrations will be held during the day.

County Bankers To Offer Four Scholarships

Four scholarships of 100 dollars each will be awarded to young farm men and women in Charlevoix county for a Short Course training at Michigan State College. The Charlevoix County Banks, which includes the Charlevoix County State Bank, Charlevoix State Savings Bank, State Bank of East Jordan and their Boyne City Branch are each offering a scholarship as a recognition to the outstanding young farm men and women in their community.

The General Agriculture Short Course at Michigan State College offers a practical training in all phases of farming in addition to opportunities for leadership development. The girls receive a very practical training in Home Economics. These courses of eight weeks each term begin October 23 and January 8. The total cost of room and board, fees, and books is approximately $125.00 per term.

Those young men or women wishing to apply for one of these local scholarships may obtain the application blanks from Ed Rebman, your county agricultural agent, your high school agricultural instructor, or your local banker. Applications should be submitted to your agricultural extension office in Boyne City by July 1.

Red Dane Meeting Set for May 31

A meeting of the red dane farmers in Antrim and Charlevoix counties will be held next Wednesday evening, May 31, according to Ed. Rebman, county agricultural agent. The place of the meeting has not as yet been set. Anyone who is interested can find out by contacting Burr Blanchard, president, Robert Shaw, secretary, or your county agricultural agent.

A. C. Baltzer, dairy extension specialist of Michigan State College will be present to complete the formal organization of the association. All members should attend this meeting as the testing program will be discussed which all members must follow. There have been some changes in the rules by the state board of directors so all members are urged to attend this meeting.

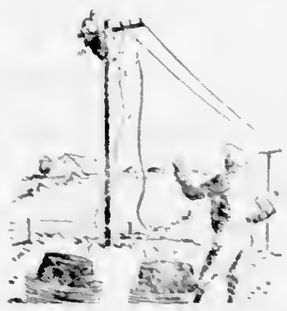
CHAMPION Even if a champion caller could shout loud enough to talk to a person in California, it would take his voice about 2 hours and 40 minutes to reach there. When you talk between Michigan and California by telephone, your voice travels the distance in a tiny fraction of a second. And it can be heard as well as though you were face-to-face with a person out there.



THE FEWER THE BETTER No more than 8 parties on all rural lines is Michigan Bell's goal. But to reach it will require lots more equipment and facilities. Money to pay for those facilities must come from investors, who will put their savings in the telephone business only when it's earning a reasonable profit. So it's a good thing for rural telephone customers to have Michigan Bell make a fair profit.

THERE'S COMFORT IN CALLING The daughter of an Upper Peninsula farmer, attending a Michigan college, was taken ill and ordered to the hospital. Her roommate notified her family. The farmer and his wife, naturally, were worried. But they solved the problem by having the roommate call them Long Distance "collect" each evening. That way, they kept tabs on their daughter's condition until she was well again. Freedom from worry is worth many times what a Long Distance call costs.

Growing Grass Under Trees Is Problem

One of the tough problems in many a lawn is keeping a good stand of grass under shade trees. One of the reasons is that the grass is in competition with the trees for fertilier and moisture. To solve the fertilier situation, make an application two weeks during the growing season.

There are several kinds of fertilizer that you could use. If you use 10-6-4 or 10-10-10 put on 5 pounds per thousand square feet at each application. Use ammonium sulfate at the rate of 2 pounds per thousand square feet; ammonium nitrate at a one thousand per rate and milorganite at 10 pounds per thousand square feet.

New 4-H Contest

A brand new contest has been added to the 4-H Club program in Michigan and 20 other states, the National Committee on Boys and Girls Club Work has announced. Named the 4-H public Speaking Program for 1950, it will be conducted through the State Club office and county Extension agents. If any state prefers to conduct a 4-H Radio Speaking program, or a combination Public Speaking and Radio Speaking program, it may do so, according to the announcement.

Lansing—Many improvements, special events and a general "open house" awaits the first real spring crowds anticipated at Michigan's 60 state parks and recreation areas on Memorial Day.

ATTENTION!

MICHIGAN DAIRY FARMERS!

And Now for June!

Declining prices and surplus . . . plus an emergency threatening all dairying and the entire economy of the state of Michigan . . . call for business action more than ever before by Michigan dairy farmers this year.

To organize for this campaign the American Dairy Association of Michigan has been given the responsibility of raising funds. Dairy farmers support is being given in the ADA Set-Aside for May and June, with May earmarked for state activity and June for nationwide advertising, merchandising and research.

Working together through ADA—statewide and nationwide . . . dairy farmers are protecting their investment and building markets for a brighter future in dairying.

Program Set for Dedication Of Kipke Field This Sunday

Ray L. Kipke, who is retiring after 21 years as head coach at Charlevoix high school, will be honored Sunday when the Southside athletic field is dedicated as "Kipke Field."

A bronze plaque on a native rock, marking the sports park as Kipke Field and new metal goal posts, will be dedicated in the ceremony at 3 p. m. at the newly named field.

Coach Kipke, Mrs. Kipke and coaches from the eight schools in the northern Michigan Class C conference as well as Mr. Kipke's successor, Del Terrill, will be guests.

CHARLEVOIX high school band, directed by C. A. Odmark, will open the program with the playing of the Star Spangled Banner as the colors are raised by members of the American Legion and the Veterans of Foreign Wars.

Rev. Jackson E. Turner will give the invocation and will be followed by Rev. W. D. Wood who will serve as master of ceremonies.

Dean Davenport, a member of the planning committee, will review briefly Coach Kipke's record as Rayder coach and introduce him and the other conference coaches.

The plaque which has been placed at the northeastern section of the field will be unveiled by Charles Bleha, a member of the 1928 football team and Gerald Gibbons, a member of the Rayders' 1949 squad.

• • •

AN AUTOGRAPH book which has been signed by many of Coach Kipke's friends will be presented to him by Bonnie Nickerson, president of the Charlevoix Board of Education.

The Rev. Mr. Wood will close the event with benediction following the playing of the high school song, Red and White Forever, by the band.

The dedication was made possible by voluntary contributions of Charlevoix sports fans after a committee of local supporters opened the campaign several weeks ago.

Serving on the committee were Mr. and Mrs. Harold Byers, Mr. and Mrs. E. D. Hawley, Mr. and Mrs. John Mol, Mr and Mrs. Carl Kohler, Mr. and Mrs. Charles Bellinger, Mr. and Mrs. William Supernaw, Mr. and Mrs. Dean Davenport, Mr. and Mrs. John Swanson, Mr. and Mrs. Orlin Cunningham, Mr. and Mrs. Louis Wallace, Mr. and Mrs. Lester Smith.

Services Today for Herman DeJonge

Ellsworth — Funeral services for Herman DeJonge, 52, who died Monday at Charlevoix hospital after a 10 day illness, will be held at 2 Thursday at Ellsworth Christian Reformed church with Rev. Gerrit A. Lyzenga officiating.

Mr. DeJonge was born March 6, 1898 at Allegan, the son of James and Mary Wieten DeJonge, and came to this vicinity with his parents at the age of 9. He was married to Mettie Rubingh on March 10, 1921 and operated a farm in Pleasant Hill community until 1943, when they moved to Ellsworth.

He was a former member of the board of education of Pleasant Hill school district and at the time of death was a co-owner of the Boyne City Livestock Sales, Boyne City.

Surviving are the widow; two brothers, Louis of Eastport and Cornelius of Pleasant Hill, and three sisters, Mrs. Mettus Rubingh of Fairview, Mrs. Abe Van Harn of Holland and Mrs. Henry Krol of Zeeland.

Burial will be in Ellsworth cemetery.

K & K to Step up Counter Output

Announcement that the K & K Engineering and Manufacturing Co., was stepping up its production was made this week by H. O. Krahnke.

The announcement was made following receipt of a larger order for the supermarket checkout counters. The check-out counters were displayed at a supermarket convention in Chicago and proved to be the hit of the equipment display.

The check-out counter in actual operation was pictured in a Chicago newspaper along with a description of its operations. The check-out counter, originally designed by George T. Smith, Lansing supermarket owner, was described as the best and most practical shown at the convention.

The counter, now being manufactured in the Foster north end plant which was leased by K&K recently, is designed to greatly speed the flow of customers through the check out lanes.

Mr. Smith spent several days in Charlevoix this week conferring with Mr. Krahnke and Les Kaunitz of K & K.

1,000 Young Turkeys Lost in Blaze Here

One thousand month-old turkey poults were lost in a brooder house fire at the Elden Jones farm southeast of here on the Sequanota road Tuesday morning. Mr. Jones had tended the young turkeys and returned to the house when the fire was discovered. It is believed to have started from an overheated brooder stove.

The Charlevoix fire department which answered the call at 9:15 a.m. devoted its efforts to saving other buildings in which another thousand 16-week-old turkeys were housed.

No estimate was made of the loss which was partially covered by insurance. The East Jordan department also responded to the call.

Large Croud Attends Farmers- Merchants Banquet

Photo By Louis Mahrle

A near-capacity crowd of farmers and merchants heard the president of the National Milk Producers Federation at the annual banquet last Thursday. This picture shows a section of the crowed.

Farmers Must Stand On Own Feet If We Are to Live Free

Farmers must stop depending on the government for part of their income, unless they want to speed the socialistic trend in this country.

So declared John Brandt, president of the National Milk Producers Federation and chairman of the board of Land-O-Lakes Creamery, in a fiery address before farmers and merchants last Thursday at the Masonic Temple.

In an impassioned plea for farmers to stand on their own feet without government controls on their products and their lives, Mr. Brandt said the farmers face the menace of being the first group in America to be "socialized". He bitterly condemned spending of the taxpayers money to help the farmers income.

• • •

"GREAT GROUPS of farmers", he said, "are finding the payments of the government too easy to turn down, but remember that he who controls your income also controls you and your way of life."

Mr. Brandt's plan for handling surplus, which he said, usually raises havoc with markets in the nation is to take the surand sell it abroad or use it for industrial purposes. In this way, the surplus will not compete with the normal supply and demand of the products.

But the farmers should be willing to take a cut in the price they receive for the surplus in order to dispose of it. "We can't possibly hope to get as much for our products abroad as we ean in this country, because the foreign nations have a lower living standing and thus are not able to pay our prices. We can sell our surpluses in this way if we put forth enough effort.

Calling farming one of the biggest gambles in the world today, he predicted that the farmer's gross income will be lower this year with an accompanying smaller net profit for most farmers. Taxes and transportation costs will be higher, he predicted.

While not referring to the Brannan Plan by name, it was evident that he meant it when he described it as "the finest piece of legislative boondoggling ever concocted in Washington. Under this plan, he said, every-

Graduation Takes Six Thinclads

Charlevoix track and field team scored six points at the state meet held in East Lansing Saurday with Charles Fairbanks scoring four when he placed third in the shot put and Jim Jolliffe two with his fifth place in the 220 yard dash.

Coach S. E. Coleman took Mike Bergeon, Ron Cunningham, Jack Dodge, Charles Cross, George Haggard, Dale Soumela, Dwight Smith, Tom Donaldson, Jolliffe and Fairbanks to the meet. Joe Smith was the second driver.

A junior high meet this week and an intra-squad meet next week will complete the squad's activities for the season. During the spring they competed in ten meets.

Coach Coleman will be losing six of his team by graduation. They are Jolliffe, Bergeon, Cross, Haggard, Dodge and Don Gill.

Moonlight Gardens will be open for business in the large hall June 1.

Seniors to Leave For Trib June 7

The senior class will conclude their high school activities when they leave early Wednesday, June 7, for the senior trip which will take them to Niagara Falls.

The fifty-five members, accompanied by Mr. and Mrs. Leonard Burns and Mr. and Mrs. Norman Gallagher, plan to leave via bus for Detroit where they will board the North American of the Chicago Duluth and Georgian Bay Line Wednesday evening for the trip to Buffalo, N.Y. Thursday will be spent at the falls and the group will sail on the return trip to Detroit late in the afernoon.

Special entertainment including games and dancing will be enjoyed during the two evenings on ship board.

After docking in Detroit Friday the class will head for home.

Local Knight Owls Defeat Cheboygan

In a ragged game Charlevoix Knight Owls beat Cheboygan Sunday 8-6. Both teams made 7 hits, but Cheboygan was charged with 6 errors to the Owls 4.

Gallagher again led the team in hitting with a double and triple while Ager sparkled in the field. Supernaw struck out 4 and Greenwood 6. S. McKervey led the visitors with 2 hits in 4 times at bat.

Batteries were: Supernaw and Meggison for Charlevoix. Greenwood and S. McKervey for Cheboygan.

An effort will be made to line up a Petoskey team for a game

Teachers Club Ends Year's Activities

The Teachers club of the Charlevoix schools closed its activities for the year with a dinner at Camp Charlevoix Tuesday evening.

Guests for the evening were members of the Board of Education and the respective husbands and wives of faculty members. A social hour and square dancing followed the dinner.

Ellsworth Man, 80 Taken by Death

Henry Yettaw, 80, retired blacksmith, died late Monday at Meadowbrook hospital, Bellaire, where he had been a patient for several weeks.

Mr. Yettaw was born Jan. 25, 1870 in Montpelier, Vt. and moved to Atwood at the age of 4 with his parents. He came to Ellsworth in 1893 to learn the blacksmith trade.

He married Lena L. McAllister on June 8, 1896, who survives with two daughters, Mrs. Louis Brall and Mrs. Gordon Riddell of Detroit; five sons, Eben and Thale of Detroit, Lloyd of Maywood, Ill., Delos and Harrison of Ellsworth; 16 grandchildren and three great-grandchildren, and two sisters, Mrs. Fred Gillet of Ellsworth and Mrs. Almira Snock of Frederick.

Funeral services were held Wednesday evening at Hastings Funeral home, Ellsworth, with Rev. Gerrit A. Lyzenga officiating, and solemn requiem mass will be held at 10 Thursday at St. Mary's Catholic church, Charlevoix. Burial will be in Ellsworth cemetery.

City Grows 365 Since '40 for Top Increase In County Survey

Charlevoix was the fastest growing city in the county during the last 10 years.

The Bureau of Census figures released late yesterday disclosed that the city's population is 2,664 as compared with 2,299 in 1940. This shows an increase of 365 persons in a 10-year span.

Boyne City showed an even 100 increase in population, the latest figure being 3,004.

East Jordan with a present population uf 1.769 showed an increase of 44 persons.

The population of Charlevoix county mounted to 13,343 as cumpared with 13,031 in 1940 or an increase of 312.

Donald P. Watkins, district supervisor of the census office, revealed that Charlevoix showed a greater increase than Boyne City and East Jordan together.

Dwelling units in Charlevoix jumped to 1,272 according to the new census, a boost of 297 from 1940 when there were 975. The number of farms in the city limits fell from 11 to 7.

Dwelling units in Boyne City totaled 1079, up 202 from 1940 figures. A total of 27 farms are now found in Boyne City as compared with 23 in 1940.

• • •

EAST JORDAN has 683 dwelling units as compared with 531 in 1940 and 23 farms in the city limits, up eight from 1940 figures.

There are 6,046 dwellings in the county today as compared with 4,523 in 1940.

The number of farms in the county dropped from 1124 in 1940 to 1054, Mr. Watkins said, reflecting a consolidation of farms into larger properties.

Hundreds View Dedication Of Plaque

Pausing to pay tribute to the memory of the men who lost their lives in World War I and II, Charlevoix residents witnessed the re-dedication of the park on Bridge street at Belvedere on Memorial Day.

Several hundred persons heard Oscar North, former principal and superintendent of schools here, urge his listeners to dedicate themselves toward preventing any further wasting of lives through armed conflict.

As the trees in this memorial spot have been cut back, so it has been with the lives of the lads who died for their community and country. It is fitting, he said, that these trees planted for each of the seven local men who died in World War I should be red in the springtime and green in the fall of the year.

Mr. North, superintendent of schools at Newaygo, unveiled the plaque marking the spot as a memorial to the men of Charlevoix and vicinity who gave their lives in the last two wars. He was introduced by Probate Judge Floyd Supp. Rev. W. D. Wood closed the brief ceremony with a prayer.

The Charlevoix high school band, directed by C. A. Odmark, opened the program with "God Bless America". A wreath was placed at the foot of the rock.

The traditional ceremony at the waterfront honoring the sailor dead followed with members of the women's auxiliaries casting flowers upon the water. Taps were sounded.

The parade of the band, American Legion and Veterans of Foreign Wars, Boy Scouts, Girl Scouts continued to the cemetery where the annual Memorial Day program was held. Rev. L. L. Lewis gave the memorial address.

Rev. G. D. Howell gave the invocation. Beverly Stroud delivered the Gettysburg Address. Rev. Joseph Bekkering gave the benediction. Veterans organizations met at St. Mary's and Brookside cemeteries to place flags on veterans' graves.

Lansing—Chances of discovering a new Michigan oil field proved to be better last year, one in ten compared to one in 13 in 1948. However, gas production fell off nearly 22 per cent to 14,576,497,000 cubic feet and oil production dropped slightly more than two per cent according to the conservation department.

'The Happiest Years' Closing for 55 Graduates

On to college, the business world, industry or home-making. That is the next decision for members of the class of 1950 as they eagerly await their diplomas . . . symbolic of the completion of their high school education.

On the sentimental side, it will bring to a close for many the close relationship among students and their chums. Each will go his or her way of life. Some will leave the community, most will marry sooner or later and others will go to college or to work.

The idle days . . . the carefree days . . . when what to do Saturday night or who will win that football or basketball game was the leading question. Now the graduates will be faced with the more serious aspects of life . . . earning a living and seeking a happy life.

For years this class of 55 Charlevoix area students have been anxiously awaiting the moment when they could receive their diploma and boast they were finished with high school books and assignments.

As the time rapidly nears, there is a touch of sadness as the students come to realize that the end of the trail is at hand, that from now on the world is expecting them to produce in fierce competition.

Graduation, one of the mileposts in their lives, is approached with mixed feelings of being glad it's over and missing the gang from now on. The happiest days of our lives is what one great scholar has defined the high school period.

Truly, it was a period of extreme happiness for most students. For years they have lived lives when financial obligations were assumed for the most part by their parents. Now they start to work under their own power.

Henceforth, it will be their own responsibility on how they meet their problems. They may look ahead to a chance of earning their own living and beginning to assume the responsibilities so inherent in adulthood.

While there is a definite challenge to the Charlevoix graduates and others who are completing their schooling, there has always been a challenge to the youth of this nation since it was founded in the revolutionary days.

So it is with a wistful sigh that most members of the class of 1950 in Charlevoix bid their classmates adieu as they take the next step in life and close the book on their carefree high school days.

Government Spending to Hit 46 Billion Dollars this Year.

"The government," says U. S. News and World Report. "has become the biggest source of income in the country. In the single year to end next June 30, the Treasury will spend an estimated $46,000,000,000 in cold cash. This means that $1 out of every $6 spent in the United States will be spent by the government." The magazine then goes into considerable details as to how all this money is to be divided.

The biggest item in the budget—$17,300,000,000—is accounted for by benefits and subsidies of many diverse kinds. Nearly half of that amount—$8,300,000,000—will go to veterans and is one of the payments we are making because of past wars. Then farmers will come in for something over $2,000,000,000 in direct payments and government crop loans and price supports. Large sums will be paid to the old, the blind, and the unemployed. Finally, $5,600,000,000 will be paid out to foreign governments and for foreign-aid purchasing.

Item number two—$10,200,000,000—will go for salaries. It will go to 3,700,000 people, the number of civilians and military personnel now on the federal payroll. As the U. S. News points out, this does not include those who work indirectly for government, such as the men and women employed in plants producing materials for federal agencies.

Third is a $10,000,000,000 item for goods. This includes an enormous number of items, running all the way from airplanes and tanks to paper and ink.

Interest on the public dept will require the sum of $4,100,000,000. That will be a cash payment, and does not include the interest accruing on war bonds and saving bonds.

Services, such as printing, rent and utility bills, will cost the taxpayers $2,400,000,00. And something like $2,000,000,000 will be used for loans and investments.

The above items cover the major expenses of government. Perhaps the most striking fact is the great increase in the number of individuals who now live off the Federal Treasury. To quote U. S. News again, "Ten years ago, when the New Deal was pouring out billions for direct and work relief, fewer than 20,000,000 persons were getting checks from public agencies. In the period that has followed, the make-work programs of government have disappeared. Prosperity has taken over. Personal incomes trebled. Yet . . . persons living on public dollars, in whole or in part, jumped 29 per cent.

The implications of this can be argued indefinitely. But it indicates the reason for the uneasiness of those who wonder how much more government the country can stand.

Michigan Mirror

Non-Partisan News Letter

By Gene Alleman
Lansing Observer for
Michigan Press Association

A hard-hitting political campaign is in prospect for 1950, according to spring-trends in Michigan.

Governor G. Mennen Williams caused no raising of eyebrows among Republican legislators when he accused them in a speech before the Michigan CIO council of being controlled by "big business".

The heir to the Mennen soap millions declared that "special interest have been served and the people's interest neglected" by Republican domination at Lansing. The "do-nothing" record of the legislature, he said, included inaction on a fair employment law, failure to remedy "outrageously unfair" disqualifications in unemployment compensation law, hostility to public housing needs and wooing of private utilities by granting them higher rates.

• • •

IT HAS BEEN the consistent contention of the Democratic governor that $112 more millions in government spending should be raised solely by a tax on business profits.

Williams has persisted in the socialistic belief that corporation should be made to dole out post-war profits for public benefits. In fact, corporations would readily absorb the cost he added. The cost would not be transferred to the consumer in the form of higher prices. It would be added expense of doing business in Michigan.

This "no consumer tax" plank in the Williams platform was unveiled one year ago. Republican legislators were not unpressed. The reply was "socialism" for personal political propaganda.

• • •

AND SO WHEN the governor called a special session of the legislature in 1950, recommending $112 more millions to be spent by governments, the stage was obviously set for a ready-made campaign issue. The Republicans would be counted on to oppose a business profit tax. They did just that.

Williams neatly created a situation whereby the G. O. P. could be attacked for "reactionary" negligence of the people's interests.

Actually, as his critics see it, the special session was about 90 per cent window dressing for Williams' campaign of re-election.

• • •

WITH THE SESSION about ready to adjourn, the governor appears to have his issue: Republicans are subservient to "big business".

August Scholle, president of the Michigan CIO Council, criticized the newspapers of Michigan as being "controlled" by big advertisers. The press is in the doghouse, too.

And so the stage is being set for a red-hot name-calling campaign.

• • •

UNTIL THE Republicans agree upon their nominee at the September primary, the Republican replies will be voiced by legislators and by Owen J. Cleary, state central committee chairman.

Since the governor has chosen the familiar class lines of "rich vs. poor" for his campaign, the Republicans may be counted on to answer with an attack on the "Truman-Williams welfare state" and the "growing menace to state socialism".

Cleary calls the Williams corporation tax "one of the most flagrant examples of intellectual dishonesty that has yet been presented to the people".

Williams counters: The Democrats have prevented "the imposition of new consumer taxes directly on wage-earners, farmers and small businessmen."

• • •

WHEN CHAIRMAN John H. McCarthy of the Public Service Commission lost his temper and called Schuyler L. Marshall a "liar", he started something which will probably not be to Governor Williams' political advantage. Marshall, former newspaper publisher at St. Johns, is the senior member of the commission.

Romaine McCall, editor of the Gratiot County Herald at Ithaca, is among the many Michigan newspapermen who know Marshall well. Here is an excerpt from an editorial by McCall:

"Marshall is one of those rarities in public office. He accepts his job as an obligation and responsibility to the public with very little regard for purely partisan politics. He works at any job he undertakes, trying to get down to basic facts and figures on which to form an opinion."

Writer Outlines Advantages of Building One Story Building

By Edward K. Shanahan
Third of a series of articles on Charlevoix school needs.

When the time comes for a community to think of building a new school there are many divergent factors to be considered, discussed, and reconciled to make sure that the plan that is adopted is the one that will best meet the needs of the community.

This article considers the two basic types of school buildings, with their several merits and dis advantages. Since no one type of building is suitable for all school purposes, and since it is unlikely that the needs of one community will ever exactly match those of another. Hence it is necessary that mature consideration and judgement be used to insure choosing the best of the many possible designs.

Multi-storied buildings have the advantages of compactness, less roof for the same number of rooms, smaller outside surfaces, easier solution of heating problems, and occupy less ground. However, our state law requires for all school buildings of more than one story (a basement or cellar is legally defined as a story) that all walls, floors, partitions, and roofs shall be constructed of fire resisting material such as stone, brick, tile, concrete, gymnasium, steel, or other similar fire resisting materials.

• • •

THE ADVANTAGES of one-story buildings are the disadvantages of multi-storied buildings, and vice versa. One-story buildings do not have to be built of fire resisting materials since a fire would be much less dangerous, more easily controlled, and the building more easily evacuated. Additional advantages are:- better room lighting, less space devoted to corridors, elimination of stairs and extra toilets, and easier to adapt certain areas to multi-use.

An example reported in the Architectural Forum for October, 1949, well illustrates the tremendous money savings that the above mentioned one-storied advantages provide. New York City was contemplating the construction of a ten-classroom two-storied building. It was computed that 16,200 sq. ft. would cost $292,000. The same ten rooms in a one-story building would occupy only 13,600 sq. ft and would cost only 147,000 . . . or a saving of $145,000. However, the figure of $145,000 is partly offset since the building would then occupy an additional 5,500 sq. ft. of land. But a lot of land can be bought for $145,000. (Building costs in New York City are approximately 20% higher than in Michigan.)

• • •

THE IDEAL one-story building is designed with the classrooms to the north of the corridor, offices, toilets, etc. Since the classrooms need a higher ceiling than do the other rooms it is possible to cover them with a much lower roof. Thus light may be admitted to the classrooms through shaded high windows on the south wall and full height northern windows. Full advantage is therefore taken of the preferred northern lighting (no glare, no shades needed, complete diffusion minimizes shadows, while the additional light from the high southern windows permit classrooms 33 feet from window to corridor, whereas a room with daylight from one wall only must not be more than about 27 feet deep. Thus this design results in only a moderate increase of corridor length for a unit amount of classroom space.

Bee Keeper to Speak To Congregators

The Congregators club will learn about the honey bee at 8:30 p.m. today when members will hear Clarence Smith of Hayes township.

Mr. Smith will discuss the problems and rewards that come to him as a bee keeper. While it is not expected that Mr. Smith will turn loose a hive of bees at the meeting, an interesting time is expected.

The public is invited.

GIRL SCOUT NEWS

Girl Scout leaders in Charlevoix are busy making plans for summer scouting including trips to camps.

For the first time Troop 1 senior scouts are planning a camp trip. Mrs. Lester Smith is head of the committee, assisted by Mrs. John Cross and Mrs. John Reed. The girls will leave here June 12 for Ludington and travel by ship to Milwaukee.

In Milwaukee, the troop will visit radio station WTMJ and other points of interest. They will return home June 14.

Troop 2, led by Edith Olach, will go to camp June 9-13 at Intermediate lake. Mrs. Robert Laurent will be the nurse. Troop 3 plans are incomplete. Troop 4, led by Mrs. George Plumm, will go June 9-14 to Ocqueoc. Mrs. Dean Davenport will be the nurse.

Troop 5, led by Mrs. Robert Kelley, will be at Ocqueoc the same period. Troops 6, 7 and 9 will have their day camping for Brownie scouts at the Church of God campgrounds. Mrs. Herb Campbell is chairman of the committee, assisted by Mrs. Frank Oleksy, Mrs. Robert Kelley, Mrs. Fay Davis, Mrs. Robert McClure. Mrs. Herbert Irish of Harbor Springs will be director. They will camp June 19-24.

Troop 8, led by Mrs. George LaBlance, Jr., will have its camp site at Blue Heaven resort June 9-14. Mrs. Jerry Scudder will be the nurse.

Casing Eggs

To maintain the finest quality possible, eggs should not be cased until all the body heat has been removed from the egg. The eggs then should be packed carefully, with large ends up; this improves the appearance of the layers and decreases damage to interior quality of the egg, especially the air cell.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

On Beaver Island, good weather is holding out, perch are biting like everything and from the number of visitors arriving, the tourist season is at hand.

The harbor was beautiful and calm all week long. The youngsters took advantage of the smooth water to row around in their skiffs. Three sail boats and two yachts visited the island this past week.

Doctor and Mrs. Russell Palmer left Tuesday to spend two weeks on the mainland.

Father Urban Wagner of Cupertino College, Eaton Rapids and Father Daniel, Lansing, arrived Wednesday. Wednesday afternoon, Father Daniel gave a free showing of Life at Mount St. Francis pro-seminary and a short on Father Keller's "You can Change the World". Thursday, Father Urban conducted a day of recollection for the High School students at Holy Cross Church.

Word has been received that Fred Spalding has suffered a relapse and will not be able to return to the island according to plans. The Spaldings were all set for the return trip from Albany, Ga. when Fred had the set back.

Mr. and Mrs. Jack Johnson, Ludington, are visiting on the island. The Johnsons are planning an island home and intend starting to build in the near future.

Rolland Cull is visiting in Chicago.

Mr. and Mrs. Vic Tripple, Mishawaka, Ind., were visitors to the Island. They occupied one of the McDonough cabins.

Henry Allen returned to the Island Friday with more supplies for the cabins he is building.

Friday, the Island children received their report cards and said good bye to their teachers and school book until September.

Mrs. James Insell and Betty Ann Cox, Detroit, arrived on Fridays boat to attend the graduation excercises. Mrs. Insell's two brothers, Dick and Bill Barkley, were among the graduates. Saturday, Mr. Insell arrived to join his wife for a short vacation on the island.

Eileen Gatliff visited her parents over the week-end. Betty Gill, Charlevoix; accompanied her to the island as her guest.

Mrs. Mammie Gallagher, Mrs. Charles Pischner and two sons and Tom McCauley arrived Friday to spend the summer in their island home.

Rose and Burnell Greene came up from Grand Rapids to attend the graduation of their sister, Mary Margaret.

Charlotte McDonough spent the holidays with her parents, Mr. and Mrs. Bill McDonough.

Mrs. Annie McCann arrived Saturday to visit among relatives and friends.

Mrs. Marguerite Rumberg, Bay City, arrived Saturday to spend two weeks.

George Miller came up from Jackson to spend the week-end with his family.

Friends of Father Fabain Keenan will be interested to know that on June 21st. he will celebrate his twenty-fifth anniversary in the priesthood. A solemn Mass of thanksgiving will be celebrated in St. Paul the Apostle Church, Pismo Beach, Cal. on this special day. Too bad there are so many miles between Beaver Island and Pismo Beach. His former parishoners would like so much to attend.

Mrs. Eddie Laggerman, Charlevoix, is the guest of Mrs. Carl Left.

Alice McDonough Named Island Honor Student

Alice Joy McDonough, daughter of Mr. and Mrs. Lloyd McDonough of St. James, has been named honor student of the class of 1950. Miss McDonough has merit this distinction by earning the highest number of honor points of any student in her class during the four years spent in high school.

Having passed her entire scholastic career of twelve years at Saint James School, Miss McDonough has won the confidence of her teachers and fellow students by her leadership and spirit of cooperation.

She was chosen the secretary of her class during both her junior and senior years. She has been active in planning social events and has participated in dramatics, having played roles in the school plays in her sophomore and junior years. She also assumed considerable responsibility in raising funds for and arranging the details of the Junior-Senior Banquet in 1949.

Miss McDonough has made application for admission to the Mercy Central School of Nursing in Grand Rapids and expects to begin training in the fall.

Betty Clarke Feted At Bridal Shower

Betty Clarke, whose wedding to Harry Potter will be an event of June 4, was honored at a bridal shower given Thursday evening by Mrs. Winifred Bambach, Mrs. Ingma Pontious and Mrs. Henry Isakson at the latter's home.

An umbrella in shades of yellow and green and wedding bells hung over the refreshment table which was graced by two heart-shaped cakes and decorated with yellow tapers.

The occasion was also Mrs. Isakson's birthday anniversary and a lighted birthday cake was served in honor of the event.

The thirty guests enjoyed refreshments, a social evening and a skit "Our Golden Wedding" presented by Mrs. Clarence Murray and Mrs. Peter Tinmer.

Miss Clarke received many lovely gifts.

Birth of A Slogan

"Safety First," now a national slogan of the American people, originated many years ago from the safety policy of a company which became a part of U. S. Steel. It grew out of the statement made in the 1870's by the H. C. Frick Coke Company: "The Safety of Our Men Must Be Our First Consideration."

Ground Is Broken for Fellowship Hall Here

Ground was broken Wednesday for Fellowship Hall of the Church of God, Rev. W. D. Wood, pastor of the church has announced.

The hall which is to be located behind the church and parsonage will serve as a recreation and social hall and as a Sunday school department. A tunnel will connect the church and the new hall.

The building is to be a 30x70 ft. one-story structure of concrete masonery which will have a partial basement to house a heating plant and the tunnel from the church. The main floor will have a large recreation hall with a stone fireplace and kitchen facilities.

The main entrance will be between the church and the parsonage on Hurlbut ave.

Lewis Brant is the contractor.

Mary Carlson of Ironton Wins Essay Contest on Church Theme

The following is a prize-winning essay by Mary Carlson, daughter of Mr. and Mrs. Albert Carlson of Ironton, on "Why Go to Church" The contest was sponsored by the Ironton Ladies Aid. Other prizewinners were Marie Nielsen, Betty Orvis and Eveline Saunders. All received automatic pencils.

Mary Helen Carlson

Of all the institutes, such as the school and home, none aims as much as the church does to teach a person to behave the correct way because that is the way he should want to behave.

The church is a universal institute. Its aim is not limited to how one should behave in a family or in the school. The aim of the church includes these and goes beyond. It is unlimited. It regards men and women as members of a common humanity.

This is especially important today, mainly because of race prejudice and the conflict between different countries.

• • •

IT IS THE job of the church, more than any other organization, to provide the correct attitude. This would be, is, vital to world peace.

We learn about God through Jesus Christ. The teachings of Jesus were the teachings of God. Perhaps Moses gave one of the earliest lessons of God. These lessons have been added to down through the ages. The greatest lessons of all were taught by Jesus. We go to church to learn these great lessons which cost our Savior and his followers so very much in death and suffering.

Our ancestral christians did not learn all. We must learn what they for us. left. Maybe we will add to their learnings.

We can learn only by living. We live best when we live close to God.

By going to church we get this closer fellowship with God, necessary for a better living, which is necessary to learn more about God.

The Bible is called "the most important book in the world". No matter how important the Bible is, it must be familiar to you to have any real meaning in your daily life.

• • •

THE BIBLE is the word of God. One is told to live by the word of God, for the Word is God. John (:) says. In the beginning was the Word, and the Word was with God, and the Word was God."

Yes, we can become familiar with the Bible at home, but in the church there are those who can help you do it much better.

The earliest church was formed to satisfy the Spiritual needs of men and women. Is there anything more satisfying to the human spirit than the word of God? By going to church and studying the Bible we are satisfying our spiritual needs.

• • •

THE CHURCH is the only institue which does this. It attempts to answer such questions as, "Why was life ever begun and what are we expected to do while we are here." These are questions that everyone wonders about, especially in this great day and age of Science.

By trying to answer these questions the church is attempting to satisfy not only our emotional or spiritual needs, but it also satisfies our reason by giving answers that seem to make sense. An example would be the creation of the earth.

This story was written thousands of years ago by men who knew nothing about modern astronomy. Their aim was to explain the origin of the earth. This outline in the Bible follows closely the general order used by modern Science.

This is only an example. There must be a purpose behind everyone's life. The church helps us discover what this purpose is.

• • •

THE BIGGEST problem today is world unity, therefore this would be the biggest reason for going to church. A person always feels closer fellowship with his neighbor when he goes to church.

Not too many years ago it was "we, the people of the United States." Sooner or later this must be changed to "we, the people of the world."

Since the church gives a feeling of closer fellowship for his neighbor it is important that people go because they are learning how to live peacefully with the rest of the world.

God is a God of all Nations. It is through him that one must learn to be a person of all Nations.

County Residents Plan Modernization Of Homes, Repairs

Charlevoix County home owners will spend an estimated $447,000 on repair and modernization of non-farm dwellings during 1950, according to estimates just released by the Tile Council of America.

"Lower wholesale prices for building products and growing stress on the use of quality materials should greatly benefit Michigan home owners planning repairs this year," declared A. T. Wintersgill, chairman of the Council's residential construction commitee.

Approximately one of every three homes in this region will be redecorated, either inside or out, during the year, the report showed. Heating equipment will be overhauled or replaced in one of every four dwellings, and one of eight will have roofing work done.

One of every 20 homes will have plumbing repaired, bathrooms tiled or showers installed, the report said. Seven of every 100 dwellers are due for carpentry work, and one of every 20 for interior repairs.

Home repairs will be easier on the 1950 family budget because nf a decline of more than five per cent in wholesale costs of building materials, in comparison with prices at the beginning of 1949, the report said. Home owners also will be able to insist on such quality materials as clay tile for repair work, as a result of the present buyers' market, it pointed out.

Expenditures throughout the United States for home repair and modernization this year total $2,350,000,000 to $2,900,000,000, the report estimated.

A MESSAGE TO PARENTS OF DAUGHTERS PLANNING A NURSING CAREER

from the Director of the Michael Reese Hospital School of Nursing, Chicago, Illinois

Parents of daughters who are interested in nursing are to be congratulated. Nursing is a noble career combining great satisfaction and service to humanity with personal security.

As you know the graduate nurse can choose from many interesting and well paid fields. As a member of a respected profession your daughter will meet people of importance in medicine, science, professions, and business. Nursing is excellent training for your daughter's future. Nurses make fine wives and excellent mothers.

We hope that your daughter will want to begin this splendid preparation for a satisfying life.

The Michael Reese Hospital School of Nursing is one of the country's most respected schools. For more than half a century it has been associated with Michael Reese Hospital, Chicago's largest private hospital.

But as parents I know you are interested in your daughter's daily life. There are fine living quarters in our modern Residence Hall. Upon her arrival she meets her "big sister," an upper class student. A health program guards your daughter and an indoor swimming pool, tennis courts, and a gymnasium assure her of exercise.

Even though your daughter is away from home, we have a personal interest in her welfare. Michael Reese Hospital is non-sectarian and students are encouraged to attend the church of their choice. On evenings off students are picked up in the city by our own station wagon and brought safely to the door of the Residence. We do everything to provide the kind of home for your daughter that you would want her to have.

If your daughter is a girl of high achievement she may apply for recognition by a Michael Reese Scholarship. If she needs financial assistance, grants-in-aid are available.

I invite you to write me if there are any questions you may have.

Director, Michael Reese Hospital School of Nursing, Chicago 16, Illinois

Best Wishes for Success to the Graduates of Charlevoix High School

CLASS of 1950

A successful high school education is at a close for the class of 1950

Years of hoping for the climax to a high school career have come to an end as you face the challenge of the future. Graduation today means a far different thing than it did 25 years ago. New horizons have opened up for the graduate today.

The dawn of a new era is at hand. New scientific discoveries, latent with never-ending potential, will alter your way of living. As you face the future in America, you march ahead with the greatest chance for a happy, successful life.

Whether you continue your schooling in college or trade institutions or accept a job following graduation your choice is for a free life, unfettered by the bonds that shackle many of the countries today.

While your formal schooling may be at an end if you choose to take an immediate job, don't fail to realize that the learning process is a continuous one. The only difference is that henceforth you will learn from experience and actual participation instead of book learning.

Graduation is a happy time for the parents and close relatives as well as the students. It means the seniors have reached the end of their high school trek for knowledge. The parents, teachers and others view graduation with pride and a spirit of having contributed to the graduates guest for knowledge.

Congratulations Class of 1950. We, the business people of Charlevoix, extend our very best wishes to each and every one of you for luck and success in your next phase of life . . . be it further schooling, the business world or home-making.

Hormones to Aid Milk Production Of Sterile Cows

Each year, Michigan dairy farmers must discard potentially valuable dairy heifers because of their failure to breed. Now, scientists at the Michigan Agricultural Experiment Station, have found that hormones will develop udder growth and milk production. Sterile heifers and cows can be made to produce milk.

Dr. Joseph Meites and Dr. E. P. Reineke, of the Michigan State college department of Physiology, and Dr. C. F. Huffman of the MSC dairy department, conducted the study. They have revealed that two hormones-progesterone and diethylstilbestrol—have caused sterile heifers to come in milk without calving and to produce amounts of milk that compare favorably with normal cows.

Previous experiments elsewhere have shown that cows could be brought into milk production with diethylstilbestrol alone but undesirable " side effects' often followed. Milk quantities were usually small or unreliable and the cows became "bullish' and were not desirable in the herd. The use of the second hormone, progesterone, itation of diethylstilbestrol treatment.

The udder of the normal heifer or cow becomes fully developed during pregnancy as a result of natural activity of the two hormones. At about the time of calving, the milk-secreting hormones acts on the mammary tissue to bring quantities of milk. Using the hormones to treat sterile animals is believed to cause about the same reaction as is found in normal cows, though the animal does not have a calf.

In the experiment, the hormones were implanted in the shoulders of two Guernsey heifers.

The udder of the four-year-old heifer began filling 60 days after the hormones were first put in her system. Twice-a-day milking was begun on the sixty-fourth day. During the first 46 days of giving milk, the heifer produced 905.6 pounds of milk and 43.83 pounds of butterfat. The scientists say that this record compares favorably with normal first-calf Guernsey heifers.

The second heifer, a two-year-old, was first milked on the ninety-seventh day. The average daily milk yield increased from only a small quantity to more than 24 pounds daily in early May.

The scientists point out that several problems are yet to be solved before sterile heifers can be made productive milkers through the hormone treatment on a practical farm basis. Studies are continuing to determine the proper proportions of hormones for best udder growth and ways to control absorption of the hormones in the cow's system.

Among other questions which may be answered by this research are the frequency that hormone treatment will be needed to maintain production and how long a cow will stay in profitable production after she has begun giving milk.

Should the method prove to be practical for the average dairyman, many thousands of heifers which would have ended on the butcher's block as non-breeders will take their places in herds as productive animals. The hormone treatment may also prove of value to large commercial dairies where calves are not desired and cows are kept only during the milking period.

Sterile Heifer Gives Milk in MSC Conducted Tests

This four-year-old sterile Guernsey heifer is currently producing more than 24 pounds of milk daily at Michigan State College as a result of hormone treatment, though she has never had a calf. Scientists at the Michigan Agricultural Experiment Station have revealed that two hormones, progesterone and diethylstilbestrol, have caused sterile heifers to come in milk without calving and to produce amounts of milk that compare favorably with normal cows. Shown here watching an MSC herdsman as he milks the cow are Dr. E. P. Reineke (center) and Dr. Joseph Meites, (right) college physiologist, who conducted the tests with Dr. C. F. Huffman of the MSC dairy department.

Hayes Farmer Has Promising Young Orchard

When a farmer reaches his 60's, he usually has done most of his experimenting with his farm and follows a well-worn pattern.

But not David Smith, 66-year-old Hayes township farmer, son of Hayes pioneer residents. Three years ago, he and his son, Clayton, put in 800 cherry trees and each year since then have added another 100.

While cherries are not exactly new to Hayes township or to the Smith's neighbors (Supervisor Howard Stephens has a big cherry orchard and there is another big one on the Harry Smith farm), it was not until three years ago that the Smiths planted their cherry orchard overlooking Lake Charlevoix on the Boyne City road.

THE YOUNG ORCHARD appears to be loaded with blossoms and Mr. Smith and his sons are hopeful of a big crop, considering the tender years of the orchard. Mostly Montmorency, they have some sweets.

Rye has been planted in the orchard to hold the soil and to serve as fertilizer. In a short time, it will be disced. With a planting of 18 acres of oats, plus corn and hay, the Smiths manage to use their crops on the farm. They are changing their dairy herd over to Holstein.

Their biggest problem is summer pasture, although they feed green oats. They have rented a 40-acre farm for pasture.

Mr. Smith who has spent his entire life in Hayes township, thinks that cherries hold promise of being the best cash crop for most farmers along Lake Michigan and Lake Charlevoix. But the elder Smith spends much of his time looking after resort property of several summer residents.

Mr. and Mrs. Smith have two sons, Clarence and Clayton, and a daughter, Hilda, wife of Arnold Stout, near Stanwood, all of whom live on farms.

Clarence has proved enterprising in his diversified work program. Bee-keeping is his favorite work as well as hobby. At present he has 36 swarms and hopes to enlarge his total in the near future. He helps to care for resort property, has a truck for hauling logs and operates a chain saw.

His brother, Clayton, works the farm with his father. The elder Smith during the last few years has been spending the winters in Florida, but even there he holds a job, with the Clearwater municipal department.

The Norwood local of the Farmers Union will meet June 1 at the local hall, Joseph Stutzman reports.

Redecorate Show Rooms

John Deere display rooms and offices at Atwood are being redecorated and a new tile floor is being installed. Other improvements will include new office furniture and a new curbing and flower garden across the front of the building.

Disappearing Solids

In making one ton of pig iron, about 3.2 tons of solid materials and 4 to 4½ tons of air are required in a blast furnace. The yield is a half ton of slag and 5.7 tons of gases, in addition to the ton of iron.

Prof. Holden Cited In Farm Magazine

Prof. P. G. Holden, of Charlevoix, retired hybrid corn pioneer, was the subject of an article in the May issue of the Farm Journal.

The article stated that historians of hybrid corn are inclined to agree that they should give more credit than they have done to Professor Holden for his pioneer work in hybrid corn.

Older farmers will recall that he was the great missionary of better corn-growing and better farming.

Girls attending were Janice Cunningham, Joan Roberts, Judie Merica, Janna Merica, Janet Crump, Linda Stroud, Marylee Baker, Vicky McClure and Wanda Ward.

"Tripper"

A "tripper", in the parlance of the air express division of REA, has little to do with the traditional tourist. Instead it refers to the motor truck service that speeds air express traffic between the business districts and the airport. In New York City, more than 70 trips a day are coordinated with scheduled airline flight arrivals and departures at the three airports serving the metropolitan area.

Mrs. Jennie Withers Is Claimed by Death

Mrs. Jennie Withers, 95, widow of Robert Withers, former justice of the peace, died last Tuesday at Wyandotte after a brief illness. Funeral services and buriul were held in southern Michigan.

Mrs. Withers had been a resident of Charlevoix county for many years, living at Ironton before moving to Charlevoix more than forty years ago. She operated a store at 204 Antrim street for about 25 years prior to her marriage to Mr. Withers who preceeded her in death about 1941. She has resided in Highland Park and Wyandotte with her nieces for the last four years.

She was a member of the Christian Science church.

Surviving are several nieces and nephews.

Farmers Urged to Stand on Feet

(Continued from page one)

one gets something for nothing except the taxpayer.

THE PLAN HAS magnetic appeal, he continued, make no mistake about it. Many farmers think that it is the answer to all of their problems. He countered this view with a question by asking by the government, the foreto tax burden of this nation.

The most dangerous thing we can think of is unlimited spending by the government, theforerunner of socialism and communism. We had better start demanding a better operation of the government and stop this something for nothing.

The farmer is entitled to the American market and the prices paid to the farmer should be on the parity of the income of the nation. But the farmer must control his own destiny - - not the government and its handouts.

HE SAID THAT a reduction in farm prices does not automatically mean a reduction in the price of that product when it reaches the consumer. If farm prices drop six cents, it results in only a one cent savings for the consumer.

Roy Bennett was toastmaster. Mrs. Leonard Burns played the piano while C. A. Odmark played the violin and Roger Sweet sang. Rev. Gaylord Howell gave the invocation. Arlo Wickersham introduced Mr. Brandt.

Why "Moose" Changed His Mind

Last week, parents were railing Moose Jackson on the phone—and kids were hooting at him in the streets. All because Moose fenred in his field near the depot, where the kids like to play ball.

Moose got sore the way folks acted—refused to budge. Then Doc Sherman, who likes to play centerfield himself sometimes, decided to "use a little psychology."

Over a friendly glass of beer at Andy's Garden Tavern, Doc says, "Sorry this came up, Moose. We were thinking of asking you to umpire—what with your professional experience ond oll." (Moose used to play a little semi-pro ball.)

That did it! Next day Moose put up a stile over his fenre. In return, the kids promised not to cause any damsge. From where I sit, when you try to understand the other fellow's point of view—like his personal preference for beer or roffee—and then take into ronsideration the will of the majority, why, things seem to go better all around.
